Chapter 1005: Mysterious Sealing Formation

Chu Feng had drifted through the vast and boundless Heavenly Road for a long time. Even he himself was unable to remember exactly how much time had passed.

That was because there was no sun in the sky within the Heavenly Road, the concept of time was indistinct within it. In this place, all Chu Feng could do was allow himself to be pushed adrift by that enormous force, pushing him forward.

It could be said that the current Chu Feng was equivalent to a speck of dust drifting within a hurricane, a leaf in a river. He was incapable of doing anything, all he could do was hope that he'd be able to arrive at his destination, or the shore on the other side, at an earlier time. That was because the shore on the other side was the place he had once yearned for, the Holy Land of Martialism.

Chu Feng had experienced an unforeseen event within the Heavenly Road. The Heavenly Road which he was in was originally not vast, it could only allow for Chu Feng himself to pass through, and would've been too much if there was another person.

However, the unforeseen event had caused the narrow Heavenly Road that Chu Feng was traveling on to enter into the vast and boundless Heavenly Road. In other words, the Heavenly Road now resembled more like a "Heavenly Road."

Although Chu Feng could only drift with the waves, his surroundings was not pitch black darkness. Instead, it was filled with brilliant lights and vibrant colors. It was like he was drifting through the boundless starry sky.

That sort of sensation was very unique. It even gave off a sensation of clearing one's spirit and brightening one's day; it was extremely comfortable.

Merely, before Chu Feng could enjoy this sort of special sensation, he

was forced to leave. That was because a dazzling radiance had already appeared before him.

Following this radiance, Chu Feng saw a brand new world. He knew that place ought to be the place he wished to reach.

“Woosh.”

Like an arrow leaving a bow, Chu Feng sped through the air. Due to the fact that he had been flying at a high speed for a long time, when he left the Heavenly Road, he grew accustomed to the speed and flew forward with great speed.

Chu Feng stopped his body, he discovered that he had completely left the Heavenly Road and below his foot was a boundless ocean. Turning around to look, the exit of the Heavenly Road was several miles behind him.

The exit of the Heavenly Road was very similar to the entrance of the Heavenly Road, it could even be said that they were exactly the same - it was formed through the condensation of an enormous and majestic formation. However, Chu Feng knew that this place was not the Eastern Sea Region; it was instead the Holy Land of Martialism.

That was because the ocean here was even deeper, it was truly bottomlessly deep. As for the waves, they were even more ferocious. Even the smallest wave was several meters tall. As for the blue sky and the white clouds in this area, it too was higher and further away from the horizon.

However, what assured Chu Feng that this place was the Holy Land of Martialism was neither the deeper sea nor the higher sky. Instead, it was the formless yet visible energy that flew through the world.

Martial Power, the Martial Lord's powerful origin energy. In this world, this Martial Energy was even denser. In this place, Martial Power, Heavenly Power, Profound Power, Origin Power and even Spiritual Power was over several times denser than that of the Eastern Sea Region and the Nine Provinces Continent.

Likely even those people who didn't practice martial arts would feel spirited and clear just by breathing in a mouthful of air. If one was able to breathe this sort of air everyday, then even ordinary people would be able to live many years longer.

"Jijiji~~" Right at this moment, the sound of birds started to echo. Furthermore, the sound grew closer and closer. Chu Feng raised his head and saw a flock of birds flying toward him from the horizon in the distant.

As for those birds, Chu Feng was familiar with them. Regardless of whether it was their appearance or the sound they emitted, they were, without a doubt, sparrows. However, that flock of ordinary sparrows, each and every one of them were as big as an eagle.

"The Holy Land of Martialism is truly a paradise; even sparrows are capable of growing this strong." Seeing the flock of sparrows, an expectant smile appeared on Chu Feng. He knew that this place would be a new journey for him.

"Woosh."

Right at this moment, several rays of light suddenly appeared in the empty sky. Like sharp blades, they flew above the flock of sparrows. As for the places that they passed, all of the sparrows ended up dying. A small area of blood rain, containing with it the limbs and feathers of the sparrows, fell from the sky.

"What is this?" Seeing this sudden slaughter without warning, Chu Feng was at a loss. However, the changes to his surroundings were merely the beginning.

The amount of light rays grew more and more. At the same time, they started to interweave with one another. In the end, an enormous net was formed, blocking this region of ocean.

"Formation? Who created this sort of formation at this place?"

At this moment, Chu Feng started frowning. He already recognized that the rays of light were actually a formation. Moreover, it was a very powerful formation. This formation had sealed off the blue sky to the top

and sealed off the ocean to the bottom. Furthermore, its defensive power was extremely powerful. Even if it was Chu Feng, he wouldn't be able to pass through it.

The formation had completely sealed off Chu Feng at this place. As for Chu Feng, he was incapable of breaking it apart. In other words, it was possible for the formation to trap Chu Feng till his death.

"Hum." This formation was not as simple as it appeared. When Chu Feng started searching all around for the person that created this formation, ripples started to appear within it.

Slowly, the ripples condensed together. In the end, they formed a figure of light. That figure of light possessed the shape of a person. Although a figure of light, it possessed the same cultivation as Chu Feng - rank eight Martial Lord.

"Ao~~~~~." Right after this human shaped figure of light finished condensing, it emitted a strange cry, flew toward Chu Feng, and started attacking him.

That human shaped figure of light was extremely powerful. Furthermore, its battle power was extraordinary too. The attacks of it, which possessed the strength of rank eight Martial Lord, could be said to be world-shakingly powerful.

"Humph." However, no matter how strong that figure of light was, it was worthless to Chu Feng. Chu Feng stood there motionlessly; he only coldly snorted. An oppressive might appeared as per his desire. While his clothes drifted, the oppressive might, like a formless hurricane, swept toward that human shaped figure of light.

Chu Feng's attack was too fast. Before that human shaped figure of light could react, it was already enveloped by Chu Feng's oppressive might. After that, it was forcibly crushed apart into pieces.

"Hum, hum, hum..."

However, before the first wave subsided, a new wave arose. After Chu Feng crushed that human shaped figure of light to pieces, before he could

rejoice over it, ten more human shaped figures of light were condensed in his surroundings.

Looking from the outer appearance, these ten human shaped figures of light were exactly the same as the previous human shaped figure of light. Even their cultivations were the same - rank eight Martial Lord; but their battle powers were completely different. These ten human shaped figures of light, each and every one of them possessed strength infinitely near that of rank nine Martial Lords.

“Ao~~~~” After these ten human shaped figures of light appeared, they acted exactly the same as the figure of light from before. They roared and directly rushed to attack Chu Feng.

However, this time was the same as last time. Chu Feng did not even move. With merely his oppressive might, he beheaded all ten figures of light.

“Is this never going to end?” After beheading these ten figures of light, Chu Feng frowned once more. That was because at this moment, a hundred such human shaped figures of light appeared in his surrounding. Furthermore, the cultivation of these hundred figures of light were no longer rank eight Martial Lords and were instead rank nine Martial Lords.

Chapter 1006: Battle Against Martial King

A hundred human shaped figures of light stood in all directions in the air.

Not only did their strength increase to that of rank nine Martial Lords, they were also no longer empty handed. Instead, each and every one of them held a spear of light.

As for the spears of light, they were no ordinary spears. They all contained powerful might, causing those figures of light's powers to greatly increase.

"Woosh woosh woosh woosh." These hundred figures of light moved. However, they did not blindly attack Chu Feng. Instead, they actually created a slaughtering formation that surrounded Chu Feng.

These human shaped figures of light became more and more powerful. Furthermore, not only did their cultivation become more powerful, even their thinking had increased. It was as if an unsophisticated killing machine started to gradually gain extraordinary intelligence.

"I am unaware which senior it might be that have created such a formation in this place. This junior had just arrived at this place for the first time; I possess neither grievance nor hatred with you. Why must senior use such a formation to make things difficult for this junior?"

Seeing that these human shaped figures of light had once again started coming toward him to attack, Chu Feng determined that if this was to continue, it would be endless. Thus, he did not blindly fight back. Instead, he started to dodge and agilely avoided the attacks from these hundred human shaped figures of light.

However, not only did he not find a single person in the surrounding, likely, even if Chu Feng was to shout loudly there would still not be anyone to respond. The only things present were those hundred figures of lights that were roaring and attacking him.

"Very well, since you wish to play, then I shall play with you. I truly wish

to see exactly what degree of evolution this formation of yours could evolve to!” Seeing that there was no response, Chu Feng grew angry.

The strength that he possessed was something he himself was most familiar with. Although Chu Feng was only a rank eight Martial Lord, there were practically no Martial Lords that could contend against him. It was so much so that he did not even put peak rank one Martial Kings in his eyes.

Thus, regardless of what sort of methods these human shaped figures of light used, regardless of how powerful that battle power was, before Chu Feng, they were unable to even withstand a single blow. Killing them was practically like killing an army of ants.

However, as Chu Feng had already been enraged, he decided not to kill them with a simple method of a single strike. Instead, he rushed into the group of human shaped figures of light and, with his limbs as sharp blades, chopped those human shaped figures of light to eight sections one after the other.

It must be said that Chu Feng’s methods were very ruthless, it was a bit inhumane too. Fortunately, these figures of light were not actual living things. Else, blood would’ve been splattered all over the place by now and limbs would’ve been falling from the sky. That scene would’ve been extremely frightening.

However, the current Chu Feng was enraged. For no reason, he had been trapped by someone. This had already angered him. However, on top of that, for no reason, he had been surprise attacked by someone. Thus, he became even more enraged. If Chu Feng did not respond with some appropriate methods, then he would truly be unable to contain the anger in his heart.

Although Chu Feng was killing and beheading those figures one after the other, the hundred figures of lights had all been obliterated by him in an instant. Not a single one remained, they had all been exterminated.

“Come, allow me to see what other methods you have.” After killing all hundred human shaped figures of light, Chu Feng felt extremely

unrestrained. While he was filled with enthusiasm, he also raised his head toward the sky and roared. For one, he had displayed his current state of mind. Secondly, he was also showing off to whoever it was that had trapped him here.

“Hum”

Just as Chu Feng expected, after those hundred figures of light were killed by him, another powerful force began to condense within the formation. Merely, this extremely powerful force ended up condensing into a figure of light with a nose, eyes and an outline – a Martial King.

At this moment, a Martial King level human shaped figure of light appeared before Chu Feng. Although it was only a rank one Martial King, it was still, without a doubt, a Martial King.

“Yoh, it has truly grown interesting now.” Seeing the Martial King level figure of light, joy flashed through Chu Feng’s gaze.

Although Chu Feng had even killed Jiang Qisha, a genius Martial King, it was, nevertheless, only by relying on the cultivation of another. This was the first time he would use his own cultivation to face a Martial King level opponent.

The Martial King stage was completely different from the Martial Lord stage. Although Chu Feng possessed outstanding battle power, he still felt some pressure when facing that Martial King standing across from him.

That’s right, Chu Feng, a Martial Lord, was incapable of achieving the ability to absolutely crush his foe when faced with a rank one Martial King. It was no longer as simple as killing and beheading a group of Martial Lords. However, Chu Feng still possessed absolute confidence, he knew that he was capable of surpassing his opponent.

“Woosh.”

Suddenly, Chu Feng moved. Before that figure of light started to attack, Chu Feng already took the initiative to attack. Once he moved, he instantly caused the airspace to tremble. That was due to Chu Feng being unable to suppress his excitement in fighting against a Martial King for

the first time.

“Boom boom boom boom.”

Chu Feng's speed was extremely fast. In merely an instant, he reached the Martial King level figure of light. Chu Feng did not use any Martial Skill, instead, he merely activated his Martial Power and, with empty hands and empty fists¹, started attacking the Martial King.

Chu Feng's attacks were extremely fast. It was so fast that one could only sense the might emitted from every attack and be incapable of seeing the attack itself.

As for that Martial King level figure of light, it, too, responded to Chu Feng's attacks with empty hands and fists, it, too, did not use any other skills and met with Chu Feng in a melee battle comparing their strength in close range combat and the toughness of their bodies.

A close range battle with no weapons put to test the toughness of one's body the most. If your body was as tough as steel whereas your opponent's body was only made of flesh, there would simply be no meaning for the two sides to battle. With merely the difference between the toughness of the bodies, the result of the battle was already determined.

Furthermore, a close range battle emphasized one's reaction speed. In a close range battle, changes were constant. Due to the fact that the distance was too close, often, the techniques used by one's opponent would cause one to be unable to react in time, causing one to lose the battle.

Logically, it was simply impossible for a rank eight Martial Lord to fight against a rank one Martial King. This was especially true for a close range battle – it was even harder. After all, the Martial Kings are different from Martial Lords. Even if the two were only separated by a single stage, the distance between the two was like heaven and earth. In normal situations, even if a Martial King did not put forth any defensive measures while facing a Martial Lord, it would still be extremely difficult for the Martial Lord to injure the Martial King – the Martial King's body was that tough.

However, Chu Feng relied on his tough body tempered with his Divine

Lightning as well as his extraordinary battle experience and his incomparable reaction speed to fight that rank one Martial King. Not only did he not give way in the battle, he instead held absolute dominance.

A grand rank one Martial King actually ended up being suppressed by a rank eight Martial Lord. If someone was to see this scene, they would definitely gasp in amazement.

“Puuu.”

Suddenly, a surprise attack arrived from Chu Feng. Like lightning, he arrived behind the figure of light. With a feint, he caused the figure of light to protect its head. Then, he retrieved his feint attack back and pierced his hand into the figure of light's body like an unstoppable sharp blade.

As for the place that Chu Feng's hand pierced into, it was no ordinary location; it was the dantian of cultivators. Fortunately, this Martial King level human shaped figure of light was merely a false image formed by the formation, otherwise it would've been crippled without cultivation. Even if it abandoned its body and turned into a consciousness, its cultivation would still be greatly damaged.

After the surprise attack, the figure of light stopped fighting with Chu Feng. Instead, it turned into a mist of light before Chu Feng. Gradually, it dissipated and disappeared.

Chapter 1007: Southern Cyanwood Forest

“Is it going to be ten rank one Martial Kings next? Or would it be a hundred rank one Martial Kings? Regardless, bring them all on! I, Chu Feng, have no fear.” Chu Feng laughed delightedly and loudly shouted.

After fighting the Martial King, Chu Feng managed to have an understanding of his own strength. Although his battle power was not as powerful as when he was a Martial King, it was more than enough against rank one Martial Kings.

If he was to use his Thunder Armor, even rank two Martial Kings would be nothing difficult. Thus, even if a hundred rank one Martial Kings were to appear now, Chu Feng would still be able to handle them.

“What? Are you not going to come anymore? Or could it be that you’re pondering about what sort of methods to use against me?” Seeing that there was no reaction after the Martial King level figure of light disappeared, Chu Feng once again loudly shouted.

As how things now stood, Chu Feng’s worries had lessened greatly. That was because this formation was very powerful. Judging by the defensive net, it was not something that Chu Feng could break through. With this powerful formation, it signified that his opponent was extremely powerful, so powerful that if he wished to kill Chu Feng, it would be extremely easy to accomplish.

However, his opponent did not have the intention to kill Chu Feng. Instead, his opponent wanted to slowly progress through constant condensation of human shaped figures of light to attack Chu Feng. Furthermore, Chu Feng discovered that although the killing intent of those human shaped figures of light were overflowing and that they were ruthless while they attacked, they would generally stop their attacks should Chu Feng be unable to defend against them.

This further proved Chu Feng’s guess - the creator of this formation array did not seem to be doing that to play tricks on him, instead, it seemed to be testing him.

Merely, Chu Feng did not understand who it was that used this sort of method to test him when he had just arrived in this place and was not familiar with anything yet.

“Hum”

Right at this moment, the enormous net that had sealed off the heaven and earth started to gradually dissipate. In the end, it completely disappeared.

Seeing this, Chu Feng hurriedly flew out of the range of that large formation. He only stopped when he felt that he had reached safety.

“Many thanks senior.” Chu Feng did not hurriedly leave the place. Instead, he turned around and cupped his hands in respect toward the location that the formation used to be in.

However, to Chu Feng’s surprise, although he was so courteous, the person who created the formation array not only did not show himself, he even did not give any sort of response.

“Rumble.” The exit of the Heavenly Road began to close. Soon, that area of ocean became the same as the remaining ocean - although the ocean was surging, it no longer radiated light all over; it had become much more ordinary.

However, this sort of ordinary sensation was even more strange compared to the formation from earlier.

“Don’t bother searching anymore. If that person who created the formation wished to see you, he would’ve already shown himself. For him to not show himself even now, it most likely means that he does not plan to see you. In my opinion, this formation was not intended for you.” After waiting for a while, seeing that Chu Feng was still looking around, Eggy laughed and said.

“I am not searching for the person who created the formation, I am searching for Tantai Xue.” When Chu Feng said these words, he was a bit worried. He feared that Tantai Xue was incapable of smoothly passing the Heavenly Road.

“So you’re actually worried about that girl. Well, this is very simple. There are only two possibilities. The first one is that she had encountered an accident in the Heavenly Road and did not manage to pass through it. Now that the Heavenly Road has closed, she would have no opportunity to pass through it anymore.”

“As for the second possibility, it is that she has already passed through the Heavenly Road. However, she was not worried for you and has already left.”

“Regardless of which possibility it is, it’s useless for you to wait here in vain.” Eggy curled her lips and said.

Chu Feng naturally understood what Eggy meant. Merely, he felt that the exit of the Heavenly Road was a bit strange. However, he was incapable of determining what was wrong with it. Thus, he could only continue to stubbornly survey his surroundings; he had even utilized his Heaven’s Eyes.

“Oi, there’s a formation over there.” Finally, Chu Feng discovered a special location; there was a formation located above the distant ocean.

“This...” Merely, after Chu Feng approached the place, he became rather speechless. This formation was extremely roughly made. It ought to be something that a Blue Cloaked World Spiritist made. Furthermore, this formation does not possess any substantial use; its only effect was that of creating publicity.

On the formation were several large words: “Welcome to the Holy Land of Martialism. As it is your first time here, you are definitely unfamiliar with this place. Five thousand miles to the north from here, the Magnificent Brocade City’s Zhao Family Banking House is willing to provide an answer to all of your questions free of charge.”

This formation ought to be prepared for people like Chu Feng, people who have just exited from the Heavenly Road. However, due to the fact that it was located at too remote of a region and a distance away from the exit of the Heavenly Road, if one did not carefully examine the surroundings like Chu Feng, one would not be able to discover it. Thus,

the formation appeared to be somewhat meaningless.

After carefully examining his surroundings, other than this formation, Chu Feng discovered nothing else. Thus, Chu Feng stopped staying over here and started to proceed toward the Magnificent Brocade City as per the suggestion of the formation.

Actually, Chu Feng was skeptical of that Magnificent Brocade City. He felt that the person who created the formation seemed to be trying to avoid something as it was placed in such an inconspicuous location. To put it crudely, it felt like a stealthily affair.

This was especially true with that 'willing to provide an answer to all of your questions free of charge.' This gave Chu Feng an even greater sensation of trying to hide something. He kept feeling that it was a trap.

However, as he was currently stranded in the middle of nowhere where the only thing in his surroundings was the boundless ocean and did not know where he would find a place with people, he could only follow the suggestion from the formation.

If what was written on the formation was true, then he might be able to harvest from the journey. Even if the formation was only there to scam others, based on the ability of the person who created the formation, Chu Feng determined that that person would not be able to do anything to him.

However, right at the moment when Chu Feng decided to proceed toward the Magnificent Brocade City, a scene appeared several tens of thousands of miles away from Chu Feng.

This was a vast and beautiful land. Strange trees that reached the sky had covered this land. These trees have truly grown so big and tall that they reached the sky.

Even the thinnest among them possessed a ten meter girth; even the shortest was several hundred meters tall. As for those that were thicker, their girth were several hundred meters and their height were nearly ten thousand meters. It was truly unimaginable.

However, the thing that attracted the greatest attention was definitely

not these sky-reaching trees. Instead, it was the buildings above, among and on top of these enormous trees.

These buildings were truly beautiful; they possessed a luxurious aesthetics, while also possessing an ancient charm. These buildings and the vast ocean of trees complemented one another. They integrated perfectly with one another.

The vast ocean of trees was unfathomable. As for these countless amount of buildings, they too were unfathomable. And as for the people who lived within this vast ocean of trees, they were even more unfathomable. There was actually over a hundred million people living in this vast ocean of trees.

Over a hundred million people living among this vast ocean of trees. Furthermore, their living spaces were extremely well-off. Just from this, one could determine exactly how vast this ocean of trees was - it was simply like an entire nation. However, this vast ocean of trees possessed a familiar-sounding name: Southern Cyanwood Forest.

In the center of the Southern Cyanwood Forest was a several thousand feet tall octagon building. A large group of people were gathered outside this building. They were all elderly people with extraordinary cultivation. Judging from their age and cultivation, one could tell that they all possessed extraordinary status within this Southern Cyanwood Forest.

However, at this moment, all of these elderly people were standing up and looking at that octagon building with revered expressions; it was so much that they did not even dare to gasp for air.

Within the building, an elderly man with snow white hair was sitting cross-legged at the center of the building in a dignified manner,

A very mighty power was circulating through this building. That power seemed to have already fused with the elderly man. However, at this moment, that power seemed to be leaving the body of the elderly man and entering into the walls of the building.

Finally, all of the power was removed. Slowly, this elderly man opened his eyes.

At this moment, a joyous light appeared from the deep eyes of this elderly man. With a low voice, he laughed. “It is truly the blessing of the Heavens. Never would I expect to encounter such a talented individual in my lifetime.”

Chapter 1008: Chu Feng's Plan

The smile on the elderly man grew wider and wider. He was smiling so hard that his mouth had become agape.

After smiling for a very long time, he finally stood up and arrived at the entrance of the palace hall. With a light wave of his sleeve, the doors to the palace hall opened.

Upon seeing the elderly man, all of the people who stood outside of the palace bowed to him. With loud voices, they shouted. "We pay our respects to Lord Headmaster."

"Hahaha, the Heavens is blessing our Southern Cyanwood Forest." The elderly man laughed heartily.

"Lord Headmaster, what has happened for you to be this overjoyed?" The elderly people felt confused by his action. However, they knew that something joyful had occurred. Thus, they asked with a smile on their faces.

"Everyone, I ask you all a question first. For what reason does our Southern Cyanwood Forest station here and widely accept disciples?" The elderly man who was addressed as the Headmaster by the various people, instead of answering, asked a question.

"Lord Headmaster, the reason our Southern Cyanwood Forest stationed ourselves here and widely accepts disciples was to select the top quality talent so that we could dispatch them to the Cyanwood Mountain." The various elderly people replied in chorus.

"Our Southern Cyanwood Forest now possess a total of one hundred million one thousand three hundred and sixteen elders and disciples. As for talented individuals, we have also nurtured quite a few of them. However, for the top notch talents, we are still incapable of finding one. This caused our Southern Cyanwood Forest to be laughed at by the other three forests." said the Headmaster in a slightly helpless manner.

Hearing what the elderly Headmaster said, all the people present

lowered their heads in silence. A sense of shame bubbled up in their elderly faces.

“Although we found it hard to accept, but upon thinking about it, it is also reasonable for them to laugh at our Southern Cyanwood Forest. After all, the three of them have indeed sent forth many top notch talents to the Cyanwood Mountain and possessed the qualifications to laugh at us.”

“However, now, the days of them laughing at us is soon to conclude.” Suddenly, the elderly Headmaster once again started smiling.

“Lord Headmaster, what do you mean by those words?” Hearing those words, the various people’s eyes started to shine. Joyous shines were emitted from their dark and gloomy faces.

“In the past, the seniors of our Southern Cyanwood Forest had combined their strength and created a formation outside of the Heavenly Road’s exit. They have done all that for the hope of one day obtaining harvest from the Southern Sea Region, that place that did not belong to our Holy Land of Martialism.”

“After all these years, our Southern Cyanwood Forest did indeed manage to cultivate a large quantity of disciples from that Heavenly Road. However, not a single one among them could be considered a top notch talent.”

“However, the Heavens does not disappoint those with hope. Today, after so long of waiting, I have finally found a top notch talent.” said the elderly Headmaster in an extremely joyous manner.

“Top notch talent.” Upon hearing the words spoken by the elderly Headmaster, the various people became a bit confused. They all cast their gazes toward an elderly man amongst them.

Facing the gazes of everyone present, that elderly man’s expression instantly stiffened.

“Ma Qiang, you’ve actually returned.” Upon seeing this elderly man, that elderly Headmaster’s expression also took a huge change. Uneasiness emerged on his face.

“Reporting to Lord Headmaster, this subordinate had already returned for several days now. I have also already arranged people who passed the selection from the Heavenly Road.” While trembling with fear, that person by the name of Ma Qiang replied.

“Is there anyone else posting at the exit of the Heavenly Road?” The elderly Headmaster asked nervously.

“That..., reporting to Lord Headmaster, due to the fact that no one appeared at the exit of the Heavenly Road for multiple days, this subordinate felt that the Heavenly Road would definitely have not encountered a problem and that no one else would appear. Thus, this subordinate stopped staying there and led everyone back.” Ma Qiang appeared to be even more uneasy.

“Scoundrel!” Hearing those words, the elderly Headmaster instantly became enraged. He pointed to Ma Qiang and shouted. “Just right now, a proud child appeared from within the Heavenly Road. This child’s battle power is truly powerful. If we were to nurture him with care, he would definitely bring honor to our Southern Cyanwood Forest after being dispatched to the Cyanwood Mountain. However, you bunch of rubbish actually left the place that you were supposed to guard, causing us to miss the opportunity for that child to enter our Southern Cyanwood Forest.”

“Lord Headmaster, please forgive us. Lord Headmaster, please forgive us. It is not that we were trying to leave the place that we were supposed to guard, it is that this year’s Heavenly Road was truly strange. It remained open even after several days. Furthermore, not a single person appeared from it in that long period of time. This subordinate had truly thought that a problem occurred in the Heavenly Road and that no one else would be coming out. For the sake of not wasting time, this subordinate ended up deciding to lead everyone back.”

At this moment, Ma Qiang and the others knew of their mistake. At the same time, they became terror-stricken and hurriedly kneeled to the ground, admitting their mistakes and begging for forgiveness.

“Scoundrel! Truly scoundrel!” The Headmaster was so enraged that he

started shivering from head to toe. However, he did not do anything to Ma Qiang and them. Instead, he raised his finger and drew at the air. In the end, he drew a portrait.

After the portrait was finished, it started falling in succession and landed in the hands of all the people present.

“Find this man for me within ten days and invite him over to our Southern Cyanwood Forest. Otherwise, do not blame me for not holding myself back.” After he finished saying those words, the Headmaster’s body moved. He soared into the sky and flew toward a distant place.

And at this moment, the various people that remained were slightly startled. After that, they all cast their gazes toward the portrait given to them by the elderly Headmaster. As for the person on the portrait, it was naturally Chu Feng.

Chu Feng did not know anything about the matters that had happened in the Southern Cyanwood Forest. Instead, he was traveling toward the so-called Magnificent Brocade City.

On his journey, Chu Feng had once flown past a vast mountain range. That mountain range was very deep and possessed many monstrous beasts. Moreover, a group of people were gathered there; they were conducting hunting within the mountain range.

These people ought to have originated from an influential place of power. Also, their methods of killing were extremely fierce; it wasn’t just hunting the monstrous beasts, it was instead a sadistic slaughter.

Originally, Chu Feng planned to inquire them about some matters. However, Chu Feng couldn’t determine whether the things that he wanted to inquire would be things that those people knew. Furthermore, Chu Feng felt that the characteristics of this group of people were problematic.

With Chu Feng’s experience, if he was to suddenly appear while this sort of people was joyfully enjoying the slaughter, he would most likely provoke their anger.

Even though the strength of this group of people were only comparable

to ants to Chu Feng,

he had just arrived at this location and didn't feel like creating unnecessary troubles for himself. As the saying goes, if another does not bully you, there was no need to bully them. Thus, Chu Feng gave up on inquiring these people and continued onward toward the so-called Magnificent Brocade City.

Fortunately, Chu Feng discovered the Magnificent Brocade City after just a short amount of further travel.

After arriving in the Magnificent Brocade City, Chu Feng hurriedly proceeded toward the Zhao Family Banking House. That was because he had a couple questions he was truly keen on obtaining answers to.

Actually, Chu Feng already had a plan before he entered into the Holy Land of Martialism.

Chu Feng wished to go to the Fallen Leaves Bamboo Forest to search for a person by the name of Hong Qiang.

That was because when Chu Feng captured the Ice Crystal Phoenix in the Eastern Sea Region, he encountered the consciousness left behind in the formation by Hong Qiang. That Hong Qiang appeared to be very appreciative of Chu Feng and told Chu Feng that he was located in the Holy Land of Martialism. Moreover, if Chu Feng was to come to the Holy Land of Martialism in the future, he could go to the Fallen Leaves Bamboo Forest to find him.

However, merely by judging from the things that had happened then - how Hong Qiang was able to leave his consciousness in the formation for so long and was capable of talking with him from a distance so far away - Chu Feng determined that Hong Qiang was definitely no ordinary character. Chu Feng did not have extravagant hopes of Hong Qiang helping him, all that he wished was for Hong Qiang to give him some pointers.

After all, after seeing the Old Monkey, seeing Chu Kongtong and learning a bit about his father in the Heavenly Road, Chu Feng became even more eager to become stronger. Thus, Chu Feng had actually

planned to ask Hong Qiang for assistance.

Although Chu Feng understood the logic of 'if you want to get something done, it's better to do it yourself,' possessed a strong moral integrity and did not enjoy asking others for assistance, he was willing to let go of his stubbornness and take the shortcut for the sake of his father.

He only wished to become stronger faster so that he could seize back the honor of his father and make those people who had trampled upon his father's honor to pay the price.

Moreover, there were a lot of things that Chu Feng wished to know. For example, his father had been expelled from their family. In that case, what about his mother? Was she the same as his father, suffering in that tomb? Or could it be that she was suffering in her family? Exactly what had happened back then?

All of these were things that Chu Feng wished to understand. It was as if a formless dagger was stuck to Chu Feng's heart. Before this matter was settled, Chu Feng would incessantly feel pain in his heart, causing him to be unable to sleep and eat well.

Chapter 1009: Visiting the traveller

When Chu Feng arrived at the Zhao Family Banking House, he had deliberately concealed his aura. As for the people of the Zhao Family Banking House, they had enthusiastically received him. However, when Chu Feng asked about where the Fallen Leaves Bamboo Forest was, the person who had received Chu Feng asked him to wait at the guest room for a moment.

Soon, that housekeeper reappeared. Merely, he was following a young man.

This young man had thick eyebrows, big eyes and fair skin. His appearance was that of a pretty boy. As for what he was wearing, it was extremely extravagant. Judging from his appearance, he should not have reached thirty years of age. Moreover, he was also a cultivator and possessed the cultivation of rank one Heaven Realm.

"I am the young master of the Zhao Family Banking House, Zhao Shaoqiu. May I know the renowned name of this brother?" After that young man approached Chu Feng, he said with a beaming smile on his face.

"I am Chu Feng." Chu Feng said in a courteous manner.

"So it's Brother Chu Feng. I heard that Brother Chu Feng wishes to go to the Fallen Leaves Bamboo Forest?" asked Zhao Shaoqiu.

"Precisely." Chu Feng nodded.

"Fallen Leaves Bamboo Forest; I am not knowledgeable about that place. However, I know a person that is knowledgeable about the various places of the world; his knowledge is so vast that there is no place in the entire Holy Land of Martialism he doesn't know. If Brother Chu Feng is willing, I can bring you to meet this person." Zhao Shaoqiu said.

"Oh? The Holy Land of Martialism is that vast of a place, but there's actually someone who knew of all the places in it? In that case, Young Master, this person you know possesses some truly amazing ability. May I

know who exactly he might be?” Chu Feng smiled. He did not urgently set to meet this person; instead, he sat down.

Chu Feng had seen countless people. With a single glance, he was able to tell that this Young Master by the name of Zhao Shaoqiu was not a person of good character. He reckoned that this Zhao Shaoqiu might be planning to play a trick on him. Thus, he decided to observe him and see whether what he had said was true or false.

If it was true, then it would all be fine. However, if it was false, then Chu Feng would definitely make Zhao Shaoqiu pay. After all, what Chu Feng disliked the most was being deceived.

“Hey, Brother Chu Feng, you should also be a cultivator, right? I wonder what cultivation you might be in right now?” Zhao Shaoqiu asked instead of answering.

“I am indeed a cultivator. However, my cultivation is shallow and unworthy of being mentioned.” Chu Feng lightly smiled and said.

“That’s true. If my guess is correct, your cultivation would, at the very most, be at the Profound Realm. However, you ought to have treasures that conceal your cultivation, causing me to be incapable of seeing through your cultivation.” Zhao Shaoqiu strangely laughed and said.

“Young Master, you couldn’t possibly be having strange thoughts because of my possessions, right?” Chu Feng still had a smile on his face. However, his smile was extremely tranquil.

“Sigh, Brother Chu Feng, what sort of words are those. Although our Zhao Family Banking House cannot be considered to be a prestigious family with power, we could still be considered to be a first-rate large cultivation family within this Magnificent Brocade City. It’s merely a treasure that concealed one’s cultivation; our Zhao Family does not lack such a treasure.”

“I merely wished to let you know how extraordinary the person that I know is. He is no ordinary cultivator. Instead, he’s a strong expert with a cultivation of a Martial King.” Saying till this, Zhao Shaoqiu looked to Chu Feng with an expression containing some disdain.

He then said, “Martial King, that is not a stage of cultivation that you could possibly imagine. It is a stage that only people with extremely good talent could reach. Furthermore, one must go through countless suffering and be extremely lucky in order to reach the Martial King stage.”

“Brother Chu Feng, it is not that I am looking down on you. However, I reckon that in the continent that you are from, you’ve never even seen a Martial King, right?”

“Haha...” Regarding what Zhao Shaoqiu said, Chu Feng did not refute it. Instead, he shrugged his shoulders and chuckled. As for the meaning behind his action, that was something that only Chu Feng understood.

This Zhao Shaoqiu was naturally incapable of comprehending Chu Feng’s intention. Thus, he appeared even more complacent like a city folk seeing a country bumpkin. He looked to Chu Feng and said, “Our Magnificent Brocade City has a long-established history. However, there are only a few Martial Kings that originate from our city. As for that person, he is the last Martial King from our Magnificent Brocade City. After him, our Magnificent Brocade City had never given birth to another Martial King.”

“Although Martial Kings are powerful, I don’t believe that they ought to know all about the Holy Land of Martialism, no?” Chu Feng questioned.

“Sigh, your words have landed on the main aspect. It is true that Martial Kings are powerful. However, not all Martial Kings know about the various regions and places of the Holy Land of Martialism. After all, the Holy Land of Martialism is truly too enormous. It is already problematic for one to remember the names of all the places.”

“However, this Martial King that I know is no ordinary Martial King. His aspiration is not becoming an extraordinary cultivator. Instead, his goal is to become a traveller. The reason why he went through the bitterness of cultivation to reach Martial King stage was all so that he could travel through the Holy Land of Martialism.”

“After over a hundred years of time, he had practically gone to all of the regions and places in the Holy Land of Martialism. Nowadays, we all

address him as the Living Map of the Holy Land of Martialism. As long as the place that you've mentioned is truly a place within the Holy Land of Martialism and the name of the place is correct, he would definitely be able to give you the directions to the place." Said Zhao Shaoqiu complacently.

"In that case, I shall trouble Young Master." Chu Feng had been paying attention to the change in Zhao Shaoqiu's expression the entire time so that he could determine whether Zhao Shaoqiu was lying. To Chu Feng's surprise, what Zhao Shaoqiu had said was all true. It would appear that this Zhao Shaoqiu truly knew of an extraordinary person.

"Sigh, Brother Chu Feng, how could there be such thing as a free lunch in this world?" Seeing Chu Feng's impatient appearance, Zhao Shaoqiu grinned and opened his hand toward Chu Feng. This fellow was precisely demanding for money.

"Young Master, didn't it say that the Zhao Family Banking House will solve one's problem for free? What might be the meaning behind your action now?" Chu Feng pretended to be puzzled.

"Hey, Brother Chu Feng, that person that I mentioned to you is not someone from my Zhao Family." Replied Zhao Shaoqiu shamelessly.

"Very well then. Say, how much do you seek?" Chu Feng asked.

"Ten Heaven Beads. If you're missing half a bead, I would not lead you to him." Zhao Shaoqiu demanded for a sky-high price.

"Woosh." To his surprise, Chu Feng immediately took out ten Heaven Beads and placed them in his hands.

"This..." Seeing the ten Heaven Beads in his hand, Zhao Shaoqiu's eyes immediately shrunk. After his shocked appearance flashed past his face, he once again looked back to Chu Feng with an expression that appeared to be a bit strange.

"Young Master, I have already given you what you requested. If you are incapable of providing me with the things that I asked for, then you would have to take responsibility for it." After handing over the ten Heaven

Beads, Chu Feng said with a light smile.

“Haha, rest assured, rest assured. I guarantee you that you’ll be satisfied. Brother Chu Feng, follow me.” After he finished his words, Zhao Shaoqiu grabbed Chu Feng and started flying.

Soon, they arrived outside of the Magnificent Brocade City and stopped on top of a small hill. On the hill were a couple of shabby houses. On the outside of the houses were wooden fences. The fences formed a little courtyard. Inside the courtyard were some chicks and goslings.

“This is the location where the person that you mentioned lives in?” Chu Feng was astonished. That was because he had already covered the entire place with his spirit power and investigated it.

Chu Feng discovered three people’s auras within the little courtyard. The first was a little girl of six or seven years old. The other was a young woman with the cultivation of rank nine Profound Realm. As for the third person, it was an old man. His body was extremely weak and as for cultivation, he possessed none.

“Hey, that’s right. He used to be extremely powerful. However, he’s in dire straits now.” Zhao Shaoqiu said.

“What do you mean by that?” Chu Feng asked.

“One time, he travelled to a certain place and offended someone he should not offend and ended up having his cultivation crippled.” Zhao Shaoqiu chuckled and then said, “Wait for me here. However, remember that you must definitely not mention to him that I’ve received the Heaven Beads from you. If he were to ask, just tell him that I have decided to voluntarily assist you.”

Chapter 1010: Attitude of Disdain

After telling Chu Feng about these matters, Zhao Shaoqiu, without waiting for Chu Feng's response, directly entered into the little courtyard.

Chu Feng was no fool. He was able to tell that there was something fishy based on the words Zhao Shaoqiu said. Thus, he spread out his hearing so that he could hear what was happening within the courtyard and decide on how to speak afterwards.

"Shaoqiu, what brings you here today?" The young woman said in a slightly surprised manner.

"Luo Lian, it's because of this. A person had arrived from the Southern Sea Region. It is the first time that he had set foot upon our Holy Land of Martialism and is not familiar with any of the places in here. He wished to inquire about a place called Fallen Leaves Bamboo Forest. Seeing that it was very difficult for him to come here, I decided to bring him over to trouble Grandfather Luo so that he could know about the Fallen Leaves Bamboo Forest." Said Zhao Shaoqiu in a diligent manner.

"What, you've brought someone over to trouble my grandfather again? How could you do such a thing? Didn't you promise me that you would not find my grandfather for these sort of things anymore?" After listening to what Zhao Shaoqiu said, this woman by the name of Luo Lian grew angry.

"Waa, is it someone from the Southern Sea Region? I wanna go see, I wanna see exactly what someone from the Southern Sea Region looks like." Right at this moment, an innocent little girl suddenly shouted excitedly.

"Lil Ru, don't go over there." Luo Lian loudly shouted. However, it was already too late.

"Bang." The courtyard's gate door has been opened. Chu Feng saw an adorable little girl with a double ponytail, large, bright and intelligent eyes and an appearance like that of a doll running out from the courtyard.

“Waa, big brother, are you that person from the Southern Sea Region?”

“Exactly what sort of place is the Southern Sea Region? Is it fun? Can you tell Lil Ru about it?” The little girl was not afraid of strangers at all. Once she saw Chu Feng, her large black eyes immediately started to shine. After that, she ran over to Chu Feng, started to circle around him and began to ask questions incessantly.

“Southern Sea Region.” At this moment, Chu Feng was confused. He obviously came from the Eastern Sea Region, so why did they say that he was from the Southern Sea Region?

“Big brother, my name is Lil Ru. What’s your name? Let’s be friends, okay?” Although Chu Feng had yet to respond to her, the little girl immediately became more excited as she asked. She actually took the initiative and extended her chubby little hand so that she could shake Chu Feng’s hand.

“Hello Lil Ru. My name is Chu Feng. What do you think about calling me Big Brother Chu Feng?” Chu Feng felt that this little girl by the name of Lil Ru was truly adorable. Unable to contain himself, he held her up.

“Stop, put Lil Ru down.” A sharp shout sounded from far away, right after Chu Feng held Lil Ru up.

Raising his head to look, Chu Feng saw a woman standing in the distance. This woman wore ordinary looking clothes. Her appearance was pretty good. As for her cultivation, it wasn’t that bad either - rank nine Profound Realm. Without even thinking, she was definitely that Luo Lian.

“You can leave. My grandfather will not tell you anything. If there’s something that you wish to know, you can go and find the answer yourself. However, please do not come and trouble my grandfather.” After seeing that Chu Feng had placed Lil Ru down, Luo Lian coldly said to him.

Seeing Luo Lian’s appearance, Chu Feng frowned and a trace of displeasure appeared on his face. Chu Feng had seen all sorts of people. With a single glance, he could tell that this Luo Lian was a person who judges others by their strength.

Currently, Chu Feng had not displayed his strength. If he was to display his true strength of cultivation, that Luo Lian would definitely not dare to speak with him like so.

“Lil Lian, those who arrived are guests; how could you trust a guest like this? Allow that friend from the Southern Sea Region in.” However, right at this moment, an old man’s voice suddenly sounded from the house within the courtyard. It was likely the voice of that traveller, a former Martial King level expert.

“Grandfather...” Hearing that her grandfather actually allowed for Chu Feng to enter, Luo Lian’s long, shapely eyebrows condensed together. She appeared to be extremely annoyed with the world.

“Sigh, Luo Lian, since Grandpa Luo has already agreed to it, you shouldn’t bother with it anymore.” Seeing the situation, Zhang Shaoqiu who had profited off Chu Feng immediately went over to soothe Liu Lian. Moreover, he suddenly had an inspiration and turned his gaze toward Lil Ru. He said, “Lil Ru, didn’t you wish to go to the Alligator Beast Mountain Range to hunt Alligator Beasts? I’ll bring you over there today, what do you think about that?”

“Hunt Alligator Beasts? Yay, hurray!” Hearing those words, Lil Ru became overjoyed. She started nodding her head repeatedly. Furthermore, the intelligent Lil Ru hurriedly extended her little hand and grabbed Luo Lian’s hand. Like a spoiled child, she swayed back and forth, saying, “Big Sister, come together with Lil Ru, okay?”

After hearing those words, Luo Lian also displayed an expression of anticipation. It seemed that she wanted to go and hunt the so-called Alligator Beasts very much too. Thus, in the end, she feigned a reluctant expression and nodded her head.

“Is the Alligator Beast Mountain Range that you all spoke of the mountain range to the south of the Magnificent Brocade City?” However, Chu Feng spoke.

That was because he remembered that he flew past a vast mountain range on his way here. There were many different yet identical looking

monstrous beasts within the mountain range. Those monstrous beasts ought to be a special clan of monstrous beasts.

However, at this moment, there was a group of people within that mountain range. They were currently sadistically killing those monstrous beasts without restraint. Furthermore, based on the methods of those people, one could tell that they were definitely not good people.

“That’s right, what about it?” Luo Lian cast a cold glance at Chu Feng. Her gaze was extremely ill-intended.

“If that was the place, then I suggest that it would be best for you all not to go there for now. That’s because there is a group of uninvited guests at that place. Those guests seemed to be people that shouldn’t be provoked.” Chu Feng said truthfully.

“Truly funny. Do you know of the cultivation of my Big Brother Shaoqiu? Here, let me tell you; my Big Brother Shaoqiu is a Heaven Realm expert. Within the Alligator Beast Mountain Range, he is definitely someone who can go wherever he wishes to.” Luo Lian gave Chu Feng a fierce side eye. Her gaze was filled with disdain.

“Hehe, Lil Lian, let’s go. Those friends from the Southern Sea Region are unfamiliar with the methods of us, the people from the Holy Land of Martialism.” Seeing that Luo Lian was this confident in him, Zhao Shaoqiu laughed complacently. Without responding to Chu Feng, he waved his sleeve and brought Luo Lian and Lil Ru with him. After that, the three of them flew through the air and disappeared toward the southern horizon in the blink of an eye.

Seeing this, Chu Feng merely lightly smiled. He was not angered by the disdainful manner displayed by Luo Lian and Zhao Shaoqiu. That was because for him, it wasn’t worth being angry at those sort of people.

Thus, Chu Feng started walking and entered into the house. At this moment, he discovered that there was an elderly man within the house. This elderly man was currently cooking food. This elderly man was wearing an extremely ordinary outfit, it was even filled with patches. Although he appeared to be a bit impoverished, his smile was extremely

benevolent.

“Friend from the Southern Sea Region, you can go and wait for a bit in the room. I still have another dish here that is almost done. If there is something that you wish to ask, we can talk about at the dining table later. What do you think about that?” Said the elderly man with a light smile on his face. His attitude was extremely gentle.

“Senior, sorry for troubling you.” Chu Feng did not refuse and directly walked towards the room pointed out by the elderly man.

After entering into the room, Chu Feng found out that this room wasn't huge and its decorations were extremely plain and simple. However, it was extremely tidy. In the center of the room was a round table. Surrounding the round table were three chairs.

At this moment, there were already a couple of dishes on the table and a jar of aromatic wine. It was rather captivating.

Chu Feng directly sat on one of the chairs and began to wait for the elderly man to finish cooking his final dish. That was because he could tell from the reaction of this elderly man that, although he no longer possessed cultivation now, he was definitely someone who had gone through gales and billows. That elderly man might truly be able to provide some assistance to him.

Chapter 1011: Three Palaces, Four Clans, Nine Powers

Not long after Chu Feng sat down, the elderly man brought over a bowl of delicious soup and placed it on the table. Moreover, he courteously poured a cup of wine for Chu Feng and asked. "Friend, what is your name?"

"Junior is called Chu Feng. How should I address Senior?" Chu Feng asked respectfully.

"This old man is surnamed Luo. Little friend Chu Feng, based on what that boy Zhao Shaoqiu said earlier, it seemed that you have sought for me to ask about a matter? Might I know what matter it is that you wanted to ask?" The elderly man asked with a smile.

"Senior, have you heard of the Fallen Leaves Bamboo Forest?" Chu Feng asked honestly.

"Fallen Leaves Bamboo Forest." Hearing those words, the elderly man was slightly startled. He began to ponder and then suddenly laughed. "Fallen Leaves Bamboo Forest, I've been to that place before. It is a beautiful piece of land that possesses a rare beautiful scenery. Little friend Chu Feng, might you be preparing to go to that place?"

"Yes, that is right." Chu Feng nodded.

"Since little friend Chu Feng wishes to go there, I am able to tell you where it is. Merely, that place is rather distant, you must be prepared." While the elderly man spoke, he went and brought back a map and began drawing a route on the map. The route he drew was very detailed. Moreover, he spent a long time drawing it before handing it over to Chu Feng.

After Chu Feng saw the map, even though it was Chu Feng, he became stupefied. That was because this map was truly too big. This was truly a world that surpassed Chu Feng's imagination, it was so large that it would cause one to gasp in admiration.

The most important matter was that the Fallen Leaves Bamboo Forest was extremely distant from the location that Chu Feng was currently in. It could be said that when one saw the distance between them, one would begin to consider giving up the journey.

However, the aspect that had surprised Chu Feng the greatest was that, other than the Holy Land of Martialism, there were four other places listed on the map. They were four Heavenly Road exits; the Southern Sea Region exit, the Northern Sea Region exit, the Eastern Sea Region exit, and the Western Sea Region exit. As for the location that he was in now, it was the Southern Sea Region exit.

This allowed Chu Feng to know why they said that he had come from the Southern Sea Region. However, he had clearly come from the Eastern Sea Region.

“Could it be that Senior Old Monkey had done something and caused me to enter the Southern Sea Region’s Heavenly Road from the Eastern Sea Region’s Heavenly Road?”

“That’s right, it’s very likely for that to be the case. After all, I had spent that much time in the Heavenly Road. Furthermore, the tunnels when I entered the Heavenly Road and the one when I exited was different to some extent.” After Chu Feng pondered for a moment, he determined a possibility.

“Senior Luo, this junior has just arrived at this location. Might senior be able to introduce the powers of the Holy Land of Martialism to this junior?” Suddenly, Chu Feng asked the elderly man.

That was because Chu Feng discovered that the map the elderly man provided to him was truly comprehensive. Not only did it list the various regions, it also listed countless amount of powers of those regions. However, the names and colors of those powers were different. Among them, a couple of names of those powers were written in gold paint. It gave off an extremely sacred feeling.

As for among those powers written in gold paint, the Cursed Soil Sect’s name was included. Moreover, Chu Feng discovered that although the

Cursed Soil Sect was located very distantly away from him, it was located extremely close to the exit of the Eastern Sea Region's Heavenly Road.

Recalling the grudges that he had with the Cursed Soil Sect and then recalling about Tantai Xue, he determined that it was likely that she had already returned to the Holy Land of Martialism from the Eastern Sea Region's Heavenly Road exit. Thus, Chu Feng wished to learn a bit more about the matters of the Holy Land of Martialism.

"That is of course doable. The Holy Land of Martialism is a sacred place to cultivate. The number of experts here are innumerable. As for those people that possess the abilities to defy heaven, they are numerous too. As for the powers that are located in various places, their number is comparable to the stars in the sky."

"Since there are too many powers, I am incapable of introducing all of them to you. Thus, I'll tell you about the few largest powers within the Holy Land of Martialism."

"People generally address them as the Three Palaces, Four Clans and Nine Powers."

"The Three Palaces are respectively: the Heavenly Law Palace, Underworld Palace and Mortal King Palace."

"The Four Clans are respectively: The Dongfang Imperial Clan, Ximen Imperial Clan, Beitang Imperial Clan and the Nangong Imperial Clan." 1

"The Nine Powers are respectively: The Cyanwood Mountain, Jadewater Temple, Firerain Hall, Cursed Soil Sect, Golden Armor City, Eight Desolate Mountain Range, World Spiritist Alliance, Sword Crafting Villa, and the Ten Thousand Flowers Garden." 2

"Each one of them are led by experts at the Martial Emperor level. Especially the Three Palaces and the Four Clans, their backgrounds are extremely deep. No one knows exactly how immense the power that they contain are."

"Of course, other than these powers formed by human, there are also some monstrous beast clans. Those monstrous beast clans all live in their

own independent worlds; it is extremely rare for outsiders to see them. However, they are most definitely also a group of powerful and formidable existence.”

“In short, you must remember that when you walk about the Holy Land of Martialism in the future, if you were to meet people related to the Three Palaces, Four Clans or the Nine Powers, regardless of how slim their relationship to them are, you must not offend them. Else, you’ll bring about a calamity upon yourself.” Warned the elderly man attentively.

“Senior, thank you for the warning.” Chu Feng gratefully offered his thanks. Due to the fact that he was able to chat with this elderly man, Chu Feng did not urgently leave the place. Instead, he started drinking and chatting with the elderly man. They ended up talking about many things.

In the process, it could be said that the elderly man would answer all of Chu Feng’s questions. As for the things he asked Chu Feng about, Chu Feng would also answer all that he could without hiding the truth.

Being thankful for the elderly man’s assistance, Chu Feng had asked about how his cultivation disappeared. Chu Feng knew that a person’s cultivation would not disappear for no reason; generally, one would be crippled by others.

As the elderly man treated him so well, Chu Feng knew that he would not have been an evildoer when he had cultivation. Thus, Chu Feng wanted to help the elderly man attain revenge. However, to no avail, the elderly man merely smiled lightly and did not answer him. Seeing that, Chu Feng felt that it was not good for him to continue prying deeper into the matter.

From the following conversation, Chu Feng came to know that the Holy Land of Martialism was an extremely unique continent. There was a layer of powerful energy that had splitted this originally intact continent into multiple continents. If one wished to pass through that layer of powerful energy, one must possess the ability to answer it. Otherwise, it was completely impossible for one to pass through it.

This had also greatly increased the difficulty for Chu Feng to go to the

Fallen Leaves Bamboo Forest. However, the elderly man had also informed Chu Feng that there are powers that controlled the ability to pass through that layer of energy. For example, one such power was the Cyanwood Mountain that ruled over the continent they were on.

Not only does the Cyanwood Mountain control the ability to pass through that layer of separation energy, they would even, once every three years, provide convenience to the people who lived in this continent and open the separation energy, allowing those who wished to go to a different continent to pass through.

Merely, other continents also possessed different powers that controlled and occupied them. For some, they would be like the Cyanwood Mountain and open up the separation energy at regular intervals to allow for others to pass. However, the times in which they would open the separation energy were all different. That was also one of the reasons why it took this elderly man so long to travel the Holy Land of Martialism.

After hearing what the elderly man said, Chu Feng became a bit discouraged. This was truly too troublesome. If it was to be how the elderly man had said, then even if Chu Feng managed to arrive at the Fallen Leaves Bamboo Forest, it would require him many years for sure. Chu Feng did not have that much time to waste around.

“Grandfather, grandfather, it’s bad, it’s bad.”

However, right at this moment, a weeping and extremely terrified sound echoed from outside. That was Luo Lian’s voice.

“Lian’er.” Hearing this voice, the elderly man immediately became unable to sit still. He hurriedly exited the house. As for Chu Feng, he too followed the elderly man.

When they arrived outside the house, they saw three figures. These three figures had already landed in the courtyard and were currently walking toward Chu Feng and the elderly man. These three people were precisely Zhao Shaoqiu, Luo Lian and Lil Ru.

Zhao Shaoqiu’s expression was extremely unsightly, it was as if he had eaten a dead rat. As for Luo Lian, her face was filled with tears, her crying

was so bad that it could be described with one word: 'miserable.' The domineering attitude that she displayed earlier had completely disappeared. After seeing Lil Ru who was being held in Luo Lian's chest, Chu Feng's expression immediately took a huge change.

The current Lil Ru had already lost consciousness. Her two eyes were tightly closed, they were swollen and purple in colour. Moreover, two streams of blood were flowing out from her eyes. Lil Ru's two eyes have been scooped out by someone.

*

1. The names of the four clans are all two character chinese surnames with one character being the directions, east, west, north and south.
2. The first five powers respectively have an element in their name.
Wood, water, fire, soil(earth), and gold(metal).

Chapter 1012: Seeking an explanation

“Lil Ru!!” Seeing Lil Ru’s appearance, the elderly man immediately started to panic. With quick steps, he rushed over and took Lil Ru from Luo Lian’s bosom. After he carefully inspected her, he asked angrily, “Exactly what happened? Who is it that scooped out Lil Ru’s eyes?”

“Grandfather, it’s people from the Occult Blood Church.” Luo Lian said while weeping.

“What? Occult Blood Church?” Upon hearing these three words, the elderly man’s expression immediately took a huge change once again. Anger and restlessness that could not be concealed rushed forth from his eyes. He then asked, “How did you all ended up provoking those from the Occult Blood Church?”

“We came across them at the Alligator Beast Mountain Range. Originally, the three of us planned to hunt Alligator Beasts at the Alligator Beast Mountain Range; never did we expect to find out that those from the Occult Blood Church were also hunting there. We originally planned to mind our own business and hunt Alligator Beasts ourselves while they hunt theirs. Thus, we moved around the location where they had occupied so that we would not bother them.”

“However, never would we expect that the people from the Occult Blood Church would be that demented. A group among them saw us and then refused to let us leave. Then, a demonic woman among them said that Lil Ru’s eyes were actually more good-looking than her own. She said that she was incapable of tolerating such a thing and then, before Lil Ru, she used her fingers and scooped out Lil Ru’s eyes.” Luo Lian said while crying, the more she cried, the more she regretted.

“You’re truly foolish. Could it be that you still do not know what sort of thing the Occult Blood Church is? It’s simply a demonic church! When you encountered them, not only did you not flee right away, you actually continued to think about hunting?” Upon hearing what was said, the elderly man started shivering from head to toe. However, more than the

shivering, he was pained because of Lil Ru.

Lil Ru's age was so young. Yet, she had already experienced such a thing. This was simply unimaginable. It was very possible for this trauma to affect her entire life.

"I have only heard from you that the Occult Blood Church was a demonic church. I never expected them to lack any trace of humanity. Moreover, Shaoqiu was with us too. No matter what, he was a Heaven Realm cultivator." Luo Lian said.

"Shaoqiu? Humph, what was your Shaoqiu doing then?" Upon hearing those words, the elderly man sneered. At the same time, he cast a glance at that Zhao Shaoqiu.

"I..." At this moment, Zhao Shaoqiu's expression became even more unsightly. He seemed to want to say something but was hesitating, it seemed that he didn't know how to explain. That was because at that time, he watched everything unfold before his eyes without daring to do anything to stop them. He was so scared that he did not even dare to say a single word.

"This really cannot be blamed on Shaoqiu. That's because this time, not only ordinary disciples of the Occult Blood Church were there. Moreover, their cultivation is not as simple as only being that of Heaven Realm. They ought to all be Martial Lord level experts." Luo Lian hurriedly explained. She had seen for herself how powerful those people were.

"What? They are all Martial Lord level experts? In other words, they are all the core disciples of the Occult Blood Church?" Upon hearing those words, the elderly man became even more shocked.

"Regardless of who it might be that had done this, the most important thing right now is treating Lil Ru. Senior Luo, please hand Lil Ru to me. I can help her recover." Right at this moment, Chu Feng spoke. While speaking, he walked over to the elderly man; he wanted to receive Lil Ru from him.

"Stop. Who did you think you are? You can help Lil Ru recover? Did you even know who was it that made Lil Ru like that?" However, before the

elderly man could say anything, that Luo Lian had already stopped Chu Feng and fiercely questioned him. Within her eyes was a large word, 'suspicion.'

"Shut up!" The elderly man grew extremely angry. Strictly, he berated Luo Lian. Then, he turned his face around and asked Chu Feng, "Little friend Chu Feng, in that case, I will leave Lil Ru in your hands." While saying those words, the elderly man handed over Lil Ru to Chu Feng.

"Senior Luo, please rest assured. I would definitely allow Lil Ru to safely recover." After Chu Feng received Lil Ru from him, he didn't bother speaking any superfluous words and directly walked towards the house.

"Grandfather Luo, how could you possibly trust him? That kid's from the Southern Sea Region. As far as I know, he seemed to only be at the Profound Realm. How could you hand Lil Ru over to him? Aren't you afraid that he might cause harm to Lil Ru?" After seeing Chu Feng entering into the house, Zhao Shaoqiu immediately stepped forth and said.

"Don't trust him? Then who should I trust? You? I left Lil Ru with you and look what happened; what sort of state is Lil Ru now?"

"A pair of eyes. Do you know how important that is to a little child? If I don't hand Lil Ru to Chu Feng, could it be that you are able to help her attain her eyes back?" The elderly man shouted in anger.

"I..." Being asked by the elderly man in such a way, Zhao Shaoqin's complexion turned blue and white. His expression was extremely ugly. However, he did not say anything. Instead, he turned around and muttered some unpleasant words.

At this moment, Chu Feng had already entered into the house and closed the door. The reason why he did such a thing was because what he would be doing next seemed to be cruel. He did not wish for the elderly man to see that.

Honestly speaking, it was merely a pair of eyes. Had it been a cultivator that had lost his or her eyes, then with Chu Feng's current methods, it was extremely easy for him to restore their eyes.

However, as it was Lil Ru, it was a bit troublesome. Lil Ru was too young and, much less about mentioning how powerful her cultivation was, she had simply not learned about martial cultivation at all. Thus, all she possessed was a body that cannot be more ordinary.

Such a body possessed no spirituality at all. If one wished to recover such a body, it was extremely difficult. However, this was not something that could stop Chu Feng. Merely, the treating process was rather bloody.

In barely an hour, Chu Feng had completely restored Lil Ru's eyes. Furthermore, he could guarantee that her eyes would be even more beautiful and brighter than before and that she would not feel any pain after waking up.

After curing Lil Ru, Chu Feng walked out from the house.

"Little friend Chu Feng, how is Lil Ru?" Seeing Chu Feng walking out from the house, the elderly man hurriedly walked over. With a very worried tone, he asked.

"Senior Luo, you can rest assured, Lil Ru's situation is stable. I believe that she will wake up soon." Chu Feng said with a smile on his face.

"What? Lil Ru's situation is stable, are you certain?" After hearing what Chu Feng said, that Luo Lian had a face filled with suspicion.

Chu Feng had ignored that Luo Lian's superfluous words. Instead, he turned to the elderly man and asked, "Senior Luo, what is the strength of the Occult Blood Church? Among them, what level of cultivation is the strongest person?"

"Sigh, this Occult Blood Church's origin is pretty extraordinary. Their strength is very immense. There are a couple of Martial King level experts among them overseeing everything. Especially the founder of the Occult Blood Church, he had reached peak rank one Martial King many years ago. I reckon that he would likely have reached rank two Martial King by now."

"In that case, Senior, do you know the location of that Occult Blood Church?" Chu Feng asked.

“Little friend Chu Feng, why are you asking about these things?” The elderly man frowned. He seemed to have realized something.

Chu Feng knew that the elderly man was truly a person with experience. He had already determined that Chu Feng possessed some ability. Otherwise, he would not have left Lil Ru with him. Thus, Chu Feng did not bother to conceal anything. Instead, he truthfully said, “For them to be willing to put their hands on a child like Lil Ru, it is, without a doubt, a demonic church. I wish to seek an explanation for Lil Ru.”

“What? Seek an explanation? From the Occult Blood Church? With merely you? Your boasting ability is truly too huge, no?” Upon hearing Chu Feng’s words, that Luo Lian’s long, shapely eyebrows were slightly raised. She began to mock and ridicule him.

Chapter 1013: The person who will destroy you all

“Haha. Oh how truly ignorant, oh how truly uneducated. Brother Chu Feng, that is what you are.” At this time, that Zhao Shaoqiu also spoke. However, compared to the cutting remarks from Luo Lian, this Zhao Shaoqiu actually started to laugh out loud. The despise within his words was simply something that could be seen with one’s eyes.

“Earlier when you were before the Occult Blood Church, did you ever dare to speak like this to them?” Chu Feng lightly smiled and asked.

“You...” Once Chu Feng said those words, Zhao Shaoqiu immediately became speechless. Even the smile that he had on his face instantly disappeared. Replacing it was an expression like someone that had sniffed a pair of stinky socks.

That was because when he was before the Occult Blood Church, not only did he not dare to speak with them in the manner that he spoke with Chu Feng now, he did not even have the courage to open his mouth. His cowardice was to the extreme.

“What sort of qualifications do you have to berate Shaoqiu? You must know that it is the Occult Blood Church that we’re talking about here. They are people that murder without blinking their eyes. They are vicious and merciless monsters!”

“It is only because now that they’re not here that you dare to speak such words. If the people from the Occult Blood Church were to truly appear before you, you would definitely be so scared that you’d end up pissing your pants and become unable to stand still.” Seeing Chu Feng actually insulting the person that she admired, Luo Lian was immediately enraged. She opened her mouth and angrily denounced Chu Feng.

Chu Feng’s patience was limited. Earlier, he did not wish to bicker with Luo Lian because she was a woman and because he was giving face to the elderly man. However, with how she was unable to recognize others’ good

intentions, Chu Feng was unable to continue to yield to her.

However, Chu Feng suddenly gave up on that idea and did not refute Luo Lian. That was because he had managed to sense something. Moreover, the matter that he sensed didn't appear to be good. However, to Chu Feng, it might be something good.

"Humph. What is it? You can't say anything now? You're nothing more than trash from the Southern Sea Region. You simply do not even understand what the Holy Land of Martialism is."

"Get away. Let me see exactly what you did to my younger sister Lil Ru. If something bad was to happen to her, I would definitely not let you get away with it." Seeing that Chu Feng did not speak back, that Luo Lian became even more pleased with herself. She actually wanted to charge into the house.

"Boom~~~~~" However, right at this moment, a gale suddenly rose at the direction of the Magnificent Brocade City. A majestic oppressive might came crushing down toward them from the distant horizon.

"Wuuuwa." Before this oppressive might, Luo Lian immediately lost her balance and fell to the ground, landing on her butt. Even that Zhao Shaoqiu's foot slipped and fell to the ground.

However, Chu Feng's movement was very fast. He immediately held Grandfather Luo before he fell. At the instant when Chu Feng's palm caught Grandfather Luo, a flash of astonishment shined in Grandfather Luo's aged eyes. When he looked to Chu Feng again, his eyes were filled with radiance. He had a whole new level of respect for Chu Feng.

Under the protection of Chu Feng, Grandfather Luo ended up being safe and sound. He who had already lost his cultivation not only did not fall, he did not even sway. Instead, he was steadily standing there without being oppressed by the might.

However, not a single person took note of the change that had happened to his elderly self. That was because Luo Lian and Zhao Shaoqiu's gazes were focused upon the scene in the horizon. Moreover, the two of them were terrified.

From the direction where the oppressive might have originated from, two figures rapidly flew over. Moreover, the two of them landed outside the courtyard.

They were two men. Both of them were middle aged and possessed the cultivation of level one Martial Lord. They wore black clothes and had strange things drawn on their faces. From a single glance, the two of them seemed like ghosts. Furthermore, they had sinister smiles on their faces and were currently walking toward the inside of the courtyard one step at a time.

“Hehehe, little beauty, earlier when our senior martial brothers and sisters were present, it was inconvenient for us to do anything to you. However now, you cannot escape.” The two men had already walked into the courtyard. However, their gazes had been fixed upon Luo Lian the entire time. It turned out that the two of them were people from the Occult Blood Church.

“What, what are you two planning to do?” Luo Lian was no fool, she had already guessed the answer. But, she did not wish for that to be the reality.

That was because she had heard about the malicious methods of the Occult Blood Church. The women of the Occult Blood Church possessed hearts like that of serpents and scorpions. As for their men, they are inferior even to animals. Not only are they fond of defiling women, they would even, in the process of their defilement, break the women’s arms and legs and even play them to death all so that they could provide themselves with excitement with this sort of frightening method.

“We’re not going to do anything, we’re merely planning to play with you.” One of the two men started laughing. However, he gave Luo Lian an answer that caused her to collapse.

“No, Big Brother Shaoqiu, bring me away. Quickly, bring me away.” At this moment, Luo Lian was truly frightened. She immediately got up on her feet and rushed into Zhao Shaoqiu’s bosom, begging him to bring her away.

“Mn, it would appear that the relationship the two of you have are

beyond the norm?" Seeing Luo Lian actually rushing into Zhao Shaoqiu's bosom, a flash of cruelty shined past the two men from the Occult Blood Church.

"No, I am merely acquainted with her. However, we do not know each other that well." Seeing the gazes from the two men, Zhao Shaoqiu was so scared that his trousers were wet. Moreover, in order to avoid responsibility, he waved his sleeve while he spoke and swung Luo Lian who was in his bosom aside.

"Shaoqiu, you..." Luo Lian was caught off guard by Zhao Shaoqiu's action. At this moment, she was in a daze, unable to accept what had happened. The man that had displayed his affection for her, the man that she had admired, never did she imagine that he would treat her this way.

"Haha, that's more like it. However, that's not enough. If you wish to live, you must help us do some things." One of the two men laughed.

"What, what is it that you want me to do?" Zhao Shaoqiu's head was drenched with sweat. He had started to stutter even when speaking. He was truly scared of this group of devils from the Occult Blood Church.

"Go, go and strip all the clothes off that chick so that us two brothers could enjoy her." Said that man while beaming with smile.

Upon hearing those words, Zhao Shaoqiu's expression became even more unsightly. However, he still stood up and walked over to Luo Lian who was cast to the ground by him. Between his life and his lover, he had chosen his life without the slightest hesitation.

"Zhao Shaoqiu, what are you doing? Are you even human? F*ck, I have truly misjudged you." Seeing that Zhao Shaoqiu had truly walked toward her, Luo Lian lashed out at him in anger.

As for Zhao Shaoqiu, he had completely ignored her. He first surrounded Luo Lian with his own oppressive might, causing her to become incapable of moving. Only then did he crouch down and extended his hands, grabbing onto Luo Lian's clothes. He truly wanted to rip apart Luo Lian's clothes.

“Yoh, is this the display you have when you are faced with those from the Occult Blood Church? It’s even worse than what I imagined it to be.” Right at this moment, Chu Feng’s voice finally sounded.

“Who are you?” Hearing Chu Feng’s words, those two men immediately cast their gazes toward him. With a tone filled with threat, they asked.

“The two of you wished to know who I am, right? Come, come closer, I’ll tell you who I am.” Chu Feng had a smile on his face and displayed a provocative gesture with his hand toward those two men.

“Where did this brat with hair come from? You’ve truly given up on living.” Seeing that Chu Feng actually dared to provoke them, the two men became enraged. The two of them set off together and, with their oppressive might of Martial Lords, rushed toward Chu Feng.

“Wuuoh~~~~~”

Seeing this scene, Luo Lian immediately closed her eyes. She did not dare to continue to watch. Only when a weird sound echoed did she become startled. That was because she had felt the entire time that the voice of that sound was not Chu Feng’s. Instead, it sounded more like the voices of those two men from the Occult Blood Church.

Thus, with a trace of wishful thinking, she slowly opened her eyes. The first thing that she saw was not Chu Feng. Instead, she saw Zhao Shaoqiu. That was because Zhao Shaoqiu was located right before her.

The Zhao Shaoqiu at this moment stopped in the middle of trying to tear apart her clothes. His motion remained in the process of trying to rip off her clothes, however his gaze was cast behind Luo Lian. His mouth was wide open, he had an expression of total astonishment.

“Heavens, this...” Seeing this, Luo Lian also hurriedly turned her head around. Once she saw the scene behind her, her expression immediately changed too. Unimaginable shock rushed forth from her eyes.

At this moment, two men were lying on the ground not far from her. The arms and legs of those two men were snapped off. It was so bad that their bones were even showing. Moreover, even their necks have been twisted.

At this moment, the two men were lying on the ground covered with blood in an extremely miserable manner. These two men were precisely the two men from the Occult Blood Church.

However, when she looked to Chu Feng, not only was he not harmed in the slightest, his expression remained unchanged. He was currently standing before those two dying men without the slightest concern. Moreover, he was even stepping on one of the men's arm with his leg. With a smile on his face, he looked to the two men from the Occult Blood Church and said, "Remember, I am the person who will destroy you all."

Chapter 1014: Paying a debt of blood with blood

At this moment, other than the Occult Blood Church's men who were howling in pain with tears in their eyes; at this moment, other than Chu Feng who was standing there as calmly as ever and with a light smile on his face; regardless of whether it was Luo Lian, Zhao Shaoqiu or even Grandfather Luo, they all had their mouths wide open and astonishment was written all across their faces. They did not dare to believe what had happened before their eyes was real.

This was especially true for Grandfather Luo. That was because he could be considered as the person with the most knowledge, the person who had seen many events unfold all over the world.

However, in reality, he too did not see Chu Feng's movements. That was because Chu Feng's movements were truly too fast. By the time he managed to react, those two men from the Occult Blood Church were already in this sort of appearance.

Just by recalling the fact that those two men were experts with the cultivation of Martial Lords and then recalling Chu Feng's frightening strength, it was not hard for Grandfather Luo to determine exactly what Chu Feng's cultivation was.

"Do you all wish to die or to live?" Suddenly, Chu Feng asked those two men.

"To live, to live." Without the slightest hesitation, those two men from the Occult Blood Church shouted. At this moment, the two of them did not possess any trace of arrogance anymore. It could be said that they were completely scared of Chu Feng.

The two of them understood exactly what had happened earlier better than anyone present. The two of them had experienced how powerful Chu Feng was with their own bodies.

Thus, the two of them had already determined that Chu Feng was an

extremely fierce character. Before such a character, one must comply. Otherwise, the only result waiting for them was death.

“Very well then. Regardless of what sort of methods the two of you are to use, you are to quickly bring over all of your Occult Blood Church’s members on the Alligator Beast Mountain over here; especially that woman who had scooped out Lil Ru’s eyes.” said Chu Feng.

“This...” Hearing these words, those two men were startled. They started hesitating. The two of them were no fools, they were able to guess what it was that Chu Feng was planning to do.

However, their Occult Blood Church was extremely tight in their rules. If the two of them were really to do such a thing, then it was no different from betraying the church. If this thing was spread out, then their deaths would likely be even more miserable.

However, after considering the situation before them, one of the two men endured the pain that he was feeling and asked Chu Feng. “Is it that as long as we do as you say, you’ll let us live?”

“All I know is that if you do not do what I say, then the two of you will undoubtedly die.” Chu Feng lightly smiled and a bone-chilling, ice cold killing intent flashed through his eyes.

Seeing his gaze, the two men immediately started shivering. An indescribable fear spread out from the depths of their souls and engulfed their entire being.

As the disciples of the Occult Blood Church, what sort of fierce and malicious characters had the two of them not seen before? After all, the entire Occult Blood Church was a devil’s nest. At that place, there was not a single good person, it was the dwelling place of evil people.

However, someone like Chu Feng who was capable of causing them to be so afraid with only a single gaze, it could be said to be very few; it could even be said that it was rarely seen.

The two of them did not understand why they would be scared to this extent by a single gaze from Chu Feng. However, they were able to clearly

recognize exactly how terrifying Chu Feng was. This youngster was several times more frightening than those people with an appearance of viciousness on the surface.

This time around, they had truly provoked someone that they shouldn't provoke. They did not dare to have any hesitation and immediately took out special title plates, using them to send out help signals so that they could coerce those from the Occult Blood Church to come over. Even if they were betraying their church and would cause those from their church to be killed, the two of them still had determined to save their own lives.

"Woosh." At this moment, that Zhao Shaoqiu finally managed to react. He realized that the situation wasn't good. Thus, without saying anything, his body immediately moved; he started flying toward the direction of the Magnificent Brocade City.

"Chu Feng, have you gone mad? How could you allow them to call for the remaining people of the Occult Blood Church over here? What exactly are you trying to do?" Luo Lian spoke. Compared to her tone of speech from before, her current tone of speech was greatly different. It was no longer a person who thinks herself to be in higher standing than another and filled with disdain. Instead, it was a tone filled with worry and confusion.

"Is there even a need to ask about this? It's naturally to pay a debt of blood with blood." Replied Chu Feng indifferently.

"What? Pay a debt of blood with blood? Do you know how many people they have? Do you know what level of cultivation the strongest among them was? Do you know how frightening that woman that had scooped out Lil Ru's eyes was?"

"You don't even know anything at all. Could it be that you planned to rely on yourself to eliminate all of them at a single stroke?"

Luo Lian felt Chu Feng to be unbelievable. It was so much that she could not even understand him. Although she had experienced Chu Feng's ability, she did not believe that Chu Feng could, by himself, defeat all those core disciples of the Occult Blood Church.

“What? Are you afraid?”

“You people of the Holy Land of Martialism, is this all that you’re worth? Greedy for life and afraid of death, timid and afraid of getting into troubles; with merely this bit of ability, you actually have the nerve to look down on us, people from outside of the Holy Land of Martialism? What allowed you to do it, what sort of qualifications do you have?” Chu Feng cast a fierce side eye toward Luo Lian who was still worried and slightly shivering. His gaze was filled with disdain and contempt.

“I...” Having been talked to by Chu Feng in such a manner and looked at by Chu Feng with such a gaze, Luo Lian felt angry. However, she was speechless. That was because it was exactly like what Chu Feng had said, she was scared.

“If you’re scared, then go and hide somewhere far away. I shall help Lil Ru take her revenge. You can just stay at the side and watch.”

“However, I suggest you that it’s best for you to not run around as I do not have the time to bother saving you.”

After Chu Feng finished saying these words, he turned his gaze toward the other two men from the Occult Blood Church. With a wave of his sleeve, those two men were lifted to the air. After that, they fell. Ruthlessly, they were smashed to the outside of the courtyard.

At the same time, Chu Feng waved his sleeve once again. An invisible layer of ripple covered the entire courtyard. Although they’re in the courtyard, Luo Lian and Grandfather Luo did not notice what Chu Feng had done.

However, at this moment, if one stood outside of the courtyard, they would not be able to see Chu Feng and them anymore. The courtyard as well as the house within it had completely disappeared. They were concealed by Chu Feng.

“Woosh woosh woosh woosh woosh.”

After Chu Feng finished these preparations, the distant horizon started to vibrate. Soon, several figures started flying over. One by one, they

landed. All of these people looked like fierce fiends. From the way they dressed, one could determine that they were all from the Occult Blood Church.

Seeing this many people from the Occult Blood Church and how there were more and more people coming in succession, Luo Lian was once again scared shivering. Involuntarily, she hid herself behind Chu Feng.

Merely, at this moment, the people from the Occult Blood Sect were unable to see Chu Feng and them at all. All they could see were the two men lying on the floor, filled with wounds, covered with blood and painfully howling.

“Haha, these two guys, why are they in such a miserable state?” Seeing these two men, those from the Occult Blood Church did not urgently proceed to inquire them what had happened. It was so much that they did not even go forward to help treat their wounds. Instead, they were filled with evil smiles while they enjoyed the pain displayed by the two of them. The demonic nature of a demonic church, it was clearly manifested.

“Yoh, who was it that did this to you two?” Finally, the voice of a female sounded. When that voice sounded, a passage was soon formed from the people who had surrounded them, enjoying the show. From the other end of that passage was an enchanting middle aged female with a face filled with makeup. The amount of makeup caused her appearance to be like that of a ghost. She walked out from the crowd.

This woman’s appearance was extremely ugly. She emitted a threatening, murderous aura from head to toe. From a single glance, one could tell that she was a person whose hands was filled with an immeasurable amount of blood, someone who had killed countless people.

However, the most conspicuous thing on her was the necklace that she wore on her neck. It was a necklace dripping with blood. The reason for the blood was a pair of human eyes on the necklace.

Chapter 1015: Who's the devil?

"It's her." Upon seeing this woman, Luo Lian's expression took a huge change. Her frail body started to violently tremble and nearly fainted. From this, one could tell exactly how scared she was of this woman.

In reality, not only her, but even the numerous core disciples of the Occult Blood Church were acting extremely respectful towards this woman and had fearful expressions in their eyes. That was because in terms of strength, this woman could be considered to be the strongest among all the disciples of the Occult Blood Church. She was a rank seven Martial Lord.

"It's her? She's the one who scooped Lil Ru's eyes out?" Upon seeing this woman, killing intent rushed out from Chu Feng's eyes. He turned to Luo Lian and asked her, wishing to confirm this matter.

"It's her, she's the one." Although she was very scared, upon recalling the scene of this woman scooping out Lil Ru's eyes, Luo Lian started gnashing her teeth in anger. While shivering, she started to raise her hand and pointed towards that woman.

"Senior Luo, the two of you stay over here. Do not come out." After saying these words, Chu Feng walked out from the courtyard and shouted loudly, "I am the one who did this to them."

"Who are you?"

For a person to suddenly appear; moreover, for this person to say that he was the one who had beaten their Occult Blood Church's people to such a miserable state, caused the various people of the Occult Blood Church to frown deeply. They did not rush to attack Chu Feng. Instead, they moved backwards and began to carefully inspect Chu Feng.

That was because while Chu Feng's age was very young, his cultivation was deep and immeasurable. At the very least, among all of them who were present, not a single one was capable of seeing through Chu Feng's cultivation. Adding on Chu Feng's unchanging expression and the imposing manner of not putting them in his eyes at all, caused them to

realize that Chu Feng might not be someone ordinary.

After all, the Holy Land of Martialism was extremely big. In this place, the amount of genius cultivators was innumerable. Although the Occult Blood Church was extremely evil and barbarically savage, they knew exactly what sort of character they were within the vast Holy Land of Martialism. In this vast Holy Land of Martialism, their Occult Blood Church was merely a bottom feeder existence. When compared to those powers that were truly powerful, their Occult Blood Church was so pitifully weak.

Thus, they possessed restraining fear towards a stranger that suddenly appeared like Chu Feng. That was because their church founder had warned them tens of thousands of times not to offend those famous major powers. Even if it was only a disciple from those powers, they should not provoke them.

“I am he who will kill you all.” Chu Feng narrowed his eyes and concealed a lot of his killing intent.

“What? Kill us? You truly have a boastful mouth.” After hearing these words, although the people from the Occult Blood Church possessed restraining fear for Chu Feng, they were still deeply angered by him. One after the other, they started displaying killing intent in their eyes.

“Ah, a boastful mouth? Who was it that said these words?” Upon hearing those words, Chu Feng suddenly lightly smiled. He turned his pair of narrowed eyes into two brilliant crescent moons. While speaking, he cast his smiling gaze toward the people of the Occult Blood Church.

“This...” To one’s surprise, although Chu Feng’s gaze was that brilliant and gentle, not a single person of the Occult Blood Church dared to look him face to face. Instead, all those who were seen by Chu Feng’s gaze started to subconsciously lower their heads and slowly move backwards. Even that rank seven Martial Lord woman who had scooped out Lil Ru’s eyes acted in such a way.

“What... what exactly is happening?”

Seeing this scene, the person who was most shocked was none other

than Luo Lian. That was because she suddenly recalled the words that Chu Feng had said to Zhao Shaoqiu earlier.

At that time, Zhao Shaoqiu was sarcastically berating Chu Feng. Not only were the words he used unkind, he even burst into loud laughter. The insult he had toward Chu Feng was extremely obvious.

At that time, Chu Feng had asked Zhao Shaoqiu whether he would dare to speak in such a manner before those of the Occult Blood Church.

Zhao Shaoqiu did not respond. That was because before the Occult Blood Church, Zhao Shaoqiu did not even have the courage to speak. However, at that time, Luo Lian understood Zhao Shaoqiu. After all, she had seen the people of the Occult Blood Church alongside Zhao Shaoqiu.

She was able to sense exactly how frightening those people of the Occult Blood Church were. That sort of bloodthirsty killing intent, that sort of vicious gazes, caused her to be scared from the bottom of her heart. She had truly felt that those people of the Occult Blood Church were devils, they were things that should not live in this world.

However, at this moment, the people of the Occult Blood Church, those frightening existences that she had believed to be devils, was forced to such a state by Chu Feng. It could be said that before Chu Feng, those people from the Occult Blood Church no longer appeared like devils. Instead, they became existences that feared Chu Feng.

Had it been before, she would never believe such a thing. That was because ever since she first saw Chu Feng, ever since she knew that Chu Feng came from the Southern Sea Region, she had an innermost feeling of disdain toward Chu Feng.

Thus, she had ignorantly spoken words to attack and insult him many times in a row. That was because she did not fear Chu Feng. So what if Chu Feng grew angry because of her words? She did not believe that Chu Feng would be able to match her.

However, now, she discovered she was wrong, that she was gravely mistaken. Oh how stupid and ignorant she was. In fact, the Chu Feng whom she had been insulting and despising before, was actually an

existence even more frightening.

This youngster who appeared to be amiable and kindhearted was actually an existence that could bring about fear even to devils. It could be said that he was an existence even more frightening than devils.

At the very least, based on him being able to remain calm, question with cold tones and loudly laugh when faced with those from the Occult Blood Church, it already signified how powerful Chu Feng was. This sort of matter was not something that any ordinary person could do. At the very least, she was incapable of doing it.

It must be said that, at this very moment, she had a complete new level of respect for Chu Feng. She had finally realized just how stupid she was before.

“What’s wrong? Your Occult Blood Church have done all those malicious things, yet it would appear that, in the end, you are still nothing more than a bunch of cowards. Do you all not even dare to admit to the words that you’ve spoken before?” Chu Feng asked again. His words were filled with insult.

“It’s your daddy, I, who said that. What could you possibly do to me?” Suddenly, a man stood out and shouted while slapping his chest.

He appeared to be extremely angry. That was because he was humiliated by Chu Feng before all these people; it had caused him to feel that he had lost all of his face. That was because regardless of where Chu Feng came from, he was such a young person. No matter what, he could not allow a person this much younger than him to humiliate him like so.

However, right after this man said those words, he instantly regretted. He regretted so much so that his intestines had turned green. That was because at the second when he finished saying those words, Chu Feng’s gaze had shifted to him. Before that gentle looking yet extremely ice-cold gaze, he sensed a single word - death.

“Wuuwa~~~”

Suddenly, the man screamed. That was because his body actually

exploded. While a ripple scattered in all directions, during the moment when a large amount of blood fluttered in the air, his body had surprisingly become badly mangled. His limbs, his internal organs have all disappeared. Other than his torso that was composed of white bones, only his bloodied head remained.

Chapter 1016: The Stance of the Strong

“Woosh.” The sudden explosion greatly alarmed all of the people present. As for the thing that shocked them the most, it was that man’s body after the explosion.

That body could be said to be the body of a dead man. After all, in normal circumstances, when one’s body was damaged to such a state, they ought to have died.

However, at this moment, that man’s body was still living. Even his cultivation remained. It could be said that other than his flesh, everything else from that man remained intact.

This caused the people present to be even more fearful because this wholly displayed how terrifying the person who did such a thing to him was. The person who did that, had intentionally let him survive. His goal was to have him endure so much pain that he would rather want to die than live.

“Wuuuaaa~~~~” Suddenly, that man with the badly damaged body actually started flying to the sky. Then, he slowly floated over to before Chu Feng.

“You now know what I can do to you, right?” Chu Feng still had a light smile on the corner of his mouth. His smile was devoid of evil. However, to the people of the Occult Blood Church, his smile was extremely sinister. It was simply a smile that no human should have.

“Don’t, don’t kill me. Don’t kill me.” At this moment, the man’s gaze was flickering. His expression was twitching. He had truly been scared.

He did not even have the time to scream and whine, instead, with a face filled with tears and snot, he was weeping and begging for forgiveness. How does the current him even seem like a disciple from a demonic church? He simply looked like an extremely pathetic person.

“You’ve regretted?” Seeing this man, Chu Feng’s smile became even brighter. However, his expression suddenly turned cold in a flash of an

eye. With an extremely ice-cold tone, Chu Feng said, “Too late.”

“Woosh.”

Once he finished saying those words, Chu Feng abruptly lifted up his palm and then smashed downward. Before everyone present, he ruthlessly smashed that man into a meat patty. His consciousness had been exterminated, he was dead beyond dead.

“Damn it.”

Seeing this scene, the faces of all those from the Occult Blood Church instantly turned ashen. They were able to determine with certainty that this youngster who did not conceal his face must be someone who should not be trifled with. He was likely some major power’s genius, an existence that they could not provoke. Now that they had already provoked him, there was only a single thing that they could do – run.

“Trying to flee? Are you all capable?”

However, when faced with those people of the Occult Blood Sect who were trying to run away in scattered directions using all sorts of methods where some even flew to the sky and dug into the earth, Chu Feng merely coldly smiled. After that, a cold light shined in his eyes and a boundless oppressive might that contained a dense killing intent swept out from his body.

“Boom.” Chu Feng’s oppressive might was extremely violent. Moreover, its speed was extremely fast. After it appeared, it covered the entire area in an instant. While wreaking havoc, it was simply capable of crushing everything and causing this place to enter into primal chaos.

The most important matter was that this region that was covered by his oppressive might, after it sealed off the escape of those people from the Occult Blood Church, it actually turned into formless sharp blades. Those formless sharp blades, like sickles, started to ruthlessly cut down toward the bodies of those from the Occult Blood Church.

“Wuuuwa~~~~~”

“Eeeaaaaa~~~~~”

“No~~~~~”

“Help~~~~~”

“Ahhhhh~~~~~”

Before the ruthless sickles formed by Chu Feng's oppressive might, the screams of the people from the Occult Blood Church continued to sound. However, they were incapable of obtaining the slightest trace of pity from Chu Feng.

The only thing that could be seen was the rain of blood that covered the sky, the arms and legs that had been chopped off and the bloody internal organs. One after the other, as the number of lives ended was executed, this region of space had also turned into a purgatory.

Finally, the curtains of carnage dropped. Everything returned to normal. The only difference was that, at this moment, shattered bones and flowing blood had covered this piece of land. The reeking smell caused one to feel nauseous. As for the scene filled with blood, it brings about fear.

At this moment, practically all of those people from the Occult Blood Church that had shown up at this place was killed by Chu Feng. Only three people remained living.

Two among those three were the two men that had first arrived at this place. They were lying on the floor, shivering and were incapable of even speaking a single word.

As for the other person, it was that woman who had scooped out Lil Ru's eyes. She half knelt on the ground in a stupefied manner. Although her body was wounded, her wounds were not fatal. As for her gaze, they were flickering nonstop. Judging from her absent-minded appearance, one could tell that she had been greatly frightened.

Although they were all devils who murder without blinking an eye and had killed countless people with their ruthless methods, when death knocked on their door, when the ruthless sickles were pointed at her, she was incapable of remaining fearless.

“She is merely a little child; how could you have the heart to do such a

thing to her?” Chu Feng walked over to that woman and asked.

“What?” The woman raised her head and asked as if she didn’t know what Chu Feng was talking about.

“Woosh.” However, Chu Feng did not answer her. He extended two of his fingers and pierced them towards that woman’s eyes.

“Puchi.” Chu Feng’s fingers had pierced into that woman’s eyes. He then scooped out her eyeballs. At the same time that happened, that woman emitted a sharp scream.

However, this was not the end. After he scooped out her eyes, Chu Feng’s hand, like a blade, was turned toward that woman and chopped down. Her ears, her nose, her tongue, her mouth, as well as the flesh on her body were sliced off by him one after the other. It continued until the woman became completely mutilated. Only then did Chu Feng destroy her cultivation and took her life.

Not a trace of ripple appeared in Chu Feng’s heart after killing this woman. Instead, he was extremely undisturbed. That was because he knew that this woman was someone that he ought to kill. If he did not kill her, then who knows how many more lives she would injure in her life.

After killing this woman, Chu Feng cast his gaze toward those two men. That was because the two of them were the only survivors among the people of the Occult Blood Church that had shown up.

“Don’t kill us, don’t kill us. We have already done what you wanted us to do. You promised us that you would not kill us.” Upon seeing Chu Feng’s gaze that was filled with killing intent, the two men hurriedly shouted.

“I have never said that I would not kill you two.” After Chu Feng said those words, with a single thought, a layer of oppressive might swept towards the two men. Like a giant creature weighing over ten thousand catties crushing down from the sky, his oppressive might directly smashed those two men into puddles of blood.

Chu Feng did all of this like common occurrence. He had killed a greater number of people before and used crueller methods before. However, he

would not have a trace of mercy in his heart. That was because all those that he had killed were people that ought to be killed.

Although Chu Feng was used to these things, that Luo Lian was evidently not used to it. Seeing the bloodied scene outside of the courtyard, she was so scared that her heart nearly jumped out from within her chest. At this moment, she was vomiting unceasingly and incessantly crying.

She no longer dared to raise her head up now, no longer dared to watch the scene outside. Moreover, she no longer dared to look at Chu Feng anymore. The impression she had of Chu Feng had already taken a hundred eighty degree turn. At this moment, in her heart, Chu Feng was definitely not a human. Instead, he was a devil that would kill without blinking.

“Pop.” Suddenly, an aged palm landed on Luo Lian’s body. When she turned around to look, it was her Grandfather Luo.

“Grandfather, I’m so scared.” Upon seeing her grandfather, Luo Lian appeared like a startled little rabbit. She hurriedly rushed into his bosom and began crying even more desperately.

“What are you scared of? They all deserve to die.” Grandfather Luo asked with a smile.

“I know that, but, but...” Luo Lian’s crying became even more desperate.

“It’s that you cannot accept what had happened, right? You did not expect that a youngster who appeared that amiable was actually able to kill people like slicing grass, how he could be so ruthless and cruel in his methods. It was so much that his killing methods would cause one’s hair to stand up on end. Isn’t that right?” Grandfather Luo asked with a smile.

Luo Lian did not answer him. Instead, she started nodding her head repeatedly.

“Oh Lil Lian, this is why you’re so small and weak. You only know how to take advantage of good people and are afraid of evil people. You possess an unstable frame of mind. Although you appear to be strong and mighty, you are actually extremely weak and feeble. Although you are

born in the Holy Land of Martialism, your sincerity is inferior to those who were born outside of the Holy Land of Martialism whom have already grown accustomed to the carnage of blood.”

“That Chu Feng, he is completely different from you. When treating good people, he is like a saint. As for his treatment towards evil people, he is like a devil. Treating those who are good to one well and use violence to curb violence, that is what a true strong person is. That is what the stance of the strong possesses.”

1. Xima: GO Chu Feng!!! Kill them all!!! No more pointless chapters.

Chapter 1017: I will certainly do this for you

“Oh Lil Lian, today, it could be said that you’ve broadened your horizons and gained experience. You now know the methods the strong possess.”

“I wish that you would be able to learn this lesson and not judge a person by their appearance in the future. You must not think that because someone appeared to be a good person that they would be easy to bully. Furthermore, you must not think that just because the background of others is inferior to your own that they would be weaker than you.”

“Today, you were fortunate that the person that you had encountered was Chu Feng and that he was not fond of arguing with you. If it was instead a narrow-minded person that you encountered, then merely based on those rude remarks that you had said in the past, your bones would be among the piles of bones outside.” Advised Grandfather Luo in a low voice.

Upon hearing Grandfather Luo saying these words, Luo Lian’s body began to shiver even stronger. Once she thought that she was nearly going to be among those miserable piles of flesh and bones outside, her lingering fear became even greater.

“Creak~~~”

“Big sister.”

Right at this moment, the door to the house suddenly opened. At the same time, a clever voice of a child sounded from the half-opened door. That voice was Lil Ru’s voice.

“Lil Ru, do not come out.” Upon hearing this voice, Luo Lian’s complexion changed once again. She hurriedly shouted in alarm.

That was because at this moment the outside of the courtyard was a sea of blood. That scene was truly frightening. Even she, a cultivator, was unable to withstand it. Thus, how could a child like Lil Ru be able to?

However, once she thought about it, Luo Lian's expression became one of great joy. Why would she be so doubtful, why would the first response that she had be stopping Lil Ru from coming out? Lil Ru's eyes had already turned blind. How could she possibly have such steady footsteps? All of this meant that Lil Ru's eyes had likely been recovered - Chu Feng had cured her eyes.

"Big sister, why won't you let me out? Could it be that you're trying to go play without bringing me? No, I don't want that, Lil Ru wants to go play too." However, upon hearing Luo Lian's voice, Lil Ru actually became extremely happy. Not only did she not go back into the house, she instead hastened the speed at which she opened the door.

This caused Luo Lian to become completely panicky. She stopped caring about the situation at hand and hurriedly stood up from Grandfather Luo's bosom. Then, using all of her martial skills, rushed to the front of the house so that she could block Lil Ru from opening the door.

"Lil Ru, there's nothing happening. Quickly, come out here." However, at this moment, Chu Feng's voice suddenly sounded. The matter that caused Luo Lian to be shocked the greatest was that when Chu Feng's voice sounded, Chu Feng had already appeared before the front of the house. Moreover, he had already opened the doors.

"You." Seeing this, Luo Lian's little face that was already panicky took a greater change. She quickly turned her gaze towards her grandfather. However, once she turned around, she was completely stupefied.

When she looked outside the courtyard, the scene of blood had completely disappeared. Replacing it was the same appearance as before. Not only did the arms, legs and blood that covered the entire ground disappear, even the smell of blood had completely disappeared.

This sort of methods simply surpassed Luo Lian's imagination. In merely an instant, he had completely concealed everything. Wasn't this truly a bit too powerful?

After being stupefied by Chu Feng's methods, Luo Lian couldn't help herself from casting her gaze at Chu Feng. Only at this moment did she

discover that Lil Ru was already in Chu Feng's bosom. Not only were Lil Ru's eyes undamaged, they were even brighter than before. At this moment, Lil Ru was fooling around and laughing joyfully with Chu Feng.

"Oh, Big Brother Chu Feng, Lil Ru had a beautiful dream earlier." Lil Ru said innocently.

"What did Lil Ru saw in her dreams?" Chu Feng asked while beaming with smiles.

"In my dream, I was hunting at the Alligator Beast Mountain Range with my big sister. However, we ran into a very scary group of bad people. One of those bad people even wanted to scoop out Lil Ru's eyes." Lil Ru narrated while moving her hands and legs.

"Mn, how could this even be considered to be a beautiful dream? It's obviously a nightmare." Chu Feng shook his head in a confused manner.

"It's a beautiful dream. Later on, Lil Ru's protector show up. He fought back all of those bad people and even kissed Lil Ru's eyes saying that Lil Ru's eyes would be even more beautiful like this."

"After that, right after Lil Ru woke up, I immediately ran to check out her eyes in the mirror. I discovered that my eyes were truly more beautiful than before. Hey, Big Brother Chu Feng, you looked a lot like that protector of mine." Suddenly, Lil Ru pointed to Chu Feng and said in a serious manner.

"Is that so? In that case, just consider Big Brother Chu Feng as your protector, okay?" Chu Feng asked.

"Okay, okay! It's great! Big Brother Chu Feng would be Lil Ru's protector! Yay! ~~~" After hearing Chu Feng said that, Lil Ru started laughing and dancing in joy. 1 She was extremely happy.

When seeing Chu Feng patiently chatting with Lil Ru with a face filled with brilliant smile, Luo Lian started to sink into a deep reflection. She suddenly thought of how correct the things that her grandfather had said earlier were.

If it was to be said that she was someone who takes advantage of the

good people and fear the evil, possessed a strong and fierce appearance yet have a weak and frail heart, then Chu Feng would be a person who rooted out the strong and supported the weak, had an amiable appearance yet possessed a strong heart. When comparing herself with Chu Feng, she felt that she truly does not possess a single good point and was nothing more than trash.

Not long after Lil Ru woke back up, Chu Feng suggested for Grandfather Luo and them to move. As for Grandfather Luo who had also experienced the greater world before, he knew that Chu Feng's suggestion was for their sake. Thus, he naturally did not refuse it.

Chu Feng's movement was truly fast. On the same day that he said that, he immediately moved Grandfather Luo and them to another city. He purchased a very decent mansion house for them in the new city. Lil Ru loved this new house of hers greatly. As for Grandfather Luo, he was also extremely satisfied with it. Only Luo Lian was somewhat sulky.

That was because they had passed through the Magnificent Brocade City enroute. When they passed through it, they discovered that the Magnificent Brocade City was in complete disorder. Its streets were filled with corpses. Moreover, those who died were killed in an extremely miserable manner. Among them was a youngster that was tied on top of a gate. His death was the most miserable. That person was Zhao Shaoqiu.

It was not hard to imagine that this miserable scene was definitely caused by the Occult Blood Church. They were truly too ruthless and did not possess any humanity. They refused to even let off those who are innocent. To them, killing people was a joyous activity.

After seeing that miserable scene, Luo Lian began to feel more and more that what Chu Feng did was correct. Chu Feng truly ought to exterminate all of those from the Occult Blood Church. Otherwise, they would only bring about harm to even more people.

"Oh Chu Feng, I have a question that I wish to ask you. I wonder if you're available for me to ask?" Suddenly, Grandfather Luo seemed to have something awkward to say.

“Grandfather Luo, what questions do you have? Ask away.” Chu Feng had a very good impression of Grandfather Luo. It could be said that Grandfather Luo was the first person that gave him a good impression after he arrived in the Holy Land of Martialism.

“If my guess is correct, your cultivation is definitely very powerful. When you’re at the Southern Sea Region, you must be a peak expert. However, I wish to know whether your cultivation have reached the Martial King level.” Asked Grandfather Luo.

“Truth be told; junior’s current cultivation is merely that of a rank eight Martial Lord.” Chu Feng replied truthfully.

“Rank eight Martial Lord.” After hearing these four words, a flash of disappointment flashed through Grandfather Luo’s eyes.

“It is not that Chu Feng is being arrogant and boasting, but although I am merely a rank eight Martial Lord, I possess definitive abilities. Even if I was to encounter an ordinary rank two Martial King level expert, they would still be no match for me.” Chu Feng said with a smile.

“Are you certain?” Upon hearing these words, Grandfather Luo’s face that originally had a disappointed expression instantly shined. It was like he had fallen into a deep valley of darkness only to suddenly reach the dazzling light.

“Grandfather Luo, if there is something that you need, you might as well tell me what it is. As long as I, Chu Feng, could achieve it and it is not an act of bloody atrocities, then I, Chu Feng, would definitely help you.” Guaranteed Chu Feng as he patted his chest. It turned out that he had already determined that Grandfather Luo had something to request of him.

1. Xima: apparently little girls with no cultivation can dance in joy while in someone else’s arms...

Chapter 1018: Grandfather Luo's past

“Since this is the case, then I will speak frankly too. Indeed, I have a personal matter that I wish little friend Chu Feng would be able to assist me in doing.” Said Grandfather Luo.

“Senior Luo, what might the matter be? There is no harm for you to tell me about it.” Chu Feng asked.

“Sigh, this is a long story. It's better for me to tell you from the beginning.” Grandfather Luo took a long sigh. He then gradually straightened his mood and, after quite a while, began to speak.

“Back then, I had wandered throughout the entire Holy Land of Martialism. Although with my cultivation, I was unable to enter many restricted areas. However, for all those places that I could enter, I had traveled through them.”

“It could be said that I have given my entire life for this dream of mine and given up on my great prospects for cultivation. However, because there are countless opportunities in the Holy Land of Martialism, for me to travel around in such a manner, I naturally obtained some unexpected harvest. Among them was a time when I obtained a treasure box from the western region of the Holy Land of Martialism.”

“This treasure box was extremely special. Just judging from its outer appearance, I knew right away that the things that it contained were most definitely not ordinary items. Instead, it was a treasure that contained great opportunity.”

“Thus, after that, I ended up cherishing this treasure box as my own life. I would even hug it in my sleep and would never mention about it to anyone else in fear that they would have ideas for my treasure box.”

“But unfortunately, there was no such thing as a wall that doesn't allow air to pass through in this world. That treasure box of mine ended up being swindled away from me by one of my most trusted friends. Not only did he swindle away my treasure box, he even seriously injured me and then crippled my cultivation.”

“Actually, had I not escaped quickly back then and had he not been injured by me, he would’ve caught up to me. I would not only have my cultivation crippled, but I’m afraid I would have likely lost my life.” Saying till this, Grandfather Luo had a face filled with sorrow.

“Grandfather Luo, who is this person?” Hearing till this part, although Chu Feng looked calm, rage had already pierced through layers upon layers of his heart.

Chu Feng had already guessed that Grandfather Luo’s cultivation would not have disappeared without a cause. He had already thought of helping Grandfather Luo attain his revenge. However, never did he expect that Grandfather Luo’s cultivation was actually crippled by his brother. Moreover, that person had also swindled his most important treasure.

Chu Feng was a person who valued his brothers as much as his own life. He was someone who placed utmost importance in the relationship with his brothers. Hearing that there was actually such a treacherous person, Chu Feng felt extreme disgust. Hell, even if this wasn’t related to Grandfather Luo and wasn’t related to him, Chu Feng would still go on a murder spree if he encountered such a matter.

” Sigh, that person is the current church head of the Occult Blood Church.” Grandfather Luo once again deeply sighed.

“It’s actually him? That makes the matter a lot simpler then.” Upon finding out that the person who had plotted against Grandfather Luo back then was actually the church head of the Occult Blood Church, a cold smile appeared on the corners of Chu Feng’s mouth. He then asked, “Grandfather Luo, where is the Occult Blood Church located at? Tell me where it is and I’ll go and bring back the head of that Occult Blood Church’s church head right away.”

“Chu Feng, you must not underestimate him. Not only does he possess a very powerful strength, he was also extremely treacherous and cunning. Moreover, he knew many methods of dealing with things. Furthermore, the Occult Blood Church is his base, he possesses the upper hand from the favorable location. Thus, you cannot treat him as if he is only an

ordinary rank two Martial King. You must be extremely careful.” Grandfather Luo warned.

“Senior Luo, please rest assured. As long as he’s in the Occult Blood Church, much less a rank two Martial King, even if he is a rank three Martial King, I would still take back his head for you.” Chu Feng was not boasting. He was able to fight against rank two Martial Kings with only a cultivation of rank eight Martial Lord. If he was to use the Thunder Armor and increase his cultivation to rank nine Martial Lord, he would naturally be able to fight against rank three Martial Kings.

Furthermore, other than his own cultivation, Chu Feng still possessed his Lady Queen. This Lady Queen’s battle powers were many times more ferocious than Chu Feng himself. Thus, as long as he had Queen Eggy with him, then as long as his opponent was not a heaven defying genius, he would be able to deal with them even if they’re rank three Martial Kings.

“Little friend Chu Feng, I am not joking around. I am the person most familiar with the church head of the Occult Blood Church. He is not someone that’s easy to deal with. Are you truly planning to, for my grievances, risk your life?” Grandfather Luo had a very apologetic expression in his eyes.

“Senior Luo, even if there was no relationship between you and the Occult Blood Church, I would still proceed toward the Occult Blood Church. Although I, Chu Feng, I am not a person of justice that eliminated evil and defend the good, I, Chu Feng, am unable to tolerate such a demonic church to continue to exist, which harms ordinary people and injures innocent children.”

“Senior Luo, since you have such a relationship with the Occult Blood Church, it means that I, Chu Feng, have even more reason to not allow this evil church to continue to exist. That is because I, Chu Feng, loathe those who break apart faith and abandon the right the most. To this sort of people, I, Chu Feng, will kill all that I encounter and not leave a single one alive.”

“Besides, I, Chu Feng, is no fool either. When doing things, I will act within my abilities. Since I said that I could deal with that church head of the Occult Blood Church, it means that I would be able to deal with him.” Chu Feng patted his chest and guaranteed.

Seeing Chu Feng whose eyes were filled with confidence, Grandfather Luo stopped trying to stop him. Instead, he said, “Little friend Chu Feng, this old one trusts you. However, I wish to see that bastard die with my own eyes. Thus, I hope you can bring me with you. I believe that with your strength, it would not be a burden for you even if you were to bring me along.”

“Secondly, I know that little friend Chu Feng is a righteous and benevolent person. Otherwise, it would be impossible for you to help me with such a major task even though we had just met each other for the first time. However, the more righteous and benevolent little friend Chu Feng is, the more reason that I, Luo, cannot allow myself to be unrighteous. As long as you can get back my treasure box, I shall gift that treasure box to little friend Chu Feng so as to repay the grace you’ve given me.”

“Little friend Chu Feng, trust this old one. That treasure box of mine is of extraordinary origin. I reckon that it would be greatly useful to even you. Of course, the prerequisite is that you’ll be able to open that treasure box.”

“Senior Luo, you’ve already spoken to such a manner. If I, Chu Feng, am to refuse, it would appear that I, Chu Feng, would be the one in the wrong. Since this is the case, let’s set off right away.” Chu Feng had an expression of impatience. He was not concerned about that so-called extraordinary treasure box. Instead, he was impatient about beheading that church head of the Occult Blood Church.

“Very well.” Upon thinking that his greatest vengeance would still be attained, his piece of heart disease would still be settled, Grandfather Luo also became extremely energetic.

Thus, under the guidance from Grandfather Luo, Chu Feng started to fly

toward that so-called Occult Blood Church.

The Occult Blood Church was a genuine demonic church. They had done all kinds of malicious deeds. Not only would they kill, pillage and burn everything down, they would even use living people as cultivation resources. It could be said that they're devoid of all conscience. In this region, they possessed an extremely infamous repute.

However, although the Occult Blood Church was extremely infamous, the location of their headquarters was a secret. Much less for outsiders, even ordinary disciples of the Occult Blood Church did not know where the church's headquarters was located in.

The reason why the Occult Blood Church was so hidden was naturally because they had done all sorts of evil acts and feared that other powers would come to wipe them out.

Unfortunately for them, their headquarters that no one knew about was a place that Grandfather Luo knew very well of.

The headquarters of the Occult Blood Church was constructed in a ravine within a mountain range. This ravine was extremely hidden. However, it was a purgatory within the human realm.

A very dense smell of blood filled the air here. The walls and the grounds were all dark red in color, they were dyed to that color by the human blood. It was so much that there would be bones hanging everywhere on the buildings here.

Even the people at this place were like fierce fiends. What they ate was actual human flesh. What they drank was actual human blood. One must not judge them by the fact that they wore clothes like humans, they were inferior to even animals.

At this moment, a large group of people surrounded the Occult Blood Church's altar. All of them were high standing characters within the Occult Blood Church, the majority of them were at the peak Martial Lord level. There were even a few that had stepped into the Martial King level.

Standing before the altar was a red haired elderly man. He possessed the

cultivation of rank two Martial King. He was the church head of the Occult Blood Church.

At this moment, the various people of the Occult Blood Church were gathered before the altar. This was because there gathered over a thousand virgin males and virgin females on the altar. Of these children, the oldest among them were nine years old. As for the youngest, they were only two.

At this moment, they were cowering with their naked bodies above the altar. As for what awaited them, it was the numerous sharp blades and an inhumane bloodbath. Their blood and flesh would soon become the cultivation resources for the various high standing characters of the Occult Blood Church.

As they looked at the children on the altar that were loudly crying and shivering with cold, those high standing characters of the Occult Blood Church not only lacked even the slightest amount of pity, instead ruthless gazes appeared in their eyes.

They had done this sort of thing truly too many times now. They were extremely accustomed to it. However, they were unaware yet that a massacre meaning to punish their crimes was quietly approaching them.

1. Chinese people often refer themselves in third person when making promises, being humble and such. It actually doesn't sound that weird in Chinese... Here's a list of Chinese honorifics that might come across in novels that might be hard to translate accurately without sounding weird. https://en.wikipedia.org/wiki/Chinese_honorifics Ps. Chu Feng actually refer to Grandfather Luo with 'nin' instead of 'ni.' Both means 'you.' However, 'nin' is the more respectful version of you. 'Essentially, it would be like this if translated literally: Senior Luo, even if there was no relationship between your respectful self and the Occult Blood Church...' Yea, that sounds super weird. Another very common one that comes around in wuxia/xianxia novels is 'Zaixia.'

which literally translates to 'underneath/below' and means 'this one beneath you.' It is a respectful way of lowering your own status when referring to yourself. I generally translate it to 'this one.' You find this very often when characters meet new people and inform each other of their names, generally toward someone superior or someone older.

Chapter 1019: Sweeping the Occult Blood Church flat

“Wuuuu~~~~”

The children were weeping on the altar. They were crying their hearts and lungs out. When those rays of flickering light that appeared like sharp blades started to fly toward them, these children started crying even more ferociously.

However, when faced with this scene, not only did the higher echelons of the Occult Blood Church not have the slightest amount of pity, gazes of anticipation appeared in their eyes. It was so much that there were some people unable to contain themselves and extended their disgusting tongues to lick their lips, almost as if they were unable to contain themselves from engulfing upon this group of children’s blood and flesh.

“Wuuuya~~~”

“Boom, boom, boom, boom~~~”

At the moment when they were preparing to enjoy this banquet, screams suddenly sounded from outside the altar. When they looked over to the direction of the sound, the only thing they saw was a boundless ripple. Like a hurricane, it was wreaking havoc unceasingly.

Any location where that hurricane ripple passed through, all of the Occult Blood Church’s disciples would be disintegrated. As for the buildings, they too would be destroyed into dust. It was simply sweeping past everything and destroying everything in its path. At this moment, half of the entire Occult Blood Church had been destroyed.

“What is that?” Seeing that scene, even those higher echelons of the Occult Blood Church started to grow panicky. They were able to sense how terrifying that ripple was. And now, that frightening power was approaching them.

“Who is it? Why did you attack our Occult Blood Church?” Finally, the church head of the Occult Blood Church spoke out. However, he did not

attack. Instead, he was only watching the scene before him, watched as that frantic hurricane ripple continued to swallow and kill the disciples of the Occult Blood Church, watched as that frantic hurricane ripple destroyed the buildings one after another.

That was because he was uncertain about who it was that had shown up. However, with his shrewd and ruthless experience, he knew the person that had arrived, based on the strength and courage that he had displayed, was absolutely not someone simple. Thus, he must be cautious.

“Hulalala” By the time the church head of the Occult Blood Church finished speaking those words, the hurricane ripple had finally reached the altar. It slowly dissipated before the numerous higher echelons of the Occult Blood Church.

At this moment, two figures appeared before everyone. It was Chu Feng and Grandfather Luo.

“Lin Xingde, do you still recognize me?” Seeing that Occult Blood Church’s church head, Grandfather Luo shouted with a loud voice. His eyes were filled with rage. Even his aged body was involuntarily shivering.

“Luo Wancheng, I truly never would’ve imagined that you are still alive.” Upon seeing Grandfather Luo, the Occult Blood Church’s church head’s eyes flashed too. After that, the nervousness that he had on his face disappeared and he burst into a loud laughter. He said, “What is it, could it be that you’ve come here today to find me for revenge? You truly are courageous, you actually found such a small child to come avenge you?”

“Rank eight Martial Lord, that sort of cultivation is truly not bad, it’s stronger than even my Occult Blood Church’s most excellent disciples. However, unfortunately, I’m afraid that he’ll lose his life here today.”

“Hahahaha...” After hearing the words spoken by the church head of the Occult Blood Church, all of those high standing members of the Occult Blood Church burst into loud laughter. The gazes that they looked to Chu Feng with was now filled with disdain.

Their cultivations were all not weak. At this moment, Chu Feng was not concealing his cultivation. Thus, they were all able to determine Chu

Feng's cultivation level. As for Grandfather Luo, everyone was able to tell that he was a useless person without cultivation. Thus, they did not fear Chu Feng and Grandfather Lou anymore. Instead, they felt that the might that Chu Feng had displayed earlier was nothing more than false bravado.

"Lin Xingde, I have come here today for the purpose of seizing back all that you have snatched from me back then." Grandfather Luo said one word at a time while gnashing his teeth.

"Oh? You wish to seize them back? Very well, come. Have this little child before you come at me. Regardless of whether it is the treasure box or my life, they are both on me. If you wish to take them, go ahead and take them. Of course, you must have the ability to do so." The Occult Blood Church's church head opened his arms and spoke in a very arrogant manner.

At the same time, the numerous higher echelons of the Occult Blood Church all stepped out in front of the church head, putting him behind them. Their intention was very clear. That is, if Chu Feng wanted to do anything to their church head, he must pass through them first.

"You..." Seeing this reaction from the Occult Blood Church's church head, Grandfather Luo became even more angry.

"Pat." However, right at this moment, Chu Feng's palm lightly landed on Grandfather Luo's shoulder. With a low voice, he said, "Senior Luo, you need not get angry. You can just leave these scums to me. As for that Lin Xingde, I will leave him for you. Later, tell me how you wish to torment him. I shall help you do it."

After hearing what Chu Feng said, Grandfather Luo was unable to contain his body from slightly shaking. He stopped saying anymore and moved two steps backward. That was because from the moment earlier, he had managed to obtain a kind of feeling from Chu Feng - the feeling of being at ease.

Right now, he firmly believed in this young man. He firmly believed that this youngster would be able to handle everything. It seemed likely that he would be able to obtain his revenge today.

“Buzz.”

After he finished saying those words, with an intention from Chu Feng, a gate appeared. Slowly, the gate opened. As the gate opened, a woman wearing a mini black skirt, with fair, beautiful legs and an amazing figure appeared. She was yawning. With steps like doing catwalk, she lazily walked out from the World Spirit Gate.

“This is?”

Seeing this woman before them, the eyes of everyone present began to shine. They were not only stunned by Eggy’s beautiful appearance; their attention was even more focused upon the special aura she emitted. That sort of aura seemed as if it had originated from the depths of endless darkness. The dreadfulness emitted by it was not something that they, people who reek with blood, could compare with - that was the true darkness.

“Eggy, help me protect Senior Luo.” As Chu Feng said those words, the Thunder Armor had appeared on him. In a flash, his cultivation was raised to rank nine Martial Lord from rank eight Martial Lord.

“Yoh? You’re actually using the Thunder Armor right away?” Seeing Chu Feng doing this, Eggy displayed an enchanting smile.

“I do not have the patience to waste time on these bunch of scum.”

“Boom.” Right after he said those words, Chu Feng’s body suddenly moved. He turned into a ray of light and, like a sharp sword, shot into the group of people above the altar.

“Wuuwaa~~~” Wherever Chu Feng passed, miserable screams ensued. Regardless of what sort of cultivation those upper echelons of the Occult Blood Church possessed, they were unable to resist Chu Feng’s might and ended up having their body torn and their bones crushed by him. Even their consciousness was extinguished. They had thoroughly died.

“What’s happening?” Seeing the disciples that were protecting him being killed and beheaded by the powerful might displayed by Chu Feng, the calm and collected expression that the Occult Blood Church’s church

head had earlier disappeared in a flash.

At this moment, he had finally realized how powerful Chu Feng was. As they say, one cannot judge a person by their appearance just as how one cannot measure the sea with a pint pot. This youngster before him was one such person that cannot be judged merely by his appearance.

However, the Occult Blood Church's church head was, after all, a rank two Martial King. Thus, at the time when Chu Feng was charging toward him with the might that not even an army of ten thousand could resist, he merely flipped his palm and took out a half-moon shaped blade.

That blade was blood red in color. On the blade were all kinds of runes and symbols. Most importantly, when that blade appeared, the might of this Occult Blood Church's church head instantly rose by several times. Even the ground that they were standing on began to violently tremble.

It turned out that what he had taken out was an Incomplete Royal Armament.

"Woosh woosh woosh." Once the Incomplete Royal Armament was taken out, the confidence of the Occult Blood Church's church master had rose dramatically. Not only did he not retreat, he instead began to brandish the half-moon shaped blade and slashed at Chu Feng.

"It would appear that the Holy Land of Martialism is different from what I imagined it to be. It turned out that the grand Occult Blood Church's church master only possessed such level of weapon."

Seeing the blood red colored light rays that had covered the sky and feeling the oppressive might displayed by this rank two Martial King, not only was Chu Feng not afraid in the slightest, a cold, mocking smile instead appeared on the corners of his mouth.

Chapter 1020: Mysterious Treasure Box

“Arrogant child, you actually dared to ridicule this grand church head’s weapon? Today, I shall allow you to experience the might of my weapon.”

Seeing that his prided weapon was unexpectedly insulted, this caused the grand church head of the Occult Blood Church to become visibly angry. He waved the half-moon shaped blade in his hand from left to right and a burst of Martial King martial power was shot forth, engulfing everything. The Martial King martial power turned into tens of thousands of blood red colored light rays and, with sounds like that of wolves crying and ghosts howling, rushed toward Chu Feng.

That was a martial skill. Not only was it extremely profound and contained the power of evil, it also managed to perfectly combine with this Incomplete Royal Armament and gave off an extremely powerful might.

However, despite this, Chu Feng was still fearless. Only at the moment when the attack that gave off the sounds of wolves crying and ghosts howling were fast-approaching did he suddenly wave his palm. A large black sword appeared in his hand.

“Boom~~~~”

“Aooo~~~~”

Once the pitch black colored sword appeared, rising wind immediately started appearing and the earth started to tremble. The attack that the church head of the Occult Blood Church had cast instantly vanished like smoke in thin air. As this for large sword, it was naturally the king among Royal Armaments, the Demon Sealing Sword.

Once the Demon Sealing Sword appeared, Chu Feng’s aura also completely changed. He was like a real God of War. As for the Demon Sealing Sword that he held in his hand, it was like a dragon that would devour everything. With its invincible might, the Demon Sealing Sword was thrust toward the chest of the Occult Blood Church’s church head.

“Damn it.”

At this moment, the Occult Blood Church's church head had thought about using his all to defend the incoming attack. However, when he started to brandish the Incomplete Royal Armament in his hand, he was shocked to discover that not only was the Incomplete Royal Armament in his hand violently trembling, it even seemed to have lost control - it had already lost its ability to resist.

"Puchi." At the split second when the Occult Blood Church's church head hesitated, the Demon Sealing Sword in Chu Feng's hand had already pierced into his chest and out his back.

"Wuuwa." Having his chest penetrated by the giant sword, the Occult Blood Church's church head gave off a miserable scream. At this moment, like a nail, he was pinned to the altar and unable to move at all.

"You, you, who exactly are you?" The church head of the Occult Blood Church started to panic. At the moment when Chu Feng took out the Demon Sealing Sword, he already realized that Chu Feng was definitely not of ordinary origins.

That was because he was able to sense the Demon Sealing Sword that Chu Feng had taken out was a Royal Armament. Furthermore, based on the might that it displayed, it seemed to be several times more powerful than the Royal Armaments that he had seen before. At the very least, the oppressive sensation that it had given to his Incomplete Royal Armament had greatly surpassed that of ordinary Royal Armaments.

This caused him to become certain that there was definitely a formidable power behind Chu Feng. Otherwise, with his cultivation and age, how could he possibly possess such a precious weapon?

"Senior Luo, how do you wish to torment this scum?" Chu Feng did not bother to pay attention to the Occult Blood Church's church head. Instead, his gaze was cast toward Grandfather Luo.

"This..." Although Grandfather Luo's hatred for the Occult Blood Church's church head was deep to the bone, but when asked about how to torment him, Grandfather Luo actually started to hesitate.

"No matter, since all torments are the same, allow this junior to help you

with it.” Chu Feng lightly smiled and stopped waiting for Grandfather Luo’s response. While keeping the Occult Blood Church’s church head pinned by the Demon Sealing Sword, Chu Feng extended his two hands. Like two large pincers, he started to pinch the body of the Occult Blood Church.

“Ahhh~~~~~”

Chu Feng’s hands were extremely powerful. Anywhere he pinched would give off a ‘kacha, kacha’ sound of something being broken. As for the places that he pinched, not only would the flesh and blood be mutilated, even the bones would be broken. In merely a blink of an eye, Chu Feng’s hands had gone past the entire body of the Occult Blood Church’s church head. This caused the church head’s body to be covered in blood with broken bones all over. He had turned into a cripple.

After subjecting the Occult Blood Church’s church head to the pain of having his entire body’s bones broken, Chu Feng did not stop. Instead, he raised his hand and a dagger appeared in it. Once the dagger appeared, Chu Feng began to frantically pierce it into the body of the Occult Blood Church’s church head. Relying on the sharpness of the dagger, Chu Feng began to pull out the tendons and meridians of the Occult Blood Church’s church head one after another and then pierced holes through his organs.

“Ah~~~~ Stop, stop. Don’t torment me anymore. The treasure box that you want is in my Cosmos Sack. If you want it, then take it. After all, it is merely a useless item that can’t even be opened. I don’t want it anymore, I’m giving it back, alright?”

“Please spare my life. Big brother Luo, I was wrong. Please spare my life.”

Unable to bear Chu Feng’s torments anymore, the Occult Blood Church’s church head began to beg for forgiveness. Seeing that begging to Chu Feng was useless, he cast his gaze toward Grandfather Luo.

Seeing Chu Feng tormenting the Occult Blood Church’s church head like that, even Grandfather Luo who had experienced many large gales and waves started to deeply frown. His forehead was filled with cold sweat. As his age was old, he had also become unable to endure watching this

sort of excessively cruel torment anymore. Thus, he opened his mouth and said,

“Chu Feng, you can stop. Take out that treasure box of mine and check it out first. See if what he had said is true or false. After all, his life is nowhere as precious as that treasure chest of mine.”

Hearing Grandfather Luo speaking out, Chu Feng naturally stopped his torment. He went and picked up the Occult Blood Church’s church head’s cosmos sack. After inspecting it, he soon discovered an extraordinary item in it.

After taking out that item, even Chu Feng’s eyes started to shine. That was because that was a treasure box.

This treasure box was a wooden box. Its color was a bit blackish purple. From a single glance, it appeared to be very shabby. However, those people with great eyesight were able to tell with a single glance that it was a treasure box.

This treasure box was very ancient. As for the runes and patterns on it, they too were extremely profound. The most important matter was when one held it in their hand, one would be able to sense an extremely powerful energy flowing through the treasure box. This meant that the treasure chest contained extraordinary items.

“Wow, it’s actually a treasure box. Chu Feng, quickly open it and see exactly what it is that’s inside.” At this moment, even the great Lady Queen gasped in surprise. Unable to stop herself, she ran over to Chu Feng.

“Haha, open this treasure box? You can continue to dream! After I obtained this treasure box, I had painstakingly studied it for many years. However, I was unable to open it at all.” The Occult Blood Church’s church head sneered.

“Heh...” Toward the words spoken by the Occult Blood Church’s church head, Chu Feng merely gave a laugh of disdain. He did not directly try to open the treasure box right away. Instead, his gaze flashed, activating his Heaven Eyes. Using that, Chu Feng began to carefully inspect the patterns

on the treasure box.

After his inspection, he spread out his majestic golden spiritual energy and began to create a unique opening formation on the ground. Next, he placed the treasure chest in the opening formation and began to activate it.

“Buzz.” As the formation was activated, light instantly engulfed the entire place. Layers upon layers of powerful runes, like a magnificent army of thousands of men and horses, started to attack the treasure box. Before that sort of attack, the treasure box actually started to slightly sway. Moreover, the runes on the treasure box also began to flicker with light. In the end, a popping sound was heard. That treasure box was indeed opened.

“Impossible. This is impossible. I have painstakingly spent all those years trying to open it to no avail, how could you possibly open it?”

Seeing the treasure box being opened before his eyes, the Occult Blood Church’s church head was driven mad. Like a crazy man, he started to twist and wring his body and was trying to break away from the binding of the Demon Sealing Sword. At the same time, his eyes were emitting a gaze filled with greed and was fixed upon the opened treasure box. From this, one could tell how badly he wanted the things inside the treasure box.

In reality, not only him, even Grandfather Luo had an expression of shock. He was so emotional that his aged body was even shivering. If the Occult Blood Church’s church head had spent many years in trying to open this treasure box to no avail, then the amount of time that Grandfather Luo had spent was several decades.

The treasure box that they had spent that many years trying to open with no avail, was actually opened after being in Chu Feng’s hand for only a short moment. How could they possibly not be emotional?

At this moment, they realized an issue. It turned out that it wasn’t that the treasure box was hard to open. Instead, it was that the methods they used to try opening the treasure box was far too inferior.

Chapter 1021: Three items

At this moment, both Chu Feng and Eggy's gazes were also fixed upon that treasure box. They were already deeply attracted by the items within the treasure box.

There was a total of three items within the treasure box. It could be said that every single one of them were invaluable treasures. It was so much that if one was to randomly take either one of those three items out, they would be able to create a carnage of blood.

The first item was a fruit the size of a walnut. This fruit was light blue in color. On the surface of this fruit was a scale-like layer. On the center of that scale-like layer were patterns. The patterns were emitting a light glimmer.

Other than the light glimmer, the patterns were also emitting a light aroma. The aroma was not very heavy. However, it gave off a fascinating sensation that was hard to resist.

The most important matter was that Chu Feng sensed an extremely powerful natural energy. That sort of energy was even stronger than the energy of the Natural Oddities that Chu Feng had refined in the past.

However, this fruit was clearly not a Natural Oddity. Instead, it appeared more like an ordinary medicinal fruit for cultivation, an ordinary cultivation resource. However, the natural energy that it contained within it was truly marvelous.

One must say that this first item had already caused Chu Feng's heartbeat to accelerate. It was not that Chu Feng had never experienced such a thing before, it was just that the amount of energy contained within this fruit was truly too terrifying. It was likely even possible for Chu Feng to make a breakthrough of a single rank using that fruit.

"Eggy, do you know what this is?" Chu Feng asked.

"No idea. However, I know that it's a good item that could allow your cultivation to increase."

“Other than that, judging from its appearance, it looks like a kind of fruit. Although the shape that it had condensed to is relatively complicated, it is absolutely not as complicated as that of Natural Oddities. If my guess is correct, there ought to be a lot of fruits like this one here. It seems like a fruit that was picked from a tree.” Eggy said while blinking her large eyes.

“A lot more of these?” Hearing those words, even Chu Feng was unable to help himself from gulping a mouthful of saliva. If Chu Feng wanted to increase his cultivation, what was it that he needed the most? What he needed the most was cultivation resources!

Currently, just this mysterious fruit had caused Chu Feng to become this emotional. If there was truly a lot more of this kind of fruit, then what would it mean for Chu Feng?

“If my guess is correct, this fruit has yet to ripe. It could be said that it is an immature fruit. If it is half matured or fully matured, then the energy contained within it would definitely surpass your imagination even more.” Eggy added with a smile on her face.

“Gulp.” When he heard that, Chu Feng once again gulped down a mouthful of saliva. His desire, the desire to search for this sort of fruit, had been completely evoked by Eggy.

“Perhaps that map might contain the location for this sort of fruit.” Said Eggy as she pointed to the second item in the treasure box.

That’s right. In this treasure box, the first item was this fruit that contained an extremely astonishing amount of natural energy. As for the second item, it was a map. Well, at the very least, it appeared like a map.

It was an extremely ancient map. It was made out of kraft paper. At this moment, it was folded and placed within the treasure box.

As for the final item, it was a completely dark golden colored little dagger. No, accurately describing, it was not a dagger. Instead, it appeared more like a cane. However, it was not a cane.

In short, this item was extremely beautiful. It emitted a light glimmer. As

long as one took a glance at it, one would be able to tell that it was an extraordinary treasure. However, it was not a weapon. No one knew what exactly it was for. It could be said that it was a mystery.

Chu Feng opened the kraft paper and discovered that it was indeed a map. Furthermore, this map was extremely complicated and there were actually two versions of the map on the map. The first version was a version that everyone could see.

This version was located in a place called Cyanwood Mountain. On this version was a large tree. That large tree was filled with gorgeous fruits. When one carefully looked at it, the fruits on the tree were exactly the same as the fruit in this treasure box.

Moreover, a weapon was stuck underneath this tree. Next to that was an enormous treasure chest. This was simply a hint to everyone that there were treasures in the Cyanwood Mountain. Not only was there a large amount of cultivation resources, there was also an unknown treasure chest and a powerful weapon.

“It’s actually the Cyanwood Mountain? Never would I have ever imagined that the treasure recorded in the treasure box that I obtained at a location far away would actually be so close to my hometown.”

At this moment, Grandfather Luo had already come over. When Chu Feng opened the map, he too had carefully inspected it. When he discovered that the treasure was hidden somewhere in the Cyanwood Mountain, he became extremely emotional.

“Senior Luo, could that Cyanwood Mountain be one of the Nine Powers that you have spoken of, the strongest power within this region of land?” Asked Chu Feng.

Due to the fact that the Cyanwood Mountain on the map was extremely large, it meant that it was an extremely vast mountain range. As for exactly how vast it was, it would likely be something that Chu Feng had never experienced before.

Moreover, the location of the Cyanwood Mountain was very good. It was impossible for there to not have someone occupying such a place. Thus,

Chu Feng felt that this Cyanwood Mountain was the same as the Cyanwood Mountain, one of the Nine Powers.

“That’s right. There is only a single Cyanwood Mountain in the Holy Land of Martialism. It is one of the Nine Powers.” Grandfather Luo nodded.

Upon hearing Grandfather Luo’s words, Chu Feng started to frown. He began to carefully inspect the map once again. He was using his Heaven’s Eyes to inspect the other portion of the map. This portion was a portion that Grandfather Luo cannot see. That was because this was the version that was hidden.

If the version that everyone could see indicated that the treasure was hidden within the Cyanwood Mountain, then the version that was hidden indicated the exact location of the treasure.

Chu Feng was able to determine from the hidden version that the treasure was hidden in a very vast world. That place was filled with traps and mechanisms and contained a lot of things that surpassed Chu Feng’s imagination. Moreover, some of those things were also hidden.

In other words, while this hidden version of the map had let Chu Feng know about some things, there were still things that were hidden from him. Even if Chu Feng was able to accurately find the location of this treasure, it was still extremely dangerous should he want to enter it.

Using his Heaven’s Eyes, Chu Feng carefully inspected the map numerous times in succession. Only when he was certain that he did not miss anything did he move his hand and create a layer of flame on his palm. Using that, he burned the map into ashes.

“Little friend Chu Feng, have you remembered all the contents of this map?” Grandfather Luo was not very shocked by Chu Feng’s action. That was because if it was him, he too would do such a thing.

These three items in the treasure box, if one was to say which one would cause others to covet for it the most, then it would definitely be that map. That was because anyone could tell that it was a treasure map. If one was to place this treasure map on them, it would be extremely unsafe. Thus, it

was better for one to remember the contents of the treasure map in their head.

“I’ve remembered everything. Merely, this treasure is not as simple as it seems.” While he said those words, Chu Feng had already placed away that cane-like yet dagger-like item. He was unable to be certain what use this item had. However, he was certain that it was definitely related with the treasure. Thus, it would definitely be of use for him to have it on him.

Chapter 1022: Rank Nine Martial Lord

Towards Chu Feng's action, Grandfather Luo also nodded his head expressing his approval. After all, he had said at the beginning that he would present the treasure box as a gift to Chu Feng in return for helping him obtain his revenge.

In fact, he was very certain that the current him simply did not possess the ability to use these items. Even if he was to obtain them, they would be useless to him. Moreover, they might even cause others to come to kill him so as to steal the items. Thus, rather than being wasted in his hands, it was better for them to be used in Chu Feng's hands.

However, the moment when Chu Feng did his third action, he became puzzled by it. To be exact, he was greatly puzzled by it. That was because at this very moment, Chu Feng had placed that mysterious fruit into his mouth.

"Little friend Chu Feng, what are you doing? Although this item appeared like a fruit, it is not as simple as a fruit. The energy contained within it is too terrifying. For you to directly swallow it like that might cause you to explode and die." Sensing that something was wrong, Grandfather Luo immediately spoke to advise against it.

At the same time, that Occult Blood Church's church head who was pinned by the Demon Sealing Sword also had his eyes wide open. Seeing the actions of Chu Feng, he was also extremely shocked. However, he did not try to stop Chu Feng. Instead, he was secretly delighted.

Refining cultivation resources always had a step by step process where one would slowly absorb the energy within the resources. For one to do something like Chu Feng had, was simply courting death. Thus, he was thinking the same thing as Grandfather Luo and felt that Chu Feng was ignorant, charmed by that mysterious fruit's outer appearance and thought that he could directly eat that mysterious fruit.

He was waiting for Chu Feng to continue making mistakes. He was waiting for Chu Feng to explode and die after eating that mysterious fruit.

Once that was to happen, he would be able to find a way to escape. Moreover, other than that mysterious fruit, everything else that Chu Feng possessed would all be his.

However, Chu Feng was naturally going to disappoint him. Chu Feng did not bother to respond to Grandfather Luo's shout. Instead, he directly swallowed that mysterious fruit. After that, he closed his eyes and sat to the ground and entered a cultivation state.

"Buzz."

Not long after that mysterious fruit entered Chu Feng's body, unusual changes began to appear in his body. Layers of powerful martial energy, like tornados, started to revolve around Chu Feng and rapidly spin. Not only did it make the clothes that Chu Feng wore flutter, it also blew back Grandfather Luo who was beside him. Had it not been for Eggy being present and canceling out the might displayed by Chu Feng, that powerful martial energy would've cost Grandfather Luo his life.

"Heavens, what, what is happening?" Grandfather Luo was no fool. Seeing the changes that was happening to Chu Feng right now, he was overcome with shock. That was because he was able to tell that the state that Chu Feng was in was a state of achieving a breakthrough. Moreover, it was a state of someone soon to advance to the next rank.

However, he was unable to understand why Chu Feng's breakthrough would come so quick. One must know that the later the stage a cultivator reaches, the slower it would be for them to achieve a breakthrough. Although Chu Feng was not a Martial King, he was still a Martial Lord. At such a stage, breakthrough would definitely not be that fast.

"Little old man, there is no need for you to panic. I know what you are worried about. You're worried that mysterious fruit would harm Chu Feng, right?"

"However, allow me to tell you this then. Chu Feng is not as weak as you imagined him to be. Although that mysterious fruit contained a very powerful amount of natural energy, it would not be able to harm Chu Feng. Instead, it would only help him." Seeing Grandfather Luo's flustered

appearance that seemed like he was about to have a heart attack, Eggy decided to tell him in goodwill.

“What? It’s that mysterious fruit helping him?” Hearing what Eggy said, Grandfather Luo felt the situation was even more inconceivable. What she said essentially meant that Chu Feng was able to refine that mysterious fruit as a whole. Otherwise, how could he obtain the energy of that mysterious fruit?

“Buzz”

Right at this moment, the boundless martial power that revolved around Chu Feng suddenly started to condense. In the end, like a reverse flowing river, they all entered into Chu Feng’s body. Following that, Chu Feng’s closed eyes started to open.

When Chu Feng’s eyes were opened, three kinds of lightning were flickering in his eyes. His entire aura had become completely different. The current Chu Feng no longer possessed the cultivation of rank nine Martial Lord. Instead, he had become a Martial King. His cultivation was now that of a rank one Martial King.

“How could this be, this is impossible. Not only did you completely refine that mysterious fruit, you actually managed to increase your cultivation with it? Impossible! This is simply not something that a human could do! What exactly are you?! What the hell are you?!” Upon discovering that Chu Feng was not only fine, he actually managed to achieve a breakthrough, the Occult Blood Church’s church head became frantic. He was unable to accept the truth.

“Little friend Chu Feng, you, you’ve, you’ve broken through to the Martial King stage?” In fact, even Grandfather Luo had an expression of shock. Although he was no longer able to sense Chu Feng’s cultivation, he was able to determine the cultivation stage that Chu Feng was in through the might that he displayed.

Seeing this, Chu Feng lightly smiled and removed the Thunder Armor that he was wearing. His cultivation dropped back down to that of a rank nine Martial Lord. Only then did he say, “Senior Luo, earlier this junior

indeed managed to achieve a breakthrough. However, I have not broken through to the Martial King stage. Instead, I reached a breakthrough from rank eight Martial Lord to rank nine Martial Lord.”

“As for the rank one Martial King stage cultivation from earlier, it was caused by my special method. When I use this Thunder Armor of mine, I am able to increase my cultivation by a single rank. Even though I am only a rank nine Martial Lord, as long as I use this Thunder Armor, I would instantly reach rank one Martial King.”

“Little friend Chu Feng is truly an outstanding genius, truly an outstanding genius.” Upon hearing what Chu Feng said, the gaze that Grandfather Luo looked to Chu Feng with became even more complicated. It could be said that his gaze was filled with surprise and admiration.

He realized how powerful Chu Feng was and knew that Chu Feng was definitely no ordinary person. Instead, he was a cultivation genius. Otherwise, it would be impossible for him to possess such amazing skills and abilities.

“Senior Luo, this junior has already received the award that you promised me. Thus, this junior ought to help you finish the task that I have received.” As Chu Feng said those words, he raised his palm and crushed the treasure box that contained the three items to dust.

Before this treasure box was opened, it could be said to be an indestructible and mysterious object. However, after it had been opened, it became an ordinary item without any usage. However, it was still something of extraordinary origin. Thus, rather than carrying it around, it was better to destroy it. After all, leaving it on one’s body had no use anyways.

After he destroyed the treasure box, Chu Feng walked over to the Occult Blood Church’s church head and asked Grandfather Luo, “Grandfather Luo, how do you want him to die?”

“Don’t kill me, don’t kill me. Big brother Luo, do you still remember the promise that we made back then? Do you still remember that you said that you’ll take care of your brother, me, for your entire lifetime? Do you

still remember that we ate and slept together and have gone through numerous adventures together?”

“What is the most important thing for a person? You said that the most important thing was one’s brotherhood. You’ve said that even if your brother was to make a mistake, you’ll still forgive me.”

“Big brother Luo, your brother knows of his wrongs. Please, give me another chance. As long as you do not kill me, I will definitely right my wrongs and become a new person. I would never do any outrageous atrocities anymore.” Seeing that Chu Feng wanted to kill him, the Occult Blood Church’s church head immediately opened his mouth and, with tears and snot, began to beg Grandfather Luo for forgiveness.

After all, he could only beg for forgiveness at Grandfather Luo. Although Chu Feng’s age was young, he was an extremely vicious and merciless person. That brat would definitely not let him go. If he wished to live, the only person he could beg was his own big brother that he had plotted against before.

“Cripple his cultivation but leave his life.” After hearing the words spoken by the Occult Blood Church’s church head, Grandfather Luo hesitated for a very long time. In the end, he closed his eyes and said those words.

“Senior Luo, please forgive this junior for being unable to comply. Regardless of how you wished to kill this person, this junior could do it for you. However, if you wished to leave his life, this junior is unable to comply.”

“That is because he has killed too many innocent people. The sins that he has committed is truly too numerous and great. If we do not kill him, then those children that he had killed and those innocent people that died tragically would not be able to close their eyes in death and die contentedly.”

“Forget about it, since your old affection is causing your reluctance to kill him, allow this junior to do it in your place.”

However, to everyone’s surprise, even though Grandfather Luo had

spoken out against it, Chu Feng did not have the intention to let the Occult Blood Church's church head go. Chu Feng suddenly pulled out the Demon Sealing Sword and then waved it downward. "Bang." The strike had slashed both the body and the soul of the Occult Blood Church's church head, completely killing him.

Chapter 1023: Taking Some Detours

After Chu Feng killed the Occult Blood Church's church head, he walked over to the altar and released the group of pitiful virgin boys and girls.

"Thank you, thank you."

These children were truly clever. They knew that it was Chu Feng that had saved them. After they escaped from the altar, other than a small portion who were too young and was still crying at where they were, the majority of them all circled around Chu Feng and started expressing their gratitude. While doing that, they tightly grabbed onto Chu Feng's clothes in fear of returning to the palms of the demons again.

The world was very large and evil was everywhere. For things that he did not encounter, even if Chu Feng wished to help, he would not be able to. However, since he encountered such a thing today, he must take care of it then. Thus, after Chu Feng saved this group of little virgin boys and girls, he would naturally not leave them behind. Instead, he began to return them to their respective homes.

Even those children with bad memories who had forgotten where their homes were had their memories strengthened by a special method from Chu Feng so that they could recall where it was, allowing Chu Feng to return them home.

Furthermore, for all those children that Chu Feng saved, he would give them some financial aid. Although the assistance was merely equivalent to lifting one's hand for Chu Feng that was not worth mentioning, it would allow these families to not have to worry about food and clothing for an entire lifetime. This support was even enough to allow these families to become rich in their local lands.

"Senior Luo, earlier this junior did not listen to your words, I hope that senior would not blame this junior." After bringing all the children back to their homes, Chu Feng brought Grandfather Luo back to his current residence.

“Sigh. Speaking of it, I am truly ashamed. Earlier, I was truly soft-hearted. After seeing the families of these children and the expressions they had after they were returned home, I truly regretted, I truly regretted that I had thought about letting Lin Xingde off.”

“Fortunately, little friend Chu Feng’s wisdom is above my own and did not listen to my silly words. Otherwise, I fear that it would’ve lead to a disaster. Who knows how many more innocent families he would end up harming.” Grandfather Luo had a face filled with shame. He felt sorry from the bottom of his heart.

“Senior Luo, you must not say it like that. Everyone’s heart is formed of flesh. As you are that kindhearted, it was inevitable that you’d be confused by that Occult Blood Church’s church head’s words.” Chu Feng did not wish to make things too difficult for Grandfather Luo. Thus, he smiled as he consoled him.

“Sigh.” However, Grandfather Luo was a person with experience and naturally knew very well of his mistake. Thus, he took a long sigh and stopped mentioning about this subject anymore. Instead, he asked. “Little friend Chu Feng, what are your plans for now? Might you intend to go to the Cyanwood Mountain?”

“Senior Luo, truth be told, this junior’s ability is a bit special and very similar to those who possess inherited bloodlines. The speed at which my cultivation increases is inextricably linked to cultivation resources.”

“Thus, that treasure is extremely important to me and I must journey to the Cyanwood Mountain.” Chu Feng did not hide his intention from Grandfather Luo.

“Chu Feng, are you familiar with the Cyanwood Mountain?” Asked Grandfather Luo.

“No.” Chu Feng shook his head. Only after he arrived in the Holy Land of Martialism did he hear about the Cyanwood Mountain. He only knew that the Cyanwood Mountain was the same as the Cursed Soil Sect and was led by a Martial Emperor level expert and known as one of the Nine Powers, one of the several most powerful powers in the Holy Land of

Martialism.

“The Cyanwood Mountain possesses over a billion external disciples. As for their internal disciples, there are several tens of millions. Even those core disciples, the ones that are considered to be elites, is said to number a million.”

“Moreover, this is only the number of disciples. In the Cyanwood Mountain, all those who are over fifty years of age would not be known as disciples anymore. Instead, they would become elders.”

“As the Cyanwood Mountain is extremely ancient of power and possesses special abilities to extend their lives, the number of elders in the Cyanwood Mountain is several times that of the disciples. You should be able to imagine what sort of power this Cyanwood Mountain is, right?” Grandfather Luo asked.

“In that case, doesn’t it mean that if the elders and disciples of the Cyanwood Mountain are to be added up, then wouldn’t the number be over several billion people?” Chu Feng gasped in surprise. A single power actually contained this much people. Moreover, the talents would most certainly be filtered through many layers before one could enter the Cyanwood Mountain.”

For there to be this many people even after rigorous selections, it was truly astonishing. The peak powers of the Holy Land of Martialism was truly surpassing one’s imagination.

“Several billions, I’m afraid that would only be a conservative estimate. Without mentioning the number of people they contain, the Cyanwood Mountain have experts like clouds in the sky. It is definitely not something that a small power like the Occult Blood Church could compare with.”

“If you truly wish to compare them, then the Occult Blood Church would be a little ditch with little fishes and shrimps. As for the Cyanwood Mountain, it would be a vast ocean that one cannot see the bottom. The things raised in that place are all dragons.”

“Moreover, the classification of ranks within the Cyanwood Mountain is extremely strict. The accomplishments one could achieve before fifty years

of age indirectly determined one's position in the future. The core disciples are the goals that all disciples strive to become. Only through becoming a core disciple could one be considered to be an elite of the Cyanwood Mountain. When a core disciple becomes an elder in the future, they will also become first class elders."

"Earlier, you've mentioned that your body is special and your cultivation speed is inextricably linked with the cultivation resources you possess. If this is the case, then you must truly go to the Cyanwood Mountain."

"That is because the Cyanwood Mountain is a vast territory with abundant resources. Its history is extremely deep; they have been in existence for several tens of thousands of years. It could be said that the Cyanwood Mountain is one of the most ancient powers within the Holy Land of Martialism."

"The Cyanwood Mountain practically contains an infinite amount of resources. However, the prerequisite is that you must use your ability to obtain these resources. In other words, as long as you possess sufficient ability, even if you do not obtain that treasure, you would be able to, in the Cyanwood Mountain, be a fish in water and reach success instantly." Said Grandfather Luo.

"Truly? There's truly that many cultivation resources there?" Chu Feng was shocked. That was because the words spoken by Grandfather Luo did not seem to be a joke at all. However, the amount of cultivation resources that Chu Feng needed were truly enormous. That was the reason he was this shocked.

"Those powers led by Martial Emperors, which among them would be simple? Chu Feng, do you know what Martial Emperors are? They are people that stood at the peak of the cultivation world. They are existences that contained emperor level martial power."

"The Holy Land of Martialism is this vast, what sort of character would it not have? Without mentioning about the Divine Bodies bestowed by heaven, the four Imperial Clans were people who all possessed Imperial Bloodlines. However, in the end, how many among them were capable of

becoming Martial Emperors? I'm afraid that for there to be a single Martial Emperor in several thousand years would already be extremely hard to come by." Said Grandfather Luo in an extremely serious manner.

"Indeed." Hearing those words, Chu Feng also nodded in agreement. From Grandfather Luo's words, Chu Feng was able to infer that although the Holy Land of Martialism possessed experts at the Martial Emperor level, they were extremely rare beings, the peak existences that all people looked up to. Martial Emperors, even in the Holy Land of Martialism, were legends.

"Actually, with your abilities, it would not be difficult for you to directly become a core disciple after entering the Cyanwood Mountain. However, the Cyanwood Mountain is a place with quarrels too. The number of experts there are truly numerous. Moreover, the number of people with extensive backgrounds are innumerable as well."

"I'm afraid that no matter how outstanding your talent is; you would likely not be able to obtain special consideration from the Cyanwood Mountain. That is because that place does not lack any genius at all. As far as I know, the Cyanwood Mountain contains quite many Divine Bodies. As for people who possess special abilities like yourself, they are even more numerous."

"In the Holy Land of Martialism, you are someone without any backing. If you tried to enter the Cyanwood Mountain rashly, I'm afraid that the obstructions that you would be met with would be extremely great. Not to mention being able to obtain the treasure, it would be difficult for you to even be able to become a core disciple and obtain the resources given to core disciples."

"After all, the greater the benefit, the more intense the fight for it would be. For their own benefits, those core disciples would use all kinds of methods and even utilize the strength of their families. Without a certain amount of backing, it is truly difficult for one to be able to stick out there." Said Grandfather Luo.

"Senior Luo, in that case, do you have any suggestions?" Chu Feng have

realized how extraordinary the Cyanwood Mountain was. However, he was also able to tell that, with Grandfather Luo's vast experience and knowledge, he ought to have a suggestion for him. Otherwise, he wouldn't say all this to Chu Feng.

“Actually, I wanted you to take some detours.” Said Grandfather Luo.

Chapter 1024: Entering the Southern Cyanwood Forest first

“Detour?” Chu Feng was puzzled by what Grandfather Luo said.

“With the abilities that you currently possess, it is extremely possible for you to become a core disciple directly should you enter the Cyanwood Mountain. However, if you do not have anyone to take care of you in the Cyanwood Mountain, the journey for you in the future will not be an easy one.”

“As far as I know, not far from this place is a place called Southern Cyanwood Forest. This Southern Cyanwood Forest is no ordinary place; it is a branch power of the Cyanwood Mountain. The reason it is located in this place is so that it could select outstanding disciples for the Cyanwood Mountain.”

“If you were to first enter the Southern Cyanwood Forest and then have it send you to the Cyanwood Mountain, it would be of great assistance to your future in the Cyanwood Mountain. Although you would still have to become a core disciple of the Cyanwood Mountain and would have to go through extra steps to reach that goal, but the result would be completely different.”

“The headmaster of the Southern Cyanwood Forest is not only powerful; he also has powerful connections within the Cyanwood Mountain. If you are able to gain the favor of the Southern Cyanwood Forest’s headmaster and have him send you over to the Cyanwood Mountain, he would definitely utilize his connections to help your growth in the Cyanwood Mountain.”

“That is because if you were to develop well in the Cyanwood Mountain, not only would it be an honor to the Southern Cyanwood Forest’s headmaster, it would also be an honor to the Southern Cyanwood Forest as a whole.” Said Grandfather Luo with a serious tone.

“Many thanks for Senior Luo’s advice.”

After hearing Grandfather Luo's suggestion, Chu Feng felt that a detour was all the more reasonable. Although entering the Southern Cyanwood Forest was indeed taking a detour, if he was truly able to obtain some assistance from that, and even if he was to take more detours, it would also be worth it.

After he made his decision, Chu Feng did not bother waiting. After he brought Grandfather Luo back home, he directly proceeded towards the so-called Southern Cyanwood Forest.

The Southern Cyanwood Forest was not far from where he was. Thus, Chu Feng only spent a single day before he arrived at the Southern Cyanwood Forest.

Merely, after Chu Feng arrived at the Southern Cyanwood Forest, he was shocked by the boundless forest formed by the enormous trees that reached into the heavens.

"The Holy Land of Martialism is indeed extraordinary. Even the trees here can grow to this extent. For the Southern Cyanwood Forest to already be like this, I truly wonder exactly how astonishing the Cyanwood Mountain would be." While standing outside of the Southern Cyanwood Forest, Chu Feng already started feeling fired up. After all, with the Southern Cyanwood Forest already being like this, he was able to imagine exactly how magnificent Cyanwood Mountain would be.

Cyanwood Mountain was definitely a power that surpassed Chu Feng's imagination. At the same time, only such a power possessed the requirements for Chu Feng to become its disciple and learn from it a cultivation anew.

Chu Feng knew very well that regardless of how impressive he was at the Eastern Sea Region, since he had come to the Holy Land of Martialism, it meant that everyone would have to start anew.

Thus, his frame of mind was extremely level. He had already cast off the glory that he had obtained in the past and, with an attitude of venturing a new land for the first time, walked into the Holy Land of Martialism.

Although the Southern Cyanwood Forest was huge, it was not a place

that one could enter as one wished. There was a layer of defensive barrier around it and one could only enter and exit through a designated entrance. Chu Feng entered through the entrance and said that he wished to become a disciple of the Southern Cyanwood Forest.

The elder of the Southern Cyanwood Forest did not bother to inspect Chu Feng's cultivation. Instead, he casually led Chu Feng into a formation. There were many obstructions within that formation. To be frank, this formation was an examination for those who wished to become disciples.

This sort of examination was not simple at all. It ended up baffling a lot of people and caused many who have arrived in hopes of becoming disciples to be refused, locked outside and end up leaving this place because of their failure to pass the exam.

However, how could this sort of exam possibly baffle Chu Feng? Chu Feng managed to effortlessly pass the exam. Moreover, the speed at which he passed the exam was extremely fast. However, this did not give him the favor of the elder. As the number of people who wished to become disciples of the Southern Cyanwood Forest were numerous, there were many others who managed to pass the exam. Like the other people who passed the exam, Chu Feng ended up having to take more exams following that.

The first exam was testing one's strength and ability. As for the following exam, it was an audit of the participant's background. When it became time for them to question Chu Feng, Chu Feng had pondered for a long time but was unable to think of a name for the place that he was from. Thus, he ended up telling the elder that he had arrived from the Southern Sea Region.

After hearing Chu Feng's response, that elder was a bit flabbergasted and took a couple more glances at Chu Feng. However, he did not bother saying much and directly gave Chu Feng his identity plate as well as the disciple attire and then led him to a courtyard.

There were many buildings in this courtyard. However, none of them were vast and magnificent. It could be said that, when compared to other

buildings, the buildings here appeared somewhat simple and crude.

Only later did Chu Feng find out that this was the place for people who have come from outside the Holy Land of Martialism to live. The people living in this courtyard were actually all from the Southern Sea Region.

After hearing these, Chu Feng seemed to have understood why he ended up encountering that great formation after exiting the exit of the Heavenly Road. It turned out that that great formation was actually something that the Southern Cyanwood Forest had set up. The purpose of that great formation was so that they could test the people who had arrived at the Holy Land of Martialism through the exit of the Heavenly Road.

However, it appeared that Chu Feng had arrived late. Thus, when he arrived through the exit of the Heavenly Road, the people of the Southern Cyanwood Forest in charge of welcoming them had already left. The only thing that awaited him was the formation used to test him.

Time passed by quickly. In a blink of an eye, the sky had darkened. Moreover, the treatment for Chu Feng and them seemed to be pretty bad. There was no one to bring them food. If they wished to eat, they would all have to come to the dining room in this courtyard.

After he arrived at the dining room, Chu Feng finally met up with these people from the Southern Sea Region.

There were truly a large group of people that had arrived from the Southern Sea Region. At the very least, the number of people before Chu Feng right now numbered nearly a hundred. All of them were youngsters. The youngest among them had an age similar to Chu Feng's. As for the oldest, they were no older than thirty.

The reason why they were all youngsters ought to be because the Southern Cyanwood Forest only accepted young people as disciples. However, regardless, for there to be this many people passing the Heavenly Road from the Southern Sea Region was a great surprise to Chu Feng.

That was because he discovered that the cultivation of these people were generally not strong. The majority of them were people of the Heaven

Realm. The strongest among them was only a rank four Martial Lord. With this sort of cultivation, when compared to the peak geniuses of the Eastern Sea Region, they were truly lacking. There was less of a need to mention how they would compare to the people of the same generation from the Holy Land of Martialism.

At this moment, Chu Feng seemed to realized why the people from the Southern Sea Region received such a bad treatment from the Southern Cyanwood Forest. To be frank, it was simply because their talent was too poor.

In this world where the strong was the ruler, one's strength determined one's treatment. This was the law of the world.

"Brother, why have I never seen you before? Have you also come from the Southern Sea Region?" Not long after Chu Feng took a seat, when he was preparing to eat his meal, a man in his early twenties who possessed neither height nor looks but had a brilliant smile on his face sat down beside Chu Feng.

"My name is Chu Feng." Chu Feng courteously nodded to this man.

"So it is Brother Chu Feng. I am Li Lei. I was originally a core disciple of the Thunder Soul Sect. However, I'm now a disciple of the Southern Cyanwood Forest." The man by the name of Li Lei saw that Chu Feng did not respond to his question, thus he did not bother asking much and instead started introducing himself with a large smile on his face.

Chapter 1025: A Large Flying Steamed Bun

This Li Lei was a person who enjoyed talking. He was extremely enthusiastic and was also a tactful individual. Anything that he asked Chu Feng, as long as Chu Feng was unwilling to answer, he would absolutely not ask again. In the end, he stopped asking Chu Feng questions and instead started to talk about stories about himself in high spirits.

Chu Feng was very good at discerning what someone thinks based on their body language. He was able to tell that this Li Lei was a very enthusiastic person. Thus, the impression he had of Li Lei was pretty good and decided to befriend him. During their conversations, Chu Feng had asked about some questions in a roundabout way to prevent him from being too confused.

For example, the Heavenly Road. When Chu Feng entered the Heavenly Road, those who had followed him were all experts of the Eastern Sea Region. There were even Martial King level experts among them. Compared to this group of people from the Southern Sea Region, they were many times stronger than them.

However, the people who ended up passing the examination in the end was only Chu Feng and Tantai Xue. It was so much so that if the Old Monkey did not set off to save them and have the Martial Emperor level guardian of the territory appear before them, then even Chu Feng and Tantai Xue would have lost their lives in the Heavenly Road. From this, one could imagine how hard it was to pass through the Heavenly Road.

Thus, Chu Feng was unable to understand how these people from the Southern Sea Region managed to pass through such a difficult Heavenly Road. Could it be that they possessed some sort of secret trick?

After making discreet inquiries with Li Lei, Chu Feng finally understood the reason why. It turned out that it wasn't that Li Lei and them possessed a secret trick to pass the Heavenly Road, instead it was that the Southern Sea Region's Heavenly Road was completely different from the Eastern Sea Region's Heavenly Road. At the very least, the trials one had to go through

within the Heavenly Road were completely different.

In the Southern Sea Region, the Heavenly Road was said to be miraculous and a legend. However, the trials one would receive after entering the Heavenly Road was excessively simple. Practically, as long as one possessed the cultivation of Heaven Realm, one would be able to effortlessly pass through the Heavenly Road.

Thus, for Li Lei and them, practically all those that had entered the Heavenly Road successfully passed through it. Not a single person died on the journey.

Other than this, Chu Feng also came to understand that the Southern Sea Region's peak level experts were only Martial Kings. In the Southern Sea Region, the person known to be the number one peak expert was in fact only a rank two Martial King.

Rank two Martial King, even though the current Chu Feng was only a rank nine Martial Lord, it was extremely effortless for him to take care of an ordinary rank two Martial King. However, such a rank two Martial King was actually the number one expert in the Southern Sea Region. Moreover, he was the strongest expert that had ever existed in the Southern Sea Region in the last thousand years.

From this, it would appear that not only was the Heavenly Road of the Southern Sea Region much easier to pass through than the Eastern Sea Region's Heavenly Road, the cultivators in the Southern Sea Region, when compared to those with the Eastern Sea Region, were a lot weaker.

"Boom." Right at the moment when Chu Feng and Li Lei were chatting merrily, a sudden explosion sounded in the dining hall.

When they cast their gazes toward the source, they found it was actually a table that was shattered. As for the person who shattered the table, it was a white clothed man. This white clothed man possessed pretty decent cultivation. He was a rank four Martial Lord. Among these Southern Sea Region's people, he could be said to be one of the strongest.

The table earlier was shattered by him. Another person was knocked back to the ground by the oppressive might that he displayed. However, at

this moment, this white clothed man was unwilling to forgive that person. He was pointing to that person on the floor and scolded him with a loud voice.

“Fuck you, how many years has it been since you’ve last ate? Are you the reincarnation of a ghost that had starved to death? I told you to stop making noise while you eat numerous times, yet you motherfucking refused to listen. It’s just fucking food, yet you’re eating it even more merrily than pigs, more happily than dogs. You and your disgusting noise, are you fucking trying to not let your daddy, I, eat?”

“Big brother Shen Lang, I am sorry, I am sorry. I truly did not do that on purpose. It’s just that I grew accustomed to making this noise because no one had told me that I am noisy when eating in the past. For you to tell me about this today, I am unable to immediately change the way I eat. I truly am not trying to affect your meal on purpose.”

That person who was knocked to the ground hurriedly climbed back up. However, he did not dare to stand up. Instead, he kneeled to the ground and began kowtowing to that man by the name of Shen Lang so as to apologize.

“You said you can’t change it, is that right? Even if you can’t change it, you must still change it. Otherwise, do you know how humiliating it would be for us of the Southern Sea Region? You would’ve lost the faces of everyone of us here. Every one of us here would become a head shorter and a grade inferior to others because of you.” Shen Lang strictly shouted.

“Big brother Shen Lang, you can rest assured. I would definitely change this habit of mine; I will definitely change it.” That man was evidently extremely frightened. He did not dare to refute the berating of that Shen Lang in the slightest.

“Of course you have to change it. However, I want you to change it right away. Come, eat this.” Shen Lang opened his palm and sucked the dishes that were scattered onto the floor over to his hand. After that, he forcibly pushed them into the mouth of that man and berated, “Eat it.”

That man’s body slightly shivered. Even his tears appeared. However, he

did not dare to resist. He could only allow himself, before everyone present, to kneel on the ground, endure the humiliation and proceed to chew the food that Shen Lang had forced into his mouth.

“Slap.” However, who would’ve expect that right after that man chewed a couple times, Shen Lang immediately gave him a slap to the face, knocking him to the ground. The powerful strength behind the slap not only caused the man to spit out the food in his mouth, it also caused him to spit up blood along with the food.

“I told you to stop making noises, are you fucking deaf or what? Go and eat that food on the floor. Remember, do not fucking make any noises while eating that. If you make a noise again, I’ll give you another beating.” Chided Shen Lang as he pointed to that pile of food on the ground that were chewed a couple times, containing blood with it and appeared very disgusting.

Towards this scene, many people had a cold grin as they watched. They all had an expression of spectators enjoying a show. Even if there was anyone who was displeased by what was happening, no one dared to show their displeasure. Instead, they continued to mind their own business and eat their own meals as they were unable to bear watching the scene of that man being bullied by Shen Lang.

“That Shen Lang is truly damnable. Isn’t it only because his strength is a bit stronger? There was no need for him to go this far with bullying someone.” Li Lei who was beside Chu Feng was unable to contain himself and muttered his indignation softly. He was extremely disgusted with Shen Lang’s actions. However, as he was only a rank nine Heaven Realm cultivator, he did not dare to step forward to do anything. All he could do was mutter in a low voice of his displeasures beside Chu Feng.

“Li Lei, what do you think about this steamed bun?” Suddenly, Chu Feng picked up a large savorily looking steamed bun.

“That steamed bun is pretty decent. It’s made out of special food materials and also contain medicines that are beneficial to one’s body. Although it appears like an ordinary steamed bun, the nutritious value

that it contains within it is rather exceptional. It is definitely not something that an ordinary person could make. At the very least, it is something that would require at least only a gold-cloak World Spiritist to make.”

“One must admit that this Southern Cyanwood Forest is truly an amazing large power. For even disciples like us to be able to eat such food, it is truly an extraordinary spending of wealth.”

Said Li Lei in an extremely earnest manner. While he said those words, Li Lei even had a trace of honored expression on his face. He was feeling honored to be able to become a disciple to a power like the Southern Cyanwood Forest.

“Apoooh.” Chu Feng slightly smiled at Li Lei’s evaluation. After that, he opened his mouth and a large lump of sticky phlegm was spit onto the steamed bun. He then asked again, “What about now?”

“Brother Chu Feng, you, you, you, you are?” Li Lei was completely startled by Chu Feng’s action. He felt extremely puzzled.

Seeing Li Lei’s stupefied reaction, Chu Feng only smiled once more. He then swung his arm back and did an astonishing action. His hand waved, the steamed bun in his hand was thrown out. Moreover, the person that it was shooting toward was precisely that Shen Lang.

The speed of Chu Feng’s throw was not very fast. It could be said that he had attracted the attention of many people. However, concealed within his throw was his profound techniques. At practically the time when everyone discovered that there was a steamed bun flying over, at the time when that Shen Lang discovered that something’s amiss and was planning to dodge.

That steamed bun started to strangely accelerate in speed. Following that, an astonishing scene appeared. A large steamed bun covered with sticky phlegm, before everyone’s eyes, landed on Shen Lang’s face squarely.

Although this steamed bun appeared to be soft, it was even harder than iron after being thrown out by Chu Feng. When it landed on Shen Lang’s face, it gave off a loud ‘bang,’ causing that Shen Lang to scream ‘oww’ in

pain. At the same time, he was knocked flying by the steamed bun. He only stopped flying after he collided to the wall of the dining hall and fell to the ground.

At the moment when Shen Lang fell to the ground, he opened his mouth to spit not only a mouthful of blood but also six shattered teeth. The thing that caused him the most anger was that when he touched his bruised and swelling side face, he actually touched a sticky substance. Upon close inspection, fuck, it was a large mouthful of sticky phlegm.

Chapter 1026: Do Not Leave a Single Grain Behind

“Which fucker threw this?” To be humiliated like so, caused Shen Lang to become extremely angry. He raised his head and shouted at the crowd.

“Woosh.” However, who would’ve thought that before he finished his words, a plate came flying toward him. “Clang.” Not only did that plate smash onto Shen Lang’s face and shatter into pieces, it even blood-soaked Shen Lang’s face. Even his nose had been broken by the plate. Just like that, a very handsome man had been disfigured.

“Heavens, this is?” At this moment, everyone discovered the person who attacked. Especially Li Lei who stood beside Chu Feng, his eyes were wide open and his tongue was tied. Standing there with a stupefied expression, the shock on his face was completely evident.

Everyone present were shocked. That was because they all know of Shen Lang and knew who he was. One must know that he was a well-known first-rate genius from the Southern Sea Region. However, as for Chu Feng, not a single person knew who he was.

However, the attack that Chu Feng displayed earlier was very neat and tidy. It could even be said that his attack was ruthless. This lead them to realize that Chu Feng was an extremely powerful character.

However, regardless of that, Shen Lang’s fierceness was engraved deep in their hearts. Thus, regardless of who Chu Feng was, when they thought of what he had done earlier and recalled how Shen Lang was struck down by him, everyone felt that what had happened was inconceivable.

Right at the moment when everyone was stupefied, Chu Feng looked to Shen Lang who was knocked to the ground, had his face covered with blood and generally in a very sorry state. He said, “When I’m eating, you are to fucking be quiet. If you dare to speak again, I’ll cut your tongue out.”

After saying those words, Chu Feng acted as if nothing had happened and sat back down, picked up his bowl and chopsticks and began to mind

his own business and gorge himself with food. As if he was trying to deliberately anger Shen Lang, Chu Feng started making a lot of noises with his mouth as he ate his food. The sound of him eating was simply not something that one could endure. It could be said that it was ear-piercingly loud.

However, even though this was the case, no one dared to say anything. Actually, at this very moment, everyone was stunned in place and blankly looked at Chu Feng eating his food. On their faces were expressions of both surprise and fear.

Only after a long time did that Shen Lang manage to react. He stood up and felt his cheek. After seeing his hand was covered with blood after touching his face, Shen Lang was so enraged that he started shaking.

However, he did not say anything else and only pointed to Chu Feng and said, "You got balls, you fucking wait for me."

After he finished saying those words, that Shen Lang ran out of the dining hall. This scene could be said to be a surprise for everyone present. After all, Shen Lang was well known as an extremely fierce person in the Southern Sea Region. The actions that he did today could be said to be unsuited of his status.

However, if one must say that Shen Lang's action was a surprise, then his following action was even more so. It was so much that some people began to look down on him.

Shen Lang had left the dining hall for only a short while before he returned. However, when he returned, he brought alongside an elderly man. It was an elder of the Southern Cyanwood Forest. It turned out that this Shen Lang had actually ran out to complain to the elder.

"Who is it that beat him?" When this elder walked in, he had an extremely imposing expression on him. He pointed to Shen Lang whose face was bloodied and asked sternly.

At this moment, the people present did not utter a single word and all slowly lowered their heads. No one dared to answer. At the same time, not a single one of them dared to look at Chu Feng. They were afraid that if

they were to report Chu Feng as being the one that did it, then Chu Feng would bring retaliations upon them. Cowardice and weakness were completely displayed by these people.

“I am the one who beat him.” However, although no one dared to say it was him, Chu Feng stood up himself and calmly admitted to it.

After Chu Feng stood up, that elder began to spread out his consciousness. It completely covered Chu Feng. He wished to figure out Chu Feng’s cultivation. However, he who was only a rank five Martial Lord, how could he possibly be able to determine Chu Feng’s cultivation?

Although he did not manage to determine Chu Feng’s cultivation, that elderly man’s eyes still shined. He realized that Chu Feng was not an ordinary person. At the very least, when compared to all these people present now, Chu Feng was extremely outstanding. This was not only his cultivation; it was also the way he handled things. That sort of ability to remain calm in the face of death, that calm gaze that he had, it was something that no one else present possessed.

Thus, that elder did not do anything to Chu Feng. Instead, he calmly asked, “Why did you beat him?”

“Earlier when we were eating, he decided to teach someone a lesson because they were too noisy when eating and forced that person to eat the food that had fallen to the ground. I am unable to sit by idly and watch as he does such a thing. Thus, I acted and taught him a lesson.” Chu Feng pointed to that man who was kneeling on the ground and covered with tears while he explained what had happened.

“Did such a thing happened?” After hearing what Chu Feng said, that elder looked to Shen Lang.

“I, this...” Shen Lang began to hesitate. He didn’t know how to respond.

“Slap.” Right at this moment, that elder waved his large sleeve and gave Shen Lang a loud and crisp slap to the face.

This slap was not weak at all. It caused Shen Lang to make a 180 degree turn before making a ‘puu’ sound and falling to the ground. Shen Lang

placed one hand on his face that was slapped while he looked to the elder that had slapped him with innocent eyes. He wished to quibble but didn't dare to.

"The guilty one actually crying for justice. You dared to do something yet don't dare to admit to it. You have the ability to cause troubles but don't have the ability to shoulder it. You are nothing more than trash." The elder pointed to Shen Lang who was on the floor. After he said those words in an extremely fierce manner, he waved his sleeve, turned around and walked away.

As for Shen Lang, he did not dare to say anything else. He stood up, did not plan on staying here anymore and prepared to leave too.

"Stop." However, who would've thought that right at this moment, Chu Feng angrily shouted at him.

"What, what are you planning to do?" As matter stands, Shen Lang had already managed to realize that Chu Feng was no ordinary character. Even the elder sided with Chu Feng. Thus, what exactly would he be daring to do to Chu Feng? Therefore, when he heard the angry shout from Chu Feng, he already started to feel fear.

"Eat the food on the floor clean before leaving. If you dare to leave a single grain behind, I shall beat your head till it becomes a mess." After Chu Feng indifferently said these words, he stopped bothering to pay attention to Shen Lang, sat back down and started eating his food again.

Seeing that calm and contented Chu Feng, Shen Lang hesitated for a very long time. However, in the end, he did not dare continue to walk toward the exit. Instead, he walked back to the table that he had shattered earlier and picked up all of the food on the floor. Then, like a windy storm that swept up all the clouds, he started gorging himself with food.

His eating speed was extremely fast. In a blink of an eye, he finished eating all those food that were on the ground. After he finished eating the food, he wiped his mouth, fiercely swept his gaze over all the people present and angrily shouted, "The hell you're looking at? Never seen someone eating before?"

After he finished saying these words, Shen Lang turned around and rapidly walked out of the dining hall.

After seeing Shen Lang left, Li Lei immediately ran over to the place where Shen Lang was previously eating at. After carefully inspecting the area, he started to laugh at the top of his lungs. Moreover, the more he laughed, the happier his laughter became. While loudly laughing, he rushed over to Chu Feng and said.

“Brother Chu Feng, you’re amazing. That Shen Lang actually really ate everything clean and left not a single grain.”

“Heh.” After hearing Li Lei’s words, Chu Feng lightly chuckled. After lightly wiping away the grease on his mouth, Chu Feng said, “Everyone, there’s no need to be startled anymore. If you still don’t eat, your food will get cold.”

After he finished saying those words, Chu Feng walked over to that man who was bullied by Shen Lang earlier. He lent that man an arm and supported him up. Only then did he turn towards the exit of the dining hall and walked towards that. Seeing this, Li Lei immediately ran over and followed closely behind him.

After Chu Feng and Li Lei left, everyone started to look at each other. Only then did they sit back down and continue to eat their food. However, every now and then, there would be someone who would take a glance at the direction that Chu Feng left with gazes filled with admiration.

Chapter 1027: Let's Help Her

“Brother Chu Feng, wait for me.” When Chu Feng walked out of the dining hall, he had originally planned to return to his own residence. He did not expect that Li Lei would actually chase after him with an unusual amount of excitement.

“Brother Li Lei, is there something you need?” Seeing Li Lei chasing after him, Chu Feng asked in a puzzled manner.

“Hey, it's boring to be by oneself. Might I be able to go to Brother Chu Feng's residence and enjoy a night there?” Li Lei scratched his head with one hand and said in an embarrassingly manner.

“We're two men, what's there to be embarrassed about spending a night in the same room? Come, let's go. I just happen to want to ask you about the situation of the Southern Cyanwood Forest too.”

While Chu Feng said those words he began to walk toward his own residence. As for Li Lei, he followed behind Chu Feng excitedly. From this, one could tell that he wished to further the relationship between himself and Chu Feng so that they could become good brothers.

Afterwards, Chu Feng inquired Li Lei about some things concerning the Southern Cyanwood Forest. However, because Li Lei possessed too low of a status and had not been here for a long time, the number of things he knew were limited.

The only piece of information that could be considered to be interesting was that several days ago, Li Lei happened to accidentally see a large group of elders hastily leaving the Southern Cyanwood Forest.

Not a single one of that group of elders were ordinary characters. Even the clothing they wore were different from that of other elders. They wore dark blue colored elder gowns. The color of the elder gowns signified one's status and power within the Southern Cyanwood Forest. As for those deep blue ones, they signified that those elders possessed extremely high status.

After those elders hastily left, some of them would occasionally return

back to Southern Cyanwood Forest. However, the majority of them have yet to return. As for what those elders have gone to do, that was something that no one knows about. In short, many disciples knew about this matter of the elders leaving and felt that a major event was soon to occur. However, they were unable to guess what the major event would be.

In this way, Chu Feng spent a night in the Southern Cyanwood Forest. Early morning the next day, with Li Lei showing the way, Chu Feng arrived at a plaza. Many disciples were in this plaza. It was said that every morning they would gather at this location because there would be elders who would come especially to give them some pointers in cultivation and tell them about the rules of the Southern Cyanwood Forest. After that, they would be led to do some training. This was the general day-to-day training of the Southern Cyanwood Forest.

Chu Feng inspected his surroundings. He discovered that in this plaza, other than the people from the Southern Sea Region, there was another group of youngsters. All of their ages were not old and their cultivation were not very strong either. It could be said that they were pretty much equivalent to the people that had arrived from the Southern Sea Region.

Seeing the unorganized appearance of this group of people as well as the elders that did not show up, Chu Feng realized that they ought to have been placed with the low quality disciples. The education that they received was also relatively low in quality.

This caused Chu Feng to become quite speechless. If he knew this was the case, he might as well have lied yesterday and say that he had not come from the Southern Sea Region. However, after carefully thinking about it, Chu Feng felt at peace again. This was, after all, a place where one's strength determined everything. Chu Feng's strength was not weak. As the saying goes, as long as it's gold, it would eventually shine. Moreover, since there was still some time before the Southern Cyanwood Forest would send their outstanding disciples to the Cyanwood Mountain, Chu Feng was in no rush either.

"Was it you who embarrassed my big brother before everyone last night?" However, right at this moment, a sharp female voice suddenly

sounded.

Looking towards the source of the voice, Chu Feng saw five women. They were standing three meters away from him. These five women all had pretty decent appearances and cultivation. Especially that woman who led the group, her skin was very white and soft. Truly, she was quite a beauty. Moreover, her cultivation was the strongest among this group of five women, being a rank two Martial Lord.

However, at this moment, this woman's long, shapely eyebrows were in a frown. An angry look filled her entire face. She was currently using her lily-white hands to point at Chu Feng as if there was a great hatred between them.

"Who are you? Do I know you?" Chu Feng examined this woman once more and determined that it was the first time that he had met her. Since he most definitely had never met this woman before, there shouldn't be anything between them.

"Brother Chu Feng, that is Shen Lang's younger sister. Her name is Shen Hong. She is the Southern Sea Region's renowned little hot pepper. She's even worse of a person to be trifled with than Shen Lang." Right at this moment, Li Lei's voice sounded in Chu Feng's ears. When he cast a side glance to see, he discovered that Li Lei was hiding behind him. Based on his appearance, this Li Lei was also extremely scared of Shen Hong.

"So it's actually Shen Lang's younger sister. Truly interesting. The one being the elder brother is useless and actually has to ask for the younger sister to come out and stick up for him."

"Last night, I have indeed made things difficult for your elder brother. However, you must know what sort of thing your elder brother had done. I merely gave him a little punishment that he deserved. If he is unable to accept it, then you can have him come and find me."

After knowing her identity, Chu Feng did not bother to give her any face. After saying those words, he turned around to leave. He did not wish to bother with Shen Hong anymore.

"Stop right now." Seeing that Chu Feng was ignoring her, that Shen

Hong became even more angry. While she shouted for Chu Feng to stop, she extended her lily-white hand. She wanted to grab Chu Feng. This grab of hers was no ordinary grab. It contained the power of a rank two Martial Lord. She was doing this so as to test out Chu Feng.

“Woosh.” However, right at the moment when that Shen Hong’s palm was about to reach Chu Feng, Chu Feng suddenly turned around. He did not say anything. However, his gaze was extremely ice-cold.

“Tut.” Seeing Chu Feng’s gaze, that Shen Hong’s body started to violently shiver. Then, as if she was petrified, she stood there blankly. As for her eyes, they were filled with fear.

“Truly boring.” After scaring Shen Hong with a single gaze, Chu Feng began to walk out of the plaza.

“Brother Chu Feng, the elder would be coming soon. Where are you going?” Seeing that Chu Feng was leaving, Li Lei hurriedly asked.

“I’m going to have a stroll around here. I’ll come back right away.” When Chu Feng finished saying those words, he immediately started to soar to the sky. With a couple jumps, he had disappeared into an enormous heaven reaching tree in the distant.

“Shen Hong, what’s wrong? Why did you let him go?” After Chu Feng left, the four women behind Shen Hong immediately rushed up to her and asked in an extremely confused manner.

Only after hearing the questions from the four women did Shen Hong manage to come back to reality. After she forcibly suppressed her trembling body, she opened her mouth and said these words. “That person is not to be trifled with.”

Actually, Chu Feng did not leave far from the plaza. He had arrived on top of a large tree, concealed his aura and started gazing at the blue sky.

At this moment, Chu Feng could see that those so-called blue gowned elders were currently flying through the blue sky towards the most center region of the Southern Cyanwood Forest. Their cultivation were extremely strong. Even the weakest among them was a rank five Martial King. The

majority of them were above rank five Martial Kings. There were even those whose cultivation approached the peak of Martial King stage.

These people ought to be the people that Li Lei mentioned, those elders with extremely high status and strength in the Southern Cyanwood Forest. At this moment, these elders ought to have returned from outside. Their faces were filled with seriousness. It seemed as though they were carrying an immense pressure. With an extremely oppressive mood, they disappeared into the depths of the Southern Cyanwood Forest.

“For these elders to be dispatched repeatedly means that there must definitely be an important mission. Honestly, I wonder what that mission might be?” Only when all of the elders disappeared did Chu Feng started to mutter to himself.

The reason that he had suddenly left the plaza was because he detected a group of powerful auras approaching them. Thus, he decided to check out whom exactly possessed such auras.

Unfortunately, he was unable to discover anything.

As the journey bore no fruit, Chu Feng did not bother to stay any longer. Regardless of the strength of the elder, if that instructor elder was to appear and not find him present, then Chu Feng would be unable to explain himself.

Thus, Chu Feng hurried back and returned to the plaza.

However, at this moment, the plaza was in utter mess. A large group of people surrounded the center of the plaza and were making a ruckus.

Chu Feng was able to faintly hear the wailing and screaming sound of a female. It seemed to be the voice of Shen Lang’s younger sister, Shen Hong.

“Brother Chu Feng, you’ve finally returned.” Upon seeing Chu Feng, Li Lei immediately ran over. He had a flustered expression all over his face.

“Brother Li Lei, did something happen?” Chu Feng asked.

“Brother Chu Feng, you should go over there and help her. Otherwise,

Shen Hong would end up extremely badly.” Said Li Lei nervously. While he said those words, he grabbed Chu Feng and dashed towards the direction where the crowd of people were gathered.

Chapter 1028: Upholding Justice

After rushing into the crowd, Chu Feng discovered that in the center of it was an empty space. At that place, a scene that caused one to feel anger was currently happening.

A man with the cultivation of rank three Martial Lord, with three other men who accompanied him that also had cultivations of rank three Martial Lord, had actually forcibly ripped apart Shen Hong's skirt before everyone.

While ripping apart her skirt, he would even fondle her. He was clearly taking advantage of Shen Hong.

Shen Hong used her all to resist him. She cried and shouted, she grabbed and scratched. However, it was all useless. Without mentioning that her opponent's cultivation was a rank higher than hers, the gap between the battle power the two of them possessed was extremely wide.

Before that man, Shen Hong was like a powerless little sheep who had encountered a hungry and thirsty big bad wolf. She simply had no strength to resist.

However, the thing that caused Chu Feng to be speechless the most was that not only was there no one stopping this sort of harassment in broad daylight, many people instead started to discuss the show enthusiastically with delightful expressions all over their faces.

It was so much that there were even some men whose eyes had already begun to shine. Their gazes were fixed on Shen Hong; they were anticipating for that man to completely rip Shen Hong's skirt apart as soon as possible so that her fair jade-like body could be exposed completely. They were practically wanting to watch an on-the-spot live broadcast.

While it might be one thing for these original residents of the Holy Land of Martialism to act like this, but even the people from the Southern Sea Region did not bother to help her. Moreover, even Shen Hong's elder brother Shen Lang was within the crowd.

Although he had an extremely ugly expression on his face, was gnashing his teeth in anger and firmly clenching his fists, but he, a rank four Martial Lord who could easily subdue those three men, not only did not step out to stop what was occurring, he instead stood there as he watched his younger sister's liberties taken off and humiliated before everyone.

"Brother Li Lei, what's going on?" Seeing this scene, Chu Feng did not rush to act. Instead, he turned to Li Lei and asked.

"That man who is assaulting Shen Hong is called Han Shi. It is said that his family background is extremely powerful and possesses a real heavyweight in the entire Southern Cyanwood Forest. One of the elders in his family almost even managed to become the headmaster of the Southern Cyanwood Forest. It could be said that his status in the Southern Cyanwood Forest is second to only the headmaster."

"Thus, although this Han Shi had only become a disciple of the Southern Cyanwood Forest, he is already a little hegemon that no one dares to offend in the Southern Cyanwood Forest."

"Earlier, that Shen Lang did not know of this Han Shi's identity and accidentally ran into him and then even got into a verbal altercation with him."

"Han Shi announced his identity and then told Shen Lang to admit his mistake while kneeling. Although Shen Lang was a tyrant in the Southern Sea Region, he did not dare to not obey Han Shi after knowing his identity. Originally, he had planned to kneel and admit his mistake."

"However, right at that time, Shen Hong appeared. She even went up and tried to argue with Han Shi. However, who would've known that Han Shi was such a shameless individual. Using the excuse that Shen Hong had made a tear on his clothes, he decided to get revenge using her own methods and insisted that he must tear apart Shen Hong's clothes before everyone present."

"Look at him. He's feeling and grabbing her the entire time that even his thing down there is shooting up toward the sky now. How could this be as simple as just tearing Shen Hong's clothes? This is simply a public sexual

assault. Before everyone present, he was trying to feel up Shen Hong's body."

"Although this Shen Hong is the same as that Shen Lang and would rely on her strength to bully others and was not someone that people liked, she is, after all, someone from our Southern Sea Region. If the things that happened today were to spread out, the faces of all of us from the Southern Sea Region would be lost beyond repair."

"Us from the Southern Sea Region have been looked down upon in the Southern Cyanwood Forest to begin with. After today, wouldn't we be looked down upon even further?"

"Brother Chu Feng, I know that this request of mine is awfully rude. However, I wish that you would help and stop that Han Shi so that, at the very least, Shen Hong's chastity could be preserved." Li Lei requested with sincerity.

"Isn't this matter easy to solve? Just go and call for an elder." Chu Feng said.

"Sigh, truth be told, the elder in charge of the lecture had already arrived earlier. However, when he saw this scene, he left without even entering into the plaza. Originally, I had thought that that elder had gone to call for other elders. However, he has yet to return. In my opinion, he has decided to turn a blind eye and pretend that he did not see this." Li Lei said.

"In that case, then this matter is something that even elders did not dare to take care of. The family of this Han Shi, their status in this Southern Cyanwood Forest is truly not low. If I, with my status of a disciple, was to stand forth right now, what do you think would happen?" Chu Feng smiled as he asked Li Lei.

"This... aiya, I am truly muddled, truly muddled. Brother Chu Feng, it is I who is muddled."

"I had only thought that since others refused to bother with this and only you among us from the Southern Sea Region had the ability to interfere. However, I did not think of the fact that that Han Shi might be unwilling to forgive you because you've ruined his good deed. It is one

thing if it is only him, however his family's strength is extremely powerful. It is not impossible a thing for that Han Shi to put you to death."

"Aiya, I am truly muddled. I nearly caused Brother Chu Feng's death. I am truly fucking muddled." After hearing what Chu Feng said, Li Lei instantly realized his mistake. Not only was he filled with incomparable regret, he even raised his palm and ruthlessly slapped his own face.

Seeing that Li Lei continued to slap himself repeatedly, seeing that his cheek had already turned red, Chu Feng suddenly acted. He grabbed Li Lei's arm that was repeatedly and ruthlessly slapping his face.

Chu Feng knew that Li Lei did not deliberately try to bring harm to him. Merely, he was too willing to help others. Compared to the other people of the Southern Sea Region, he could be considered as possessing some moral backbone. Thus, like what he had said, he had only been thinking about how to save Shen Hong and had forgotten that Han Shi and them were not individuals that are easy to handle. If Chu Feng was to step in, it would be equivalent to ruining Han Shi's good deed. In that case, that Han Shi would definitely not let Chu Feng off as easy as how he handled Shen Hong.

Thus, Chu Feng did not blame Li Lei. After stopping him from continuing to slap himself, Chu Feng smiled and said, "Brother Li Lei, the way of the world is such to begin with. Justice, this sort of thing is not something that is that easily upheld. Sometimes, it is very possible for it to cause one's blood to boil and lose one's life in the process."

"However, if one was to look on without lifting a finger and watch as that Shen Hong continues to be disgraced and assaulted just because one might lose one's life, then what sort of difference would there be between me and all of them?" While Chu Feng said these words, he cast his gaze toward those people from the Southern Sea Region.

All of them had faces filled with anger. Many of them were like Shen Lang, clenching their fists tightly within their gown sleeves. However, not a single person dared to stand out and say a single word.

After hearing Chu Feng's words, Li Lei silently lowered his head.

Although these words spoken by Chu Feng was not meant for him, he knew very well that he was no different from those people of the Southern Sea Region.

Why did he only think of finding Chu Feng for help, have Chu Feng go out and not dare to do it himself? Wasn't it all because, in the depths of his heart, he was afraid of the dangers.

At this moment, Li Lei felt even more disgusted with himself, felt how small-minded, wrong and inhumane it was for him to try to send Chu Feng out.

However, at this moment, Chu Feng did not bother to pay attention to Li Lei's reaction. Instead, he directly walked towards Shen Lang's side, raised his leg and directly kicked Shen Lang to the ground.

"Fuck, who the fuck is it that kicked your granddaddy I?" Shen Lang was already filled to the brim with anger. To be suddenly kicked to the ground caused his fury to soar through the roof. He thought it was someone from the Southern Sea Region that kicked him. Thus, he turned around and immediately and loudly rained curse upon that person.

"It's you?"

However, when he saw the person standing behind him, he immediately shut up and swallowed down the following words that he planned to say. Replacing his anger, his face was now covered an expression of fear.

That was because after the things that happened last night, although he felt immense hatred for Chu Feng in his heart, he was also deeply afraid of him. That was the reason why he had such a reaction.

Chapter 1029: The Difference Between you and I

“Ah, what’s the matter, Shen Lang? Do you only know how to be a coward in public and be a tyrant at home? You actually didn’t even dare to do anything when your own sister is being publicly assaulted.”

“It was one thing for others to not do anything. However, you, as her elder brother, how could you also stand there and watch without doing anything? You must know that your sister had only reached such a state because she was standing up for you.”

“Carefully look at it. That Han Shi merely has the cultivation of rank three Martial Lord. You, a rank four Martial Lord, how could you possibly not be a match for him? What happened to the might that you displayed when you shattered the dining table and forced someone to eat the leftover food yesterday?”

“You, are you fucking even human? In my entire life, this is the first time that I’ve seen such a spineless coward like you.” Chu Feng said with a great amount of anger while looking at Shen Lang, whom he had kicked to the floor.

After hearing what Chu Feng said, Shen Lang’s complexion turned green and white. His expression was extremely ugly. In the end, he raised his head and said to Chu Feng, “What about you, aren’t you also someone who only knows how to be a coward in public and a tyrant at home? If you have the ability, why don’t you go out there?”

“Heh, you, as the elder brother, refused to even bother with this matter and wished to have me handle this? Very well, then tell me, who am I to that Shen Hong? Why must I bother with this matter? Come, give me a reason.” After hearing Shen Lang’s words, Chu Feng suddenly started laughing.

Seeing Chu Feng who was coldly laughing, Shen Lang lowered his head and spoke no more. That was because what Chu Feng said was extremely

reasonable. Chu Feng possessed a hostile relationship with Shen Lang and Shen Hong. There was simply no reason for him to help Shen Hong.

“That’s right. Earlier, that Shen Hong had even tried to angrily interrogate Chu Feng. Had it not been for Chu Feng possessing powerful strength, he likely would’ve already fallen to Shen Hong’s evil schemes. How could you possibly have the face to ask Chu Feng to lend a helping hand? If it was me standing in Chu Feng’s shoes, I too would not help.”

At this moment, other than Shen Lang himself, many of the people in the crowd also started to softly discuss among themselves. They felt that Shen Lang was a spineless coward. Moreover, he was truly shameless and actually wanted Chu Feng to go out.

“Ahhhh~~~~ You bastard! I will kill you!” Right at this moment, Shen Hong screamed once again. Simultaneously, cries of surprise sounded through the scene.

Turning his gaze toward Shen Hong, Shen Lang’s expression instantly froze. His two eyes reddened. That was because at this moment, Shen Hong’s skirt had been completely torn to shreds. Her pink chest cover as well as her underpants had both been exposed. Her two fair, soft and beautiful legs as well as a large amount of her smooth and delicate flesh were currently exposed before everyone.

Seeing Shen Hong’s exposed skin as well as her reddened face filled with tears, Han Shi became even more brutal and ruthless like that of wolves and tigers. While gulping down mouthfuls of saliva, he extended his tongue to lick his lips. Then, he opened his palm and began to frantically grope Shen Hong’s fair skin. His intention was already extremely clear. That was, he planned to assault her on the spot.

However, even though Han Shi had reached such a state, not a single elder appeared. It appeared that no one truly planned to bother with this matter.

“Tatata...”

However, who would’ve thought that, at the time when Shen Lang and the people from the Southern Sea Region had given up all hopes, a series

of footsteps echoed past Shen Lang's side. Turning his head to look, Shen Lang saw that Chu Feng was currently walking towards the direction of Shen Hong and Han Shi. Moreover, everyone was able to faintly detect the killing intent as well as the anger being emitted from Chu Feng.

"Chu Feng, you..." Shen Lang was stupefied. He was no fool; he was able to tell that Chu Feng was planning to act. However, he was unable to understand why Chu Feng decided to step out.

The current Chu Feng was soon to approach Shen Hong and Han Shi. Hearing Shen Lang's voice, he turned his head around and smiled. "This is the difference between you and I."

"Woosh." After he said those words, Chu Feng suddenly turned around. In a flash, he arrived before Han Shi. Moreover, he abruptly sent a fist toward him, hitting him directly on his face.

This fist from Chu Feng was extremely powerful. Like a sandbag, it sent that Han Shi who had extended his tongue and was trying to forcibly kiss Shen Hong, flying.

"Wuuwa."

Han Shi was caught off guard and was knocked several hundred meters away by Chu Feng's fist. Because his tongue was outside, when he was hit by the fist, his mouth abruptly closed and nearly bit his tongue off. Although he didn't bite it off, his mouth was still filled with blood. The pain was so much that blue veins had popped out on his forehead.

"Who are you? You actually dared to hit this young master?" Han Shi angrily berated as he looked to Chu Feng.

As for Chu Feng, he ignored Han Shi and turned to his Cosmos Sack, took out a piece of clothing and draped it over Shen Hong's shoulders, covering her exposed body. Only then did he turn his gaze sharply and coldly towards that group of disciples who were enjoying the show and loudly shouted, "Whoever dares to continue watching this, I shall scoop his eyes out."

"Woosh~~~" Right after Chu Feng said these words, the crowd who were

enjoying the show were all shocked and jumped. The majority of them hurriedly turned their gazes elsewhere. They did not dare to look at Shen Hong anymore.

That was because all of them had felt a killing intent from Chu Feng's gaze that left them unnerved. This gave them the sensation that this man from the Southern Sea Region seemed to be different from the rest. At the very least, he was not someone easy to bully.

"Hey, I'm talking to you. Are you fucking deaf or what?" Seeing that Chu Feng had actually ignored him, Han Shi became even more enraged. He pointed at Chu Feng and berated once again.

"Come, come over here. I'll tell you why I hit you." Chu Feng did a hook with his finger towards Han Shi.

"You..." However, after hearing Chu Feng's words, Han Shi's body started to shake uncontrollably. He did not go over to Chu Feng. Instead, he retreated a couple steps back. Only then did he open his mouth to speak. "Fucking hell. You actually dared to threaten this young master. Do you know who this young master is? I shall tell you. My name is Han Shi. I am someone from the Han family."

"I don't give a flying fuck as to who you are. You dared to assault someone from my Southern Sea Region in the public before countless people, so I will absolutely give you a beating." Chu Feng suddenly moved. His speed was extremely fast. In a flash, he had arrived before Han Shi. Before Han Shi could react, Chu Feng had already struck a fist out. His fist landed once again on Han Shi's face.

"Bang."

This time around, Chu Feng's fist slammed from up to down. Thus, this strike did not send Han Shi flying. Instead, it directly smashed Han Shi to the ground. Moreover, after this first strike, Chu Feng began to send fist strikes repeatedly at Han Shi. Chu Feng's shoulders swung back and forth. Several fist silhouettes appeared. In the end, all of those fists landed on Han Shi's body.

"Ouch, you actually dared to hit this young master! You are fucking truly

trying to die! If you have the guts, then come hit me some more! I shall see how you leave the Southern Cyanwood Forest alive! If you can, then I, Han Shi, shall change my surname to yours!”

“Wuaa~~~wu~~~wu~~~wu~~~”

Being publicly beat up by Chu Feng, Han Shi felt that all of his face had been lost. He was extremely enraged. He who was originally in a violent rage started to threaten Chu Feng continuously. However, later on, even his chin ended up being shattered by Chu Feng. This caused him to only be capable of emitting whimpering sounds uncontrollably and allow himself to be beaten up by Chu Feng.

As for the crowd who had surrounded the place, they were all stupefied. Their mouths were wide open as they expressionlessly watched as Chu Feng continued to violently pound Han Shi. Not a single one among them dared to say anything; practically all of them had been terrified by Chu Feng.

That was because, in the Southern Cyanwood Forest, Chu Feng was definitely the first person ever that dared to violently beat up someone from the Han family like that.

However, at this moment, the person with the most complicated frame of mind was none other than Shen Lang. Seeing that Chu Feng not only stood up for his sister, he even, after knowing Han Shi’s identity, continued to violently beat him up with no regards for the consequences. His heart was feeling extremely uncomfortable.

The reason why he was feeling so uncomfortable was because he began to recall himself. He recalled that he was completely capable of stopping Han Shi. However, because he feared the family behind Han Shi, he didn’t dare to do anything and watched as his own sister was stripped off her clothes by him.

It must be said that he was a clear-cut constant to Chu Feng. At this moment, he was finally able to understand the difference between Chu Feng and him.

Chapter 1030: The Furious Chu Feng

“S-stop.” Chu Feng had only beat Han Shi for a short period of time when a stern shout suddenly sounded.

Hearing this stern shout, Chu Feng momentarily stopped his hands and looked toward the source of the voice. Five elders had appeared before the plaza.

The cultivation of these five elders were not weak. They were all Martial Kings. Two of them were rank one Martial Kings and the other two were rank two Martial Kings. As for the one leading them, a black haired elder, he was a rank three Martial King.

Although their cultivation wasn't weak, the expressions on their faces were unsightly. At this moment, it could be said that their faces were filled with anger. Their gazes revealed how they were simply itching to kill Chu Feng. Moreover, a couple of them would even occasionally take glances at Han Shi who was lying before Chu Feng with pained gazes.

This sort of subtle change in them caused Chu Feng to feel that these five elders were either from the Han family or possessed some sort of relationship with Han Shi. As for Chu Feng, he felt that it was likely that they were from the Han family.

Chu Feng also discovered that there were three men following behind these five elders. These three men were Han Shi's accomplices. When Han Shi was being beaten up earlier, the three of them did not say anything nor did they do anything. Instead, they quietly left the place. So it turned out that they had gone to request for help from the elders.

“Oh~~~~~” Just as expected, when Han Shi saw these elders, he appeared as though he had just seen his savior. He staggeringly climbed up and fell before that black haired elder. With tears filling his eyes and his broken jaw stammering, he tried to cry out repeatedly.

Seeing the badly battered Han Shi who even had his chin shattered by Chu Feng, that black haired elder became extremely enraged. He pointed to Chu Feng and berated, “Why did you beat him? Where did you think

this is?”

“Why did I beat him? You should ask him about that first.” Chu Feng knew that they had not come with good intent and would likely not let him off. Thus, the tone he used when he replied to them was not friendly at all.

“Impudent! I will naturally ask him later. However, I am currently asking you. You’d best honestly answer my question. Otherwise, you must know that wantonly beating up a fellow disciple is a serious crime.” Shouted the black haired elder with an extremely vile attitude.

“In broad daylight before all these people, this Han Shi decided to forcibly sexually assault a fellow female disciple. I am unable to sit by and watch as he does such a thing and thus acted to stop him.” Chu Feng replied.

“Forcibly sexually assault a fellow female disciple? Who saw this matter that you spoke of?” That elder’s sword brows creased. With his glaring eyes, he swept at the crowd.

Seeing that extremely threatening gaze, the crowd naturally began to pull back their own gazes. Not only was no one daring enough to speak, they even shook their head in silence to express that no such thing had happened.

“The victim is lying there, have you all become blind or what?” Seeing the reaction of the crowd, Chu Feng angrily pointed toward Shen Hong who was lying on the ground not far away with the clothes that he had given draped over her.

Seeing Shen Hong, that elder’s eyebrows slightly frowned twice. After all, the tragic state that Shen Hong was currently in was something that they could all see. She had indeed been assaulted and humiliated.

However, that black haired elder was not excessively flustered by it. Instead, he walked over to Shen Hong and spoke with an extremely heavy tone. “Is what he said the truth? Was it Han Shi who forcibly assaulted you? You must honestly answer me. If you dare to frame him, you must know that this is a crime worthy of beheading. Our Southern Cyanwood

Forest does not allow disciples with bad moral quality.”

The tone of his speech was extremely heavy. It even contained within it a killing intent. The threat behind his words was truly too obvious. However, not a single person dared to say anything about it. At this point, practically everyone could tell that these elders were all people of the Han family. The reason that they had come to this place was so that they could avenge Han Shi and put Chu Feng in his place. If anyone dared to speak up for Chu Feng, they would definitely be courting death.

Before the threat from this elder, Shen Hong raised her head and glanced at Han Shi and then glanced at Chu Feng who had helped her. In the end, she did not say anything. Instead, she lowered her head and shook it.

“You...”

Seeing that Shen Hong actually shook her head, Chu Feng’s anger soared through the skies. Had he not stood out for her, how could he possibly bring about such troubles for himself? Chu Feng had voluntarily decided to help her and did not expect Shen Hong to repay him with anything, but never did he expect her to act in such a way. This was simply helping Han Shi against him.

“Humph, what more do you have to say now? Not only did you beat up a fellow disciple, you even dared to frame your fellow disciple. With merely these two things, I could already take away your dog life.” Seeing that Shen Hong had decided to comply, the black haired elder immediately became ruthless after knowing the ‘truth.’ He pointed to Chu Feng and loudly shouted. At the same time, he started to emit a powerful killing intent.

“Shen Hong, Shen Lang, you brother and sister truly have guts. The two of you don’t even dare to admit when someone is bullying you, right? Do you wish to be a coward your entire lives? Do you wish to be trampled upon by others your entire lives? All of you, you’ve come to the Holy Land of Martialism, was it your goal to be humiliated by others?” Chu Feng was deeply angered. He pointed to Shen Lang and his sister as well as the various people from the Southern Sea Region and shouted.

He, Chu Feng, was no coward. At the moment when he decided to act, he already knew such an outcome would occur. However, he did not expect this group of people from the Southern Sea Region to be cowardly to this extent. Their cowardice had enraged Chu Feng.

To Chu Feng's question, the various people from the Southern Sea Region merely lowered their heads and did not respond. Even Shen Hong was scared by the threats of that elder. Thus, how could they possibly dare to say anything?

"I can bear witness. I can testify for Chu Feng." Right at the moment when Chu Feng thought that no one would testify for him, who would've thought that Li Lei would actually stand out.

"You want to testify? What could you possibly testify?" Seeing Li Lei standing out, that elder frowned once again. With an extremely cold voice, he asked. The tone he spoke in was simply not one used to question someone. Instead, it was one of interrogation.

"I can testify for Chu Feng. Earlier, it was indeed Han Shi who was publicly assaulting Shen Hong without anyone to stop him. Seeing that Shen Hong was about to be completely stripped and humiliated by Han Shi, Chu Feng was unable to watch it anymore and finally decided to step forth to stop Han Shi."

When Li Lei said these words, his voice was shaking. He was even profusely sweating. One could see how scared he was. However, he still ended up saying all that he wanted to say.

"Slap." However, who would've thought that right after Li Lei finished his words, that black haired elder waved his large sleeve and, with a slap to the face, knocked Li Lei to the ground. Moreover, the strength behind his slap was extremely powerful. Not only did this slap shatter Li Lei's chin, it had even sunken half of Li Lei's entire head.

In merely an instant, Li Lei who was originally fine had been beaten beyond recognition. He had turned into a man with a face covered with blood and had already lost his consciousness.

"Humph. To follow the bad example of another, this crime is worthy of

punishment. Men, go and imprison the two of them. I shall give them a good lesson.” After he slapped Li Lei unconscious, that elder cast his vengeful gaze toward Chu Feng.

“Fuck your ancestor!” Seeing the miserable state that Li Lei had turned into, Chu Feng was unable to contain his fury anymore. How could he possibly idly stand there and allow himself to be captured by these elders?

Chu Feng bellowed in rage and immediately emitted his rank nine Martial Lord’s martial power. Once his aura was emitted, the heaven and earth immediately started to shake. His powerful might turned into a frightening hurricane that rolled through all directions.

The entire plaza as well as the outside of the plaza had been covered by Chu Feng’s might and overflowing anger.

Chapter 1031: Violently Beating the Han Family's Elders

“This aura, rank nine Marital Lord! This fellow by the name of Chu Feng is actually a rank nine Martial Lord?”

After sensing Chu Feng's devastating aura and ferocious killing intent, the expressions of everyone present immediately and drastically changed. They all started to move back. Their bodies even started to tremble. They were all intimidated by Chu Feng's might.

Especially Shen Lang and the others from the Southern Sea Region. The shocked and unbelieving expressions on their faces were even more evident.

They had all realized that Chu Feng was not someone simple. However, never had they imagined that Chu Feng was this powerful, so powerful that he had already reached rank nine Martial Lord.

Rank nine Martial Lord, one must know that in the Southern Sea Region, this was a rank that only the peak experts of the old generations have reached. In their generation, there was simply no one that had reached such a rank.

“He's actually a rank nine Martial Lord?”

As a matter of fact, not only them, even that black haired elder who was against Chu Feng earlier was deeply frowning. A complicated expression appeared on his face. That was because he had never imagined that this junior from the Southern Sea Region would possess such a cultivation.

Rank nine Martial Lord, even in the entire Southern Cyanwood Forest, there were not many people that could reach such a rank. Furthermore, the few disciples that had reached rank nine Martial Lord were all older in age than Chu Feng.

It could be said that someone like Chu Feng who had entered rank nine Martial Lord at such a young age was a rarity even in the Southern Cyanwood Forest.

This caused the black haired elder to realize that the situation had turned bad. Although his Han family's position in the Southern Cyanwood Forest was extremely high, the main purpose of the existence of the Southern Cyanwood Forest was to select outstanding disciples to be sent toward the Cyanwood Mountain. It was a provider of talent for the Cyanwood Mountain.

As for this Chu Feng, although he had come from the Southern Sea Region, he was, without a doubt, a rare talent. Such a rare talent was someone that even he cannot willfully dispose of. Otherwise, if such a matter was to spread to the headmaster, then even he would likely suffer a calamity.

"Men, capture him." Although he knew that the situation was bad and he had likely angered a troublesome character, he was, after all, an elder. Moreover, he was an elder of the Han family. Thus, the black haired elder did not yield. Instead, he commanded the other four elders to capture Chu Feng.

He had decided to consider at length as to what to do with Chu Feng. He planned to first capture Chu Feng and then privately discuss with him hoping to turn big problems into small ones and the small ones into nothing.

"Woosh woosh."

However, those four elders seemed to not understand the intention of the black haired elder. They acted simultaneously and all, without holding back anything, released their respective martial powers of rank one and two Martial Kings. Like formless ferocious beasts, those martial powers rushed toward Chu Feng.

Not only did they plan to use their own aura to suppress the berserk might displayed by Chu Feng, the attacks that they used were also no small matter. This was not simply a suppressing of Chu Feng; this was also to avenge Han Shi. They wished to humiliate Chu Feng in public.

Two rank one Martial Kings and two rank two Martial Kings. To a rank nine Martial Lord, this was a lineup that could not be defeated. However,

that was only to the ordinary rank nine Martial Lords. To Chu Feng, the four of them could, at the very most, be considered to be four fierce tigers. Although tyrannical, they were simply throwing their lives away. That was because Chu Feng's strength was as strong as that of a dragon.

“All of you ought to die without exception.”

Chu Feng suddenly moved. His anger was overflowing. His killing intent was extremely oppressing. When he moved, it was like the awakening of a god of war. In an instant, the air started to shake nonstop. Strong gales were blasting through everywhere. Not only did Chu Feng evade the attacks of the four Martial Kings, he even, like a demon, rushed into the center of the four men.

As he entered into the center, he released his boundless martial power. From formless to with form, four large hands had appeared. The four large hands shot out explosively and directly grabbed those four Martial Kings.

“Aiya~~~~”

The large hands were not a martial skill. It could be said that they're merely a kind of trick that Chu Feng created through his martial power. However, their might was very powerful. Being held by those four large hands, the four Martial Kings immediately felt powerless from head to toe. It was as if their entire body's strength had been taken away from them. Much less continuing to attack Chu Feng, the current them did not even have the power to resist.

However, this was not the worst. The worst thing was, when Chu Feng captured the four elders with his martial power large hands, he jumped from midair to a large tree and then, brandishing his large martial power hands, frantically smashed the four elders of the Han family toward a heaven reaching large tree.

“Slam slam slam slam.”

Although these trees were very thick and reached all the way to the heaven, they were, after all, trees. In order to protect them, the Southern Cyanwood Forest had placed powerful defensive spiritual barriers around them.

With the protection of the spiritual barriers, these trees were like steels and irons. When the bodies of the four elders were smashed toward them, the explosive sound of metal collision rumbled and numerous havoc-wreaking ripples appeared in succession.

The most important matter was that Chu Feng's strength was too powerful. Even the heaven reaching tree that had a spiritual barrier placed around it ended up shaking uncontrollably after being smashed with the four elders. A large amount of leaves dropped from the sky like rain. Cracks had even started to appear in that spirit formation barrier.

In this sort of situation, those four elders were all smashed to disheveled states. Blood rushed out from both their noses and mouths. Even their old bones, the majority of them were shattered. All kinds of breaking and snapping sounds echoed through their bodies without stopping. In merely an instant, the four of them had been smashed into four bloodied individuals. It was so much that those two rank one Martial Kings had ended up fainting.

"Heavens, is this guy a monster? He actually beat four Martial King level elders to such a state relying only on his cultivation of rank nine Martial Lord?"

"Oh my god! They simply did not even have the ability to resist him. Is this truly a battle between Martial Kings and a Martial Lord?"

The number of people present was numerous to begin with. When Chu Feng started his attack, he had attracted quite a bit more crowd. Not only the disciples, even elders of the Southern Cyanwood Forest had arrived.

However, when they saw this scene, they were all stupefied. That was because, even in the Holy Land of Martialism, being able to surpass one's cultivation to fight those stronger was far too few and in between. As for those who could beat up Martial Kings using only the cultivation of Martial Lords, they were geniuses. One must know that this sort of genius was no ordinary genius. Instead, they were geniuses that would be recognized by all in the Holy Land of Martialism.

"Guys, look carefully, aren't they the elders of the Han family? Who

exactly is that guy? He actually publicly beat up the elders of the Han family even though he was only a disciple? Isn't this too crazy?"

"Haha, pleasurable. This is truly too pleasurable. Those from the Han family, they relied on the fact that they have a lot of people in the Southern Cyanwood Forest, they relied on the fact that Han Qingyu is the punishment elder of the Southern Cyanwood Forest who wields the authority to give out punishments, and decided to act wantonly without care for the others, offend the higher ups, and bully nearly everyone."

"Today, it seems that they have provoked someone that they shouldn't have and stepped on a nail. This child's age is very young but he already possesses such a cultivation. Moreover, his battle power is extraordinary. He is, without a doubt, a genius. In my opinion, he is certainly someone of extraordinary background. Otherwise, how would he be willing to publicly beat up those from the Han family? Haha, truly satisfying. Never would I expect the people of the Han family would have such a day."

The people that arrived later were unaware of what exactly had happened. However, they recognized that the elders were from the Han family. When they recalled how the Han family would tyrannize and humiliate them, they all felt extremely good. They all felt that Chu Feng's beating was great and satisfying. Had it not been for the fact that the Han family was too powerful, they would definitely start clapping their hands and cheer for Chu Feng.

"Stop. Stop right away. Not only did you beat up a fellow disciple, you actually dared to offend your superior and beat up your elders? Do you not wish to live?"

Never would that black haired elder imagine that Chu Feng's battle power was this strong. Beating up the two rank one Martial Kings and two rank two Martial Kings of his Han family was for Chu Feng, as effortless as beating up a bunch of puppies.

This caused him to have no choice but to redetermine Chu Feng and carefully treat him. However, he was, after all, someone from the Han family. The Han family's honor could not be allowed to be trampled upon.

Thus, after great hesitation, he ended up moving his body and displayed his might of a rank three Martial King. He finally started to attack Chu Feng.

Chapter 1032: Beating up a Rank Three Martial King

Rank three Martial King, that was a rank that greatly surpassed that of a rank two Martial King. Moreover, not only was this black haired elder relatively young, his battle power was not ordinary either. At the very least, he was several times more powerful than the other four Han family elders.

Thus, when he decided to attack, it was no small matter. Boundless amount of oppressive power, like an army of formless beasts that were not only imposing but also roaring at ear-piercing tones, had actually managed to beat down Chu Feng's oppressiveness.

After he used his oppressive power, that black haired elder used the same sort of method that Chu Feng used.

Layers upon layer of martial power was sent forth by him. The powerful martial power, being controlled by him, turned from formless to form-possessing. They turned into four large swords that were over a dozen meters and flickered with light. Those large swords hacked down towards Chu Feng's large hands that were formed with his martial power. He planned to chop away Chu Feng's large hands and save his four elders.

A rank three Martial King could not be looked down upon. Although Chu Feng possessed a heaven defying level of battle power, he was still only a Martial Lord. He knew that if this was to continue on, it would be very difficult for him to fight against this black haired elder.

However, Chu Feng did not fear. With an intention, three rays of thunder were sent forth from his body with roaring noises. They twisted with the surroundings of his body and, in a blink of an eye, turned into an armor that radiated lightning from all over. This armor completely covered Chu Feng's body.

Once the Thunder Armor appeared, Chu Feng's cultivation instantly grew. Before the eyes of numerous observers, he went from rank nine Martial Lord to a rank one Martial King.

“Heeyaa~~~”

With the increase in his cultivation, the aura emitted by Chu Feng turned completely different. The difference between Martial Lord and Martial Kings was the level of martial power. When Chu Feng stepped into the Martial King realm, the martial power that he controlled had also turned into king level martial power.

Thus, the four enormous swords formed with martial power that were extremely threatening earlier were now so weak that they would collapse at the first blow. Chu Feng loudly shouted and spread open his hand. A palm was shot out.

“Boom.”

When the palm strike was sent forth, waves of energy soared through the sky. Layers upon layers of energy appeared as if they could destroy everything. Everywhere they passed, cracks would appear in the air. As for the four enormous swords created with martial power, they were directly shattered.

“He actually grasps such a method to directly reach Martial King from Martial Lord? Is this child truly someone from the Southern Sea Region? When did such a powerful character appear in the Southern Sea Region? He is simply a rare genius even in our Holy Land of Martialism.”

Seeing Chu Feng’s change after using his Thunder Armor, the black haired elder was greatly shocked once again. It could be said that the strength displayed by Chu Feng had provoked his nerves time and time again.

However, regardless, the Han family’s honor could not be allowed to be trampled upon. Despite how rare a genius Chu Feng was, he would not allow him to humiliate those from his Han family before all these people. Thus, he executed a skill with one hand. When he attacked with his right hand, his boundless martial energy transformed into countless amounts of strange birds.

Each and every one of those strange birds were several meters in size. Their bodies were black in color and their feathers were sharp like blades.

Especially their sharp beaks, they looked as though they could pierce through everything. Even the space of the Holy Land of Martialism would be pierced through by these strange birds' sharp beaks with one strike.

Thus, when the strange birds that covered the sky appeared, the surrounding space started to crack and shatter. The sunny and cloudless daytime turned into a boundless night as it was covered by that frightening might.

This was a rank seven martial skill. It was a special martial skill of the Han family. In the hands of this black haired elder, the unique might and power of this martial skill was thoroughly displayed.

“Jijijiji.”

After these sky-covering strange birds appeared, they completely surrounded Chu Feng. Then, they started to emit a strange cry and charged toward Chu Feng.

“Blade of the Void Dragon's Cry.” Facing those strange birds that had covered the sky, Chu Feng was not frightened in the slightest. Controlling his body's martial power, he lifted up one hand and clenched it. A large golden sword appeared in his hand.

After that large golden sword appeared, the roar of a dragon followed suit. Succeeding that ear-piercing dragon roar sounded, a formless oppressive might suddenly appeared.

That oppressive might was so powerful that it could destroy everything in its path. Before that formless oppressive might, everyone felt an enormous pressure. The crowd watching the battle were all forced back many steps. As for those with low cultivation, they were, like scarecrows, blown away.

The most important matter was that before this oppressive might, even those tyrannical strange birds became devastated. As they continued to emit their strange cries, their bodies were ripped apart. In the end, like mist, they disappeared.

“Old bastard, you actually dared to beat Li Lei to such a state. Today, I

shall have you pay your debt of blood with blood.”

After destroying the strange bird martial skill, Chu Feng did not just stand there idly. His body moved. Holding the Blade of the Void Dragon’s Cry in his hand and carrying along with him the four Han family elders, he rushed toward that black haired elder.

“Woosh woosh woosh.” Chu Feng’s speed was strikingly fast. Although he was only a rank one Martial King, his speed was something that even rank three Marital Kings could not be careless of.

However, at this moment, the most frightening thing about Chu Feng was not his speed. Instead, it was his attack. In Chu Feng’s hands, that Blade of the Void Dragon’s Cry was utilized without restraint. It was no longer an ordinary martial skill nor was it an ordinary weapon anymore. Instead, it was more like a sharp blade that steals one’s soul.

“You brat!!!”

Before Chu Feng’s attack, that black haired elder’s expression also took great change. Fear filled his eyes. That was because the current him was not only forced into a passive state of defense, Chu Feng’s countless and changing attacks had also sealed off all possibilities for him to counterattack.

The current him did not even have the time to use a martial skill or take out a weapon. The only thing he could do was to constantly dodge Chu Feng’s attacks. Actually, he did not even have the ability to dodge anymore.

What did they mean by being careless once would bring about thousands of regrets? This black haired elder was most definitely the living example of that. With his strength, if he had decided to fight Chu Feng with his all right at the get-go, then even Chu Feng would be incapable of easily triumphing over him.

However, due to this carelessness, an opportunity was seized by Chu Feng. Even though he possessed countless more powerful methods, Chu Feng did not give him any opportunity to use them. Thus, he had become completely helpless.

The current black haired elder was equivalent to a fierce tiger that had been tightly tied up. Even though it possessed very sharp teeth and ferocious strength, it was incapable of using them. It was an extremely difficult state to bear.

“Wooshuaa”

Suddenly, the Blade of the Void Dragon’s Cry in Chu Feng’s hand was thrust forward. A golden light flashed past. A blossom of blood sprinkled through the sky. By the time people managed to react, what they saw was that black haired elder’s arm flying down with blood. This sword strike from Chu Feng had actually chopped off the black haired elder’s arm.

“Ahhh~~~ You little damned bastard! I will slaughter you!”

The pain of losing his arm caused the black haired elder to grimace and lose his rationality. He who was endlessly enraged not only cursed at Chu Feng, he even spoke words of threat. From his body emitted an overflowing killing intent. If he had the chance, he might have really tried to kill Chu Feng.

Unfortunately, Chu Feng did not give him such a chance. The Blade of the Void Dragon’s Cry in Chu Feng’s hand was waved once again. “Kacha.” Another splash of blood blossomed. The other arm of that black haired elder had been chopped off by Chu Feng. Moreover, when that arm had been chopped off, Chu Feng once again brandished his sword and sliced that severed arm into countless pieces.

“Ahhh~~~~ You bastard! I swear that I will skin you, pull out your tendons and dismember you to ten thousand pieces!”

Seeing his severed arm that was sliced into countless pieces, the black haired elder gnashed his teeth in anger. His heart and lungs were nearly about to explode. That was because Chu Feng’s action of severing his arms before all these disciples and elders was not only humiliating, it was also trampling upon the dignity of his Han family.

Chapter 1033: Killing Spree

“Heavens, this, this, this...” Not only that black haired elder, even all the people in the crowd were stupefied by Chu Feng’s actions. That was because at this moment, Chu Feng’s actions were no longer as simple as teaching the Han family elder a lesson. His actions were simply chopping him to eight sections.

That’s right, Chu Feng was truly going to chop that black haired elder to eight pieces. The enraged Chu Feng was capable of doing anything. Especially that black haired elder, he had beaten and seriously injured Li Lei before Chu Feng. This was something that he could not endure.

Thus, as the golden light flashed through, the body of the black haired elder started to splatter blood all over. It was being separated apart repeatedly.

Finally, when Chu Feng landed on the ground, the black haired elder only had his torso and head remaining on him. His four limbs had all been cut off. In fact, even his body had been badly mangled with white bones showing through. It was a very frightening scene.

“What, what, what, what are you planning to do?”

Even though he had been sliced apart beyond recognition, what the black haired elder had on his face was not an expression of anger. Instead, it was an expression of fear. That was because Chu Feng had raised the large golden sword in his hand once again. As for that sharp sword, the place that it was aimed at was the black haired elder’s dantian.

“This disciple, please don’t! You must know that killing an elder is a crime that you could be beheaded for.” Seeing that Chu Feng was planning to kill that black haired elder, there were people with good intentions who advised against it.

However, who would’ve thought that Chu Feng refused to listen to them. He raised the large golden sword in his hand, restricted the black haired elder with his oppressive might and then coldly said to him.

“This elder here, not only does he not uphold justice for his disciples, he even bends the law in order to favor his relative and threatens and beats up his disciples. He even wished to kill his disciples.”

”

“For your conducts, you ought to be punished, ought to be killed...”

“Woosh.”

After he finished saying those words, the large golden sword in Chu Feng’s hand suddenly dropped down. “Puchi.” It pierced into the black haired elder’s dantian region. After that, the large golden sword slightly trembled which caused layers of berserk energy ripples to shoot out from within the black haired elder’s body. “Bang.” A muffled sound echoed. Blood splattered everywhere. That black haired elder had been met with a violent death.

“Ahhhh~~, you damned bastard! You actually dared to kill someone of our Han family! I’ll kill you!”

Seeing the black haired elder being killed before their eyes, the other four elders of the Han family were furiously enraged. Not only did they display anger all over their faces, their eyes were also blood red. From within their bloodshot eyes, there emitted a very strong killing intent. If they were able to do it, they would wish to kill Chu Feng with their gazes.

“There are indeed people that ought to die today. However, it is not me, it’s you all.”

Facing the threats from the four Han family elders, Chu Feng coldly laughed. Then, a flash of coldness passed through his eyes. “Bang, bang, bang, bang.” Four muffled sounds echoed in succession. Those four elders who were speaking threatening words to Chu Feng earlier had been crushed to death by the four large hands formed by Chu Feng’s martial power. They had instantly died.

After killing the five elders of the Han family, Chu Feng stretch his palm toward the plaza. A berserk attraction energy rushed out from his palm. He sucked Li Lei whose head was covered with blood and had already

fainted over to him and then placed him over his shoulder.

After that, Chu Feng's legs moved, he started rapidly flying toward the direction of the exit in his memory. Chu Feng knew that he had created a major disaster for himself. Thus, from the beginning, he had never planned to continue staying in the Southern Cyanwood Forest and had prepared to leave in stealth.

"Don't you dare escape. Our Han family will definitely not let you get away with this." Who would've thought that after Chu Feng took two steps, shouts sounded from behind him.

Turning his head back to see, it was actually Han Shi. At this moment, Han Shi's face was still covered with blood. However, his chin that had been shattered by Chu Feng was unexpectedly fully healed. Furthermore, a large group of young men and women were standing behind him.

They ought to all be people from the Han family. Otherwise, they would not all be pointing at Chu Feng and cursing at him. Evidently, they had been greatly angered because Chu Feng had killed five of their Han family's elders.

"Courting death." Seeing the faces of Han Shi and them who had relied on force to bully others all the time, Chu Feng sneered. He then raised his palm and a boundless martial power flowed out from it. "Bang bang bang bang bang bang bang." A burst of muffled sounds echoed. Han Shi and them who were threatening Chu Feng had all been turned into pools of blood. They were all killed by Chu Feng.

"Is there anyone else from the Han family present? Today, I shall kill all of you." After killing Han Shi and them, Chu Feng asked with a loud voice. While speaking, Chu Feng cast his sharp gaze at the various silhouettes in the air and on the ground.

"Hualalala."

Once Chu Feng said these words, everyone was shocked. When faced with Chu Feng's cold gaze overflowing with killing intent, all the people present, regardless of whether they were elders or disciples, all turned deathly pale. With trembling lips, they couldn't help but involuntarily

retreat back.

After seeing Chu Feng's methods, who dared to proclaim that they're from the Han family? Much less those who were only bystanders and not from the Han family, even those who are from the Han family did not dare to open their mouths and admit it.

That was because they were certain that as long as anyone dared to proclaim that they were from the Han family and possessed a cultivation weaker than Chu Feng, they would all be met with a devastating end.

After all, killing a single person was killing, and no different from killing ten people. Likewise, killing a hundred was also killing. With Chu Feng's ruthless methods, they were able to be certain that even if there were a thousand people, Chu Feng wouldn't even blink his eyes before obliterating every one of them. He was simply not like a human and more like a bloodthirsty devil.

"A bunch of trash." Seeing the cowering crowd, Chu Feng sneered. He knew that there was certainly more people from the Han family within the crowd. However, when faced with death, they did not dare to admit to it.

After this, Chu Feng decided to not stay any longer. After all, this Southern Cyanwood Forest was filled with experts like clouds. If he was to alarm the elders of the core zone, then regardless of how heaven defying Chu Feng was, he would likely find it extremely difficult to escape. Thus, Chu Feng needed to leave this place as quickly as possible.

"Hum." However, right after Chu Feng decided to leave, a boundless powerful pressure appeared out of nowhere. As if illuminating everything, a golden spirit barrier appeared. In a blink of an eye, it had covered this region of space with Chu Feng within it.

After the boundless powerful pressure and the sturdy spirit barrier appeared, a voice filled with imposing might sounded. "Coming as you please and leaving as you please. What sort of place did you take this Southern Cyanwood Forest as?"

Turning their heads toward the source of the voice, the expressions of everyone present took a huge change. This was especially for the people of

the Han family. They displayed expressions of ecstasy. That was because the elder that had appeared was a grey haired old man. Moreover, he was wearing a dark blue colored gown. That was the symbol of a management elder.

Actually, this management elder's cultivation was not very high. His cultivation was only a rank higher than the black haired Han family elder, being at rank four Martial King. However, the imposing aura as well as his temperament was completely different from the black haired elder. He truly displayed the air of an expert.

This was precisely the powerfulness of management elders. In the Southern Cyanwood Forest, the amount of management elders was indeed numerous. However, not a single person who was capable of becoming a management elder was a nobody.

Thus, when this management elder appeared, practically everyone present felt that a great catastrophe would befall Chu Feng.

“White Tiger Slaughtering Technique.”

However, when all the elders and disciples, including that grey haired management elder, assumed that Chu Feng would not be able to escape, Chu Feng did not even bother glancing at the management elder and directly displayed his White Tiger Slaughtering Technique.

The White Tiger Slaughter Technique was a supreme secret skill. Its strength was extremely ferocious. This was especially when Chu Feng's cultivation reached Martial King level. This supreme secret technique's power was even more unsurpassable.

Furthermore, the White Tiger Slaughtering Technique was known to be a martial skill that could conquer all obstacles and break apart everything in its path. The so-called spirit barriers, before the White Tiger Slaughtering Technique, was simply unworthy of mention.

Thus, when the devastating ray of light that formed a White Tiger with supreme might appeared in the sky brushed through that golden spirit formation, a loud explosion was heard and this region of space started to violently tremble. At the same time, that golden spirit formation barrier

was completely shattered.

Chapter 1034: A Shocking Reversal

“Heavens, that guy actually smashed apart the management elder’s spirit formation barrier.”

“The strength earlier was extremely powerful. That is not a taboo martial skill nor is it an ordinary martial skill. What was it? It actually contained such a powerful might.”

Chu Feng’s action had once again caused a commotion through the crowd. He had stupefied all the people present regardless of whether they were disciples or elders. Never had they imagined that the defensive spirit formation of a management elder would be broken apart by a single strike from Chu Feng.

At the very least, in the entire Southern Cyanwood Forest, there hadn’t been any other disciple until now who was capable of doing such a feat. Even the strongest disciples were incapable of doing that. However, this Chu Feng, a disciple that no one recognized, was able to do it. How could they not be shocked?

“This sort of sensation, could it be a secret skill?” In reality, not only were the crowd shocked, even that grey haired management elder began frowning. An unexpected amazement shone through his eyes.

“Azure Dragon Dashing Technique.”

At the moment then the crowd was immersed by the might of Chu Feng’s White Tiger Slaughter Technique, an azure light flickered under Chu Feng’s feet. In the end, it condensed into a vivid and lifelike enormous azure colored dragon.

“Aouuu~~~~~” 1

Once the Azure Dragon Dashing Technique appeared, a dragon roar immediately shook the world. As the dragon roared, its body started to move back and forth. The only thing that the crowd could see was a flash of azure colored light. Chu Feng had already flown to a faraway distance. The speed of the Azure Dragon Dashing Technique was truly frighteningly

fast.

“This sort of sensation, it’s another secret skill. This child actually grasped two secret skills?” The grey haired elder was a knowledgeable person. He recognized that both the White Tiger Slaughtering Technique and the Azure Dragon Dashing Technique were secret skills.

At this moment, he was undoubtedly shocked. He appeared to have forgotten that Chu Feng had killed elders and disciples. While utilizing extremely powerful movement martial skill to chase after Chu Feng, he loudly shouted, “Little friend, may I know of your great name?”

Being questioned by that grey haired elder, Chu Feng did not stop his speed. However, he turned his head around and loudly said to that grey haired elder, “Remember, my name is Chu Feng.”

After finishing saying those words, Chu Feng turned around once more and continued to hasten the Azure Dragon Dashing Technique with all his strength. He rushed toward the direction of the Southern Cyanwood Forest’s entrance. His goal was to escape this place with Li Lei as quickly as possible.

“It’s actually you?”

Who would’ve thought that when that grey haired elder saw Chu Feng’s facial appearance, his expression actually took a huge change. A hard to describe sense of joy rushed onto his face. The gaze that he had was like that of an extremely poverty-wretched person discovering a boundless amount of precious treasures. It was an extremely marvelous expression.

He, who was extremely emotional, appeared to have his mind thrown off track. While chasing after Chu Feng, he shouted loudly, “Little friend Chu Feng, please stop leaving. What had happened earlier is most definitely a misunderstanding. Our Southern Cyanwood Forest would definitely give you an explanation.”

“Little friend, don’t leave. Little friend, don’t leave~~~~” Seeing that Chu Feng did not bother to stop and was escaping with extremespeed, that grey haired elder became even more frantic. He no longer knew what to do. His tone had changed from one of menace to one of plea.

“Hahaha, this old man is truly interesting. He actually wanted to use such a low method to stop you. Did he take you as a fool?” Seeing the changes of the grey haired old man, Eggy was greatly amused and began to laugh out loud. She felt that the methods of this grey haired old man was truly too childish.

“Who knows what is going on with this elder. I felt somewhat strange the entire time. Especially when he saw my face, he seemed to have been pretty shocked by it. Could it be that he truly knows me?”

In contrast to Eggy, Chu Feng started to ponder. He felt that there was a great change to the grey haired elder after he saw his facial appearance. He did not appear to fear that Chu Feng was trying to escape, instead he appeared more like he feared that Chu Feng would leave. He did not appear to be trying to trick him into staying but instead appeared more like sincerely urging him to stay.

“Little friend Chu Feng, I know that you’ve come from the Southern Sea Region. You have managed to pass through the trial spirit formation that was set up by our Southern Cyanwood Forest. Our Southern Cyanwood Forest’s Lord Headmaster already knew of little friend Chu Feng’s exceptional talent. It is merely because of our negligence that we missed the opportunity to meet with little friend Chu Feng.”

“Because of this, Lord Headmaster flew into a terrible rage. He gave us a limit of ten days to find little friend Chu Feng. If we were unable to find little friend Chu Feng in ten days, we would be met with a great catastrophe.”

“We have fruitlessly and painfully searched for multiple days. However, never would we have imagined that by chance or accident, little friend Chu Feng has already entered our Southern Cyanwood Forest. Yet, we actually didn’t manage to discover that. This is truly a negligence on our part.”

“If little friend Chu Feng was to leave today and if the matters today were to be found out by Lord Headmaster, then we would definitely be greatly punished. I’m afraid that we might even be beheaded.”

“Little friend Chu Feng, I plead that you might be willing to pity us weary old bones and give us a chance. Please, stay.” Seeing Chu Feng’s indifferent appearance, that grey haired elder frankly told him the reason and sincerely pleaded for him to stay.

“Wow, this old man actually gave a very sounding reason that strikes me as being the truth. Chu Feng, do you think this is real?” asked Eggy with shock.

“This elder is a management elder. In the Southern Cyanwood Forest, his status is very respected. Moreover, he does not appear to be someone from the Han family. Even if I have created a great calamity for myself, there should be no reason for him to go so far and use such methods to try to detain me. I believe his words are trustworthy.” analyzed Chu Feng.

“In that case, doesn’t it mean that if we are to stay, then you’d be able to reach your goal instantly, directly gain the favor of the Headmaster and be sent to the Cyanwood Mountain?” Upon hearing what Chu Feng said, Eggy was overjoyed. After all, this conclusion was truly a surprise. It appeared to be a good conclusion and a pleasant surprise.

“Even if what he had said was the truth, I have, after all, created a calamity for myself. I must first probe things out.” Thinking about this, Chu Feng did not slow down. Instead, he asked in a loud voice.

“The reason I entered the Southern Cyanwood Forest is because I’ve heard that the reputation of the Southern Cyanwood Forest is pretty good. It is said to be a good power that would remove the evils for people. However, upon coming to this place, I discovered that that is completely not the case.”

“A man from the Han family publicly assaulted a woman from my Southern Sea Region. It could be said that he had disregarded all laws and discipline. However, the matter that caused my great intolerance the most is the fact that even after the elders of the Southern Cyanwood Forest knew of this matter, they didn’t dare to bother with it. Instead, they allowed the Han family’s man to continue his rash actions at will.”

“I was unable to sit idly by and watch. Thus, I set off to teach him a

lesson. However, who would've thought that I would end up attracting the retaliation of the Han family elders. When they started attacking me, they wanted to to kill me. If I didn't have the means to defend myself, I'm afraid that I would've already met with a violent death."

"And now, even you, a management elder, had come to chase after me. This sort of place, how could I possibly have trust in it? How could I possibly stay behind?" Chu Feng's words were filled with blame and displeasure. It was as if he had truly lost his trust and confidence in the Southern Cyanwood Forest.

This caused the complexion of the grey haired elder to turn green. However, he was unable to provide justification. That was because he knew very well what sort of conduct the people of the Han family had in the Southern Cyanwood Forest. This was truly something that he could not explain.

Being helpless, he could only lowly say. "Little friend Chu Feng, the Lord Headmaster of our Southern Cyanwood Forest is renowned for upholding justice. I felt that the things that you have encountered today is all but a misunderstanding. We can report this matter to Lord Headmaster; I believe Lord Headmaster will definitely uphold justice for you."

"Heh, those words of yours sound even sweeter than singing. Regardless of what has occurred, it doesn't change the fact that I have killed elders and disciples of the Southern Cyanwood Forest. I refused to believe that your Southern Cyanwood Forest would let me off." Chu Feng sneered. He had an expression of disbelief. While he spoke those words, he suddenly accelerated his speed and began to increase the distance between him and the grey haired elder once again.

"Little friend Chu Feng, if it was truly as you have said where the Han family's men were the first in the wrong, then even if little friend Chu Feng had killed them, it would be reasonable and something that ought to have happened. As this is helping the people get rid of the evil, how could Lord Headmaster blame you?" said the grey haired elder impatiently.

"Your words now are simple, however there is no substance behind

them. Who knows whether you might end up going back on them. How can I possibly trust you?” Chu Feng sneered once again. The Azure Dragon under his foot also started snarling as if it was mocking the empty talk spoken by that grey haired elder.

“Little friend Chu Feng, if you do not believe in the words that this old man has spoken, there is nothing that I can do. However, I truly wish that you would stay because Lord Headmaster had personally said before that you’re the hope of our Southern Cyanwood Forest.”

Seeing that Chu Feng was soon to reach the exit of the Southern Cyanwood Forest and that the elder watching after the exit was obviously unable to stop Chu Feng, the grey haired elder grew completely anxious. In this state of extreme panic, he actually stopped chasing after Chu Feng. Instead, with a ‘putt’ sound, he had kneeled onto the air and violently kowtowed toward Chu Feng.

Loudly, he said, “Little friend Chu Feng, this old man is begging you.”

Chapter 1035: The Unsolved Crisis

“This...” Seeing that the grey haired elder had actually kneeled down to him, Chu Feng was greatly shocked.

In reality, he did not wish to leave the Southern Cyanwood Forest. After all, he had come to the Southern Cyanwood Forest with a goal in mind. If it was truly as what that grey haired elder had said and the Southern Cyanwood Forest had been painfully searching for him, then it meant that they had considered Chu Feng of great importance. Chu Feng would naturally be willing to stay in the Southern Cyanwood Forest.

Merely, Chu Feng also knew that he had created no small disaster for himself. Since he was apprehensive about the Southern Cyanwood Forest, he ended up saying those words in order to test this grey haired elder to see how sincere he was in trying to keep him.

As the grey haired elder had already shown his sincerity to such a state, Chu Feng would naturally not be someone who would refuse to give back face. Thus, with a turn of his body, he steered the Azure Dragon underneath him and flew over to the grey haired elder.

“Elder, this junior has seen your sincerity. For the Southern Cyanwood Forest to have an elder like yourself, I believe there is also a virtuous face to this place. This junior is willing to stay.” Chu Feng dissipated his Azure Dragon and then helped the grey haired elder up.

“Little friend Chu Feng, I thank you for giving our Southern Cyanwood Forest this opportunity. Our Southern Cyanwood Forest will definitely not disappoint you.” Seeing that Chu Feng had returned, an ecstatic expression filled the grey haired elder’s face. It was as if a heavy stone that had suspended in his heart had finally been lifted.

“Woosh woosh woosh woosh woosh.”

Right at this moment, from the distant horizon, the sound of wind being pierced through suddenly sounded. Chu Feng was able to see that several tens of figures of elderly men wearing blue colored gowns were approaching them with great speed. All of them possessed a level of

cultivation that wasn't weak.

The weakest among them were rank four Martial Kings. The majority of them were rank five Martial Kings or above. As for the most powerful person, he was an old man with two grizzled temples and a hair crown. His cultivation had already reached rank eight Martial King. Evidently, the matter regarding Chu Feng had already alarmed the Southern Cyanwood Forest's core zone and caused all of these finest management elders to appear.

"Little friend Chu Feng, there is no need for you to fear. All of our Southern Cyanwood Forest's management elders knows of your importance. There is definitely no one that will dare to harm you." Fearing that Chu Feng might be worried, that grey haired elder spoke to soothe him.

Sure enough, it was exactly as that grey haired elder had said. Those management elders were originally aggressive. However, when they saw Chu Feng's facial appearance from afar, their expressions all took a huge change. Their faces began to reveal unexpected surprise and joy. It could not be denied that they were all exceptionally excited and started to accelerate their speed.

When they arrived nearby, they all stood in the sky uniformly. They had kept a short distance from Chu Feng and the grey haired elder. Only that old man with two grizzled temples and a cultivation of rank eight Martial King walked toward Chu Feng and the grey haired elder.

"I pay my respects to Elder Gongsun." Seeing this elder approaching, the grey haired elder immediately stepped forward to greet him.

"Could it be... that he's the person from the Southern Sea Region that had killed the elders and disciples of the Han family?" asked Elder Gongsun.

"Reporting to Elder Gongsun, it is indeed this child who has done those things. However, there is a reason for how the matter escalated to that. It is the Han's family people that were wrong first. Little friend Chu Feng was unable to bear being humiliated by them. That's the reason why he

decided to fight back with full strength.” The grey haired elder defended Chu Feng.

“So his name is Chu Feng?” After hearing the words of the grey haired elder, that Elder Gongsun also nodded. He then cast his gaze toward Chu Feng. With a very amiable tone, he said, “The conducts of the Han family have always been excessive. What little friend Chu Feng has done could be considered a lesson for them. You need not worry, when Lord Headmaster returns, I will definitely report this matter to him and have Lord Headmaster provide you with a justification.”

“Then, I shall trouble elder.” After seeing the attitude of this Elder Gongsun, Chu Feng heaved a long sigh of relief in his heart. That was because judging from their attitude, Chu Feng was able to tell that what the grey haired elder had said ought to be the truth.

Otherwise, it was impossible for these elders to lean toward him after he created such great desecration. From this, he could tell that the Headmaster of the Southern Cyanwood Forest had indeed given a strict order that caused these management elders to not dare to be disrespectful toward him.

“Elder Gongsun, to be able to find little friend Chu Feng from this could be said to be obtaining profit from disaster. However, Lord Headmaster is, after all, not present and there is no one who can uphold justice for little friend Chu Feng.”

“In my opinion, I think we should bring little friend Chu Feng out of the Southern Cyanwood Forest and wait for Lord Headmaster to return first before bringing little friend Chu Feng back.” Suddenly, an elder with the cultivation of rank seven Martial King stepped forward and suggested.

“Why?” Elder Gongsun frowned. He asked in an extremely puzzled manner.

“As far as I know, Punishment Elder Han Qingyu has already returned to the Southern Cyanwood Forest. For such a major event to happen to the Han family, there will definitely be people that have gone to report to him.”

“You ought to know that the reason the Han family dares to act so unscrupulously and without regard is all because of their reliance in the protection of Han Qingyu. Moreover, this Han Qingyu shield is extremely renowned.”

“In normal times, who would dare to call out the wrongs of his Han family? If he heard any of those, he would fly into a terrible rage. Yet today, little friend Chu Feng here has publicly killed many people from the Han family. If Han Qingyu discovers that, he will definitely lose his mind.” Said that rank seven Martial King elder in an extremely worried manner.

“That’s right. Elder Gongsun, according to the character of that Han Qingyu, I’m afraid that he will dare to do anything. As Lord Headmaster has yet to return, it is not safe for us to have little friend Chu Feng stay in the Southern Cyanwood Forest.”

“Why don’t we just do as Elder Li suggested and have him leave the Southern Cyanwood Forest for the time being. When the Lord Headmaster returns, we can ask Lord Headmaster to personally invite little friend Chu Feng back. What do you think?” At this moment, the management elders present all nodded their heads in approval.

“When Lord Headmaster gave the order that day, Han Qingyu was also present. He is not someone who doesn’t recognize little friend Chu Feng. Nor is he someone who doesn’t know the importance of little friend Chu Feng. Are you suggesting that he will dare to go against the orders of Lord Headmaster and bring about harm to little friend Chu Feng?”

“I believe that Han Qingyu, as the Punishment Elder, ought to be able to distinguish between what is more important. Even if he dares to not put the orders Lord Headmaster has given in his eyes, I will also not allow him to bring about harm to little friend Chu Feng.”

“Are you suggesting that our Southern Cyanwood Forest, with all our elders and disciples, have no one, other than Lord Headmaster, that could control his Han family?” Elder Gongsun had a displeasure expressed in his eyes. It seemed as if he was unsatisfied with that Han Qingyu.

“But...” However, the other elders present were still worried.

“There’s no buts. We will bring little friend Chu Feng to Lord Headmaster’s Hall right now. I refuse to believe that Han Qingyu will truly be daring enough to cause troubles at Lord Headmaster’s Hall. If he truly dares, then even without the need for Lord Headmaster to punish him, I shall give him some warning myself.”

After he finished saying those words, that Elder Gongsun waved his large sleeve and began to fly toward the core zone of the Southern Cyanwood Forest. Seeing this, the other elders did not dare to hesitate yet also did not dare to lower their guards. They stood all around Chu Feng, placing him between them to protect him. Only then did they start to follow Elder Gongsun.

Chu Feng who had been paying attention to the details noticed that although these elders appeared to be just casually standing beside him, they were actually standing at carefully selected locations. This was a kind of protection formation. As for the center of the formation, the target of protection, was Chu Feng.

From this, two things could be determined. Firstly, they held Chu Feng in great importance. Secondly, they were deeply afraid of that Han Qingyu.

“Punishment Elder Han Qingyu, is it? It seems that the status the Han family has in the Southern Cyanwood Forest is nothing to look down upon. Chu Feng, it seems that your crisis is still unresolved.” Eggy laughed. However, her tone was that of anticipation.

“If possible, I also wish to see exactly what sort of character this Han Qingyu is.” Chu Feng smiled indifferently. He appeared to be extremely calm.

Facing this sort of situation, Chu Feng was not nervous. The only thought Chu Feng had in his mind was that the Han family, was the Southern Cyanwood Forest’s tumor. Although he had just entered the Southern Cyanwood Forest, based on the importance that the Southern Cyanwood Forest held him in, it might be possible for him to eradicate this tumor.

If such a chance truly presented itself before him, then Chu Feng would

definitely not let it go.

Chapter 1036: Perhaps the Situation Is Not Good

After making their decision, Chu Feng and the elders proceeded to fly toward the Lord Headmaster's Hall. They planned to quietly wait for Lord Headmaster's return.

On their way there, they had also attracted the attention of many people. Especially when they passed through the plaza, the crowd who had borne witness to all that had happened all displayed astonished expressions. Their gazes were filled with amazement and confusion.

Seeing the respectful appearance and their extremely cherished treatment those management elders had toward Chu Feng, how could that possibly resemble the treatment of a criminal. It was simply offering extremely respectful service toward a distinguished guest.

"What is happening? How come those management elders not seem to have caught Chu Feng and bring him to trial and appears more like trying to protect Chu Feng as he returns to the city?"

"Extraordinary. As I said, that Chu Feng is extraordinary. He dares to openly and fearlessly confront the Han family. He most definitely has something to rely on. Look, even those management elders don't dare to do anything to him. This has illustrated everything. It appears that the Han family has truly met their match this time around."

"Are you kidding? I've heard that this Chu Feng has come from the Southern Sea Region. What sort of background could someone from the Southern Sea Region possibly have in our Holy Land of Martialism?"

"You're truly stupid. Who said that it's necessary for him to have a background in order to be valued? Did you not see Chu Feng's actions earlier? Even a management elder was incapable of catching up to him. That sort of strength at such a young age, he is simply a rare genius. I'm afraid that such a talented individual like him can only be found among the core disciples of the Cyanwood Mountain."

“That’s right, that’s right. The Eastern Cyanwood Forest, the Western Cyanwood Forest, the Northern Cyanwood Forest and our Southern Cyanwood Forest are four subsidiary powers underneath the Cyanwood Mountain.”

“However, the Eastern, Western and Northern Cyanwood Forests are all very prosperous. In the entire Cyanwood region, they are all famous for their strength. For the other subsidiary powers, how could any of them dare to be disrespectful toward them? Even those ancient and mighty powers don’t dare to do anything to them. They are nearly as respected as the Cyanwood Mountain.”

“However, although we are the same as them, being genuine subsidiary powers of the Cyanwood Mountain, our status is not only a tier beneath the other three Cyanwood Forests. It was so much so that those non-genuine subsidiary powers look down upon us and does not put us in their eyes.”

“In this Cyanwood Region where the Cyanwood Mountain reside in, we, a grand subsidiary power, was actually degenerated to the status of a third-rate power.”

“The reason why this is the case is because our Southern Cyanwood Forest is not located in a good place. Although there are numerous people here, the number of powerful clans are truly too few. As for excellent talents, they are even fewer. This caused us to become incapable of sending outstanding talents to the Cyanwood Mountain the entire time, which in turn caused our Southern Cyanwood Forest’s status to fall by the day.”

“As for that Chu Feng, he is definitely a rare genius. Even if he is to be sent to the Cyanwood Mountain, he can also qualify as a genius there. With the courage and insight he displayed earlier, he might even create a grand accomplishment for himself in the Cyanwood Mountain. This sort of genius, this sort of character, how can our Southern Cyanwood Forest possibly let him slip by? We most definitely need to foster him.”

“Hearing what you said, it truly sounds reasonable. In that case, doesn’t

it mean that this youngster from the Southern Sea Region who does not have any backing will truly become a king, a hegemon in our Southern Cyanwood Forest?” The crowd began to discuss about Chu Feng spiritedly. There were all kinds of different speculations and guesses. However, the more they guessed, the more energetic they became. They even began to have a whole new level of respect for Chu Feng.

After hearing the discussion of the crowd, the expressions of those who had come from the Southern Sea Region turned ugly. In order to save their own lives, they had claimed that Chu Feng was lying. Even Shen Hong whom Chu Feng had saved behaved immorally. Not only did she twist the truth, she then threw stones at Chu Feng, lying and pushing the blame onto him.

If Chu Feng was truly as those people had said, being soon to become the new hope of the Southern Cyanwood Forest and become the person who the Southern Cyanwood Forest would focus on fostering, it would be no small matter. Upon thinking about the methods Chu Feng displayed earlier, they became extremely worried.

They were worried that Chu Feng might, because of their lying and assisting the Han family, to bring about retaliation against them.

Thus, an indescribable fear began to surge in their hearts, causing them to feel extremely uneasy. There were even people that had already startled to tremble. Fear had truly instilled in them.

“Woosh woosh woosh woosh woosh.”

However, right at the moment when everyone was discussing Chu Feng spiritedly, a violent hurricane suddenly sounded from the core region of the Southern Cyanwood Forest. That hurricane was so powerful that even the enormous trees that reached the heaven started to shake. From within the hurricane came several figures. In the end, they intercepted Elder Gongsun and them.

These people were also management elders. However, they all had unfriendly expressions on their faces. It was so much that they displayed traces of enmity as they looked at Elder Gongsun and them.

It was especially true for that leader. His white brows were like swords. His two eyes were like that of an eagle's. His sharp figure and his appearance, he gave off an extremely fiend-like sensation.

Moreover, this person's cultivation wasn't weak either. He was actually the same as Elder Gongsun, a rank eight Martial King. The most important matter was that his hostile aura was crystal clear. This man was precisely the backbone of the Han family, the Punishment Elder of the Southern Cyanwood Forest, Han Qingyu.

"The Punishment Elder has arrived. This is truly great. There's finally someone who can uphold justice for us now."

"Long live the Punishment Elder, oh~~~~"

When they saw Han Qingyu, the people of the Han family appeared as if they had seen hope before their eyes. Their low spirits instantly disappeared. There were even some people who began to cheer. They had completely ignored the other disciples and elders before their eyes. Their monstrous hegemon air started to brim once again.

"Gongsun Kuo, hand him over." Han Qingyu spoke indifferently. There was not the slightest trace of courtesy in his words. Instead, it sounded more like a command. It was as if he was truly the ruler of this place.

"Han Qingyu, please take note of the tone you're speaking with. You'd best not think that just because you're the Punishment Elder you'll truly be underneath a single person and above everyone else other than Lord Headmaster, that no one else could contend against you."

"You'd best remember that if we are to truly compare status and position, I, Gongsun Kuo, am not underneath you."

Elder Gongsun was evidently not someone easy to deal with. The tone he replied with contained no trace of politeness. Instead, it contained a very strong oppressive might. That formless oppressive might swept past the crowd to the west and especially those from the Han family. Those who were previously cheering and lost themselves in joy upon seeing the arrival of Han Qingyu immediately grew quiet.

“Enough of your rubbish. As the Punishment Elder, I am in charge of all the punishments in the Southern Cyanwood Forest. For there to be someone who dares to commit a crime against the laws of our Southern Cyanwood Forest, I, Han Qingyu, have the full authority to handle the punishment for this matter. Hand him over immediately. Otherwise, you’d best be careful as I wouldn’t be polite anymore.” Berated Han Qingyu with overwhelming anger.

“Hahaha, what you said is indeed the truth. As the Punishment Elder, you indeed have the authority and power to handle the punishments in the Southern Cyanwood Forest. However, it is truly a pity. I’m afraid that I cannot hand over this man to you today. That is because even if he is handed to you, you will still be unable to handle the punishment for him.” sneered Elder Gongsun.

“Gongsun Kuo, I see that you’ve been living extremely comfortable recently. You actually dare to mess around with me, Han Qingyu. I, unable to handle the punishment? As the Punishment Elder, how can I be unable to handle the punishment of a trifling disciple?”

“Let me tell you, much less a rubbish from the Southern Sea Region, even if it is you who has broken the rules, I will be able to punish you with no delay. Move aside. Otherwise, I will imprison you right now with the crime of obstructing enforcement.”

Killing intent was already seeping out from Han Qingyu’s sharp eyes. It was clear that he had truly become angry. If Elder Gongsun still did not move aside, then he would likely really attack him.

“Hahaha, you truly have a boastful way of speaking. Very well, I too wanted to see if you dare to punish this person here.” Seeing the furious Han Qingyu, Elder Gongsun suddenly burst into a loud laughter. After his laughter, he turned to the various elders and said, “Move aside.”

Actually, these elders had already sensed Han Qingyu when he was approaching them. Thus, they created a protection formation and placed Chu Feng within it. This prevented Han Qingyu and them from being able to see Chu Feng at all.

However, now that Elder Gongsun had spoken, they had no choice but to obey. They unfolded the defensive formation and revealed Chu Feng to Han Qingyu and them.

“He is.”

Exactly as Elder Gongsun and them had expected, when Han Qingyu and them saw Chu Feng’s appearance, their expressions instantly took a huge change. An expression of both shock and fear, an indescribable state of mind rushed forth in their elderly faces.

“What’s happening? Exactly what sort of identity does that Chu Feng possess for him to actually make even the Punishment Elder Han Qingyu to have restraining fear like this.”

At this moment, the number of people gathered grew more and more numerous. At the same time, the number of people who realized what had happened here earlier increased more and more too. When Han Qingyu appeared, everyone had thought that a good show was about to begin. However, never would they have imagined that even Han Qingyu, the person with the reputation of being the most vicious in the Southern Cyanwood Forest, someone who was so frightening that he would strike terror others just with the mention of his name, would give off such an expression after seeing Chu Feng.

Compared to the surprise of the crowd, the people who were most nervous at this moment were those from the Han family. The reason why their Han family members dared to do as they wish with no care for the laws in the Southern Cyanwood Forest was all because they were relying on the arrogant and despotic rule of Han Qingyu.

Originally, after Han Qingyu appeared, they all thought that Chu Feng would definitely be killed and no one would be able to save his life. The honor of their Han family would once again return. They would also display to everyone what sort of consequence they would receive should they dare to go against the Han family. Moreover, it would show everyone that it was their Han family that were the masters of the Southern Cyanwood Forest.

However, when their support pillar, Han Qingyu, saw Chu Feng, he too displayed that sort of expression. This caused the hearts of the people from the Han family to grow cold. At this moment, several thoughts revolved in their minds: perhaps the situation was not good.

Chapter 1037: The Sudden Emergence of the Han Family

“It’s actually him? Your Lordship, what should we do?” After seeing Chu Feng, the management elders of the Han family all became flustered. One by one, they began to send voice transfers to Han Qingyu asking him what to do.

“What should we do? Follow the rules, that’s what.”

“When the emperor breaks the law, he shall be charged the same as the ordinary people. And him, he is but a mere disciple.” Suddenly, a determined expression flashed past Han Qingyu’s eyes. He then loudly shouted. The panic expression that he displayed earlier completely vanished. He pointed to Chu Feng who was behind Elder Gongsun and said, “Men, capture Chu Feng.”

“Yes.” Hearing Han Qingyu’s words, the management elders of the Han family immediately grew courageous. They truly began to rush toward Chu Feng in an aggressive manner.

“Who dares?” Before the group of Han family elders arrived before Chu Feng, Elder Gongsun angrily shouted. After his shout of anger sounded, an energy ripple appeared. The energy ripple directly knocked back that group of approaching Han family management elders.

“Set up the formation.” Seeing this, the elders that had spread apart once again returned to set up their formation and protected Chu Feng within it.

“Gongsun Kuo, are you planning to obstruct my Punishment Department’s enforcement of the law?” said Han Qingyu angrily.

“The enforcement of the law is determined by the target. This Chu Feng is someone who Lord Headmaster wanted. Not to mention that you’re only the Punishment Elder, today, even if you’re a celestial emperor, you’d best not think that you’ll be able to touch a single hair of his.” said Elder Gongsun with a cold tone. He refused to yield in the slightest.

“Gongsun Kuo, do you truly think that you’ll be able to contend against

me?” Han Qingyu’s eyes suddenly narrowed. A smile of disdain appeared on the corners of his mouth.

“To be honest, I have truly never placed you in my eyes.” Seeing this, Elder Gongsun also coldly smiled. After that, his robe began to sway up and down. A boundless aura began emit from his body.

In an instant, the sky had turned from day to night and gales began to flow in the air. Rank eight Martial King, that sort of cultivation could be said to be at the peak of Martial King. Although it was greatly inferior to Martial Emperors, it was still extremely frightening.

“Hum.”

After spreading out his aura, Elder Gongsun flipped over his palm. An azure colored spiked club appeared in his hand.

This spiked club had an extremely domineering appearance. It was very inconsistent with the scholarly air that Elder Gongsun displayed. However, although its appearance was inconsistent, after this spiked club appeared, Elder Gongsun’s entire personal aura surged.

This was a true Royal Armament. Regardless of what its appearance was, the king level martial energy as well as the might that it displayed was thoroughly displayed in the hands of Elder Gongsun, a rank eight Martial King.

“Woosh.” Suddenly, the Royal Armament in Elder Gongsun’s hand was abruptly waved. Immediately, the heaven and earth started shaking. The oppressive might was spread all over. Elder Gongsun had taken the initiative to attack Han Qingyu.

This attack of his was no small matter. Practically no one was able to clearly see his attack. However, they were all intimidated by the powerful oppressive might displayed by the attack. Without mentioning those elders and disciples underneath, even the management elders in the air felt the enormous pressure from the attack.

However, even when faced with such an attack, that Han Qingyu had a sneer on his face. Suddenly, his sword brows creased. A cold light flashed

past his eyes and an explosion sounded from within his body. With him as the center, a ferocious energy ripple burst forth.

“Rumble.” That energy ripple simply swept through everything in its path. It was unstoppable. Everywhere that it passed, even the firm and stable airspace was shattered. Like shattered lens, they fluttered in this pitch-black world.

Even the attack that Elder Gongsun launched using his Royal Armament was unable to withstand a single blow before this energy ripple; it actually disintegrated in an instant.

However, the most frightening thing was not this. After that energy ripple defeated Elder Gongsun’s attack, it actually directly swept through Elder Gongsun.

“Wuuwa~~~”

1

Before this energy ripple, Elder Gongsun, a grand rank eight Martial King, was actually unable to withstand it. Like an extremely frail scarecrow meeting an unstoppable hurricane, Elder Gongsun vomited out a mouthful of blood and was sent flying.

“Wuuwa~~~”

“Eeahhh~~”

After passing through Elder Gongsun, that energy ripple continued to sweep past the various other elders who were protecting Chu Feng. As even Elder Gongsun was incapable of withstanding this energy ripple, those management elders were naturally incapable of withstanding it either.

As bursts of blood were sprayed out in the air, the elders that were protecting Chu Feng started to fall from the sky like kites with their strings cut off. All of them were seriously injured. Some among them who had weak strength had even lost consciousness on the spot with life and death undetermined.

In merely a blink of an eye, all of these elders who were in the sky and protecting Chu Feng were burst away by the energy ripple. Only Chu Feng remained.

“Heavens. The Punishment Elder is actually this powerful! With only a single strike, he actually defeated Elder Gongsun who is also a rank eight Martial King.” Seeing this scene, the crowd were all shocked beyond belief and became stupefied.

“That’s wrong. That aura is different from usual. Elder Han Qingyu appeared to no longer be a rank eight Martial King.” However, there were also elders with good eyesight that discovered that something was amiss.

“Han Qingyu, you’ve actually stepped into the ranks of a rank nine Martial King?” At this moment, the voice of Elder Gongsun sounded. The current Elder Gongsun had a head of disheveled hair and body of severed clothings. His entire body was covered with blood and his aura very weak. The air that he currently displayed was very feeble. It could be said that he had been battered and exhausted. He was already someone who was greatly injured. However, he still rapidly flew over and once again stepped before Chu Feng, blocking him.

“Hahaha, you ought to know the gap between you and me now, right? You, a mere rank eight Martial King, is unworthy of contending against me.”

Han Qingyu burst into a loud laughter. However, he had also indirectly acknowledged Elder Gongsun’s question. The current him was indeed no longer a rank eight Martial King and instead a rank nine Martial King.

“Heavens, Punishment Elder has already reached rank nine Martial King? In that case, isn’t his strength the same as Lord Headmaster’s?”

“No wonder, no wonder. So that’s the reason why this Han Qingyu dares to act this arrogant. So it was actually because his cultivation is already on par with Lord Headmaster. Adding on the strength of his Han family, I fear that even Lord Headmaster would be unable to do anything to him in the Southern Cyanwood Forest.”

When Han Qingyu acknowledged his cultivation, the numerous elders

and disciples present all displayed death-gray complexions. An indescribable anxiety surged forth their faces.

The Han family was very powerful. This caused them to be met with all kinds of sufferings. The only person who could contain Han Qingyu was Lord Headmaster. However, as Han Qingyu's cultivation was now at the same level as Lord Headmaster, it meant that even Lord Headmaster would be unable to control him. How could the disciples of the Southern Cyanwood Forest possibly bear this news?

They had already realized that the following days would be even darker and they would have to live under the oppression of the Han family for eternity.

"Haha, I truly never imagined that Lord Han Qingyu's strength has already reached this sort of state. Now, in the Southern Cyanwood Forest, who dares to disrespect our Han family? Hahahaha..."

Compared to the other people, the people of the Han family who had uneasy expressions earlier burst into joy. Their excited emotions filled their faces without any concealment. It was as if they had already become the rulers of the Southern Cyanwood Forest.

"Gongsun Kuo, move aside now and I'll spare your life. Otherwise, do not blame me for not putting our old friendship in mind and being blunt toward you." Han Qingyu sneered.

"Blunt? I wish to see exactly how you're going to be blunt. If you wished to harm Chu Feng today, you must first pass through me, Gongsun Kuo." Even though he knew that he was no match, Elder Gongsun did not cower before Han Qingyu. Instead, an aura of fearlessness before death rushed forth from his weak body.

"Elder Gongsun, this junior truly appreciates your kindness. However, this matter was caused by this junior. Please allow this junior to be the one to settle it." However, right at this moment, Chu Feng's voice sounded from behind Elder Gongsun.

1. Forgot to mention before, wuuwa and the like is the sound effect of being hit, damaged, etc.

Chapter 1038: Are You Tired of Living?

“Chu Feng, you...”

Hearing what Chu Feng had said, Elder Gongsun was startled. He did not imagine that in this critical moment of life and death, Chu Feng would not hide behind him and instead courageously stand out. This sort of quality in character was indeed beyond his expectation.

“Elder Gongsun, this matter is unrelated to all of you. Since it is I who has caused this calamity, it should be left for me to assume the responsibility. However, I must still trouble you with this; please help me take care of this friend of mine. This matter is completely unrelated to him.”

Chu Feng handed Li Lei who was over his shoulder to Elder Gongsun. Then, without waiting for Elder Gongsun’s reaction, Chu Feng walked forward and, with a calm smile, said to Han Qingyu. “It is I who have killed the people of your Han family. If you wish to do anything, do it all to me.”

“Brat, you have guts. However, I believe that you ought to know that Lord Headmaster had determined you to be the hope of our Southern Cyanwood Forest. You must’ve assumed that I would not dare to do anything to you, that’s why you’re this courageous, right?”

Han Qingyu started to inspect Chu Feng as he said those words. However, the killing intent in his eyes was even more clear. Suddenly, he angrily shouted and, with an enraged tone, said.

“Let me tell you, if this is what you’re thinking, then you are gravely mistaken. Today, no one is capable of saving you. Even if you’re the person that Lord Headmaster wanted, as long as you dared to kill those of my Han family, I will still kill you without delay.”

“Heh, you can think whatever you want to think.” Chu Feng smiled once again. He did not have the slightest fear in his face. Chu Feng was very good at determining what someone was thinking from their body gestures and facial expressions. He had already determined that, although this Han Qingyu was an arrogant hegemon, based on the reaction that he had when

he first saw Chu Feng, he was able to determine that there was restraining fear of Lord Headmaster in the depths of Han Qingyu's heart.

He had defeated management elders Elder Gongsun and them with his absolute power and appeared to be completely determined to kill Chu Feng.

However, in reality, he only wished to punish them as to set an example for others so that he could preserve his Han family's dignity. Furthermore, if he was to truly capture Chu Feng, he might not necessarily be daring enough to kill him. At the very most, he would torment and scare Chu Feng.

Thus, from the way Chu Feng saw things, if he was to continue to allow Elder Gongsun and them to protect him, Elder Gongsun and them would continue to suffer torments. As they were management elders, if they were to be beaten up by another before this many disciples, their dignity and honor would be severely damaged.

Instead of that, it was better for Chu Feng to step forward at an earlier time. Even if he was to receive torment and humiliation, he would at least be able to not implicate Elder Gongsun and them.

After all, Chu Feng had grown up being despised, bullied and humiliated by others. Thus, he did not fear being humiliated. That was because as long as he could live, he would one day return all the suffering and humiliation ten-fold to those who had done that to him and trample them underneath his foot.

"Chu Feng, today is the day of your death." Han Qingyu coldly shouted. As he said those words, he had spread out his rank nine Martial King's oppressive might causing the empty sky to tremble unceasingly.

However, even though the sky had started to rock, Chu Feng continued to firmly stand there. Toward the words that Han Qingyu had spoken, Chu Feng merely ignored them and continued to have an indifferent smile on his face.

"Bastard, you dare to continue smiling? Kneel down and admit your mistake!" Chu Feng's action had enraged Han Qingyu. Han Qingyu waved

his sleeve. The oppressive might that had covered this region of space turned into a sharp blade and flew toward Chu Feng's legs.

“Puu”

“Puu”

As the blade flew past, two bursts of blood sprayed out from Chu Feng's legs. The areas that blade sliced past exposed Chu Feng's eerie white bones.

“Stomp, stomp.”

Even though this was the case, Chu Feng's body merely slightly swayed. He actually did not kneel down. Instead, he continued to stand there firmly. There was not even the slightest trace of pain on his face. It was as if he could not sense the pain from his legs.

The thing that was most shocking was that even after Chu Feng received Han Qingyu's attack, he actually continued to smile. He looked to Han Qingyu and said, “You want me to kneel? You are not qualified.”

“Little bastard from the Southern Sea Region. You said that I am not qualified, is it? Very well. Today, I shall make you kneel to me on your own accord.”

Han Qingyu was so enraged by Chu Feng's actions that he started to gnash his teeth. However, even though this was the case, he did not try to kill Chu Feng. Instead, with an intention from him, several blades formed from his oppressive might flew past the sky and left numerous bloody wounds on Chu Feng's body.

Han Qingyu's actions had instead increased Chu Feng's confidence. He was now almost completely certain that Han Qingyu did not dare to kill him. Otherwise, with Han Qingyu's disposition, he would most definitely not go through this much effort in trying to make him kneel and would instead directly kill him.

After grasping his opponent's weakness, the stubborn Chu Feng would naturally not give in. Instead, he loudly said, “You wish for me to voluntarily kneel to you? In your dreams.”

“I shall see how long you can continue to show off.” Han Qingyu was no ordinary character either. The reason why he wanted Chu Feng to kneel before all these people was so that he could retrieve his Han family’s lost honor. Yet now, this Chu Feng actually refused his command before all these people. This was equivalent to giving him a slap in the face before all of them.

Thus, he would naturally not let Chu Feng off lightly. He had made a firm resolution to make Chu Feng kneel to him today. Thus, with an intention, the powerful energy that he controlled began to torment Chu Feng.

Regardless of how tough Chu Feng was, he was unable to beat the repeated torment from a rank nine Martial King. In merely a blink of an eye, Chu Feng’s body became badly mutilated. He was now covered with blood all over. Other than his face, there was no other place on him that wasn’t injured.

However, even though this was the case, Chu Feng continued to stand there motionlessly. He did not have the slightest intention to kneel down to Han Qingyu.

“Kneel, if you still refuse to kneel, I shall kill you.” Chu Feng’s ability to endure caused Han Qingyu to be unable to bear it anymore. He shouted explosively and stopped tormenting Chu Feng. Instead, he emitted his king level martial power and turned it into tens of thousands of weapons. These weapons all charged toward Chu Feng.

“Crap. Could this old man truly be planning to kill you?”

Seeing the tens of thousands of weapons that contained boundless destructive power that were flying toward Chu Feng, Eggy who was always calm started to panic. That was because this was completely different from the blades created from oppressive might from earlier. Although those blades were powerful, they were not fatal. However, the tens of thousands of weapons are able to easily behead Chu Feng.

“I am unable to ascertain whether he is planning to kill me. However, I am certain that he will not be able to kill me today.”

However, when faced with the fatal attack, Chu Feng had an expression of certainty on his face. He did not dodge the incoming attack; instead, he stood there and quietly waited for the attack of tens of thousands of weapons charging toward him. On the corners of his mouth was an incomparably confident smile.

“Stop immediately.”

As expected, right at this moment of imminent peril, an aged yet unflustered voice suddenly sounded in the sky.

After that voice sounded, a layer of formless energy appeared before Chu Feng. This energy charged toward the tens of thousands of weapons.

“Rumble.” Before that formless energy, the tens of thousands of weapons formed from Han Qingyu’s oppressive might was actually unable to withstand a single blow. Instantly, they were all shattered. Even Han Qingyu was affected by the energy and ended up retreating several meters backward.

“Heavens, this is?” Seeing the scene in the sky, practically everyone present were stupefied. Even Han Qingyu was of no exception.

“Little friend, I’ve let you suffer.” Right at the moment when everyone was stupefied by the sudden occurrence, an old man suddenly appeared before Chu Feng.

This old man had snow-like white hair and a very amiable appearance. However, he had appeared with no sound, it was as if he had suddenly appeared in the middle of the air. Standing before Chu Feng, his strength was incomprehensibly strong.

However, the thing that shocked Chu Feng the most was the aura emitted by this elder. This aura was extremely powerful. It was an aura above that of Martial Kings. Yet, to Chu Feng’s great surprise, although it was so powerful that it was completely different from that of Martial Kings, it was not the aura of a Martial Emperor. This was an aura above that of Martial Kings yet below that of Martial Emperors.

At the same time when Chu Feng was attentively looking at the old man,

the old man was also attentively looking at Chu Feng. At the moment when the old man appeared, he had a smile on his face. However, after he saw the bloodied state that Chu Feng was in, he was immediately enraged.

“Han Qingyu, are you tired of living?” Suddenly, the old man turned around, raised his hand and directly flipped and smashed the rank nine Martial King Han Qingyu to the ground.

Chapter 1039: Half Martial Emperor Level

“Wuwa.”

That white haired old man’s palm strike was no small matter. Han Qingyu was smashed downward and, like a sword, he severed several large trees that connected to the heavens. Only then did he smash to the ground.

Dust soared into the sky after Han Qingyu smashed into the ground. The earthquake began to subside. A deep crater appeared before everyone’s eyes. As that large crater began to expand, several more large trees toppled over.

“Lord Headmaster.” Everything that occurred was too sudden. Only after Han Qingyu was smashed to the ground did everyone notice that the old man who had smashed him down to the ground with a single palm strike and was standing before Chu Feng was actually their Lord Headmaster.

“Congratulations Lord Headmaster for successfully breaking through to Half Martial Emperor level and becoming rank one Half Martial Emperor.” After seeing the aura emitted by the headmaster of the Southern Cyanwood Forest, the various elders present were all overjoyed. Regardless of whether they were standing in the air or standing on the ground, they all immediately knelt down and saluted the headmaster.

After this, the disciples managed to react and hurriedly knelt down to salute to the headmaster too. At the same time, they loudly shouted words of congratulations. Moreover, the majority of them had expressions of excitement on their faces.

However, compared to the other elders and disciples, though the Han family’s elders and disciples also kneeled down and were shouting words of congratulations, they did not have excited expressions on their faces. Instead, they had expressions of panic and unrest.

That was because regardless of what cultivation their Lord Headmaster currently had, it remained true that a single palm strike from Lord Headmaster had swatted Han Qingyu down from the sky. This had shown

that Chu Feng was indeed extremely important. Otherwise, Lord Headmaster wouldn't have gone that far to attack the Punishment Elder for him. Likely, their Han family would truly have been met with calamity this time around.

"Half Martial Emperor, Eggy, what sort of level is that?" Compared to the others, the thing that Chu Feng focused upon was not the arrival of this Lord Headmaster. Instead, it was this Lord Headmaster's cultivation.

That was because before the Southern Cyanwood Forest's headmaster arrived, Chu Feng had already faintly sensed that a powerful aura was approaching him. That aura was not something that Chu Feng had sensed for himself. Instead, it was deliberately sent to him by that person. It appeared that that person was deliberately trying to tell Chu Feng to not be afraid as he would immediately arrive to protect him.

At that time, Chu Feng had already guessed that the person rushing toward him was likely the Lord Headmaster of the Southern Cyanwood Forest. That was the reason why Chu Feng was able to remain so fearless.

As for Chu Feng's current surprise, it was the cultivation of this Lord Headmaster. Chu Feng had felt that it was very strange to begin with. This Lord Headmaster's aura was completely different from that of Martial Kings. It was an aura above that of Martial Kings. However, it was also completely different from the aura of Martial Emperors.

This caused Chu Feng to be confused. Logically, the realm above Martial King was Martial Emperor. However, this Lord Headmaster's cultivation was between that of Martial King and Martial Emperor. In other words, he was stronger than Martial Kings but weaker than Martial Emperors. This sort of special aura had caused Chu Feng to be very confused.

However, when everyone started shouting words of congratulations and 'Half Martial Emperor,' Chu Feng suddenly came to a realization. It turned out that this Lord Headmaster was a Half Martial Emperor however, never had Chu Feng ever heard of such a cultivation level. Thus, he immediately asked Eggy for guidance.

"This... actually, the level differentiations that you all have here is

completely different from our Asura Spirit World. It could be said that we exist in two completely different cultivation levels. The reason why I mentioned to you before that I had the cultivation of a Martial Emperor in the past was merely an assessment of my strength.”

“Actually, in the past, I had deliberately inquired about many things regarding your world due to curiosity. This naturally included the cultivation levels you all have here.”

“From a very powerful senior, I learned about some of the cultivation levels you all have. However, I have never heard about Half Martial Emperor cultivation level.” Eggy shook her head. A bewildered expression was hanging on her extremely beautiful face.

“Based on their reactions, it appears that they are somewhat accustomed to this so-called Half Martial Emperor level. It appears that the Holy Land of Martialism is indeed different from the Eastern Sea Region. The things they know here are a lot more than we do. It seems that we would have to discard the knowledge that we had determined to be truth in the past and accept new knowledge.”

Chu Feng cast his gaze to the people below. A faint excitement appeared in his eyes. That was because Chu Feng was fond of expanding his knowledge. At the very least, it meant that he was improving.

“Boom.” Right at this moment, the Southern Cyanwood Forest’s headmaster suddenly opened his palm. A boundless suction rushed forth from his palm. It sucked Han Qingyu who had been smashed deep into the crater back into the air.

“Cough cough cough...” The current Han Qingyu was in a disheveled state with a face covered with dust. Above the dust was some dark black colored substance that seemed like solidified liquid. It was clearly his blood. The palm strike from Lord Headmaster was no simple matter.

“Lord Headmaster, you, you, you’ve... reached a breakthrough?” Even though his face was covered with dust that caused his appearance to be undeterminable, one could still tell from his flickering gaze how deeply frightened the current Han Qingyu was.

Regardless of how oppressive and awe-inspiring he was earlier, the current him before Lord Headmaster was like a lone wolf that had encountered a fierce tiger. All of the might that he had displayed earlier vanished like smoke in thin air. The only thing that remained was fear that emerged from the bottom of his heart.

“Han Qingyu, you truly have some extreme nerve. You actually dared to attack someone that I requested for. You truly do not put me, your headmaster, in mind. Have you gotten tired of living?”

Although Lord Headmaster appeared to be very amiable, a threatening anger as well as an inviolable awe were being emitted from him. That sort of sensation had caused all the spectators to tremble. As for Han Qingyu, there's less of a need to mention what he was feeling.

“Lord... Lord Headmaster, I did not intentionally oppose you. There's honestly a reason for this. This child killed many people from my Han family for no reason or cause. As the Punishment Elder, I had merely given him a lesson. Lord Headmaster, if you do not believe me, you can go and ask them. They had all seen what had happened.” Han Qingyu hurriedly explained. As he said those words, he pointed his finger to the people down below.

However, after being pointed at by Han Qingyu's finger, the people down below were instantly frightened. They either hurriedly moved aside or lowered their head and didn't speak. They did not wish to be pulled into this fatal dispute for no reason at all.

“Gongsun Kuo, what exactly happened here?” Hearing these words, the Southern Cyanwood Forest's headmaster frowned. He did not bother to pay attention to Han Qingyu and instead turned to Elder Gongsun and asked.

“Lord Headmaster, there is an error to what Han Qingyu had said. It is not the whole truth. Exactly who had wronged in this matter, it would be best for Lord Headmaster to determine it.” Seeing this, the already seriously injured Elder Gongsun did not bother to care about Han Qingyu. He walked up and narrated what had happened to the Lord Headmaster in

full details.

He who was hostile against Han Qingyu to begin with would naturally not causally explain what had happened. Instead, he began to add details to the story. Not only did he mention what had happened today, he even spoke of all kinds of wicked conduct the Han family had done in the Southern Cyanwood Forest in the past.

After knowing what had happened, the Southern Cyanwood Forest's headmaster frowned even deeper. He closed his eyes and gently stroked his snow white beard. It appeared as if he had entered into deep contemplation.

At this was happening, not a single person dared to utter a sound. They did not even dare to breathe loudly. Other than the sound of wind blowing on the leaves, not even the birds made any noise. It was strangely quiet.

After a long time, the Southern Cyanwood Forest's headmaster slowly opened his eyes. A decisive determination flashed past his pair of deep eyes.

"Woosh."

Suddenly, he waved his large sleeve. He first emitted his special and powerful aura outward. Then, with a thunder-like voice, he shouted.

"Han Qingyu, as the Punishment Elder, you handle matters unjustly. Relying on the fact that you possess the authority, you deliberately favored the Han family, allowing them to behave unscrupulously. By the law of the Heavens, this cannot be tolerated."

"As for the Han family, you relied on Han Qingyu's protection and became undisciplined and out of control. In my Southern Cyanwood Forest, you have committed all kinds of unimaginable crimes. Your overflowing sin soars into the sky. You have gravely affected the regulation system of my Southern Cyanwood Forest and damaged the cultivation environment of our elders and disciples."

"On the account that the Han family had once provided meritorious service to my Southern Cyanwood Forest, I will not look further into this

matter today. However, the wicked conduct of the Han family must be put to a stop immediately. You are not allowed to conduct evil again.”

“Thus, I declare that I will expel all of the Han family out of my Southern Cyanwood Forest. In the future, no descendants of the Han family are allowed half a step into the Southern Cyanwood Forest.”

“Anyone who refuses to follow this decision of mine shall be killed without exception.”

Chapter 1040: The Hope of the Southern Cyanwood Forest

“Lord Headmaster, please be lenient. Please look upon how our Han family were loyal and devoted to the Southern Cyanwood Forest for so many years. Lord Headmaster, we beg of you, please give us another chance.”

Hearing Lord Headmaster’s words, Han Qingyu and the rest of the Han family members were instantly stunned. It was as if a giant hammer that weighed millions of catties was being dropped on them, smashing them to a stupefied state.

To expel all of the Han family members from the Southern Cyanwood Forest and ban all Han family descendants from stepping half a step into the Southern Cyanwood Forest in the future, was simply too ruthless. Not only did it instantly eradicate all the power that the Han family had accumulated in the Southern Cyanwood Forest, it even cut off the escape route of the Han family. This caused the Han family members to truly be incapable of accepting it.

“Lord Headmaster, although the Han family is at fault, they have, after all, provided countless meritorious services to our Southern Cyanwood Forest. They have also sent many talented individuals to the Cyanwood Mountain for our Southern Cyanwood Forest. How about we have them amended for their past mistakes and give them another chance?” It was not only the Han family that was begging for forgiveness, there were even some elders begging the Lord Headmaster on behalf of the Han family.

Although the tyranny of the Han family in the Southern Cyanwood Forest was something that many people loathed, the Han family was actually very useful for the Southern Cyanwood Forest.

The Han family was a big clan. Although they had borrowed the resources of the Southern Cyanwood Forest to cultivate their young, they had also provided many outstanding talents for the Southern Cyanwood Forest.

For example, among the most outstanding disciples in the Southern Cyanwood Forest now, close to a third of them were from the Han family. Before Chu Feng arrived at the Southern Cyanwood Forest, the several most powerful disciples were all from the Han family. From this, one could tell the importance the Han family possessed for the Southern Cyanwood Forest.

Regardless of how outrageous their crimes were, they had indeed contributed quite a bit to the Southern Cyanwood Forest. If the Han family was to be truly expelled from the Southern Cyanwood Forest and have their relationship with the Southern Cyanwood Forest severed, it would be an enormous loss for the Southern Cyanwood Forest.

Thus, although many of the elders disliked the Han family, when considering the greater picture, they did not wish for the Han family to leave the Southern Cyanwood Forest. That was because the Holy Land of Martialism was filled with powers. If the Han family was to be expelled from the Southern Cyanwood Forest, they would still be able to easily join another power. If they were to join a power that is antagonistic against the Southern Cyanwood Forest, then wouldn't it be an extreme loss for the Southern Cyanwood Forest?

"All of you, shut up." The begging of the various elders actually angered the Southern Cyanwood Forest's headmaster. As he shouted those words of anger, the heaven and earth even shook.

His voice was extremely loud and clear. Even the sky appeared like it was about to shatter. As for the people present, they all received a strong shock. After this loud shout, everyone shut their mouths tightly. No one dared to utter a word. That was because they had sensed the determination Lord Headmaster had in expelling the Han family from the Southern Cyanwood Forest.

"I have said this before, anyone who refuses to follow this decision of mine shall be killed with no exception. Could it be that I must repeat myself?" The Southern Cyanwood Forest's headmaster cast his sharp gaze at everyone. This time around, no one dared to say anything anymore. That was because they knew the Southern Cyanwood Forest's elder would

always stand firm by what he says. If anyone was to dare to say anything back, they might really be killed by him.

Just like this, the Han family that had tyrannized the Southern Cyanwood Forest was completely expelled from the Southern Cyanwood Forest on this day. Whether it was the Punishment Elder Han Qingyu or those outstanding disciples the Southern Cyanwood Forest had nourished for many years and planned to send to the Cyanwood Mountain this year, as long as they were from the Han family, they were all expelled from the Southern Cyanwood Forest.

There were actually people who had anticipated this day. That was because regardless of how powerful the Han family was, their manner of conduct in the past years was truly too excessive. The current Han family already had the idea of seizing the power of the Southern Cyanwood Forest and becoming the rulers themselves. This was something that the Southern Cyanwood Forest's headmaster could not tolerate.

However, before today, no one would have thought that the fuse that would lead to the expulsion of the Han family from the Southern Cyanwood Forest was actually a youngster from the Southern Sea Region. There was no doubt that after today, Chu Feng's name would be spread through the vast Southern Cyanwood Forest. That was because he had truly created a shocking major event.

At this moment, Chu Feng was in the Headmaster's Palace Hall. He had completely recovered from his injuries. However, as he was alone in the dazzling and luxurious palace hall, it appeared to be somewhat lonely.

It was the Southern Cyanwood Forest's headmaster who had invited Chu Feng to this place. However, because the Southern Cyanwood Forest's headmaster had personally gone to expel those from the Han family and put in office a new Punishment Elder and other elders, this ended up taking quite some time. Due to that, the Southern Cyanwood Forest's headmaster had been unable to be present with Chu Feng the entire time.

"Creak~~~" At last, the palace hall's entrance that had been shut the entire time was opened. An elderly figure appeared from the entrance. It

was the Southern Cyanwood Forest's headmaster.

"Little friend Chu Feng, I'm sorry for the delay. An urgent matter that I must take care of had occurred. I ended up making you wait for a long time." Seeing Chu Feng, the Southern Cyanwood Forest's headmaster smiled. However, his face was filled with an apologetic expression.

"Lord Headmaster, this disciple is truly undeserving of your apology." Chu Feng hurriedly got up and courteously greeted the headmaster. No matter what, he had joined the Southern Cyanwood Forest. Thus, he was already a disciple of the Southern Cyanwood Forest. When faced with the Lord Headmaster, how could he dare to be rude? Moreover, this Lord Headmaster was the person that had saved him.

"Sigh, there's no need for you to be this courteous. Little friend Chu Feng, there is no need for you to treat me as your elder, much less the headmaster. If possible, I wish for you to treat me as if I'm your friend."

"My name is Sikong Zhaixing. Little friend Chu Feng, you can call me by my name." Said the Southern Cyanwood Forest's headmaster with a smile on his face. His attitude was extremely amiable.

Although it was Chu Feng's honor for the Southern Cyanwood Forest's headmaster to say those words to him, but as Chu Feng was, after all, a disciple, he ended up being a bit baffled. That was because with his status, how could he possibly address the Lord Headmaster by his name?

However, after thinking about it, a bright idea suddenly came to light in Chu Feng's head. With a respectful yet not overly respectful tone, Chu Feng courteously said to Sikong Zhaixing. "Junior Chu Feng pays his respect to Senior Sikong."

"Haha, very well. Although you're still addressing me as senior, it's much more pleasant to the ear than being addressed as Lord Headmaster." The Southern Cyanwood Forest's headmaster laughed loudly. He appeared to be very happy. He then inspected Chu Feng with a concerned gaze and asked, "Little friend Chu Feng, how is your body's recovery?"

"Senior, it is all thanks to the medicinal pellets that you've given me. Chu Feng's injuries has already healed." Chu Feng said.

“That’s great.” The Southern Cyanwood Forest’s headmaster nodded. He then said, “Little friend Chu Feng, I ended up letting you suffer today.”

“Senior has already upheld justice for Chu Feng. Even if junior has to suffer a bit, it is worth it.” Chu Feng replied.

“Little friend Chu Feng, that Han family has done malicious things in my Southern Cyanwood Forest for many years. Yet, I’ve neither bothered to hear nor care about their conduct. Might you have thought that I am muddleheaded, incompetent and unworthy of being the headmaster?” Sikong Zhaixing asked.

“No. Senior Sikong, I felt that you most definitely have a special intention for not disciplining the Han family till now.” Chu Feng shook his head. Although he only knew the Southern Cyanwood Forest’s headmaster for a very short while, Chu Feng did not see this Sikong Zhaixing as a muddleheaded person. Instead, he appeared extremely capable.

“Heh, little friend Chu Feng, you’re flattering me. It cannot be said that I have a special intention. However, it is true that I have my own selfish motives.”

“As the Southern Cyanwood Forest’s headmaster, how could I not know about the conduct of the Han family?”

“However, why did I not care about them? That is because I still have to rely on the Han family. The Han family is a large family with a long history in this area. They were originally a regional power. Due to forming ties with one of our Southern Cyanwood Forest’s elder and setting up an agreement with him, they ended up sending a portion of their outstanding descendants to our Southern Cyanwood Forest for cultivation.”

“This had been the way for many years. Other than sending disciples to our Southern Cyanwood Forest, the Han family would train their members themselves. They absolutely refused to allow the people from the Han family to join other powers.”

“The reason the Han family was like that appeared to be because they were complying with the agreement their elder had with our Southern Cyanwood Forest’s elder. However, it was actually because the Han family

is incapable of separating themselves from the cultivation resources of our Southern Cyanwood Forest. If they were to go to another power, it would be extremely difficult for the Han family to attain their current status. It would be even more difficult for them to try to stealthily transfer that power's cultivation resources into the Han family."

"As for the reason why I had turned a blind eye to the conducts of the Han family, it is not because I wanted to comply to the agreement from our senior. Instead, it's because our Southern Cyanwood Forest was also separating from the Han family."

"Our Southern Cyanwood Forest has its origin in the Cyanwood Mountain. It is a genuine subsidiary power of the Cyanwood Mountain. The reason why the Southern Cyanwood Forest was constructed in this region is so that we could search for outstanding talents to send to the Cyanwood Mountain. Our purpose is to provide a steady flow of outstanding younger generation to our Cyanwood Mountain so that its glory could continue onward."

"However, this place possesses many powers. Furthermore, talents were limited. Perhaps there are people who were considered to be pretty talented in this region. However, when we send them to the Cyanwood Mountain, it is extremely rare for them to be not looked down upon."

"Although the conduct of the Han family is excessive, when compared to the other people, the Han family's younger generations' talent is relatively good. Every year, they are capable of providing a portion of outstanding disciples for our Southern Cyanwood Forest."

"This allowed our Southern Cyanwood Forest to be able to send more or less some talented individuals to the Cyanwood Mountain. Although when compared to the other three Cyanwood Forests, both the quantity and quality of our disciples are greatly inferior. However, it is still, at a whole, passable."

"However, if we are to not have the Han family. I'm afraid that the number of disciples our Southern Cyanwood Forest is capable of sending to the Cyanwood Mountain would greatly decrease. At that time, our

Southern Cyanwood Forest, a genuine subsidiary power to the Cyanwood Mountain, would provide even less talented individuals to the Cyanwood Mountain than the non-genuine subsidiary powers. We would lose so much face that we'll be unable to hold our heads up anymore.”

When mentioning this matter, Sikong Zhaixing displayed an expression of helplessness. As for Chu Feng, after he knew about the whole story, he also began to feel very apologetic. Regardless of what Sikong Zhaixing's intention was, the Han family had been expelled from the Southern Cyanwood Forest because of him. He felt that he had unknowingly done a thing that caused great loss to the Southern Cyanwood Forest.

“However, the reason why I am so determined in expelling the Han family from our Southern Cyanwood Forest is because I've already seen the hope of our Southern Cyanwood Forest. As for that hope, it is you.” Suddenly, Sikong Zhaixing spoke again. The gaze that he looked to Chu Feng with contained a different kind of sensation. It was a gaze filled with enormous expectations.

*

1. By genuine, they mean that it is a subsidiary power set up the the Cyanwood Mountain themselves, not a power that became a subsidiary power to the Cyanwood Mountain afterwards.

Chapter 1041: The Grand Martial Emperor

“Senior Sikong, you...”

Seeing Sikong Zhaixing’s gaze that was filled with expectations, Chu Feng felt a bit at a loss.

Even though Chu Feng had already known beforehand that Sikong Zhaixing had taken note of him and regarded him highly because he managed to break through the formation outside of the Heavenly Road’s exit and ended up having all those management elders to search for him.

However, Chu Feng had never imagined that Sikong Zhaixing’s expectation of him was that high. Even though this was something good for Chu Feng, it still gave Chu Feng some pressure.

If Chu Feng was to fail to live up to Sikong Zhaixing’s expectations and fail to become successful in the Cyanwood Mountain, a place filled with geniuses and possessed even Divine Bodies, then the Southern Cyanwood Mountain that had already given up on the backing of the Han family might truly be reduced to becoming inferior to even those non-genuine subsidiary powers.

“Little friend Chu Feng, there is no need for you to worry. This is my decision. It is, as a matter of fact, unrelated with you.”

“It has truly been a very long time since our Southern Cyanwood Forest managed to obtain a younger generation as outstanding as yourself. It could be said that ever since the Southern Cyanwood Forest was established in this place, we have never once obtained a younger generation as outstanding as yourself.”

“Did you know that our Southern Cyanwood Forest was established at the same time as the other three Cyanwood Forests. Our very First Lord Headmaster from back then, regardless of whether it was his martial strength or his influence, they were both above the other three headmasters.”

“Back then, he had the priority in selecting which of the four regions to

establish his Cyanwood Forest. However, he ended up selecting this place. Moreover, he personally created that formation outside of the Heavenly Road's exit."

"Back then, many people did not understand why he did such a thing. That was because back then, this region was already the worst among the four regions. Other than controlling the Southern Sea Region's Heavenly Road's exit, there is nothing special about this place. It could be said that it's an extremely small and desolate place without anything."

"However, our First Lord Headmaster said that someone who would shock the entire Holy Land of Martialism will eventually appear in this place. He wished for the Southern Cyanwood Forest to send this person to the Cyanwood Mountain and have this extraordinary person put the name Cyanwood Mountain on him."

"Many years have passed. Our Southern Cyanwood Forest have also changed headmasters many times now. However, not a single outstanding disciple has appeared yet. It was so much that because we have provided way too few excellent disciples to the Cyanwood Mountain and not a single one of them managed to make a name for themselves there."

"Our Southern Cyanwood Forest is now very much inferior to the other three Cyanwood Forests. It was so much that even those non-genuine subsidiary powers look down upon us now. The supplements that the Cyanwood Mountain send to us every year has also started becoming less and less. Not only is there an enormous gap between us and the other three Cyanwood Forests, we have already fallen so low that we're equivalent to those third-rate powers now. Our Southern Cyanwood Forest has been completely reduced to a laughingstock by others."

"Actually, I too was unable to understand this in the past. I did not understand why our First Lord Headmaster would select this place. With the strength that he had back then, he could undoubtedly pick the best region and would've allowed us, the younger generations, to obtain better treatment. Why did he decide to select this place?"

"Before I met you, I had been unable to understand his reasoning the

entire time. However, when I saw you exiting out from the Heavenly Road's exit by yourself and even break through the formation left by our First Lord Headmaster, I suddenly came to an understanding."

"I finally understand what our First Lord Headmaster meant by those words." When he said to this point, Sikong Zhaixing once again cast his gaze to Chu Feng. He said, "The purpose of the Southern Cyanwood Forest is not the same as the other three Cyanwood Forests. It is not as simple as just delivering a large quantity of excellent disciples to the Cyanwood Mountain every year."

"The purpose of our Southern Cyanwood Forest is to deliver a single grand and outstanding talent to the Cyanwood Mountain, a person that could affect the entire Holy Land of Martialism. And I... I believe that this person is you."

"It is fine for you to think that I'm fantasizing. It is even fine for you to think that I've gone crazy. However, from the way I see it, you are the hope of our Southern Cyanwood Forest. The purpose of our Southern Cyanwood Forest being constructed in this place is all for you. And now that we've managed to wait till your arrival, everything else is of no importance anymore."

"No matter what you think, no matter if you're willing or not, I would still exhaust all my ability and everything that we have to cultivate you."

"Wow, we've truly struck gold. This old man is planning to throw all his stake onto you." After hearing what the Southern Cyanwood Forest's headmaster said, Eggy started to happily laugh. However, while laughing happily, she also said in a slightly regretful manner.

"Unfortunately, based on what he said, the status of the Southern Cyanwood Forest is so low right now. I'm afraid that he would not have much authority in the Cyanwood Mountain. His connections would certainly not be vast either."

"In the future, if you were to stir up a calamity in the Cyanwood Mountain, I'm afraid that he would be incapable of protecting you. However, regardless, based on his appearance, he would, at the very

minimum, use all his strength to allow you to have easier and unobstructed days in the Cyanwood Mountain. To have protection is better than not having protection. It is, after all, a good thing.”

Compared to Eggy, the current Chu Feng was quiet. He had been moved by the words spoken by Sikong Zhaixing.

Why did Chu Feng come to the Southern Cyanwood Forest? To be honest, it was because he had an alternative objective. To speak frankly, he wished to exploit the Southern Cyanwood Forest so that his path in the Cyanwood Mountain would be a bit smoother and unhindered. All of this was so that he could increase his cultivation at a faster rate.

However, never did Chu Feng imagine that what he wished to obtain would come so quickly and so fiercely. Not only did he easily obtain the favor of the Southern Cyanwood Forest, he even became the person the Southern Cyanwood Forest placed all their hopes in. All of this had surpassed Chu Feng’s expectations.

However, after being silent for a moment, a confident smile suddenly appeared on the corners of Chu Feng’s mouth. He looked to Sikong Zhaixing and said in an extremely serious manner. “Senior Sikong thinks so highly of this Chu Feng; Chu Feng will definitely not disappoint Senior.”

Hearing what Chu Feng said, Sikong Zhaixing was startled. He appeared to not expect for this youngster to give such a response. However, after being startled for a split second, overjoy was written all over Sikong Zhaixing’s face. He repeatedly said, “Good, good, good. I knew that I, Sikong Zhaixing, have not misjudged you.”

Afterwards Sikong Zhaixing chatted with Chu Feng for a bit more. During this time, Chu Feng also asked Sikong Zhaixing about a question he was most curious about right now - Sikong Zhaixing’s cultivation, the so called Half Martial Emperor. He wanted to know exactly what that was.

“Haha, Martial Emperor, little friend Chu Feng, you’ve truly thought too highly of me. Martial Emperor is such an extraordinary level of cultivation; I have no hope of reaching that in my entire lifetime. My

current cultivation realm is that of Half Martial Emperor. It is the realm between Martial King and Martial Emperor.”

“This realm surpasses Martial Kings and could, more or less, sense and use a small amount of Emperor Level Martial Power. Merely, this sort of Emperor Level Martial Power is extremely weak. Although it is indefinitely stronger than the King Level Martial Power, there is an enormous difference when compared with true Emperor Level Martial Power. It could even be said that the two are nowhere on par.”

“It is precisely because one would have touched upon the verge of Marital Emperor but is still in fact very far away from becoming a Martial Emperor, this cultivation realm ended up being known as Half Martial Emperor.”

“The reason why little friend Chu Feng has never heard about the Half Martial Emperor realm and believed that after Martial King is Martial Emperor ought to be because the strongest individuals from where you’re from are only Martial Kings. There had simply never been anyone who managed to reach Half Martial Emperor. Then, based on the written records that listed the natural energy after King Level Martial Power is Emperor Level Martial Power, people determined that after Martial King would be Martial Emperor.”

“That is actually wrong. Martial Emperors are the utmost powerful figures in the world. Even the Divine Bodies, people who obtained the favor of the Heavens, possessed immense talent for cultivation and unique and powerful strength, if their comprehension ability as well as their understanding of martial cultivation is not superb, they would also end up stopping at the Half Martial Emperor realm. It is extremely, extremely difficult for one to become a Martial Emperor.”

“This is also the reason why even in our Holy Land of Martialism, a place where countless geniuses gather, the number of Martial Emperors are extremely rare.”

Hearing till this, Chu Feng seemed to have understood why both Grandfather Luo and Tantai Xue placed the Martial Emperors in such

‘holiness.’ It turned out that Martial Emperors were truly high and above. They were beings that existed in a place akin to gods.

“Senior Sikong, in that case, do you know about roughly how many known Martial Emperors there are now in the Holy Land of Martialism?” Chu Feng asked curiously.

“The strongest powers of the Holy Land of Martialism, the Three Palaces, Four Clans and Nine Families are most definitely led by Martial Emperors. Other than humans, the several largest Monstrous Beast Clans most definitely are led by Martial Emperors too.”

“However, as the Holy Land of Martialism is such a huge place, there are also an innumerable number of people who are not interested in fame or wealth. No one could be certain that other than these famous powers that had been in existence for generations there would not be any other Martial Emperors.”

“However, regardless of how powerful the Martial Emperors are, their life is not infinite. Many of the Martial Emperors that had moved unhindered throughout the Holy Land of Martialism in the past had entered seclusion training at the end of their life, finding methods to expand their life. Even now, those people have yet to come out from their seclusion training. We cannot be certain that they’re dead nor could we be certain that they’re alive.”

“Other than that, there are also a lot of senior experts who possess the chance of becoming Martial Emperors. In order to try to breakthrough to the Martial Emperor realm, they have entered seclusion training for many years. Some have even been in seclusion training for over hundreds and thousands of years. Even now, these seniors have not come out from their seclusion training.”

“No one knows if they have successfully become grand Martial Emperors or if they have failed and died.”

“If you ask me how many known and living Martial Emperors there are in the Holy Land of Martialism, it is truly difficult for me to give you a number.”

“All I could tell you is that regardless of who they are, regardless of whether they’re righteous or evil, regardless of whether they’re human or monstrous beasts, as long as they’re capable of becoming Martial Emperors, they are people worthy of the greatest admiration, people that deserve to be revered upon.” Said Sikong Zhaixing with a face filled with appearance of reverence.

It was as if the people that he was talking about were not people but instead gods.

Chapter 1042: Coming to Pick a Quarrel

After hearing what Sikong Zhaixing said, Chu Feng couldn't help but deepen the reverence he had for Martial Emperors.

However, when he recalled the Old Ape, Chu Kongtong and even his family's forbidden area's guardian statues that he encountered in the Heavenly Road, they all possessed such powerful auras. The sensation that they gave were completely different from that of Sikong Zhaixing.

Thus, at the moment when he encountered them, Chu Feng firmly believed that he had encountered the legendary Martial Emperors. In the Holy Land of Martialism, the Martial Emperors were equivalent to Gods. However, within his own clan, even the guardian statues of the forbidden land were Martial Emperors. This clearly showed Chu Feng how powerful his own clan was.

The Old Ape had said that Chu Feng came from the Outer World and Chu Feng's family was so powerful that it could make all of the major powers in the Holy Land of Martialism to kneel down and worship them.

At that time, Chu Feng was skeptical of those words spoken by the Old Ape. However, at this moment, he had totally and completely believed in it. That was because he was able to sense that regardless of whether it was the Old Ape or Chu Kongtong, they were all Martial Emperors. Moreover, they were not only ordinary Martial Emperors. Merely based upon their powerful strength as well as their aura that could make one suffocate, it already signified that the words spoken by the Old Ape were all true.

His family was extremely powerful. Logically, this should be a good thing. However, it just so happened that what Chu Feng wanted to challenge was that unimaginably powerful family of his.

One must say that the current Chu Feng had also started to feel some pressure in his heart. However, no matter what, he needed to challenge that family of his from the Outer World. That was because he needed to snatch back his father's honor. And in order to do that, he must first establish himself in this Holy Land of Martialism.

“Chu Feng, the current you are already a rank nine Martial Lord. This is an extremely crucial level. In a couple more days, the Ancient Era’s Immortal Pond is going to be opened. I will send you alongside with the disciples our Southern Cyanwood Forest planned to send to the Cyanwood Mountain this year to train in the Ancient Era’s Immortal Pond.”

“I believe that with your talent, you would be able to obtain quite a harvest from there. When next year comes, I will send you to the Ancient Era’s Immortal Pond once again. Perhaps, at that time, you’ll be able to achieve comprehension from that place and breakthrough to the Martial King realm.”

“When you become a Martial King, I would be able to be at ease in sending you to the Cyanwood Mountain to train.” Suddenly, Sikong Zhaixing’s voice interrupted Chu Feng’s train of thought.

“Ancient Era’s Immortal Pond, what sort of place is that?” Chu Feng asked curiously.

“I nearly forgot to introduce you to it. The Ancient Era’s Immortal Pond is a sacred cultivation land in our Holy Land of Martialism. Not only does that place contain a great amount of natural energy, it also contains special items flowing through it.”

“Those items cannot be seen nor can they be touched. However, those who are fated or possess the ability are able to sense them. As long as you’re able to sense those items, you’ll be able to achieve a breakthrough easier. Even if you do not make a breakthrough, it will still allow your cultivation path to be much smoother.” Explained Sikong Zhaixing.

“So that’s what it is.” Chu Feng nodded. A sacred cultivation land of the Holy Land of Martialism, Chu Feng also wished to experience it for himself. However, after thinking about it, Chu Feng asked, “Senior, you wished to wait until next year before sending me to the Cyanwood Mountain?”

Chu Feng was a bit worried because he wished to enter the Cyanwood Mountain as quickly as possible. After all, the cultivation resources they possessed there was incomparable to the Southern Cyanwood Forest.

Although the competition there was enormous and there might even be dangers to his life, but as the saying goes, going against the current would allow one to temper and mature faster.

“I planned to wait until you managed to breakthrough to the Martial King level before sending you to the Cyanwood Mountain. However, if you’re able to break through to Martial King level by the time when the Cyanwood Mountain receives disciples from its subsidiary powers, I would naturally send you to the Cyanwood Mountain this year.” Replied Sikong Zhaixing with a face filled with smiles.

Facing Sikong Zhaixing’s words, Chu Feng could only force a smile. The meaning behind his words was extremely clear. Regardless of how urgently Chu Feng wished to enter the Cyanwood Mountain, he must first reach a cultivation of Martial King. If Chu Feng wished to enter the Cyanwood Mountain this year, it is fine too. However, that meant that he must reach Martial King level this year.

Chu Feng continued to chat with Sikong Zhaixing for a long time. Even after they finished dinner and the night turned dark, Chu Feng had still not returned to his residence.

However, Chu Feng didn’t know at all that a large change had appeared in the courtyard manor that the people from the Southern Sea Region’s people were living in.

This courtyard manor was expanded by several times its original size. The ordinary soil covered ground was now a plaza square. Moreover, other than the various ordinary buildings, two extraordinarily large palaces had appeared.

One of the two palaces was extremely luxurious and imposing. Compared to the ordinary buildings that the other people from the Southern Sea Region were living in, the difference between them and these palaces was simply as great as that of the sky and earth.

As for these two palaces, they were Chu Feng and Li Lei’s new residences. The one that appeared luxurious and large was Li Lei’s residence. The other one that was extremely luxurious and imposing was

Chu Feng's residence.

The construction of these two palaces was extremely quick. In merely half a day, they were completed. At this moment, the two palaces were completely finished. However, there were many young females with good figures holding things and scuttling back and forth through the palaces.

They were the maids that the Southern Cyanwood Forest had given to Chu Feng and Li Lei. At this moment, they were currently decorating the palaces. They had received a death-threatening order to finish preparing the palaces by tonight so that Chu Feng and Li Lei could check into them.

For Li Lei's palace, it was relatively ordinary. Regardless of whether it was the interior decorations or the maids, they were more or less the same as the ones that core disciples received. Although it was unimaginable for him to obtain this sort of treatment with his status, but it was, at the very least, nothing extraordinary.

As for Chu Feng's palace, the decorations were extremely luxurious. Even the maids of his palace were very beautiful girls with good cultivations. It could be said that they were the *crème de la crème* of the maids.

In short, if one was to say that Chu Feng's treatment was the best among all of the Southern Cyanwood Forest's disciples, no one would deny it.

Thus, when the people from the Southern Sea Region saw the things that had suddenly appeared in the courtyard, they felt extremely depressed. Their eyes were also filled with gazes of envy.

Chu Feng obtained the acknowledgement of Lord Headmaster. It was reasonable and ought to be when he obtained this sort of treatment. However, what about Li Lei? What virtue or ability did he possess?

They all knew very well. It was because at the crucial moment, Li Lei stood up for Chu Feng. That was why he obtained this sort of reward.

This caused them to be extremely regretful. If they were to honestly explain what had happened like what Li Lei did when the Han family's elders asked them what had happened, then perhaps they would obtain

the same sort of treatment as Li Lei and reach instant success in the Southern Cyanwood Forest because of Chu Feng.

Unfortunately, they did not do such a thing. Instead, they framed Chu Feng and nearly killed him. To be more exact, had it not been for Chu Feng possessing powerful might himself, he would have likely been killed by them.

This caused them to be fated to walk upon a completely different path from Li Lei. Much less an instant success, they likely would not possess a chance for success in the Southern Cyanwood Forest anymore. Even living the rest of their lives peacefully would be problematic.

However, while wishfully thinking and taking advantage that Chu Feng had yet to return, being led by the brother and sister Shen Lang and Shen Hong, all of the people from the Southern Sea Region went together to find Li Lei. They wished that Li Lei would be willing to plea for leniency for them.

“What? You all want me to go to Chu Feng and plead for leniency for you all?” Currently, Li Lei’s injuries had been completely healed. He was originally supervising the maids and examining his new residence with joy and excitement from the bottom of his heart.

However, after he heard the request from Shen Lang and the rest, Li Lei’s expression took a huge change. It could be said that ‘unhappiness’ was written all over his face. Now that he had Chu Feng as his backing, he did not fear Shen Lang and them at all. Thus, he did not bother to be courteous with them. With a stern face, he pointed at Shen Lang and them and said.

“You all listen carefully. It is only my brother Chu Feng who is that merciful and kind. If it was me, just by your conducts, I would’ve already killed you all.”

“Especially you, Shen Hong. My brother Chu Feng has only brought troubles upon himself because he stood up for you. How could you possibly treat him like that? Search in your heart and ask yourself, is what you have done something that a human could possibly do? Do you even

have a trace of conscience left? Have all of your conscience been eaten by dogs?”

Facing Li Lei's loud interrogation, Shen Hong lowered her head and did not speak. Her eyes had already reddened. This was because she was feeling completely ashamed after being asked those questions by. However, the thing that caused her the most unrest was still the crime of kicking her benefactor in the teeth. That crime was something that even caused her to blush with shame. She no longer had the face to see others anymore. Thus, it was truly too late for the current her to regret.

Unfortunately, the thing had already happened. No matter how regretful she was, there was no way for her to change it. The road that she had taken herself was something she needed to bear herself. Whether it be honor or shame, it was something that she needed to face.

“Yoh, you truly have quite a boastful tone. You, a bunch of trash from the Southern Sea Region, who are you planning to kill now?” However, right at this moment, a voice filled with a mocking tone suddenly sounded from outside the courtyard.

After this voice was heard, it brought about great alarm to all of the people present. Even the maids in charge of decorating the palace were stunned. They cast their gazes toward the person who shouted toward words.

After Li Lei and them turned to gazes toward the source of the voice, practically all of their expressions took a huge change. Alarm and unease, these two complicated states of mind, rushed forth onto the faces of everyone present.

1. Xima: means best of the best.

Chapter 1043: Public Humiliation

At this moment, three figures appeared outside of the large courtyard.

It was three young men. Not only were these three men wearing the clothings of core disciples, their cultivation was also not weak at all. Among them, two were rank eight Martial Lords. As for the last one, he was actually a rank nine Martial Lord.

However, the reason why these three men brought about such fear to everyone was not their cultivation. Instead, it was their identity. The three of them were famous among all of the disciples of the Southern Cyanwood Forest. They're people that were to be sent to the Cyanwood Mountain this year. Even if one was to say that they were the most outstanding disciples of the Southern Cyanwood Forest, that would also not be an exaggeration.

Thus, after they appeared, not to mention Li Lei and them, even some of the elders present did not dare to speak.

People who had the opportunity to become core disciples of the Southern Cyanwood Forest, they were all extraordinary. If Chu Feng was the person that Sikong Zhaixing thought highly of, then the three of them were also people that he thought highly of. For people like them, who would dare to offend them?

“Darn, it’s actually Zhao Genshuo and them. They are the most powerful disciples of our Southern Cyanwood Forest. Not only do they possess powerful strength, they also have robust backgrounds. Why did they come here?”

Although the people of the Southern Sea Region had only arrived here for a very short period of time, they had, through occasional chances, seen the outstanding disciples of the Southern Cyanwood Forest. Thus, they recognized Zhao Genshuo and also knew that he was someone that should not be trifled with.

The current them were truly panic-stricken. They all felt that Zhao Genshuo and them had not come with good intentions.

“What happened? Weren’t you shouting quite loudly earlier? You’ve turned mute now? What are you looking at? I’m talking about you.” Suddenly, that rank nine Martial Lord among them pointed his finger at Li Lei. It turned out that the person who had shouted earlier was him.

“This, this, this, this senior brother, might there be anything that you need?” Even though he was now extremely confident as he had Chu Feng behind his back, but when faced with these three men before him, especially Zhao Genshuo, Li Lei did not dare to act like a bigshot.

“Who are you calling senior brother? You’re calling me senior brother? Am I that old? Fucking hell, you look much older than me. Yet you actually went on to call me senior brother?” Zhao Genshuo suddenly burst into a violent rage.

“This, this, this... then how shall I address you?” Li Lei’s gaze was flickering. His lips shaking. He was deeply scared. He did not expect Zhao Genshuo to directly turn him into the target of his attack.

“How shall you address me? Since you feel that I’m older than you, you can address me as your ancestor. Come, trash from the Southern Sea Region, address your ancestor. If your ancestor here is happy, then he would not mind about the conceited nonsense you spoke of previously and let you go.” Zhao Genshuo pointed at Li Lei and said.

“You...” Hearing those words, Li Lei’s face turned green. To have him call another ancestor before all these people, this was simply a public humiliation. Even though Li Lei had a timid nature, he was not someone who was craven and cowardly. To have him call someone of the same generation as ancestor, this was truly impossible for him to do. That was because this was a disrespect to his true ancestors.

“Zhao Genshuo, what Li Lei had said earlier was not meant for you. Why must you make things difficult for him?” Right at this moment, an elder was unable to continue to watch this anymore. He opened his mouth and tried to urge Zhao Genshuo.

“Elder, did you just call me by my name? Do you know that I am soon to become a disciple of the Cyanwood Mountain? Do you know how great of

a gap between your status and mine would be if I am to become a core disciple of the Cyanwood Mountain?”

Zhao Genshuo took a glance at that elder. There was not the slightest trace of respect within his gaze. Instead, it was filled with disdain and contempt. Due to the fact that this elder was not a management elder, he was of no threat to Zhao Genshuo. Instead, he had simply not placed such an elder in his eyes at all.

“You...”

Hearing what Zhao Genshuo said, the elder started to frown deeply. The corner of his mouth started to violently twitch. No matter what, he was still an elder of the Southern Cyanwood Forest. To be threatened by a disciple like this before all these people, it was simply not something that he could allow his self-respect to bear.

However, after considering this Zhao Genshuo’s strength as well as his potential, in the end, the elder forcibly resisted his anger. He did not bother to say anymore and instead waved his sleeve and left.

Seeing that elder leaving, the complacent smile that Zhao Genshuo had on his face became even more intense. He then cast his gaze toward all of the people from the Southern Sea Region and shouted. “All of you, kneel on the ground.”

After he finished saying those words, a boundless oppressive might spread out from his body. The oppressive might enveloped everything and came down from above. How could the people of the Southern Sea Region possibly be able to withstand it? Whether they were male or female, willing or unwilling, before that powerful oppressive might, they were uniformly pushed kneeling to the ground.

“Zhao Genshuo, what are you doing?!” Suddenly, another voice filled with oppressive might sounded from a place not far away. At the same time, a total of eighteen figures flew over and landed in this courtyard.

These eighteen figures composed of both males and females. All of them possessed elegance. For the men, they possessed handsome appearance. For the women, they were very beautiful. The youngest among them ought

to be only in their early twenties. As for the oldest, they were no older than thirty. The weakest among them were rank seven Martial Lord. As for the strongest, they were rank nine Martial Lord like Zhao Genshuo.

These people were the same as Zhao Genshuo, being the chosen disciples that the Southern Cyanwood Forest had focused on cultivating and planned to send to the Cyanwood Mountain this year. They were the most excellent disciples of the Southern Cyanwood Forest.

When they learned about Chu Feng, all of them decided to come and pay a visit. However, never did they expect that when they arrived at this place, what they saw was Zhao Genshuo humiliating the people from the Southern Sea Region.

“Zhao Genshuo, what are you doing?! As fellow disciples, how could you humiliate our junior brothers and sisters like this?!” After landing, one of the female from the group of eighteen denounced Zhao Genshuo’s wicked conduct.

“Yoh, so it’s you all. Perfect timing, watch how I’ll sort out this bunch of ignorant trashes from the Southern Sea Region.” After seeing this group of eighteen, Zhao Genshuo laughed out loud. He did not have the slightest trace of fear on his face. Instead, he turned his gaze towards Li Lei and them once again and said with a loud voice.

“You trashes from the Southern Sea Region, every year you would make our Southern Cyanwood Forest send many elders to laboriously receive you all. Yet, after all these years, your Southern Sea Region did not produce a single presentable fellow. All of you are bottom feeding trashes in our Southern Cyanwood Forest. Are you all worthy of the numerous years of cultivation, education and laborious efforts from our Southern Cyanwood Forest?”

Facing Zhao Genshou’s questions, Li Lei and them could only lower their heads without saying anything. That was because what Zhao Genshou said was the truth. Other than them, there were a lot of other people from the Southern Sea Region in the Southern Cyanwood Forest. Some among those people were even people that they knew.

However, no matter how powerful, outstanding and revered they were in the Southern Sea Region, after coming to the Holy Land of Martialism and joining the Southern Cyanwood Forest, they have indeed become bottom existences. At this place, they were simply incapable of lifting their heads. They were indeed equivalent to trash.

“Haha, a group of trash. I would not make things difficult for you all. As long as you all admit and say that you’re trash, I will let you all go.”

“However, if there is anyone among you all that refuse to admit that you’re trash, I would also not make things difficult for you all. However, you are required to continue to kneel here. If anyone dares to stand up, I shall break their legs.” Shouted Zhao Genshou as he pointed at them.

“Zhao Genshou, have you gone mad? To treat our fellow junior brothers and sisters like this, do you not fear Lord Headmaster punishing you?” A man among the group of eighteen spoke.

“Punish me? Why would I be punished? Are you saying that I’m wrong? I am merely having this bunch of trash admit that they’re trash. What wrong is in that? Are you saying that they’re not trash? Tell me, are they not trash?” Zhao Genshou pointed at Li Lei and them while shouting at the group of eighteen.

Faced with Zhao Genshou’s question, those eighteen people looked to one another. They did not know how to answer. In their hearts, were Li Lei and them truly not trash?

They are, of course they are. As the most precious and highest standing disciples, they were extremely proud. They did not put even ordinary elders in their eyes, so how could they possibly put this bunch of bottom tier disciples without any background in their eyes?

Why did they plead for leniency for Li Lei and them? Was it because of their sudden aroused kindness? No, they’re not that kind hearted nor did they have such good intentions. It was all because of Chu Feng.

Chu Feng’s conduct had already spread through the Southern Cyanwood Forest. Everyone knew how extraordinary Chu Feng was. Not only did he kill the elders and disciples from the Han family, even the Han family, that

had been the tyrant that no one dared to provoke in the Southern Cyanwood Forest, was forced out of the Southern Cyanwood Forest because of him.

This sort of character was fated to become a target for the Southern Cyanwood Forest to focus on cultivating. Speaking nicely, the eighteen of them came to pay Chu Feng a visit. Speaking frankly, they came to hug Chu Feng's thigh.¹ That was the reason why they spoke out for Li Lei and them.

They did not truly wish to help Li Lei and the others from the Southern Sea Region. They had actually only wanted to use this opportunity to lick Chu Feng's boots.

1. Ride his coattails; make connections with him for further benefits.

Chapter 1044: Scram, Trash!

“Senior brother Zhao, that should be enough, no? Although these people are trash, that person by the name of Chu Feng is not someone to be trifled with. If he is truly as powerful as they say, then what should we do?”

“That’s right senior brother Zhao. Didn’t you say that we’re coming here to find that Chu Feng to spar and figure out if he is as strong as the rumor claims him to be.”

“What you’re doing is no longer as simple as just a spar. This is simply a provocation, a humiliation. If that Chu Feng is truly as powerful as he is rumored to be, then wouldn’t the three of us be met with a major calamity?” At this moment, the two men who followed Zhao Genshou here walked toward him and urged him softly.

“Major calamity? Who’s going to meet a major calamity? Me? Bullshit!”

“I refuse to believe that a trash from the Southern Sea Region would be that powerful enough to force the Han family out.”

“Let me tell you. Lord Headmaster disliked those people from the Han family for not just a day or two. Expelling the Han family from our Southern Cyanwood Forest is something that Lord Headmaster would have done sooner or later. It is completely unrelated with that Chu Feng.” Hearing Chu Feng’s name, Zhao Genshou displayed a face filled with disdain and unhappiness.

“Zhao Genshou, I advise that you be more rational. What Chu Feng has done today is something that many elders and disciples have seen with their own eyes. That Chu Feng is an exceptional genius. His talent is above both you and I. Lord Headmaster’s opinion of him is extremely high and has even deemed him as our Southern Cyanwood Forest’s hope. What you’re doing now is simply digging your own grave.” That woman from the group of eighteen once again urged Zhao Genshou.

“Exceptional genius? Bullshit! You said he’s that powerful, did you see it with your own eyes? Did any of you see it with your own eyes? Who

exactly saw it?”

“If that Chu Feng is that powerful, then he should’ve shown himself by now. I have humiliated people from his Southern Sea Region, yet where is that Chu Feng?” Hearing the mention of Chu Feng’s talent to be above his, Zhao Genshou felt even more displeased. In anger, he snarled.

“Are you searching for me?” Right after Zhao Genshou’s voice landed, a voice suddenly sounded from behind Zhao Genshou.

When Zhao Genshou managed to react to it, his expression took a huge change. As for the two men beside him, they were so scared that they started to shiver. Subconsciously, they jumped backwards to stay away from the trouble.

At practically the same moment, nearly everyone present were startled because at this moment, a young person was standing behind Zhao Genshou. However, before he spoke, no one noticed that he had approached and arrived behind Zhao Genshou.

This person was Chu Feng.

“Chu Feng...” Compared to the others, when Li Lei saw Chu Feng, he was overjoyed. Unable to help himself, he called out for Chu Feng. He knew that their savior had arrived.

“Chu Feng, he is Chu Feng? This appearance, he’s truly as young as he is rumored to be. Such an age, is he truly a rank nine Martial Lord already?”

“No, he is even younger than I imagined him to be. It is rumored that although this child only possessed a rank nine Martial Lord cultivation, he knew a secret technique that could instantly raise his cultivation from rank nine Martial Lord to rank one Martial King. It is simply inconceivable.”

“Furthermore, it is rumored that this child’s battle power is extremely high and possesses the ability to defy the heavens. Even rank three Martial Kings are no match for him.”

“That’s right. A rank one Martial King defeating a rank three Martial King. With that powerful battle power, it is very rare even among the core

disciples of the Cyanwood Mountain; but, after all, these are merely rumors. We still do not know whether the numerous rumors about this Chu Feng are true or false.”

After determining Chu Feng’s identity, the eyes of those eighteen shined. While carefully inspecting Chu Feng with their eyes, they began to softly discuss with one another.

“So you’re Chu Feng?” Zhao Genshou questioned Chu Feng.

“I am indeed Chu Feng. What might you need from me?” Chu Feng lightly smiled. However, his gaze was chilling cold.

The coldness was spine-chilling and heart-piercing. Like an invisible sharp blade, it was already pierced into Zhao Genshou’s heart and into the depths of his soul.

At this moment, all of the might that Zhao Genshou displayed earlier crumbled. It was as if everything that he was composed of was destroyed. Seeing Chu Feng before him, how could he possibly feel disdain anymore? It was already a miracle for him to be able to continue standing before Chu Feng.

At this moment, Zhao Genshou regretted. No matter how arrogant he was, no matter how conceited he was and no matter how prideful he was, he was still a very talented youngster. Thus, he was no fool. He was able to sense from Chu Feng’s soul-piercing gaze how powerful he was.

Zhao Genshou had already determined that Chu Feng was extremely powerful. Not only was he much stronger than himself, he was much stronger than all of the Southern Cyanwood Forest’s disciples. Even those disciples from the Han family that had been expelled could not be compared with Chu Feng.

“No, no, I don’t need anything.” After tidying up his frame of mind, Zhao Genshou spoke. Although he had spent a great amount of effort composing himself, his voice still shivered and even began to stutter as he spoke.

“What happened? How did Zhao Genshou suddenly become this

terrified?”

“Unfathomable. Even before the arrogant Han family, Zhao Genshou had never been like this. What exactly happened here?” Seeing Zhao Genshou’s reaction, those who knew him were incessantly shocked.

However, compared to the others, Chu Feng only lightly smiled and said, “While you might have nothing, I do have something.”

“Juni, Junior brother Chu Feng, what matters might you have?” Hearing those words, Zhao Genshou’s complexion turned green. The voice that he spoke with started to shudder even greater.

“Let me ask you first. Have the people from my Southern Sea Region provoked you?” Chu Feng asked.

“N,no.” Zhao Genshou shook his head diffidently.

“Then, let me ask you, have the people from my Southern Sea Region ever offended anyone that you know?” Chu Feng asked once more.

“N,n,no.” Zhao Genshou shook his head again. His expression became even more unsightly. His legs were already violently shaking.

“In that case, why did you fucking have my Southern Sea Region’s people kneel down to you? Have you fucking grown tired of living?” At this point, Chu Feng was abruptly enraged. He raised his arm and a ‘pow’ sound was heard. A resounding slap landed on Zhao Genshou’s face, slapping him to the ground.

“Ouchee~~~” Chu Feng’s sudden slap to the face caught Zhao Genshou off guard. Actually, even if he wanted to defend against it, he would not be able to. The powerful might of that slap not only caused him to roll on the ground more than a dozen times, it even caused him to spray out a mouthful of blood.

Although he was slapped, Zhao Genshou was not angered. Instead, he felt even more clear-headed. That was because he became more determined that the sensation he felt earlier was correct. Chu Feng was indeed an existence so frighteningly powerful.

It would appear that all those rumors regarding Chu Feng were all true. Chu Feng was truly an exceptional genius way above them.

Thus, he did not dare to set himself against Chu Feng anymore. Even though he had received a resounding slap to the face in front of all these people and lost all his face, he did not dare to feel any bit of displeasure from it. Instead, he hurriedly wiped away the bloodstain on his mouth, stood up and squeezed out a smile. He said to Chu Feng. “Junior brother Chu Feng, what are you...”

“Kneel down.” However, who would’ve thought that before Zhao Genshou could finish what he wanted to say, Chu Feng angrily shouted. At the same time, he also sent forth his aura.

“Boom.” Once Chu Feng displayed his aura, the earth instantly startled to tremble. Even the surrounding large trees that reached the skies started to sway. Although they both possessed the aura of rank nine Martial Lords, the oppressive might contained in Chu Feng’s aura was something stronger than even a rank one Martial King’s aura.

“Heavens, this...” Feeling Chu Feng’s aura that was filled with oppressive might, the expressions of everyone present became stiff. This was especially true for those eighteen famed disciples as well as the other two that had arrived together with Zhao Genshou. Their expressions were truly as brilliant and marvelous as they could be.

“Putt.”

As for that Zhao Genshou, he directly kneeled to the ground. It was not Chu Feng using his oppressive might to force him to kneel, he had instead kneeled to the ground on his own accord. That was because he had truly sensed how frightening Chu Feng was. He feared that Chu Feng would kill him.

“Earlier, who did you say was trash?” Chu Feng walked toward him and coldly asked.

“I am, I am.”

“I am trash, I am trash.” Zhao Genshou did not dare to hesitate and

decisively responded.

“Heh, look at yourself. Are you not trash?” Seeing Zhao Genshou who was shivering all over, a very pale complexion and drenched with cold sweat, Chu Feng loudly shouted.

“Scram. From today on, if you dare to step foot on this courtyard again or disrespect someone from my Southern Sea Region, not only will I break your legs, I will take your life.”

Chapter 1045: Returning Good for Evil

“I don’t dare; I would never dare to do such a thing again.” After Chu Feng said those words, Zhao Genshou appeared like someone who had just been freed from worldly worries. He loudly shouted as he flew to the sky. He activated a body martial skill and rapidly flew away from this large courtyard. Compared to the fierceness he displayed when he arrived, the current him only left behind a sorry figure.

Zhao Genshou’s reaction had greatly shocked everyone. However, after Zhao Genshou left, this area entered into a strange silence. No one said a single word. They did not dare to utter a sound. Instead, they were gazing at Chu Feng in silence.

This was especially true for those two men that had arrived together with Zhao Genshou. They were simply acting the same as Zhao Genshou before, standing with deeply shivering legs due to their endless fear of Chu Feng. However, they did not dare to leave this place without permission. Thus, they continued to stand there, withstanding an enormous pressure.

“Everyone, the show should be finished, no?” Suddenly, Chu Feng cast his gaze towards the group of eighteen. His gaze was not one filled with good intent.

“Junior brother Chu Feng, we did not...” Seeing this, the group of eighteen men and women all started to panic. After seeing Chu Feng’s strength, they became both respectful and fearful of Chu Feng. They did not wish to leave behind any bad impression of themselves for Chu Feng. Thus, they hurriedly opened their mouths in hopes of explaining.

“Scram. All of you, scram. If anyone not from my Southern Sea Region dares to step foot in this courtyard again, I will definitely not let them get away.” Chu Feng’s sword-like eyebrows frowned as he angrily shouted those words.

Seeing this reaction from Chu Feng, those eighteen people were a bit shocked. However, it was also within their expectations. Thus, they did not say anything and instead soared into the sky one after the other and

rapidly left this place.

Those elders that were watching from the side as well as the disciples that had come to enjoy the show after hearing noises coming from here also hurriedly left this place. They deeply feared they would anger Chu Feng and be violently beaten up by him like Zhao Genshou.

After all, Chu Feng was capable of driving away even the Han family. For people like them, even if Chu Feng killed them, there was nothing that they could do to him.

In an instant, only the people from the Southern Sea Region as well as the maids in charge of serving Chu Feng and Li Lei remained in this courtyard.

Although these maids did not leave, they currently had fear written all over their faces. One could tell that they had all been scared by Chu Feng's actions earlier. They were deeply afraid of Chu Feng.

"What, have you all not kneeled enough?" Seeing the people that were still kneeling on the ground, Chu Feng asked with a hateful tone.

After hearing Chu Feng's question, everyone suddenly came to a realization and immediately stood up. However, they did not dare to move half a step from where they stood. Instead, they stood there like a bunch of criminals waiting for Chu Feng's interrogation.

"Chu Feng, before your return, those eighteen senior martial brothers and sisters had spoken out for us. For you to treat them like that, are you sure it's okay?"

"No matter what, we're all fellow disciples. Especially with how outstanding you all are and would be entering the Cyanwood Mountain in the future, if you are to set up a good relationship with them now, you'll be able to look after each other in the Cyanwood Mountain, no?" Li Lei walked over to Chu Feng's side. His relationship with Chu Feng was pretty decent. Thus, he spoke without restraint.

"Although they spoke out for you, did they act to stop that Zhao Genshuo from humiliating you all?" Chu Feng asked.

“That, they did not.” Li Lei shook his head.

“Then, before this, have they come to this place to see you all?” Chu Feng asked again.

“How would they possibly do such a thing? They are the high and above core disciples, the most outstanding existences in the entire Southern Cyanwood Forest. For no reason or cause, why would they possibly come to see us?” Li Lei smiled bitterly as he shook his head.

“In that case, why did they come today?” Chu Feng continued to ask.

“This... is naturally for you. You have already become famous in the Southern Cyanwood Forest now. You are now Lord Headmaster’s favorite disciple. No matter how outstanding they are, when all things are said and done, they are inferior to you. Even if I was them, I would also be like them and think of a way to set up a good relationship with you.” Li Lei replied.

“You had only managed to correctly say half of their reason.” Chu Feng shook his head. He then said, “No matter what they did earlier, if they were truly sincere in coming to befriend me, I would naturally welcome them. However, in my opinion, they did not come over to sincerely befriend me. Instead, like that Zhao Genshuo, they had come to test me out.”

“If I am truly as powerful and talented as the rumors said, they would naturally treat me very well. However, if I am nowhere as good as the rumors made me out to be, not only would they not try to befriend me, they would also possibly try to humiliate me like that Zhao Genshou.”

“Say, towards this sort of people, should I befriend them or should I not?” Chu Feng looked to Li Lei and asked.

“Aiya, I am truly slow-witted. I am truly slow-witted.” After hearing what Chu Feng said, Li Lei suddenly came to a realization. He patted his head so hard that his forehead was making ‘pow pow’ sounds. He felt that he was truly too stupid; he actually tried to urge Chu Feng to befriend those sort of people.

One must know those sort of people was the archetype of people with

vile characters. If you're glorious, they would try to approach you. However, if you're in a desolate state, they would leave you far behind. It is naturally better to fraternize with as few as possible of these sort of people.

Seeing Li Lei who had suddenly come to a realization, Chu Feng lightly smiled. He did not bother to say anymore and instead turned his gaze toward Shen Lang, Shen Hong and them. He said. "The things that you all have done today and the conduct that you have displayed today is truly low. However, taking into consideration that you're also from the Southern Sea Region, I will not bicker with you all."

"I have already talked about this with Lord Headmaster. From tomorrow hence, you all will receive the same cultivation treatment as that of core disciples. Moreover, there will be management elders coming over here. If you wished, they would accept you all as personal disciples."

"As for your residences, as the time is already late today, I did not trouble Lord Headmaster about that. However, Lord Headmaster will send people tomorrow to build new residences for you all."

After hearing what Chu Feng said, everyone was stunned. They displayed expressions as if they were dreaming.

No matter what, they never would've thought that after doing that sort of thing to Chu Feng, not only did Chu Feng not punish them, he even obtained such a wondrous opportunity for them.

The same cultivation treatment as core disciples, have the core disciples take them as personal disciples, this was simply something that all of the disciples of the Southern Cyanwood Forest dreamed of. However, it was also something that the majority of the disciples would not be able to touch in their lifetime.

"Chu Feng, we..."

At this moment, everyone was excited. However, as they looked at Chu Feng, they did not know how to express their state of mind. After all, they couldn't make up for the things that they had done to Chu Feng. Yet, Chu Feng was treating them so well. This caused them to feel deeply ashamed

and guilty.

“There is no need for you all to bother with superfluous words. It is already uneasy for us from the Southern Sea Region to pass through the Heavenly Road and come to this place. Thus, I wish that we would be united in the future. At the very least, we should not bully our own.” said Chu Feng.

“Chu Feng, rest assured. From today on, if I, Shen Lang, dare to bully anyone again, my life shall be yours to punish.” Seeing this, Shen Lang patted his chest and guaranteed.

“I hope that you can keep your promise.” Seeing Shen Lang who had an appearance of someone who had turned over a new leaf, Chu Feng nodded satisfiedly.

Under Chu Feng’s leadership, the atmosphere of unease in this large courtyard where the people from the Southern Sea Region lived in started to gradually fade away and was replaced with harmony and happiness. Everyone was affected by what Chu Feng had done. They were filled with gratefulness and reverence for Chu Feng.

Right at the moment when the people in this large courtyard were partying, two figures were standing above a large tree in the distance and attentively watching Chu Feng and them.

These two people were the Southern Cyanwood Forest’s headmaster Sikong Zhaixing and the new Punishment Elder Gongsun Kuo.

“Returning good for evil, not only is he powerful, he is also harsh toward people with ulterior motives. This Chu Feng’s way of doing things is truly insightful. In the Southern Cyanwood Forest, he is able to protect the people from the Southern Sea Region. I believe that when our Southern Cyanwood Forest is faced with enemies, this Chu Feng would definitely come to protect the people from our Southern Cyanwood Forest.”

“Lord Headmaster, your eyesight is truly good. This child is truly different from the masses. At the very least, I have never seen such an outstanding youngster at such a young age before. Not only does he possess astonishing strength, he also possesses extraordinary perception

and mentality.” Praised Gongsun Kuo with a face filled with admiration and surprise.

However, Sikong Zhaixing did not respond to Gongsun Kuo’s words. Instead, he smiled complacently. Then he turned his head and asked, “You said that the Cloud Thunder Pavilion had sent a letter stating that they wanted to proceed to the Ancient Era’s Immortal Pond together with us?”

“Mn, it had been ten days now and the date for the opening of the Ancient Era’s Immortal Pond is close. I believe that the Cloud Thunder Pavilion would arrive in our Southern Cyanwood Forest in the upcoming days.” Replied Gongsun Kuo.

“Although the Cloud Thunder Pavilion appears to have a very good relationship with our Southern Cyanwood Forest on the surface, they do not have good intent in their request for journeying to the Ancient Era’s Immortal Pond together with us.” Sikong Zhaixing shook his head.

Chapter 1046: Bringing About Their Own Disgrace

“Lord Headmaster, what do you mean by that?” Asked Gongsun Kuo.

“The Cloud Thunder Pavilion is located closer to the Ancient Era’s Immortal Pond than us. Instead of going directly over there, they brought a group of disciples and circled around to our place. This evidently means that they have a different purpose.” Said Sikong Zhaixing.

“A different purpose?” Gongsun Kuo was still confused.

“I’ve heard that roughly twenty years ago, the Cold Thunder Pavilion had sent a large quantity of elders in the name of ‘wandering’ to enter the areas controlled by other powers. Secretly, they chose a bunch of children with very outstanding martial talent and brought them back into the Cloud Thunder Pavilion to cultivate in secret.

“Later on, after I investigated the matter, I found out that such a thing truly had happened. However, as we do not possess any hatred or grievances with the Cloud Thunder Pavilion, I pretended to not know about this matter and did not mention it to anyone.”

“In a blink of an eye, twenty years had passed. All of those children had grown up now. I believe they most definitely had managed to cultivate some decent seedlings from that group of children.”

“Not long ago, the Cloud Thunder Pavilion had a conflict with the Great Wisdom Sect. They had once mentioned that the disciples that they will be sending to the Cyanwood Mountain this year would definitely shock everyone and that the Great Wisdom Sect would no longer be able to contend against the Cold Thunder Pavilion after this. It was said that they planned to embarrass the disciples of the Great Wisdom Sect in the Cyanwood Mountain’s assessment assembly.”

“Thus, I believe that they had managed to cultivate that group of children from twenty years ago. The Cloud Thunder Pavilion planned to send them to the Cyanwood Mountain and amaze the world with a single

brilliant feat. Otherwise, they would not suddenly become this arrogant and speak such boastful words.”

“However, before they send them to the Cyanwood Mountain, they planned to have them come to our Southern Cyanwood Forest and try out their hands.” Said Sikong Zhaixing.

“Try out their hands? What are they trying out?” Gongsun Kuo managed to faintly sense an unease.

“No matter what, our Southern Cyanwood Forest is still a genuine subsidiary power of the Cyanwood Mountain. Even if we are inferior to the other three Cyanwood Forests now, we are not something that is inferior to the Great Wisdom Sect and them.”

“In terms of reputation, among the second-rate powers, our Southern Cyanwood Forest is not weak. If their Cloud Thunder Pavilion’s disciples are capable of defeating our Southern Cyanwood Forest’s disciples, then their confidence would become even more ample.” Said Sikong Zhaixing.

“No wonder the Cloud Thunder Pavilion began to befriend our Southern Cyanwood Forest over this year. So their intention was actually not pure. They actually wanted to seize the opportunity to humiliate our Southern Cyanwood Forest. Truly abominable!” Gongsun Kuo’s face was filled with anger.

“Sigh, there is no need for you to become angry. This is merely a speculation of mine. Perhaps the Cloud Thunder Pavilion truly have the intention to befriend our Southern Cyanwood Forest. However, if they are to borrow the name of befriending us and instead try to humiliate our Southern Cyanwood Forest, then I could only say that they have chosen the wrong target.”

“Had it been a couple days ago, then perhaps they would’ve truly been able to humiliate our Southern Cyanwood Forest. However, now, I’m afraid they do not stand a chance anymore.” Absolute confidence arose from Sikong Zhaixing’s eyes.

“That’s right. With Chu Feng here, if their mere Cloud Thunder Pavilion’s disciples dared to request for a sparring, they would only be

asking for their own disgrace.” Said Gongsun Kuo.

“Heh, that holds true for not only their Cloud Thunder Pavilion.” Sikong Zhaixing cast his gaze toward Chu Feng in the distant. A light smile appeared on the corners of his mouth.

Time passed. In a blink of an eye, six days went by.

In these six days, the large courtyard that Chu Feng and the others lived in expanded by multiple times once again. Moreover, compared to six days ago, an enormous change had occurred in the large courtyard.

This place no longer contained ordinary buildings like it did in the past. Instead, they were all replaced with palaces. It was so much that with all the different kinds of buildings here, this place could no longer be considered as a large courtyard. Instead, it was more like a small city. It was comparable to the core region of the Southern Cyanwood Forest. It was now one of the places in the Southern Cyanwood Forest that people yearned for.

However, regardless of how dazzling the buildings here were, regardless of how imposing they were, they were all inferior to the towering palace in the southeastern direction. That palace drew about the most attention. That was because that was Chu Feng’s residence.

“Is junior brother Chu Feng present?”

Today, Chu Feng was chatting with Li Lei. However, suddenly, the voice of a female sounded from outside the entrance. Her voice was very loud and clear. Moreover, one could hear impatience within her voice. It was as if she had some urgent matter.

Chu Feng walked out of the palace together with Li Lei. They discovered that two beautiful young women were standing in the sky outside. These two women’s appearance was truly decent. Moreover, their aura was extraordinary. They belonged to the type of beauty that could attract the gaze of everyone wherever they went.

These two women were people that Chu Feng recognized, they were two of the eighteen people from six days ago. As for the woman that had

called out for Chu Feng, she had called for Zhao Genshou to stop humiliating the people from the Southern Sea Region six days ago. However, she did not act to stop him. If she had acted to stop him that day, then perhaps Chu Feng would've been willing to befriend her.

“What matter brings you two here?” Although it was two women that had come, Chu Feng still did not show an amiable expression.

“Junior brother Chu Feng, we have an urgent matter to find you. This matter concerns the honor of our Southern Cyanwood Forest. Might you be willing to allow us to enter so that we could tell you about it in detail?” Said that woman with a begging tone.

“Come on in.” Hearing that it concerned the Southern Cyanwood Forest, Chu Feng nodded, turned around and proceeded to enter towards his own palace. However, he did not close the entrance to his palace. He had left it open for the two women.

Seeing this, those two women heaved a sigh of relief. They landed from the sky and then walked into the courtyard. Only then did they enter into Chu Feng's palace.

“What is the matter, you can speak.” Chu Feng immediately asked about the main topic. His tone was very cold.

“Junior brother Chu Feng, you ought to have heard that the Ancient Era's Immortal Pond is opening soon and that Lord Headmaster plans to bring us to train in the Ancient Era's Immortal Pond, right?” Asked that woman.

“Lord Headmaster had mentioned this to me before. However, you said this matter concerns the honor of our Southern Cyanwood Forest, what relationship does this have with the Ancient Era's Immortal Pond?” Asked Chu Feng.

“Sigh, it's true that the Ancient Era's Immortal Pond is about to open. However, there is still some time before it does. Today, the Cloud Thunder Pavilion has come to our Southern Cyanwood Forest saying that they wanted to set out for the Ancient Era's Immortal Pond together with us.”

“The Cloud Thunder Pavilion’s headmaster said that he had important matters that he needed to discuss with Lord Headmaster and Lord Punishment Elder. Thus, the mission of receiving the Cloud Thunder Pavilion’s disciples was handed over to us.”

“Originally, we had planned to receive the Cloud Thunder Pavilion’s disciples with a feast. However, on the feast, the disciples of the Cloud Thunder Pavilion asked again and again about where the Han family’s disciples had gone to.”

“After finding out the Han family had already been expelled from the Southern Cyanwood Forest, a Cloud Thunder Pavilion’s disciple by the name of Shi Yuanhang actually said that Lord Headmaster is muddled, that our Southern Cyanwood Forest is destined to be desolate after expelling the Han family and if we continue like this, we might even be reduced to a third-rank power and become greatly inferior to their Cloud Thunder Pavilion.”

“Hearing those words, Zhao Genshou, Kong Lianfeng and them became enraged. They fell out with them right on the spot and started to fight that Shi Yuanhang. However, who would’ve thought that the disciples of the Cloud Thunder Pavilion are extremely powerful. Even though they’re all rank nine Martial Lords, Zhao Genshou, Kong Lianfeng and them did not even have the strength to fight back. With only a single strike, they were knocked down to the ground by Shi Yuanhang.”

“And now, the feast has turned into chaos. With such a thing, it is unfitting for us to go and find Lord Headmaster. If we were to be discovered by Lord Headmaster that we have been beaten by the Cloud Thunder Pavilion’s disciples to a state where we’re unable to even fight back, we would truly bring about too great of a shame to our Southern Cyanwood Forest.”

“Although we are both subsidiary powers under the Cyanwood Mountain, our Southern Cyanwood Forest is, after all, a genuine subsidiary power. In terms of status, their Cloud Thunder Pavilion is unable to compare with our Southern Cyanwood Forest.”

“Thus, Junior Brother Chu Feng, I hope that you, considering that this matter concerns the honor of our Southern Cyanwood Forest, will be able to disregard the former hatred, stand up for us and teach those disciples of the Cloud Thunder Pavilion a lesson.” Said that woman with a tone of asking. The other woman also looked to Chu Feng with a gaze of appeal.

As for Chu Feng, after knowing about what had happened, his heart was already burning with rage. Thus, he did not bother to speak superfluous words, immediately stood up and said. “Bring me there.”

Chapter 1047: Stunning Everyone

There was a very imposing palace in the Southern Cyanwood Forest's core region. Not only were the decorations of this palace luxurious, a sumptuous feast was even prepared at this place.

Originally, this place was meant to be used to receive the core disciples of the Cloud Thunder Pavilion. However, at this moment, this place that should have been filled with joy, was in a complete mess. The disciples of the Southern Cyanwood Forest and the disciples of the Cloud Thunder Pavilion were currently staring down at each other with hostility. A fight was about to break out at any moment now.

Actually, looking at the shattered table, the delicacies that were knocked to the floor and the deep crack on the ground, one could tell that a battle had already occurred in this place. Moreover, the side that lost was the Southern Cyanwood Forest.

If one wanted to ask why that was the case, then one must look at the two men. At the side of the Southern Cyanwood Forest, there were two men with deathly pale complexions and feeble aura. Evidently, the two of them had received serious injuries.

One of them was Zhao Genshuo. As for the other, his name was Kong Lianfeng. Like Zhao Genshuo, he was also a rank nine Martial Lord and could be considered a peak disciple of the Southern Cyanwood Forest.

However, unfortunately, the two of them were defeated by a single person. As for that person, he was a disciple of the Cloud Thunder Pavilion called Shi Yuanhang.

"Shi Yuanhang, what is your intention with this? We have graciously received you all as guests. Yet, not only were you not appreciative, you even insulted our Lord Headmaster and even openly attacked our Southern Cyanwood Forest's disciples. Did you really think that we do not dare to do anything to you?" Angrily shouted the disciples of the Southern Cyanwood Forest as they pointed at Shi Yuanhang.

"Heh..." Faced with the angry shouts, that Shi Yuanhang only lightly

laughed disdainfully.

He then said, "Insult? You all best not frame me. I have never insulted your headmaster. What I said was merely the truth."

"Who doesn't know that the strongest disciples of your Southern Cyanwood Forest every year are all from the Han family? Could it be that you all dare to say that someone among you have been able to defeat those from the Han family and is instead the strongest disciple of the Southern Cyanwood Forest? Who among you dares to say that?"

"You..." Toward Shi Yuanhang's question, although it caused everyone to be angry, they did not know how to respond. That was because what Shi Yuanhang said was the truth, they were indeed inferior to the Han family's disciples.

Not only them, even the disciples before them that were sent to the Cyanwood Mountain every year, the strongest among them, the ones who possessed the greatest chance of becoming core disciples in the Cyanwood Mountain, were all from the Han family. The Han family was indeed extremely significant to the Cyanwood Mountain.

"Could it be that you all do not understand exactly how important the Han family is to your Southern Cyanwood Forest? I said that the Southern Cyanwood Forest expelling the Han family is the Southern Cyanwood Forest's loss, their mistake. Is that wrong?"

"As for you saying that I have injured your people, this is even more ridiculous. I had merely spoken bluntly and said what I thought. However, those two crazy dogs there immediately started to shout curses at me and even started to attack me. Had it not been for my fast reaction, I might've already lost my life to their hands."

"I had merely fought back in fairness. The fact that they're still alive now is already me showing leniency. Otherwise, with merely their bit of strength, I would've casually been able to kill them over a hundred times."

"Oh how kindhearted and compassionate I am. I decided to not bicker with you all yet you all actually turned around and tried to frame me? Are you not shameless?" Said Shi Yuanhuang sarcastically. Not only did he not

emit a bit of fault, he even felt that he was in the right.

“Shi Yuanhang, enough with your sophistry.” Retorted someone from the Southern Cyanwood Forest.

“Heh, sophistry you said? If you think that what I’m saying is sophistry, then go and call for our Lord Headmaster and your Lord Headmaster over. Have those seniors determine whether what I said is sophistry or not. What do you think?” Shi Yuanhang sneered.

“That’s right. If you all want to reason, what you said doesn’t mean anything. Go and find the seniors. Have them come and judge what’s right and wrong.” At this time, the other disciples of the Cloud Thunder Pavilion also spoke out.

“You...” Hearing those words, the people of the Southern Cyanwood Forest became even more enraged. It was evident that the people from the Cloud Thunder Pavilion knew that they did not dare to find their Lord Headmaster because if they did, it would not only mean a loss of their faces, it would also lose their Lord Headmaster’s face. Thus, they did not do such a thing.

“No matter what, the person who spoke such rude words is you all. The people who injured others is you all. We are, after all, in an alliance. We would not bother to bicker with you all, as long as Shi Yuanhang admits his wrong to my two junior brothers, we would pretend that this thing has never happened.” A man close to thirty years of age and had a calm appearance stood out from the Southern Cyanwood Forest’s side.

“This senior brother, what you said is right. The two of us are in alliance. However, to speak frankly, one’s dignity must be strived for with strength. You all want us to admit wrong, that we can do. As long as someone could defeat me, not only would I admit my wrong, even if you want me to kneel down and admit my wrong, I’d be glad to do that too. The only thing I’m afraid of is that none of you have the strength to do so.”

Shi Yuanhang coldly smiled. After he finished saying those words, he even deliberately cast his gaze at the outstanding disciples of the Southern Cyanwood Forest. As he looked to the ever growing uglier expressions of

the Southern Cyanwood Forest's people, the smile on his face grew even wider.

"What a great speech about striving with one's strength." Right at this moment, an explosive shout suddenly sounded. At the same time, three figures flew over from the entrance. The three of them landed before everyone.

"Chu Feng!" When they saw the man from the group of three, everyone from the Southern Cyanwood Forest displayed expressions of immense happiness. Even Zhao Genshuo who had conflicted with Chu Feng in the past had a gaze of excitement as if he had seen his savior.

"Yoh, and here I was wondering why those two beauties had left. So they had actually gone to ask for reinforcements." When he saw Chu Feng, the complacent smile Shi Yuanhang had on his face turned to one of contempt. The gaze that he looked to Chu Feng with was filled with disdain.

"Earlier you said that as long as someone could defeat you, it would be fine even if you admit your mistake while kneeling, right?" Chu Feng walked over to Shi Yuanhang and calmly asked.

"That's right. I did say those words. However, it's not that I'm looking down on you, but with your cultivation of a mere rank nine Martial Lord, it's better that you forget about thinking of defeating me. Not to mention about fighting back, even if I don't fight back and stand here for you to hit me ten times, you would not be able to harm me in the slightest." Said Shi Yuanhang with extreme confidence.

"Hehe, to be able to defeat you or not is my problem. However, to be daring to accept my challenge or not, that's your problem." Chu Feng responded with a light smile.

"I don't dare? Are you implying that I'm afraid of you? Come, if you have the balls, then come try it out. However, let's talk about the consequences first. If you cannot defeat me and I defeat you instead, then you must kneel, beg for forgiveness and say that your Southern Cyanwood Forest is inferior to our Cloud Thunder Pavilion." Shi Yuanhang loudly shouted.

“You’re courting death.” Hearing those words, the disciples of the Southern Cyanwood Forest had truly been enraged. That was because regardless of how powerful Shi Yuanhang and them were, the Cloud Thunder Pavilion was simply not a power on par with the Southern Cyanwood Forest at all. They were able to tolerate Shi Yuanhang and them humiliating them, however when it comes to the humiliation of the Southern Cyanwood Forest, none of them were capable of tolerating that.

“Stop.” However, before they could attack Shi Yuanhang, Chu Feng loudly shouted. This quieted down all of the people from the Southern Cyanwood Forest.

Shi Yuanhang and the other disciples of the Cloud Thunder Pavilion were also shocked by Chu Feng’s action. To be able to quiet down everyone with a single word, this meant that Chu Feng was extraordinary. At the very least, he was someone with a lot of status within the Southern Cyanwood Forest.

However, they were extremely confident of Shi Yuanhang. Thus, they were not worried and merely sat there and waited for Chu Feng’s humiliation.

“I agree to your demand. However, I also have a demand. If I am able to defeat you, then not only are you required to kneel, all of you are required to kneel. Moreover, not only are you required to admit your wrong, you all are to admit your wrongdoings while kowtowing.” Said Chu Feng as he looked to Shi Yuanhang.

“Hahahaha, interesting, very interesting.” However, after hearing Chu Feng’s demand, that Shi Yuanhang suddenly burst into a loud laughter.

Not only him, at this very moment, all thirty-five disciples of the Cloud Thunder Pavilion burst into loud laughter. Their laughter flooded the palace hall. Their laughter was filled with savageness and with mockery. It was as if they had heard the funniest joke.

“Although I do not know what makes you this confident, but I will agree to your demand because I truly want to see what sort of expression you will have when you kneel before me and say your Southern Cyanwood

Forest is inferior to our Cloud Thunder Pavilion.” Shi Yuanhang squinted his eyes. His expression was one that brings about displeasure.

Toward his words, Chu Feng merely lightly smiled. Calmly, he asked. “Can we start now?”

“Of course, we can start right away.”

As Shi Yuanhang said those words, he waved his hands at the people from the Cloud Thunder Pavilion. Seeing this, the people from the Cloud Thunder Pavilion understood his intention and all moved far away from Shi Yuanhang.

Moreover, the gazes they looked to Chu Feng with was filled with sympathy. They knew that Shi Yuanhang planned to take his time on teaching this Chu Feng a lesson. This Southern Cyanwood Forest’s disciple by the name of Chu Feng would be met with a calamity.

“Come. With how confident you are, let me see whether you’re boasting or truly possess that tiny bit of strength.” Seeing that everyone had moved backwards, Shi Yuanhang confidently hooked his finger at Chu Feng. His gaze was filled with disdain and despise.

“Woosh.” Right after he said those words, Chu Feng’s figure moved. Chu Feng’s movement caused the entire palace hall to tremble. Like a demon, Chu Feng disappeared.

When he reappeared, he was already standing before Shi Yuanhang. Moreover, Chu Feng’s fist was currently bringing along with it the whistling sound of wind and a frantic power as it smashed towards Shi Yuanhang’s stomach.

“This...” Even Shi Yuanhang was greatly shocked by what was happening. Fear instantly displaced the confidence that filled his face earlier. He did not dare to be careless any more and hastily gathered all his power to try to dodge Chu Feng’s attack.

However, Chu Feng did not give him this opportunity.

The sound of his fist exploded. His fist had arrived. It ruthlessly smashed onto Shi Yuanhang’s body. With a muffled ‘bang,’ Shi Yuanhang

explosively shot out like a reverse meteor. In the end, he ferociously smashed onto the wall of the palace hall.

Everything occurred too fast. No one was prepared. By the time everyone managed to react, the victory had already been determined.

Shi Yuanhang was no longer where he previously stood. His entire body was smashed into the wall that was now filled with cracks. It was as if his body was about to collapse. A large amount of blood was rushing out from his stomach and from the corner of his mouth. He appeared like a dead person.

As for Chu Feng, he was standing where Shi Yuanhang previously stood. There was not the slightest amount of blood on his clothes. He had a calm expression. However, that sort of calm expression brought about fear to everyone present.

At this moment, the entire palace hall was quiet without a sound. Everyone was stunned like chickens. They seemed to be stupefied, but they were actually frightened dumb.

Chapter 1048: Kneel and Beg for Forgiveness

Other than Chu Feng who had a calm expression, everyone else in the palace hall was stupefied.

Looking at Shi Yuanhang who was covered with blood and in an extremely sorry state, everyone's frame of mind was overturning like the seas and rivers. It was as if ten thousand thunder strikes were rumbling in their brains. None of them were able to be calm.

Not mentioning those Cloud Thunder Pavilion's disciples who had looked down upon Chu Feng in the past, even the Southern Cyanwood Forest's disciples who had a slight understanding of Chu Feng's power were stupefied.

They had heard of Chu Feng being extremely powerful and had also experienced his power for themselves before. However, after seeing Chu Feng's powerful might again today, they couldn't help but be shocked.

That was because this Shi Yuanhang was not Zhao Genshuo. Although they were all rank nine Martial Lords, Zhao Genshuo was unable to withstand a single strike from Shi Yuanhang even when joining hands with Kong Lianfeng. Thus, they knew that Shi Yuanhang was a true genius with outstanding battle power.

However, even such a powerful Shi Yuanhang was unable to withstand a single fist from Chu Feng. This displayed how powerful Chu Feng was, allowing them to realize for themselves how enormous the gap between them and Chu Feng was.

"You bastard!"

Right at the moment when everyone was stupefied by Chu Feng's strength, that Shi Yuanhang actually gave off an angry shout. At the same time, a hurricane that one could see with one's naked eyes engulfed his body. That was his aura, his powerful aura.

When they felt this powerful aura, the majority of the Southern

Cyanwood Forest's disciples' expressions changed. That was because that aura contained King level martial power. At this moment, this Shi Yuanhang no longer had the cultivation of rank nine Marital Lord. Instead, he was a rank one Martial King.

“Hualalala” 1

Following the falling of a large amount of crushed stones, Shi Yuanhang's body slowly emerged from the wall. He seemed to have forgotten the pain of his body. His face was covered with rage and his eyes were filled with killing intent.

“So you can't hide it anymore? You're clearly a rank one Martial King yet you're hiding to be a rank nine Martial Lord. Are you trying to pretend that your battle power is high or are you trying to prove that you're an idiot?” Chu Feng mocked as he looked at Shi Yuanhang.

“What? He's actually a rank one Martial King? No wonder he's that powerful. So he was actually deliberately pretending to be a rank nine Martial Lord earlier so that he could humiliate us. Truly abominable!” Upon hearing what Chu Feng said, the disciples of the Southern Cyanwood Forest suddenly came to a realization. One after the other, they were so angry that they started gnashing their teeth.

“Bastard! You actually insulted me! Today, I shall turn you into an idiot!” Shi Yuanhang who was extremely enraged to begin with, upon seeing that Chu Feng dared to insult him, his anger became overbearing.

He did not bother to use any Martial Skill. Instead, his body warped²and he suddenly disappeared. When he appeared again, he was already before Chu Feng. Moreover, his large fist that was filled with King level martial power was, while bringing with it a violent gale, ruthlessly smashed towards Chu Feng's face.

He planned to give Chu Feng a taste of his own medicine. However, he also planned to put Chu Feng in an even more miserable state. Thus, his target was Chu Feng's face.

“Bang.” But, who would've thought that at the time when Shi Yuanhang's fist was about to land on Chu Feng's face, Chu Feng's palm,

like an iron wall, firmly grasped Shi Yuanhang's fist.

After that, Chu Feng's arm twisted. A 'kacha' sound was heard. Shi Yuanhang's arm was forcibly twisted apart by Chu Feng. Blood covered bones even appeared from the arm.

"Ah~~~~~" The sudden pain of having his arm broken not only caught Shi Yuanhang off guard, it even caused him to scream miserably in pain.

However, never in a thousand lives did he imagine that this was merely the beginning. After twisting apart one of his arms, Chu Feng raised his leg and kicked Shi Yuanhang to the ground. Then, he extended his palm and, like a sharp blade, with a 'puchi' sound, pierced it into Shi Yuanhang's dantian.

"Don't!" Sensing that his dantian was about to be pierced, Shi Yuanhang started to panic. Subconsciously, he shouted 'don't.' Moreover, the tone that he used was one of begging.

Unfortunately for him, Chu Feng was not a lenient person. Not only did he not slow down his speed of piercing, he instead increased it. Following a spray of blood, a loud and miserable shriek was heard. That Shi Yuanhang's dantian had been completely pierced through by Chu Feng.

"Senior brother Shi..."

"Junior brother Shi..."

Shi Yuanhang's dantian was pierced apart before their eyes. The power that he had cultivated for many years was rapidly spilling out from his dantian. Shi Yuanhang's aura began to rapidly decline. The disciples of the Cloud Thunder Pavilion all started to panic. One by one, they emitted forth their powerful auras, displayed their extraordinary martial skills and charged toward Chu Feng.

"How could this be? Those disciples of the Cloud Thunder Pavilion are actually this powerful?"

Sensing the aura emitted by the remaining thirty-four disciples of the Cloud Thunder Pavilion's disciples, the disciples of the Southern

Cyanwood Forest were even more surprised.

That was because of the thirty four Cloud Thunder Pavilion's disciples, three were actually rank one Martial Kings and thirty one were rank nine Martial Lords. Adding on Shi Yuanhang who had been crippled, there were a total of four rank one Martial Kings.

This sort of lineup was countless times more powerful than that of the Southern Cyanwood Forest. Even if the Han family had not been expelled, they would still be incapable of comparing with these Cloud Thunder Pavilion's disciples.

With the strength of this group of Cloud Thunder Pavilion's disciples, it was likely that no one among the second-rate powers could defeat them. Only those first-rate powers like the other three Cyanwood Forests would be able to suppress the Cloud Thunder Pavilion.

However, even though this was the case, Chu Feng still did not have the slightest trace of fear. Instead, his expression turned cold and suddenly shouted, "Whoever wishes to have his cultivation crippled, try taking another step forward."

"Woosh."

Once Chu Feng said these words, the entire palace hall burst into a tremble. Those previously aggressive Cloud Thunder Pavilion's disciples that were all planning to attack Chu Feng, in a split second, were petrified. They all stopped and did not move a single step forward. Some among them were even maintaining awkward motions of trying to attack Chu Feng. However, in all their eyes were expressions of fear.

They were scared. That was because the voice Chu Feng shouted with not only contained a powerful oppressive might, it also contained an ice cold killing intent. That sort of killing intent was too frightening. It was so indescribably frightening.

In short, that killing intent had caused them to cower. Overwhelmed with fear, they did not dare to fight Chu Feng.

Especially after looking at Shi Yuanhang who was on the ground with

his dantian pierced and cultivation rapidly slipping away and remembering about the quick methods that Chu Feng defeated Shi Yuanhang with, they were incapable of not becoming scared.

They had already realized that even if they were to join hands, they would likely be unable to rival Chu Feng. Then, upon thinking about Chu Feng's ruthless methods that does not even care about the consequences, they realized that if they dared to defy Chu Feng, they would truly end up like Shi Yuanhang.

At this moment, they were truly filled with regret. They regretted that they insulted the disciples of the Southern Cyanwood Forest. If they knew beforehand that such a demon was hiding in the Southern Cyanwood Forest, even if one were to give them a hundred nerves, they would not dare to do the things they did before.

Regret. They were truly so regretful that even their intestines turned green. However, there was nothing that they could do.

"This junior brother, no matter what, we are still in alliance with one another. Even if junior brother Shi offended you earlier and was wrong, you should not have crippled his cultivation, no?"

"Do you know what sort of price he has paid in order to cultivate to his current cultivation? Do you know how much resource our Cloud Thunder Pavilion have exhausted in order to nurture a genius like him?"

"What you have done not only strangled an excellent disciple of our Cloud Thunder Pavilion, you also strangled an outstanding ally of your Southern Cyanwood Forest."

Seeing that using force was out of question, the disciples of the Cloud Thunder Pavilion began to shift to a battle of words. Moreover, they sent a beautiful woman with extraordinary aura to criticize Chu Feng.

"If you all do not wish to have your cultivation crippled, kneel down right away." Who would've thought that Chu Feng completely ignored that woman. Instead, he cast his ice-cold gaze at all of them and shouted a severe command once more.

This voice was even louder and clearer than the voice from before, even scarier than before. Being shouted with this severe voice, the people of the Cloud Thunder Pavilion who originally planned to reason with Chu Feng were completely frightened. Not only did they not dare to speak anymore, they actually uniformly kneeled to the ground.

That was because they felt that if they dared to defy Chu Feng again, then they might not only have their cultivation simply crippled, they might even be met with the calamity of death.

“This...” Seeing the disciples of the Cloud Thunder Pavilion who were filled with pride earlier kneeling on the ground with fright written all over their faces, the disciples of the Southern Cyanwood Forest felt this to be an unfathomable sight.

When they looked to Chu Feng again, they were unable to help themselves from having expressions of reverence on their faces. That was because the person that caused all of this to change was Chu Feng.

At this moment, they seemed to realized why Headmaster Sikong would regard Chu Feng this highly and even determined Chu Feng to be the hope of their Southern Cyanwood Forest. That was because Chu Feng truly possessed the potential. It could even be said that he possessed this capability.

Chapter 1049: Public Face Slapping

However, who would've thought that even after throwing away their dignity and kneeling in public, Chu Feng was still unwilling to forgive. He pointed to the people of the Cloud Thunder Pavilion and coldly shouted, "Kowtow and admit your mistake."

"This..." Hearing Chu Feng's demand, the people of the Cloud Thunder Pavilion shivered. They were unable to help themselves from displaying expressions of difficulty. Although they had already kneeled down, there was still a baseline to the things that they were willing to do. To have them truly kowtow and admit their mistakes, this was something that was hard for them to do.

"I shall say it again. Kowtow and admit your mistakes to our Southern Cyanwood Forest." Seeing that they were hesitating, Chu Feng coldly shouted once again. When his words left his mouth, the chilling sensation covered the entire palace hall.

At this moment, Chu Feng was like a sovereign king that ruled over the entire world. Moreover, he was a tyrant that couldn't be defied. The consequences of disobeying him might not necessarily be death. However, it would definitely be very miserable.

Under this sort of enormous oppressive pressure, the disciples of the Cloud Thunder Pavilion were nearly about to collapse. Thus, they gave up on honor, baseline and whatnot. In unison, they said, "Senior and junior brothers of the Southern Cyanwood Forest, it is us who are wrong, it is us who are in fault. Please look upon the fact that we are in an alliance and give us another chance."

Once they finished saying those words, they immediately smashed their foreheads to the ground. They were truly planning to kowtow while admitting their mistakes to Chu Feng and them.

"Chu Feng, it's enough!"

Right at this moment, an elderly voice suddenly exploded from outside the palace like a rolling thunder. To be exact, this voice was not something

that thunder could compare with. Not only was it loud and ear-piercing, it was also filled with intimidation. In merely an instant, the voice caused everyone present in the palace to become even more awake.

“Woosh woosh woosh.” Soon after this voice sounded, several figures of old men flew down from the sky like meteors. In the end, they landed on this palace hall.

A portion of these old men were people that Chu Feng and them knew. That portion was their management elders led by their headmaster Sikong Zhaixing.

As for the other portion of elders, their clothings were completely different from that of the Southern Cyanwood Forest’s. Moreover, they all displayed ugly expressions on their faces. Evidently, they were the management elders of the Cloud Thunder Pavilion. As for the old man standing beside Sikong Zhaixing with a feathered crest on his head and possessing extraordinary aura, he was clearly the Cloud Thunder Pavilion’s headmaster.

At this moment, as they saw all the disciples of the Cloud Thunder Pavilion kneeling on the ground, the headmaster and the management elders from the Cloud Thunder Pavilion all had unwell expressions and twitching mouths. Their appearance was truly as ugly as it could be. It was as if they had eaten a pancake made out of flies and stinky dog feces.

“Woosh woosh.”

However, regardless of how ugly their expressions were, when they saw the current state of Shi Yuanhang, they were incapable of standing idly by. Even though the headmaster of the Cloud Thunder Pavilion did not move, two management elders with decent cultivation had already flew over to Shi Yuanhang.

Once they landed, they did not bother to speak any useless words, and immediately displayed their spiritist power and started to create a seal to seal Shi Yuanhang’s dantian so that his cultivation would stop spilling away. Only after that did they take out medicinal pellets and fed that to Shi Yuanhang to contain his injuries.

Merely, their arrival was a bit late. Although they managed to save Shi Yuanhang's cultivation, it had already greatly weakened. He was now no longer a rank one Martial King but instead a rank eight Martial Lord. Although it was only two ranks difference, it was not that easy to recover the lost cultivation.

"Lord Headmaster, he crippled junior brother Shi's cultivation and forced us to kneel to him. He even forced us to kowtow to him. Lord Headmaster, you must uphold justice for us!"

Seeing the appearance of their Lord Headmaster, the disciples of the Cloud Thunder Pavilion appeared to have seen their savior. They heaved sighs of relief and ran over to the side of their headmaster. Uniformly, they kneeled down and stared at Chu Feng and them.

"Shut up!"

However, who would've thought that Cloud Thunder Pavilion's headmaster not only shouted angrily, he even extended his arm and 'pa pa pa pa...' gave every disciple a clear slap to the face, knocking all of these disciples that were like treasures to them to the ground.

After doing all these, the headmaster of the Cloud Thunder Pavilion had an apologetic expression and cupped his fist toward Sikong Zhaixing. "Headmaster Sikong, it is I who did not teach my disciples well. Please do not blame them."

"Haha, they're youths. It is a good thing for them to be competitive. A spar between them is no big deal." Sikong Zhaixing laughed out loud while stroking his beard. He had an expression of no big deal.

However, he then squinted his eyes and began to say casually yet with deep intentions. "However, sometimes it's not good to be overconfident. For example, the things that happened today. Not only were you unable to humiliate others, you were actually scared kneeling. This is truly too humiliating of a thing. Moreover, not only did you lose your own face, you also lost the face of your entire sect."

"Headmaster Baili, our two sect's relationship is very good, so this matter could easily be hidden away. As long as I do not spread it, no one

will know about it. The reputation of your Cloud Thunder Pavilion will not be affected.”

“However, you must truly be careful. If this matter were to happen in a place controlled by other powers, like that of the Great Wisdom Sect, then it will definitely not be concluded so easily.”

After hearing what Sikong Zhaixing said, the Cloud Thunder Pavilion’s headmaster’s face turned from green to purple and then from purple to blue. That was because the mocking intention behind those words were too obvious. However, he did not dare to display any sort of displeasure. With a humble expression, he said, “What Headmaster Sikong said is correct. In the future, I will definitely discipline my disciples better and not have them lose face again.”

“Let it be, let it be. This is but a small matter. There’s no need for you to take it to heart.”

“You are, after all, a guest. Moreover, it is the first time for Headmaster Baili to bring this many elders and disciples to our Southern Cyanwood Forest. Let’s not mention about unhappy things anymore.”

“Men, tidy up the feast. I shall properly receive everyone from the Cloud Thunder Pavilion.” Headmaster Sikong suddenly laughed loudly and said.

After this, the feast was truly tidied up. Moreover, all the people that were present participated in this feast.

Even though this was a celebration feast prepared for the people from the Cloud Thunder Pavilion, the disciples of the Cloud Thunder Pavilion had expressions of unhappiness on them the entire time. They were incapable of even eating the food. They merely sat on the tables with bitter smiles on their faces. It was as awkward as it could be.

But, compared to them, the disciples of the Southern Cyanwood Forest were filled with excitement. The happiness came from the bottom of their hearts. That was because they had obtained victory in this battle. Not only did they protect the Southern Cyanwood Forest’s honor, they even gave the Cloud Thunder Pavilion that had come to provoke them a loud and clear slap to the face.

However, they would not forget that the person who protected their honor was not them. The person who gave the Cloud Thunder Pavilion a loud and clear slap to the face was also not them. It was Chu Feng. It was all done by Chu Feng alone.

Even though the management elders of the Cloud Thunder Pavilion had stomachs filled with grievances, they were, after all, seniors. Thus, they must display pleasant expressions on their faces. Thus, they were even more tired than their disciples. Clearly they had lost all their face, but they still had to pretend to be happy and toast their wines and drink enjoyably with the elders of the Southern Cyanwood Forest.

However, regardless of whether it was the Cloud Thunder Pavilion's disciples, their management elders or even their headmaster, they would, every now and then, sneak a peek at Chu Feng with gazes filled with complicated expressions.

Chapter 1050: Peaceful Interaction

After the feast was over, the sky had already turned dark. Due to the fact that they had already agreed to proceed to the Ancient Era's Immortal Pond together, the people from the Cloud Thunder Pavilion did not leave and were instead arranged to a private living area.

At this moment, all the outstanding disciples, management elders and even the headmaster of the Cloud Thunder Pavilion were in a guest room. They had heavy expressions on their faces, the remnants of their humiliation.

"Lord Headmaster, that brat by the name of Chu Feng actually wanted to cripple Yuanhang's cultivation. Had we not arrived promptly, I fear that Yuanhang's cultivation would truly be crippled. That child is vicious and merciless. How could you possibly let him get away with it that easily?"

Asked the many management elders of the Cloud Thunder Pavilion in confusion. That was because they knew the personality of their headmaster, they knew that he was not a person who was fond of suffering losses. However when Yuanhang's cultivation was being crippled, he did not turn into a despot.

If such a thing happened in the past, their headmaster would've already been madly enraged. How could he possibly let things be and not act on it? But today, he had chosen to endure it. This sort of reaction was truly abnormal.

"That Chu Feng is a powerful character. His cultivation of rank nine Martial Lord is true and without doubt. As a rank nine Martial Lord, he was able to easily suppress a rank one Martial King. That sort of martial power is sufficient enough for him to be ranked among the geniuses."

"Moreover, I've heard that this child's battle strength is not limited to only that. Not to mention rank one Martial King, even rank three Martial Kings have been defeated by him before. Although I do not know whether this matter is true or false, but it is true that the Han family created grievances with this child and ended up being expelled from the Southern

Cyanwood Forest by Sikong Zhaixing.”

“The Southern Cyanwood Forest have been established for close to ten thousand years. Yet, such an outstanding disciple has never appeared before. Thus, they would naturally treat Chu Feng as if he is their treasure. They were even able to expel the Han family that is so important to them without any hesitation, if we dare to do anything to that Chu Feng, that Sikong Zhaixing will definitely not let things go.” Said the Cloud Thunder Pavilion’s headmaster helplessly.

“So what if they do not plan to leave matters be? Could our Cloud Thunder Pavilion possibly fear them? Lord Headmaster, this does not seem to match your character.”

“That’s right. Lord Headmaster, even though that Chu Feng is powerful, that only mean that we cannot allow him to live even more. In my opinion, this child does not appear to be easy to deal with. The matter today has already left behind grievances between us. If this child ends up becoming powerful in the future, who can guarantee that he would not come attack our Cloud Thunder Pavilion?”

“Lord Headmaster, what the other elders said is correct. Their Southern Cyanwood Forest treats that Chu Feng as if he is their treasure, but are our Cloud Thunder Pavilion’s disciples not our treasures?”

“The thirty five of them are people that you, Lord Headmaster, had spent meticulous care and numerous years to cultivate. Today, one of them nearly ended up becoming a cripple. Are you truly able to endure that?” Said the management elders. They were unwilling to accept it.

Although Shi Yuanhang and the other disciples couldn’t interrupt the conversation, they also placed their hopes on their Lord Headmaster. They wished that their Lord Headmaster who had always been a tyrant throughout his time, would go and uphold justice for them.

“Endure? Could it be that you all think that I wanted to endure it? However, who among us could deal with a Half Martial Emperor? Who among you all can?” Suddenly, the headmaster of the Cloud Thunder Pavilion snarled in anger.

“What? Half Martial Emperor? Could it be... could it be that Sikong Zhaixing had broken through to Half Martial Emperor realm?” Upon hearing these words, the expressions of all the people present took a huge change. That was because they knew very well exactly how powerful Half Martial Emperors were. At the very least, their headmaster had tried to breakthrough numerous times and failed every time. That was a realm approaching Martial Emperors and already grasping Emperor level Martial Power.

To speak frankly, even if their Cloud Thunder Pavilion was enormous and possessed countless elders and disciples, if they were to offend a Half Martial Emperor, that person would be able to extinguish their entire Cloud Thunder Pavilion instantly.

Thus, when they found out that the Southern Cyanwood Forest was actually led by a Half Martial Emperor, they were immensely shocked and even became awfully afraid.

“That’s right, Sikong Zhaixing had already broken through and become a Half Martial Emperor. Otherwise, did you all think that I would continue to withstrain myself against his arrogance?” Said the headmaster of the Cloud Thunder Pavilion.

“Lord Headmaster, then what should we do?” After knowing about this, the management elders of the Cloud Thunder Pavilion lost all their energy for wanting to obtain justice for their disciples. One after the other, they cast their gazes onto their Lord Headmaster.

“What else can we do? Now that the Southern Cyanwood Forest not only obtained a Half Martial Emperor, a genius like Chu Feng also appeared in it, I believe that the Southern Cyanwood Forest would soon to rise in power.”

“A power like them, unless we are forced with no other choice, we cannot become their enemy.”

“In my opinion, I’m afraid that... we might truly need to befriend them.” Said the headmaster of the Cloud Thunder Pavilion with a helpless and optionless tone.

Due to the fact that Sikong Zhaixing ordered for the things that happened today shouldn't be spread out, no one ended up spreading this matter. Thus, other than the people present that day, no one else knew about the matter.

As for the people that were present, they too did not mention of the matter again. Thus, as if nothing had ever happened before, the matter was slowly forgotten.

However, after that day, Zhao Genshuo and the other disciples began to try their hardest to befriend Chu Feng. Originally, Chu Feng disliked them. But upon recalling that, at the very least, they were unanimous against foreign enemies on that day, Chu Feng no longer bothered to bicker with them. Gradually, Chu Feng also started to open up to them.

However, the matter that was the most unexpected was that even the disciples of the Cloud Thunder Pavilion started to worm their way in, trying to befriend Chu Feng. Moreover, the attitude that they treated Chu Feng with was extremely respectful. It did not appear like an attitude of someone toward another of the same generation but more like the attitude toward a senior.

As the saying goes, one does not hit someone who's smiling. Moreover, Chu Feng had already taught them a lesson, and most importantly, Southern Cyanwood Forest's headmaster had also especially spoken with Chu Feng.

Although the Southern Cyanwood Forest was a genuine subsidiary power under the Cyanwood Forest, it was greatly inferior to the other three Cyanwood Forests due to their bad performance. Currently, not only were they isolated from the others, the powers that truly wished to befriend the Southern Cyanwood Forest were also very few. Moreover, they had also unknowingly created many enemies.

But now that Sikong Zhaixing had become a Half Martial Emperor, this created a safeguard for the Southern Cyanwood Forest. On top of that, there was Chu Feng, their hope. This meant that the future of the Southern Cyanwood Forest was very bright.

But, they were, after all, much weaker than the other three Cyanwood Forests. Thus, the current Southern Cyanwood Forest needed true allies. After that day, the headmaster of the Cloud Thunder Pavilion had expressed to Sikong Zhaixing that he wished to continue on their friendly relationship. Thus, Sikong Zhaixing also wanted Chu Feng to be able to let bygones be bygones, leave behind the grudges he had with the Cloud Thunder Pavilion and try to have peaceful interactions with the people from the Cloud Thunder Pavilion as much as possible.

Thus, for the sake of Sikong Zhaixing, Chu Feng did not bother to bicker with the people from the Cloud Thunder Pavilion again. However, the relationship he had with them was merely at a level of addressing each other as fellow junior and senior brothers and nothing deeper.

In this sort of circumstances, a couple more days passed. Finally, the Southern Cyanwood Forest and the Cloud Thunder Pavilion set off for the journey to the Ancient Era's Immortal Pond.

This journey was very far. Adding on the fact that they had a lot of people in the journey, they ended up utilizing a warship. This warship was being personally steered by Sikong Zhaixing, a Half Martial Emperor. Thus, its speed was extremely fast.

The warship was not huge but it wasn't small either. Chu Feng was currently sitting at the front of the warship with his eyes closed. Suddenly, a gentle voice of a female sounded from beside Chu Feng's ears.

"Junior brother Chu Feng, do you know of the origins of this Ancient Era's Immortal Pond?"

Chapter 1051: The Greatest Martial Emperor

Chu Feng opened his eyes and discovered that a woman with an extremely good figure was standing beside him.

This woman's figure was truly amazing. Long, slender and beautiful legs; robust and soft chest. Wearing a dress, her appearance caused a lot of men's heartbeats to accelerate and become excited.

Although her facial appearance couldn't be considered to be exquisite, the proportion of her facial features was very good. Looking at her, she gave off a very comforting sensation. Especially that soft and pink mouth, the curve of its smile was extremely enchanting.

This woman was the person who had spoken out for Li Lei and them during the time they were being humiliated by Zhao Genshuo. She was also the person who came to request for Chu Feng's help when the Cloud Thunder Pavilion was humiliating the Southern Cyanwood Forest's disciples.

After interacting with her for these past couple days, Chu Feng now knew this woman's name was Wang Wei. She was one of the twenty one outstanding disciples in the Southern Cyanwood Forest and also the one with the best relationship with Chu Feng.

"Senior sister Wang Wei, are you suggesting that this Ancient Era's Immortal Pond have some sort of special origin? How about you tell me about it?" Said Chu Feng with a smile.

"Of course, I can do that." Wang Wei smiled pleasantly with her enchanting smile. She then sat down beside Chu Feng in a relaxed manner before using her sweet-sounding voice to say.

"As its name implies, the Ancient Era's Immortal Pond is something that has existed since the Ancient Era. It is a product of nature and also something that is deeply looked after by the Heavens. That is because, that place is truly a holy land for cultivation."

“Moreover, it is not only a single pond. There are Ancient Era’s Immortal Ponds located in many locations in the Holy Land of Martialism. For example, in this Cyanwood Domain controlled by the Cyanwood Mountain, there are three Ancient Era’s Immortal Ponds.” Said Wang Wei.

“No wonder they said that the expert cultivators in the Holy Land of Martialism are numerous. So not only is the natural energy here better, causing one’s bodies to be much stronger, the Heavens even bestowed Ancient Era’s Immortal Ponds upon it. With such treasures, living in this sort of circumstances, it would be difficult for one to not become strong.”

Upon thinking of the Eastern Sea Region and the Nine Provinces Continent, Chu Feng was unable to help himself from sighing. The Heavens was truly unfair. The Holy Land of Martialism was truly much better suited for cultivation.

“Junior brother Chu Feng, that sort of saying is wrong. The Ancient Era’s Immortal Ponds are not things that one could casually enter as one wished. Even though the Ancient Era’s Immortal Ponds are open once every year, it is also the first time for me to journey to one. Do you know why that is the case?” Asked Wang Wei.

“Could it be that the Ancient Era’s Immortal Ponds are not allowed to casually entered because they’re being controlled by someone?” Asked Chu Feng.

“Clever. The Ancient Era’s Immortal Ponds are indeed controlled by people. Of the three Ancient Era’s Immortal Ponds located in the Cyanwood Domain, other than the one that is controlled by the Cyanwood Mountain, the other two are both occupied by Ancient Era’s Elves.”

“For the Ancient Era’s Immortal Pond that is controlled by the Cyanwood Mountain, they would only allow their core disciples to enter as they wished. Outsiders can forget about even dreaming to enter it. As for the two occupied by the Ancient Era’s Elves, although they would be opened once every year, the cost of entering is not insignificant.”

“For Martial Lords, everyone is required to hand over a Royal Armament. Moreover, the Royal Armament must be of high quality. Neither ordinary

quality ones or medium quality ones are accepted.”

“For Martial Kings, each person is required to have over at least ten high quality Royal Armaments. As for Half Martial Emperors, even if they possess Royal Armaments, they would not be allowed to enter.” Wang Wei said.

“It’s actually that expensive?” After hearing Wang Wei’s words, Chu Feng finally understood why even a power like the Southern Cyanwood Forest could only bring the disciples that they planned to send over to the Cyanwood Mountain every year to train in the Ancient Era’s Immortal Pond. So it was because the price of entering the Ancient Era’s Immortal Pond to train was extravagant.

Royal Armaments were weapons that only Royal Cloaked World Spiritists could craft. Although for a power that had existed for a very long time like the Southern Cyanwood Forest, Royal Armaments might not be considered to be anything major. However, what the controller of the Ancient Era’s Immortal Pond wanted was not ordinary Royal Armaments, it was instead high quality Royal Armaments.

Even though they were both Royal Armaments, the slightest difference in quality caused a world of difference between them. Thus, the price that the Ancient Era’s Sprite demanded was truly not cheap.

To hand over several tens of high quality Royal Armaments every year was definitely an enormous price for the Southern Cyanwood Forest as even ordinary Royal Armaments were extremely limited in the Eastern Sea Region.

However, compared to the price that the Ancient Era’s Elves demanded, Chu Feng was more interested in the Ancient Era’s Elves themselves. Thus, he asked in a very curious manner.

“Senior sister Wang Wei, isn’t this Cyanwood Domain under the control of the Cyanwood Mountain? How come two of the three Ancient Era’s Immortal Ponds are controlled by Ancient Era’s Elves? They actually occupy more Ancient Era’s Immortal Ponds than the controller of this region? What exactly are these Ancient Era’s Elves?”

“Heh, junior brother Chu Feng, this is something that you do not know about. As one of the Nine Powers, the Cyanwood Mountain is naturally very powerful. This is something that the entire Holy Land of Martialism knew.”

“However, if one must truly compare them, then the Ancient Era’s Elves are no inferior to the Cyanwood Mountain. Instead, they are much more powerful than the Cyanwood Mountain. They are a powerful race that have existed since the Ancient Era. During their golden age, it was said that even the Three Palaces and Four Clans feared them deeply. Thus, there is no need to mention about a mere Cyanwood Mountain.” Said Wang Wei.

“They’re actually this powerful?” Chu Feng was a bit shocked. A race that had existed since the Ancient Era, Chu Feng was truly extremely curious about them. After all, in the Eastern Sea Region, all of the living things from the Ancient Era had ceased to exist.

“That’s of course. The Ancient Era’s Elves are truly powerful. Rumor has it that ten thousand years ago, the Ancient Era’s Elves controlled all of the Ancient Era’s Immortal Ponds in the Holy Land of Martialism. Moreover, they refused to open them to any race or powers.”

“At that time, the Three Palaces, Four Clans and Nine Powers, these strongest human powers, all had a very strong longing for the Ancient Era’s Immortal Ponds.”

“However, even though they knew that the Ancient Era’s Immortal Ponds would be extremely impactful for their descendant’s cultivation, not a single one of them dared to actually have ulterior motives for the Ancient Era’s Immortal Ponds. The reason for that was because they feared the Ancient Era’s Elves, this powerful race that has existed since the time of the Ancient Era.” Said Wang Wei.

“They’re actually this powerful? In that case, what ended up happening? What led to the cause of the current situation?” Asked Chu Feng.

Hearing Chu Feng’s question, Wang Wei first took a deep breath before displaying an emotion that was hard to describe on her fair cheeks. Only

then did she say, “It was because of the only Greatest Martial Emperor that had ever appeared in the history of our Holy Land of Martialism.”

“The Greatest Martial Emperor?” Chu Feng immediately became interested.

“Mn. He is a human. According to historical records, not only is he the most powerful human Martial Emperor, he is also a Martial Emperor so strong that surpassed all others. ”

“He felt that although the Ancient Era’s Immortal Ponds are deeply related with the Ancient Era’s Elves, the Ancient Era’s Immortal Ponds are, after all, things bestowed to our Holy Land of Martialism by the Heavens. He felt that all living things in the Holy Land of Martialism should be allowed to experience the benefit of the Ancient Era’s Immortal Ponds.”

“Thus, he ended up doing the thing that everyone wanted to do but did not dare to do. By himself, he intruded the headquarters of the Ancient Era’s Elves and demanded for them to hand over a portion of the Ancient Era’s Immortal Ponds to humans. Moreover, he demanded that the Ancient Era’s Elves to open up their Ancient Era’s Immortal Ponds that they controlled to all living things once every year.”

“Faced with that sort of rude and disrespectful demands, the rulers of that era, those Ancient Era’s Elves, would naturally not agree to it. Thus, a battle inevitably occurred.”

“However, the person that was said to be the strongest in that era, the Ancient Era’s Elf King, was defeated by that great Martial Emperor. After that, that Martial Emperor became the publicly recognized strongest existence in that era.”

“In the end, he managed to successfully have the Ancient Era’s Elves renounce a portion of their Ancient Era’s Immortal Ponds and hand the control of them over to the Three Palaces, Four Clans and Nine Powers.”

“Moreover, even for the Ancient Era’s Immortal Ponds that the Ancient Era’s Elves controlled, they were required to open a portion of them up to public once every year so that all of the living things in the Holy Land of Martialism would have the opportunity to step foot and train in them.”

When she spoke till this point, Wang Wei's tone had already reached excitement. At this moment, Chu Feng also finally understood why Wang Wei would have such a strange change in state of mind when she mentioned this 'Greatest Martial Emperor'.

It turned out that sort of change in her state of mind was actually a reverence and adoration from the depths of her heart. In the bodies of females, this sort of reverence and adoration was the most distinct.

Chapter 1052: The True Identity of the Martial Emperor

“In that case, this senior had truly done a good deed for the Holy Land of Martialism.”

“In that case, senior sister Wang Wei, might this Greatest Martial Emperor still be alive?” Chu Feng suddenly asked.

In the Eastern Sea Region, Immortal Lady Piaomiao was able to use the energy within the Misty Immortal Peak to live close to a thousand years. The strength of Martial Emperors were countless times more powerful than Martial Kings; with their remarkable powers and the methods of the Holy Land of Martialism, it might not be impossible for them to live for ten thousand years. Moreover, that Martial Emperor was such an extraordinary existence.

However, who would’ve thought that faced with Chu Feng’s question, Wang Wei shook her head and said, “Although Martial Emperors are powerful, their life expectancy is still limited. It is said that ten thousand years is the maximum time a Martial Emperor could live for. That end of their life expectancy is something very few Martial Emperor could break through.”

“Who would’ve thought that the limit set up by the Heavens would be this hard to surpass. If it was impossible for even that senior, it would likely be even more difficult for other Martial Emperors.”

Chu Feng sighed. That Greatest Martial Emperor had done such an amazing feat. If possible, Chu Feng truly wanted to meet that Martial Emperor. However, it would appear now that he would not have such an opportunity.

“Although ten thousand years is the limit that a Martial Emperor could live up to and very rarely have there ever been people capable of surpassing that limit, that Greatest Martial Emperor did not die because of old age.”

“It could be said that he had sacrificed his life for our Holy Land of Martialism. That was the reason he was named the Greatest Martial Emperor in the history, with neither precedent nor subsequent.” Explained Wang Wei.

“Sacrificed his life for the Holy Land of Martialism? Senior sister Wang Wei, what do you mean by that?” Asked Chu Feng curiously.

“Ten thousand years ago, a frightening demon appeared in the Holy Land of Martialism. That demon was incomparably ruthless and possessed overflowing strength. It self-proclaimed to be the Magma Emperor and had come from the subterranean abyss, a world all black with no daylight, the Magma World.

“It had broken through its bindings and wanted to enslave all living things. Thus, he ended up bringing about a devastating catastrophe to the Holy Land of Martialism.”

“At that time, not only were the human powers attacked by it, the monstrous beasts and even the Ancient Era’s Elves were attacked by it. The most important thing was that there was actually no one capable of contending against it, no one was capable of fighting it.”

“Of the powerful Martial Emperors from that era, at least eighty percent of them were killed by that Magma Emperor. All races and powers ended up receiving an unprecedented blow.”

“However, right at the moment when all the living things in the Holy Land of Martialism had fallen into despair and given up all hope, right at the time when they felt that the Holy Land of Martialism might perish, that Greatest Martial Emperor appeared once again.”

“The battle between the Greatest Martial Emperor and the Magma Emperor shook the entire Holy Land of Martialism. However, due to the two of them being too powerful, no one dared to approach them and watch the battle.”

“After the world that was shaken violently gradually settled down, no one was able to find any trace of the Greatest Martial Emperor anymore. At the same time, that Magma Emperor also disappeared, never to appear

again.”

“And now, ten thousand years has passed. Countless experts have been born and died of old age. Yet, neither of them have appeared again. Thus, everyone believed that the two of them have most definitely perished together in that battle back then.”

“However, all the people of the Holy Land of Martialism would never forget that it was him who had saved us, it was him who saved the Holy Land of Martialism. Not only the humans, but all other races too are extremely grateful towards what he had done for them.”

“Thus, even though he had disappeared for so long, the Ancient Era’s Elves did not go back on the agreement they made with him. Never did they think about taking back the Ancient Era’s Immortal Ponds. They even opened up the Ancient Era’s Immortal Ponds that they controlled for everyone once every year. Although the price to enter the Ancient Era’s Immortal Ponds are not insignificant, they have still opened them up once every year.”

“The conducts of the Ancient Era’s Elves caused some people to say that because they were the most powerful power ten thousand years ago, it led the Magma Emperor to strike at them the deepest, causing them to have the most disastrous losses. Even though ten thousand years have passed, they have still not recovered from their losses. It was simply impossible for them to contend against the human powers and that was the reason why they did not dare to take back the Ancient Era’s Immortal Ponds.”

“However, there are also people who think that the ones that suffered immense losses was definitely not limited to the Ancient Era’s Elves. Practically all of the Martial Emperors from back then were exterminated by the Magma Emperor. It is not that the Ancient Era’s Elves feared the humans. Instead, it was because they revered the Greatest Martial Emperor. That’s the reason why they abide by their agreement with him.”

“However, regardless of exactly what the Ancient Era’s Elves were thinking, regardless of whether there is something fishy within this or not, the contributions left by that senior is unquestionable. He is indeed the

Greatest Martial Emperor to ever existed in our Holy Land of Martialism and would forever be the greatest.” Saying till this point, the expression of reverence on Wang Wei’s face was even more distinct. However, there was also a bit of sadness mixed within it.

However, upon hearing till this point, Chu Feng felt that the story of the Greatest Martial Emperor gave off a déjà vu feeling. Thus, he asked, “Senior Wang Wei, what might the name of that Greatest Martial Emperor be?”

“Junior brother Chu Feng, in order to honor him, the people of the Holy Land of Martialism all addressed him as the Greatest Martial Emperor. Very rarely would people address him by his name. If someone dared to bluntly mention his tabooed name, they would be viewed as being disrespectful towards him. Thus, while I can tell you what his name is, you must definitely not directly mention his name to other people in conversations.”

Wang Wei seriously warned Chu Feng. Then, she moved her enchanting mouth beside Chu Feng’s ears and softly said, “That senior Greatest Martial Emperor’s name is Qing Xuantian.”

“Senior Qing Xuantian, as expected, it is him.” After hearing what Wang Wei said, although Chu Feng had already guessed that might be the case, he was still shocked. He knew that Qing Xuantian was very powerful but he never expected him to have such a reputation in the Holy Land of Martialism. He was actually known as the the Greatest Martial Emperor to have ever existed in the Holy Land of Martialism.

However, upon thinking about the legends of him in the Eastern Sea Region as well as the things that the Vermillion Bird Resurrection Technique told him about, Chu Feng knew that Qing Xuantian was likely not dead.

There was a legend in the Eastern Sea Region. It said that a fully grown Son of Magma suddenly appeared in the Eastern Sea Region ten thousand years ago. That Son of Magma was extremely frightening and wanted to destroy the Eastern Sea Region. Later on, it was defeated by a powerful

Martial Emperor.

Chu Feng felt that the Eastern Sea Region's legend was true and the achievements of Qing Xuantian in the Holy Land of Martialism was also true. If his guess was correct, what had truly happened would be like this.

The Magma Emperor might be that fully grown Son of Magma. It most definitely had changed its name. It ought to be an extremely powerful being. Otherwise, it was impossible for even the people from the Holy Land of Martialism to have no way to deal with it.

It ought to be that the Magma Emperor had first appeared in the Holy Land of Martialism. Later on, it ended up having an enormous battle with Qing Xuantian. For some unknown reason, their battle ended up moving to the Eastern Sea Region.

For the people of the Holy Land of Martialism, they thought that the two of them had perished together in battle. However, they actually had not. That was because the two of them most definitely had fought again in the Eastern Sea Region. Otherwise, it would be impossible for there to be such a legend in the Eastern Sea Region.

As for the result of their battle, it was that Qing Xuantian used the powers of the four Divine Beasts to defeat and seal the Magma Emperor. This was also the reason why the bodies and consciousness of the four Divine Beasts were separated, causing them to later be turned into Secret Skills.

As for whether that Qing Xuantian was dead or not, based on what the Vermillion Bird Resurrection Technique had mentioned before, he most likely did not die. At the very least, at the time after they sealed off the Magma Emperor with their bodies, Qing Xuantian was still alive.

According to what the Vermillion Bird Resurrection Technique, Qing Xuantian was a very powerful individual. Currently, he ought to still be living. The exact words of the Vermillion Bird were 'A man like him, there are not many things that could kill him. The only thing that could threaten him would be himself.'

Chapter 1053: Ancient Era's Immortal Needle

Although the description the Vermillion Bird used to describe Qing Xuantian appeared to be one of arrogance, it was sufficient to show how powerful Qing Xuantian was. At the very least, it had shown that the limit of Martial Emperors, their life expectancy was, for the time being, not something that could baffle him.

However, it was obvious that even if Qing Xuantian was still living, he had never returned back to the Holy Land of Martialism. If he had, it wouldn't make sense for the Holy Land of Martialism to not have any news of him after that battle, and have everyone thinking he had perished together with the Magma Emperor.

Thus, Chu Feng felt that Qing Xuantian might've left the Holy Land of Martialism. As for where Qing Xuantian had gone to, it was very possible for that place to be where Chu Feng's family currently resided in. In other words, that so-called Outer World.

Although this was merely his guess, Chu Feng felt that its possibility was very likely. After all, Qing Xuantian was that powerful. When one reached a certain level of strength, one would begin to pursue a new realm. Since he had the strength to step foot onto a new domain, there would be no reason for him to stay here and make no headway.

Of course, this was merely Chu Feng's guess. It might be possible that Qing Xuantian had been wearied by the battle and ended up finding a place to hide himself to train. That too was not impossible.

However, regardless of what it might be, it remains true that Qing Xuantian could still be alive.

Unfortunately, Chu Feng could not mention this to anyone. Not only did he possess no proof, even if someone truly believed him, they would have ended up thinking that he was related with Qing Xuantian. This would inevitably attract life-threatening misfortunes to him. Like that, the gains

from revealing that would certainly be inferior to the losses.

Thus, Chu Feng decided that he must handle this matter carefully. Unless he had no other option, he would definitely not reveal the relationship he had with Qing Xuantian. He would go so far as to not use the Secret Skills again. In this place, the records about Qing Xuantian ought to be even more distinct as everyone knew that Qing Xuantian was not a legend but instead the Greatest Martial Emperor.

If, by chance, there were records regarding the four Divine Beasts, records regarding their appearance as well as their powers, then the Secret Skills displayed by Chu Feng would inevitably be discovered by those who are attentive. Once that happened, he would definitely bring about an enormous calamity upon himself.

“The Greatest Martial Emperor might not necessarily be dead.” However, right at this moment, the voice of an elderly man sounded. Turning their heads back to look, it was Sikong Zhaixing.

Although this warship was being steered by Sikong Zhaixing, due to his power, there wasn't a need for him to sit within the center of the formation. As long as he was located on the warship, he would be able to steer the warship with unrestrained movement. This was also the power of Half Martial Emperors. They had already been freed of many bindings of other martial cultivators.

“Lord Headmaster, you said that the Greatest Martial Emperor might be still alive? Is this true?” Upon hearing the words of Sikong Zhaixing, Wang Wei's eyes displayed expressions of joy. Slightly emotional, she immediately asked.

“The Greatest Martial Emperor is a mystery to begin with. He is a Divine Body that grasped Divine Powers. Not only does he possess peerless talent, his battle power is even more overflowing. However, no one knows where the Greatest Martial Emperor came from or which family he was born into. At the very least, the strongest families in the Holy Land of Martialism back then were all unrelated with the Greatest Martial Emperor.”

“Legend has it that someone have investigated about the origins of the Greatest Martial Emperor back then. That person gathered the information of all the abnormal signs when the Divine Bodies arrived in the Holy Land of Martialism. After verifying them, he discovered that not a single abnormal sign fit the Divine Power that the Greatest Martial Emperor grasped.”

“Thus, there are people that speculate that the Greatest Martial Emperor is simply not someone from our Holy Land of Martialism. That is believed to be the reason why he has power that people from the Holy Land of Martialism don’t have. He was able to come here without a sound, so he’d naturally be able to leave without a sound. That was why there are people that guessed that the Greatest Martial Emperor did not die.” said Sikong Zhaixing.

“In that case, where did the Greatest Martial Emperor come from?” Wang Wei hurriedly asked. She was truly and utterly interested in the things regarding the Greatest Martial Emperor.

“Heh, if someone knew about that, then it would no longer be a mystery.” Sikong Zhaixing lightly smiled. He then said, “Although I do not know where the Greatest Martial Emperor came from, what I do know is that we have already arrived at the destination of our journey.”

After hearing what Sikong Zhaixing said, both Chu Feng and Wang Wei suddenly realized that they had arrived and hurriedly cast their gazes down below the front of the warship. They discovered a boundless plain underneath the warship.

The plain was huge, extremely huge. Not only was it huge, it was also very mysterious, mysteriously beautiful.

That was because that boundless plain was filled with white mist. The mist was too thick, it was thicker than even the clouds. The mist practically covered the entire plain, covering the true appearance of the plain.

As far as the eye can see, that place did not appear like a plain and instead appeared more like the land of Immortals. It was truly beautiful

beyond imagination and an incomparably magnificent sight. Even though Chu Feng had seen a lot of beautiful sceneries before, his heart still trembled at the sight of this plain. A carefree and relaxed sensation flowed into him.

That was because this plain was truly too enormous. It was truly all that one's eye could see. Compared to the Southern Cyanwood Forest's ocean of trees that reached the sky, this plain was many times more vast. Such a boundless plain was filled with boundless white mist. Naturally, it was a magnificent sight.

"Wow, there's so many people!" Suddenly, someone cried out in alarm. It turned out that after knowing that they had arrived at the location of the Ancient Era's Immortal Pond, everyone had come over to the bow of the warship and was looking down.

At this moment, the warship was flying very low. Adding on the fact the cultivators possessed outstanding eyesight to begin with, they were able to vaguely see that large groups of people were gathered outside of that plain. They were currently proceeding into the plain from different directions.

Other than the people traveling on the ground, there were also many figures in the air. There were enormous warships as well as monstrous beasts that had been tamed as mounts. Some were currently flying downward like gales and lightnings whereas others had flown towards the vast ocean of mist to appreciate the beautiful scenery of this place at close range.

In short, a large quantity of people had appeared. An initial estimation of the people currently proceeding toward the plain would number in the ten million. This number was truly astonishing.

"This is merely the tip of the iceberg. Every year when the Ancient Era's Immortal Pond opens, at least a hundred million people would come to seek out its fame. I believe the majority of them has already arrived within the boundless ocean of mist now." said the Cloud Thunder Pavilion's headmaster.

“That many? The price of entering the Ancient Era’s Immortal Pond is that high, there’s actually that many people who are capable of paying such a price?” Hearing those words, everyone was astonished.

“Haha, you all are thinking too much about this. The Ancient Era’s Immortal Pond is actually always covered up by a large formation. Not only would one be incapable of entering the plain, one cannot even see it. That is because that large formation is capable of concealing this entire boundless plain.”

“These people are merely those that have come to seek its fame, people that wished to see the residences of the Ancient Era’s Elves. As for the number of people that were truly capable of entering the Ancient Era’s Immortal Pond to train, they would number no more than ten thousand.” said the Cloud Thunder Pavilion’s headmaster.

“Close to ten thousand people, was it? Then doesn’t it mean that close to or over ten thousand high quality Royal Armaments would end up in the Ancient Era’s Elves’ hands? That is no small number!”

Although the Cloud Thunder Pavilion’s headmaster had cleared the doubt in the hearts of the disciples, but upon thinking that the Ancient Era’s Elves would obtain over ten thousand high quality Royal Armaments every year, everyone present all gasped in astonishment.

Even though they were all the most outstanding disciples and all possessed high quality Royal Armaments, but those were all gifts that their headmasters had given to them before sending them off to the Cyanwood Mountain. In other words, before receiving those gifts, it was very rare for even them, who were so outstanding, to possess any high quality Royal Armaments. Therefore, they knew very well how precious the high quality Royal Armaments were.

“Lord Headmaster, what is that?” Right at this moment, Chu Feng cast his gaze at the depths of the ocean of mist.

“Mn? What’s wrong?” Following the direction pointed by Chu Feng, many disciples felt to be at a loss. They were completely confused. That was because the only thing they saw were the boundless white mist. Other

than those boundless white mist, there was simply nothing else there.

“Little friend Chu Feng, your eyesight is truly great. With your cultivation, you actually managed to see that thing.”

At this moment, the Cloud Thunder Pavilion’s headmaster was unable to help himself from commending Chu Feng. Actually, other than him, all of the management elders present looked to Chu Feng with gazes containing surprise and admiration. This was especially true for the management elders from the Cloud Thunder Pavilion, their gazes even contained jealousy that could not be concealed.

Seeing his outstanding disciple, Chu Feng’s headmaster, Sikong Zhaixing, bursted into a loud laughter. He then looked toward the direction pointed out by Chu Feng and said, “That is called the Ancient Era’s Immortal Needle.”

Chapter 1054: Three Kinds of Lightnings

“Ancient Era’s Immortal Needle?” After hearing the words spoken by Sikong Zhaixing, the gaze Chu Feng looked to the boundless ocean of mist became even more focused.

It turned out the depths of this ocean of mist was a large sword-like enormous white needle. That thing was extremely big. It stretched forth from the ocean of mist all the way into the clouds above.

However, due to the fact that the distance was truly too far and the color of the enormous needle was not eye-catching at all, it made it simply impossible for ordinary people to see it. Even low rank Martial Kings were incapable of catching sight of it. However, Chu Feng was different. Chu Feng had trained in the Heaven’s Eyes. Even if he did not use his Heaven’s Eyes, his ordinary eyesight still greatly surpassed that of ordinary Martial Kings.

“The Ancient Era’s Immortal Needle originated from the Ancient Era’s Immortal Pond. Legend has it that if someone is capable of reaching the deepest region of the Ancient Era’s Immortal Pond, they would end up triggering this Ancient Era’s Immortal Needle, causing it to give off a dazzling lightning that covers half of the entire plain. It would be a magnificent sight.”

“Moreover, it was said that the Ancient Era’s Immortal Needle would release different colors of lightning based on the race of the person who triggered it. For the Ancient Era’s Elves, it would be green. For monstrous beasts and other beasts, it would be red. If it was a human that triggered it, it would give off a golden color.” Explained Sikong Zhaixing.

“Doesn’t that mean that although the Ancient Era’s Elves are not human, they are also different from monstrous beasts?” After hearing that the color that would be triggered by the Ancient Era’s Elves was different from humans and monstrous beasts, Chu Feng asked curiously.

“That’s of course. The Ancient Era’s Elves is a special kind of race. Their appearance is more similar to that of humans. However, their nature is

different from humans to a certain degree. Their lifespan is generally longer than humans. Moreover, it was said that their talent for martial cultivation also greatly surpassed that of ordinary humans. That is because they controlled the power of a special kind of bloodline.”

“In short, the Ancient Era’s Elves are extremely powerful beings. According to legend, a turmoil had occurred in the Ancient Era before. All of the races from that era were extinguished. For the Ancient Era’s Elves to be able to continue to live on, this signified how powerful they are. Thus, it must be said that they are a great race, a race that deserves our reverence and respect,” explained Sikong Zhaixing.

“So it was like that. It would appear that the Ancient Era’s Elves are truly a race that stands out from the masses.” Chu Feng nodded. He then asked, “But, exactly how is this Ancient Era’s Immortal Needle triggered? Do people contend for the control of the Ancient Era’s Immortal Needle after entering the Ancient Era’s Immortal Pond and the victor having the rights to trigger the lightning?”

“No, it’s not that simple. If one wished to release the lightning in the Ancient Era’s Immortal Needle, one must trigger the Ancient Era’s Immortal Needle. As for triggering the Ancient Era’s Immortal Needle, one must reach the deepest region of the Ancient Era’s Immortal Pond.”

“The Ancient Era’s Immortal Pond contains very dense natural energy as well as a special force. The deeper one proceeds, the stronger that force would become. However, not everyone is capable of withstanding that powerful force.”

“Moreover, that force does not test one’s cultivation. Instead, it tests one’s willpower, endurance, determination and talent for cultivation.”

“This is the reason why not everyone could reach the deepest part of the Ancient Era’s Immortal Pond. As for those people that are capable of reaching the deepest part of the Ancient Era’s Immortal Pond, they are all extremely extraordinary.”

“It was also because of this that everyone felt that being able to trigger the Ancient Era’s Immortal Needle is an extremely honorable and glorious

thing.”

“Thus, every year when the Ancient Era’s Immortal Ponds are opened, the goal of a portion of the people who entered it is not only to train and was instead triggering the Ancient Era’s Immortal Needle.”

“That is because if any of them was able to trigger the Ancient Era’s Immortal Needle, it signified that they are people who possessed exceptional talent. Not only would it bring about fame and honor for themselves, it would also bring about fame and honor to the entire human race.”

“However, unfortunately, in the Cyanwood Region, in the Ancient Era’s Immortal Pond that is controlled by the Cyanwood Mountain, no one had ever managed to trigger its Ancient Era’s Immortal Needle. As for the Ancient Era’s Immortal Ponds controlled by the Ancient Era’s Elves, not a single human or monstrous beast has ever triggered the Ancient Era’s Immortal Needle either. Every single time when the Ancient Era’s Immortal Needle was triggered, it would always release a green colored lightning,” explained Sikong Zhaixing.

“It was also because of this that there are people that guessed that the Ancient Era’s Immortal Needle would only release green colored lightning and that the gold colored lightning when triggered by humans and red colored lightning when triggered by monstrous beasts were simply nonsense. After all, up until now, every time the Ancient Era’s Immortal Needles were triggered, the lightning released would always be green.”

“There are even people who believed that there is simply no such thing as triggering the Ancient Era’s Immortal Needle. They believed that the Ancient Era’s Immortal Needle is simply not triggered by individuals but instead is a kind of uncontrollable natural phenomenon from the Ancient Era’s Immortal Ponds,” added the Cloud Thunder Pavilion’s headmaster.

“That’s right. If the Ancient Era’s Elves possessed the power to trigger the Ancient Era’s Immortal Needles, then they would be able to cause the Ancient Era’s Immortal Needles to release green lightning every year. However, the puzzling matter is that every year the Ancient Era’s Elves

would enter the Ancient Era's Immortal Ponds. However, for the Ancient Era's Immortal Needles in the Ancient Era's Immortal Ponds, they have not released any lightning for over a dozen years now."

"That's why people felt that the Ancient Era's Immortal Needle being able to be triggered is simply phoney, a lie that the Ancient Era's Elves created to display their might."

"The Ancient Era's Immortal Needles' lightning is simply a natural phenomenon." Sikong Zhaixing also nodded. He did not reject this theory from the Cloud Thunder Pavilion's headmaster and instead actually voiced his approval.

"No matter what, we'll know once we try it out for ourselves." Chu Feng did not take the speculation of Sikong Zhaixing and them to his heart. Instead, he gazed at the ancient and mysterious Ancient Era's Immortal Needle in the distant and displayed a slight smile.

"Junior brother Chu Feng, you couldn't possibly be thinking of entering the deepest part of the Ancient Era's Immortal Pond to trigger that Ancient Era's Immortal Needle, right? I urge you to, by all means, not do such a thing." Seeing that Chu Feng's reaction was weird, Wang Wei secretly sent him a voice transmission to advise him against it.

"Why not?" Chu Feng was confused.

"Earlier, Lord Headmaster said that the Ancient Era's Immortal Pond's deepest part contained very powerful energy. That energy is not something that ordinary people could withstand. If you're able to withstand it, then it wouldn't matter. But if you aren't able to do that, a light injury would be losing consciousness for several days whereas a serious injury would be exploding and dying on the spot."

"Going to the deepest part of the Ancient Era's Immortal Pond is an extremely dangerous thing. Every year, there are many outstanding disciples, both humans and monstrous beasts, that end losing their lives in the deepest part of the Ancient Era's Immortal Pond."

"That's also the reason why the Ancient Era's Immortal Pond has another name, the Graveyard of Geniuses," explained Wang Wei.

“Graveyard of Geniuses? Are you implying that no one has successfully entered the deepest part of the Ancient Era’s Immortal Pond?” Asked Chu Feng.

“That’s not true either. There have indeed been people who have entered into the deepest part of the Ancient Era’s Immortal Pond and returned alive. However, it was evident that none of them have truly managed to reach the deepest part. Instead, they’ve merely reached a place where they were able to withstand the energy, stopped and started training in the water.”

“As for the Ancient Era’s Elves, they too would enter the Ancient Era’s Immortal Ponds alongside us every year. Moreover, they would all be proceeding towards the deepest region. However, they are capable of returning safe and sound.” Said Wang Wei.

“If they’re able to do it, why is it that we are incapable?” Hearing Wang Wei’s response, Chu Feng smiled. His smile contained a trace of stubbornness.

Chapter 1055: Public Humiliation

“That’s not true. Legend has it that the Ancient Era’s Elves were birthed from these Ancient Era’s Immortal Ponds. The power of the Ancient Era’s Elves’ bloodline is inseparable from the Ancient Era’s Immortal Ponds. Thus, they are naturally able to train in the Ancient Era’s Immortal Pond as they wish.”

“However, we are incapable of doing that. We are incompatible with the Ancient Era’s Immortal Ponds. If we wanted to enter into the deepest region, it would be a test of our willpower. In short, that place is truly dangerous.” Wang Wei advised. Journeying with Chu Feng for these days, she had come to, more or less, an understanding of Chu Feng. She felt that although Chu Feng was powerful, he would oftentimes handle matters too extremely without consideration for consequences.

She feared that Chu Feng would, for the purpose of obtaining stronger strength, or, as others say it, for the purpose of the human race’s honor and glory, enter into the deepest region of the Ancient Era’s Immortal Pond to trigger that Ancient Era’s Immortal Needle that no one knew if it was real or not, activatable or not, and lose his life doing that.

“Senior sister Wang Wei, thank you for your good intentions. However, I still wish to try entering the deepest region of the Ancient Era’s Immortal Pond. After all, we have already paid such an expensive admission fee. If I do not go and try to enter that place, then it would truly be a waste.”

“However, senior sister Wang Wei could rest assured. Although I, Chu Feng, am sometimes reckless in the way I handle things, I am still someone who knows about propriety. I would definitely not insist on going somewhere alone if I know that I would be killed for sure.”

“If I am a person that foolish, I would likely not be able to live up till today, much less coming to the Holy Land of Martialism.” As if he had seen through what Wang Wei was thinking, Chu Feng smiled and said to her with a voice transmission.

After hearing Chu Feng’s words, Wang Wei was startled. An

embarrassed expression soon appeared on her face. She suddenly felt that she had underestimated Chu Feng too much. It was exactly as Chu Feng had said, if he truly was a reckless person, how could he possibly be able to safely continue living on till now?

Thus, Wang Wei stopped trying to advise Chu Feng against it and instead displayed an apologetic smile at him.

“Let’s go. We have seen enough of the scenery now, it’s time for us to descend. If my calculation of the timing is correct, then this Ancient Era’s Immortal Pond is soon to open.” Right at this moment, Sikong Zhaixing lightly smiled and said.

Soon, with an intention from him, the warship began to fly downward. Due to the fact that they were currently above the ocean of mist, this led to them entering into that ocean of mist when the warship started to descend. In an instant, the surrounding scenery was completely replaced with white mist.

After they passed through the ocean of mist, a new scenery appeared before their eyes.

The first thing that entered Chu Feng and the other’s eyes were countless moving figures. Of course, there were some enormous monstrous beasts among them. As far as the eye could see, there were at the very least close to a million such figures.

The people were in many different groups of three to five. The majority of them came from different powers. However, there were also many loners. But, regardless, it was exactly as what Sikong Zhaixing and the Cloud Thunder Pavilion’s headmaster had said - the number of people who have come here to join in the fun were truly numerous.

At this moment, Chu Feng’s gaze did not stop on these densely packed figures like ants. His gaze was cast toward the deepest part, toward the top of that enormous wall that reached all the way into the ocean of mist.

That wall’s construction was awfully spectacular. Moreover, both its form and appearance stood out from the masses. It was formed with enormous white stones that gave it not only firm stability but also artistic

aesthetics.

The most important matter was that the wall sealed off everyone's line of sight. Even though Chu Feng knew that what might be located behind that wall might be the home of the Ancient Era's Elves, he was still incapable of seeing past the wall.

That was because a special power was embedded into this wall. It caused even Chu Feng's Heaven's Eyes to be incapable of seeing through it. In fact, the entire plain was like an enormous formation. At the moment when Chu Feng passed through that boundless ocean of mist, he was shocked to discover that he was no longer capable of using his spirit power. This was definitely because of that invisible formation.

"Look, it's the Southern Cyanwood Forest."

"The Southern Cyanwood Forest has come? One must know that they're the most genuine subsidiary power of the Cyanwood Mountain."

"Wow, it's really the Southern Cyanwood Forest. Everyone, quickly, look at them. It's the people from the Southern Cyanwood Forest."

Suddenly, cries of alarm began to sound from below. Moreover, the number of people gathered became more and more numerous, the voices becoming louder and louder. In an instant, practically everyone raised their heads up to look. Their gazes were cast on the warship that Chu Feng and them were on. Moreover, many of the people possessed blazing radiance in their eyes as they gazed at them.

Although the warship that Chu Feng and them were riding was not huge, it had the Southern Cyanwood Forest's banner. Thus, when they descend from the sky, it was very easy for others to discover that they were the Southern Cyanwood Forest.

On top of that, as the subsidiary powers of the Cyanwood Mountain naturally surpassed other powers, they were existences that many powers did not dare to offend, and the Southern Cyanwood Forest was a genuine subsidiary power with renowned reputation; thus, regardless of how deteriorated they had now become, they would still bring about the attention of everyone.

At this moment, the Southern Cyanwood Forest's management elders and disciples all held their chests up and displayed proud expressions on their faces.

That was because at this moment, their egos had obtained true satisfaction.

"Oh my, who is this? Isn't this the Cyanwood Mountain's most genuine subsidiary power, Southern Cyanwood Forest?" However, right at the moment when the people from the Southern Cyanwood Forest were enjoying the atmosphere of being looked up to by others, a peculiar voice suddenly sounded.

Turning around to look, not only were all the management elders of the Southern Cyanwood Forest, even the Cloud Thunder Pavilion's headmaster and management elders started to frown and display expressions of displeasure on their faces.

That was because, at this very moment, a large group of people were currently walking towards them. They were all experts of the older generation. A rough estimation would be several thousand people.

This number was many times superior to the number of people that had come from the Southern Cyanwood Forest and Cloud Thunder Pavilion. They also possessed overwhelming imposingness.

These people were made up of many different powers. One of the powers among them was the Great Wisdom Sect. Not only were they the same as the Southern Cyanwood Forest and Cloud Thunder Pavilion, being second-rate subsidiary power of the Cyanwood Mountain, they were also a power hostile against the Cloud Thunder Pavilion.

As for another power among them, it was called the Black Python Stronghold. It was also a second-rate subsidiary power of the Cyanwood Mountain.

Although they were all second-rate subsidiary powers underneath the Cyanwood Mountain, this Black Python Stronghold's strength was a bit stronger, even when compared to the Cloud Thunder Pavilion and the Southern Cyanwood Forest. For the past few years, they were in the

limelight and was one of the publicly renowned formidable power in this region. It was so much so that in terms of reputation, they had surpassed the Southern Cyanwood Forest.

On top of that, in that group of people, other than the Black Python Stronghold and the Great Wisdom Sect, there were also three more second-rate subsidiary powers and close to a hundred third-rate subsidiary powers.

It was evident that they had been called over by the Black Python Stronghold. Moreover, their intention in coming was not one of kindness. That was because the person that spoke earlier was the Black Python Stronghold's chief, a dark skinned old man with a head full of white hair. He had a smile on his face but one could tell that behind the smile hid his ruthlessness.

"Headmasters, it has been a year since we last seen each other. I trust that you all have been well since we last met." Regardless of the intention of the guests, they were, after all, all subsidiary powers underneath the Cyanwood Mountain. Thus, when they walked over, Sikong Zhaixing cup his fist courteously and greeted them.

However, who would've thought that none of them actually responded to Sikong Zhaixing's courteous gesture. Especially that Black Python Stronghold's chief, he even cast his gaze at everyone present and, with a loud voice, said,

"The Cyanwood Mountain is the ruler of our Cyanwood Domain. There is no need to doubt their strength. They are one of the publicly renowned strongest powers in the entire Holy Land of Martialism. There are countless experts and countless geniuses within the Cyanwood Mountain. Even the Divine Bodies that could give rise to abnormal signs were not limited to only one or two in the Cyanwood Mountain."

"With such a powerful Cyanwood Mountain, the number of their subsidiary powers are innumerable. To this day, there are a total of five first-rate subsidiary powers, several hundred second-rate subsidiary powers and several thousand third-rate subsidiary powers."

“However, I believe that everyone present ought to know that the Cyanwood Mountain only has four genuine subsidiary powers. They are respectively the Eastern, Southern, Western and Northern Cyanwood Forests.”

“And now, the Eastern, Western and Northern Cyanwood Forests are among the five first-rate subsidiary powers. They have held three among the five first-rate subsidiary powers and are publicly accepted to be three of the strongest subsidiary powers among all the subsidiary powers of the Cyanwood Mountain.”

“However, look at this Southern Cyanwood Forest. They too are a genuine subsidiary power. Yet, they had fallen so low to become a second-class subsidiary power. It was so much that even among the second-class subsidiary powers, they are among the bottom tier.”

“Headmaster Sikong, I wish to ask, have you ever felt ashamed?” The chief of the Black Python Stronghold suddenly cast his smiling eyes at Sikong Zhaixing.

Chapter 1056: Furious Counterattack

“Clamor~~~~” After the Black Python Stronghold’s chief said those words, a ruckus immediately sounded through the crowd. The entire surrounding crowd was incapable of keeping calm anymore. There were some that started whispering and some that started to talk secretly with voice transmission. In short, they all began to discuss this matter.

Actually, everyone present knew of the gap between the Southern Cyanwood Forest and the other three Cyanwood Forests. However, after being reminded about the gap by the Black Python Stronghold’s chief like this, everyone was unable to help themselves but think that the gap between them was truly too great.

However, the matter that shocked everyone the most was the fact that the Black Python Stronghold’s chief actually dared to humiliate Sikong Zhaixing before all these people. This was simply a public provocation.

While it was true that the Black Python Stronghold was also a second-rate subsidiary power and, based on their current strength as well as the quality of the disciples they had been sending to the Cyanwood Mountain in recent years, was indeed stronger than the Southern Cyanwood Forest.

But the Southern Cyanwood Forest was, nevertheless, a genuine subsidiary power of the Cyanwood Mountain. Although many powers looked down upon them, they would only secretly provoke them. It was extremely rare for a power to publicly provoke them like the Black Python Stronghold.

That was because a public provocation would, more or less, bring about some taboo subjects. This was something that required courage to do. At the very least, no ordinary power would dare to do such a thing. However, the matter that many powers did not dare to do was done by the Black Python Stronghold. This naturally shocked everyone.

“Black Python Stronghold Chief, I urge you to take note of your words while speaking. Regardless of what your identity is or who you have behind your back, our Lord Headmaster is not someone that you can

humiliate.”

Berated Elder Gongsun furiously with blood-red eyes. At the same time, all of the other disciples and elders of the Southern Cyanwood Forest displayed angry scowls on their faces. They were even emitting traces of killing intent. As the people of the Southern Cyanwood Forest, they were unable to tolerate someone humiliating their headmaster.

“I am speaking with your headmaster, when did it become your turn to interrupt?! What do you think yourself to be?!” Who would’ve thought that that Black Python Stronghold’s chief actually pointed at Elder Gongsun’s nose and criticized him in an extremely vile manner.

“Black Python Stronghold Chief, we all serve the Cyanwood Mountain. We are bound to see each other often. I advise you to not be too excessive.” Said the Cloud Thunder Pavilion’s headmaster.

“Yoh, isn’t this the Cloud Thunder Pavilion’s headmaster? Those disciples you’ve managed to cultivate this year are pretty decent, no? Their cultivation is not something suiting the quality that your Cloud Thunder Pavilion had displayed in the past. No wonder a while back you actually boasted that your Cloud Thunder Pavilion would soon emerge in power.”

The Black Python Stronghold’s chief laughed strangely. He did not place the Cloud Thunder Pavilion’s headmaster in his eyes either. However, he soon cast his gaze at Sikong Zhaixing.

“Headmaster Sikong Zhaixing, aren’t your Southern Cyanwood Forest always a solidary power? How come you’ve come here together with the Cloud Thunder Pavilion today? Could it possibly be that you’ve truly thought that the Cloud Thunder Pavilion would soon emerge in power so you began to hug their thighs tightly?”

“Hahahaha....” After saying those words, the Black Python Stronghold’s chief once again burst into a loud laughter. The mockery, ridicule and disdain that he possessed was all manifested without reservation.

Moreover, it was not only him that was laughing. At this moment, the Great Wisdom Sect, the other three second-rate subsidiary powers and those third-rate subsidiary powers also joined in laughter.

At this moment, black lines covered the heads of all the crowd. No one followed the Black Python Stronghold's chief in ridiculing Sikong Zhaixing. That was because they all felt that the Black Python Stronghold's chief was being too excessive.

No matter how low the Southern Cyanwood Forest had fallen, they, after all, have neither grievances nor hatred with the Black Python Stronghold. Even if the Black Python Stronghold wanted to use the Southern Cyanwood Forest to establish their might, but for them to, for no reason or cause, publicly humiliate the Southern Cyanwood Forest, and to such a degree on top of that, was truly too excessive.

Faced with such an open humiliation and attack from the Black Python Stronghold's chief, the management elders of Southern Cyanwood Forest were so angered that they began to clasp their fists firmly and gnash their teeth with anger. Merely, none of them dared to actually attack.

Although to others, they might not understand why the Black Python Stronghold dared to be this arrogant. However, the upper echelons of the Southern Cyanwood Forest and Cloud Thunder Pavilion knew a bit of the fishiness.

Earlier, they had caught wind that the Black Python Stronghold had managed to associate themselves with a first-rate subsidiary power of the Cyanwood Mountain, Orion Monastery.

Orion Monastery, one of the five first-rate subsidiary powers underneath the Cyanwood Mountain. Its strength was extremely powerful and it possessed a very deep history. The most important thing was that the Origin Monastery was located at the southern region of the Cyanwood Domain.

Thus, in the southern region of the Cyanwood Domain, although the Southern Cyanwood Forest's reputation was renowned throughout, everyone knew that the ruler of the southern region was the Orion Monastery.

The Orion Monastery was too powerful. As a first-rate power, it was the widely accepted overlord of the Cyanwood Domain's southern region.

In the past, there had been a second-rate power that disrespected an elder from the Orion Monastery. This led to the extermination of that second-rate power, the killing of every living thing, human and animal, of that second-rate power.

Toward this matter, the Cyanwood Mountain turned a blind eye. Not only did they not discipline them, they did not even bother to inquire about it.

After that, the vicious name of the Orion Monastery flourished. At the very least, practically no power in the Cyanwood Domain's southern region dared to go against the Orion Monastery. Moreover, in this region, other than an extraordinary race like the Ancient Era's Sprites, there was simply no power that could contend against the Orion Monastery to begin with.

Thus, when the Black Python Stronghold managed to become hooked up with the Orion Monastery, they, without a doubt, obtained a powerful backing. This was also the greatest assurance the Black Python Stronghold had in being so arrogant and publicly humiliating the Southern Cyanwood Forest.

The current Sikong Zhaixing was a Half Martial Emperor. With his strength, there was simply no reason for him to fear the Black Python Stronghold. However, he had no choice but to consider the Orion Monastery that stood behind the Black Python Stronghold. This was also why he had endured the humiliation from the Black Python Stronghold the entire time without fighting back.

“Old man, even youngsters know about propriety when speaking. You’ve lived to such an old age, how come you speak as if you’re farting? Did all those years that you’ve lived end up making you into a rabid dog or did no one teach you and discipline you?”

Right at the moment when everyone didn’t know what to do, Chu Feng suddenly stood forward. Moreover, he pointed at the Black Python Stronghold’s chief and rained curses upon him. The intensity of his words were truly ruthless.

“That is...”

After Chu Feng said those words, the expressions of practically everyone present changed greatly. No matter what, they never expected that during a time when even Sikong Zhaixing did not dare to refute, a disciple from the Southern Cyanwood Forest actually stood out and cursed the Black Python Stronghold's chief.

Actually, not only the outsiders, even the people from the Southern Cyanwood Forest were stunned by Chu Feng's action. That was because the words spoken by Chu Feng would undoubtedly infuriate the Black Python Stronghold's chief.

“What a presumptuous little brat. Have you grown tired of living?” The Black Python Stronghold's chief wanted to humiliate the Southern Cyanwood Forest. However, he was unexpectedly publicly insulted by a younger generation of the Southern Cyanwood Forest. This caused the Black Python Stronghold's chief to be unable to tolerate it.

He did not bother to speak any superfluous words. With a movement, he emitted his powerful aura of rank nine Martial King. At the same time, he took a step forward and directly arrived on the Southern Cyanwood Forest's warship. He extended his palm and grabbed toward Chu Feng's throat.

The power behind his palm was no small matter. He wanted to twist apart Chu Feng's neck.

“Boom.”

Right at the moment when everyone felt that Chu Feng would undoubtedly die, an explosion suddenly sounded. At the same time, a hurricane appeared before dissipating away.

That hurricane was truly too powerful. Not to mention the crowd of people observing, even the Black Python Stronghold and the Great Wisdom Sect's management elders were incapable of withstanding it. The several thousand people were all blown away by the hurricane.

When that hurricane dissipated, the people cast their gazes back at the

warship, and not only the crowd observing but practically everyone present was stunned.

At this moment, the Black Python Stronghold's chief that was acting extremely arrogant earlier was lying on the ground with a bloodied body. Moreover, a foot was stepping on him, causing him to gnash in rage and pain.

At the same time, a calm voice that was filled with imposingness and killing intent sounded from above the Black Python Stronghold's chief. "Black Python Stronghold Chief, if you dare to attack this disciple of mine again, I shall flatten your Black Python Stronghold."

Chapter 1057: The Arrival of the Orion Monastery

“Heavens, this...”

If seeing the Black Python Stronghold's chief being seriously injured and lying on the ground was shocking, then after crowd saw who the figure that was stomping down on the Black Python Stronghold's chief was, they had become completely stupefied.

Because that person was precisely the person that had been humiliated by the Black Python Stronghold's chief the entire time without refuting back a single word, the Southern Cyanwood Forest's headmaster, Sikong Zhaixing.

The most important matter was that Sikong Zhaixing's current aura was extremely astonishing. It was simply so powerful that it made people to not dare to even look straight at him. Especially those people who had joined hands with the Black Python Stronghold to come humiliate the Southern Cyanwood Forest, they all had their mouths wide open in shock and face struck with panic and fear.

Sikong Zhaixing had not merely used his leg to step on the Black Python Stronghold's chief, his entire body was emitting an exceptionally frightening aura.

That aura was formless yet visible. Most importantly, the air had affected the space, the world and even the several hundred million people in the surrounding region.

Although this aura was something that some people were familiar with, it was strange to the majority of them. However, people knew that this air possessed a special name: Emperor Level Martial Power.

“Half Martial Emperor! Sikong Zhaixing actually broke through to Half Martial Emperor realm and became a rank one Half Martial Emperor!”

“Spectacular! Truly spectacular! Half Martial Emperor; with merely his own cultivation, it is already sufficient enough for the Southern Cyanwood

Forest to become one of the top existences among the second-rate powers. It appears that the Southern Cyanwood Forest would soon emerge in power.”

At this moment, the crowd burst into an uproar. That was because even in the Holy Land of Martialism, Half Martial Emperor realm was not a realm that one could casually reach.

After all, it was a realm that concerned Emperor Level Martial Power. Thus, it was an extremely, extremely hard realm to break through into. In the Cyanwood Domain, other than the Cyanwood Mountain and some ancient powers with extremely long history, the other powers that possessed Half Martial Emperor level experts were all extremely exceptional.

For example, the Cyanwood Mountain possessed several hundred second-rate and several thousand third-rate subsidiary powers. However, no more than ten among them possessed a Half Martial Emperor. From this, one could see how powerful Half Martial Emperors were.

“Headmasters, I have a question that I wish to ask you all. We are all subsidiary powers underneath the Cyanwood Mountain, do you all look down upon my Southern Cyanwood Forest?”

Suddenly, Sikong Zhaixing raised his head and cast his gaze at that group of headmasters that had come together with the Black Python Stronghold’s chief in humiliating him.

“Ehh....”

“Headmaster Sikong, it...it’s a misunderstanding. How could we possibly dare to look down upon your Southern Cyanwood Forest.”

“That’s right, Headmaster Sikong, please don’t misunderstand us. Even though we are all subsidiary powers underneath the Cyanwood Mountain, your Southern Cyanwood Mountain is a genuine subsidiary power. How could we dare to look down on you? How could we possibly have the qualifications to do that?”

Facing a Half Martial Emperor, not to mention the headmasters of those

powers, even the people from the Great Wisdom Sect and Black Python Stronghold were extremely frightened. No matter who they had standing behind their back, a Half Martial Emperor possessed the strength to flatten them. As they were currently on their own, they did not dare to refute Sikong Zhaixing.

“Misunderstanding? When the Black Python Stronghold spoke words of humiliation at my Southern Cyanwood Mountain, why did you all laugh that happily?! Did you all take me for a fool?!”

Suddenly, Sikong Zhaixing angrily glared at them with his eyes. At the same time, a boundless oppressive might burst forth from him and surrounded the bodies of those people that were laughing happily earlier. The powerful oppressive might cause that region of space to tremble violently.

“Headmaster Sikong, please be lenient, please be lenient.”

Faced with the oppressive might formed with Emperor Level Martial Power, some cowardly people were so frightened that they immediately kneeled on the ground and begged. They deeply feared that Sikong Zhaixing would have a killing intention and directly exterminate them.

Once those cowardly people kneeled on the ground, they immediately started a chain reaction. The several thousand upper echelons of the close to a hundred powers have all uniformly kneeled on the ground.

“Heh.” Seeing the group of people that were ridiculing him earlier kneeling before him and begging for forgiveness, Sikong Zhaixing lightly laughed. He then looked at the Black Python Stronghold’s chief under his foot and said, “Did you see that? These are the reinforcements that you have brought with you; nothing but a bunch of cowards.”

After he finished his words, Sikong Zhaixing abruptly raised his leg. A ‘bang’ and a scream was heard. The Black Python Stronghold’s chief was kicked down from his warship.

“Wuuwaa.”

The Black Python Stronghold’s chief fell to the ground. This fall was not

light at all. However, not a single person dared to step forward to lend him a hand. That was because all of the management elders from his Black Python Stronghold were kneeling on the ground. They did not dare to stand back up.

Thus, at this moment, the Black Python Stronghold's chief was truly humiliated all the way to his own home.¹ Not only did he not manage to humiliate the person that he wanted to, he ended up being completely humiliated instead. Even though Sikong Zhaixing did not excessively insult the Black Python Stronghold's chief, but to be beaten up in public like this was a lot more of a direct insult than mere words.

“Rumble.”

Right at this moment, rumbling noises suddenly sounded from the boundless ocean of mist above. At the same time, that boundless ocean of mist started to roll. In the end, a colossal item started to descend from above and appeared before everyone's line of sight.

It was a warship. Although the ship was ancient, it was also enormous. The most important matter was that on top of this enormous warship were fluttering flags. On top of those flags were two large words - Orion Monastery.

“Orion Monastery, the people from the Orion Monastery has arrived.”

After seeing the Orion Monastery's warship, everyone's heartbeat started accelerating. All kinds of complicated expressions appeared on their faces.

At this moment, those people from the Black Python Stronghold and their allies that were kneeling on the ground uniformly stood back up. Moreover, they displayed expressions of ecstasy on their faces. That was because they knew very well that their backing had arrived.

If, to others, the news of the Black Python Stronghold managing to associate themselves with the Orion Monastery, a first-rate power, was still a rumor, then the upper echelons of the Black Python Stronghold knew that it was, in fact, a reality.

The Black Python Stronghold truly managed to obtain the approval of the Orion Monastery. The Orion Monastery had already prepared to take the Black Python Stronghold under their wings and cultivate them.

Compared to the people from the Black Python Stronghold, the people from the Southern Cyanwood Forest and the Cloud Thunder Pavilion were deeply frowning. Their hearts began to grow restless. The Orion Monastery was not something that the Black Python Stronghold could compare with. As a first-rate power, not only do they contain a Half Martial Emperor to lead them, it was more than a single Half Martial Emperor.

Finally, the warship of the Orion Monastery landed. At this moment, everyone below was able to see that not only was the Orion Monastery's warship enormous, there were also a lot of people on top of that warship.

Without mentioning the countless elders that were escorting the warship, merely the number of people wearing the uniform of disciples numbered over three thousand. In other words, the number of disciples from the Orion Monastery that had come to train in the Ancient Era's Immortal Pond this time around numbered over three thousand.

Compared to the twenty plus people from the Southern Cyanwood Forest, the thirty plus people from the Cloud Thunder Pavilion, the forty plus people from the Black Python Stronghold and the twenty plus people from the Great Wisdom Sect, the difference was enormous.

Most importantly, the three thousand plus disciples of the Orion Monastery could all be said to be elites. Not only were they young in age, all being below thirty years of age, their cultivation was also extraordinary. Practically all of them were peak Martial Lords. There were even close to a hundred Martial Kings among those disciples. Furthermore, two among them were even rank two Martial Kings.

This was the gap between first-rate powers and second-rate powers. Although they were all subsidiary powers, the first-rate powers were the main force behind the sourcing of disciples to the Cyanwood Mountain every year.

Of course, it was precisely because they possessed a very deep background and powerful strength that led to having more outstanding talents to be willing to become their disciples. This was what allowed them to be able to source that many disciples to the Cyanwood Mountain every year.

However, presently, what people paid the most attention to was not these disciples. Instead, it was at the two old men with long hair and stern face standing at the top of the warship.

Like Sikong Zhaixing, these two old men both possessed the cultivation of rank one Half Martial Emperor. However, neither of them were the headmaster of the Orion Monastery. Instead, they were management elders of the Orion Monastery. Furthermore, comparatively, the reputation of these two old men in this region greatly surpassed that of Sikong Zhaixing.

*

1. This is a Chinese term which basically mean he was extremely extremely humiliated. This was because being humiliated in one's home was a greater humiliation than being humiliated outside? I'd assume?

Chapter 1058: Universally Abhorrent

These two management elders of the Orion Monastery had stern expressions. Even without displaying any anger, their might could already be felt.

At this very moment, the boundless crowd had all grew silent, without uttering a single sound. It was so quiet that it was strange. Even those monstrous beasts that were born with loud voices quieted down their breathing, not daring to breathe loudly.

Although they were all Half Martial Emperors, the deterrence of these two management elders were greater than Sikong Zhaixing's. This was not related to their strengths. It was only because they came from the Orion Monastery.

"Black Python Stronghold's chief pays his respect to Lord Elders from the Orion Monastery."

Seeing the descent of the Orion Monastery's warship, the Black Python Stronghold's chief appeared as if he had seen his savior. He hurriedly walked over to the Orion Monastery's warship and courteously greeted them while kneeling.

Following that, the elders from the Black Python Stronghold, the Great Wisdom Sect's headmaster and elders and the headmasters of those third-rate powers all rushed forward too. Uniformly, they kneeled down before the warship.

Moreover, many of the Cyanwood Mountain's subsidiary powers that did not wish to be mixed with the conflict between the Black Python Stronghold and the Southern Cyanwood Forest and were hiding within the crowd watching the show also walked out from the crowd and kneeled before the warship.

Even the Cloud Thunder Pavilion's headmaster hurriedly led his elders and disciples, descended from the Southern Cyanwood Forest's warship and kneeled before the Orion Monastery's warship.

In an instant, over ten thousand people were kneeling before the Orion Monastery's warship. Moreover, many of them were people that possessed fame and reputation in this region. Thus, the scene of them kneeling right now was truly a rather magnificent sight.

However, being also a subsidiary powers of the Cyanwood Mountain, Sikong Zhaixing hesitated over and over again but, in the end, decided to not step forward to salute the Orion Monastery. The subsidiary powers of the Cyanwood Mountain only differ based upon their strength, there was not a hierarchy of status. Even if it was a third-rate power that encountered people from a first-rate power, there was no need for them to kneel.

The reason why these people were kneeling was because they feared the Orion Monastery.

Due to the fact that the Ancient Era's Elves did not bother with worldly matters and the formidable powers with ancient history in the Cyanwood Domain were mostly located in the eastern, western and northern regions, it led to the Orion Monastery becoming the sole hegemon of the southern region.

As the saying goes, 'when beneath eaves, one had no choice but to lower one's head.'¹ For the purpose of making good relations with the Orion Monastery, at the very least, this led to many subsidiary powers to go forth and kneel to the Orion Monastery when they encountered people from there, lest they offend the Orion Monastery.

However, compared to whether or not there was a need to kneel to the Orion Monastery, the matter that Sikong Zhaixing was worried about the most right now was still the Black Python Stronghold's chief.

This Black Python Stronghold's chief had kneeled at the frontmost and most eye-catching place. He did not wipe away the bloodstains on his body. Moreover, he deliberately made himself appear very weak and injured. He had even urged his blood to flow out of his wounds at a faster rate, so as to make himself appear even more miserable.

His purpose was precisely to have the elders of the Orion Monaster see

his tragic appearance. When they asked him about it, he would then ruthlessly report the things that Sikong Zhaixing had done.

“Black Python Stronghold Chief, how did your injuries come about?” Sure enough, one of those two management elders opened his mouth and asked.

“Reporting to Lord Elder, earlier I saw that the Southern Cyanwood Forest’s headmaster had come to this region. Thus, I went up to greet him. Who would’ve thought that his disciple actually spoke words of insult at me. I began to argue with that disciple of his and the Southern Cyanwood Forest’s headmaster directly attacked me. Not only did he seriously injure me, he also humiliated me by having my Black Python Stronghold as well as many other headmasters and elders from other powers kneel down to him to acknowledge our wrongs.”

The Black Python Stronghold’s chief had a face filled of grievance. With lies and deceit, he completely renounced himself of his wrongdoings and added details to the wrongs of Sikong Zhaixing. It was truly despicable.

“What Black Python Stronghold’s chief said is the truth. Lord Elders, please uphold justice for us.”

However, toward the shameless conduct of the Black Python Stronghold’s chief, not only did no one bother to expose him, those people who had kneeled to Sikong Zhaixing earlier actually all nodded to express that the Black Python Stronghold’s chief’s story was the truth.

Upon hearing those words, those two management elders as well as many other people on the Orion Monastery’s warship cast their gazes over to Sikong Zhaixing.

Originally, their gazes were extremely oppressive. It was even one of anger. However, when they discovered the aura of the current Sikong Zhaixing, their expressions changed. Especially those two management elders, their eyes even shined.

Those two management elders glanced at each other. After that, they actually both cup their fist respectively at Sikong Zhaixing and said, “Headmaster Sikong, congratulations on becoming a Half Martial

Emperor.”

Their voices were extremely tranquil. There was neither respect nor despise in their voices. It was an extremely ordinary greeting.

“Elders, you’re being too courteous.” Sikong Zhaixing also cupped his fist and returned the greeting courteously.

“Headmaster Sikong, although we are not from the same school, we could consider to be from the same root.² May I know what sort of grudges you have with these headmasters? There would be no harm to talk about it. If possible, please forget about the grudges this time around. By all means, we must not harm the friendly relationship between us.” One of the two management elders said.

This management elder was very smart. He knew that the words spoken by the Black Python Stronghold’s chief might not be trustworthy. Thus, he actually went to ask Sikong Zhaixing to tell him what had happened.

“I believe that elders, the two of you should know about my character. If it wasn’t for the Black Python Stronghold’s chief to speak words of humiliation at me again and again, my disciple would not have gone and insulted him.”

“Regardless of who is wrong and who is not, a disciple is after all a person of the younger generation. It is his wrong to insult the Black Python Stronghold’s chief. However, the Black Python Stronghold’s chief actually forgot about his status and actually intend to kill this disciple of mine. He wished to, before my very eyes, kill my disciple. As the Southern Cyanwood Forest’s headmaster, I naturally cannot stand by and watch without lifting a finger. That was why I ended up attacking and injuring the Black Python Stronghold’s chief.”

“As for the matter of me making those headmasters kneeling down to me to admit their mistake, that is even more of a complete nonsense. It is true that they had kneeled. It is also true that they admitted their mistakes. However, it was clearly on their own accord. I have never threatened them to do so. I truly do not understand why they wanted to frame me like so.”

“Perhaps it might be because my Southern Cyanwood Forest has been on the decline for many years now and are inferior every year, that everyone felt that my Southern Cyanwood Forest is easy to bully.” Saying till this point, Sikong Zhaixing bitterly laughed, sighed and shook his head.

“What Senior Sikong said is the truth. All of this was caused by the Black Python Stronghold’s chief.” Suddenly, someone loudly shouted from the crowd.

“Who shouted that?! You must know that you cannot make irresponsible remarks, irresponsible farts! Who wanted to do such things again, if you have the courage, stand forward!” Seeing that there was actually someone speaking on behalf of Sikong Zhaixing, the Black Python Stronghold’s chief became agitatedly angry.

That was because the Orion Monastery was no fool. Even though he managed to obtain a relation with the Orion Monastery, but if it was him who was at fault and excessively wrong, it would be impossible for the Orion Monastery to assist him before all these people.

Thus, he was unable to tolerate anyone speaking up for Sikong Zhaixing at this crucial moment.

“I am the one who spoke those words.” To his great surprise, before his obvious threat, there was actually a burly man that stood forward. This burly man had dark skin and his cultivation was not weak. Not only did he possess the cultivation of a rank one Martial King, one could tell from a single glance that he possessed a frank and unyielding character.

He did not fear the threat of the Black Python Stronghold’s chief. With a loud voice, he said, “Elders from the Orion Monastery, this course of events went on like this. When the Southern Cyanwood Forest’s warship descended earlier, the Black Python Stronghold’s chief brought upon people with him and began to insult them. Headmaster Sikong ignored his insults. This caused him to intensify his insults, causing them to become more and more vulgar and offensive. The words he spoke were simply enough to make one’s hair stand up in anger.”

“Not to mention that youngster who spoke out in return was Senior

Sikong's disciple, even us among the crowd burned a fireball of rage in our hearts. We also felt that Senior Sikong was being treated wrongly."

"That's right. What this brother said is right. The scene earlier is something that all of us have seen. Exactly who is wrong and who is not, that is something that we all know."

"That's right. Black Python Stronghold's chief. When all things are done and said, you are, after all, a stronghold's chief. How could you so shamelessly try to invert right and wrong!"

A single ripple births forth a wave. After that burly man spoke those words, the sea of people that were originally quiet started to shout unceasingly. It was like a boiling deep fryer. Many people began to spoke words on behalf of Sikong Zhaixing. They even began to berate the Black Python Stronghold's chief.

Seeing this situation, even those two management elders from the Orion Monastery were surprised. That was because the crowd was unrelated to the Cyanwood Mountain. They were people that should not have tried to meddle into this chaotic matter, this business of others. Yet, they did.

This meant that what the Black Python Stronghold's chief did was most definitely extremely excessive. It was so excessive that he incurred the anger of the people.

Thus, at this moment, those two management elders from the Orion Monastery started to frown. Anger rose forth from their hearts. They looked to the Black Python Monastery's chief and, with an extremely strict voice, said, "Black Python Stronghold Chief, is there anything else you wish to say?!"

Chapter 1059: The Appearance of Geniuses

“Elders, they are spouting a bunch of nonsense. You must believe me.” At this moment, the Black Python Stronghold’s chief started to panic. Everyone had pointed their spearheads at him. Even though he possessed a relation with the Orion Monastery, it was not certain that the Orion Monastery would protect him. It might even be unavoidable for him to be publicly punished.

“As the chief of a stronghold, you’ve displayed such dishonorable behavior. You do not qualify to carry on the title of a second-rate subsidiary power of the Cyanwood Mountain.”

“In this year’s Cyanwood Mountain’s disciple recruitment assembly, I will request them to remove your Black Python Stronghold’s status of a second-rate subsidiary power so that you will not bring shame upon the Cyanwood Mountain in the future,” said one of the management elders.

“Elders, please forgive me, please forgive me. I would never dare to do such a thing again. Elders, please give me another chance to reform myself.” Hearing those words, the Black Python Stronghold’s chief became flabbergasted. He acknowledged the fact that these two elders would punish him. However, he did not expect the punishment to be this severe.

A second-rate subsidiary power of the Cyanwood Mountain, this was an extremely important status. As long as he possessed this status, it was equivalent to him being a member of the Cyanwood Mountain. This made it so that very few people or powers dared to attack him.

Moreover, those offsprings from famous families and other outstanding younger generations would, for the purpose of being able to enter the Cyanwood Mountain, consider the connections as well as the relationship a power have with the Cyanwood Mountain, whether it was a subsidiary power or not, before seeking to become disciples of said power.

If he was to lose the status of a second-rate subsidiary power of the

Cyanwood Mountain, it would be an enormous damage to the Black Python Stronghold and would definitely cause their prosperity to rapidly decline, leading to a future of darkness.

“Scram. Do not appear before my sight again for I fear of dirtying my eyes.” Suddenly, the other elder waved his sleeve, causing a gale to rise from the ground.

Before that gale, the Black Python Stronghold’s chief, elders and disciples were all blown to the sky like scarecrows. As they gave off screams in the air, they were blown several hundred miles away and disappeared from everyone’s line of sight.

To this scene, many people started to clap their hands and applauded. They felt that the Orion Monastery was very swift and decisive and upheld their punishment righteously.

However, Sikong Zhaixing’s gaze was flickering. Within his gaze was confusion. He did not expect for the Orion Monastery to give the Black Python Stronghold’s chief such a severe punishment.

Although, on the surface, there was no hierarchy between the subsidiary powers, the Orion Monastery was, after all, a first-rate subsidiary power. If they were to truly ask the Cyanwood Mountain to remove the Black Python Stronghold of their status as a second-rate subsidiary power, the Cyanwood Mountain would likely give them the face and do it.

After all, a power like the Black Python Stronghold was very numerous in the Cyanwood Domain. To have one more was not too many and to have one less was not too few. However, a power like the Orion Monastery was completely different.

This matter, after all was said and done, was unrelated with the Orion Monastery. Moreover, the Orion Monastery’s relationship with the Southern Cyanwood Forest was not extremely good. Thus, for the Orion Monastery to go through such effort today was something that Sikong Zhaixing was unable to understand.

“I wish you all to be able to learn a lesson from this matter and behave yourselves.” After blowing the people from the Black Python Stronghold

away, that management elder from the Orion Monastery cast his gaze at the people kneeling before their warship.

While those words did not matter to other powers, but the expressions of the people from those powers that had joined the Black Python Stronghold in their humiliation of the Southern Cyanwood Forest all grew green. They were extremely panic-stricken. However, regardless of what they were feeling, they still shouted alongside the other powers. “We will definitely learn a lesson from this and not disgrace the reputation of the Cyanwood Mountain.”

“Mn. You all can rise. We are all from the same root, there is no need for you all to kneel.” The other management elder waved his hand. Only after he spoke those words did the Cloud Thunder Pavilion and other subsidiary powers dare to stand up.

“Headmaster Sikong, might I know who the disciple that insulted the Black Python Stronghold’s chief was?” Right at this moment, the management elders from the Orion Monastery cast their gazes at the Southern Cyanwood Forest’s warship once again.

At this moment, Sikong Zhaixing began to frown. He began feeling unrest in his heart. He did not know what intention the Orion Monastery had. He truly feared that the Orion Monastery would want to punish Chu Feng. After all, it was wrong for Chu Feng to offend a senior.

“Junior Chu Feng pays his respect to elders.” However, right when Sikong Zhaixing was hesitating, Chu Feng actually stood forward on his own accord and courteously greeted the two management elders of the Orion Monastery.

“Chu Feng, was it? Headmaster Sikong, this disciple of yours truly possessed courage and insight. He is indeed a talent. No wonder Headmaster Sikong would protect him in such a way and attack the Black Python Stronghold’s chief for him.”

That management elder only took a casual look at Chu Feng. After that, he made a gesture to the three thousand disciples behind him and said, “Yuan Qing, Qin Guang, come up and pay your respects to Headmaster

Sikong.”

Right after he said those words, the crowd immediately burst into an uproar. Everyone cast their gazes at those three thousand disciples.

Before the countless gazes of anticipation, two young figures walked into everyone’s line of sight.

They were two young men. Their ages were merely in the early twenties. Even when compared to Chu Feng, they were only about two years older. However, their cultivation had already reached rank two Martial King.

Not only was their cultivation strong, even the aura of these two young men were beyond the norm. The first young man was close to four meters tall. Not only was he tall and strong, his body was also robust. It appeared as if he was a monstrous beast. From a single glance, one could tell that his body was filled with explosive power.

As for the other young man, his build was very petite. However, his aura was also extraordinary. Not only did he possess an elegant demeanor, he contained the feminine beauty of a female and his two eyes also contained hidden sharpness.

“Junior Yuan Qing.”

“Junior Qin Guang.”

“Pays his respect to Headmaster Sikong.” After these two men appeared, they walked over to the bow of their warship and cupped their fists respectfully at Sikong Zhaixing.

Although they were calling Sikong Zhaixing ‘headmaster’ and displaying respect courteously, their tone contained not the slightest trace of reverence.

“Senior Sister Wang Wei, who are these two? It appears as if they’re very famous.” The attitude of these two young men caused Chu Feng to narrow his eyes. A flash of displeasure appeared in his eyes. He then turned to Wang Wei and began to ask about the identity of these two young men.

That was because at the moment when these two young men appeared,

the surrounding crowd completely burst into an uproar. Everyone began to discuss these two young men. It was evident that the two of them were indeed famous.

“Junior brother Chu Feng, they are both famous geniuses of the Orion Monastery. That robust man is called Qin Guang. As for that beautiful young man, he’s Yuan Qing.”

“Not only do the two of them possess outstanding talent, they are also from extraordinary birth. Rumour has it that that Qin Guang is not a human and is instead a monstrous beast with a special bloodline. He possesses divine strength and astonishing battle power. Among the rank two Martial Kings, practically no one could match him. Only rank three Martial Kings are able to fight against him.”

“As for that Yuan Qing, he is even more extraordinary. He is a true genius. Legend has it that even rank three Martial Kings are no match for him.”

“As a first-rate power of the Cyanwood Mountain, the Orion Monastery contains a lot of geniuses. Every year, they would send several genius disciples to the Cyanwood Mountain.”

“However, for disciples as outstanding as Yuan Qing, they are rarely seen in the recent years. Thus, this Yuan Qing is extremely famous. Moreover, before this, Yuan Qing and Qin Guang had declared that they would be entering the deepest region of the Ancient Era’s Immortal Pond to trigger the Ancient Era’s Immortal Needle. This brought about a great commotion to all the powers and even the monstrous beast powers.”

“After all, the Ancient Era’s Immortal Needle has, since history, never been triggered by humans or monstrous beasts before. If the two of them are truly capable of triggering the Ancient Era’s Immortal Needle, it would be equivalent to winning honor for humans and monstrous beasts. Thus, their current fame is even greater as many people anticipated their success.” Explained Wang Wei.

Chapter 1060: Hidden Crisis

“So this is the case. No wonder they are so arrogant that they did not even put Headmaster Sikong in their eyes.” Although this was what Chu Feng was saying, the disgust he had for that Yuan Qing and Qin Guang became more evident in his eyes.

Moreover, the disgust was not merely contained to Yuan Qing and Qin Guang. It was also toward the two management elders from the Orion Monastery.

Chu Feng could already tell that they did not want Yuan Qing and Qin Guang to sincerely pay their respects to Sikong Zhaixing. Instead, they were intentionally flaunting the two geniuses of their Orion Monastery.

They wanted everyone to see for themselves the enormous gap between their Orion Monastery’s disciples and the Southern Cyanwood Forest’s disciples. This was simply showing off their might. Actually, the severe punishment they gave the Black Python Stronghold earlier was also merely to show off their might.

What they were doing was precisely establishing their prestige before everyone. Only through this would they make more people want to become their disciples, which in turn would allow them to become eminently more powerful, and able to maintain their current glory.

As a large and renowned sect, what they were doing was a very reasonable thing. There was actually nothing wrong about it. However, upon thinking that the Orion Monastery actually used him as well as the other disciples from the Southern Cyanwood Forest as a stepping stone to display their Orion Monastery’s disciples’ talent, Chu Feng felt displeasure in his heart.

However, upon considering that they were truly very powerful and the current Sikong Zhaixing and Southern Cyanwood Forest was simply incapable of becoming enemies with the Orion Monastery, Chu Feng decided to silently endure this.

“Ring ring ring ring ring ring....”

Not long after, a bust of sharp ringing suddenly sounded from the direction of the walls. Turning their heads to look, they saw that enormous city gate was slowly opening. As for the sharp and crisp ringing sound, it originated from that city gate.

“The city gate is opening!” Seeing that the Ancient Era’s Elves’ city gate was opening, the crowd of people immediately burst into an uproar. Densely packed like a bunch of ants, they swarmed around the city gate. They all wished to see what exactly the inside of the Ancient Era’s Elves’ home looked like.

“Cultivators who are not entering to train, withdraw yourselves to a thousand meters away!”

Right at this moment, an indifferent voice sounded from within the city gate. At the same time, a gentle wind swept out from the city gate, dispersing the swarming people.

After the gentle wind swept past, a large empty space opened up before the city gate. In this sort of circumstance, the excited crowd started to calm down. Very few people dared to approach the city gate again.

At this moment, the only people who dared to approach the city gate were those who were willing to take out a high quality Royal Armament as a payment to train in the Ancient Era’s Immortal Pond.

At this moment, Chu Feng and them also arrived before the city gate. They discovered that several hundred figures wearing green colored cloaks were standing before the city gate.

Those cloaks were extremely special. They were not constructed with ordinary cloths. Instead, they were made through weaving special kinds of plants. However, it couldn’t be denied that those cloaks possessed a different sort of beauty. If one must truly describe them, then it would emulate a sensation of nature.

Those people wearing these cloaks were naturally the people from the Ancient Era’s Elves. Their height was similar to humans. However, their figures were a bit thinner. As for their facial features, due to being covered by the cloaks, could not be seen. However, Chu Feng was able to see their

eyes. Their eyes appeared to not be any different from the human's eyes. However, their eyeballs were green.

Logically, green colored eyeballs should be extremely strange. However, their green eyeballs were not frightening and instead possessed a special kind of beauty.

Due to the formation here that prevented the usage of spirit power, Chu Feng was unable to determine the cultivation of those Ancient Era's Elves. However, without giving it any thought, he knew that their cultivation would definitely not be weak.

At this moment, the people who were prepared to enter into the Ancient Era's Immortal Pond already began to step up and hand over their Royal Armaments.

The first people to step forward were the people from the Orion Monastery. They were truly rich for they took out over three thousand Royal Armaments at once. Moreover, each and every one of them were high quality Royal Armaments.

Seeing these three thousand plus high quality Royal Armaments that flickered with light, many of the surrounding crowd were unable to help themselves from gasping. Although those were not their Royal Armaments, they still felt a pain in their chest. That was because it was truly an astonishing amount of wealth being handed over.

However, the people of the Orion Monastery had expressions of unconcern. They did not reveal even the slightest expression of heartache. They had truly displayed the amount of wealth that they possessed. The Orion Monastery was, after all, the Orion Monastery. At the very least, in this region, there was no other power that could compare with them.

In the end, the three thousand plus disciples from the Orion Monastery all entered the gates. However, not a single elder entered.

Reason being, the Ancient Era's Elves had a rule that specified that Martial Kings were required to pay ten high quality Royal Armaments to enter. As for Half Martial Emperors, they were simply not permitted to enter.

After the disciples of the Orion Monastery entered, the other powers also began to hand over their entrance fee, their Royal Armaments. However, although those powers brought a lot of people with them here, the number of people that were actually entering to train was not numerous at all.

It was like what Sikong Zhaixing and them had said earlier, even though there were several hundred millions of people gathered here, the number of people that were actually going to enter into the Ancient Era's Immortal Pond to train would number less than ten thousand.

"This Royal Armament is an ordinary one; it is simply not a high quality Royal Armament. You wanted to take advantage of the situation and present false goods? You have come to the wrong place."

Suddenly, an Ancient Era's Elf threw a Royal Armament into the hand of a burly man. One could sense a faint trace of anger from his voice.

"That's impossible! This Royal Armament is most definitely high quality. How could it possibly be ordinary? Carefully inspect it once more." That burly man refuted in an aggrieved matter while holding up the Royal Armament in his hand.

Seeing the action of that burly man, Chu Feng shook his head. That was because he was able to tell merely by looking with his eyes that the Royal Armament the burly man held was not a high quality Royal Armament. It could even be said that it was a poor quality Royal Armament, one that is inferior to even ordinary Royal Armaments. It was clear that this burly man was trying to take advantage of the situation.

"Aiyo, it's a person that's trying to court death again. Why do such people appear every year?" Seeing that burly man, Elder Gongsun sighed helplessly.

Originally, Chu Feng was confused by what Elder Gongsun meant by that. However, the thing that happened next immediately allowed Chu Feng to understand what Elder Gongsun mean.

"Woosh." Right after Elder Gongsun's words left his mouth, that Ancient Era's Elf that was in charge of examining the Royal Armaments suddenly

flicked his finger. With a speed as fast as light, his finger landed on that burly man's forehead.

“Eeeahhh~~~”

Right when that Ancient Era's Elf retrieved his finger, the burly man gave off a scream before falling to the ground, rolling back and forth with his hands over his forehead. Only after a very long time did he begin to calm.

However, at the time when that burly man's hands moved away from his forehead, Chu Feng and the others discovered that a special imprint that emitted a green light was on his forehead.

“What is that?” asked Chu Feng.

“That's an Elf's Imprint. Anyone who has done shameless things such as scamming and cheating but not worthy of being punished with death would be left such an imprint by the Ancient Era's Elves.”

“In ordinary times, that Elf's Imprint would not do much. However, when a person bearing that imprint encounter an Ancient Era's Elf, the imprint would give off light, warning the Ancient Era's Elves to be careful of that person for that person is a shameless person.”

“However, this is not the most miserable thing about it. The most miserable thing is that the people who ended up being imprinted with an Elf's Imprint in this place would generally be unable to leave this place alive.”

“It is not that the Ancient Era's Elves would kill them. Instead, it is the other powers that would kill them. That is because they feel that the people who have been imprinted with an Elf's Imprint have lost the face of the human race and these sort of people ought to die,” explained Elder Gongsun.

After hearing Elder Gongsun's explanation, Chu Feng noticed the burly man picked up his poor quality Royal Armament and soared to the sky so that he could rapidly leave this place. However, there were indeed many people that stealthily followed him. It could be seen that what Elder

Gongsun said was the truth. The burly man would likely be unable to leave this place alive.

After the brief interlude from the burly man, there were no more people that wanted to take advantage of the situation. Moreover, Chu Feng also discovered that the so-called high quality Royal Armaments that these people were presenting, although their quality was pretty decent, there was a major gap between them and his Demon Sealing Sword.

This meant that although they were all Royal Armaments, the quality of Chu Feng's Demon Sealing Sword was even higher. The King among Royal Armaments, that title was truly not just in name.

After this, Sikong Zhaixing took out twenty-two Royal Armaments and handed them over to Chu Feng and the other disciples. Using these twenty-two Royal Armaments, Chu Feng, Wang Wei and the other disciples from the Southern Cyanwood Forest successfully passed through the gate and entered into the Ancient Era's Elves' domain.

“This is?”

However, right at the moment when Chu Feng and them passed through the audit, Sikong Zhaixing began to frown deeply. A trace of unease appeared in his sharp eyes.

Chapter 1061: Strange Forest

At this moment, nine figures appeared before Sikong Zhaixing's line of sight. These nine individuals all wore a black robe that completely covered their facial appearance.

Simultaneously, these nine people all took out high quality Royal Armaments to be examined in succession. The most important matter was that one of those nine people actually took out ten high quality Royal Armaments in order to pass through the examination.

This meant that among these nine people, one of them was a Martial King level expert. That was because the admission fee for a Martial King level expert to enter into the Ancient Era's Immortal Pond was ten high quality Royal Armaments.

"Not good." Suddenly, Sikong Zhaixing's gaze flashed. He hurriedly said to the elders behind him. "Other than Elder Gongsun, all of you, take out your Royal Armaments."

Hearing what Sikong Zhaixing said, the management elders were all startled. Although they were extremely confused, they did not hesitate for a long time. Without asking, they began to take out their respective Royal Armaments and handed them over to Sikong Zhaixing.

As management elders, the quality of their Royal Armaments were naturally not weak - they were all high quality.

Seeing the many high quality Royal Armaments placed before him, Sikong Zhaixing picked ten of them. The ten he picked were relatively lower quality than the rest. He then handed them over to Elder Gongsun and said, "Elder Gongsun, quickly enter and follow Chu Feng and them closely. You must definitely ensure their safety."

"Right away." Hearing those words, Elder Gongsun did not hesitate. He received the ten Royal Armaments and hurriedly rushed over. However, due to there being many people on the line to enter through the gate, it was not as simple for Elder Gongsun to enter as he wished - he needed to first get in line.

Seeing Elder Gongsun who was standing all the way back in the queue and then seeing the nine black clothed individuals that had passed through the examination and was proceeding inside, Sikong Zhaixing's complexion grew pale. Suddenly, he clenched his teeth, opened his mouth and loudly said,

“All of you, listen up. If any of you dares to do anything to my Southern Cyanwood Forest's disciples, then even if I am to risk these old bones of mine, I shall make that person die miserably.”

Those words were extremely loud and resounding. Practically everyone outside the city gate heard it. Even some of the people inside the city gate managed to hear it.

In an instant, countless gazes were cast at him. Even those Ancient Era's Elves cast their gazes at him.

However, compared to the others, those nine people wearing black robes did not turn around to look at him. If one was to pay careful attention, one would discover that their bodies slightly shivered. They hesitated for a moment before rapidly walking past the city gate.

“Headmaster Sikong, what is the meaning behind your actions?”

“Could there be someone planning to bring harm upon your Southern Cyanwood Forests disciples?”

“How could that be? Who would dare to cause troubles in the Ancient Era's Elves' territory? That would simply be courting death. In my opinion, it is because the Southern Cyanwood Forest had a conflict with the Black Python Stronghold earlier. Loving his disciples deeply, Headmaster Sikong feared the retaliation from the Black Python Stronghold. That's the reason why he did such a thing.” The people began to spiritedly discuss Sikong Zhaixing's actions.

“Lord Headmaster, exactly what happened?” Compared to the rest, those management elders from the Southern Cyanwood Forest were finally unable to stop themselves from asking about it. That was because Sikong Zhaixing was always an unflustered person. The series of actions he displayed earlier was truly unusual.

“If my guess is correct, those nine people wearing black clothes ought to be from the Han family,” said Sikong Zhaixing.

“Han family, could it be that they planned to do something to our Southern Cyanwood Forest’s disciples?” After hearing what Sikong Zhaixing said, the management elders finally noticed that there were indeed nine people rapidly walking toward the city gate. Moreover, as they disappeared into the city gate, the direction that they were going was the same as the one that Chu Feng and them went.

“There is simply no need for the Han family to dress up in disguise if they wanted to come here to train. From their sneaky behavior, they most definitely harbor grudges for our Southern Cyanwood Forest. I suspect that their purpose is most likely to attack Chu Feng and them,” said Sikong Zhaixing.

“But Lord Headmaster, the Ancient Era’s Elves have clearly prohibited reckless scuffles and killing in malice within their domain. If anyone was to go against their rules, they would be severely punished. No matter how reckless their Han family is, they would not dare to offend the Ancient Era’s Elves, right?” However, there were also elders that questioned Sikong Zhaixing’s suspicions.

“The Han family possess deranged individuals to begin with. This time, Chu Feng caused their Han family to suffer greatly. It might be possible for the Han family to truly do something to harm Chu Feng and them.” However, the majority of the management elders voiced their agreement with Sikong Zhaixing’s concern.

“It is best for the Han family to not to be too excessive. Otherwise, I will definitely not let their Han family continue to exist.” Compared to those elders, Sikong Zhaixing currently displayed a vicious gaze in his eyes.

At this moment, the people outside were spiritedly discussing what had happened. However, due to the fact that Chu Feng and the others had advanced with a fast speed and the fact that the Ancient Era’s Elves’ domain possessed a special sort of interference power, this led to Chu Feng and them to not hear the loud shout from Sikong Zhaixing.

At this moment, they have entered into a vast and lush forest. Although calling it a forest was incorrect. It would be better to say that they have entered into an enormous garden. That was because the things growing here were not limited to large trees of different shapes, there were also beautiful flowers and other strange plants. As far as one's eyes could see, it was a beautiful sight.

Chu Feng and them were required to pass through this forest in order to reach the Ancient Era's Immortal Pond. Due to the fact that the Ancient Era's Elves saw themselves to be above others, they would not bother to guide Chu Feng and them. Thus, if they wanted to pass through this forest, they must find the way themselves.

"This forest is very strange. Once we entered this place, I began to feel powerless from head to toe; even my breathing became difficult. Originally, I thought I would get used to it soon. However, who would've thought that the deeper we go, the more powerless I'd feel. Exactly what sort of place is this?" Complained a pale complexion disciple with a great deal of vexation.

In fact, it was not merely him who had a pale complexion and was sweating profusely, practically everyone from the Southern Cyanwood Forest were in this sort of condition. It was as if they have fallen ill. Their bodies felt completely powerless. As martial cultivators, very rarely have they ever felt such a sensation.

"Junior brother, this is no ordinary forest. Special spirit formations were added onto all of the plants here. Not only are they indestructible, they are also able to suppress our powers. In this place, not to mention flying, even walking would be extremely difficult."

"This is something that the Ancient Era's Elves deliberately set up. That is because they felt that not everyone was qualified to utilize the special power within the Ancient Era's Immortal Pond. Thus, even though we have given our payments, we must still pass through this trial in order to reach the Ancient Era's Immortal Pond. If we are incapable of crossing through this forest, we would not be qualified to use the Ancient Era's Immortal Pond." Wang Wei explained to everyone.

“What?! We’ve even paid them the admission fee. Yet they actually placed such a difficulty to prevent us? They are truly up to no good. Isn’t this clearly a scam?!”

“Look at this enormous forest. Who knows how many people would be able to successfully pass through it. It’s one thing if those people managed to pass through. But what about those who failed to pass through? Wouldn’t this mean that they had given away their high quality Royal Armaments for free and unable to experience and train in the Ancient Era’s Immortal Pond? Is there anywhere else that’s such an enormous scam like this place?” After hearing what Wang Wei said, many people grew anxious.

“You can’t say it like that. For those people that are incapable of passing through this forest, the Ancient Era’s Elves would return their Royal Armaments. Thus, this can’t be considered to be a scam. Instead, it is merely a test.” Wang Wei explained.

“I actually felt that the methods of the Ancient Era’s Elves are very proper. First, they used an enormous fee to repel the majority of the people. Then, they put the remaining people in a trial. This would allow them to prevent a lot of troubles.” Compared to the others, Chu Feng was extremely approving of the Ancient Era’s Elves’ conduct.

After hearing what Chu Feng said, those people who were complaining earlier all shut their mouths. The angry looks that they had on their faces disappeared. Replacing that were expressions of worry.

They were afraid, afraid that they would not be able to pass through this forest. After all, no matter how precious the high quality Royal Armaments were, those Royal Armaments were not theirs. They were items that were provided to them to pay for the admission fee for free by the Southern Cyanwood Forest. Thus, this opportunity was given to them for free. If they were unable to pass through it, then they would greatly miss out.

“Junior brother Chu Feng, how come you’re not feeling any pressure at all and appear to be completely fine?” Suddenly, a disciple pointed at Chu

Feng and asked with a face filled with shock.

“Heavens! Junior brother Chu Feng, how did you manage to accomplish that?”

After hearing the words spoken by that disciple, everyone else looked over to Chu Feng. After a careful inspection, their expressions all took a huge change. They were both startled and overjoyed.

It was because they were surprised to discover that it was precisely as that person had said, Chu Feng did not appear to be under any pressure at all. His condition appeared to be exactly the same as before he entered the forest. He was unexpectedly not affected by the forest at all.

Chapter 1062: A Loud, Frantic Laughter

Faced with the surprised reaction from his fellow disciples, Chu Feng merely smiled and said, "It is not that I cannot feel the pressure from this place. Instead, I know the method to make the pressure from this place to become as tiny as it could be."

"Junior brother Chu Feng, exactly how do you accomplish that? Quickly, teach us it."

"That's right. Junior brother Chu Feng, please teach us so that we could experience the Ancient Era's Immortal Pond too. We don't want to return without any accomplishment."

All of the disciples began to ask for Chu Feng to teach them. It was so much that some of their tones were no longer just asking and more of a begging. From this, one could tell that they truly wanted to pass through this trial.

"It's actually very simple. You all, try not using any martial power to resist that pressure. Instead, let it take its course and interfere with your movement. Try doing that, see if you'll feel better afterwards." Chu Feng said with a smile.

Listening to what Chu Feng said, somewhat suspicious, Wang Wei and them began to try doing what he said. However, soon, their expressions relaxed a lot.

"Junior brother Chu Feng, you're truly a genius. You actually managed to think of such a method. Haha. While that pressure felt extremely fierce, but if you ignore it, the pressure really weakened a lot. It would appear that we would all be able to pass through the trial set up by the Ancient Era's Elves."

Seeing that Chu Feng's method actually worked, everyone displayed expressions of ecstasy. Other than reverence, the gazes that they now looked to Chu Feng with also contained gratefulness. That was because Chu Feng had truly assisted them greatly.

Traveling a long distance to come to this place, they did not wish to return without accomplishing anything. If they were to truly return empty handed, not only would it be a major loss, they would also lose their faces.

“Brat, never would I expect that not only is your mouth vile, you actually know some tricks too.”

However, right at this moment, an ice-cold voice suddenly sounded from nearby. Soon, thirty-five figures appeared before Chu Feng’s line of sight.

These thirty-five people were composed of both men and women. All of their cultivation were at the peak Martial Lord. Although their faces were sweaty and slightly pale, their current breathing was steady.

It was clear that they had also been pressured by this place. However, they now knew of the method to alleviate the pressure. It was evident that they have heard what Chu Feng said earlier and did what he said.

However, while they managed to obtain benefits, they did not have any intention to express gratitude. Not only did they not express it, instead they even have expressions of malice and surrounded Chu Feng and them.

If one wanted to ask why, it was actually quite simple. That was because they were all core disciples of the Black Python Stronghold.

If it was before, Wang Wei and them would definitely feel worried to encounter such a situation. That was because it was clear that they had come with ill intent.

Even though their cultivation were the same as those Black Python Stronghold’s disciples, they were, after all, people from the Black Python Stronghold. Mentally, Wang Wei and them felt that their opponents were stronger than them.

However now, with Chu Feng present, they were not the least bit scared. That was because they knew very well that if the people from the Black Python Stronghold dared to attack them, then it would only be themselves that would suffer.

“You-you all, what are you planning to do?” But, who would’ve thought that at the moment when they were filled with confidence and thought

that Chu Feng would teach these people from the Black Python Stronghold a lesson, Chu Feng actually displayed a face filled with fear and used a trembling voice to ask the people of the Black Python Stronghold.

“Haha, what we’re planning to do? You’ve brought about such harm to our Black Python Stronghold, causing us to soon to lose the status of a Cyanwood Mountain’s second-rank subsidiary power, causing the countless people from our Black Python Stronghold to have no chance of entering the Cyanwood Mountain to train there. Yet, you’re asking what we plan to do?”

“To be honest. Even if you were to get on your knees and beg for forgiveness right now, we would still take your life.” Seeing Chu Feng’s cowardly expression, the people from the Black Python Stronghold appeared to be even more complacent. Without any hesitation, they spoke of their purpose.

“Who dares! You must know that this is the Ancient Era’s Elves’ territory. If you all dare to attack someone here, it would not only be you all who would suffer. Your families and the Black Python Stronghold would also suffer.” Right at this moment, Wang Wei shouted.

“Don’t dare? If we don’t dare, then we wouldn’t have appeared in this place.” The people from the Black Python Stronghold sneered. At the same time, they began to emit their auras. They surrounded Chu Feng and them and began to draw closer. They were truly planning to kill them.

“If you have the courage, then give it a try. Us, disciples from the Southern Cyanwood Forest, are not that easily bullied!” Seeing that their opponents really had the intention to kill them, the disciples of the Southern Cyanwood Forest burst into deep fury. Not weaker at all, they too emitted their own auras. They had made the preparations to fight their opponents to the death.

“Junior brother Chu Feng, what happened to you?” Right at the moment when killing intent and raging flames filled the air, at the time when a battle could occur at any moment, Wang Wei secretly sent a voice

transmission to Chu Feng.

Actually, it was not only Wang Wei who was secretly sending voice transmission to Chu Feng, many other people from the Southern Cyanwood Forest were doing that too. That was because they knew of how powerful Chu Feng was. Even Martial Kings were no match for him. These people from Black Python Stronghold would simply be unable to withstand even a single blow from Chu Feng.

However, the fearful expression that Chu Feng was displaying right now was truly abnormal. They all felt that something might've happened to Chu Feng. Thus, they wished to help Chu Feng alleviate his state of mind. After all, they had no guarantee that they would be able to win against the Black Python Stronghold's disciples. If they wished to live, they would have to rely on Chu Feng.

"Hahahaha...." However, right at this moment, the previous cowardice displayed by Chu Feng disappeared and he began to frantically and loudly laugh.

Chu Feng's laughter was extremely weird, to a state of being a bit scary. Not to mention Wang Wei and them, even the people from the Black Python Stronghold started to frown. Unable to help themselves, they began to panic.

"You, what are you laughing about?!" A person from the Black Python Stronghold asked.

"There's a road to heaven that you refused to take. Hell has no doors yet you burst in." Suddenly, Chu Feng stopped his laughter and cast his bone-chilling ice-cold gaze at the people from the Black Python Stronghold.

"What, what do you mean by that?" Hearing those words, the people from the Black Python Stronghold felt even more unease. Although Chu Feng's expression was extremely tranquil, his gaze caused their hearts to tremble.

At this moment, they had an illusion. That is, the Chu Feng before them was a completely different person from the Chu Feng earlier.

However, Chu Feng completely ignored them. Instead, he said to turned around and said, "Since you've come, there is no need for you to continue hiding. Come on out."

After hearing what Chu Feng said, everyone cast their gazes to the location behind him. When they discovered that there were only lush plants and not a single person, they inevitably began to feel a bit confused.

There were even people who began to feel that something might've been wrong with Chu Feng. His actions today were truly strange.

"Brat, it seems like you do have some tricks up your sleeve. This place prohibits the use of spirit power. Yet, you're actually capable of discovering us. However, if I was you, I would definitely not stay here and would've rushed away."

Right at this moment, an incomparably cold voice suddenly sounded from within the forest. Soon, nine figures appeared before everyone's line of sight.

"Who are you?" Seeing this nine people, Wang Wei and them began to frown. That was because these nine people were different from the people of the Black Python Stronghold. From their bodies, Wang Wei and them were able to sense deadly killing intent.

"Junior brothers and sisters, you've forgotten about us so quickly?" Right at this moment, eight among the nine people suddenly took off their black robes and exposed their youthful faces.

These eight people were composed of five males and three females. Their ages were similar to Wang Wei and them. As for their cultivation, they were all rank nine Martial Lords. However, the gazes that they looked to Wang Wei and them were filled with contempt. As for Wang Wei and them, the gazes they gave to these eight people were filled with astonishment. And within the astonishment were traces of fear.

Chapter 1063: Power Gap

“Han Wang, Han Jiao, it’s actually you all?” Upon seeing the eight people before them, the expressions of Wang Wei and the others all changed greatly. Almost simultaneously, they uttered cries of surprise.

That was because the eight people before them were people they were extremely familiar with. Originally, they were the same as Wang Wei and them, being outstanding disciples of the Southern Cyanwood Forest; moreover, their status was above Wang Wei and them.

Back then, Wang Wei and the others had experienced many bullying by these eight people. However, because their strength was inferior and those eight possessed the protection of the then Punishment Elder, Wang Wei and the others had no choice but to tolerate the bullying.

What could they do when their opponents were people from the Han family?

However, because of a single person, all these extremely arrogant and despotic little overlords from the Han family were expelled from the Southern Cyanwood Forest. As for that person, it was Chu Feng.

“Don’t be afraid, we’ll make sure to let you all die without suffering. Isn’t that right, big brother Han Tao?” The eight people from the Han family first smiled coldly and then cast their gazes toward the leader of the group, the person still wearing the black gown.

“Of course, that Chu Feng is an exception. If we do not chop him into eight pieces, how could we make up for the old men from our Han family that thought highly of him?”

Suddenly, the black gowned man who lead the group waved his large sleeve. He had also cast away the black gown that he wore. His face appeared before Chu Feng and them.

This was the face of a stranger. This man was a middle-aged burly man. He possessed the cultivation of rank three Martial King. Moreover, his aura was extremely dense. At the very least, compared to ordinary rank

three Martial Kings, this person's aura was one that would stand out.

The most important matter was that the gaze that he looked to Chu Feng with was filled with hatred.

"Based on your words, you all have come to find me for revenge?" Asked Chu Feng with a smile.

"Heh. Brat, I've heard that you're extremely powerful and that even rank three Martial Kings are no match for you. Furthermore, it is said that you have killed the several old men from my Han family."

"But, I, Han Tao, refuse to believe in this. Today, I shall bring your severed head back. I shall have those old men see for themselves that the thorny genius in their eyes was no match for me, Han Tao."

"Regardless of who it might be, as long as someone dared to cause troubles for my Han family, I, Han Tao, will definitely not let him get away with it. I shall kill you today and flatten your Southern Cyanwood Forest at a later date." Han Tao said in a fierce manner as he walked toward Chu Feng.

"Buzz." However, right at this moment, Chu Feng waved his large sleeve. A boundless golden spirit formation appeared, covering everyone within it.

"What are you doing?"

Han Tao and the others were startled by Chu Feng's action. That was because they were able to tell that it was a concealment spirit formation that Chu Feng made. In this spirit formation, regardless of what happened inside, the people outside would not be able to see it or hear it.

However, such a spirit formation should've been something that they would've set up. For Chu Feng to actually not run away and set up such a spirit formation upon seeing them, this really caused them to be puzzled.

Faced with the confused gazes from Han Tao and them, Chu Feng merely smiled and said, "I'm merely planning to go on a killing spree."

"Killing spree?" Hearing those words from Chu Feng, the hearts of the nine people from the Han family as well as the many people from the

Black Python Stronghold shivered. Indescribably, they began to feel unease.

While Chu Feng said those words with a smile on his face, everyone was able to feel a burst of chilliness as well as a life-threatening dangerous aura. All of them emitted from Chu Feng's body.

"Killing spree? What a joke! Did you really think that you're a match for me?" At this moment, that Han Tao suddenly shouted explosively. He did not bother to speak anymore superfluous words. He raised his two hands and swung his arms. He had launched his attack at Chu Feng.

"Boom." This move of his was no small matter. Although he did not utilize a martial skill, his boundless King Level Martial Power was like an invisible, extremely mighty and violent beast as it charged towards Chu Feng.

At this moment, the expressions of Wang Wei and the others took a huge change. That was because from Han Tao's attack, they were able to tell that he was no ordinary rank three Martial King. At the very least, his battle power was a lot stronger than the Han family's elder that Chu Feng killed back then.

Merely with this attack, it was already sufficient enough to kill all of the disciples of the Southern Cyanwood Forest and the Black Python Stronghold.

"Woosh." However, right at this moment, Chu Feng's body suddenly moved. He appeared before everyone. The current Chu Feng was completely different from before.

Thunder Armor. His body was already covered with the Thunder Armor. The flashing lightning within the armor made him appear to be divine. The most important thing was... his aura was no longer that of rank nine Martial Lord, it had been increased to rank one Martial King.

However, the matter that shocked people the most was Chu Feng's following action. Chu Feng suddenly raised his arm up. Then, he abruptly waved it at that martial power attack that was charging towards him. An explosion was heard. Han Tao's attack has been diffused by Chu Feng.

“This...”

Seeing this scene, other than Wang Wei and the other disciples who were relatively calm, everyone was greatly shocked; especially the disciples from the Black Python Stronghold who wanted to kill Chu Feng earlier, their complexions instantly turned green.

At this moment, they realized why Chu Feng would say those things earlier. It turned out that they had kicked an iron plate. Chu Feng was able to easily block even the attack from a rank three Martial King. In that case, wouldn't killing them be as easy as lifting a finger?

At this moment, they were extremely regretful. They truly felt that they had walked into hell. Unfortunately for them, leaving the hell appeared to not be as easy as entering it.

“Not bad. You're actually able to breakthrough from rank nine Martial Lord to rank one Martial King. It appears that those old men were not lying and you really do possess some special tricks up your sleeve.”

“It also appears that I can't be careless. It's about time for me to show you the true strength of a Martial King and the true gap between you and I.”

“A Martial Lord is forever a Martial Lord. Even if you could, through your trick, obtain the cultivation of rank one Martial King, you would definitely still be no match for me.” After he finished those words, Han Tao waved his hand. A large Royal Armament axe appeared in his hand.

Once the large axe appeared, the space trembled. Boundless power was overflowing from the axe. They fused together with Han Tao. At this moment, Han Tao's battle power was rapidly rising.

It was not only Han Tao who was strengthened by the power, even the natural energy within the spirit formation was affected by the axe and began to restlessly move about and revolve around Han Tao.

It was as if Han Tao was the overlord of this region of space. He had already obtained control over everything, including Chu Feng and the others' lives.

“Woosh.” However, right at this moment, Chu Feng turned his wrist. The pitch-black colored Demon Sealing Sword appeared in his hand.

“Bang.”

Once the Demon Sealing Sword appeared, Chu Feng directly penetrated it into the ground. At the instant the Demon Sealing Sword was pierced into the ground, the natural energy within this spirit formation that was under Han Tao’s control actually turned into a hurricane with the Demon Sealing Sword as the center.

The most important matter was that as that hurricane revolved about, everyone was able to feel an oppressive aura. That oppressive aura was not emitted from Chu Feng. They were being emitted by the Demon Sealing Sword.

Fear. That was what everyone was feeling right now. They had all been intimidated by the might of the Demon Sealing Sword. Even Han Tao was of no exception.

Actually, it was not only everyone present that was feeling fear. Han Tao’s large Royal Armament axe was also trembling nonstop. The might that it displayed earlier was completely gone now.

“What, what is going on? That sword...”

Seeing the pitch-black colored Demon Sealing Sword, fear filled Han Tao’s eyes. He had seen a lot of Royal Armaments before. However, it was the first time that he had seen a Royal Armament like the Demon Sealing Sword that contained such enormous might, that could bring about such enormous pressure and even caused his large Royal Armament axe to tremble in fear.

Right at the moment when everyone’s attention was on the Demon Sealing Sword, Chu Feng suddenly gripped its handle, pulled it back up from the ground and pointed it at Han Tao. “You now know about the gap between us, right?”

Chapter 1064: Arriving at the Immortal Pond

“Gap? With merely a Royal Armament, you actually dared to try to talk about gaps with me? Brat, you are truly too arrogant!”

Even though he sensed how powerful the Demon Sealing Sword was, Han Tao refused to acknowledge Chu Feng’s might. Thus, with disregard to the consequences, he moved his body, held the large Royal Armament axe in his hand, and smashed it at Chu Feng.

“Woosh.” Seeing this, Chu Feng also moved his body. Holding the Demon Sealing Sword in his hand, he began to fight Han Tao.

“Clank. Clunk. Clunk.”

Their speed was extremely fast. The others were nearly unable to see their movements. They merely heard the sound of metals colliding before a large number of sparks appeared in midair. Only after that did they see the two figures appearing in the air once again. The figures then landed onto the ground.

“Wuuuaaahh~~~”

At the moment when the two landed on the ground, the crowd was stupefied once again. That was because Han Tao was lying on the ground. On top of that, a pitch-black colored sword was pierced into his body. It was precisely the Demon Sealing Sword.

A single bout. It was merely a single bout. After the two of them took out their Royal Armaments, a single bout was all it took for the outcome of the battle to be decided.

Moreover, this outcome was something that people from the Han family did not anticipate, something that they did not imagine would happen. Even though their Han family’s elders had mentioned about how powerful Chu Feng was to them, it was something that they did not believe.

And now, they had finally believed it. Merely, it appeared to be already

too late. That was because, at this moment, the location where Chu Feng's Demon Sealing Sword was pierced into Han Tao's dantian.

With his dantian pierced, his cultivation was spilling out from it. Han Tao, a rank three Martial King, was having his cultivation crippled by Chu Feng.

"Wuuwaaa~~~" Suddenly, Chu Feng moved the Demon Sealing Sword in his hand. This caused Han Tao to give off another scream. But, Chu Feng ignored Han Tao's reaction and sneered. "This is the gap between you and I."

After he finished saying those words, Chu Feng suddenly waved the Demon Sealing Sword. "Bang." Han Tao's body exploded and turned into a large mist of blood that sprinkled everywhere.

At the time when the mist of blood appeared, another layer of invisible energy burst forth from Chu Feng's body. It covered that mist of blood and absorbed it into Chu Feng's body.

Chu Feng had not only killed Han Tao, he had even absorbed him together with his source energy. It could be said that he had completely killed Han Tao.

After killing Han Tao, Chu Feng carried his Demon Sealing Sword over his shoulder and began to proceed toward the eight other people from the Han family. Seeing their frightened expressions and trembling bodies, Chu Feng lightly laughed and said, "Remember, in your next life, you must listen to your elders. Otherwise, you might lose your lives again."

After he finished saying those words, the Demon Sealing Sword in Chu Feng's hand was waved around once more. A pitch-black colored crescent wave swept past. Those eight bodies that were originally standing all exploded in succession and turned into eight scarlet mists of blood.

However, like what had happened to Han Tao, before the mists of blood could even fall to the ground, Chu Feng had already absorbed them completely. The reason why Chu Feng did this was not only to absorb their origin energies, the more important thing was to not leave behind any traces of their bodies.

After all, the Ancient Era's Elves had clearly prohibited wanton battles in this place and even more greatly prohibited the killing of others. Thus, Chu Feng must kill them without leaving a single hint. Otherwise, he would bring about a calamity upon himself.

After killing all of the people from the Han family, Chu Feng did not plan to stop. Instead, he turned his tranquil yet ice-cold gaze at the disciples of the Black Python Stronghold.

"Brother, spare us, brother, please spare us."

"It is us who have eyes but failed to see. It is us who have eyes but failed to recognize Mount Tai. Please spare our lives. We would definitely keep our lips tight to the matters that happened today. We would definitely keep it all a secret for you." At this moment, the people from the Black Python Stronghold were all trembling. After that, with a 'putt' sound, they all kneeled to the ground and began to kowtow to Chu Feng and beg for his forgiveness.

"Heh." Seeing these disciples of the Black Python Stronghold that were weeping bitter tears, Chu Feng coldly laughed and then said, "The reason why I feigned to be deeply afraid earlier was precisely to probe the reason why you all have come here."

"If you all had planned to merely teach me a lesson, I would've let matters be. Earlier however, we have clearly sensed killing intent from you all."

"The reason you all have come here is precisely to take my life. Yet now you want me to spare your lives, do you not find this to be extremely funny?"

After hearing those words, the people from the Black Python Stronghold all displayed extremely dejected expressions. They finally realized the reason why Chu Feng pretended to be so cowardly earlier even though he was this powerful. At the same time, they also realized that they would likely meet their ends at Chu Feng's hands today.

"Nothing to say? Well, then it's about time for me to send you all off." Suddenly, the Demon Sealing Sword in Chu Feng's hand was waved. With

merely a single sword strike, the lives of all these disciples from the Black Python Stronghold were lost.

After killing these people from the Black Python Stronghold, Chu Feng placed his Demon Sealing Sword away. He then removed the Thunder Armor, returning his cultivation from rank one Martial King to rank nine Martial Lord.

After doing these, Chu Feng inspected through his spirit formation of the outside surroundings. After discovering that there was no one around, he waved his large sleeve and dispelled his concealing spirit formation.

“Let’s go.” After dispelling the concealing spirit formation, Chu Feng said to the others these words before moving toward the depths of the forest.

“Gulp.” At this moment, Wang Wei and the others who were looking at Chu Feng’s back were unable to help themselves from gulping down a mouthful of saliva.

Even though there were people among them that had killed before, some had even killed more than once or twice, there was not a single one among them who could kill others without blinking an eye. As if it was a common occurrence, Chu Feng did not have any reaction to it afterwards.

At this moment, Wang Wei and the others suddenly felt that Chu Feng had already killed an innumerable number of people. Otherwise, it was impossible for him to reach such a degree of indifference in killing.

Thinking till this point, the hearts of Wang Wei and the others began to boil. Their reverence towards Chu Feng was increased yet again. They suddenly felt that the distance between them and Chu Feng became even greater. That was because they had seen the true gap between them and Chu Feng. Compared to him, they were too weak in every aspect.

After this episode, Chu Feng and the others continued onward. After roughly four hours of walking, they finally exited the forest. What appeared before them was a vast and boundless area of water.

That area of water was truly beautiful. The water was extremely calm, it

was like looking at a mirror. Moreover, the water was actually multi-colored.

Under the illumination of the sun, it was extremely gorgeous. It was simply like the rainbow had turned into a sea, like one had come to the land of immortals. Moreover, at such a close distance, the people were able to faintly see that at the deepest region of this region of water was an enormous pillar. That pillar was white in color. It extended out from the region of water all the way up to the sky into the boundless white mist.

Without even thinking, people knew right away that this region of water must be the legendary Ancient Era's Immortal Pond. As for that enormous pillar, it ought to be the Ancient Era's Immortal Needle.

"This is the Ancient Era's Immortal Pond? Never would I imagine it to be this enormous. It could simply be compared to a small sea." Seeing the vast Ancient Era's Immortal Pond, Wang Wei and the others were unable to help themselves from crying out in surprise. They were all fascinated by the Ancient Era's Immortal Pond.

"Let's go. Let's check out this Ancient Era's Immortal Pond." Compared to the others, Chu Feng merely took a slight appreciation of the Ancient Era's Immortal Pond's beauty. Afterwards, he began to proceed toward it.

If it was said that the purpose of Wang Wei and the others in coming here was merely for the Ancient Era's Immortal Pond.

Then, the purpose that Chu Feng now had in coming to here included the Ancient Era's Immortal Needle in the deepest region of the Ancient Era's Immortal Pond.

Chapter 1065: The Elf Lord's Request

"Chu Feng..." However, right at this moment, a familiar voice suddenly sounded. Looking to the voice, Elder Gongsun was actually standing midair in the distant horizon and rapidly flying towards Chu Feng and the others.

At this moment, Elder Gongsun was drenched in sweat. His complexion was also quite pale. It was evident that he had been affected a bit from crossing through the forest. However, the current him was displaying an overjoyed expression. After arriving before Chu Feng and them, he first heaved a long sigh of relief, as if a large boulder in his heart had been lifted.

"Chu Feng, you all are fine. This is truly great," said Elder Gongsun with a smile.

"Elder Gongsun, how come you're here?" Chu Feng and the others were surprised by Elder Gongsun's appearance.

"Heh, this is something that I cannot explain clearly in a small amount of time. In short, Lord Headmaster felt that there are people meaning to do something to you all. As for those people, it was very likely for them to be from the Han family. He feared that something might happen to you all, thus he had me follow in to protect you."

"However, who would've thought that you all would walk that fast. I didn't manage to catch up to you at all. Moreover, since the forest was that enormous, trying to find you all was simply like trying to fish a needle from the sea. Adding on the fact that there was quite a pressure within it, I decided to not linger in the forest, to quickly get to the other side instead and hope that you all would be able to safely come out from it too."

"I am relieved to see you are all completely safe and sound. It would seem that this time around, Lord Headmaster had been paranoid. Those nine people in black clothes are simply not from the Han family nor had they come to bring you all harm." Said Elder Gongsun.

"Elder Gongsun, you're wrong about that. We did encounter those nine

black clothed people. Moreover, they are indeed from the Han family.” Said Wang Wei in a low voice.

“What? You’ve encountered them? And they’re really from the Han family? Did they do anything to you all?” Hearing what Wang Wei said, Elder Gongsun’s expression took a great change. He now had an expression of worry.

Seeing this, Wang Wei lightly smiled. She then moved over to beside Elder Gongsun’s ear and, using a voice that only Elder Gongsun could hear, began to explain about what happened.

Hearing Wang Wei’s narration, Elder Gongsun’s expression went from joy to worry, from surprise to shock. It could be said that his expression was as wondrous as it could be.

In the end, his expression turned to a joyous smile that he could not contain. The gaze that he looked to Chu Feng with was filled with gratification and admiration. He walked over to Chu Feng, patted his shoulder and then said, “Chu Feng, this time it is all thanks to you. Else, if something was to happen to you all, I would not be able to escape punishment either.”

“Elder Gongsun is worrying too much.” Chu Feng smiled.

“Sigh. That’s strange. For Chu Feng and Wang Wei to be able to reach this place is among expectations, but how come all of you managed to pass the forest and reach this place?” Suddenly, Elder Gongsun’s vision shifted. He looked to all of the disciples and displayed a shocked expression.

“Elder Gongsun, about this matter...we would have to thank junior brother Chu Feng again.” Seeing this, Wang Wei began to explain about what had happened to Elder Gongsun again.

“Great, great, great. This is truly too great.” After hearing Wang Wei’s narration, Elder Gongsun was so excited that he shouted three ‘greats’ in succession. He then turned to Chu Feng and said,

“In order to allow all of our disciples to pass through that forest, every

generation of our Southern Cyanwood Forest's Lord Headmasters have thought of countless different countermeasures. However, none of them were of any use. In the end, we had no choice but to give up on them and let the disciples take on the trail with their own strength."

"However, never would I imagine that the thing that every generation of our Lord Headmasters failed to accomplish would actually be accomplished by you, Chu Feng. This time around, not only have you helped them, you have also helped our entire Southern Cyanwood Forest."

Wang Wei and the others were also nodding in approval as Elder Gongsun said those words. That was because there were close to ten thousand people that entered this place. However, the number of people that managed to pass through the forest, as far as their eyes could see right now, numbered to merely over a hundred people. Even if there were still a lot of people behind, not all of them would be able to pass through the forest. At the very least, half the people behind would not be able to pass through the forest.

This not only displayed how difficult the forest was; it also illustrated that practically no one could figure out a method to easily pass through the forest; however, Chu Feng did and told it to them.

Although this might be a very small matter to Chu Feng, to the Southern Cyanwood Forest, at least to the future outstanding disciples of the Southern Cyanwood Forest, it was a priceless treasure.

"Elder Gongsun, since you've come here, join us in experiencing this miraculous Ancient Era's Immortal Pond." Suddenly, Wang Wei said that.

"Mn. This is truly nostalgic. The last time I've come to the Ancient Era's Immortal Pond was in my youth. The me from back then was about only a couple years older than you all."

"In a blink of an eye, close to two hundred years has sorrowfully passed. From the young and vigorous youngster back then, I have now turned into a white haired old man. However, this Ancient Era's Immortal Pond did not change in the slightest." Sighed Elder Gongsun with sorrow.

"Elder Gongsun, so you've actually been here before? In that case, are

there any special places here that we need to take note of? You must definitely give us some pointers.” Hearing what Elder Gongsun said, the disciples asked together.

“Heh, there’s really nothing that could be considered as pointers. It’s just that although the Ancient Era’s Immortal Pond appears to be right before us, it is actually not opened yet. There is a layer of formless spirit formation that is sealing the Ancient Era’s Immortal Pond. Right now, it is impossible for us to enter it.” Said Elder Gongsun.

“What? Can’t enter it? Could there be even more trials?” Hearing those words, many disciples displayed worried expressions.

“Haha, there’s no more trial. It’s merely that it hasn’t been a day since the forest trial started. After a day has passed, the Ancient Era’s Immortal Pond’s sealing spirit formation will open by itself. At that time, we would be able to enter the Ancient Era’s Immortal Pond.” Explained Elder Gongsun.

At this moment, the disciples who were worried heaved sighs of relief. They then asked, “So that was the case. Then, Elder Gongsun, what should we do now?”

“I’m afraid that we will have to camp out here tonight. However, there’s no harm in that either because the nightscape of the Ancient Era’s Immortal Pond is very beautiful.”

Elder Gongsun smiled. He then selected a pretty decent place and began to build spirit formation houses. Seeing this, Chu Feng and the others also ran over to help him.

However, at the time when Chu Feng and them were forced to spend the night in the open outside of the Ancient Era’s Immortal Pond with wind as their dinner, a grand and imposing palace was on the other side of the Ancient Era’s Immortal Pond.

A large number of people were gathered in this palace. These people had slim figures. Yet, they possessed extraordinary aura. They had pointy ears, yellow hair and green eyes.

Although their appearance was slightly different from that of humans, they possessed a special sort of beauty. As for their identity, they were naturally the rulers of this place, the Ancient Era's Elves.

The Ancient Era's Elves possessed a lot of domains. The domains they owned practically covered the entire Holy Land of Martialism. In every domain, there was a person in charge. This person was called the Elf Lord.

The Elf Lord of this domain was called the Southern Elf Lord. That was because this domain was the Southern Domain in the Ancient Era's Elves' world.

The Southern Elf Lord was extremely powerful. His cultivation was at the Half Martial Emperor level. However, he was no ordinary Half Martial Emperor. His cultivation was frighteningly profound. At this moment, he was standing at the peak of the palace. All of the Ancient Era's Elves of the Southern Domain were expressing expressions of reverence towards him.

However, such a person of high status and powerful strength was looking at a young Ancient Era's Elf with an amiable smile on his face. Moreover, with a requesting tone, he said, "Lord Xian Kun, it is all up to you this time."

1. Chinese equivalent of finding a needle in the haystack.

Chapter 1066: Little Burglar Girl

“Southern Elf Lord, your words are too modest. As I am also an Ancient Era’s Elf, this is something that I should do.”

“Furthermore, it is merely triggering an Ancient Era’s Immortal Needle. To me, such a thing is merely a piece of cake and not worthy of mention.” This Ancient Era’s Elf was truly young. His age was about the same as Chu Feng, being at the early twenties.

However, his cultivation was greatly superior to Chu Feng’s. He was actually a rank five Martial King. The most important matter was that although he was also an Ancient Era’s Elf, the clothes he wore were different from the masses.

A special symbol was on his clothes. That symbol was weaved using a special sort of plant. Moreover, the color of the symbol was the same as the green cloak that he wore. Thus, it was impossible for ordinary people to see its difference.

However, the Ancient Era’s Elves knew about the importance of that symbol. This was also why the Southern Elf Lord was so courteous towards this youth.

However, it was merely one of the reasons. As for the other reason, it was because this Ancient Era’s Elf by the name of Xian Kun was a genius that possessed the capability to trigger the Ancient Era’s Immortal Needle.

“What Lord Xian Kun said is correct. However, our Southern Domain has been unable to trigger the Ancient Era’s Immortal Needle for many years now. To be frank, we have been bringing shame upon the name of Ancient Era’s Elves.”

“Now that Lord Xian Kun has come, if you’re able to successfully trigger the Ancient Era’s Immortal Needle, I would, at the very least, be able to raise my head up when facing the other Elf Lords in our race’s general assembly.”

“Thus, no matter what, I must thank Lord Xian Kun. This meager gift is

merely a reflection of my appreciation. I hope that Lord Xian Kun would accept it.” As he said those words, the Southern Elf Lord handed over a Cosmos Sack to the Ancient Era’s Elf by the name of Xian Kun.

Xian Kun received the Cosmos Sack and displayed a satisfied smile. While placing the Cosmos Sack away, he said confidently, “Rest assured, even the golden Ancient Era’s Immortal Needle in the kingdom was almost triggered by me. There’s no need to mention about a mere silver Ancient Era’s Immortal Needle that you have here.”

“That’s of course.” The Southern Elf Lord also nodded with a smile on his face. At the same time, he turned his gaze toward the Ancient Era’s Immortal Needle in the distant. His eyes were filled with anticipation. He truly anticipated for the Ancient Era’s Immortal Needle to give off green lightning that covered the entire southern domain’s sky once again.

“Oh, that’s right. Where’s the princess? Is she not back yet?” Xian Kun suddenly asked.

“Lady Princess said that she wanted to personally sense whether the Ancient Era’s Immortal Flower is present and refused to allow us to follow her. Thus, we also do not know where she has gone to.” The Southern Elf Lord answered.

“Mn, the princess is, after all, very young. It is normal for her to want to play around. Although the Immortal Pond is about to open now and many humans and monstrous beasts have come in here, I believe that with their measly bits of ability, not a single one of them would be able to injure the princess.”

“Merely, from today till three days later is the period of time in which the energy of the Ancient Era’s Immortal Pond is the densest. For us to allow those humans and monstrous beasts to enjoy it together with us, it is a great bargain for them.” Said Xian Kun in a slightly displeased manner.

“There’s nothing we can do about this. It is, after all, a rule left behind by our ancestor. If we wish to blame anyone, we could only blame it on the human race’s Qing Xuantian being too powerful. Not only did he defeat

our ancestor, he even saved our race. He is a great benefactor to our Ancient Era's Elves. Thus, ever since then, every successive generation of our King would comply with the agreement our ancestor had with Qing Xuantian." Said the Southern Elf Lord.

"Humph. We have already allowed them to enjoy it for ten thousand years now. Is this not enough?"

"In the future, when I become a Martial Emperor and become a great general, I will definitely suggest to the King to stop allowing the humans and monstrous beasts from enjoying our Ancient Era's Immortal Ponds anymore."

"Moreover, I would also personally seize back those Ancient Era's Immortal Ponds that are in the hands of the humans." Saying till this, a flash of arrogant fierceness appeared in Xian Kun's eyes.

Chu Feng and the others were ignorant of the conversation that had happened between the Southern Elf Lord and Xian Kun. When they finished constructing the spirit formation house, Chu Feng and the others entered into it.

Because Elder Gongsun told them that the Ancient Era's Immortal Pond was a very exhausting place to be in, Chu Feng and the others decided to sleep early after entering into the house.

At the dawn of the next day, Chu Feng was woken up by a crisp ringing sound from outside. The moment when Chu Feng exited the spirit formation house, he discovered that there were countless spirit formation houses set up outside of the Ancient Era's Immortal Pond.

At this moment, people from various different groups were walking out from those spirit formation houses. After a day and night, there were about four thousand people that passed through that forest. Considering the pressure of that forest, this number was quite a considerable amount. That was because this was equivalent to having close to half of the people who entered the forest managing to successfully pass through it.

However, the shocking matter was that among these close to four thousand people, close to two thousand were disciples of the Orion

Monastery. In other words, of the three thousand Orion Monastery disciples, the majority of them had passed the forest trial. Moreover, they had occupied half of the people that passed the forest trial.

“It’s finally starting.” At this moment, Elder Gongsun also walked out. He looked to the direction where the crowd gathered. The smile on his face grew a bit denser.

That location was the place where the ringing sound originated from. It was also the place where everyone had gathered. As for the ringing sound, it was naturally something that the Ancient Era’s Elves sounded. At this moment, they were currently handing something to everyone.

“What is that?” Asked Wang Wei curiously.

“Something good. Let’s go over and receive them.” Elder Gongsun feigned to be mysterious. He did not explain what they were and instead started leading the group over there.

After arriving there, Chu Feng and the others discovered that the Ancient Era’s Elves were actually very generous. Before the Ancient Era’s Immortal Pond open, the Ancient Era’s Elves had already prepared some medicines for them.

It was said that after taking this medicine, one would be able to absorb the energy in the Ancient Era’s Immortal Pond even better for a period of time.

Although it was said to be medicine, it actually appeared more like food. At the very least, it smelled very delicious. Due to the fact that the Ancient Era’s Immortal Pond would only open for three days, everyone was handed three medicine pellets.

“Stop right there. Damned girl, give me back my medicines.” Right at the moment when Chu Feng and the others were examining the medicines handed to them, shouts suddenly sounded from the distance.

Chu Feng was able to clearly see that there was a girl rapidly shuttling through the crowd and was frantically running towards their direction.

This girl was holding something in her hand. At this moment, she was

stuffing her mouth with the things in her hand. Chu Feng and the others all recognized that those things were the medicines handed to them by the Ancient Era's Elves.

"Damned girl, I shall see where you can run off to." That little girl originally wanted to shuttle through Chu Feng and the others. However, right when she reached Chu Feng and the others, a large hand suddenly appeared and tightly grabbed the little girl's shoulder, pulling her back.

"Aiyo." The sudden strength pulling her back caught the little girl off-guard. She cried out in alarm with her sweet-sounding voice.

At this moment, Chu Feng and the others saw that the person who caught the little girl's shoulder was a young man. His cultivation was not weak, being a rank nine Martial Lord. The most important thing was his outfit. It was clearly the outfit of an Orion Monastery's core disciple.

"Return to me my medicines." At this moment, anger was written all over that disciple's face. He held the little girl by her neck from behind and directly lifted her up. He raised his palm toward the little girl's clothes, he was planning to search the little girl's body.

Wang Wei and the others were shocked by this scene. Even though she was merely a little girl, she appeared to be about twelve years of age based on her appearance.

That age could be considered as almost a woman. Thus, the little girl's body was, to a greater or lesser degree, somewhat developed.

Moreover, this little girl had long hair, pitch black eyes, and fair white skin as soft as water. From a single glance, one could tell that she would become a beauty once she's older.

Thus, regardless of what sort of crime that little girl had done, it was still unduly for this Orion Monastery's disciple to publicly search her body.

"Stop."

Right at the moment when the man's hand was about to enter into the little girl's clothes, Chu Feng acted. He grabbed the man's hand, preventing his unduly behavior.

Chapter 1067: I'm Not Telling You

"Release my hand. My business is not something that you can interfere in." Seeing that there was actually someone who decided to stop him, and that person was a Southern Cyanwood Forest disciple on top of that, a displeased expression appeared on the angry face of that Orion Monastery's disciple. He waved his arm and tried to shake off Chu Feng's hand.

However, Chu Feng's arm was as rigid as steel. Even though that Orion Monastery's disciple used a great amount of strength, he was unable to shake off Chu Feng's hand.

"Release her." Chu Feng spoke with a calm voice. However, there was a faint trace of deterrence within his voice.

Moreover, at this moment, Chu Feng had already begun to slightly increase the strength of his hand's grip which gave an enormous pressure on the wrist of that Orion Monastery's disciple. He even felt a sensation that his wrist was about to break.

"You..."

Seeing that the situation wasn't good, even though that Orion Monastery's disciple was unwilling to, he still hurriedly released the little girl. That was because a lot of people were gathered here. As a core disciple of the Orion Monastery, he did not want to shame himself before the crowd.

Seeing this, the little girl hurriedly ran away from the Orion Monastery's disciple and hid behind Chu Feng. She tightly grabbed Chu Feng's clothes with her little hands. It was as if she had grabbed onto her savior. Her timid appearance was truly lovable.

"Do you know this girl?" Suddenly, someone asked. It was not the man who caught the little girl. However, this person was also a disciple of the Orion Monastery.

There were a lot of people from the Orion Monastery. At this moment,

practically all of the surrounding people were from the Orion Monastery. Moreover, regardless of whether they were men or women, they were all looking at Chu Feng with ill intended gazes.

“Not at all.” Chu Feng shook his head. No matter how oppressive his opponents were, Chu Feng was still as calm as ever. There was not the slightest trace of fear in his face.

“If you don’t know her, then why did you meddle in our business?” Another disciple from the Orion Monastery shouted. Moreover, at this moment, more and more disciples from the Orion Monastery came over. Judging from their appearance, it seemed as if they were trying to overwhelm Chu Feng with their oppressiveness.

“What happened?”

Right at this moment, a voice suddenly sounded from the crowd. Upon hearing this voice, the disciples of the Orion Monastery immediately moved aside. At this moment, Chu Feng and the others saw a beautiful and elegant young man walking over from the crowd.

When this person appeared, the people of the Orion Monastery all displayed expressions of reverence. One could tell that the identity of this person was definitely extraordinary.

As for this person, he was someone that Chu Feng and the others have seen before; one of this year’s most outstanding genius disciple of the Orion Monastery, Yuan Qing.

“Brother Yuan Qing, that girl stole the medicines handed to me by the Ancient Era’s Elves. I planned to snatch it back from her but who would’ve thought that this Southern Cyanwood Forest’s disciple decided to shield that girl for no reason at all.” Seeing Yuan Qing’s appearance, that disciple who had his medicinal pellets stolen hurriedly complained to Yuan Qing.

“Oh?” Hearing what had happened, Yuan Qing cast his gaze over to Chu Feng. His gaze contained a clear sense of displeasure.

“It’s merely medicinal pellets. I’ll give mine to you, so stop making things difficult for a little girl.” Chu Feng knew that the medicinal pellets

had already been swallowed by the little girl. Thus, he directly threw the three medicinal pellets in his hand over to them.

Upon seeing the medicinal pellets in Chu Feng's hand, that disciple's eyes shined. He extended his hand and received those medicinal pellets. However, who would've thought that, right at this moment, Yuan Qing suddenly grabbed his wrist and stopped his movement. He then said to Chu Feng, "You think that we would let things be after you return what was stolen from us? If things could be solved that easily, would the law of the land even exist anymore?"

"What do you want then?" Seeing that they were unwilling to forgive, a trace of displeasure flashed through Chu Feng's eyes. While this Yuan Qing might be a genius to the others, he was not anyone special in Chu Feng's eyes.

"What I want? You're the thief here, yet you're acting like you're in the right?"

"That's right. You're shielding a thief! Yet you dare to act so unyielding! Did you take our Orion Monastery to be the Black Python Stronghold?! We are not a power that would allow you to bully us as you wish!"

Seeing that Chu Feng actually dared to talk back, the disciples of the Orion Monastery all displayed angry expressions. There were even some who had already exposed their killing intent toward Chu Feng.

"Little friend Yuan Qing, I am the Southern Cyanwood Forest's Punishment Elder Gongsun Kuo."

"She is, after all, a child. Even if she had stolen your medicines, it must've been done unintentionally. How about giving this old one here some face and let her go? What do you think?" Seeing that the situation was turning bad, Elder Gongsun hurriedly stood out.

"Since even an elder like you have spoken, I would definitely give you the face. However, elder, you are unrelated with this girl, why are you so inclined to care about this matter? Someone as experienced as yourself ought to know that it is best to not meddle in another's business. You must definitely not bring about calamity upon yourself because of mere

ignorant heroism.” After Yuan Qing said those words, he turned around and left.

Seeing this, that Orion Monastery’s disciple immediately took the medicinal pellets from Chu Feng’s hand. Then, the Orion Monastery’s disciples coldly snorted and gave Chu Feng angry gazes before turning around to leave.

“Huuu~~” After the people from the Orion Monastery left, Elder Gongsun heaved a long sigh of relief. Then, with a worried expression, he looked to Chu Feng and said, “Chu Feng, I’m afraid that you’ve brought trouble upon yourself.”

“The people from the Orion Monastery are not to be trifled with. Although they would not dare to do anything to you here because there is the deterrence of the Ancient Era’s Elves, but once you leave this place, they would dare to do any and everything.”

“Especially you. In the future, you would be entering the Cyanwood Mountain as disciples. At that time, they would inevitably point their spearheads towards you all. Adding on how powerful the Orion Monastery is in the Cyanwood Mountain, if they were to truly harbor ill intent for you, then your days in the Cyanwood Mountain might become difficult.”

“Elder Gongsun, does the Cyanwood Mountain allow for their disciples to fight each other at will?” Chu Feng asked.

“Of course they would not allow for it. However, everyone knows that the disciples of the Cyanwood Mountain would compete with one another either openly or secretly. The competition among the core disciples is even more distinct. Thus, sometimes the Cyanwood Mountain would also turn a blind eye to what might be happening.” Said Elder Gongsun.

“As long as they do not dare to act in the open, everything would be fine. Furthermore, if they truly were to refuse to let such a small matter go, I would let them know that I, Chu Feng, is not that easily bullied.” Although he knew that his previous actions might have created a great enemy for himself, Chu Feng did not display the slightest trace of fear on his face.

“Sigh. I hope that to be the case. However, even though our Southern

Cyanwood Forest had been in decline for many years, we still possess some connections in the Cyanwood Mountain. If they truly planned to harm you, they would, at the very most, only be able to make things difficult for you and not be able to bring about dangers to your life.” Said Elder Gongsun.

“Mn, where did that little girl go?” Suddenly, Elder Gongsun looked behind Chu Feng and said in shock.

“What?” Hearing those words, Chu Feng’s pupils suddenly shrunk. A shocked expression emerged on his face. He was surprised to discover that the little girl hiding behind him had disappeared. Moreover, he did not even notice her disappearance in the slightest.

“Hey, what’s your name?” Right at this moment, a young and sweet voice sounded from a place not far away. Turning his gaze to look, it was that little girl. Moreover, at this moment, the little girl had her hands behind her back and was walking toward Chu Feng.

“Heh, my name’s Chu Feng, what’s your name?” Chu Feng bent down and asked with a smile.

“Oh. So your name’s Chu Feng? Very well. Chu Feng, thank you for helping me. Consider this as my thanks.” The little girl stuffed a Cosmos Sack into Chu Feng’s hand.

After inspecting the items within the Cosmos Sack, Chu Feng’s eyes shined. When he managed to react, he discovered that the little girl was currently walking towards the crowd with her hands behind her back.

“Hey, little lady, you haven’t told me your name yet.” Seeing this, Chu Feng asked with a smile on his face.

Hearing Chu Feng’s question, that little girl turned around and exposed a sweet and slightly naughty smile. She said, “I’m not telling you.”

After saying those words, the little girl turned around and skipped into the crowd. Judging from her appearance, she appeared to be in a good mood.

Chapter 1068: Entering the Immortal Pond

“This girl... it appears that she isn’t that simple.” Seeing the back view of the little girl as she left, surprise was written all over Elder Gongsun’s face.

“That’s right. That little girl, her age is so young yet she was able to steal medicines from a rank nine Martial Lord. That was already abnormal. Then, she suddenly left without any of us detecting it. That is simply extraordinary.”

“It’s more than extraordinary, it could even be said to be mystical. Without mentioning of where she came from, with her age, she should have only started martial cultivation; how could she have managed to pass through the forest trial?”

Actually, not only was Elder Gongsun shocked, Wang Wei and the other disciples were also shocked. That was because, at this point, as long as one was not a fool, they would realize that the little girl was extraordinary and most definitely not an ordinary child.

“Junior brother Chu Feng, what did that little girl give you?” After exclaiming their shock and surprise, Wang Wei and the others cast their gaze toward the Cosmos Sack in Chu Feng’s hand. They were extremely curious as to what was in the Cosmos Sack.

“Elder Gongsun, do you know if there would be side effects if we were to take a lot of the medicinal pellets handed to us by the Ancient Era’s Elves?” Chu Feng did not respond to everyone’s curiosity. Instead, he turned to Elder Gongsun and asked.

“Side effects? Of course not. It is said that the more of that medicinal pellet one takes, the more beneficial it would be. How could it possibly have side effects?”

“Back when I was young, there had once been a Cyanwood Mountain subsidiary power that, for the purpose of cultivating one of their outstanding disciples, ordered all of their disciples to hand their medicinal pellets to that disciple to use. That disciple ended up obtaining a great harvest and directly reaching a breakthrough in the Ancient Era’s

Immortal Pond.” Said Elder Gongsun.

“In that case, I am relieved.” Chu Feng lightly smiled. He then threw the Cosmos Sack in his hand over to Wang Wei and said, “Elder sister Wang Wei, distribute them to everyone. Thirty pellets per person.”

“What?” Hearing what Chu Feng said, Wang Wei was first startled. But, when she inspected the Cosmos Sack given to her by Chu Feng, she became greatly shocked. It turned out that the Cosmos Sack was filled with those medicinal pellets that were handed to them by the Ancient Era’s Elves. Moreover, their quantity was enormous - there were close to a thousand such medicinal pellets.

While she was shocked, Wang Wei still kept her composure and began to secretly distribute the medicinal pellets to everyone. Whenever a disciple obtained their distribution of the medicinal pellets, their expressions were filled with extreme shock before being replaced with ecstasy. After their pleasant surprise passed, they cast their gaze at Chu Feng. Moreover, their gazes were filled with envy and admiration.

Earlier, when Chu Feng acted to save the little girl, they were confused about why he did that. After all, his opponent was someone from the Orion Monastery.

However now, they began to feel envy and admiration for Chu Feng. That was because this result had shown them that the little girl that Chu Feng saved was extremely extraordinary.

Indeed; for the purpose of saving the little girl, Chu Feng offended the Orion Monastery. However, it was also because he saved the little girl that Chu Feng got to meet an important person.

Based on what the little girl displayed, only Heavens knew what sort of powerful character or strong power was behind her back. However, they all felt that whatever it might be that stood behind her, it would be a lot more powerful than the Orion Monastery. Otherwise, how could they nurture such an outstanding little girl?

And now, Chu Feng had become this little girl’s benefactor. How could they not envy him?

Faced with the gazes of envy and admiration from the disciples, Chu Feng was awfully at ease. Back then, he merely saved the little girl because he couldn't bear to see her being bullied like so. He did not think too much about it.

Even now, after he knew how extraordinary that little girl was, Chu Feng still did not have any thoughts of obtaining benefits from her. That was because what he had done earlier was nothing more than a slight effort. These medicinal pellets the little girl had given him were more than enough to compensate Chu Feng. Thus, in Chu Feng's heart, they were already even.

After Wang Wei finished distributing the medicinal pellets, there were still quite a bit remaining. Chu Feng kept a portion to himself and gave the rest to Elder Gongsun.

Elder Gongsun had already reached rank eight Martial King since a long time ago. However, he had been unable to break through to rank nine Martial King for a very long time. It was all because he was unable to achieve that slight bit of comprehension between rank eight and rank nine Martial King to break through.

The Ancient Era's Immortal Pond was also known as the sacred land for cultivation and contained numerous insights for cultivators. Thus, as Elder Gongsun had come to the Ancient Era's Immortal Pond, it would be greatly beneficial to him and might even allow him to obtain the insight to break through into rank nine Martial King.

Elder Gongsun was also conscious about this matter. Thus, he did not reject Chu Feng's good intentions. Merely, in addition to gratefulness, he was rejoicing in his heart. He rejoiced the fact that when he was being forced back by Han Qingyu, he chose to protect Chu Feng. As he knew now, the youngster before him was worthy of him doing so.

"It's opening. The spirit formation that seals the Ancient Era's Immortal Pond has been opened. We can enter into the Ancient Era's Immortal Pond to train now." Suddenly, the enthusiasm of the whole crowd was aroused. Many people even began to cheer.

Turning their gazes to look, there was indeed a ripple at the direction of the Ancient Era's Immortal Pond. Below that ripple was a gap. Evidently, that ought to be the entrance to the Ancient Era's Immortal Pond. The sealing spirit formation was indeed opened. However, it only opened an entrance. However, regardless, they were now able to truly enter into the Ancient Era's Immortal Pond.

Once the spirit formation opened, the people rushed into the entrance. After all, they were only permitted to train in the Ancient Era's Immortal Pond for three days. To them, these three days could be said to be extremely difficult to obtain. Thus, they must naturally make every second count and not waste the slightest amount of time.

In this sort of situation, Chu Feng and the others also walked into the Ancient Era's Immortal Pond. After entering into the Ancient Era's Immortal Pond, Chu Feng discovered that while the Ancient Era's Immortal Pond was huge, it was not very deep. Or, at the very least, the outer region of the Ancient Era's Immortal Pond was not deep.

Moreover, while the water of the Ancient Era's Immortal Pond was multicolored and very gorgeous, it was also extremely clear. One could see the bottom of the pond through the water. There were neither living things or plants at the bottom of the pond. All there was were stones that appeared like jades and pearls, bringing about an even more beautiful appearance to this Ancient Era's Immortal Pond.

"This truly is a wondrous place."

Although the location Chu Feng and the others were at was merely the periphery of the Ancient Era's Immortal Pond, Chu Feng was already able to sense a special sort of natural energy. This sort of natural energy was something that he had only sensed before from mysterious objects and natural oddities. However, the natural energy in this place was extremely gentle and not berserk at all. Therefore, everyone was able to train in this place and absorb those natural energies.

"Junior brother Chu Feng, the medicinal pellets are truly useful. After taking them, I am able to sense the special power within the Ancient Era's

Immortal Pond. Quickly, try it out too. This is truly too miraculous.” Said Wang Wei to Chu Feng with joy written all over her face.

“Senior sister Wang Wei, could it be that you were unable to sense the special power of this place before taking the medicinal pellets?” Chu Feng asked.

“That’s right, before taking the medicinal pellets, I was unable to sense anything. However, after taking the medicinal pellets, I sensed that some difference.” Wang Wei nodded. However, her large eyes suddenly shined. She seemed to realized something. Startled, she asked, “Junior brother Chu Feng, could it be that you are able to sense the power of this place even without taking the medicinal pellets?”

Chapter 1069: Expectation, Desire

“No.”

Faced with Wang Wei's question, Chu Feng shook his head. He did not tell her the truth. It was not that he wanted to deliberately hide it from her, it was instead because he did not want to hurt her self-esteem.

Sometimes, there was truly an enormous gap between talents. For example, not everyone possessed Chu Feng's sensitivity.

Chu Feng knew that the Ancient Era's Immortal Pond that he sensed ought to be somewhat intrinsically different from the ones that Wang Wei and the others sensed. Chu Feng had sensed the natural energies with his own strength whereas Wang Wei and the others had used the assistance of foreign materials, the medicinal pellets, in order to sense the natural energies. Moreover, what she had sensed was likely not as profound and clear as what Chu Feng sensed.

Afterwards, Chu Feng also pretended that he didn't sense anything and swallowed a portion of the medicinal pellets. Although he felt a slight change, it was not a great effect.

Thus, Chu Feng felt that these medicinal pellets were likely capable of temporarily increasing one's sensitivity so that they could sense the things within the Ancient Era's Immortal Pond in order to assist them in training.

As for the reason why the effect of these medicinal pellets were very tiny for Chu Feng, it most likely meant that Chu Feng's sensitivity was already extremely high and did not need these medicinal pellets to increase his sensitivity. Even if he used them, he would not be able to obtain much of a result from them.

“My medicinal pellets are gone?! What's going on?! I swear I placed them in my Cosmos Sack, how come I can't find them anymore?!”

“Aiya, my medicinal pellets are gone too!”

“Are you kidding?! Mine are also gone! Who took my medicinal pellets?!”

Right at this moment, many people in the surrounding began to shout in

panic. Upon checking, Chu Feng and the others discovered that there were at least three hundred individuals who had lost their medicinal pellets. Moreover, all of them had a single common ground - they were all disciples of the Orion Monastery. Furthermore, the majority of them were the people who had surrounded Chu Feng and were trying to oppress him earlier.

“Heh...”

At this moment, the corners of Chu Feng’s lips were slightly raised. That was because he recalled the close to a thousand medicinal pellets given to him by the little girl and seemed to have realized something.

Compared to Chu Feng, the other disciples of the Southern Cyanwood Forest were unable to contain themselves and started laughing. Moreover, their laughter was extremely vile. Fearing that their vile laughter would be discovered by the people of the Orion Monastery but still being unable to contain themselves, the disciples of the Southern Cyanwood Forest started using their hands to cover their mouths. However, this only made them appear to be even more vile.

Actually, this couldn’t be blamed on them. That was because even Elder Gongsun, a senior who had lived for over two hundred years, was laughing at this moment.

As for the reason why they were laughing so happily, it was because they all felt that karma had hit those people from the Orion Monastery.

“Let’s go. Let’s not stay in this place anymore. Let’s go to the center of the Ancient Era’s Immortal Pond. That is the entrance to the deepest region of the Ancient Era’s Immortal Pond and also the place with the densest concentration of energies. If you all want to train, that place would be the best place for it.” Suddenly, Elder Gongsun called to the attention of the disciples.

After hearing what Elder Gongsun said, Chu Feng and the others discovered that, at this moment, other than them and the disciples of the Orion Monastery who had lost their medicinal pellets, the majority of the crowd were proceeding towards the center of the Ancient Era’s Immortal

Pond.

Seeing this, Chu Feng and the others did not hesitate and began to follow Elder Gongsun toward the center with rapid speed.

Everyone was walking through the water. No one chose to fly. That was because there were special energies in the Immortal Pond. Those energies were things that they wanted, so how could they possibly be willing to leave the Immortal Pond and fly?

The further they went, Chu Feng discovered that the water became deeper and deeper. Even though the water was extremely clear, the bottom of the pond started to become unable to be seen.

After they arrived at the center region, when they looked downward, what they saw was actually pitch black. It appeared as if what was below them was a bottomless pit. A single glance at that pit would give one shivers.

However, even though this was the case, people were still swimming toward the center region. None of them dove into the water, they were merely swimming and floating on the surface of the water.

Chu Feng and the others had also arrived at this place. Although they were still moving about in the water, they were also able to sense that the special energies in this region was many times denser.

However, Chu Feng was also able to sense that the dense energies were surging forth from below. In other words, the dense energies originated from the bottomless pit. That was also the so-called deepest region of the Ancient Era's Immortal Pond.

At the moment when everyone was basked in the wondrous sensation brought forth by the center of the Ancient Era's Immortal Pond, Chu Feng was staring at the colossal Ancient Era's Immortal Needle that spread from the depths of the Ancient Era's Immortal Pond and extended all the way into the boundless white mist above.

From where he was before, this Ancient Era's Immortal Needle really did appear like a needle. However, after seeing it up close, calling it a 'needle'

was truly unbefitting.

This Ancient Era's Immortal Needle was enormous. Its diameter was over a hundred meters. It was definitely not something that mortals could create. Even though Chu Feng was unable to use his spirit power, but just by merely looking at it with his eyes, he was able to tell that this Ancient Era's Immortal Needle was an indestructible item.

Moreover, the Ancient Era's Immortal Needle was filled with carvings of symbols and runes. They were things that even Chu Feng was unable to decipher. Likely, they were carved onto the Ancient Era's Immortal Needle during the Ancient Era.

“Rumble~~”

Not long after the people began to train in the center of the Ancient Era's Immortal Pond, faint rumbles sounded from the horizon at the other side of the Ancient Era's Immortal Pond. Raising their heads to see, Chu Feng and the others discovered that a lotus flower-like item was flying toward them.

Although the appearance of this item was like a lotus, its size was very big. To be exact, it appeared more like a special kind of warship.

Roughly six hundred Ancient Era's Elves were standing on top of the lotus flower warship. Like the other Ancient Era's Elves, they were all wearing green plant cloaks. It was simply impossible for one to see their facial appearance, determine their gender or their strength.

However, there were two figures standing at the front most region of the warship. Moreover, one of the two figures actually spoke with an aged yet vigorous voice.

“The location you're all in right now is the entrance to the depths of the Ancient Era's Immortal Pond. In less than an hour, the power within the Ancient Era's Immortal Pond's depths would start to flow out. At that time, the location that you're all in now would be the location the densest energy in the Ancient Era's Immortal Pond. However, it would also be the most dangerous location.”

“If you wish to live, then it’s best for you to leave this place as quickly as possible. However, if there are any among you that wish to challenge the power of the Ancient Era’s Immortal Pond in order to obtain an even better harvest, then continue to stay here.”

“However, do not blame me for not warning you all that the outflow of the Ancient Era’s Immortal Pond’s power is extremely fierce. In the past, there had been people who were unable to withstand it and ended up dying on the spot. Thus, I advise you all to assess your own capabilities and act accordingly. You must definitely not lose your lives for the sake of trying to act brave for an instant.”

Once that Ancient Era’s Elf said those words, the majority of the people began to frantically swim away from the center of the Ancient Era’s Immortal Pond. They were trying to leave this region as quickly as possible. In an instant, at this region that previously had close to four thousand people, only several hundred people remained.

“Junior brother Chu Feng, are you truly planning to challenge the deepest region of this Ancient Era’s Immortal Pond?” Seeing that Chu Feng did not have the slightest intention to leave, Wang Wei asked worriedly.

“Since I’ve come here, if I do not give it a try, I would regret it afterwards.” Chu Feng said with a smile on his face. However, one could tell his determination.

“Chu Feng, borrowing the words said by that Ancient Era’s Elf, you must assess your capabilities and act accordingly; you must definitely not try to act brave.” Seeing Chu Feng’s determination, Elder Gongsun advised.

“Elder, please rest assured, this Chu Feng knows about how to act appropriately.” Said Chu Feng.

“Mn.” Seeing Chu Feng’s confident appearance, Elder Gongsun smiled and nodded. He then turned to Wang Wei and the others, waved his hand and said, “Let’s go. While Chu Feng could try to challenge this place, I’m afraid you all would not be able to.”

After saying those, Elder Gongsun began to swim towards the outer

region. As even Elder Gongsun had said such a thing, it was naturally unbecoming for Wang Wei and the others to continue to stay here. After taking another glance at Chu Feng, they also began to swim away.

In their hearts, they knew very well. It was exactly as Elder Gongsun had said, while Chu Feng was able to challenge this place, they were incapable. Thus, not a single one of them dared to continue to stay here and had placed all of their hopes onto Chu Feng.

Although they were a bit worried, they also hoped that Chu Feng would be able to withstand the pressure of this place and win honor for the Southern Cyanwood Forest.

That was because the current Chu Feng was already no longer merely Sikong Zhaixing's hope; instead, he had become the hope of everyone in the Southern Cyanwood Forest.

Chapter 1070: Frightening Pressure

“Look over there, isn’t that the brat from the Southern Cyanwood Forest? He actually had the courage to challenge the Ancient Era’s Immortal Pond’s deepest region?”

In an instant, a large number of people had left the center of the Ancient Era’s Immortal Pond, which made it so that it would be a lot easier to recognize the people who remained. When a disciple from the Orion Monastery discovered that Chu Feng had stayed, he immediately began to mock and ridicule Chu Feng.

Regardless of what sort of attitude their elders had shown to the Southern Cyanwood Forest, these disciples had looked down upon the Southern Cyanwood Forest from the bottom of their hearts. This sort of despise was deep-rooted. On top of that, Chu Feng had a small skirmish with them earlier. Thus, they would definitely not let the opportunity to mock Chu Feng go by.

“It’s truly a disciple from the Southern Cyanwood Forest. He seemed to be the one who had insulted the Black Python Stronghold’s chief.”

“It had already been many years since someone from the Southern Cyanwood Forest dared to challenge this place. This disciple seemed to be extraordinary.”

The people from the Orion Monastery deliberately shouted with very loud voices when they discovered Chu Feng. Thus, this led to the attention of others. Merely, when they discovered Chu Feng, they did not act the same as those from the Orion Monastery. Instead of ridiculing him, they were actually looking forward to his performance.

That was because ever since the matter with the Black Python Stronghold, they had looked up to Chu Feng with a whole new level of respect and felt that he was an extraordinary disciple. Moreover, the skirmish with the Orion Monastery earlier as well as his decision to stay here to challenge this location had brought about even more of a favorable impression and expectations from the surrounding crowd. They

did not look down upon or loathe Chu Feng in the slightest.

“Woosh.” Right at this moment, from the lotus flower warship, the figure that was standing alongside the old man who had spoken earlier suddenly jumped out from the warship and landed into the Ancient Era’s Immortal Pond.

“Woosh. Woosh. Woosh. Woosh. Woosh.” Following that, the six hundred figures on top of the warship began to jump off of it and land in the Ancient Era’s Immortal Pond in succession.

Their falling speed was extremely fast. However, they did not bring about any splash of water when they landed into it. It was as if they were one with the Ancient Era’s Immortal Pond’s water to begin with. Gentle yet beautiful, their display had brought about astonishment and exclaim from the crowd.

At this moment, only a single figure remained on the warship. It was the old man who had spoken earlier. He did not jump down to the water. Instead, he looked to the crowd below and said,

“I know that the matters regarding the Ancient Era’s Immortal Needle are known among you humans and monstrous beasts. I also know that many people do not believe them to be true and feel that they were merely lies that were created by us, the Ancient Era’s Elves.”

“However, I am able to tell you all that it is the truth. The Ancient Era’s Immortal Needle is indeed capable of releasing lightning that would cover the entire sky of the Ancient Era’s Immortal Pond after being triggered. Moreover, depending on who it is that triggered it, the color of the lightning released would also be different.”

“Are they truly all real?”

Hearing those words, the crowd burst into an uproar. Although the matter regarding the Ancient Era’s Immortal Needle was rumored for many years, there were also people who did not believe in it. For the majority of them, they actually felt that it was fake.

Yet today, the Ancient Era’s Elves had confirmed that this matter was

true. This caused those people who already believed it to be the truth to believe in it even more and those who did not believe in it to begin with to become skeptical.

At this moment, many people inside the Immortal Pond were getting fired up. Especially Yuan Qing, Qin Guang and others who were confident in themselves. Impatience was written all over their faces. For these people, what they wanted to do was not to win honor for the human race or the monstrous beasts. Instead, they knew that they would become famous if they managed to trigger the Ancient Era's Immortal Needle and in turn brighten up their future.

"I know that you all from the human race and the monstrous beast race wish badly to trigger the Ancient Era's Immortal Needle. I could also tell that some among you have already grown impatient. I am able to tell you all the method of triggering the Ancient Era's Immortal Needle. As long as you're able to reach the deepest region of the Ancient Era's Immortal Pond and persist in that place for a mere moment, you would be able to trigger the Ancient Era's Immortal Needle."

"If all three races managed to reach the deepest region of the Ancient Era's Immortal Pond, then it would be determined by who would be able to persist in that region for the longest. The Ancient Era's Immortal Needle would be triggered by the person who persists in the deepest region for the longest."

"I have already told you all the method. As for whether you'll be able to trigger the Ancient Era's Immortal Needle, that would all depend on your own abilities. However, I must remind you all that the Ancient Era's Immortal Pond's deepest region is not a place that anyone could enter as they please. Many people have died in there."

"Soon, the power from the depths of the Ancient Era's Immortal Pond would reach the surface of the water. You all, experience that for yourselves first. See if you're able to persist in that energy for an hour before trying to dive into the water. However, the deeper you reach, the more powerful the power would be. It would be best for you all to assess your own capabilities and act accordingly. Otherwise, if an accident was to

happen to you, we, the Ancient Era's Elves, would not take any responsibility." Said that Ancient Era's Elf.

"Bubble, bubble, bubble, bubble, bubble..."

Not long after that Ancient Era's Elf finished explaining to the crowd, strange sounds started to come from the bottom of where Chu Feng and the others were floating. Soon, a large amount of bubbles started to rush forth from the bottom.

Finally, the bubbles reached the surface of the water. At this moment, at the region of water where Chu Feng and the others were at, the water began to flare up like boiling water.

At this moment, many people began to display expressions of pain. There were even people who hurriedly leaped out of the water, leaving this region of water.

That was because, at this moment, a frightening pressure appeared in that region of water. That pressure was not something that ordinary people could endure. As for that pressure, it was the power from the depths of the Ancient Era's Immortal Pond that that Ancient Era's Elf had mentioned.

At this moment, other than a small portion of people who were taking this opportunity to train and not bother with what was going on, the majority of the people were frozen in their original location with their gazes on Chu Feng and the others. They wanted to know exactly how many people would be able to persist under that sort of pressure for an hour as well as who these people were.

Time slowly passed. It appeared to be extremely long and slow. This was especially true to the people inside that region of water. It was simply an enormous torment.

In that sort of condition, there was a continuous flow of people leaving that region of water. Some hurriedly swam out from the center region. Some hurriedly soared to the sky. There were also some who were unable to persist but still stubbornly continued only to end up losing consciousness while puking out foam from their mouths and ended up

being saved by others.

Finally, an hour had passed. Of the close to five hundred people that had stayed behind, only twenty-five remained.

Of these twenty-five people, five were monstrous beasts. At the very least, five among them had already turned into their monstrous beast forms. Although their monstrous beast forms were a bit unsightly, it remains that the monstrous beast's true form were their strongest form.

As for the remaining twenty people, ten among them were disciples of the Orion Monastery. This number had reconfirmed to the people that the Orion Monastery was the overlord of this region that possessed an unwavering position.

Other than the disciples of the Orion Monastery, there were ten other people remaining. There were men, women, old and young among these ten people. The youths were from famous families. As for the old ones, they were famous experts. However, there was an exception – Chu Feng.

“That disciple of the Southern Cyanwood Forest actually managed to persevere.”

“Inconceivable! No wonder Headmaster Sikong would shield him like so. So it was because that this child is actually extraordinary.”

The twenty-five people that managed to persist in the pressure for an hour became the focus of everyone's attention. As for the person who was the main focus of everyone's attention, it was Chu Feng. His status as a disciple of the Southern Cyanwood Forest had brought about shock to the others.

At the very least, at this moment, the number of people discussing Chu Feng had surpassed that of Yuan Qing and Qin Guang. This brought about great displeasure to the disciples of the Orion Monastery. Especially that Yuan Qing and Qin Guang, there were traces of chilliness in their eyes.

Chapter 1071: Mysterious Life Form

Although Chu Feng and the other twenty-four individuals had become the focus of the crowd and were even thought to be exceptionally talented.

The difference between them and the Ancient Era's Elves was still enormous. That was because of the six hundred people from the Ancient Era's Elves that had entered into the Immortal Pond, not a single one had left the center region. All of them had managed to withstand the frightening pressure from the depths of the Ancient Era's Immortal Pond.

"The Ancient Era's Elves are amazing. Not a single one of them have actually left that region of water." Seeing this scene, there were people who appeared to have already anticipated it. However, for others like Wang Wei, they were extremely shocked.

"It is said that the Ancient Era's Elves were born from the Ancient Era's Immortal Ponds. While the Ancient Era's Immortal Ponds might reject other species, how could they possibly reject these Ancient Era's Elves who were their own offsprings?" Elder Gongsun explained.

"Born from the Ancient Era's Immortal Ponds? Elder Gongsun, what exactly are the true forms of these Ancient Era's Elves?" Asked Wang Wei and the others curiously.

However, Elder Gongsun shook his head when faced with their questions. He said, "That has been a riddle the entire time. There are many theories as to what their true forms are. However, there is no one who could verify whether any of those theories are true."

"Woosh. Woosh. Woosh. Woosh. Woosh."

However, right at this moment, the Ancient Era's Elves flipped their bodies. Like carps, they displayed an elegant arc and entered into the Ancient Era's Immortal Pond. With extreme speed, they dove into the pitch-black depths of the Ancient Era's Immortal Pond.

"Woosh. Woosh. Woosh. Woosh. Woosh."

Following them, Yuan Qing, Qin Guang and the others also flipped over

and dived into the Ancient Era's Immortal Pond.

However, other than Yuan Qing and Qin Guang, not a single person was able to match up with the speed of the Ancient Era's Elves. There were even people who immediately swam back into the water surface with strenuous expressions right after they dived in.

In the end, of the twenty-five individuals who managed to withstand the pressure on the surface of the water, only twenty of them managed to successfully dive into the water. Slowly, they dove deeper into the water, but soon enough there were people who were unable to withstand the pressure within the water and rushed back into the surface. There were also people who, after diving a certain amount, stopped diving deeper into the water and began to train.

That was because those people had reached their limits. Training in that place would give them a much better result than training on the surface of the water.

At this moment, of the twenty individuals, there were only ten who were able to continue to dive deeper. As for Chu Feng, he was among these ten individuals.

Chu Feng's diving speed wasn't fast, in fact, it was relatively slow. That was because he was able to sense that the pressure within the Ancient Era's Immortal Pond was indeed extraordinary. The deeper he dove, the greater the pressure became.

Actually, this sort of pressure was nothing much to Chu Feng. He was fully able to speed up his diving. At the very least, he would be able to be faster than Yuan Qing, Qin Guang and even the Ancient Era's Elves.

The reason why he was diving so slow was because he was planning to preserve his physical strength. He planned to gradually allow his body to adapt to the change in pressure. Like that, he would be able to persist in the water for a longer time.

He knew that this Ancient Era's Immortal Pond was very deep and that it was still a long way till he would reach the bottom. It was simply not a task that he could try to accomplish quickly. In this sort of place, to

gradually dive deeper was a better choice.

As he continued to dive into the water, the people beside Chu Feng began to pull apart from him. They had become incapable of withstanding the pressure within the water. As for Chu Feng, he remained as relaxed as before.

Right now, Chu Feng had already entered into the pitch-black area. Lifting his head, he was no longer able to see the slightest trace of light. This area could truly be said to be pitch-black. Moreover, frightening pressure filled the area. Even though Chu Feng was a cultivator, he was still unable to see anything here.

Fortunately for Chu Feng, he was no ordinary cultivator. In addition to being a cultivator, he was also a World Spiritist. Moreover, Chu Feng was no ordinary World Spiritist, he was a World Spiritist who possessed the Heaven's Eyes.

Thus, when Chu Feng activated his Heaven's Eyes, he was able to see clearly everything within five hundred meters range of his line of sight.

Chu Feng discovered that the region of water that he was currently in ought to be the deepest region of the Ancient Era's Immortal Pond. That was because only a small portion of region of water above where he currently was contained that sort of frightening pressure. Moreover, this pressure appeared like a tunnel and did not flow out at all.

However, his surrounding several tens of thousands of meters were filled with that frightening pressure. It truly appeared to be dark and frightening.

However, because Chu Feng had been diving downwards in a straight line the entire time, the Ancient Era's Immortal Needle was at a place not far from him. This assured him that he had not lost his way.

"What's that?"

Suddenly, Chu Feng's eyes shined. He had actually discovered a special kind of life form within this region of water that did not even have weeds growing in it.

That life form had merely the size of a firefly. However, it was completely transparent. Colorless and odorless, it did not even give off the slightest bit of aura. Had it not been for his Heaven's Eyes, Chu Feng would likely not have discovered this life form either.

At this moment, that life form was floating past Chu Feng. Calm and unhurried, it did not put Chu Feng in its eyes at all.

"Woosh." Catching it off guard, Chu Feng suddenly extended his hand and directly caught that life form in his hand. To Chu Feng's surprise, when he caught that life form in his hand, it turned into a body of energy and, from his palm, entered into his dantian.

"Wow, this little guy actually contained such dense natural energy." At this moment, even Chu Feng displayed expressions of shock. That was because that mysterious life form simply appeared as if it was composed from natural energies. The natural energy contained within that life form greatly surpassed the intensity of the natural energies that was flowing through this Ancient Era's Immortal Pond.

"Hey, there are definitely natural oddities in a bizarre place. With how mysterious this place is, it is not strange to have such kind of life form. Carefully search around, if you are able to find more of them, you might be able to break through to Martial King level." At this moment, even Eggy who was silent for a very long time spoke out.

"Although this life form contains a lot of natural energy, I am already a rank nine Martial Lord. The amount of resources I need in order to break through to Martial King level is truly too frightening. Even if there are more of these life forms, I would still need a frightening amount of them in order to break through." Chu Feng shook his head.

"Why are you thinking so much? Just capture as many of them as there are. Why did you come to this place? Isn't it so that you could train? Or have you come here for the purpose of triggering the Ancient Era's Immortal Needle? What use is there in triggering that useless thing? What sort of benefit would it bring about you?" Said Eggy in a vexed manner.

"Yes, yes yes. I'll do as you bid. Your subordinate would go and search

for more right away.” Seeing Eggy flipping out on him, Chu Feng did not dare to act melancholy anymore. Instead, with a movement of his body, he began to search everywhere.

To Chu Feng’s avail, he had searched in this region of water for close to an hour but only managed to find three such mysterious life forms. In helplessness, Chu Feng had no choice but to continue diving deeper in hope that there would be more such life forms in the deeper region of water.

As Chu Feng had anticipated, after he dived deeper into the water, the amount of mysterious life forms had truly increased. This gave Chu Feng a lot more confidence. If the amount of these mysterious life forms would increase in places with greater pressure, then perhaps there would be enough mysterious life forms in the deepest region of the Ancient Era’s Immortal Pond to allow Chu Feng to reach Martial King level.

“Wow, this seemed to the tempo of striking gold.”

Suddenly, Chu Feng’s eyes shined. He displayed an ecstatic expression. That was because before him was actually a flock of mysterious life forms. A rough estimation would be at least several hundreds of them.

Seeing this, Chu Feng rushed forward. He wanted to refine all of those mysterious life forms.

“Woosh~~~~”

To Chu Feng’s surprise, as if they had intelligence, those life forms, upon seeing Chu Feng approaching them, rapidly fled from him and fused together. In the end, they turned into a one meter long fish shaped life form. Like an arrow, the fish dived into the depths of the water. Its speed was so incredibly fast.

Chapter 1072: Underwater Encounter

“Interesting. But, I will not be letting you all get away.”

Although Chu Feng had originally planned to conserve his strength and not waste too much of it in this place as he planned to dive into the deepest region of the Ancient Era’s Immortal Pond, when faced with this large flock of mysterious life form, how could he possibly let them get away?

Suddenly, a burst of gale appeared underneath Chu Feng’s feet. A mysterious set of footsteps appeared in succession. Not only did Chu Feng’s speed increase in an instant, his posture was also extremely graceful. It was as if he was a dragon bravely advancing forward with incomparable dominance.

With this sort of speed, Chu Feng gradually grew closer on those mysterious life forms. Suddenly, Chu Feng’s speed accelerated once more. He extended his palm and, like lightning, grabbed towards those life forms.

“Hulalala.”

But, to Chu Feng’s surprise, when he grabbed for them, those life forms actually dispersed in an instant. Moreover, at the instant when they dispersed, their speed also accelerated greatly. In a flash, they had distanced themselves from Chu Feng.

This led to Chu Feng only managing to catch thirty-five mysterious life forms with his grab. These thirty-five mysterious life forms all turned into natural energies and assimilated into Chu Feng’s body.

“Buzz.” Although he had underestimated those mysterious life forms, Chu Feng had also prepared a backup plan. In such a close distance, a single thought was all it required for Chu Feng to spread out his spirit power. The spirit power turned into a dazzling gold colored wall, completely sealing off the escape of all of those mysterious life forms.

“Woosh. Woosh. Woosh. Woosh. Woosh.”

To Chu Feng's surprise, those mysterious life forms had actually disregarded Chu Feng's spirit formation and directly penetrated through them. They were not stopped in the slightest.

"These things are actually able to disregard spirit formations?" Seeing this scene, Chu Feng was greatly surprised. After his surprise, he hurried to chase after them again. Moreover, he even utilized a martial skill.

That martial skill was not an extremely fierce one but its attack power was not weak either. Chu Feng took aim at a single mysterious life form and released his attack toward it. However, when the martial skill hit that mysterious life form, it actually passed through that mysterious life form.

"Amazing. It seems that these things could only be captured with bare hands." At this moment, Chu Feng was not vexed by how thorny these mysterious life forms were. Instead, he had actually displayed an intrigued expression. He felt that the more bizarre these mysterious life forms were, the more extraordinary they were.

Every single time Chu Feng tried to catch these mysterious life forms, they would instantly increase their speed to distance themselves from Chu Feng. In this sort of situation, Chu Feng began a vigorous pursuit with these mysterious life forms. Fortunately, because Chu Feng was not weak, it merely took him a short while to capture all several hundreds of these mysterious life forms. If it was someone else of the same cultivation as Chu Feng, they would've likely already been shaken off by these mysterious life forms.

After this, Chu Feng continued to dive deeper. As he dove deeper, he encountered more and more mysterious life forms. In the end, he even discovered a regular behavior. These mysterious life forms, when they're by themselves, they don't show any intelligence at all. With merely a reach of his hand, he would be able to capture them. They simply did not fear at all.

However, when they were in flocks, not only did they possess intelligence, they also possessed tricks up their sleeves. In short, their escape speed was lightning fast. However, for these mysterious life forms

in flocks, not only did they possess natural energies, they even possessed some insight to martial cultivation.

To certain people, this sort of insight was much more precious than natural energies. That was because many people had reached their state of cultivation for a very long time but failed to make a breakthrough every time they tried and that was because they lacked that bit of insight.

The path of cultivation was not a simple task. This was especially true when it comes to the time of breakthrough. It is the most crucial among crucial moments. With a single thought, it would determine success or failure. One couldn't take even half a wrong step when making a breakthrough.

Thus, speaking as a whole, these flocks of mysterious life forms were even more useful. Even though Chu Feng possessed a very high comprehension for cultivation, he did not mind obtaining more insights to cultivation.

At this moment, in a certain place within the Ancient Era's Immortal Pond were the silhouettes of two youngsters. The two of them were forming hand seals with their hands. Their eyes were closed. The two of them were currently training. As for these two individuals, they were none other than the Orion Monastery's two geniuses, Yuan Qing and Qin Guang.

"Bubble, bubble..."

The two of them were originally fully concentrated in training. However, they suddenly heard movement in the region of water above them. Thus, the two of them opened their closed eyes together.

At the moment when the two of them opened their eyes, two dazzling lights shined forth from their eyes. It was a special technique that allowed for the two of them to see a bit in this pitch-black darkness.

"That is."

At this moment, expressions of surprise emerged in the eyes of the two. Even though their vision was limited, they were still able to faintly see that

someone was rapidly diving downward. The speed of this person was so fast that it had shocked even them.

“It’s actually him?” However, when the two of them managed to see clearly who the person was, their expressions took a huge change. That was because they never imagined that the person diving down so rapidly was actually Chu Feng.

Moreover, Chu Feng’s movement was extremely strange. He was actually extending his hands and waving them around as if he was catching something. But, there was clearly nothing in the water. Thus, Chu Feng’s action appeared like a madman’s, it was truly a ridiculous scene.

“Humph, I’ve originally planned to take care of you after leaving this place. Who would’ve thought that you would actually come knocking on the door.” After being shocked for a moment, intense killing intent suddenly emerged in Yuan Qing’s eyes.

The pressure at this region was enormous. The number of people who had died here was not merely a few. Even if they killed Chu Feng, no one would know that it was them who killed Chu Feng. Thus, Yuan Qing who already had ill intent towards Chu Feng immediately decided to make this place the place where Chu Feng would die.

At the moment when he saw Chu Feng, Qin Guang also intuitively realized Yuan Qing’s intentions. Secretly, he began to release his aura to stop Chu Feng’s movement.

“Scram!”

Who would’ve thought that Chu Feng did not fear the obstruction of these two individuals at all. Instead, he angrily shouted at them.

The most shocking thing was that Chu Feng suddenly accelerated. Like a flash, he passed right beside the two of them.

“How, how come this brat’s speed is this fast?” Both Yuan Qing and Qin Guang were stupefied by the scene before them.

“What are you dazing off for, quickly, chase after him.”

Yuan Qing suddenly shouted. Qin Guang was not slow to react either. With an intention, his body began to change. Scales began to appear on his body. Horns of different sizes even appeared on his hands and head. Even his body size became many times larger.

While Qin Guang's size increased, his speed did not decrease. Instead, it increased. His body's movement speed was actually not inferior to Chu Feng's. He was truly chasing after Chu Feng and began to dive deeper.

Seeing Qin Guang and Chu Feng's figures disappearing before his line of sight, Yuan Qing displayed an expression of unease.

He had already declared his intentions to kill Chu Feng earlier. If he failed to kill Chu Feng and Chu Feng were to spread what he did after returning to the surface, it would inevitably affect their reputation.

Unfortunately for him, his endurance was limited. This region of water was already his limit. If he continued to dive deeper, it would bring about dangers to his life.

Thus, he could only place all of his hopes on Qin Guang. That was because Qin Guang was a monstrous beast and one with a special bloodline on top of that. It was said that Qin Guang's monstrous beast clan was one that lived in polluted water. Thus, their monstrous beast clan's appearance was a bit disgusting and frightening. It could be said that they're extremely monstrous; however, their endurance was extremely powerful. Not only were their bodies superb, they would also display their greatest might in the water.

"Strange, the pressure below is something that not even I am able to endure. How did that brat managed to endure it?" Suddenly, Yuan Qing's eyes flashed. An extremely astonished expression appeared on his face.

Chapter 1073: Who's The Trash?

In the pitch-black deepest region of the Ancient Era's Immortal Pond. Two figures were rapidly diving through the water.

Qin Guang, with his enormous body and ugly appearance displayed a extreme speed in the water. Like an enormous sharp sword, his movement gave birth to waves upon waves as he dived into the depths of the water.

As for Chu Feng's diving method, it was completely different from Qin Guang's. If Qin Guang was said to be an Ancient Era's fish, an animal of the sea, and was diving downward like the standard form of the movement of a fish, then Chu Feng's method of diving downward was more like that of an actual cultivator.

Chu Feng's footsteps were extremely fast. With every footstep he took, he would give forth a burst of ripples. After that, his body would rapidly shift forward. Step after step, acceleration after acceleration, he simply does not appear to be diving deeper into the water. Instead, he appeared more like running through the dark horizon. Carefree and natural, graceful and domineering.

However, regardless of what sort of methods the two of them had used to proceed forward, both their speeds were extremely fast. Moreover, there was not much difference between their speeds. This caused Qin Gang to continue maintaining his original distance from Chu Feng. Furthermore, this distance was being slowly increased.

Seeing Chu Feng whose hands were waving back and forth like a madman trying to catch something and completely ignoring him, this caused Qin Quang to become extremely furious. Unable to help himself, he opened his mouth and cursed.

"Southern Cyanwood Forest's trash, if you have the guts, then stop running. Come and fight your daddy!"

"Fucking hell! What the fuck are you trying to catch?! Where the fuck are you planning to run off to?!"

“I’m talking to you! Are you deaf?!”

“Fucking dog spawn! You fucking coward! Spineless coward! Wimp! Good for nothing! Do you not even have the courage to answer your daddy?!”

Seeing that Chu Feng was ignoring him and did not even bother to turn his head around, this caused Qin Guang to become more and more furious. The more he cursed, the more intense his curses became.

As one of the very best geniuses of the Orion Monastery, when had he ever been despised by others in such a manner? Moreover, he was currently chasing after Chu Feng to kill him. Yet, not only did this Chu Feng not display the slightest trace of cowardice, he even completely ignored him. All he was doing was continuing those strange movements of his. It truly caused Qin Guang to feel as if he had lost all his face and became unable to tolerate Chu Feng.

Thus, he unwittingly started to increase his speed. He had increased his speed to his limit. However, to his surprise, even though his speed had been increased to the limit, he was still unable to catch up to Chu Feng. The distance between them continued to remain the same.

“Roar! I know now! Trash, you’re running with your life to find those Ancient Era’s Elves to save you, right?! Trash, look at how useless you are! What happened to the imposingness you displayed when you faced our Orion Monastery’s disciples earlier?! What happened to the courage you had shown when you meddle into our business?! When true danger arrives, you become terrified, right?!”

“As expected from a disciple of the Southern Cyanwood Forest. You are indeed a trash among trash. Without that Punishment Elder standing up for you, you are nothing but a coward that only knows about running away.”

In extreme helplessness, Qin Guang could only continue to curse out at Chu Feng. Although this appeared like bait, it was actually the only method that he could think of in this situation. That was because he was truly worried, truly worried that Chu Feng would go and find the Ancient

Era's Elves for help. In that sort of situation, him being unable to kill Chu Feng would only be a secondary matter. The greater matter would be that he might bring about troubles to himself.

"Woosh." Suddenly, Chu Feng stopped his movement. He stopped diving downward and instead stood there.

Seeing this, Qin Guang also hurriedly stopped his movement. This was because he was caught off guard by Chu Feng's abrupt stop.

He was even a bit bewildered because he had already announced his intentions of killing Chu Feng. He also believed that Chu Feng's purpose in continuing to dive downward was to seek the Ancient Era's Elves for help. Never did he imagine that Chu Feng would suddenly stop.

To his greatest surprise, not only did Chu Feng suddenly stop, he even slowly turned around and spoke with an interrogating tone, "What did you say earlier? If you have the balls, say it again."

"You..."

Faced with Chu Feng's sudden questioning, his non-frightened expression and his slightly angered gaze, Qin Guang's heart shivered. He was unable to help himself from feeling a bit nervous.

He was unable to make heads or tails of this sort of sensation. That was because there was no reason for him to fear Chu Feng. Thus, he clenched his teeth and, with a mocking expression, said.

"Fuck... are you trying to scare me?"

"Let me tell you, your daddy here does not fear you. Not to mention saying it again, your daddy would even dare to say it a hundred more times for you. You are fucking trash, you got that?"

"Woosh." Right after Qin Guang's words left his mouth, Chu Feng's expression took a huge change. At the same time, he suddenly moved. Light flickered under his foot. Like a flash of light, Chu Feng was shot forth. In merely an instant, he arrived before Qin Guang with his palm stretched forward. Like an eagle's claw, he grabbed toward Qin Guang's neck.

“This guy...”

Qin Guang did not expect Chu Feng’s sudden attack at all. Especially the strength behind Chu Feng’s attack, it contained the aura of fatality.

In an instant, Qin Guang started to panic. His expression changed greatly. That was because he never imagined that Chu Feng, a mere rank nine Martial Lord, would actually attack him, a rank two Martial King. Moreover, his attack contained such frightening killing power.

Although he was shocked, Qin Guang was no ordinary fellow. Thus, upon seeing that the situation wasn’t good, the scales that covered Qin Guang’s body suddenly extended forth. A frantic force of impulse released from the pores of his body.

This impulse force was extremely powerful. Not only did it push his body backwards in a dash, it also shot toward Chu Feng. That was a special escaping technique belonging to the race that Qin Guang belonged to.

However, even with this, Chu Feng’s speed did not slow down in the slightest. Even as that impulse force wreaked havoc on his body, causing his long hair to violently dance in the water and his clothes to echo as they’re blown back and forth, he continued to charge toward Qin Guang like an unstoppable God of War.

In the end, the two came into contact. Like a sharp blade, Chu Feng’s palm was pierced into Qin Guang’s neck with a ‘puchi’ sound.

“Wuuwaa~~~”

Having his neck penetrated caused Qin Guang to howl in pain. At this moment, shock, disbelief, panic and regret filled his eyes. Even his enormous body began to shiver.

That was because, at this moment, he finally realized why Chu Feng did not fear him. It turned out that Chu Feng actually possessed strength above his own. However, before this, never would he ever imagine that a trash from the Southern Cyanwood Forest would possess such powerful strength; so powerful that he did not even have the strength to fight back.

Sensing the energy emitted from Chu Feng's palm entering into the various regions of his body like snakes, sealing off all of his power, and was about to kill him, Qin Guang gave in to despair.

He was unable to contend against Chu Feng. If this continues, he would only die. Without even having the chance to fight back, he would die in Chu Feng's hands.

"Now, you ought to know who's the trash, right?" Seeing the enormous sized Qin Guang who had loudly cursed out at him earlier appearing like a chicken within his palm with eyes filled with fear, the corners of Chu Feng's lips raised into a mocking smile.

"Paa." Suddenly, Chu Feng clenched his palm. A loud 'bang' was heard. Qin Guang's enormous body exploded on the spot. Blood and broken limbs fluttered everywhere like a storm of pear flowers.

Chapter 1074: The Reason To Kill You

“Woosh.” Right at the moment when the blood and flesh spread through everywhere, a faint blue light explosively shot out like an arrow leaving a bow. It rapidly flew deeper into the Ancient Era’s Immortal Pond.

“Not good.” Chu Feng was caught off guard. Without daring to hesitate, he moved his body and rapidly chased after that blue light.

That was because that blue light was Qin Guang’s consciousness. Chu Feng did not know what sort of method Qin Guang used; not only did his consciousness manage to escape Chu Feng’s attack, it even caught him off guard and escaped.

At this moment, Qin Guang’s consciousness was dashing downward following the Ancient Era’s Immortal Needle. It was clear that he was trying to cry for help to the Ancient Era’s Elves. If the Ancient Era’s Elves were to believe what he would tell them, then, according to the rules established by them, Chu Feng would definitely be killed.

In this sort of situation, how could Chu Feng possibly dare to hesitate. That was because this not only concerned his own life and death, it might even implicate everyone from the Southern Cyanwood Forest.

In panic, Chu Feng activated his Thunder Armor, increasing his strength to rank one Martial King. Moreover, he also used the Azure Dragon Dashing Technique. He was going all out on chasing after Qin Guang’s consciousness.

However, Chu Feng still underestimated Qin Guang. While Qin Guang’s strength was merely that of a rank two Martial King and his speed was inferior to Chu Feng’s when his physical body was still present, after he lost his body and turned into a consciousness, not only did his speed not decrease, it actually increased. At the very least, his current speed was pretty incredible. Even the current Chu Feng could only keep up with him and slowly close in on him. It was very difficult for Chu Feng to overtake him rapidly.

This caused Chu Feng to become worried. That was because they had

been diving deeper into the water for a very long time now. Even if it was still some distance before they reached the far depths of the Ancient Era's Immortal Pond, it would likely not be far. If this continued, it would be very likely for them to encounter the Ancient Era's Elves, and if that happened, then the situation would be extremely bad for Chu Feng.

As the saying goes, the more one worried, the sooner the worry arrives. At the moment when Chu Feng hoped that they would not run into the Ancient Era's Elves, before he managed to capture Qin Guang's consciousness, several tens of figures suddenly appeared before him.

Those several tens of figures were all wearing green cloaks. Without thinking much about it, they were definitely the Ancient Era's Elves.

Seeing those figures, Chu Feng hurriedly stopped his movement. He did not dare to chase further anymore. As for Qin Guang, he appeared as if he had seen his savior and loudly shouted, "Help! Save me! Southern Cyanwood Forest's disciple Chu Feng is trying to kill me!"

Qin Guang was extremely sharp. He did not blindly shout. Instead, he directly declared Chu Feng's name, allowing the Ancient Era's Elves to instantly know who it was that was planning to harm him.

At this moment, those several tens of Ancient Era's Elves were originally training with their eyes closed. After they heard the shout from Qin Guang, they opened their eyes and turned up to look. Their eyes were shining; it was evident that they had a special method to see in this pitch darkness.

Everything happened too suddenly. However, because their distance was limited, the Ancient Era's Elves were able to see Chu Feng much like how he was able to see them.

At this moment, Chu Feng stopped. He did not rush to escape. That was because his appearance was already seen. It was already useless for him to try to escape at this time.

"Save me! Save me! That guy is trying to kill me! He's a disciple of the Southern Cyanwood Forest! His name is Chu Feng!" Qin Guang had arrived before the Ancient Era's Elves.

The current him did not have the appearance of a human. Instead, he had the form of a monstrous beast. However, his current appearance was different from his monstrous beast form before; his monstrous beast form was only human-sized.

Thus, although he appeared to be ugly, he also appeared to be weak and ridiculous looking. The domineering and imposing appearance that he displayed before had completely disappeared. Especially when he was crying for help at the Ancient Era's Elves, he appeared somewhat pathetic.

After the Ancient Era's Elves saw Qin Guang, they did not have a great reaction. Instead, they calmly said, "Exactly what happened? We cannot listen to merely your words. That person standing up there, come on down. Both of you, tell us exactly what has happened. We shall determine who is in the right and who is wrong."

Upon hearing what the Ancient Era's Elves said, Chu Feng frowned. An alerted shine flashed through his eyes. That was because he felt that the reaction of the Ancient Era's Elves was a bit too calm, so calm that it appeared strange.

However, regardless, Chu Feng still complied with them. With a movement of his body, he dived deeper.

The reason why Chu Feng did not escape was because he did not wish to implicate others. As for why he dared to not escape, that was because he had a degree of certainty in being able to defend himself.

Thus, even though there were several tens of Ancient Era's Elves, Chu Feng guessed that they ought to be from the younger generation. Since they stopped to train at such a level, it meant that they did not have the strength to dive deeper.

These two points displayed a single issue. That is, even if these Ancient Era's Elves were very powerful, they would not be too powerful. At the very least, they would not be overly powerful that Chu Feng could not handle them. Thus, Chu Feng wanted to see exactly how these Ancient Era's Elves planned to handle this matter.

"Lords, what I said is absolutely true. There is not a single lie to my word.

This brat is a disciple from the Southern Cyanwood Forest. He is envious that our Orion Monastery's strength is greater than their Southern Cyanwood Forest's. Thus, he loathed us and decided to sneak attack me while I was training."

"Look at me, I currently do not even have my physical body anymore. It is all because of him. Please, Lords, uphold justice for me." Explained Qin Guang.

"Oh, your physical body is completely gone. Why are you even bothering to live then? It's better off that you die, no?" However, to his surprise, an Ancient Era's Elf before him suddenly extended his hand and directly grabbed onto his head. A powerful martial energy, like a net, completely bounded Qin Guang's consciousness.

At this moment, the aura of that Ancient Era's Elf was displayed. Rank three Martial King. This Ancient Era's Elf was a rank three Martial King. Moreover, his battle power was extraordinary.

"What...what are you planning to do?" Seeing this scene, Qin Guang was immediately stupefied. Even a fool could tell that this situation was bad.

"Remember this, the Ancient Era's Elves would not permit other life forms to dive to this depth of water. That is because the energy from this place is not something that you all are worthy of enjoying." After finishing saying those words, that Ancient Era's Elf's hand vibrated. A loud 'bang' was heard. Qin Guang's consciousness had been shattered. He had been killed by that Ancient Era's Elf.

Seeing this scene, Chu Feng's expression changed. At this moment, he realized why so many geniuses disappeared in the depths of the Ancient Era's Immortal Pond. It turned out that it was not simply because they couldn't withstand the pressure, there was also a man-made cause. No, it's not man-made, it was instead the doings of the Ancient Era's Elves.

"It's your turn next." After killing Qin Guang, that Ancient Era's Elf cast his gaze toward Chu Feng. At the same time, the other Ancient Era's Elves had already surrounded Chu Feng. They were afraid that Chu Feng would flee.

However, to those Ancient Era's Elves' surprise, even though he saw Qin Guang being killed and knew that he would not be able to escape, Chu Feng did not have the slightest trace of panic on his face. Instead, the corners of his mouth even curved into a faint smile.

Chu Feng's smile became wider and wider. In the end, Chu Feng actually burst into a loud laughter. Moreover, his laughter became louder and louder.

"What are you laughing at?" The Ancient Era's Elves were puzzled by Chu Feng's reaction.

"Originally, I was hesitant as to whether to silence you all. After all, there is neither grievances or hatred between us. However, it seems now that I could set my mind at ease and do it." Chu Feng stopped laughing. However, a trace of chilliness appeared in his still squinted eyes.

"What do you mean?" The Ancient Era's Elves were even more shocked upon hearing Chu Feng's words. Most importantly, at the time when Chu Feng said those words, they, for some unknown reason, actually felt a chill. This caused them to subconsciously feel that the situation was not good.

"Buzz." Right at this moment, Chu Feng turned his wrist around. A flicker of light appeared in his palm. The King of Royal Armaments, Demon Sealing Sword, appeared in his hand.

Once the Demon Sealing Sword appeared, the ocean turning change instantly appeared. The peaceful water began to revolve around Chu Feng like violent dragons. The powerful might dispersed the Ancient Era's Elves that surrounded Chu Feng.

At this moment, Chu Feng finally spoke. With a smile on his face and an ice-cold gaze, he looked to the Ancient Era's Elves and said, "You all have given me a reason to kill you."

Chapter 1075: Killing the Ancient Era's Elves

“What? You, you want to kill us?” After hearing what Chu Feng said, all of the Ancient Era's Elves were greatly shocked.

What sort of status and position did the Ancient Era's Elves hold in the Holy Land of Martialism? Even the strongest powers from the human race and the monstrous beasts race did not dare to casually offend them. It had only been them killing others and never others doing anything to them. If anyone dared, they would simply be courting death.

However, at this moment, this person from the same generation as them, someone from the Southern Cyanwood Forest, a declining power, actually wanted to kill them. This was simply unacceptable to them. They even suspected that they had misheard him.

What does it mean by possessing great ambitions and great courage? For these Ancient Era's Elves, those who dared to do anything to them were people who possessed great ambitions and great courage. At the same time, they were also people who had grown tired of living.

“Woosh. Woosh. Woosh...”

Right at the moment when they were unceasingly shocked by Chu Feng, Chu Feng suddenly attacked. The Demon Sealing Sword was swung around by Chu Feng. Numerous blade rays that contained frightening power were shot out.

As the numerous crescent shaped, black colored blade rays were shot forth, the Demon Sealing Sword in Chu Feng's hand instantly turned into a ruthless and frightening murder weapon. In merely a blink of an eye, close to half of the several tens of Ancient Era's Elves died in Chu Feng's hand. Not only were both their bodies and consciousness exterminated completely by him, even their source energies had been absorbed. They could be said to have died completely.

“So you all are merely this strong. For you to be able to reach this deep, it

ought to be from the help of your special bloodline, right?” After killing those Ancient Era’s Elves, a mocking expression appeared in Chu Feng’s eyes.

That was because Chu Feng discovered that these Ancient Era’s Elves were not as powerful as he imagined them to be. Other than the one who killed Qin Guang earlier being a rank three Martial King, the majority of them were merely rank two or rank one Martial Kings. There was even a portion with the same cultivation as Chu Feng – at the peak Martial Lord rank.

Having been in existence since the Ancient Era, possessing a special bloodline and able to bask in the Ancient Era’s Immortal Pond every day. Yet, they only possessed such strength. It truly seemed weak.

As for their battle power, it was also not strong. It was so much so that other than that rank three Marital King, the majority of the rest of them would not be a match for Qin Guang. Thus, Chu Feng felt that the reason why these Ancient Era’s Elves were able to dive to this deep level of water was all because of the assistance from their special bloodlines. If their background was disregarded and one was to determine them by their true martial cultivation talent, they would not be considered that strong.

“What immense nerves you have! Not only do you dare to kill us, the Ancient Era’s Elves, you even dare to speak words of insult toward us. I shall execute you!”

Chu Feng’s speech and actions had brought forth the violent rage of the Ancient Era’s Elves. Under the leadership of that rank three Martial King, the remaining Ancient Era’s Elves began to take out their respective Royal Armaments and emit their ferocious martial power to create a powerful formation as they surrounded Chu Feng once more.

“Woosh. Woosh. Woosh. Woosh. Woosh.”

At this time, the first true attack from the Ancient Era’s Elves were launched toward Chu Feng. The dazzling blade rays appeared like a large net that carried along it the wind of death as it was cast toward Chu Feng. Their purpose—Chu Feng’s life.

This sort of attack could truly be said to be extraordinary. At the very least, an ordinary rank one Martial King would simply be incapable of withstanding it. Unfortunately for them, the person they were facing was no ordinary rank one Martial King. Instead, he was Chu Feng, a genius from the Outer World. Regardless of whether it was his talent or his battle power, they were both above their own.

“Swoosh.”

The Demon Sealing Sword in Chu Feng’s hand was suddenly waved, causing the region of water to surge. The king level martial power contained within this wave completely controlled everything in this place.

In the end, Chu Feng suddenly pointed his Demon Sealing Sword forward. “Boom!” The attack formation created by the Ancient Era’s Elves was smashed apart. Chu Feng used merely a single strike to break their attack.

Moreover, this strike from Chu Feng not only crumbled their attack, it also caused the majority of the Ancient Era’s Elves’ bodies to explode, dying on the spot.

At this moment, only a single Ancient Era’s Elf remained alive. He was that rank three Martial King who killed Qin Guang earlier. However, even he was completely covered in blood and seriously injured.

“Woosh.” Seeing that the situation was truly bad, that Ancient Era’s Elf immediately turned around and used a special sort of movement martial skill to try to escape into the depths of the water.

“You wish to leave? Ha, Ancient Era’s Elves, the controller of this place, it would appear that you’re merely this powerful.” However, who would’ve thought that right after that Ancient Era’s Elf used his movement martial skill to try to escape, an enormous Azure Dragon rapidly dashed through the water and appeared before him, sealing off his escape route. Furthermore, standing on top of that Azure Dragon was none other than Chu Feng.

“This, this is a secret skill!!!”

“Who, who, who exactly are you? You’re merely a rank one Martial King, how could you possibly possess this sort of strength? Who exactly are you? What exactly are your intentions? What sort of deep hatred and grievances do us Ancient Era’s Elves have against you for you to attack us like this?”

Seeing Chu Feng standing on the Azure Dragon and holding the Demon Sealing Sword in his hand, that Ancient Era’s Elf started to panic. Not only was his body trembling, even the high quality Royal Armament forged by an expert Ancient Era’s Elf in his hand was trembling.

In this situation, the arrogance he displayed earlier was completely gone. What replaced it was fear and panic. That was because not only did he sense that the situation for him was extremely bad, he even sensed that Chu Feng’s battle power was extremely abnormal.

Thus, he felt that Chu Feng was definitely not as simple as he looked. He guessed that Chu Feng was definitely an expert cultivator who had changed his appearance, hidden his true cultivation and come specially to kill them.

“Yoh, so you know about fear too?” Chu Feng light smiled. Holding the Demon Sealing Sword in his hand, he stepped off the Azure Dragon and began to walk on the water. One step at a time, he slowly approached that Ancient Era’s Elf.

“What, what, what are you planning to do?” Seeing that Chu Feng was growing closer to him and that his surrounding was sealed off by the enormous body of that Azure Dragon, the Ancient Era’s Elf was panicking to the max. In his eyes, the person who was approaching him was not a human. Instead, he appeared more like a smiling yet incomparably cruel and vicious demon.

“I’m not going to do anything. I merely want to see exactly what sort of appearance that you all, the treacherous and cunning Ancient Era’s Elves, have.” Suddenly, Chu Feng extended his hand and grabbed that Ancient Era’s Elf’s green cloak. With a large wave of his sleeve, he grabbed off the green cloak.

At this moment, the true appearance of that Ancient Era's Elf appeared before Chu Feng.

His statue was relatively thin. However, he was pretty tall. With fair skin like a woman's, it was so white that it appeared to be pale. As for his blond hair, it was dazzlingly bright. The most important was that pair of green eyes and refined facial features. This Ancient Era's Elf was actually even more pretty than the pretty boy Yuan Qing.

Judging externally, other than the color of his hair and eyes being different from humans, there were no other major differences between Ancient Era's Elves and humans. If a difference must be determined, then it would be his ears. His ears were actually pointed.

"Yoh, with this appearance, you truly appear to be from a noble race."

Upon seeing the actual appearance of this Ancient Era's Elf, even Chu Feng's eyes shined. Judging from only external appearance, the Ancient Era's Elves were truly extraordinary and possessed unique temperament that ordinary humans did not have.

Chapter 1076: Ancient Era's Formation

However, this Ancient Era's Elf before him did not leave any favorable impression to Chu Feng. Especially his frightened expression and shivering body, it gave Chu Feng a feeling that regardless of how noble a race might be, they still possessed the same characteristic of ordinary martial cultivators – bullying the good and fearing the evil.

Thus, Chu Feng abruptly waved the Demon Sealing Sword in his hand. “Puchi.” That Ancient Era's Elf died in Chu Feng's hand.

“Regardless of how beautiful your external appearance might be, it would not be able to mask the ugliness of your heart. A person like you ought to be killed.”

After beheading that Ancient Era's Elf, Chu Feng said these words. There was not a slightest trace of emotion on his calm face. It was as if he did not take note of the fact that he had just killed several tens of lives.

After that, Chu Feng did some cleanup of the battlefield. When he determined that there was not a trace of the battle left, Chu Feng cleaned the green cloak that he snatched off from that Ancient Era's Elf. When he determined that there was not a single bloodstain on the cloak, Chu Feng draped it over himself. Then, using a medicinal pellet that changed his appearance, he changed the colors of his eyes to green. Only then did he start to dive deeper again.

After experiencing what happened earlier, Chu Feng's impression of the Ancient Era's Elves took a huge turn. He discovered that the Ancient Era's Elves, for the purpose of possessing the privilege to be the only ones capable of triggering the Ancient Era's Immortal Needle, had actually killed all of the other races that managed to reach the depths of the Immortal Pond.

This sort of behavior appeared to lack any sense of shame and anger. Moreover, this sort of behavior gave Chu Feng an even firmer determination to trigger the Ancient Era's Immortal Needle. He planned to purposely attack the arrogant yet immortal airs of the Ancient Era's Elves.

But, in order to prevent any accidents from happening, Chu Feng decided to disguise himself as an Ancient Era's Elf. That was because he knew there were at least another five hundred plus Ancient Era's Elves within the Ancient Era's Immortal Pond. He was unable to determine whether there might be someone more powerful than him among those Ancient Era's Elves.

Thus, as Chu Feng unhurriedly dived deeper into the water wearing the green cloak, he encountered Ancient Era's Elves in groups of three to five and even several tens training at various levels of water.

When these Ancient Era's Elves noticed Chu Feng, they merely took a quick and indifferent glance at him before closing their eyes and continuing to train. The majority of them did not even bother to greet Chu Feng.

Seeing that they did not attack him, Chu Feng did not bother to collide with them either. Instead, he continued to dive deeper. Merely, when Chu Feng began to dive deeper, those Ancient Era's Elves would always open their eyes and glance at him again.

Moreover, this time around, their gazes were filled with a bit of admiration and even envy.

Under this sort of condition, Chu Feng continued to dive deeper and deeper. In the end, even he began to feel a certain degree of pressure. Although the pressure wasn't weak, it was still within Chu Feng's range of tolerance. However, he must admit that the pressure at this depth in the Ancient Era's Immortal Pond was definitely something that an ordinary individual would not be able to withstand.

Finally, another group of Ancient Era's Elves appeared before Chu Feng. The number of Ancient Era's Elves in this group was very few, being only nine. Based on Chu Feng's calculation from the amount of Ancient Era's Elves he had seen, these nine Ancient Era's Elves ought to be the final nine of the Ancient Era's Elves that had entered into the Ancient Era's Immortal Pond this time.

No, they should be nine of the final ten Ancient Era's Elves. If Chu

Feng's guess was correct, there should be another Ancient Era's Elf that he had yet to meet.

"Mn, you're actually able to reach this deep? You should be A'lun, right?" Upon seeing Chu Feng, those nine Ancient Era's Elves simultaneously opened their eyes. Contained within the gazes that they looked to Chu Feng with was surprise.

Seeing this, Chu Feng did not deny his identity. However, he also did not respond to them. All he did was nod in silence.

"A'lun, you're indeed a genius among the younger generations. You actually managed to reach this deep with your age; if you train for a couple more years, you might be able to reach the deepest region and trigger the Ancient Era's Immortal Needle." Said a man in the group of nine with a slightly teasing tone.

"A'lun is indeed a rare genius in these past years in our Southern Domain. Unfortunately, the true genius is currently triggering the Ancient Era's Immortal Needle at the deepest region." Suddenly, a somewhat flirtatious looking female spoke.

"Sigh, that's right. Compared to that individual, we truly appear too ordinary. Even though we're from the same generation, he is truly frighteningly powerful." At this moment, the other eight Ancient Era's Elves all expressed their agreement. Seeing this, Chu Feng also nodded his head.

Chu Feng was already able to tell that the person that they spoke of ought to be the final Ancient Era's Elf in this place. Merely, Chu Feng never imagined that the final Ancient Era's Elf would truly be in the deepest region of the Ancient Era's Immortal Pond. Moreover, judging from the tone of these Ancient Era's Elves, he appeared to have an extremely revered existence.

As the situation stands, since the Ancient Era's Elves were discussing about that genius, Chu Feng decided to seize the opportunity to learn a bit about that genius so that he would be mentally prepared. Thus, Chu Feng did not leave and instead stayed in this place to continue to listen to their

conversations.

“How could we possibly compare to him? After all, he’s a genius from the kingdom. Even in the kingdom, he is one of the very best in our generation. How could we possibly compare to him?”

“With him here, this year, our Southern Domain’s Ancient Era’s Immortal Needle ought to be able to be triggered again.”

“That’s of course. Unless there are humans or monstrous beasts who are able to reach the deepest region, that area with the extremely frightening pressure, and persist in there for a longer time than Lord Xian Kun, the Ancient Era’s Immortal Needle is definitely going to be triggered by Lord Xian Kun.”

“Haha, in that case, there should be no issue then. After all, the humans and monstrous beasts simply do not possess the strength to reach the bottom of the Ancient Era’s Immortal Pond. No, it ought to be said that since the ancient times to this day, there has never been a human or monstrous beast capable of reaching the bottom.”

“Hahahaha...” Suddenly, the nine Ancient Era’s Elves burst into a loud laughter. Contained within their laughter was some excitement and the mocking of humans and monstrous beasts.

At this moment, Chu Feng had gathered enough information. Firstly, he knew that the final Ancient Era’s Elf’s name was Xian Kun. He ought to not be an Ancient Era’s Elf from this region but had instead come from a very powerful location.

Moreover, if Chu Feng’s guess was correct, he ought to have already reached the deepest region, the bottom, of the Ancient Era’s Immortal Pond. If there were no other races capable of reaching the bottom of the Ancient Era’s Immortal Pond, the Ancient Era’s Immortal Needle would likely be triggered by him.

After analyzing the situation, Chu Feng did not dare to stay any longer. With a movement of his body, he began to leave. However, he did not dive deeper and instead flew upwards.

“A'lun, you're unable to resist the pressure already?”

“It would appear that you're too young still. However, have no fret, after training for a year or two, you would definitely be able to train in this level of water.” Seeing that Chu Feng was leaving, several teasing voices sounded from those nine Ancient Era's Elves.

However, who among them would possibly know that the reason why Chu Feng was swimming upwards was because he did not want to alert them.

After leaving the line of sight of these nine Ancient Era's Elves, Chu Feng revolved around them and began to dive deeper once more. Chu Feng's speed also was extremely fast because he had a very clear target in his mind now – the bottom of the Ancient Era's Immortal Pond.

Finally, ahead of Chu Feng was no longer a pitch-black darkness. Gradually, his sight began to become clear. He was already able to faintly see that below him was no longer boundless water. Instead, rocks and soil had appeared. Chu Feng knew that this was most definitely the bottom of the Ancient Era's Immortal Pond.

“This is...”

Chu Feng slowly dived downward. He was extremely cautious. However, before he came into contact with the soil and rocks at the bottom of the Ancient Era's Immortal Pond, he already felt an attractive force swarming around his body. After that, this attractive force began to absorb Chu Feng's power.

However, at the moment when Chu Feng's power was being absorbed, an even more intense power was channeling into Chu Feng's body, compensating for the power that was being absorbed.

This sort of situation could be said to be miraculous. However, it also brought about fear to Chu Feng. After all, that attractive force came too suddenly. Yet, after he carefully examined the surrounding, all he saw was the ordinary soil and rocks.

In this helpless situation, Chu Feng had no choice but to activate his

Heaven's Eyes once more. He wished to determine exactly what was happening. Without looking with his Heaven's Eyes, he would have no idea what was going on. However, once he looked with it, he immediately understood what was happening.

It turned out that above the soil and rocks were numerous, faintly discernible and hard to detect bodies of light. Within the bodies of light flowed countless complicated patterns and symbols.

Moreover, the amount of such bodies of light was innumerable. These bodies of light interweaved with one another and formed an enormous and boundless net that covered the entire bottom of the Ancient Era's Immortal Pond.

That ought to be a formation from the Ancient Era. A formation that contained enormous power but was very hard to detect. Exactly why did such a formation exist in this place? However, Chu Feng knew that this enormous formation ought to be related to the Ancient Era's Immortal Needle and might even be related to the entire Ancient Era's Immortal Pond.

Chapter 1077: Fighting From the Shadows

“Interesting.”

“The lights contain symbols and runes that interlink with one another.”

“This sort of formation ought to be extremely powerful. It’s definitely not something an ordinary world spiritist could deploy.”

“If my guess is correct, even with you using your Heaven’s Eyes, you are likely only able to see the shallow appearance of this formation; it is simply impossible for you to see its true outline. Perhaps the energy within this Ancient Era’s Immortal Pond is actually not natural but instead man-made.” At this moment, Eggy who had been silent for a very long time spoke out.

“Man-made? Eggy, are you implying that it is this Ancient Era’s formation that bestows such dense natural energy and insights in cultivation to the Ancient Era’s Immortal Pond?” Chu Feng asked.

“It’s merely a guess. Although it is the first time that I’ve seen such a formation, your Lady Queen’s knowledge is much more abundant to yours. She has also heard about a lot of things in the past. If my guess is correct, the Ancient Era’s Immortal Needle is one with this formation. Moreover, the value of the Ancient Era’s Immortal Needle ought to not be inferior to this formation.” Said Eggy.

“If everything in the Ancient Era’s Immortal Pond is truly bestowed by the Ancient Era’s Immortal Needle and this formation, then regardless of who it was that left such a formation behind, that person would be an existence worthy of reverence.” After thinking about the person who left this formation behind, Chu Feng displayed an expression of reverence.

“Heh, since this formation has a reaction to you, it means that you already possess the qualifications to trigger the Ancient Era’s Immortal Needle. As long as you continue to stay here, this formation will eventually be triggered by you.”

“However, it is not only you at this location right now. There’s still a

little elf here. What do you plan to do about him? Do you plan to play a war of attrition with him or do you want to take the initiative and attack him?" Asked Eggy.

"Know yourself, know your enemy; only through that would one be able to emerge victorious in every battle. If I am stronger than him, I would naturally be able to handle him. If I am weaker than him, then I could only continue this battle of attrition. Regardless, I am in the shadows whereas he's in the light; I possess the absolute power of initiation." Chu Feng's lips raised into a deep curve.

"Heh, not bad. More and more, you now have the demeanor of your Lady Queen." Eggy's lips also raised into a curve.

Master and servant, they seemed to have the same idea...

After that, Chu Feng hid his aura and cautiously proceeded toward the direction of the Ancient Era's Immortal Needle. That was because he suspected that Ancient Era's Elf was likely in the vicinity of the Ancient Era's Immortal Needle.

Sure enough, after Chu Feng approached the Ancient Era's Immortal Needle, he discovered that a figure was sitting beside it. His clothing was indeed that of the Ancient Era's Elves'.

However, this Ancient Era's Elf was slightly different from the others. That was because he discovered that there was a special symbol on his chest.

That symbol was not easy to detect. However, Chu Feng was able to tell that that symbol was created with a special material. Moreover, it ought to have an extraordinary significance. Due to the fact that the special symbol only appeared on this Ancient Era's Elf's body, Chu Feng felt that this special symbol might signify the origination of this Ancient Era's Elf, the so-called 'kingdom' that the other Ancient Era's Elves spoke of.

However, a matter surprised Chu Feng – the cultivation of this Ancient Era's Elf. He was training, but he was not calmly sitting on the water like the other Ancient Era's Elves.

His training method was quite extraordinary. Not only was his body emitting a faint glimmer, there was also a majestic martial power moving about the water around him. It was as if there were white dragons revolving around him.

An extremely divine imposingness that not even ten thousand individuals could withstand was being emitted from his body. It was truly majestic and extraordinary.

“This guy’s extremely powerful.” Chu Feng frowned. A serious expression flashed through his eyes.

His opponent did not hide his aura. Thus, Chu Feng was able to sense that his opponent was a rank five Martial King. To possess such a cultivation in his generation, it would not be excessive to call him a genius.

However, what surprised Chu Feng the most was not his cultivation. Instead, it was his extraordinarily tyrannical aura. The number of people who possessed that sort of aura was not numerous. However, all those who did possess that sort of aura were extraordinary existences.

Chu Feng, Tantai Xue, Jiang Qisha and his martial brothers all possessed this sort of aura. It signified that their battle power was extraordinary. This man before him could truly be classified as a genius.

“What he is using may not be the strength of his bloodline and instead a Mysterious Technique. Such a powerful Mysterious Technique, I reckon it should be a Forbidden Mysterious Technique. Moreover, it ought to be an extremely high quality Forbidden Mysterious Technique.”

“Chu Feng, this fellow is not easy to handle. In my opinion, he is much stronger than Jiang Qisha.” Said Eggy in a laughingly manner.

“Right. It seems that the Ancient Era’s Elves are indeed no small matter. At the very least, the current me is no match for that one.” Chu Feng nodded. He also had a new perception of the Ancient Era’s Immortal Elves. It was the first time he realized that the Ancient Era’s Immortal Elves were a frightening power.

For Jiang Qisha and his martial brothers, even without mentioning their cultivation, they already possessed battle power that surpassed those from the same cultivation. This signified that they're geniuses. The reputation of the Cursed Soil Seven 1 could be deemed as well-deserved. As for Jiang Qisha, although he was not the strongest of the Cursed Soil Seven, he should not be the weakest among them either.

Regardless of how powerful he would've become in the future; he was an existence that would be on the top of the colossal Cursed Soil Sect.

And now, before Chu Feng, was a genius from the Ancient Era's Elves' Kingdom. This genius's strength was actually above that of Jiang Qisha's. This was sufficient to display how powerful the Ancient Era's Elves were. At the very least, they were not inferior to the Cursed Soil Sect.

However, in Chu Feng's opinion, even if the Ancient Era's Elves were inferior to their golden age ten thousand years ago, they should still have a very strong and robust background. Not to mention the Cursed Soil Sect, one of the Nine Powers, was likely even the Three Palaces and Four Clans would only be able to share the limelight alongside the Ancient Era's Elves.

"What's the plan now?" Eggy asked.

"Endure. What else could we do?" Chu Feng shook his head with a bitter smile. With the strength his opponent possessed, Chu Feng truly had no method of winning in a battle. However, he also did not bother to foolishly wait in this place. Instead, he turned his body around and began to linger around the bottom of the Ancient Era's Immortal Pond.

That was because at the moment when Chu Feng arrived at the bottom, other than the Ancient Era's formation that caught Chu Feng's attention, there was another thing that caught his attention – the mysterious life forms. There was a frightening amount of mysterious life forms in this place. If Chu Feng was able to capture all of the mysterious life forms here, he might be able to break through to the Martial King level.

In this sort of situation, Chu Feng began to frantically capture the mysterious life forms. His dantian, that was extremely deficient in martial

power, began to continuously grow fuller. However, Chu Feng would also occasionally stealthily approach the Ancient Era's Immortal Needle to inspect the situation of that Ancient Era's Elf.

A day ago, that Ancient Era's Elf did not have any reactions at all. He appeared to be extremely tranquil. While using his Mysterious Technique, he was also absorbing the natural energy in this place. It was an extremely joyful cultivation for him.

However, after a day passed, he was unable to continue sitting and would approach the Ancient Era's Immortal Needle from time to time to either knock on it or listen to it. He had begun to use all sorts of methods to try to examine the Ancient Era's Immortal Needle.

When the second day arrived, he became somewhat anxious. He was no longer in the mood to train anymore. Instead, with his hands behind his back, he began to rapidly revolve around the Ancient Era's Immortal needle. He even began to murmur to himself.

Upon hearing what he had said, both Chu Feng and Eggy were unable to help themselves from stealthily laughing. It turned out that normally staying in the bottom of the Ancient Era's Immortal Pond for sixteen hours was sufficient to trigger the Ancient Era's Immortal Needle. If one stayed for twenty-four hours, the Ancient Era's Immortal Needle would definitely be triggered.

Yet now, two days, a total of forty-eight hours, had passed. Yet, the Ancient Era's Immortal Needle was not triggered. This naturally greatly puzzled that Ancient Era's Elf.

However, Chu Feng knew the reason why this Ancient Era's Immortal Needle had yet to trigger. That was because there was more than just that Ancient Era's Elf in the bottom of this Ancient Era's Immortal Pond. Other than him, there was also Chu Feng.

Chapter 1078: The Conceited Xian Kun

“It would appear that I need to be more careful.” As Chu Feng watched the Ancient Era’s Elf by the name of Xian Kun nearly being driven mad, he not only stealthily laughed, he also raised alarm in his heart.

Chu Feng felt that this Ancient Era’s Elf was no fool. As forty-eight hours had already passed, this greatly surpassed the amount of time required to trigger the Ancient Era’s Immortal Needle. Yet, the Ancient Era’s Immortal Needle was still not triggered. This meant that there was only a single cause – that other than him, there was someone else at this place.

Thus, Chu Feng felt that this Ancient Era’s Elf might soon begin to frantically search all over the Ancient Era’s Immortal Pond to find exactly who it was that meddled in his deed.

His opponent’s cultivation was a rank five Martial King and, as a genius of the Ancient Era’s Elves, ought to contain many secret techniques.

Thus, even though they couldn’t use spirit power in this place, Chu Feng must still carefully hide himself. Otherwise, if he was to be discovered by his opponent, then, with his opponent’s strength, Chu Feng would likely die.

Likely, Chu Feng would be faced with an extremely dangerous situation. That was because even he was unable to ascertain whether that Ancient Era’s Elf would be able to discover him in this place.

However, for the purpose of triggering this Ancient Era’s Immortal Needle and smear on the face of the Ancient Era’s Elves while winning honor for the human race, Chu Feng insisted on staying here.

Chu Feng chose a place to hide himself. Using his strongest concealing technique, he hid himself. After that, he ceased all movement.

Time slowly passed. Even Chu Feng felt the situation a bit unendurable. That was because he did not know when that Ancient Era’s Elf by the name of Xian Kun might appear before him and inspect the surroundings

using a powerful method.

However, to Chu Feng's surprise, after several hours had passed, that Xian Kun still had not appeared. This caused Chu Feng to become puzzled. After his confusion, he decided to put his all into the fight and take the initiative to that Xian Kun to see exactly what he was planning to do.

When he arrived at the Ancient Era's Immortal needle, Chu Feng finally saw that Ancient Era's Elf again. At the same time, he also saw a scene that he didn't know whether to laugh or cry about.

"Clank, clank, clank..."

At this moment, ear piercing sounds were being emitted from the Ancient Era's Immortal Needle unceasingly. It turned out that Ancient Era's Elf was actually frantically attacking the Ancient Era's Immortal Needle. While attacking it, he even cursed loudly.

"Fuck! What the fuck is going on?! It's been so long, why are you still not being triggered?!"

"Despicable! I have even triggered the Silver Needle from the Kingdom and nearly triggered a Golden Needle! I refuse to believe that I am unable to trigger you!"

"If I failed, how would I have any more face to meet the others?! How would I have any more face to meet the others?! I swear that if you do not trigger now, then after I become a Martial Emperor, after I become a general, I will come back and destroy you!!"

At this moment, that Ancient Era's Elf had been driven completely mad. He was currently venting his anger on the Ancient Era's Immortal Needle. He was truly in a violent fury because Chu Feng was even able to sense his strong killing intent. In short, the surrounding area of the Ancient Era's Immortal Needle had already been beaten by him into a miserable state. It was already an appalling scene of devastation.

"This Ancient Era's Elf's battle power is truly amazing. Unfortunately, he's an idiot. Chu Feng, you truly have overestimated him. You actually

even made preparations to evade him. Who would've known, he actually never planned to find you to begin with."

Seeing this scene, Eggy burst into a loud laughter. She was convulsed with laughter. That was because she felt that this Ancient Era's Elf by the name of Xian Kun was truly too ridiculous. Although he was a genius, he was simultaneously an idiot.

"It's likely that he isn't an idiot. Instead, he's overly conceited." At this moment, Chu Feng shook his head with a bitter smile.

He felt that it was impossible for someone who managed to reach Xian Kun's cultivation to have a low intelligence. However, because he was too conceited, he lost his reason in conceit and thought that, other than him, there was simply no one else who could reach the bottom of the Ancient Era's Immortal Pond.

Thus, even though Xian Kun felt that the Ancient Era's Immortal Needle was acting strange, he never imagined for there to be a Chu Feng at the bottom of the Ancient Era's Immortal Pond alongside him.

"Fuck! Exactly what is happening?! What the hell is wrong with this Ancient Era's Immortal Needle?!"

"What is wrong, that's right, what is wrong. It's you, you're definitely malfunctioning! I most definitely have already triggered you! It's merely that you have yet to show yourself being triggered by me! Perhaps you have already released the lightning outside of the Ancient Era's Immortal Pond and I merely did not know about that."

"Hahahaha, that's most definitely the case. That's most definitely the case! Perhaps the Ancient Era's Immortal Needle in this place is different from the one in the kingdom and that it would simply not give any motion after being triggered. Instead, it would directly release the lightning at the top."

"That's right, this is the case, this is definitely the case. I am truly muddled. I am truly muddled. Hahahaha..."

After a display of his violent rage, that Ancient Era's Elf appeared to

have come to a sudden realization. He actually began to laugh heartily. While laughing, he even patted his own head. Then, he suddenly moved his body and started to dash. With unimaginable speed, he left the bottom of the Ancient Era's Immortal Pond.

“Look! Quickly, look! Did you see that?! This Xian Kun, how exactly is he conceited. He is most definitely an idiot! Hahahaha....”

Hearing Xian Kun's laughter gradually grow further and further away and quickly disappearing, Eggy began to laugh even more heartily. She even decisively declared this Ancient Era's Immortal Elf by the name of Xian Kun to be an idiot.

At this moment, Chu Feng who had been surveying Xian Kun in the distance with deep precautions had black lines rolling down his head. This time around, Chu Feng had miscalculated. He had no choice but to admit that he had overestimated this Xian Kun fellow. Moreover, he had also been completely stupefied by Xian Kun's actions.

At this moment, everything remained pretty much the same on the water surface of the Ancient Era's Immortal Pond, everyone was training. If a change must be determined, then it would be that a lot of the cultivators who were training within the Ancient Era's Immortal Pond had already emerged onto the water surface.

It was not that they did not wish to continue to train within the water. It was just that they truly could not withstand the pressure anymore. For the sake of not having any accidents, they had no choice but to emerge to the surface as they no longer dared to continue to withstand the pressure within the water.

However, several figures were hidden in the boundless ocean of mist above the Ancient Era's Immortal Pond. All of these figures were the management elders from the Southern Domain. They possessed extraordinary status and formidable strength. Practically any one of them would be able to shake this entire region.

Other than these management elders, even the leader of the Southern Domain, that Southern Elf Lord, was present.

They had serious expressions as they firmly fixed their gazes at the Ancient Era's Immortal Pond down below. A feeling of unease began to emerge from them.

"Master Elf Lord, it has been a very long time already. Yet, the Ancient Era's Immortal Needle has yet to be triggered and Lord Xian Kun did not emerge either. Could it be that he tried to show off excessively and encountered an accident?" Said a management elder in worry.

"That's improbable. With Lord Xian Kun's talent, even if he is unable to trigger the Ancient Era's Immortal Needle, he should not have any mishaps." The Southern Elf Lord shook his head. However, displayed within his eyes was an unconcealable worry.

"Putt."

Suddenly, an enormous wave appeared on the tranquil water surface. At the same time, a figure burst out from the water like a dragon, rushed into the boundless ocean of white mist and arrived before the Southern Elf Lord and the others.

Upon seeing this person who had come, the Southern Elf Lord was overjoyed. He hurriedly walked forward and said, "Lord Xian Kun, you've finally come out. I am truly relieved to see that you're fine."

"See that I'm fine? How could anything possibly happen to me?" Xian Kun waved his hand. Then, with a slightly annoyed tone, he asked, "Southern Elf Lord, this Ancient Era's Immortal Needle ought to have been triggered by me, right? Why didn't you find a method to inform me about it and instead made me wait around in vain at the bottom of the Immortal Pond?"

Upon hearing Xian Kun's words, the Southern Elf Lord and the others were all startled. Then, with deep confusion, they asked, "Lord Xian Kun, what did you say?"

Chapter 1079: Lightning Breaking Through The Heavens

“Could it be that the Ancient Era’s Immortal Needle has not been triggered?” Seeing their reactions, Xian Kun started to frown deeply. He realized that his speculation might’ve been wrong.

“It hasn’t. Lord Xian Kun, ever since you entered into the Ancient Era’s Immortal Pond, we have been observing from here the entire time. All this time, the Ancient Era’s Immortal Needle did not have any sort of reaction, much less being triggered.” The Southern Elf Lord shook his head.

“Such a thing actually happened?” Hearing those words, Xian Kun was deeply surprised. Then, he sighed and said, “Southern Elf Lord, if this is the case, then I’m afraid that no one would be able to help you. It isn’t that no one is able to trigger the Ancient Era’s Immortal Needle. Instead, the Ancient Era’s Immortal Needle you have here is already damaged.”

“What? Lord Xian Kun, what do you mean by that? You said that our Southern Domain’s Ancient Era’s Immortal Needle is already damaged?” Hearing what Xian Kun said, the Southern Elf Lord as well as the various management elders all displayed extremely shocked and disturbed expressions.

“That’s right. It is most definitely damaged. Generally, as long as one stays in the bottom for sixteen hours, the Ancient Era’s Immortal Needle would be triggered. However, I have stayed in the bottom for over sixty hours. Yet, the Ancient Era’s Immortal Needle still didn’t trigger. What might be the reason for that? Is there even a need for me to explain it to you all?”

“Without a doubt, your Southern Domain’s Ancient Era’s Immortal Needle is damaged. I can guarantee that.” Said Xian Kun with an expression of absolute certainty.

“Heavens! This...” Hearing those words, everyone from the Southern Domain displayed extremely dejected expressions. Especially the Southern

Elf Lord, his body even swayed and he almost fell. It was evident that he had been greatly shocked.

As the Elf Lord of the Southern Domain, he was the person in charge of everything here. However, he knew very well that the true ruler of everything here was the Elf King. He was merely a person in charge of watching over this region, a powerful guard. However, before the King, he was only a subordinate.

As the Elf Lord in charge of this region, the Ancient Era's Immortal Needle and the Ancient Era's Immortal Pond were his everything. Yet now, the Ancient Era's Immortal Needle that he was in charge of was actually damaged. Then, he, as the Elf Lord, would have to bear the responsibility of the damage and be punished severely.

"Master Elf Lord, what do we do now?"

In fact, it was not only the Southern Elf Lord that was worried. At this moment, the many management elders from the Southern Domain were also panicking. Although this matter should not be related to them and no one knew how the Ancient Era's Immortal Needle became damaged, they were, after all, people who served this region. If their master was to be punished, they would naturally be unable to escape the punishment either. Thus, they all felt that a great catastrophe was imminent.

"Lord Xian Kun, are you truly certain that the Ancient Era's Immortal Needle is damaged? This sort of thing cannot be joked about." After calming down a bit, the Southern Elf Lord asked.

"Absolutely certain." Said Xian Kun with a determined expression. His gaze was cold and detached. It was as if what he had said was the unquestionable truth.

Upon hearing his words, the Southern Elf Lord and the management elders were all struck dumb.

However, they would never have thought that, at this moment after Xian Kun had left the Ancient Era's Immortal Pond's bottom, a scene was happening at that very same location.

Chu Feng stood in the bottom of the Immortal Pond. Layers upon layers of powerful energy was channeling into his body unceasingly. Most importantly, this sort of powerful energy created a chain reaction. The enormous formation hidden in the bottom of the Ancient Era's Immortal Pond was currently emitting a dazzling light.

It was not only that enormous formation that was emitting light all over, even that Ancient Era's Immortal Needle was emitting a dazzling silvery light. Moreover, the ancient runes and symbols on the Ancient Era's Immortal Needle were all emitting light right now, as if they had been imbued with life, the light was rapidly squirming around.

"Haha, sure enough. After that guy left, you immediately triggered this Ancient Era's Immortal Needle. Chu Feng, you've succeeded. You've successfully triggered the Ancient Era's Immortal Needle." Seeing this scene, Eggy was so excited and overjoyed that she started jumping and hopping around.

However, the current Chu Feng did not have the time to think about all those things. He had his eyes closed and did not bother to care about anything. He was wholeheartedly projecting his consciousness to his dantian. That was because he was able to clearly sense how significant the power being channeled into him by the Ancient Era's Immortal Pond's mysterious formation was. This might actually be the crucial moment when he would be able to breakthrough to become a Martial King.

As the Ancient Era's Immortal Needle triggered, light started to rush up from the bottom of the Immortal Needle. Gradually, the Ancient Era's Immortal Needle started to shine. In the end, the change arrived on the surface of the water and rushed all the way into the skies above. At this moment, everyone noticed the change.

"Heavens! Quickly, look! The Ancient Era's Immortal Needle is shining!"

"What sort of situation is this? Could it be that the Ancient Era's Immortal Needle has been triggered?"

Seeing the Ancient Era's Immortal Needle that was currently shining with countless number of runes and symbols flowing through it as if

living, everyone was shocked. Regardless of where they're from, whether they're humans or monstrous beasts, at this moment, they all soared to the sky.

Not only did they leave the Ancient Era's Immortal Pond, they also rushed to flee into the distant places in fear of being affected by the power of the Ancient Era's Immortal Needle.

That was because the Ancient Era's Immortal Needle was not only emitting light all over, it also emitted an ancient, mysterious and unapproachable divine aura.

At this moment, within the boundless white mist, the Southern Elf Lord and the others were completely rejected and filled with worries because of what Xian Kun had said.

However, who would've thought that, all of a sudden, the Ancient Era's Immortal Needle actually started to shine. Even they who were within the boundless white mist were able to clearly see the change that had happened to the Ancient Era's Immortal Needle.

"Heavens, this is..."

"It's the Ancient Era's Immortal Needle! The Ancient Era's Immortal Needle has been triggered! Master Elf Lord, the Ancient Era's Immortal Needle has been triggered!"

"Good gracious! The Ancient Era's Immortal Needle is not damaged! This sort of light, this sort of change, isn't this precisely what happens after the Ancient Era's Immortal Needle is triggered?"

Seeing the Ancient Era's Immortal Needle that was emitting light all over, the various management elders of the Southern Domain were all overjoyed. It was as if they had found paradise after entering a boundless abyss; they were truly emotional.

With even the elders acting like this, there was no need to mention how emotional the Southern Elf Lord was. Merely, because he was, after all, the lord of this region; although he was overjoyed, he still had a composed expression.

He looked to Xian Kun and said, “Lord Xian Kun, it would appear that you have made a misjudgement. Our Southern Domain’s Ancient Era’s Immortal Needle has not been damaged at all. Otherwise, how would it be triggered?”

Actually, Xian Kun had truly thought that this Ancient Era’s Immortal Needle was broken. Otherwise, it would be impossible for it to not be triggered by him. However, after seeing what was happening, he too was surprised. That was because this was most definitely the reaction of the Ancient Era’s Immortal Needle being triggered.

“Ha, it’s reaction being so slow, is this not a sign of damage?” Although he felt that he was mistaken, Xian Kun refused to admit it. Not only that, he even arrogantly said to the Southern Elf Lord. “However, regardless of that, you must still thank me. If it wasn’t for me, how could this Ancient Era’s Immortal Needle possibly be triggered?”

“That’s of course, that’s of course.”

Although Xian Kun’s tone was arrogant, the Southern Elf Lord did not take offense to it. That was because to him, everything would be well as long as his Ancient Era’s Immortal Needle was not damaged. Moreover, the Ancient Era’s Immortal Needle had not been triggered for many years. For it to be triggered now, it was a long-time desire of his happening. The current him was overjoyed. Regardless of how unpleasant Xian Kun’s words were, he would not take any offense to it.

“The long awaited green lightning, you are finally going to grace your presence before my Southern Domain once more. I truly missed you to death!”

At this moment, the Southern Elf Lord raised his head to look to the sky. His hope-filled gaze was fixed on top of the Ancient Era’s Immortal Needle.

In reality, it was not only him. Practically all of the Ancient Era’s Elves, including the humans and the monstrous beasts, had all raised their heads to wait for the arrival of the scene of the green lightning covering the entire horizon.

“Rumble.”

Suddenly, an ear-piercing thunder exploded from the topmost region of the Ancient Era’s Immortal Needle, shaking this entire region. The rumble was truly too ear-piercing. Not only that, it was also awe-inspiring. Practically everyone was intimidated by that rumble.

“Zzzzz”

Right after the thunder rumble that shook everything passed, a dazzling lightning appeared from the topmost region of the Ancient Era’s Immortal Needle.

The thickness of that lightning was enormous. It was a magnificent sight. It appeared like an enormous dragon composed of countless smaller lightnings. Bringing about an unparalleled power, it spread throughout the entire sky, covering the horizon.

The dense lightning created a net in the sky. Moreover, it was expanding in size unceasingly. Even though a boundless white mist covered the sky, the people below still managed to see the incomparable might displayed by it.

At this moment, everyone was stupefied. Their eyes were wide open and their mouths agape. Their gazes were flickering and their lips were shuddering. They were all suffering from an inconceivable and unprecedented shock.

That was because, at this very moment, the lightning that covered the sky, the lightning that was emitted by the Ancient Era’s Immortal Needle was not green in color. Instead, it was golden.

Chapter 1080: Five Colored Divine Lightning

Golden colored lightning covered the entire horizon. It was as if there were ten thousand dragons galloping and bellowing in the sky. The display truly brought about shock and terror to everyone.

However, at this moment, the thing that was most shocking was the color of the lightning. It was gold, it was actually golden colored.

Legend has it that the Ancient Era's Immortal Needle would emit different colored lightning depending on the race of the person who triggered it. For humans, it would be gold. For monstrous beasts, red; and for the Elves, green.

In the past, the Ancient Era's Immortal Needle had emitted green lightning every time it was triggered. This caused many people to feel that the legend was false.

Yet, today, the lightning released was a different color. Moreover, it was the color being triggered by a human, gold. How could this not shock everyone?

"Golden lightning, it's actually a golden lightning."

"We've succeeded! We've actually succeeded! After all these years, us humans finally have someone who's managed to trigger the Ancient Era's Immortal Needle!"

After a brief moment of silence, all the humans, whether within the walls or outside the walls, were overjoyed. An uncontrollable excitement burst forth from them.

Golden lightning. In all these years, no one managed to trigger such lightning. Yet today, golden lightning was actually triggered. The humans were naturally overjoyed by this sudden turn of events because this was considered to be glory for all humans.

"It's actually a golden lightning? Could it be that Yuan Qing succeeded?"

Compared to the others, the two management elders from the Orion Monastery were even more excited. That was because they believed that only their disciple Yuan Qing was able to trigger the Ancient Era's Immortal Needle.

In fact, it was not only them who felt this way. Practically everyone from outside the city wall felt this way as they had all placed their hopes on Yuan Qing.

However, at the moment when all of the humans were in ecstasy, the Ancient Era's Elves were thoroughly shocked. Especially the Southern Elf Lord, his current frame of mind was on the verge of collapse.

"This... how could this be? How could this be?"

"Xian Kun, exactly what is happening? Didn't you say that you would be able to trigger the Ancient Era's Immortal Needle? But what is this? What sort of situation is this? Why did the Ancient Era's Immortal Needle release a golden lightning? Speak, what exactly is happening?" Overly emotional, that Southern Elf Lord actually grabbed Xian Kun's collar and raised him. In anger, he snarled at Xian Kun.

He was truly, overly enraged, so enraged that he no longer cared about Xian Kun's identity and strength. That was because the moment when the golden lightning was released, he already knew that a great catastrophe would befall him.

All these years, the Ancient Era's Immortal Needles had never been triggered by humans or monstrous beasts. Yet today, the Ancient Era's Immortal Needle in his territory was triggered by a human. To the Ancient Era's Elves, this was an extraordinary shame and humiliation. He knew that the Elf King would not let him get away with it.

"This... I also do not know what happened. I clearly..."

At this moment, Xian Kun was also panicking. Regardless of how conceited he was, he still knew that the Southern Elf Lord possessed the strength to kill him in an instant. At the time when the Southern Elf Lord revered him, he could do whatever he wanted. Yet now, during the time when the Southern Elf Lord was frantically enraged, he no longer dared to

provoke the Southern Elf Lord. Instead, now he needed to try to free himself.

“Clearly what?! Could it be that you did not discover a human arriving at the bottom of the Ancient Era’s Immortal Pond?!” Interrogated the Southern Elf Lord.

“I...” Xian Kun was left speechless. That was because he had truly not bothered to inspect whether there might be anyone else other than him at the bottom of the Ancient Era’s Immortal Pond.

At that time, he conceitedly believed that no one other than him would be able to reach the bottom. However, he now discovered that he was gravely mistaken. That was because the Ancient Era’s Immortal Needle had been triggered and even released golden lightning on top of that; a sign that it was triggered by a human.

Upon recalling of how there was no reaction to the Ancient Era’s Immortal Needle even though he had stayed in the bottom of the Ancient Era’s Immortal Pond for so long, he now realized the reason. That was, other than him, there was another person at the bottom of the Ancient Era’s Immortal Pond.

Unfortunately for him, he discovered it much too late.

“Abominable! He actually fooled me! I shall go and seize this bastard from the Immortal Pond right now and make him pay the price for his conduct!”

After realizing what had happened, rage also covered Xian Kun’s face. He shook off the Southern Elf Lord’s hand that was grabbing him and tried to enter into the Ancient Era’s Immortal Pond once again in hope of capturing the person who triggered the Ancient Era’s Immortal Needle.

“Wuuuaaooo~~~~”

However, right at this moment, an ear-piercing bellow suddenly sounded from the depths of the Ancient Era’s Immortal Pond. Not only was that sound extremely loud and clear, it also contained an immense amount of might. It was as if the sound did not originate from something ordinary at

all. Instead, it sounded more like the bellow of gods. It was truly soul-shaking. Not only did it bring about awe to the people, it also caused them to be greatly afraid.

“Rumble.”

After the sound echoed through the space, enormous waves suddenly appeared on the previously calm Ancient Era’s Immortal Pond. Those enormous waves revolved around the Ancient Era’s Immortal Needle and created an enormous whirlpool. That surging whirlpool’s might was overflowing. Moreover, lightning sparks could actually be seen in the whirlpool.

“What’s that?” At this moment, everyone lowered their heads and cast their gazes at the Ancient Era’s Immortal Pond. That was because they were able to tell that a gargantuan change was happening to the Ancient Era’s Immortal Pond. It appeared as if something was about to emerge from the Ancient Era’s Immortal Pond.

“Rumble.” Finally, before the numerous gazes of the crowd, five lightnings were shot out from the center of the whirlpool. They revolved around the Ancient Era’s Immortal Needle as they soared straight to the sky.

It was five lightnings with different appearances and colors. They were respectively purple, gold, blue, red and black.

Five different colors. However, these five lightnings were somewhat different from the enormous net of lightning that was being released by the Ancient Era’s Immortal Needle. The might of these five lightnings appeared to be even more divine, even more ferocious. Most importantly, those five lightnings appeared as if they were living. They did not appear to be released by the Ancient Era’s Immortal Needle but appeared more like they’re running up the Ancient Era’s Immortal Needle.

Finally, the five divine lightnings arrived at the top of the Ancient Era’s Immortal Needle. Only then did they separate themselves from the Ancient Era’s Immortal Needle. However, unlike the golden lightning above the Immortal Needle, they did not disperse. Instead, they turned

into five enormous and ferocious lightning beasts.

At the moment when the five lightning beasts appeared, the sky instantly turned dark. Even though the golden lightning released by the Ancient Era's Immortal Needle was still present, the ruler of the sky appeared to be those five lightning beasts.

That was because the aura emitted by these lightning beasts were too frightening and indescribably strong. Such a powerful might simply does not appear to be something from this world.

Before these five lightning beasts, regardless of whether it was the Ancient Era's Elves, the humans or the monstrous beasts, they all felt how tiny they were. Before the five lightning beasts, they were truly tiny, as tiny as a speck of dust, unworthy of even mentioning.

“What is that?”

At this moment, everyone was stunned. As they looked to the five enormous lightning beasts that revolved around the Ancient Era's Immortal Needle, they were both shocked and fearful. Yet, they did not know what to do.

That was because the scene before them was truly different from the times when the Ancient Era's Immortal Needle was triggered in the past. To be exact, this time was even more magnificent, even more spectacular, even more of amazing. Most importantly, those five enormous lightning beasts were truly too terrifying. It was as if if they wished for it, they would be able to easily flatten this entire region and turn all of them into ashes.

Chapter 1081: The True Power

“Those lightnings do not appear to be released by the Ancient Era’s Immortal Needle. Exactly what are they?”

In fact, even the Southern Elf Lord and the arrogant and prideful Xian Kun were frowning. Fear and unease filled their green eyes. They were both frightened by those five enormous lightning beasts.

“Wuuaaoo~~~~”

“Zzzzzz”

Right at the moment when everyone was stunned by the five enormous lightning beasts, the five enormous lightning beasts first emitted a snarl before turning back into five divine lightnings. Revolving around the Ancient Era’s Immortal Needle, they flew back down. In the end, they dived into the Ancient Era’s Immortal Pond.

After those five divine lightnings entered into the Ancient Era’s Immortal Pond, the whirlpool on the surface of the Ancient Era’s Immortal Pond began to gradually settle. The pitch-black sky also returned to the brightness it had before. Even the golden lightning released by the Ancient Era’s Immortal Needle was gradually dissipating. Soon, this region of space returned to the peacefulness from before.

However, all the people present had their eyes fixed upon the Ancient Era’s Immortal Pond. Their shocked hearts had yet to settle.

At this moment, Chu Feng who was standing at the bottom of the Ancient Era’s Immortal Pond finally opened his eyes. In his sharp eyes flickered five different colored lightnings. Moreover, even his aura was no longer as simple as being merely martial power anymore. Instead, it was now the extremely mighty king level martial power.

Chu Feng’s cultivation was no longer a rank nine Martial Lord. He had become a rank one Martial King. At the moment when Chu Feng triggered the Ancient Era’s Immortal Needle, he obtained an enormous profit from the Ancient Era’s formation and actually managed to reach a

breakthrough directly.

“Haha. No wonder you ignored me. So you were actually making a breakthrough. How was it? I saw that black-colored divine lightning rushing out from your body and then returning to your body, did you manage to gain any new power?” Eggy asked excitedly.

Chu Feng did not answer Eggy’s question. Instead, with an intention, he made the Thunder Armor appear on him.

After the Thunder Armor appeared, Chu Feng’s cultivation was instantly increased to rank two Martial King from rank one Martial King. Moreover, Chu Feng’s current Thunder Armor was somewhat different from before.

His current Thunder Armor appeared even more substantial, like a true armor. Merely, on the surface of the substantial armor flowed five different colored lightnings. Before, there were only four.

“Sure enough, there’s an extra lightning. However, your cultivation has only increased by a single rank. There doesn’t seem to be much of a change.”

Eggy sensed Chu Feng’s cultivation. After seeing that the Thunder Armor had changed but its effect had not, Eggy bulged her cheeks. A depressed expression appeared on her matchlessly beautiful face.

“Zzzzz” However, right at this moment, Chu Feng’s had a one more intention. As lightning flickered in his eyes, two large lightning swords spread forth from the back of his Thunder Armor.

As the two large lightning swords spread out from his back, they curved around and ended up in wing-like shapes. It turned out that they were not two large lightning swords but was a pair of Thunder Wings.

The Thunder Wings were extremely mighty. Each of them was several meters long, many times longer than Chu Feng’s height. Moreover, their appearance was also breathtaking. Not only were they composed of five different interweaving lightnings, they even caused the surrounding substances to tremble.

However, what shocked Eggy the most was Chu Feng’s cultivation. After

the Thunder Wings appeared, Chu Feng's cultivation increased once more. From rank two Martial King, his cultivation was increased to rank three Martial King.

"Haha. Sure enough, you've grasped a new power. Increasing your cultivation by two ranks in succession, that's more like it." At this moment, Eggy who was slightly depressed earlier was beaming with happiness. Her smile was truly beautiful.

"This isn't much. I have also managed to obtain new harvest from this breakthrough. I feel that that might be the true power of the Divine Lightnings." Said Chu Feng.

"True power? What did you gain?" Hearing what Chu Feng said, Eggy's eyes instantly shined. Unable to contain her curiosity, she asked.

"This place is not safe. I'll display it to you after we switch locations." Chu Feng lightly smiled. Then, with a movement of his body, the Azure Dragon appeared underneath his feet and, with an unimaginable speed, he began to fly toward the distant.

Chu Feng did not directly return to the surface following the Ancient Era's Immortal Needle. Instead, he began to proceed for the edge of the Ancient Era's Immortal Pond from the bottom.

Due to the fact that the Ancient Era's Immortal Needle had been triggered, he reckoned that there would be a lot of people with gazes focused upon the Ancient Era's Immortal Pond's central region waiting for the appearance of the person who triggered it.

To the humans, this was most definitely an extraordinary moment, enough to stir their hearts. However, to the Ancient Era's Elves, it would likely be the complete opposite.

Chu Feng had experienced the methods of the Ancient Era's Elves. He could guess how much loathe the Ancient Era's Elves possessed right now. If they found out that the Ancient Era's Immortal Needle was triggered by him, they would likely not let him get away with it.

If the Ancient Era's Elves truly wanted to do something to him, then

even if Chu Feng joined a colossus like the Cyanwood Mountain, he would likely not be able to escape death. After all, the Ancient Era's Elves were truly too powerful.

There was only a single method for him to escape mishaps. That is, to not be known that it was he who triggered the Ancient Era's Immortal Needle. Chu Feng planned to swim to the surrounding of the Ancient Era's Immortal Pond from the center region and then secretly leave. Like that, no one would know that it was him who triggered the Ancient Era's Immortal Needle.

Chu Feng increased his speed to the maximum. Soon, he had left the Ancient Era's Immortal Pond's region covered by the Ancient Era's formation. After leaving that region, the frightening pressure naturally disappeared.

Although where he was currently would still be considered to be the deepest region of the Ancient Era's Immortal Pond, it was already far away from the crowd. However, Chu Feng did not rush to leave the Ancient Era's Immortal Pond. That was because he was itching to try out the new power that he now grasped.

"Quick, quick, quick. Quickly show your Lady Queen the true power of the Divine Lightnings." Eggy was also very impatient. She began to urge Chu Feng.

"Heh, don't be anxious. I'll show it to you right away." Chu Feng smiled complacently. Then, his eyes displayed a serious expression. He first closed his eyes. After that, his entire person's aura became completely different.

The Thunder Armor and the Thunder Wings were still on him. However, the lightning on them was changing. An even more frightening lightning was brewing from Chu Feng's body.

"Woosh."

"Woosh."

"Woosh."

“Woosh.”

“Woosh.”

“Woosh.”

“Woosh.”

Suddenly, Chu Feng opened his eyes. At this moment, the five Divine Lightnings in Chu Feng’s body had turned into finger-length lightning serpents. Like arrows, they explosively shot in all directions with Chu Feng as the center.

At this moment, this region of water was no longer peaceful. That was because everything in the path of the five Divine Lightnings were obliterated. Even the Ancient Era’s Immortal Pond’s water that contained natural energy was instantly evaporated by the Divine Lightnings.

Chapter 1082: Divine Lightning's Backlash

There was simply nothing that could stop the terrifying Divine Lightning. Even the rocks on the surface of the Ancient Era's Immortal Pond that had been bestowed with the protection of spirit formation were being exploded into fiery balls by the Divine Lightnings. They flew all around and up and down. The might of the Divine Lightnings was so frighteningly powerful.

However, although the Divine Lightnings were peerlessly powerful, they only continued onward for at most a hundred meters before dissipating. Furthermore, that's for the ones that managed to travel a long distance. For those that didn't they only travelled for several meters before dissipating. With such a short range, even if the might of the Divine Lightning was extraordinary, it would be of no use if they failed to hit the enemy.

However, the range being short was still not the greatest issue. The greatest problem was that, after Chu Feng released these Divine Lightnings, his rosy complexion, his face that used to be filled with energy, in a flash became pale as paper and without the slightest color of blood.

As for the five lightnings that flickered in his sharp eyes, they too dissipated alongside the Divine Lightnings released by him. In their place, Chu Feng's eyes were now bloodshot and lacking any life. At this moment, Chu Feng's aura was severely weak.

“Woosh.”

Not only did his aura decline, even his body was no longer under his control. In an instant, the Thunder Armor on his body as well as the Thunder Wings on his back disappeared. Even the Azure Dragon Dashing Technique underneath his feet disappeared. As for his body, it had lost all balance. He began to sway in the water and finally falling to the rocks on the bottom of the Ancient Era's Immortal Pond.

“Chu Feng, what happened? Are you alright?”

Seeing this scene, Eggy was frighteningly shocked. She could tell that

although the power of the Divine Lightnings were overwhelming, it was evident that Chu Feng did not manage to obtain full control over it. Most importantly, Chu Feng had merely released a tiny bit of the lightnings yet his body had already been overloaded. He also received a major backlash as the price of using the lightnings.

Regardless of how much Eggy shouted, she was unable to obtain any response from Chu Feng. That was because Chu Feng had already lost consciousness and entered into a state of coma. Moreover, his aura was still rapidly declining, growing weaker and weaker.

“Chu Feng, wake up. WAKE BACK UP! Damn it. Why did this happen?”

Seeing that Chu Feng’s state was extremely bad, Eggy also started to panic. Without any other choice, she clenched her teeth and prepared to use a forbidden method - sacrificing herself to forcibly release her special power to help heal Chu Feng’s injuries.

“Buzz”

Right at the moment of crisis, a burst of movement arrived from the Ancient Era’s Immortal Pond. It was water, a flow of water. However, it was no ordinary flow of water. The water contained a faint green light and was extremely fast.

It arrived above Chu Feng before stopping and then started to descend. Like clothes, it bundled Chu Feng within it.

Being covered by the green flow of water, not only did Chu Feng’s aura began to recover, even Eggy who was in Chu Feng’s world spirit space felt a burst of warmth.

“What is this?” At this moment, Eggy had given up on the thought of using her forbidden method. That was because she could feel that there was a gentle and warm energy that was currently healing Chu Feng. This energy was extremely powerful and extremely effective.

However, because Chu Feng had fainted and Eggy was unable to forcibly leave his body, she did not know where exactly this gentle energy that was healing Chu Feng had come from.

In the water several thousand meters away from the place where Chu Feng had fainted in was a small and delicate silhouette. It was a little girl with bright eyes, beautiful jet-black hair and snow-like fair skin. It was the little girl that Chu Feng saved from the Orion Monastery's disciple outside of the Immortal Pond.

However, this little girl was somewhat different from before.

"Buzz."

Suddenly, the little girl's pupils were pulled back. Her bright eyes actually began to change. Not only did her eyes turn from black to green, even her hair turned from black to blonde. A pair of pointed ears also emerged from her golden hair.

Other than the change in the color of her eyes, hair and the shape of her ears, there was no other change to the little girl's appearance. However, she emitted an extraordinary and fairy-like aura.

"Heh. Humans, I have a whole new level of respect for you all now." This little girl looked to Chu Feng. Her eyes were squinted as she smiled sweetly. Although her appearance had changed, her mischievous nature remained as it was.

After she finished saying these words, her body moved. Ripples appeared in her surroundings. At this moment, the little girl's figure had disappeared. It was as if she was never there.

No one knew about what Chu Feng did in the Ancient Era's Immortal Pond. At this moment, everyone was standing in the sky above the center region of the Ancient Era's Immortal Pond with their gazes fixed upon the tranquil waters of the Immortal Pond.

The Immortal Pond had been tranquil for quite some time now and they had been staring at it for quite some time too. However, no one dared to enter the Immortal Pond. Even that Xian Kun did not dare to do so.

After all, the scene that emerged from the Ancient Era's Immortal Pond was truly too shocking. Especially those five enormous lightning beasts; they appeared to have the power to destroy everything. Everyone present

was able to realize that the Ancient Era's Immortal Pond being triggered this time around was different from the past. Thus, even the Ancient Era's Elves did not dare to lower their guard and rashly enter into the water.

However, they were also hoping for the person who triggered the Ancient Era's Immortal Needle to quickly appear as they all wanted to know who exactly triggered it and created such an astonishing feat.

"Look, someone's coming out?" Suddenly, someone shouted. At this moment, everyone's eyes shined. That was because a figure indeed appeared in the Ancient Era's Immortal Pond and was rapidly flying toward the surface.

Seeing that figure that was rushing towards the surface, everyone's hearts jumped to their throats; they were extremely nervous. They knew that the moment that would bring about the greatest amazement was soon to occur.

"Hualala."

An enormous wave appeared on the surface of the water. After that, a figure appeared from the Ancient Era's Immortal Pond. As for this figure, it was not Chu Feng. He wore the Orion Monastery's disciple's clothings. It was the genius disciple of the Orion Monastery, Yuan Qing.

"Senior brother Yuan Qing, it's indeed you. Haha. I knew that the person who triggered the Ancient Era's Immortal Needle is most definitely senior brother Yuan Qing."

Upon seeing Yuan Qing, the people from the Orion Monastery immediately burst into an exultation. Not only did they begin to cheer nonstop, they even flew down from the sky and surrounded Yuan Qing on the water, grabbed him and began to throw him in the air to celebrate.

"Yuan Qing. It's truly him who did that? He's indeed a genius, he actually managed to successfully trigger the Ancient Era's Immortal Needle. This is truly a miraculous feat for us humans. His name shall be recorded in the annals. Everyone will remember the honor that he had strived for us."

In reality, it was not only the people from the Orion Monastery that were overjoyed. Practically all of the humans present and even the monstrous beasts were extremely excited.

However, compared to the others, Elder Gongsun and the other disciples from the Southern Cyanwood Forest were frowning. A faint unease appeared in their eyes.

Although a human triggering the Ancient Era's Immortal Needle was a great deed worthy of celebration, it would be different if the human was Yuan Qing. After all, Yuan Qing had a conflict with Chu Feng earlier. If he was to gain power, then wouldn't it mean that Chu Feng would suffer a calamity?

In other words, the Southern Cyanwood Forest would likely be under great pressure.

"You all... what's going on?" Right at the moment when everyone was cheering excitedly thinking that Yuan Qing was their hero, Yuan Qing, however, had an expression of confusion. He opened his mouth and asked in a puzzled manner.

Chapter 1083: Elf Princess

“Senior brother Yuan Qing, could it be that you still didn’t know? You have successfully triggered the Ancient Era’s Immortal Needle. The Ancient Era’s Immortal Needle had emitted a golden lightning that covered the entire sky above the Ancient Era’s Immortal Pond.”

“It’s not merely that. Other than the legendary golden lightning, five lightnings that were not recorded in the legends also appeared. Those lightnings appeared to be living and actually galloped to the heavens, creating a magnificent sight.” Said the disciples of the Orion Monastery in excitement.

“The Ancient Era’s Immortal Needle has really been triggered?” Hearing those words, Yuan Qing started to frown. His heart began to boil.

That was because Qin Guang had gone to chase after Chu Feng but never returned. He feared that something might’ve happened to Qin Guang, so he decided to wait for Qin Guang in the Immortal Pond the entire time. While he was waiting, he had closed his eyes as he trained.

During the time when the Ancient Era’s Immortal Needle was triggered, he also felt the motion of the waters. At that time, he knew that something had happened. However, upon thinking that even the Ancient Era’s Elves that were training at the deepest region of the Ancient Era’s Immortal Pond had left and only Qin Guang and Chu Feng hadn’t appeared, Yuan Qing began to feel unease and did not dare to rashly come out from the waters.

Thus, he decided to wait a bit longer. However, the longer he waited, the more unease he felt. He did not know if something had happened to Qin Guang or if he had already left. However, upon thinking that the three days’ time limit had arrived, he decided to appear from within the Ancient Era’s Immortal Pond.

However, never did he expect the reaction of the people after he emerged from the waters. It turned out that the movement he felt before was precisely the Ancient Era’s Immortal Needle being triggered.

Moreover, it appeared to be a human who triggered it.

And now, seeing the excited appearances of the people surrounding him and their gazes of reverence, it was clear that he had been deemed as the person who triggered the Ancient Era's Immortal Needle.

Although he knew that the Ancient Era's Immortal Needle was not triggered by him because he simply did not manage to reach the bottom of the Ancient Era's Immortal Pond, upon recalling how triggering the Ancient Era's Immortal Needle was his dream and the honor and benefits that would come alongside triggering it, he truly wanted to be the one to trigger the Ancient Era's Immortal Needle.

And now, since everyone believed that it was him who triggered it, he would naturally not deny it.

Thus, he calmed his frame of mind and displayed a smile on his previously confused face. Then, in an extremely proud manner, he nodded and said, "That's right, I have triggered the Ancient Era's Immortal Needle."

"Clamor~~~~~"

Right after he said those words, the crowd burst into an uproar. Although the crowd had already determined that it was Yuan Qing that triggered the Ancient Era's Immortal Needle, it was still not as stimulating as hearing Yuan Qing declaring that it was him.

Evidently, at this moment, Yuan Qing had become the hero in the eyes of all these people. Not only were the people from the Orion Monastery loudly cheering for him, even the people who were not from the Orion Monastery began to applaud and cheer for him.

However, right at the moment when everyone determined that it was Yuan Qing who triggered the Ancient Era's Immortal Needle, the Ancient Era's Elves that had entered into the Ancient Era's Immortal Pond had a different view.

"It's him? How is that possible? I saw that guy in the Ancient Era's Immortal Pond. He simply did not even manage to reach the level of water

that we reached, much less the bottom of the Immortal Pond. For the entire time, he had been lingering around the middle region of the Ancient Era's Immortal Pond."

"Although he did not manage to reach the bottom of the Ancient Era's Immortal Pond, it remains true that he was the human who managed to reach the deepest depth in the Immortal Pond. If it must be said who triggered the Ancient Era's Immortal Needle, it is true that he would have the greatest possibility."

"That's impossible. The Ancient Era's Immortal Needle could only be triggered by those who reach the bottom. He was so far away from the bottom of the Immortal Pond; how could it possibly be him who triggered the Ancient Era's Immortal Needle?"

"The Ancient Era's Immortal Needle being triggered this time was different from the past to begin with. Moreover, could you ascertain that the Ancient Era's Immortal Needle required a person to be at the bottom to trigger it?" Could you guarantee that the requirements that the humans have in triggering the Ancient Era's Immortal Needle would be the same as us?"

"This..."

Those Ancient Era's Elves that had encountered Yuan Qing began to debate among themselves. However, none of them could ascertain that it was not Yuan Qing who triggered the Ancient Era's Immortal Needle. In this helpless situation, the Ancient Era's Elves had no choice but to admit that it was Yuan Qing that triggered the Ancient Era's Immortal Needle. That was because, other than Yuan Qing, there was no other candidate.

"Truly unfair. I have been at the bottom of the Ancient Era's Immortal Pond for so long but did not manage to trigger the Ancient Era's Immortal Needle. Yet he, who was merely in that depth, was able to trigger the Ancient Era's Immortal Needle and even give birth to lightnings that never before appeared. This is truly unfair!"

"This man simply does not qualify to embrace the honor that he receives now. That's because he simply does not qualify to trigger the Ancient Era's

Immortal Needle.” Compared to the others, Xian Kun was furious. He felt that it was truly too unfair, so unfair that killing intent rose in his heart. The more time passed, the denser his killing intent became. In the end, he blurted out, “I’ll kill him!”

“I’m afraid that won’t do.” However, right at the moment when Xian Kun prepared to attack, a young and gentle voice sounded from behind him and the others.

Turning their heads to look, everyone was shocked. Immediately after, they all kneeled down and said, “We pay our respects to Lady Princess.”

It turned out that the person who had come was precisely the Ancient Era’s Elves’ Kingdom’s princess. As for this so-called princess, she was the little girl who had stolen the medicinal pellets from the Orion Monastery’s disciple and later saved by Chu Feng.

“You can all rise. Get up. To kneel for no reason at all, are you people not tired of it?” At this moment, the Elf Princess was walking and jumping in the air. With her hands behind her back, she had a naughty appearance as she walked over to the Southern Elf Lord, Xian Kun and the other management elders.

“Lady Princess, that trash by the name of Yuan Qing is simply unqualified to trigger the Ancient Era’s Immortal Needle. For him to trigger the Ancient Era’s Immortal Needle is an insult to us Ancient Era’s Elves. We cannot let him live, please allow me to go and eliminate this stain.” Xian Kun requested.

“Oh? Southern Elf Lord, what do you think about this matter?” The Elf Princess blinked her large eyes and, with an expression as if she had no idea what should be done, looked to the Southern Elf Lord. Her appearance seemed like that of a child asking for help from an adult after not knowing what to do.

“Eh...”

“Lady Princess, what Lord Xian Kun said is not without justification. We cannot allow such a stain to exist.” After hesitating for a moment, the Southern Elf Lord said.

“Oh? In that case, do you all plan to exterminate all those people, a total of several hundred millions, in the Southern Domain?” Asked the Elf Princess with a smile on her face and her eyes squinted. “What do you all consider our Ancient Era’s Elves to be? Are we slaughterers or are we butchers?”

“This...” After being asked by the Elf Princess in such a manner, everyone was speechless.

“There are certain things that you people ought to know too. It is not that our Ancient Era’s Immortal Needle have never been triggered by humans before. Ten thousand years ago, the human Qing Xuantian had triggered the kingdom’s Ancient Era’s Immortal Needle. Moreover, that is not an ordinary Ancient Era’s Immortal Needle; instead, it was our kingdom’s golden needle.”

“Xian Kun, I believe you know how difficult it is to trigger that golden needle, right?” Suddenly, the Elf Princess looked to Xian Kun with a smile on her face.

Being looked by the Elf Princess in such a manner, Xian Kun’s expression instantly became unsightly. However, in the end, he nodded and said, “This subordinate knows very well.”

“There’s no need to feel ashamed. Since the ancient times, the number of Ancient Era’s Elves that managed to trigger the golden needle cannot be counted with one’s fingers. That is because triggering the golden needle is simply not something that anyone ordinary could achieve.” The Elf Princess smiled profoundly. Then, with a slick satire-tone, she continued. “However, the human Qing Xuantian managed to accomplish that.”

“If it is said that as long as it would be a humiliation to us if any other race triggered the Ancient Era’s Immortal Needle, then we have already felt this humiliation ten thousand years ago.”

“If you all wish to remove the stain, then I’m afraid killing the several hundred millions of people here would not be enough. Instead, you’ll have to kill all of the people in the Holy Land of Martialism. Because, regardless of whether it might be the humans or the monstrous beasts, elderly or

children, everyone knows that Qing Xuantian had defeated us Ancient Era's Elves ten thousand years ago."

Said the Elf Princess with a child's voice. Regardless of what she was saying, her voice was still that of a child's. However, after she finished speaking, all of the Ancient Era's Elves present lowered their heads and didn't say anything. Not only were they speechless, embarrassment also covered their faces.

Chapter 1084: Someone Else

“C’mon, say something. Why have you all become silent? Could it be what I said was incorrect?”

“Very well. Then, tell me, if we wish to remove the stain upon us Ancient Era’s Elves, do we not require to kill all the people besides us Ancient Era’s Elves in the entire Holy Land of Martialism?” Seeing that everyone was silent, the Elf Princess asked once again. However, her tone this time had changed from one that was cheerful to one that was cold and detached, containing a faint trace of imposingness.

“We...” The Southern Elf Lord and the others continued to lower their heads in silence. That was because they truly had nothing to say. After all, what the Elf Princess said was the truth. Qing Xuantian defeating the Ancient Era’s Elves was something that had truly happened, it was something that everyone knew about, something that had already entered into the annals and was impossible to be altered.

If they truly wanted to talk about humiliation, then this matter would definitely be the greatest disgrace to the Ancient Era’s Elves. Yet, it was a disgrace that they couldn’t change. Not to mention that they could not return to ten thousand years ago to change it, even if they could, with their strength, what could they possibly do?

Even the ancestors of the Ancient Era’s Elves were no match for Qing Xuantian; so how could they possibly eliminate Qing Xuantian? It was likely that a casual fart from Qing Xuantian would be enough to eliminate all of them.

“Lady Princess, Qing Xuantian is the strongest human during that time. He is an existence that had surpassed all others before him and never been surpassed ever since. How could that Yuan Qing possibly compare with Qing Xuantian?” Suddenly, Xian Kun spoke out. He was willing to not kill Yuan Qing. However, he would not acknowledge Yuan Qing to be an individual stronger than him.

That was because he was able to ascertain that regardless of Yuan

Qing's current cultivation or his future potential, they were both incomparable to his own. With merely a single finger from him, he would be able to smash Yuan Qing to death. Thus, he truly was unable to accept the fact that Yuan Qing would be able to trigger the Ancient Era's Immortal Needle that even he failed to trigger.

"Did I ever say that that guy by the name of Yuan Qing is comparable to Qing Xuantian?" The Elf Princess asked instead.

"I..." Xian Kun was speechless. Indeed, the Elf Princess never said that Yuan Qing was comparable to Qing Xuantian.

"Although Yuan Qing is incomparable to Qing Xuantian, this does not mean that there is no second Qing Xuantian among the humans. It is best for you all to restrain your despise towards other races because you might not necessarily be stronger than other races. To look down upon others would only cost you dearly."

"I have already said all that I should say. All these people that have come to the Southern Domain today, I wish for all of them to leave unscathed. In the future, I hope that their lives and deaths would be unrelated to us Ancient Era's Elves."

"Especially you, Xian Kun. It's best for you to not do something that I do not wish to happen. Otherwise, I will make you regret it." Said the Elf Princess to Xian Kun.

As he saw the Elf Princess's beautiful gaze that appeared to contain a special implied meaning, Xian Kun's body shivered. He gulped a mouthful of saliva and even began to sweat cold sweat.

In actuality, it was not only him. Even the Southern Domain's Elf Lord and the management elders, ancient monsters that had cultivated for hundreds of years, had heavy expressions and unstable eyes right now.

Although outsiders might not know how powerful this Elf Princess was, they knew very well.

The Elf Princess was only twelve years old. Regardless of whether it was her age or appearance, they were both only that of a twelve year old child.

Judging by her appearance, she truly appeared like an extremely beautiful little girl.

However, the Elf Princess was also different from ordinary children. Although she still possessed the mischievous and trouble-making nature of a child, her thought process was extremely mature. Most importantly, contained within the body of this Elf Princess was a frightening power, a power that they did not have. Thus, this led to the Elf Princess holding a very high status within the kingdom even though her age was so young. Very rarely would there be people able to compare to her.

“Lady Princess, please be assured. This subordinate understands your intentions very well. He will definitely not allow anything to happen to those people.” After being silent for a moment, the Southern Elf Lord guaranteed.

“Southern Elf Lord, you can also be assured. I will explain to my royal father about this matter. I believe he will not make things difficult for you.” Said the Elf Princess with a smile.

“This subordinate thanks princess for her great kindness.”

Upon hearing what the Elf Princess said, the Southern Elf Lord was immediately overjoyed. Although the Ancient Era’s Immortal Needle being triggered by the humans was a great disaster, he might still be able to narrowly escape calamity if the Elf Princess was willing to plead for him. After all, the princess was the most beloved child of the Elf King. She was even said to be the hope of the Ancient Era’s Elves. Thus, her words possessed a lot of weight.

“These subordinates pay their respect to Lady Princess, Lord Xian Kun, Master Elf Lord and Lord Elders.” Suddenly, at this time, several Ancient Era’s Elves arrived before the crowd and saluted while kneeling.

“Impudent! Is this such a place that you all are qualified to enter? Is Lady Princess someone that you all could casually approach?” However, when those Ancient Era’s Elves arrived, the management elders actually grew a bit angry.

The Ancient Era’s Elves attached very high importance to rules. For elves

with low status, they were not allowed to casually approach the elves with higher status. And this place was a place that not only contained the upper echelons of the Southern Domain, even the Elf Princess was present. It was truly not a place that these younger generation elves could casually come to.

“Lord Elders, please forgive our rudeness. It’s merely that we truly have an important matter to report to Master Elf Lord.” Said those Ancient Era’s Elves while trembling with fear.

“What is it? Speak.” Asked the Southern Elf Lord.

“Of the Ancient Era’s Elves that have entered into the Ancient Era’s Immortal Pond this time around, eighty-three of them have yet to appear. Currently, there is no news from them. We fear that something has happened to them. Thus, we have come to ask Master Elf Lord to determine what we should do.” Those Ancient Era’s Elves said together.

“Such a matter actually happened? Has anyone entered into the Immortal Pond search for them?” The Southern Elf Lord asked.

“There’s no need to search; those eighty-three Ancient Era’s Elves are already dead.” Said the Elf Princess.

“What? Dead? Lady Princess, exactly what happened?” Upon hearing those words, not to mention the Southern Elf Lord, the expression of all the Ancient Era’s Elves present took a huge change.

Never would they have thought that those eighty-three Ancient Era’s Elves would be dead. One must know that with the special identity the Ancient Era’s Elves possessed, there were barely any people in the entire Holy Land of Martialism that dared to do anything to them. Yet now, there were actually Ancient Era’s Elves that had been killed in their own territory. This was simply something that they could not accept and tolerate.

“They are indeed dead. However, they have brought their deaths upon themselves. They wanted to kill another with inferior abilities and were instead killed.”

“With how weak their natures were, even if they lived, they would only smear upon the name of us Ancient Era’s Elves. Dying, on the other hand, was actually a good thing. Thus, Southern Elf Lord, there is no need for you to look further into this matter.” Said the Elf Princess.

“Lady Princess, since you’ve declared it like this, this subordinate will definitely not look further into this matter. However, this subordinate wishes to know who exactly killed our Ancient Era’s Elves. Might it be that boy called Yuan Qing?” Asked the Southern Elf Lord.

“Hah, he does not have that sort of ability.” Said the Elf Princess with a light laughter.

“It’s not that Yuan Qing?” Upon hearing those words, the Southern Elf Lord and the others were stunned once again. That was because they were able to determine the hidden intention behind the Elf Princess’s words. It was evident that someone else had killed their Ancient Era’s Elves. As for this person, his cultivation should be above Yuan Qing’s. However, with how mysterious that person was, it might be that the Ancient Era’s Immortal Needle was not triggered by Yuan Qing but instead was triggered by that mysterious individual.

At this moment, they truly wanted to know who that mysterious person was. Not only did that person trigger the Ancient Era’s Immortal Needle, he even dared to kill their Ancient Era’s Elves.

However, seeing the appearance of the princess, it was clear that she did not plan to tell them anything. Thus, they also did not dare to ask any further. After all, the actions of the Elf Princess today were unusual. They were all able to tell that the Elf Princess knew that person and was intentionally protecting that person.

Someone that the princess was protecting, how could they dare to do anything to that person? Thus, they could only drop the subject and leave behind an unsolved question in their hearts without daring to venture to find the answer.

Chapter 1085: Chu Feng's Return

“Xian Kun, prepare yourself to set off. It is about time for us to proceed to the next Elf Domain.” Seeing that everyone no longer bothered to question anything, the Elf Princess spoke.

“Lady Princess, did you not manage to sense the Ancient Era's Immortal Flower from this domain either?” Seeing this, Xian Kun asked.

“If the Ancient Era's Immortal Flower is that easily found, it would not be classified as an Extinct Treasure.” Said the Elf Princess coldly.

“Lady Princess, are you to leave now? This subordinate has prepared a sumptuous feast for you.” Asked the Southern Elf Lord.

“Oh? There's a feast? In that case, I'll leave after eating.” Hearing the word ‘feast,’ the Elf Princess's eyes immediately shined. The coldness she displayed earlier was gone, in its place was the innocence of a little girl.

Upon seeing the Elf Princess removing her cold expressions from before and turning into an innocent and adorable girl, the Southern Elf Lord and the others heaved sighs of relief. They truly feared this Lady Princess of theirs; especially when she turned to her mature appearance.

After this, the Southern Elf Lord and the others knew very well that they would have to drop this matter and not try to use any methods to hide what had happened. After taking a glance at Yuan Qing and the others below the ocean of mist, although they felt unwilling in their hearts, they had no choice but to leave one by one. They decided to not care about this matter, not care about how much the humans and the monstrous beasts would spread what had happened here.

At this moment, Chu Feng was still within the Ancient Era's Immortal Pond. After a long time, he gradually regained consciousness. By the time he fully regained consciousness, the water ripple that bundled him had already disappeared. Seeing his undamaged body, he felt confused.

“My body actually fully recovered? Eggy, did you did this?” Chu Feng asked.

“I didn’t do it. It seemed like someone else was secretly helping you.”
Eggy shook her head.

“Someone else?” Hearing those words, Chu Feng’s gaze flashed. He entered into deep thought. However, he was unable to figure out who it might be that secretly helped him.

“Forget about these things for now. How do you feel? Earlier, you nearly scared me to death.”

“Is the power of those Divine Lightnings that difficult to control? If you do not have the assurance, then don’t randomly use such a thing. Do you not know how dangerous that is?”

“Did you not know that a lot of people died from the recoil of trying to use powers that they had no control over? This sort of death is called ‘catching fire, besieged by demons’; it is a death caused by cultivators overestimating their abilities.” Eggy reprimanded Chu Feng sternly.

Eggy’s tone was a bit emotional. However, Chu Feng was able to tell that she was worried about his safety, feared that something might’ve happened to him. Thus, Chu Feng forced a smile and said, “I merely felt that I was able to emit the five Divine Lightnings in my blood out of my body. Never did I imagine that they would be that powerful. Not only was I unable to control them, I was nearly devoured by them.”

“It appears that while the power of the Divine Lightnings are extremely powerful, they are not something that the current me could touch. At the very least, my current body is incapable of withstanding the power of the Divine Energies rushing out of my body.”

“There’s no need for you to try to show off. That is your bloodline’s power. When the time is right, you would naturally be able to control it. It’s just like the Thunder Armor and Thunder Wings that you currently grasped. Aren’t you able to use them skillfully and easily?”

“I believe that once your cultivation becomes stronger, you would be able to comprehend even more new powers. To be honest, even your Lady Queen here is beginning to envy your special bloodline, because the more frightening your bloodline is, the more powerful your potential is.”

“Think about it, such a frightening power would be easily wielded by you in the future. The you then, can you imagine how frightening of an existence you would be?” Seeing that Chu Feng was feeling a bit depressed, Eggy consoled him.

The unspoken meaning behind Eggy’s words was very clear; she did not want Chu Feng to touch upon the power of the Divine Lightnings again. At the very least, before he had a certain level of assurance, he should not touch it.

No matter how strong the Divine Lightnings were, they were still Chu Feng’s bloodline. As long as Chu Feng was able to increase his cultivation to a certain level, the power of the Divine Lightnings would, sooner or later, be his.

“Mn. It appears that I cannot use the power of the Divine Lightnings for the time being. However, sooner or later, I would completely master it.” Chu Feng nodded. His body then moved. He began to quickly leave this place.

At this moment, the Ancient Era’s Immortal Pond was soon to close. No one was allowed to enter the Ancient Era’s Immortal Pond anymore. As for Yuan Qing, he already came to know that Qin Guang had never reappeared ever since he entered into the Ancient Era’s Immortal Pond’s depths alongside him.

However, Yuan Qing did not care about Qin Guang’s life or death at all. All he knew was that he had become the hero in the hearts of everyone present. He had become the sole human since history that had triggered the Ancient Era’s Immortal Needle.

With merely this achievement of his, he would definitely receive special treatment upon entering the Cyanwood Mountain and be especially cultivated by them. His future was simply as bright as it could be.

However, although he could ignore Qin Guang’s life and death, he cared deeply about Chu Feng’s life and death. Unable to help himself, he cast his glance to Elder Gongsun and them. With a very mocking tone, he said, “This Elder, I remember that your Southern Cyanwood Forest also has a

disciple that entered into the deepest region of the Ancient Era's Immortal Pond. How come I don't see him?"

Upon hearing what Yuan Qing said, the unsightly expression Elder Gongsun currently had grew even uglier.

During the time when everyone was celebrating, they from the Southern Cyanwood Forest did not join the celebration crowd. That was because the time limit of the Ancient Era's Immortal Pond's opening was soon to end and Chu Feng still had yet to appear. This caused them extreme worry. After all, the dangers within the Ancient Era's Immortal Pond were not limited to merely its terrifying pressure, there were also dangers from other people.

Especially upon recalling how this Yuan Qing held grudges toward Chu Feng to begin with and how powerful he was, where even the Ancient Era's Immortal Needle was triggered by him; if he was to do something to Chu Feng in the Immortal Pond, then it would likely not be a light matter for Chu Feng.

Thus, when Yuan Qing turned to them and spoke those words, the suspended hearts of Elder Gongsun and the others instantly fell to the floor. They all felt that Chu Feng might have encountered an accident.

"That's right, how come that Chu Feng hasn't appeared yet?"

"Could it possibly be that he was unable to withstand the pressure within the Ancient Era's Immortal Pond and stubbornly persisted in doing so, only to fail and die in the Immortal Pond?"

"There's truly such a possibility. Every year, there are people who die in the depths of the Ancient Era's Immortal Pond. It would appear that this year, the person who died there would be the Southern Cyanwood Forest's Chu Feng."

Hearing what Yuan Qing said, the people from the Southern Cyanwood Forest became even more worried. Actually, when Yuan Qing said those words, everyone present was reminded of Chu Feng. However, when they recalled Chu Feng this time around, there was not the slightest bit of sympathy. Furthermore, no one stood on Chu Feng's side.

That was because, at this moment, Yuan Qing was their hero. And what about Chu Feng? At the very most, he would be a youngster with pretty decent talent. Thus, if the two of them were to have a quarrel, they would naturally stand behind Yuan Qing without the slightest hesitation.

Earlier, the words spoken by Yuan Qing at the Southern Cyanwood Forest contained some hint of ridicule. It was something that many people picked up. Thus, at this moment, many of the surrounding people who originally did not have any grudges with Chu Feng also began to mock and ridicule Chu Feng for not appearing now.

Faced with the mockery and ridicule from the crowd, the Southern Cyanwood Forest's Elder Gongsun and the disciples were gnashing their teeth in anger. However, because their opponent was numerous and they were no match for the Orion Monastery, they did not dare to openly voice their anger and could only swallow it.

Seeing the depressed expressions on Elder Gongsun, Wang Wei and the other disciples, Yuan Qing became even more complacent. He coldly snorted and then loudly said, "Did you all see this? This is what it means to overestimate one's capabilities. Everyone, you must learn from this and not repeat the failures of that brat called Chu Feng."

"That's right. Although cultivation is precious, one's life is even more precious. We must all love our lives and not do things that overestimate one's capabilities like giving away one's life." The crowd also shouted in agreement.

"It would appear that a lot of people wished for my death."

"Regretfully, I might have to disappoint you all." Right at the moment when everyone felt that Chu Feng had died, Chu Feng's voice was suddenly heard.

Turning to the sound, the crowd saw that a figure was rapidly flying toward them. In the end, he landed among the crowd. This person was none other than Chu Feng.

Chapter 1086: Straight To The Main Topic

“Chu Feng!!!”

“Junior brother Chu Feng, it’s truly a blessing that you’re alright!!!”

When they saw Chu Feng, Elder Gongsun, Wang Wei and the others that were previously filled with grief and indignation, displayed ecstatic smiles.

That moment when they had determined that Chu Feng might be dead, that their Southern Cyanwood Forest’s hope might be extinguished, Chu Feng arrived before them, alive and kicking. This was truly a pleasant surprise to them, causing them to be extremely excited and overjoyed.

“This guy is actually alive. Could it be that Qin Guang...” Compared to the joy of the people from the Southern Cyanwood Forest, Yuan Qing’s expression turned ugly.

“Elder Gongsun, senior martial brothers and sisters, I lost my direction in the depths of the Immortal Pond. That’s why I came out from a different location. I am truly sorry for worrying you all.” Chu Feng saluted to Elder Gongsun and the others with a smile on his face. Using this opportunity, he also gave an explanation as to why he came out from a different location.

“It’s all good that you’re fine, it’s all good that you’re fine.” As for Elder Gongsun, he simply did not care why Chu Feng did not come from the center region of the Immortal Pond. Just by seeing that Chu Feng was safe and sound, he was so overjoyed that his heart began to leap.

“Lost your direction? There’s that many people that have entered into the Ancient Era’s Immortal Pond; how come only you lost your direction? It must be because your strength is too weak, right?” Suddenly, Yuan Qing mocked.

“Oh? Based on what you said, it seemed that I’m the only one who got lost in the deepest region of the Ancient Era’s Immortal Pond this year?” Chu Feng said in a confused manner. He then took a glance at the crowd and said.

“Hm, that’s weird. Where’s your Orion Monastery’s Qin Guang? He should have entered into the Ancient Era’s Immortal Pond alongside you. How come you’re standing here right now but that Qin Guang is nowhere to be seen? Can you guarantee that he hasn’t gotten lost like me?”

“You...” Hearing those words, Yuan Qing was unable to retain his composure. He knew very well why Qin Guang had separated from him; it was to chase after and kill Chu Feng.

Yet now, Chu Feng actually appeared safe and sound and Qin Guang still hadn’t shown himself. This meant that Qin Guang had most likely encountered mishap within the depths of the Immortal Pond. Although he did not know what sort of methods Chu Feng displayed to defeat Qin Guang, it was obvious that Chu Feng was planning to use Qin Guang’s disappearance to strike back at the Orion Monastery, giving him a slap in the face. With this, how could he possibly restrain himself?

“My senior brother Qin Guang is not someone that you could insult.” Upon thinking of that, Yuan Qing’s long hair started to dance like violent devils. As his long gown fluttered in the wind, a boundless oppressive might crushed towards Chu Feng like a formless, invisible storm. That was Yuan Qing’s rank two Martial King’s oppressive might.

“Crap.” Once Yuan Qing displayed his oppressive might, Elder Gongsun immediately frowned. His expression took a huge change as he knew that Yuan Qing was planning to use some trick.

This place was the territory of the Ancient Era’s Elves and one of their rules stated that they would not allow humans or monstrous beasts to wantonly fight in this place.

Yuan Qing clearly knew about this. However, he also wanted to teach Chu Feng a lesson. Thus, he displayed his oppressive might in hopes of suppressing Chu Feng.

Yuan Qing’s oppressive might was sent toward Chu Feng head on. Although the Ancient Era’s Elves were unable to detect it, all the people present were able to sense it.

If this happened earlier, perhaps someone might’ve stopped Yuan Qing

for using a method against Chu Feng. Someone might've even come out to expose him. However now, Yuan Qing was the hero in the eyes of everyone. The people wished to kiss his ass, so how could there possibly be anyone who would care about what he does?

Not to mention that no one would care about what he did, if Elder Gongsun was to act at this time, it might even cause the others to make a false accusation against him, saying that he, as an elder, was bullying a junior and used his oppressive might to attack Yuan Qing. At that time, it would not only be him who would be in trouble. The entire Southern Cyanwood Forest might not be able to escape the Orion Monastery's retaliation.

Thus, in an instant, Elder Gongsun was stuck between a rock and a hard place. On one hand was Chu Feng's safety and on the other, was the Southern Cyanwood Forest's safety.

“Boom.”

Right at the moment when Elder Gongsun was hesitating, a devastating oppressive might was shot out from Chu Feng's body. When Chu Feng's oppressive might appeared, it actually directly canceled out Yuan Qing's oppressive might.

“This Southern Cyanwood Forest's disciple is actually a rank one Martial King?” Seeing the scene that had suddenly unfolded before them, all the people present were surprised. Especially after they felt Chu Feng's cultivation from his oppressive might, the crowd was even more shocked.

He was a rank one Martial King. Although, before a rank two Martial King like Yuan Qing, a rank one Martial King could not be considered to be that much of a genius, but a rank one Martial King could still be considered somewhat of a genius. Especially when this genius came from the Southern Cyanwood Forest. This caused everyone to have a whole new level of respect for Chu Feng.

“Chu Feng, you've reached a breakthrough?” When even the bystanders were surprised by Chu Feng's cultivation, there was no need to mention how excited Elder Gongsun and the others from the Southern Cyanwood

Forest were.

Although they knew that Chu Feng possessed a method to raise his cultivation, it was clear that Chu Feng was not using that method right now. Yet, his rank one Martial King's aura was as real as it could be. This meant that Chu Feng must've had a breakthrough.

"I got pretty lucky and managed to break through in the Ancient Era's Immortal Pond." Faced with the gazes of surprises from his fellows, Chu Feng replied with a smile of assurance.

"Hahaha. Great, this is truly great." When Chu Feng confirmed that he had broken through, the smiles on Elder Gongsun and the others blossomed.

Although the matter of Yuan Qing triggering the Ancient Era's Immortal Needle was bad news to them, Chu Feng's breakthrough to the Martial King level was definitely a good news.

Right at the moment when everyone was surprised by Chu Feng's cultivation, Yuan Qing had a very ugly expression on his face. No matter what, he was a rank two Martial King. Moreover, he was not an ordinary rank two Martial King. Instead, he was a rank two Martial King that even rank three Martial Kings were inferior to.

However, his oppressive might was canceled out by Chu Feng's rank one Martial King's oppressive might. This was naturally a very humiliating matter.

However, after the exchange with Chu Feng earlier and recalling what had happened within the Immortal Pond, Yuan Qing began to have restraining fear of Chu Feng. Thus, although he was very unwilling, he did not attack Chu Feng again. Instead, he symbolically gathered people and arranged them to search for the whereabouts of Qin Guang in and around the Ancient Era's Immortal Pond.

As for the result, it was very obvious. Qin Guang had already been killed by the Ancient Era's Elves, so how could he possibly be found? Thus, regardless of whether the Orion Monastery was willing to or not, the fact that Qin Guang might've lost his life within the Immortal Pond was

something that they must accept.

Just like this, the cultivation journey in the Ancient Era's Immortal Pond came to an end. Under the supervision of the Ancient Era's Elves, Chu Feng and the others left the Southern Domain.

When Chu Feng and the others left the Southern Domain, the news of Yuan Qing triggering the Ancient Era's Immortal Needle rapidly spread about.

This caused Yuan Qing to once again become the hero in everyone's eyes and receive rounds upon rounds of cheers and applause. Merely, this time around, it was several hundred million people cheering and applauding.

Right at the time when Yuan Qing became the focus of everyone, at the time when the Orion Monastery's elders and disciples all had complacent smiles on their faces, Sikong Zhaixing held a dejected expression.

For some unknown reason, when it was determined that it was Yuan Qing who had triggered the Ancient Era's Immortal Needle, he felt abnormally disappointed. Even the news of Chu Feng's breakthrough was unable to cheer up his spirit.

On their way back, Chu Feng managed to see that Sikong Zhaixing had something in his mind. Thus, he walked toward him, gave a respectful greeting and then said, "Senior Sikong."

"So it's you, Chu Feng. You have truly surpassed my expectations. You actually managed to break through to a rank one Martial King here. According to the agreement that we had before, I would send you alongside Wang Wei and the others to the Cyanwood Mountain this year." When he saw Chu Feng, a gratified smile appeared on Sikong Zhaixing's face.

Chu Feng was now his sole hope. He was also the sole comfort to his endless depression.

"Senior Sikong, you seemed to have something on your mind. Could it be because of Yuan Qing triggering the Ancient Era's Immortal Needle?"

Faced with Sikong Zhaixing who was about to shift the subject, Chu Feng suddenly directed straight to the main topic.

Chapter 1087: To Do A Thing

“Chu Feng, you actually...” Hearing those words, Sikong Zhaixing was instantly stunned. However, after being silent for a moment, he said.

“Although the Orion Monastery does not make things difficult for our Southern Cyanwood Forest on the surface, I always felt that they wanted to eradicate us. It is merely that they do not have any suitable justification and the proper timing for doing so at this time.”

“After all, no matter how weak our Southern Cyanwood Forest has become, we are still a genuine subsidiary power of the Cyanwood Mountain. Even if they wanted to do something to us, they would still need a proper excuse.”

“And now, the Orion Monastery’s Yuan Qing actually triggered the Ancient Era’s Immortal Needle. Not to mention that Yuan Qing would obtain special treatment after entering the Cyanwood Mountain, even the Orion Monastery would obtain quite a reward. I’m afraid that the Orion Monastery would become even more arrogant in the future. If this continues, I truly do not know when the Orion Monastery might come and attack our Southern Cyanwood Forest.”

“However, what I fear the most is still the grudge between you and Yuan Qing. That Yuan Qing is a person with outstanding talent to begin with. Adding on the people the Orion Monastery has in the Cyanwood Mountain; if he wanted to do something to you after entering the Cyanwood Mountain, I’m afraid that you would suffer losses.”

“And now he has actually triggered the Ancient Era’s Immortal Needle; he will obtain an even better treatment upon entering the Cyanwood Mountain. Thus, what I fear the most is Yuan Qing doing something to you.” Saying till this part, Sikong Zhaixing sighed. Without concealing anything, he had expressed all of his depression and worries to Chu Feng.

“If this is the case, then Senior Zhaixing, I believe you could set your mind at ease.” Chu Feng said.

“Mind at ease? Chu Feng, you...?” Sikong Zhaixing was confused by Chu

Feng's words.

"That Ancient Era's Immortal Needle was not triggered by Yuan Qing. Instead, it was triggered by me." Said Chu Feng with a soft voice. His expression was very natural; his mindset was very calm.

"What? Chu Feng, what did you say? Say it again?" Upon hearing those words, Sikong Zhaixing's expression immediately took a huge change. He was so emotional that he grabbed onto Chu Feng's shoulders with his hands. His current actions were truly deviant from his normal character.

As for Chu Feng, he seemed to have already anticipated Sikong Zhaixing's emotional reaction. Thus, he continued to remain calm and say, neither fast nor slow, "It is actually I who triggered that Ancient Era's Immortal Needle."

"Heavens! Is this for real? Hahaha, this is truly too great, truly too great. I knew it, how could that Orion Monastery's Yuan Qing possibly compare to our Southern Cyanwood Forest's Chu Feng." At this moment, Sikong Zhaixing was overjoyed. He was so excited that his old body started to shiver.

He had no doubt at all about what Chu Feng had said. Simply because he had great trust in him. Since Chu Feng had declared that it was him who triggered the Ancient Era's Immortal Needle, even if the entire world refused to believe him, he would still believe him. After all, to him, Chu Feng was the sole hope of his Southern Cyanwood Forest.

"Chu Feng, since that Ancient Era's Immortal Needle was triggered by you, why didn't you expose Yuan Qing but instead allowed him to obtain that accomplishment?" After his joyous state passed, Sikong Zhaixing asked.

One must know how magnificent a feat it was to trigger the Ancient Era's Immortal Needle and how boundless the benefits one would gain from it. For example, there was reverence from the humans, moreover, the Cyanwood Mountain would focus on cultivating that individual. All of these benefits were supposed to be Chu Feng's. Yet, they were all obtained by Yuan Qing. This brought about great displeasure to Sikong Zhaixing.

“Senior Sikong, this junior has his difficulties.” Seeing this, Chu Feng did not try to hide it anymore. Instead, he narrated to Sikong Zhaixing all that had happened in the depths of the Ancient Era’s Immortal Pond.

Especially the matter about the Ancient Era’s Elves killing Qin Guang and then coming to kill him only to be killed by him instead.

The reason why he didn’t acknowledge that it was him that triggered the Ancient Era’s Immortal Needle was precisely because he feared that the Ancient Era’s Elves would come after him. After all, the Ancient Era’s Elves were extremely powerful. If the Ancient Era’s Elves truly wanted to kill him, not to mention Sikong Zhaixing, even the Cyanwood Mountain would likely not be able to protect him.

“Based on what you said, doesn’t it mean that Yuan Qing has a calamity approaching him and would not live for long?”

After hearing what Chu Feng said, Sikong Zhaixing rejoiced in his heart. Although he was the headmaster of the Southern Cyanwood Forest and possessed a very noble status, he still wished for that Yuan Qing who took advantage of Chu Feng’s accomplishment to be killed by the Ancient Era’s Elves. In other words, he felt what Yuan Qing did to be truly shameless.

“To be honest, I cannot be certain whether the Ancient Era’s Elves would kill Yuan Qing or not. The reason why I did not acknowledge that it was me who triggered the Ancient Era’s Immortal Needle was because I feared that a mishap might happen.”

“However, never did I expect that a freak combination of factors would turn Yuan Qing into the person who triggered the Ancient Era’s Immortal Needle in everyone’s eyes.”

“Truth be told, I am also very furious in Yuan Qing’s impersonation. However, when I think about it from another viewpoint, this could also be considered an opportunity for me to use Yuan Qing to examine what exactly the Ancient Era’s Elves would do to the human that triggered the Ancient Era’s Immortal Needle.”

“It would be one thing if they killed Yuan Qing. However, if they let him live and ignore this matter, I will not let Yuan Qing obtain the gains so

easily. One day, I will definitely make him vomit out all the advantages that he had picked up from me.” Chu Feng said.

“Chu Feng, you mean?” Sikong Zhaixing seemed to have thought of something.

“If the Ancient Era’s Elves doesn’t do anything to Yuan Qing, I will personally take care of him.”

“I am the one who triggered the Ancient Era’s Immortal Needle. I have the ability to trigger it and this ability is not something that Yuan Qing could impersonate.”

“Moreover, isn’t there also another Ancient Era’s Immortal Needle in the Cyanwood Mountain? As long as I trigger that Ancient Era’s Immortal Needle while Yuan Qing cannot, the truth would be revealed to everyone.”

“I believe, at that time, not only would Yuan Qing be thoroughly discredited, even the Orion Monastery would be implicated by him. I fear that even without me doing anything, Yuan Qing would find it very difficult to continue to stay in the Cyanwood Mountain. If he were to die afterwards, I am certain that no one would look into it.” Said Chu Feng.

“Amazing, truly amazing. Yuan Qing thought that he had picked up a gargantuan advantage but never did he know that he has become your shield. So, everything was within the grasp of your palm. It would appear that I have truly underestimated you, boy.”

After hearing what Chu Feng said, Sikong Zhaixing was grinning from ear to ear in extreme happiness. As the headmaster of the Southern Cyanwood Forest, he was a very astute and circumspect person. However, never did he expect that Chu Feng, with his young age, would be a person who thought so far ahead to exploit the person who took advantage of him.

Sikong Zhaixing began to feel more grateful for how lucky he was, how lucky the Southern Cyanwood Forest was to actually obtain a disciple like Chu Feng. This was most definitely a grace given to the Southern Cyanwood Forest by the heavens.

“Nevertheless, there is most definitely a need for time to observe. At the very least, I would need to observe within the Cyanwood Mountain for a while.”

“I know that I would likely be unable to escape humiliation from Yuan Qing in this period of time. However, it’s alright. I have already prepared myself. If he was to bully me, then, in the situation where I am unable to strike back, I would endure. However, one day, I will return the humiliation that he has given me tenfold, a hundredfold.” When he said till this point, a very cold fierceness flashed past Chu Feng’s eyes.

“No. Even during the time when you’re observing the reactions of the Ancient Era’s Elves, there won’t be anyone who will bully you as long as you are able to do this thing.” Sikong Zhaixing said.

“Senior Sikong, what is the thing that you’re speaking of?” Chu Feng asked in a puzzled manner.

“Wait for me here.” Sikong Zhaixing did not answer Chu Feng. Instead, he smiled profoundly, turned around and said something to Elder Gongsun.

After hearing what Sikong Zhaixing said, Elder Gongsun, Wang Wei and the others all bid their farewells to Sikong Zhaixing before leaving the warship to ride another warship to return to the Southern Cyanwood Forest in the leadership of Elder Gongsun.

At this moment, only Chu Feng and Sikong Zhaixing remained in this warship driven by Sikong Zhaixing. Moreover, Sikong Zhaixing had changed the direction of this warship. It began to rapidly fly toward the north, a direction completely different from the Southern Cyanwood Forest.

“Senior Sikong, where are we going?” Chu Feng was very puzzled by Sikong Zhaixing’s actions. Unable to contain himself, he asked.

“Where we’re going doesn’t matter. The most important thing is that I want you to go and do a thing.” Said Sikong Zhaixing.

“What is it?” Chu Feng asked.

“A thing that others cannot accomplish but you might be able to.”
Replied Sikong Zhaixing.

Chapter 1088: The Ancestor's Agreement

“Senior Sikong, exactly what is going on?” Chu Feng asked in curiosity.

“Chu Feng, you ought to know who Baili Xuankong is, right?” Sikong Zhaixing answered with a question.

“Of course. Baili Xuankong is our Southern Cyanwood Forest's first generation's headmaster, the founder of our Southern Cyanwood Forest.”

“Back then, he was an expert with his name renowned throughout the entire Cyanwood Domain. He is also the senior martial brother of the Cyanwood Mountain's headmaster. In the Cyanwood Mountain, he possessed an exceptionally high status. It was precisely because of the request of the Cyanwood Mountain's headmaster that he created the Southern Cyanwood Forest.”

In the past couple days, Chu Feng had learned a lot about the Southern Cyanwood Forest. The first headmaster of the Southern Cyanwood Forest, Baili Xuankong, was most definitely the most heroic and legendary headmaster of the Southern Cyanwood Forest. It could even be said that he was the sole person that the Southern Cyanwood Forest's disciples were intensely proud of. That was because his successive headmasters were much inferior to him.

During the time of Baili Xuankong, the Southern Cyanwood Forest was the strongest among the four Cyanwood Forests. It was so much that the other three Cyanwood Forests simply could not even be mentioned alongside the Southern Cyanwood Forest due to their enormous gap in strength.

However, after his death, the Southern Cyanwood Forest suffered a sudden, devastating decline. Without the protection of this exceptional expert, the successive generations of the Southern Cyanwood Forest became inferior to the one preceding it. Today, the Southern Cyanwood Forest had become pitifully weak and become the laughingstock.

“Chu Feng, you are a very smart and intelligent child. Have you ever thought to yourself that, with the strength that Headmaster Baili and the

power that our Southern Cyanwood Forest possessed back then, why did we decline to such a state after his death? There must be a reason to it, right?" Asked Sikong Zhaixing.

"To be honest, junior has indeed thought about this question before. As the saying goes, a camel that is starved to death would still be bigger than a horse. With how powerful Headmaster Baili was before his death, the Southern Cyanwood Forest that he left behind shouldn't have declined to today's state." Chu Feng honestly voiced his opinions.

"That's right. If Headmaster Baili truly wanted to properly operate the Southern Cyanwood Forest, then even though the location where the Southern Cyanwood Forest was constructed is extremely weak, we still should not have declined to today's level."

"As for the reason for the Southern Cyanwood Forest's devastating decline, that was because although Headmaster Baili was powerful, he did not leave behind any inheritance for the Southern Cyanwood Forest nor did he cultivate outstanding descendants. It was so much that even when he was selecting the next headmaster to take over him, he merely randomly chose someone to do that."

"I have even heard that before his death, he even especially told his friends that regardless of how devastating of a state the Southern Cyanwood Forest would end up in, they are not to extend any helping hand. However, he also asked his friends to not let the Southern Cyanwood Forest perish. He even especially mentioned to the headmaster of the Cyanwood Mountain at that time to, regardless of what might happen to the Southern Cyanwood Forest, continue to let it exist."

"That was the reason why, after his death, the Southern Cyanwood Forest received a sudden and devastating decline. Moreover, many of the experts that have come to join the Southern Cyanwood Forest because of Headmaster Baili's fame also left the Southern Cyanwood Forest after his death. Adding on the requests he had made before his death; this was the reason why the Southern Cyanwood Forest has declined to today's level."

"Although the Southern Cyanwood Forest is still in existence, when

compared to the glorious days back then, the Southern Cyanwood Forest has become pitifully weak.” Said Sikong Zhaixing.

“Such a thing actually happened? Why would Headmaster Baili do such a thing?” Confusion was written all over Chu Feng’s face.

“Although Headmaster Baili did not seem to leave anything behind for the Southern Cyanwood Forest, he did leave some things behind.” Sikong Zhaixing said.

“What things?” Chu Feng asked.

“You ought to know about the Ascension Sect, right?” Asked Sikong Zhaixing.

“This junior knows. The Ascension Sect is the same as the Orion Monastery. They are one of the Cyanwood Mountain’s first-rate subsidiary powers. Moreover, it is said that the Ascension Sect’s strength is a bit stronger than the Orion Monastery and is comparable to the Northern, Western and Eastern Cyanwood Forests.” Replied Chu Feng.

“Our Headmaster Baili was best friends with the founding sect master of the Ascension Sect. Back then, before his death, Headmaster Baili had created a pagoda in the Ascension Sect. The pagoda is called the Southern Cyanwood Forest’s Pagoda.”

“He had left behind a keepsake at the top of the Southern Cyanwood Forest’s Pagoda, and then made a promise with the Ascension Sect’s sect master saying that as long as someone from Southern Cyanwood Forest is able to obtain that keepsake in the future, the Ascension Sect is to ally itself with the Southern Cyanwood Forest. Moreover, they are to swear to undergo trials and tribulations, live and die, alongside the Southern Cyanwood Forest.”

“At the same time, he also stated that if no one from the Southern Cyanwood Forest is able to obtain that keepsake, then the Ascension Sect is to never provide the Southern Cyanwood Forest a helping hand.” Said Sikong Zhaixing.

“So Headmaster Baili had already guessed that the Southern Cyanwood

Forest would decline so low?” Chu Feng seemed to have understood something.

“That’s right. That’s why we say that Headmaster Baili is a true sage. When he created the Southern Cyanwood Forest, he did so all for the purpose of waiting for one exceptional genius, a person who would be able to affect the entire Holy Land of Martialism. It could be said that the Southern Cyanwood Forest was founded all for that person.”

“While he was willing to help that person, he was unwilling to help nor develop the Southern Cyanwood Forest. That’s why he did not leave behind any of his skills and abilities for the Southern Cyanwood Forest’s later generations. This was also why he did not allow his friends to provide assistance to the Southern Cyanwood Forest. Yet, he still demanded for the continued existence of the Southern Cyanwood Forest and left behind such a promise with his best friend.”

“His intentions were very clear. While it is true that he did not leave anything for the Southern Cyanwood Forest, he has left behind some assistance to the person that he believed would emerge from the Southern Cyanwood Forest.”

“Many people do not understand why Headmaster Baili would do such a thing. The previous me was one of those people. I was completely blind to his intentions and even felt what he did to be superfluous. Yet, the current me now understands him because I eventually came to believe in the words he left behind.”

“He said that the Southern Cyanwood Forest would wait for a person that would affect the entire Holy Land of Martialism, only then would the purpose of the existence of the Southern Cyanwood Forest be shown. Likewise, that would also be the time for the Southern Cyanwood Forest to become glorious.”

“And now, that person has appeared. That person is you.” Sikong Zhaixing looked to Chu Feng. Complicated expressions filled his eyes. It was a kind of entrust, an entrustment of all his hopes onto Chu Feng.

“Senior Sikong, are you bringing me to the Ascension Sect to obtain the

keepsake in the Southern Cyanwood Mountain's Pagoda so that the Ascension Sect will become our ally and assist us?" Chu Feng had understood Sikong Zhaixing's intentions.

"Mn, the power the Orion Monastery has in the Cyanwood Mountain is very strong. Even with the rules of the Cyanwood Mountain, you would still suffer if Yuan Qing wanted to do something to you."

"However, if the Ascension Sect is to shield you, the situation would be completely different. That is because the strength of the Ascension Sect in the Cyanwood Mountain is not at all inferior to the Orion Monastery. It could even be said that they're a bit stronger than the Orion Monastery." Said Sikong Zhaixing.

"However, Senior Sikong, after all these years, are you certain that the Ascension Sect would comply to the promise their founding sect master and our founding headmaster made?"

Chu Feng was a bit worried. After all, the gap between the current Southern Cyanwood Forest and the Ascension Sect was too enormous. It was not certain that the Ascension Sect would comply to an oral agreement from their ancestor and ally itself with the Southern Cyanwood Forest. This was especially true considering that Chu Feng had offended the Orion Monastery.

"Actually, even I am unable to determine whether they would comply with the promise. After all, such a long time has passed."

"However, the Ascension Sect is different from our Southern Cyanwood Forest. Ever since the time of their founding sect master, their method of selection for their successive sect masters was very special. The person they would choose would not necessarily be the one with the strongest cultivation. Instead, it would definitely be the one with the best moral conduct."

"Thus, the successive sect masters of the Ascension Sect have always been people with moral conduct greatly approved by others. Thus, even though the Ascension Sect is unrelated to our Southern Cyanwood Forest since the death of our Headmaster Baili, I know that their current sect

master still remembers the promise that their ancestor has made with Headmaster Baili.” Said Sikong Zhaixing.

“In that case, let’s place our trust in Headmaster Baili this time.” Chu Feng gave a relieved smile. He no longer bothered to think much about it.

The meaning of his words was very clear. The complicated relationship the Southern Cyanwood Forest had with the Ascension Sect was created by Headmaster Baili. If Chu Feng was able to obtain the keepsake but the Ascension Sect refused to acknowledge their promise, it could only mean that Headmaster Baili had miscalculated. At the very least, he had selected the wrong target to make his promise with.

However, Chu Feng actually trusted Headmaster Baili quite a bit. He felt that this Headmaster Baili was an extraordinary man. As for such sort of extraordinary man, they were generally people with great abilities.

Chapter 1089: The Ascension Sect's Contempt

Although the Ascension Sect was also located in the Cyanwood Domain, it was not located in the north as opposed to the south. Thus, it was very far away from the Southern Cyanwood Forest.

Adding on the fact that the Holy Land of Martialism was an enormous place, even though there were ancient teleportation formations, it still took Chu Feng and Sikong Zhaixing several days to arrive at the Ascension Sect.

At this moment, Chu Feng and Sikong Zhaixing had finally entered the territory of the Ascension Sect.

It had a very imposing yet majestic power. The location where the Ascension Sect was set up was in the Ascension Mountain Range.

The Ascension Mountain Range was a very vast and beautiful mountain range. It possessed mountains that pierced into the clouds and very long and unending waterfalls. Most importantly, there was a special kind of bird in this Ascension Mountain Range called the Ascension Bird.

An adult Ascension Bird was able to grow up to ten meters tall. They were not monstrous beasts and could only be considered to be ordinary birds. But they possessed extreme speed and were domesticated as mounts by the Ascension Sect. Therefore, they were considered to be the distinct feature of the Ascension Sect.

At this moment, high up above the continuous mountain range were numerous elegant palaces as far as the eyes could see. Adding on the Ascension Birds that would occasionally fly past them and the vast white clouds that floated above the palaces, this Ascension Sect appeared like a world of immortals from a single glance.

In fact, to ordinary people, the Ascension Sect was simply a land of immortals. As for those people that could train in there, they were all immortals that possessed remarkable abilities.

Although the Ascension Sect possessed a promise with the Southern Cyanwood Forest, it never had any interaction with the Southern Cyanwood Forest in all these years. However, because Sikong Zhaixing was the headmaster of the Southern Cyanwood Forest and possessed the cultivation of a Half Martial Emperor, when they arrived at the Ascension Sect, the elders there greeted them courteously.

“Headmaster Sikong, ever since you had visited our Ascension Sect seventy-eight years ago, this is the second time that you’ve come to our Ascension Sect. You truly are an infrequent visitor.”

The person who received Sikong Zhaixing and Chu Feng was a management elder. Although he was only a management elder, he also possessed the cultivation of a Half Martial Emperor. Adding on the fact that his status in the Ascension Sect was very high, he did not treat Sikong Zhaixing with a great amount of reverence. Instead, he treated Sikong Zhaixing amiably as someone standing on equal footing.

“Ah, Elder Zhou, your memory is truly excellent. At that time, Elder Zhou was only a Martial Lord. Yet now, you’re already a Half Martial Emperor. This sort of progress truly causes this old one to blush with shame.” Sikong Zhaixing bitterly laughed in a slightly self-mocking manner.

“That’s true. At that time, I was merely a lowly disciple. And now, I have managed to become a management elder. However, it is all thanks to the cultivation from our Ascension Sect. Otherwise, it would be impossible for me to obtain my current accomplishments.” Said Elder Zhou in a slightly proud manner.

“Although that might be the case, it still required for Elder Zhou to possess exceptional talent. Otherwise, no matter how much they put forth to cultivate you, it would still be impossible for you to reach the Half Martial Emperor level.” Sikong Zhaixing continued to complement Elder Zhou.

“What Headmaster Sikong said is true too. Of my generation’s disciples, I am indeed the one that’s the most outstanding.” Being praised by Sikong

Zhaixing in such a manner, the complacent expression on Elder Zhou's face became even more pronounced. As for his attitude toward Sikong Zhaixing, it also became a lot friendlier. He even took the initiative to ask.

"Headmaster Sikong, I know for sure that you're a person that doesn't visit a place without a cause. May I know what brought you to our Ascension Sect today?"

"If there's something you need, just tell me. Although I am only a management elder right now, I could still be considered to possess some strength. If there's anything that I could help with, I definitely will."

"Since Elder Zhou said it like this, then I shall not beat around the bush either. Actually, the reason I've come here today is for the Southern Cyanwood Forest's Pagoda." Sikong Zhaixing did not bother to keep Elder Zhou in suspense; he directly mentioned his purpose in coming.

"Oh? The Southern Cyanwood Forest's Pagoda?" Hearing those words, Elder Zhou's eyes flashed. He then said, "If my memory is correct, Headmaster Sikong had come to our Ascension Sect last time for the Southern Cyanwood Forest's Pagoda too."

"However, it seemed that the disciple you had brought with you that time had failed. Do you plan to have this disciple try this time around?" Evidently, Elder Zhou knew about the meaning behind the Southern Cyanwood Forest's Pagoda. Thus, he cast his gaze toward Chu Feng.

"Oh? Rank one Martial King. He is indeed much more outstanding than the disciple you brought with you back then. At the very least, his age is much younger." Upon inspecting Chu Feng, Elder Zhou displayed a slightly surprised expression in his eyes.

"We have indeed come for the purpose of the Southern Cyanwood Forest's Pagoda. Might Elder Zhou be able to..." Headmaster Sikong appeared to be somewhat reserved. Although the Southern Cyanwood Forest's Pagoda was something the Southern Cyanwood Forest's ancestor had left behind, it was, after all, situated in the Ascension Sect's territory right now. If the Ascension Sect was to refuse to allow them to enter, there would be nothing that he could do. Thus, the current Sikong Zhaixing was

truly using a pleading-for-a-favor kind of tone and lowered his tone by three degrees.

“My, Headmaster Sikong, what sort of words are those? Although I am only a management elder, I still know about the promise between our ancestors. Headmaster Sikong, please follow me.” Elder Zhou smiled and then turned around to lead the way.

Seeing that Elder Zhou decided to help, Headmaster Sikong heaved a sigh of relief. He then sent a voice transmission to Chu Feng. “Chu Feng, the Ascension Sect is different from the Orion Monastery. Although this matter is a promise that our ancestors have set up, it remains that we have come to ask for a favor of them.”

“Adding on how many years have passed. It is also not the first time that our Southern Cyanwood Forest has brought people here for the Southern Cyanwood Forest’s Pagoda. Yet, till this date, no one was able to obtain the keepsake from the Southern Cyanwood Forest’s Pagoda. Thus, it would be normal for the Ascension Sect to look down upon us.”

“Unless you’re able to obtain the keepsake, they would forever look down upon us. Thus... if they were to make things difficult for us later, that would also be normal. We...”

“Senior Sikong, this junior understands. When standing below eaves, one has no choice but to lower one’s head. This junior knows when to endure when he should. However, at times when I should not endure, this junior definitely won’t. I have both a baseline and my own honor.” Chu Feng knew what Sikong Zhaixing wanted to tell him – he wanted to have him contain his temperament.

“Mn.” Hearing Chu Feng’s response, Sikong Zhaixing did not bother to say anything else.

Under the guidance of Elder Zhou, Chu Feng finally saw the so-called Southern Cyanwood Forest’s Pagoda. It was a very ordinary ancient pagoda. At the very least, when looking from the surface, it appeared to be very ordinary. However, Chu Feng knew that this ancient pagoda was very extraordinary; it was a very enormous and powerful formation that

contained a very formidable power.

Moreover, at this time, the enormous formation was already being utilized by someone, causing an enormous formation to be extended out from the ancient pagoda.

At this moment, there were ninety-nine formation cores on top of that enormous formation. Those formation cores were able to acquire the energy from within the ancient pagoda. After being refined by the enormous formation, the energy derived from the ancient pagoda could be used to temper and train the body.

At this moment, within the ninety-nine formation cores sat ninety-nine youngsters.

There were both males and females amongst this group of youngsters. All of them possessed very powerful strength, being practically all Martial Kings. Three among them even possessed the cultivation of rank three Martial King. Without even thinking, Chu Feng knew that these ought to be the core disciples of the Ascension Sect. Judging from their quality, they seemed to be a bit stronger than the Orion Monastery's disciples.

It was evident that the Ascension Sect was using the Southern Cyanwood Forest's Pagoda constructed by Headmaster Baili to train and develop their disciples.

However, this was something that Chu Feng could tolerate. After all, the Southern Cyanwood Forest's Pagoda was set up within the Ascension Sect's territory. As it contained such powerful energy within it, it was pardonable for the Ascension Sect to try to make use of it.

However, what he could not tolerate was that the door to the Southern Cyanwood Forest's Pagoda was left wide open. This meant that not only did the Ascension Sect's people use the Southern Cyanwood Forest's Pagoda to train, they could even enter and leave the Southern Cyanwood Forest's Pagoda as they wished.

This sort of behavior was disrespectful to the Southern Cyanwood Forest. It was truly a bit excessive.

However, upon considering their current situation, Chu Feng decided to endure it and did not say much about it. Instead, he cast his gaze to Sikong Zhaixing.

When he looked to Sikong Zhaixing, he discovered that Sikong Zhaixing's expression was also unsightly. Moreover, Chu Feng was able to tell that the formation was created not too long ago. Thus, the Southern Cyanwood Forest's Pagoda being used by the Ascension Sect's disciples to train was clearly something that Sikong Zhaixing didn't know either.

However, at this moment, that Elder Zhou completely disregarded the feelings of Chu Feng and Sikong Zhaixing. With a very indifferent tone, he said, "Oh, I almost forgot. This time is the training time for our Ascension Sect's core disciples. Please wait a moment longer."

Chapter 1090: Do You Dare To Enter?

“Elder Zhou, how long are we to wait?” Asked Sikong Zhaixing.

“Before dusk should do.” Replied Elder Zhou.

“Before dusk?” Hearing those words, Chu Feng was stunned. One must know that the sun has just risen. To wait till dusk, won't that be waiting for an entire day?

“Elder Zhou, we merely need to enter the Southern Cyanwood Forest's Pagoda. We would not affect their training; can we not enter it now?” Chu Feng asked.

“I'm afraid you cannot. Once this formation is activated, they cannot be agitated at all. If they are to be agitated, it would be very easy for them to damage their bodies. That is not a responsibility I could bear.” Elder Zhou refused in a very firm manner.

At this moment, Chu Feng wanted to say something more. However, before he could say anything, Sikong Zhaixing rushed to say. “During training, one's safety is the most important. We can wait here.”

“Mn, Headmaster Sikong is very reasonable. Since this is the case, you two can continue to wait here. I still have matters to take care of, so I cannot keep you two accompany.”

After Elder Zhou said those words, he waved his large sleeve and left. Before he left the place, he even cast a glance at Chu Feng. It was clear that he felt a bit unhappy by what Chu Feng said earlier.

“It's one thing for their Sectmaster to not come and greet us, but for a mere management elder to be this arrogant. Sigh, your Southern Cyanwood Forest is truly looked down upon by others.” At this moment, Eggy was unable to watch by idly anymore and spoke out.

“Rest assured. Since I have entered the Southern Cyanwood Forest, I am now a disciple of the Southern Cyanwood Forest. There will definitely be a day that I will make these people who look down upon our Southern Cyanwood Forest regret their deeds.” Said Chu Feng.

“Heh, I know about your abilities. As long as your growth continues, what could a mere Ascension Sect like this be worth.”

“But I truly do not understand that old fart by the name of Baili Xuankong. Wouldn’t it be fine if he directly taught the Southern Cyanwood Forest’s disciples his skills and techniques? Why must he make things so troublesome?” Said Eggy in a very puzzled manner.

“Perhaps this might be the brilliance of Senior Baili. Perhaps even he is uncertain whether the Southern Cyanwood Forest could wait till the day where the person he hoped to appear would appear. That might be the reason why he did not develop the Southern Cyanwood Forest excessively.”

“The reason why he made all these things this troublesome is actually pretty simple. It’s not that he did not leave anything behind; instead, all that he had left behind is only obtainable by the person that he was waiting for.” Chu Feng said.

“Heh, very well. Your Lady Queen will await your performance. I hope that you do not disappoint that old fart Baili Xuankong. Hehe...” Eggy laughed sweetly and then stopped speaking anymore.

After this, Chu Feng began a long journey of wait with Sikong Zhaixing.

Due to the fact that this place was a forbidden area where ordinary elders and disciples were not allowed to enter, their wait turned out to be pretty quiet and comfortable.

Finally, the sun began to set toward the west. A blazing color of sunset began to appear from the western horizon.

At this moment, those ninety-nine disciples from the Ascension Sect whose eyes were closed began to open their eyes. The formation stopped, their training was complete.

“Who are you two? Why are you here?” When they saw Chu Feng and Sikong Zhaixing, surprised expressions appeared in their eyes. However, soon, the surprise was replaced with alertness.

“Little friends, this old one is the Southern Cyanwood Forest’s

headmaster, Sikong Zhaixing. As for him, he's my disciple, Chu Feng." Introduced Sikong Zhaixing.

"Oh? So it's actually the headmaster of the Southern Cyanwood Forest, Senior Sikong. Is there something that brought you two here?"

Upon knowing Sikong Zhaixing's identity, the attitudes of these disciples became a bit better. At the very least, they were not that alert anymore. However, their tones did not contain any trace of respect towards one's elders. It appeared much like they were talking with someone of their generation.

"Little friends, we have come here so that my sect's disciple Chu Feng could enter into the Southern Cyanwood Forest's Pagoda to retrieve an item." Sikong Zhaixing said.

"Southern Cyanwood Forest's Pagoda? Senior Sikong, might you have been mistaken? This Southern Cyanwood Forest's Pagoda is our Ascension Sect's forbidden area. Outsiders are not allowed to enter it." A rank two Martial King male said.

"What? Your Ascension Sect's forbidden area? Could it be that your Sectmaster has not informed you all of who it was that constructed this Southern Cyanwood Forest's Pagoda? Could it be that you all cannot see the name of the pagoda, Southern Cyanwood Forest's Pagoda?" Seeing this, Chu Feng asked with a loud voice.

"Southern Cyanwood Forest's Pagoda is constructed by your Southern Cyanwood Forest's first headmaster, Baili Xuankong. However, what does this have to do with your Southern Cyanwood Forest?" That same male asked in response.

"Since this place is constructed by our Southern Cyanwood Forest's ancestors, it is naturally our Southern Cyanwood Forest's possession." Chu Feng responded.

"Those words you've spoken are mistaken. The treasures in this world are countless. However, regardless of who created the treasures, the ownership lies in who possessed those treasures."

“Currently, this Southern Cyanwood Forest’s Pagoda is located in our Ascension Sect and not in your Southern Cyanwood Forest. For you to say that this Southern Cyanwood Forest’s Pagoda is yours, why don’t you go ahead and say that our entire Ascension Sect is yours?” Refuted that disciple with a cold voice.

“That’s right. We’ve seen shameless before, but never have we seen someone as shameless as you.” At this time, the ninety-nine disciples present all displayed displeased expressions and actually began to publicly insult Chu Feng. Moreover, as they spoke, they stood in two rows and blocked the entrance of the Southern Cyanwood Forest’s Pagoda.

“Little friends, as for who is the owner of this Southern Cyanwood Forest’s Pagoda, it is something that your Sectmaster knows and not something that you all could decide. Today, I have come here after obtaining Elder Zhou’s approval. Little friends, I request that you all move aside.” Right at this moment, Sikong Zhaixing spoke out.

At this moment, his tone was no longer as good-natured as before. It even contained a trace of anger. That was because he did not expect that while the elders here did not make things difficult for them, the disciples actually did.

With the difference between these disciples and his strength and status, they should not have done something like this. Yet, they actually used sophistry to declare that the Southern Cyanwood Forest’s Pagoda was theirs. This made it so that Sikong Zhaixing was unable to tolerate it anymore.

“Elder Zhou?” Upon hearing the name of Elder Zhou, those disciples were startled. However, they did not become afraid. Instead, they said.

“We cannot merely believe in your words alone. Since you said it’s Elder Zhou who brought you here, then go and bring over Elder Zhou. If Elder Zhou truly agreed to let you all in, then we will also step aside and let you in. Otherwise, we will not let you enter into the Southern Cyanwood Forest’s Pagoda.”

“You all...” Hearing those words, even Sikong Zhaixing was thoroughly

enraged. However, in the end, he decided to endure. He then turned to Chu Feng and said, "Wait for me here. I will be right back."

After he finished saying those words, Sikong Zhaixing's body moved and flew out. He had most likely gone to find Elder Zhou.

"Chu Feng, look at what sort of moral conduct these disciples possess. That Elder Zhou ought to know about them. For him to not explain to them and bring you two here and leaving right after, in my opinion, he is deliberately making things difficult for you two."

"As expected, this Ascension Sect is not that easy to deal with. Let's not talk about whether they will comply with their ancestor's promise after you've obtained the keepsake, they are refusing to even give you the opportunity to obtain the keepsake." Eggy said.

"It's alright, I have my means." Chu Feng lightly smiled. A chilliness flashed through his eyes. Then, he waved his sleeve, fluttering his gown and brought forth a majestic golden spirit formation. With a few more movements from Chu Feng, an enormous spirit formation palace appeared outside of the Southern Cyanwood Forest's Pagoda.

"What is that guy doing?" The disciples of the Ascension Sect were surprised by Chu Feng's actions.

"Hey! Stop your movements! What do you take this place to be? You must know that this place is our Ascension Sect's forbidden area, not somewhere that you can casually create spirit formations at." There were even people who began to directly criticize Chu Feng and even had intentions to act to stop him.

However, Chu Feng completely ignored them. Only when he completely finished the construction of his spirit formation palace did he walk to the gate of the palace and say while pointing to the group of Ascension Sect's disciples, "You bunch of trash who believe yourself to be infallible, do you dare to enter?"

Chapter 1091: I Will Kill You All

“Fuck, you son of a bitch, who did you say was trash?!” Hearing what Chu Feng said, the Ascension Sect’s disciples that were angered to begin with became enraged with gritted teeth.

“It’s precisely you all that I called trash. If you have the courage, then come in here.” Chu Feng laughed mockingly. Without bothering to say anything else, he directly walked into the spirit formation palace. Before he entered the palace, he even displayed his middle finger to those Ascension Sect’s disciples.

“Yoh, you think you can scare us?” At this moment, some of the Ascension Sect’s disciples realized Chu Feng’s intentions – he wanted to bring them into his spirit formation and then beat them up.

“Truly one who is courting death. Since you want to die this badly, I shall help you accomplish your goal.” However, how could the Ascension Sect’s disciples who were looking down upon Chu Feng since the beginning possibly fear Chu Feng?

The ninety-nine Ascension Sect’s disciples who had blocked the entrance to the Southern Cyanwood Forest’s Pagoda, regardless of whether they were males or females, all set off and entered into the spirit formation palace created by Chu Feng.

After seeing that they have all entered into the spirit formation palace, Chu Feng sealed off the entrance of the palace with a thought, trapping these Ascension Sect’s disciples within his spirit formation palace.

Although all of the Ascension Sect’s disciples took note of it, they did not care much about it. That was because they have entered this place precisely to teach Chu Feng a lesson.

“Brat, I do not beat up those who are nameless. Speak your name.” Suddenly, a rank one Martial King level male pointed at Chu Feng and said.

“Woosh.” However, right at this moment, Chu Feng’s body suddenly

moved. He instantly arrived before that male, raised his hand into a fist and directly smashed that man down to the ground.

“You...” This sudden scene completely stunned those disciples from the Ascension Sect. Although the man was also a rank one Martial King like Chu Feng, he was nevertheless a core disciple of the Ascension Sect and one that was to be sent to the Cyanwood Mountain this year. Thus, neither his battle power nor talent were weak.

However, at this moment, not only was he defeated by Chu Feng with a simple strike, he was even screaming while covering his face with his hands. To be defeated so suddenly and so miserably, had greatly surpassed what these disciples anticipated.

But, they would never have imagined that all of this was merely the beginning. After he defeated this man, Chu Feng moved once again. Like a demon, he arrived before another man. Like the last time, he smashed his fist onto this man’s face, beating him to a bloody nose and knocking him flying.

After this, like a flash, Chu Feng began to shuttle through the palace. At the same time, all kinds of screams began to be heard from within the palace. These Ascension Sect disciples who believed themselves to be superior were being knocked to the ground by Chu Feng one after the other. Even though they were prepared for Chu Feng’s attack, they were unable to defend against it.

At the beginning, it was merely the rank one Martial King males that were defeated by Chu Feng then, two rank two Martial Kings were defeated. Moreover, they were both defeated with a single fist strike from Chu Feng, unable to counterattack at all.

At this moment, of the ninety-nine Ascension Sect disciples, other than the female disciples who still remained standing, all of the male disciples were lying on the floor and rolling around while holding their bloodied faces.

Most importantly, at this very moment, Chu Feng’s oppressive might had covered the entire spirit formation palace. Not only were those men

that he had defeated unable to retaliate against him, even these women who were unharmed were unable to withstand the pressure of his oppressive might; they simply did not even have the opportunity to attack Chu Feng.

This spirit formation palace was no ordinary spirit formation palace. It was a formation array, a formation array that could boundlessly increase Chu Feng's oppressive might.

Within this formation array, there was simply no need for Chu Feng to even use his hand. With merely his oppressive might, he was capable of crushing all of these Ascension Sect's disciples to death.

"You, you, you..." At this moment, the female disciples of the Ascension Sect who had previously looked down upon Chu Feng were filled with fear.

A rank one Martial King was actually capable of defeating rank two Martial Kings with a single strike. Moreover, his oppressive might had pressured them so much that they couldn't even do anything. This truly caused them to be incessantly fearful of Chu Feng.

"Bastard, you actually dared to attack us. Today, don't you dare to leave the Ascension Sect alive." At this moment, a disciple crawled back up from the ground with great difficulty.

That was a rank two Martial King. Earlier, when they were refusing Sikong Zhaixing, this disciple was the one who spoke the most offensive words to them. Thus, when Chu Feng attacked him, he used the most strength.

At this moment, not only was his nose crooked, even one of his incisor teeth was shattered. He truly appeared to be miserable, funny and lamentable.

"Whether I can leave the Ascension Sect alive is not something that you all could decide. However, whether you all could leave here alive, it is something that is up to my decision."

"Do you believe that I would be able to kill you all right now? Moreover,

I will make it so that there is not even a corpse of you remaining.” Once he said those words, a cold flash shined past Chu Feng’s eyes and a layer of boundless killing intent surged forth. Like an invisible hurricane, his killing intent filled the entire spirit formation palace.

“This sort of feeling?!!!”

Upon sensing Chu Feng’s killing intent, everyone shivered. After that, none of them dared to say anything. Even that man who had previously threatened Chu Feng shut his mouth. There were even some who were unable to contain themselves and began to violently tremble in fear.

That was because Chu Feng’s killing intent was truly too frightening. This sort of killing intent, it was simply impossible for one to obtain unless they had killed a great deal of people and soaked their hands with a great amount of blood.

The number of people that Chu Feng had killed was something that even he could not count. However, these Ascension Sect’s disciples present, even if they were to add up all of the people that they had killed, they would still fall short to the amount that Chu Feng had killed.

Thus, at this moment, after Chu Feng said those words and released this sort of killing intent, none of them doubted that Chu Feng would kill them.

“All of you, kneel.” Suddenly, Chu Feng knitted his eyebrows and explosively shouted.

Being enclosed by Chu Feng’s killing intent, not a single one of these ninety-nine Ascension Sect’s disciples actually dared to hesitate. Uniformly, they knelt to the ground. Even those people who were lying on the floor hurriedly crawled back up so that they could kneel before Chu Feng.

Faced with the threat of death, all of them had chosen the path of servitude.

“Heh, look at yourselves. If you’re not trash, then what are you all?” As he looked to the Ascension Sect disciples that kneeled before him,

especially those male disciples that were beaten bloody by him, Chu Feng sneered.

Being insulted by Chu Feng in such a manner, although the Ascension Sect's disciples were filled with anger, they did not dare to talk back at all. It was so much that they did not even dare to display the slightest bit of dissatisfaction.

There was simply a world of difference between the current them and during the time when they were making things difficult for Chu Feng and Sikong Zhaixing.

"Who exactly are you? We have neither grievances nor hatred with the Southern Cyanwood Forest, why are you treating us like this?" Suddenly, a female opened her mouth and spoke in a very hesitating manner.

She was a rank two Martial King. However, because she was a woman, Chu Feng did not attack her. Thus, her appearance was undamaged. However, before Chu Feng's frightening killing intent, she was already scared witless.

"Who am I? I can tell you all, I am called Chu Feng." Chu Feng coldly smiled. He then said, "Everyone, how about we make a deal?"

"Deal?" Originally, they thought that Chu Feng would kill them. However, to their surprise, Chu Feng suddenly offered them an opportunity to live. Thus, in unison, they asked, "What kind of deal?"

"I believe that you all would definitely not want others to know that you have been beaten by a Southern Cyanwood Forest's disciple and even kneeled to me, right?" Chu Feng asked.

"This..." Hearing those words, the disciples of the Ascension Sect were all stunned. It was true, if this matter was to be known, they would've all lost face.

As grand disciples of the Ascension Sect, not only were they defeated by a Southern Cyanwood Forest's disciple, they even kneeled to him. Not only would this cause them all to lose face, this would also greatly shame the Ascension Sect.

“How about this. As long as you all do not make things difficult for me, I would not make things difficult for you all either. If you let me enter the Southern Cyanwood Forest’s Pagoda, I shall keep this matter a secret.”

“Of course, if you all are to go against your words, then I would not let things off with merely having you all kneel before me. Instead, I will kill you all.”

When he said those words, a flash of coldness once again emerged in Chu Feng’s eyes. Although it was merely a flash that disappeared in an instant, it was embedded deeply in the hearts of the Ascension Sect’s disciples.

Chapter 1092: The Madam Sectmaster

After Chu Feng finished saying these words, the faces of the Ascension Sect's disciples were filled with cold sweat.

Having reached this point, although only a very short amount of time had passed, all the Ascension Sect's disciples realized that this Southern Cyanwood Forest's disciple by the name of Chu Feng was extraordinary.

He was no ordinary person. If it was to be said that they could be considered to be geniuses, then this person called Chu Feng would likely be an exceptional genius.

At the very least, the strength displayed by Chu Feng made it so that they were completely no match for him.

Thus, after some hesitation, they appeared as if they secretly came to a conclusion and collectively nodded. "Okay, we will promise you that."

"That's more like it." Seeing that they agreed to his demand, Chu Feng removed his oppressive might and his ice-cold killing intent. After that, with a wave of his hand, several medicinal pellets flew out and landed on the hands of those injured males.

He said, "Treat your injuries. Otherwise, I'd assume it would be hard for you all to explain if someone from the Ascension Sect was to discover your injuries."

Humiliation. A total humiliation. What was offering a sweet date! after a beating? This was it.

However, the disciples of the Ascension Sect did not dare to say anything back to Chu Feng. All they could do was endure the humiliation and obediently eat the medicinal pellets given to them by Chu Feng to treat their injuries.

Only when the injuries of those people were no longer visible did Chu Feng remove his spirit formation palace.

After Chu Feng removed the spirit formation palace, he discovered that Sikong Zhaixing had yet to return. Moreover, no one else had shown up

here either.

He waited for two more hours. The sun had set, the sky had turned dark and the candle lights appeared in the Ascension Sect now. However, Sikong Zhaixing still hadn't returned yet.

After waiting for another hour, Sikong Zhaixing finally returned. Returning with Sikong Zhaixing was not Elder Zhou. Instead, it was two skinny elders. These two elders were both Martial Kings. Judging from their clothing, one could tell that they were not management elders and were only ordinary elders.

Moreover, Sikong Zhaixing's current expression was rather unsightly. Evidently, he did not manage to find Elder Zhou and came back discouraged.

"Chu Feng, Elder Zhou had something to take care of. The other elders from the Ascension Sect did not dare to handle this matter. However, they have set up residences for us here. Let's stay here for the night and wait till Elder Zhou finishes his business before coming back to explain the situation to these little friends here." Sikong Zhaixing forced a smile. One could tell that his current mood was extremely bad.

Elder Zhou couldn't be found. The other management elders also couldn't be found. There was even less of a need to mention the Ascension Sect's Sectmaster.

Having reached this state, he had no choice but to admit that the Ascension Sect was doing this on purpose. They were deliberately making things difficult for them. Moreover, they had given them hope before pushing them into the abyss.

Right now, he even began to suspect whether the Ascension Sect would follow their ancestor's promise to help them even if Chu Feng managed to obtain the keepsake.

However, even though this was the case, he still hoped to be able to enter the Southern Cyanwood Forest's Pagoda and obtain the keepsake.

Whether the Ascension Sect would be willing to help them was

something that they could not do anything about. Even if the Ascension Sect refused to help them, this only meant that they had gone against their ancestor's promise and not the Southern Cyanwood Forest.

Most importantly, if Chu Feng was able to obtain the keepsake, it would mean that he would, at the very least, be able to accomplish the wish of Baili Xuankong. It would also prove the might of the Southern Cyanwood Forest. Thus, even though the Ascension Sect was deliberately making things difficult for them, Sikong Zhaixing still chose to endure.

“Lord Headmaster, during the time when you were away, I had explained our situation to these senior martial brothers and sisters from the Ascension Sect. They have already understood the situation now and agreed to let us enter into the Southern Cyanwood Forest's Pagoda.” Chu Feng said with a smile.

“What? They agreed?”

Hearing the words spoken by Chu Feng, it was not only Sikong Zhaixing who displayed an expression of surprise, even the two elders from the Ascension Sect were immensely surprised. They even doubted their ears thinking that they might have misheard.

Thus, they all cast their gazes over to the ninety-nine Ascension Sect disciples. They wished to confirm what Chu Feng had said from them.

“Senior Sikong, we were in the wrong earlier. We would like to offer to you our apologies. Please forgive us.” Seeing the situation, the disciples of the Ascension Sect looked to each other and apologized together.

Although they did not directly say it, their behavior already declared everything Chu Feng said to be true.

Their actions caused the two elders of the Ascension Sect to open their mouths agape in shock. They felt that this was extremely unbelievable. As elders of the Ascension Sect, they knew very well what sort of disciples this group of disciples were.

As ordinary Ascension Sect elders, they had often been bullied by these disciples. There were even some disciples who believed themselves to be

extraordinary and acted extremely overbearing without putting anyone in their eyes because they're descendants of management elders.

Yet now, these disciples were actually apologizing to Sikong Zhaixing. This was truly an inconceivable thing.

Regardless of what the Ascension Sect's elders might think, Sikong Zhaixing was immensely happy since he was, after all, an experienced elder. After a careful inspection, he discovered that the expressions of these Ascension Sect's disciples were amiss, as if they were unwilling. He then turned his gaze to Chu Feng and saw that he was feigning a calm expression. After that, he seemed to have realized something.

Most certainly, this disciple of his had done something in the dark. However, regardless of what it might be, these Ascension Sect's disciples came to a compromise.

Although the fact that Chu Feng did something to the Ascension Sect's disciples within the Ascension Sect's territory was a very dangerous matter, Sikong Zhaixing was glad to have a disciple like Chu Feng.

"Since little friends have consented to it, then Chu Feng, go ahead and enter the Southern Cyanwood Forest's Pagoda and obtain the item left behind for us by our ancestor." said Sikong Zhaixing.

"As per your orders." Chu Feng saluted to Sikong Zhaixing and then proceeded to walk toward the Southern Cyanwood Forest's Pagoda.

"Wait a moment." However, right at this moment, a voice exploded from the horizon. Following the voice, a figure appeared in the sky.

It was a woman. Although her age was unknown, one thing was certain - she had lived for a very long time. However, regardless of how long she had lived for, her appearance was still in very good shape.

She had sparkling jade-like skin that was as fair as snow. Like a young girl, she had exquisite facial features and a beautiful figure. Her appearance was enough to brighten the eyes of the observers. She was truly a beautiful madam.

Her beauty was not limited to merely a beautiful appearance and her

great figure, there was also her mature charm and temperament of someone who had experienced many generations.

However, the matter that brought about the most shock to everyone was most definitely not this woman's appearance. Instead, it would be her cultivation. While her cultivation was unfathomable, it was most definitely above Sikong Zhaixing's.

"We pay our respects to Madam Sectmaster." After seeing this woman, regardless of whether it was the Ascension Sect's elders or the Ascension Sect's disciples, they all hurriedly knelt down.

"Madam Sectmaster?" When he heard those words, Sikong Zhaixing's eyes shrunk. Involuntarily, unease appeared on his face.

That was because he had heard that the Ascension Sect's sectmaster was a bachelor for many years and had never taken a wife. Yet, two years ago, he suddenly married a woman.

Very few people have seen that woman before. However, it was rumored that that woman was extremely powerful. Not only did she possess tyrannical strength, she even possessed great authority in the Ascension Sect and even changed many of the Ascension Sect's policies.

Most importantly, under the leadership of this Madam Sectmaster, the Ascension Sect had advanced by leaps and bounds, becoming stronger and stronger.

Although the Ascension Sect had been in existence for many years, it was actually only on par with the Orion Monastery two years ago. It was only after this Madam Sectmaster appeared in the Ascension Sect that the Ascension Sect began to surpass the Orion Monastery.

Thus, everyone knew that the Ascension Sect's Madam Sectmaster was a very powerful character.

Chapter 1093: Bai Ruochen

“Headmaster Sikong, I am familiar with the agreement between our Ascension Sect’s ancestor and your Southern Cyanwood Forest’s ancestor.”

“However, it has been a very long time now. Yet, your Southern Cyanwood Forest has failed to obtain the keepsake from the Southern Cyanwood Forest’s Pagoda all this time. I feel that for you all to come here this time would be nothing more than a waste of time.”

“Thus, in my opinion, I don’t think you have to come again. In other words, if we were to say it nicely, I suggest you to give up on it for eternity. Or, if we were to say it bluntly, I’m suggesting that you should not bring about your own humiliation anymore.” That Madam Sectmaster spoke. While she had a good-natured smile on her face, her words were extremely offensive.

Once this Madam Sectmaster said those words, Sikong Zhaixing immediately started to deeply frown. His expression became unsteady. While he was extremely angry, he did not dare to refute her and could only endure.

This was what it meant by ‘when beneath eaves, one has no choice but to lower one’s head.’ When faced with someone who possessed greater strength and influence, sometimes, you had no choice but to endure, even if your dignity was insulted.

“And how are you certain that our Southern Cyanwood Forest will leave in failure this time too?” Right at this moment, Chu Feng spoke. While Sikong Zhaixing might have misgivings, Chu Feng did not. To Chu Feng, one’s dignity must be guarded by oneself.

“Yoh. To actually dare to speak to me like this, you’re especially commendable. You’re the disciple that is to enter into the Southern Cyanwood Forest’s Pagoda, right? It seems that you’re pretty confident in yourself.” The Madam Sectmaster inspected Chu Feng and did not display a detestable expression. Instead, she was slightly surprised.

She then turned to Sikong Zhaixing and said, "Headmaster Sikong, for you to bring him here, I believe that you are also confident in him. Since this is the case, how about we make an agreement?"

"What sort of agreement?" Asked Sikong Zhaixing.

"I will allow this disciple of yours to enter into the Southern Cyanwood Forest's Pagoda. However, this would be the last time."

"If he is able to obtain the keepsake from the Southern Cyanwood Forest's Pagoda, everything will be fine. If he is unable to obtain it, I wish that you all would stop coming to our Ascension Sect. Moreover, I will change the Southern Cyanwood Forest's Pagoda's name to Ascension Sect's Pagoda. From today hence, this Southern Cyanwood Forest's Pagoda would be our Ascension Sect's possession. What do you think about this?" Said the Madam Sectmaster with a beaming smile.

"This..." Once he heard those words, Sikong Zhaixing's expression immediately took a huge change. It would be one thing if she was to refuse them, but for her to speak this sort of demand.

This was already no longer an ordinary refusal. Not only was she refusing to allow the Southern Cyanwood Forest to obtain the item that belonged to them to begin with, she wanted to take this Southern Cyanwood Forest's Pagoda for themselves and make it so that there would be no relationship between it and the Southern Cyanwood Forest henceforth.

At this moment, Sikong Zhaixing was clenching his fists, causing it to give off cracking sounds. He loathed, loathed himself for being so powerless. It was only because he was that powerless that he was bullied like so.

However, as he was powerless, no matter how much the anger in his heart burned, it would only burn him as he didn't dare to burst outward.

"I agree to your demands." However, finally, after clenching his teeth, Sikong Zhaixing agreed to it.

His way of thinking was very simple. If he agreed to it, there would still

be a chance. However, if he was to refuse her demand, there would never be a chance and the Southern Cyanwood Forest's Pagoda would have no relation with the Southern Cyanwood Forest anymore. Ascension Sect had the thought to obtain the Southern Cyanwood Forest's Pagoda for themselves and this was something that Sikong Zhaixing could not alter unless they could obtain the keepsake within it. Thus, he had no choice but to agree to it.

"Very well. Since this is the case, you can go ahead." Seeing that Sikong Zhaixing had consented to it, the Madam Sectmaster charmingly smiled and then waved her hand at Chu Feng.

"Woosh." However, right at the moment when Chu Feng prepared to set off, a golden light suddenly appeared. It actually sealed off the entrance to the Southern Cyanwood Forest's Pagoda.

When he raised his head to look, he discovered that a figure was rapidly flying over. In the end, that figure landed on top of the Southern Cyanwood Forest's Pagoda.

This person was also a female. However, she was a young female. Her white skirt drifted in the wind. Her long hair was soft, black and dark. Her temperament gave off a sensation of a fairy.

Moreover, not only was her temperament outstanding, even her facial appearance was extraordinary. Her skin was translucent like jade and soft like an infant. Her large watery eyes were as beautiful as the starry sky.

Her sexy red lips, her oval face, her tall figure and impressive curves, this woman was truly an enormous beauty.

Most importantly, this woman's facial appearance actually resembled Madam Sectmaster. However, she was a tier more beautiful than Madam Sectmaster.

Compared to her beautiful appearance, Chu Feng was more surprised by the cultivation of this woman - a rank three Martial King.

But, in terms of age, she appeared to be of similar age to Zi Ling. In other words, she was even younger than Chu Feng.

With such a cultivation at such an age, this signified one thing – this woman's talent was exceptionally outstanding, she was no ordinary character.

“We pay our respects to eldest senior sister.” After seeing this woman, the ninety-nine disciples of the Ascension Sect shouted in unison.

“Eldest senior sister?” Hearing those words, both Chu Feng and Sikong Zhaixing were surprised.

This girl appeared to be extremely young, she seemed to not even have reached twenty years of age. How could she possibly be the eldest senior sister of these core disciples? There was definitely something fishy going on.

“Ruochen, why did you come?” Right at this moment, the Madam Sectmaster suddenly spoke.

“Mother, even I am unable to reach the peak of the Southern Cyanwood Forest's Pagoda, what qualifications does he have to go up in it?”

“If he wishes to go up, that's fine too. All he has to do is to defeat me, Bai Ruochen. Otherwise, he would have no qualifications to enter.” said the woman by the name of Bai Ruochen.

After she spoke, Chu Feng finally realized why everyone called her eldest senior sister. It turned out that she was the Madam Sectmaster's daughter. With a special relationship and her outstanding strength, she obtained the title of eldest senior sister.

“Heh, this daughter of mine is truly insensible like this. However, what she says is also reasonable. How about this, little friend, you go ahead and compare notes with my daughter. As long as you can defeat her, I will allow you to enter the Southern Cyanwood Forest's Pagoda.”

“Moreover, this Southern Cyanwood Forest's Pagoda would forever remain a possession of your Southern Cyanwood Forest. Even if you fail to obtain the keepsake within it, your Southern Cyanwood Forest would be welcome to come back and enter it anytime you wish.”

“However, if you are unable to defeat my daughter, then, like what we

have previously agreed on, the Southern Cyanwood Forest's Pagoda would not have the slightest relationship with your Southern Cyanwood Forest from today on. I would also change its name to Ascension Sect's Pagoda. What do you think?" said the Madam Sectmaster.

"Fine by me." Chu Feng did not bother with superfluous words. He directly looked to Bai Ruochen and asked, "How do you wish to compare?"

"Buzz." Bai Ruochen extended her finger and drew a one meter diameter circle before her. After that, she waved her hand and drew a hundred-meter circle outside of the one meter circle. Only then did she say to Chu Feng.

"As long as you can enter the outer circle, you are considered to be qualified to enter the Southern Cyanwood Forest's Pagoda."

"If you can force me out of the inner circle, it would be considered your win and from today on, the Southern Cyanwood Forest's Pagoda shall be your Southern Cyanwood Forest's and our Ascension Sect would never touch upon it again."

"Senior, does the words spoken by your daughter count?" Chu Feng asked the Madam Sectmaster.

"It does. However, little friend, although your courage is deserving of praise, I still wish to advise you to give up. With your cultivation, what else could it be other than seeking your own humiliation to exchange blows with my daughter?" said the Madam Sectmaster while shaking her head.

"Heh, madam, thank you for your worries, but I am fine." Chu Feng coldly smiled. He did not bother to restrain himself afterwards. With a movement of his body, he explosively shot out in a flash. Bringing with him an unparalleled amount of power, he flew towards the circles drawn by Bai Ruochen.

Chapter 1094: Obtained It Myself

Chu Feng's speed was extremely fast and extremely imposing. He simply did not appear to be a human at all. Instead, he appeared more like a meteor that possessed a great amount of grandeur, deterrence and destructive power. It was as if there was nothing that could stop his path.

The strength displayed by Chu Feng caused all of the Ascension Sect's people to open their eyes brightly. More or less, they began to have a whole new level of respect for Chu Feng.

However, even though this was the case, one could still tell that they were looking down upon Chu Feng. Their appearances revealed that they had determined beforehand that Chu Feng would be defeated by Bai Ruochen. Moreover, it would be a total defeat.

Even those Ascension Sect's disciples who had experienced Chu Feng's might had such an appearance.

"Buzz."

Right at the moment when Chu Feng was about to approach the outer circle, Bai Ruochen's gaze suddenly shined. Immediately after, a boundless energy ripple began to wreak havoc as it spread out from her.

Faced with the energy ripple, even the space began to tremble. Small cracks even appeared in the space. This caused Chu Feng to deeply frown. He realized that this woman was not a simple character.

With Chu Feng's battle power, even though he only possessed the cultivation of a rank one Martial King, ordinary rank three Martial Kings would most certainly not be a match for him.

However, at this moment, he realized that this girl by the name of Bai Ruochen seemed to possess extraordinary battle power. At the very least, she was not an ordinary rank three Martial King.

◦

However, even though this was the case, Chu Feng did not reduce his speed in the slightest. Moreover, he did not even try to dodge the energy

ripple. Instead, he directly charged towards it. Chu Feng was planning to test the waters with his body and personally experience the might of this girl called Bai Ruochen.

“Bang.”

Finally, Chu Feng’s body collided with the ripple. Surprisingly, Chu Feng was unable to contend against the ripple at all. As if he had collided into an impenetrable wall, after a loud bang, Chu Feng was sent back flying. Only after being rebounded for several thousand meters did Chu Feng manage to stable his body.

Seeing this scene, Sikong Zhaixing’s expression took a huge change. Unable to help himself, a worried expression appeared on his face. As an expert from the older generation that had cultivated for many years, he was able to tell with a single glance that this Bai Ruochen was extraordinary. She was a genius, a true genius.

As for the people from the Ascension Sect, their expression did not change greatly since they had already anticipated this. However, one could now see traces of pride within their eyes.

Bai Ruochen was indeed not an ordinary disciple; she was their Ascension Sect’s trump card, the person that they planned to show off to the Cyanwood Mountain this year. Not only was she supposed to bring honor to the Ascension Sect, she was also supposed to shock all of the other subsidiary powers’ trump cards.

“Headmaster Sikong, it is just as the Madam Sectmaster said, this disciple of yours is truly deserving of praise for his courage. However, I still wish that you go and advise him, with the strength he has, he is simply no match for our sect’s Ruochen.”

“For him to try to compare notes with Ruochen, it would be a praise if we were to say that he is attempting the impossible.” At this moment, the two elders from the Ascension Sect were unable to help themselves from speaking words of ridicule.

After hearing the words spoken by the two elders, Sikong Zhaixing’s expression became even more unsightly. That was because these two

elders were too weak. Regardless of whether it was their cultivation or their status, they were simply not qualified to speak to him in such a manner.

However, even though he was displeased in his heart, he did not refute them. Instead, he focused his eyes upon Chu Feng. He, more or less, knew what sort of person Chu Feng was, and that this was most definitely not Chu Feng's true strength.

Thus, there was still a trace of hope in his heart. He hoped that Chu Feng would be able to enter into the outer circle and obtain a trace of honor for their Southern Cyanwood Forest.

"Are you planning to continue?" Right at this moment, Bai Ruochen spoke. She had a very indifferent and cold expression on her face. To her, someone of Chu Feng's cultivation was simply no threat at all. Without even a need to fight seriously, she would be able to easily defeat him.

"Heh, I was merely warming up earlier. I will now be using my true strength." Chu Feng lightly smiled. After that, his body suddenly moved. He once again began to fly towards the outer circle drawn by Bai Ruochen.

Regardless of his might or his speed, they were no different from earlier. However, the confidence on his face had strengthened a bit.

"Overconfident." Seeing that Chu Feng did not give up and charged toward her again using the same method as before, an annoyed expression appeared on Bai Ruochen's face. After that, her gaze shined once more. Another ripple appeared. With her as the center, the ripple spread out towards the horizon, sweeping through everything.

"Thunder Armor." Right at the moment when Chu Feng was about to collide with the ripple, Chu Feng's intention moved. Layers upon layers of lightning rushed forth from his body. In the end, they created an armor of lightning, the Thunder Armor.

When the Thunder Armor appeared, Chu Feng's cultivation rose in a flash. He was no longer a rank one Martial King; he became a rank two Martial King.

At the moment when Chu Feng's cultivation became rank two Martial King, his entire person's aura became completely different. He raised his hand into a fist and explosively shot it forth. With the boundless martial power from the fist, the energy ripple released by Bai Ruochen dispersed apart.

"What is that?" The scene that suddenly occurred brought great shock to everyone present. Especially Bai Ruochen, an incomparably surprised expression appeared on her ice-cold face.

However, while she was shocked, she instantly realized that she had underestimated her opponent and hurriedly used her thought to create another boundless energy ripple and sent it toward Chu Feng. Moreover, the energy ripple this time was even more powerful than last time.

It could be said that this energy ripple was Bai Ruochen using her true power. The power of this energy ripple was enormous. Let alone rank two Martial Kings, it was likely that even ordinary rank four Martial Kings would not be able to withstand it.

However, while Bai Ruochen may have been powerful, Chu Feng was absolutely not someone to be trifled with. Although Chu Feng knew that it would be very difficult for him to defeat the second energy ripple with only his body, he did possess other methods.

"Blade of the Void Dragon's Cry."

Chu Feng explosively shouted those words. After that, he abruptly raised his right hand up and a boundless pressure suddenly appeared from nowhere. At the same time, a sharp blade that radiated a dazzling light appeared in Chu Feng's hand.

After the blade appeared, Chu Feng waved it and a boundless, dazzling crescent-shaped blade ray appeared, covering the sky. Just like that, the second energy ripple that Bai Ruochen sent toward him was cut apart.

When this exchange was over, Chu Feng had already entered into the outer circle drawn by Bai Ruochen. Steadily, he stood in the outer circle.

"This..."

At this moment, everyone displayed blank expressions; they were all stunned beyond belief.

Never did they ever imagine that this disciple from the Southern Cyanwood Forest would be this powerful.

For those Ascension Sect's disciples, their shock was not as obvious as they had earlier, more or less, experienced Chu Feng's might.

However, those two Ascension Sect's elders that previously mocked Chu Feng's powerlessness were so shocked that their eyes opened wide like eggs and their mouths were agape with their chins dropping to the floor. They were completely stunned by Chu Feng's strength.

"Heh. Headmaster Sikong, congratulations. An extraordinary disciple has appeared in your Southern Cyanwood Forest. Whether it might be his techniques, his battle power or his extraordinary courage, this child will definitely become an exceedingly famed character in the future. To be able to obtain this child, it is a blessing for your Southern Cyanwood Forest."

At this moment, the Madam Sectmaster appeared to be rather calm. While the gaze she looked to Chu Feng with possessed some shock, she did not display any expression of displeasure. Instead, she clapped her hands in applause and even spoke highly of Chu Feng. Afterwards, she even said,

"Very well, let's forget about all this. I shall give him the chance to enter the Southern Cyanwood Forest's Pagoda today."

"Madam Sectmaster, those words you've spoken seemed to be incorrect." However, to everyone's surprise, Chu Feng actually questioned the words spoken by the Madam Sectmaster.

"Little friend, what is incorrect about what I said?" The Madam Sectmaster asked Chu Feng with a smile on her face.

"This chance is not something that you've given me. I have obtained it myself." said Chu Feng.

Chapter 1095: Shocking Everyone

Once Chu Feng said these words, not only the people from the Ascension Sect, even Sikong Zhaixing breathed in a mouthful of cold air.

Who was the Madam Sectmaster? In the Ascension Sect, she was a great character that stood above tens of thousands of people. It was so much that even the Ascension Sect's sectmaster only stood on equal footing with her.

For Chu Feng to dare to speak to her in such a manner, it was truly an outrageous and serious crime that the people from the Ascension Sect could not tolerate.

However, it appeared that Madam Sectmaster was not displeased with Chu Feng. Thus, even though Chu Feng rudely refuted her, she did not get angry and a calm smile continued to remain on her face.

Such a smile on her beautiful face truly gave off a graceful mature charm.

"You've merely stepped foot onto the outer circle. Do you truly believe yourself to be amazing?" Right at this moment, Bai Ruochen spoke. One could sense the mocking tone in her words.

As the daughter of the Madam Sectmaster, she would naturally not allow someone to disrespect her mother. Thus, at this moment, she was as cold as ice; her extremely beautiful little face was filled with expressions of annoyance and displeasure.

"Of course I know that. Stepping onto the outer circle cannot not be considered winning against you. I was planning to force you out from the inner circle." Chu Feng said with a smile on his face. While he spoke those words, he even cast a wink at Bai Ruochen.

This Bai Ruochen's appearance was truly lovely. She was like a snow lotus flower within a region of ice and snow. Although she was cold, she was very pure and honest. Thus, no matter how cold she was, Chu Feng did not dislike her.

Most importantly, her age was close to Zi Ling's. Although her appearance was different, she was also devastatingly beautiful like Zi Ling. Moreover, her battle power was extraordinary; she was a genius. When Chu Feng saw her, he somehow had a feeling of closeness towards her.

"What did you say? Try saying it again." Although Chu Feng did not dislike Bai Ruochen, but to her, the wink from Chu Feng was most definitely a provocation.

"I said, I. Will. Defeat. You." Chu Feng have a smile on his face. With a loud voice, he spoke those words one at a time.

"You... you are truly overestimating yourself!" Hearing those words, Bai Ruochen clenched her jade-skinned fists. In anger, her fair face turned deep red. It appeared that Chu Feng truly enraged her. She had prepared to teach Chu Feng a lesson.

"This guy, he actually dares to be that arrogant. Eldest senior sister, do not be lenient! Teach him a lesson! Otherwise, a mere Southern Cyanwood Forest's disciple like him would think that there is no one in our Ascension Sect that can stand up to him!"

In fact, it was not only Bai Ruochen who was extremely angered. Practically everyone from the Ascension Sect were deeply enraged by Chu Feng's actions. It was so much that they did not even dare to believe what they heard.

For Chu Feng to step onto the outer circle, it meant that he had some abilities. However, they themselves knew best how powerful Bai Ruochen was. Chu Feng actually wanted to force Bai Ruochen out from the inner circle and defeat her, this was truly too arrogant of him.

However, compared to the others, the Madam Sectmaster had an expression of anticipation on her face. After what happened earlier, she already had a whole new level of respect for Chu Feng. Thus, she no longer looked down upon him like how she did initially. Instead, she wanted to know exactly what sort of tricks Chu Feng had up his sleeve.

However, even though she was looking at Chu Feng in a new light, confidence still filled her eyes. She was confident that her daughter Bai

Ruochen would not lose to Chu Feng. Thus, she said,

“Since you have the heart, then go ahead and have a try. However, keep in mind, the two of you are only sparring.”

“Come. This time, I will not be lenient against you.” Bai Ruochen spoke.

“In that case, I shall accept your invitation.” Chu Feng smiled. He then formed a bow with his left hand and an arrow with his right. In a period of time as short as touching one’s fingers, tens of thousands of arrows were shot forth toward Bai Ruochen.

“Insignificant skill.” Bai Ruochen coldly snorted. Then, she moved her lily-white hands, fluttered her sleeve and created a strong gale.

That gale was extremely powerful and contained a devastating amount of destructive power. At the time when that gale encompassed the arrows shot out by Chu Feng, all of the golden arrows were completely destroyed.

Most importantly, after the arrows shot out by Chu Feng were destroyed, the gale did not slow down in the slightest and instead increased in power as it started to charge towards him.

The surging gale was extremely fierce. It was as if there was an enormous beast in the sky as the gale gave off bellows on its path toward Chu Feng.

This sort of attack was sufficient to shock everyone. Not to mention the disciples of the Ascension Sect, even the two elders were stunned. They knew that before this sort of attack, even they would likely be unable to defend against it.

However, they were rank five Martial Kings. Yet, that Bai Ruochen was a rank three Martial King.

What did that mean? It meant that Bai Ruochen’s talent was first-rated and possessed extraordinary strong battle power that made even rank five Martial Kings unable to contend against her.

“A mere Southern Cyanwood Forest’s disciple. Although that Thunder Armor of yours is very wondrous, did you really think that by increasing

your cultivation by one, you would be a match for our Bai Ruochen? We shall see how you'll die." After being stunned, the two elders sneered in their hearts.

Such an attack was something that even they could not withstand. Thus, there was simply no hope for Chu Feng to be able to defend against it. Bai Ruochen had been angered. And the consequence of her anger would be Chu Feng's death.

"As I expected. Your battle power is very strong and could surpass two ranks of cultivation. For ordinary cultivators, I reckon only rank six Martial Kings would be able to contend against you."

"Unfortunately for you, although my cultivation is inferior to yours, I'm afraid that my battle power is stronger than yours."

Chu Feng coldly laughed. Then, with a thought, a 'zzz' sound was heard. Two enormous lightning wings of several meters extended out from his back. When the Thunder Wings completely emerged, it brought forth a boundless and overflowing might that caused even the space in this region to tremble.

This pair of wings was extremely domineering. Not only was it composed of five different lightnings, when it appeared, Chu Feng's cultivation rose once again. From rank two Martial King, he became a rank three Martial King.

Most importantly, when the Thunder Wings appeared, Chu Feng abruptly raised his hand to a fist and attacked. With merely this fist strike, he created countless spatial cracks in the space before him. As for that gale that was charging toward him, it was also shattered apart by a single strike from him.

"How is that possible? Who exactly is this guy? He actually possessed the means to increase his cultivation twice in a row. Where exactly did he come from?"

"Is he a cultivator with a special kind of Forbidden Mysterious Technique? But, what kind of Forbidden Mysterious Technique would have such powers?"

“Could it be that he’s a Divine Body? However, all of the Divine Bodies from the Cyanwood Domain are extremely famous and well-known. Never have I ever heard of someone like him.”

Although Chu Feng had only displayed a single fist strike, his successive display of his Thunder Armor and Thunder Wings stunned everyone. The five lightnings were simply blinding to their eyes.

Having reached the Martial King level, methods to increase one’s cultivation was extremely rare. However, it didn’t mean that it was impossible. Thus, when Chu Feng displayed his Thunder Armor and increased his cultivation by one rank, while it shocked the crowd, it was still at a tolerable level.

However, to increase his cultivation twice in a row, this was something that they had simply never seen before. At this moment, not to mention the others, even Sikong Zhaixing’s expression took a huge change. That was because even he had never thought that this disciple from the Southern Cyanwood Forest would be this powerful.

“Interesting. I truly almost misjudged. Such a genius standing before me and I actually did not recognize it earlier. Little mischievous child, it seems that your ability to conceal your strength is quite profound.”

Compared to the others, the person who was the calmest at this moment was still the Madam Sectmaster. Although she remained composed, an idea that others could not see through was rushing forth in her eyes.

Chapter 1096: The Battle Between Geniuses

“No wonder you dare to be this arrogant. It turns out that you actually have some skills.”

“Very well. Since this is the case, I shall not show any mercy either. Let’s quickly settle this.”

Bai Ruochen coldly snorted. Then, light flickered on her palm and a long scaled whip that shined with silvery light appeared in her hand.

Once this long whip appeared, a strong gale immediately started to torrent through the region and black clouds began to appear. The martial power in the surroundings also began to flutter up and down. Even the ground began to tremble.

At this moment, Bai Ruochen’s white dress was fluttering in the wind and her long hair was swaying back and forth. After she explosively increased her strength, even this region of empty space started to change with her at the center. It was as if her might had conquered this region of space.

That long whip was entirely white in color. However, it emitted a silvery light. Furthermore, the scales on the whip appeared extremely vivid and lifelike. They did not appear to be something that was added to the whip afterwards; instead they appeared like they were originally a part of it.

This long whip possessed intelligence; it was a Royal Armament. However, it was not an ordinary Royal Armament. The might displayed by it was able to match Chu Feng’s Demon Sealing Sword.

“What a powerful Royal Armament. Is this eldest senior sister’s legendary Platinum Dragon Whip?”

“Truly too amazing. That whip is a king among Royal Armaments. Before it, ordinary Royal Armaments would tremble in fear, unable to fight against it at all.”

“That Southern Cyanwood Forest’s disciple possessed some tricks and abilities that we have never seen before. I suspect he likely also possesses an extraordinary Royal Armament. Unfortunately for him, regardless of what sort of Royal Armament he possesses, it would not be able to exhibit its strength before eldest senior sister’s Platinum Dragon Whip. It would appear that the outcome of this battle is already decided.”

When they saw the Platinum Dragon Whip, the disciples of the Ascension Sect began to praise incessantly. They have already experienced how powerful Bai Ruochen’s Platinum Dragon Whip was.

“Receive my attack!!!”

Suddenly, Bai Ruochen attacked. She waved her sleeve and did a graceful motion, brandishing the Platinum Dragon Whip in her hand. “Pow,” a sharp echo, like a bolt from the blue. As the whip gave off that explosive sound, a white colored dragon appeared. With snarls, it charged toward Chu Feng.

“This Bai Ruochen is indeed extraordinary. She actually possessed a Royal Armament not inferior to my Demon Sealing Sword.” Seeing the incoming white dragon, Chu Feng’s eyes shined. However, he did not panic.

Although Chu Feng’s battle power was extraordinary, his cultivation was limited. Right now, after using both his Thunder Armor and Thunder Wings, his cultivation was only able to match Bai Ruochen’s.

As for Bai Ruochen, she immediately took out a Royal Armament not inferior to his Demon Sealing Sword. This caused it so that the gap that Chu Feng had closed to become inferior once again. In this sort of situation, Chu Feng had no choice but to go all out.

“Buzz.” Thinking till this point, Chu Feng did not hesitate anymore. With a turn of his wrist, the pitch-black Demon Sealing Sword appeared in his hand.

“Rumble~~~”

Once the Demon Sealing Sword appeared, the sky instantly turned dark

and thunders rolled about. Most importantly, layers upon layers of black gases charged forth from the Demon Sealing Sword. Like an army of demons, they rushed to attack the incoming white dragon from all sides.

“Wuuuuu~~~~~”

“Aoooouuu~~~~~”

The white dragon roared repeatedly, trembling the surroundings. As for the black colored gases, they howled like demons and ghosts unceasingly. If the dragon’s roar brought about fear to the crowd, then the howls of the gas brought about terror to their hearts.

As the two fought in the sky, a black and white battle scene appeared. It was an extremely spectacular sight.

“What is that? That guy’s Royal Armament is actually also this powerful? It is actually not at all inferior to eldest senior sister’s Platinum Dragon Whip?”

“How could this be? Who exactly is he? Where did he obtain such a powerful Royal Armament?”

Once Chu Feng’s Demon Sealing Sword appeared, he immediately brought about the focus of the crowd. After all, the Demon Sealing Sword’s might was matchlessly powerful too. It could be said that the Demon Sealing Sword was not in the slightest inferior to Bai Ruochen’s Platinum Dragon Whip.

Royal Armaments like those are known to be the kings among Royal Armaments. They were simply not something that ordinary world spiritists could craft. Even in the Holy Land of Martialism, they were invaluable items, treasures that everyone wanted to purchase but could not find.

Treasures like those were items that would only be held by geniuses of major powers. As for Chu Feng, he was merely a Southern Cyanwood Forest’s disciple. Yet, he actually possessed such a Royal Armament. This naturally brought about a great deal of shock to the crowd.

However, at this moment, the crowd was unable to remain stunned by

Chu Feng's Demon Sealing Sword for long because the battle between Chu Feng and Bai Ruochen became more and more intense, reaching a point beyond their imagination.

From a simple contest of Royal Armaments, the two had moved onto a battle with martial skills. Moreover, neither of them were simply using a single martial skill. Instead, they were using multiple martial skills at once.

All kinds of offensive and defensive martial skills appeared in the sky only to be dissipated by their opponent nonstop. That sort of scene brought about amazement to even Sikong Zhaixing. There was no need to mention what the two Ascension Sect's elders and ninety-nine disciples felt at this moment.

The battle between Chu Feng and Bai Ruochen had surpassed the capabilities of ordinary disciples. What the two of them displayed was simply the battle techniques and methods of exceptional geniuses.

This was a battle between geniuses!!!

"Unbelievable! Never did I imagine Chu Feng to be this powerful!"

"Ancestor, you were right, you were right! Our Southern Cyanwood Forest has finally managed to wait till the appearance of our hope! All these countless years of waiting has finally paid off!"

At this moment, Sikong Zhaixing was extremely emotional. His aged body even began to tremble. Although he knew that Chu Feng was powerful, he never imagined Chu Feng to be this powerful. Such battle strength, he believed that even the top geniuses of the Cyanwood Mountain would only be at his level.

"Damn it. I refuse to believe that I, Bai Ruochen, cannot defeat you today!"

With her attacks being dissipated by Chu Feng repeatedly, this caused the proud, arrogant and icy cold Bai Ruochen to become even more furious. After being enraged to such a state, her aura began to change. Layers upon layers of special aura began to spill out from her palm and

was quietly channeled into the Platinum Dragon Whip.

“This feeling! She has trained in a special kind of Mysterious Technique. If my guess is correct, it should be a Forbidden Mysterious Technique. No wonder her battle power is this powerful. So there’s actually the assistance of a Forbidden Mysterious Technique.” Chu Feng was extremely sensitive. He noticed that the aura emitted by Bai Ruochen at this moment was a bit different. It was a power completely different from the norm, a power that originated from Forbidden Mysterious Techniques. In essence, the current Bai Ruochen became even more powerful.

“I shall see how you take on this attack of mine, Dragon Whipping The World!”

Suddenly, the Platinum Dragon Whip Bai Ruochen held in her hand shined like the dazzling sun, and at this moment, it was brandished once again in her hand. Layers upon layers of frightening power was channeling through the Platinum Dragon Whip. As if that power was about to emerge out from it, even the surrounding space started to violently tremble.

“Bang!”

Finally, a sound even more ear-piercing than thunder exploded in the sky. At the same time, the Platinum Dragon Whip twitched in the sky. After the twitching stopped, layers upon layers of spatial cracks appeared in the sky. Finally, the cracks split apart and created a pitch-black darkness.

“It would appear that she’s not holding anything back now.”

Seeing the sky that had been split apart, Chu Feng also frowned. Everything in the Holy Land of Martialism was different from the Eastern Sea Region. The sky here was taller and the space was more stable. It was simply impossible for ordinary power to shatter the space here. However, at this moment, Bai Ruochen had shattered it. This meant that she possessed extraordinary power.

She was displaying her might; she was displaying to Chu Feng how powerful the current her was.

In this sort of situation, Chu Feng did not dare to be careless. He tightly held the Demon Sealing Sword; then he channeled his martial power in his body through a special trajectory and into the Demon Sealing Sword. That was because he knew that the next time Bai Ruochen attack would no longer be a display of her might. Instead, the attack would be aimed at him.

Chapter 1097: Three Consecutive Strikes

“Dragon Whipping The World!”

It was exactly as Chu Feng have expected, after Bai Ruochen displayed her might, she launched an attack at him.

The Platinum Dragon Whip that flickered with a silvery light now appeared like an actual living dragon as it lashed toward Chu Feng. A frightening oppressive might invisible to the naked eye also came crashing toward Chu Feng.

That oppressive might cause even the space to tremble; there was no need to mention its effect on Chu Feng. However, even though this was the case, Chu Feng did not cower in the slightest. Instead, his eyes were filled with confidence.

“This move is created by me utilizing the characteristic of the Demon Sealing Sword. This is the first time since I’ve created it that I am using it. This move is still nameless at the moment. Today, I shall name it Dragon Slaying Demon Sealing Slash.”

Suddenly, Chu Feng brandished the Demon Sealing Sword in his hand. His pitch-black sword drew a crescent shaped arc in mid-air. After that, an enormous crescent shaped light ray emerged explosively from the arc.

Dark black colored light rays, they were the commonly used attacks by Chu Feng when he was holding the Demon Sealing Sword. However, the light ray this time around was completely different from before.

Not only did its size increase by tenfold, even its might was increased by tenfold. Most importantly, when the crescent shaped light ray appeared, terrifying sounds was heard from the light ray.

Those sounds sounded like weeping, screaming, snarling, and the cry of beasts. Occasionally, it sounded like the crying of grievances from souls. Occasionally, it sounded like the display of might from demons. Essentially, it was extremely frightening.

As for this, this was the peak strength of the Demon Sealing Sword.

As implied by the name of the Demon Sealing Sword, the Demon Sealing Sword was a sword used to seal demons. Its true strength lies not on the sword itself; instead, it lies on the evils sealed within the sword.

At this moment, Chu Feng have lifted the seal off the evils. Moreover, he ingeniously fused them to his own attack, creating a completely new attack, the Dragon Slaying Demon Sealing Slash.

As for the reason why Chu Feng decided to name it the Dragon Slaying Demon Sealing Slash, it was because the first time Chu Feng used this move was to deal with Bai Ruochen's Dragon Whipping The World.

Thus, as implied by its name, Chu Feng planned to use this move to destroy Bai Ruochen's Dragon Whipping The World.

Actually, these two moves displayed from apex Royal Armaments both possessed world-shaking might. They were both exceedingly terrifying. However, as for which skill was stronger and which was weaker, that would soon be determined.

“Rumble.”

As the world trembled, as the crowd watched from the sidelines, Chu Feng's Dragon Slaying Demon Sealing Slash and Bai Ruochen's Dragon Whipping The World finally collided.

Bai Ruochen's Dragon Whipping The World was cast by her Royal Armament itself. Although it was fierce, it still remained that its user Bai Ruochen was a female. Her techniques were more of an incorporation of both strength and gentleness rather than one of only strength.

As for Chu Feng's Dragon Slaying Demon Sealing Slash, it was completely different for him. There was close to no flaw in his tyrannic strength. Thus, this allowed him to display the might of his attack beautifully. In the end, he managed to obtain dominance.

“Swoosh. Rustle.”

The collision of their two attacks created an enormous ripple. However, the might of the Dragon Slaying Demon Sealing Slash was more powerful. Moreover, the two attacks ended up in a direct collision, attacking one

another. This led to the Platinum Dragon Whip being sent flying back back alongside the appearance of the ripple.

At this moment, Bai Ruochen tightly held onto the Platinum Dragon Whip. However, because the power that was sending the Platinum Dragon Whip flying was truly too powerful, it leads to her being unable to control the Platinum Dragon Whip and actually get flipped a circle in midair by the Platinum Dragon Whip that continued to fly backwards. She was nearly flung out from the inner circle.

“This... Eldest senior sister actually...”

Although neither party were injured in the aftermath, it remained that Chu Feng stood where he was originally and was not affected in the slightest while Bai Ruochen was flipped three hundred sixty degrees by her own Royal Armament.

This slight difference was sufficient to determine the victor. In this battle, Chu Feng's Dragon Slaying Demon Sealing Slash was indeed stronger than Bai Ruochen's Dragon Whipping The World. The name he gave it, 'Dragon Slaying,' was not in vain.

However, this result was something that the Ascension Sect's people could not believe.

Who was Bai Ruochen? She was their Ascension Sect's trump card that they planned to stun all of the powers in the Cyanwood Mountain with.

However, such a powerful Bai Ruochen actually did not manage to obtain any advantage in her several exchanges with Chu Feng. To the people from the Ascension Sect, this was an enormous shock, an inconceivable event.

Even though Chu Feng have used special means to increase his cultivation to the same level as Bai Ruochen's, rank three Martial King.

It remained that Chu Feng's true cultivation was that of a rank one Martial King. In other words, doesn't this mean that this Southern Cyanwood Forest's disciple was truly even more powerful than Bai Ruochen?

“Do you still want to continue? Are you going to admit your defeat now or do I have to force you out from the inner circle?” For his Dragon Slaying Demon Sealing Slash to be the victor in the contest, this brought about a great amount of joy to Chu Feng. With a beaming smile, he asked Bai Ruochen.

To everyone’s surprise, Bai Ruochen who was thoroughly enraged by Chu Feng earlier had actually calmed down and said. “As matters stand, I have no choice but to admit that you’re very powerful.”

“However, this sparring concerned one’s honor; there is no way that I will ever admit defeat.”

As Bai Ruochen said those words, a faintly detectable fierceness appeared on her beautiful face. This genius woman has finally become completely serious.

However, while that the contest earlier was definitely not Bai Ruochen’s trump card, Chu Feng was no ordinary character either. Thus, he displayed a relieved smile and said. “In that case, you want me to force you out from the inner circle?”

“Heh, it is not that you are going to force me out from the inner circle, it is I who am going to force you out from the outer circle.”

Suddenly, a cold grin emerged on Bai Ruochen’s mouth. After that, the fierceness in her eyes became even stronger. Layers upon layers of boundless king level martial power began to burst forth from her body.

She tightly held her Platinum Dragon Whip with one hand. As for the other hand, she suddenly extended it open and shouted. “Mortal Taboo, Triple Strike!”

Once Bai Ruochen said those words, her frail and soft body began to burst forth with powerful and fierce king level martial power like an exploding volcano.

Most shockingly, after the fierce king level martial powers left Bai Ruochen’s body, they formed three life forms and stood in the airspace above Bai Ruochen.

A thousand-meter-long enormous dragon. With a body covered in flames that surged nonstop.

A hundred-meter-long sword. With a silver body, it was flickering with light.

A tall and enormous creature. With body covered in sharp blades, it was snarling repeatedly.

These were not true life forms. Instead, they were three powerful martial skills.

They were not ordinary martial skills. Instead, they were Taboo Martial Skills that contained Taboo Power. 1

Three types of Taboo Martial Skills were displayed by Bai Ruochen at once. Most importantly, her long hair was fluttering, giving her the formidable might of a queen, and complexion remained rosy like before. This meant that even though she has displayed three such a martial skill, she was not majorly affected.

“She actually simultaneously used three Mortal Taboo Martial Skills. Too terrifying! Is this eldest senior sister’s true strength?” Seeing this scene, all of the Ascension Sect’s disciples was stunned.

As the core disciples of the Ascension Sect, they naturally also knew Mortal Taboo Martial Skills. However, they also knew how frightening Mortal Taboo Martial Skills were. To use three Mortal Taboo Martial Skills at once, this was truly a powerful display.

“This girl, she’s actually this powerful.” Actually, at this moment, even Sikong Zhaixing’s face was covered with shock. He was stunned by Bai Ruochen’s display of her skills.

*

1. Not sure about this, this is literally what they said. If there’s a special term for taboo power, do suggest.

Chapter 1098: The Outcome of the Battle

To casually use three Mortal Taboos at once stunned everyone present.

However, it was not Bai Ruochen's true intention. After those three Mortal Taboo Martial Skills appeared, she did not immediately go on the offensive against Chu Feng. Instead, with a thought from her, she caused the three colossal monsters above her to fuse into one.

The three Mortal Taboo Martial Skills ended up becoming a single Mortal Taboo Martial Skill. Moreover, the might and strength of this Mortal Taboo Martial Skill was even more powerful than the three combined.

Flames, a roaring voice, sharp fangs and claws; if it was said that the three Mortal Taboo Martial Skills from before all possessed distinctive appearances and displayed their strong points, then the current Mortal Taboo Martial Skill fused from the three would be an unpredictable and fierce demonic beast. Not only did it possess an unpredictable form, it also contained the power to destroy the heavens and the earth.

"Martial Skill fusion, she actually fused Mortal Taboo Martial Skills. Moreover, she fused three of them!"

Seeing this scene, all the people from the crowd breathed in a mouthful of cold air. They discovered that they still had actually underestimated Bai Ruochen. What Bai Ruochen did was not as simple as just simultaneously using three Mortal Taboo Martial Skills.

"It appears that Ruochen has finally become serious. In this situation, how would that Southern Cyanwood Forest's disciple defend against it? This is truly causing me to be filled with anticipation." Right at the moment when everyone was being stunned, Bai Ruochen's mother, this extraordinary Madam Sectmaster, was extremely calm.

As Bai Ruochen's mother, she knew her daughter's strength extremely well. Thus, regardless of what sort of techniques and skills Bai Ruochen might display, she, as her mother, would not be surprised. After all, all of this was something that she was already well aware of.

However, she was not a simple character. At the time when everyone's attention was focused on whether Chu Feng would be able to defend against Bai Ruochen's attack or not, she noticed that, even though Bai Ruochen fused three Mortal Taboo Martial Skills, Chu Feng still had a calm and collected expression on his face.

This meant that Chu Feng possessed a certain level of confidence in himself in being able to answer Bai Ruochen's attack. However, what she was unsure of was how Chu Feng would answer it. Thus, she was looking forward to it greatly.

"Chu Feng. I shall borrow your words. Are you going to admit defeat, or do you want me to force you out of the outer circle?"

"If you were to admit your defeat, you would still be able to enter the Southern Cyanwood Forest's Pagoda. However, if you refuse to admit defeat, I will not be able to guarantee that you will remain alive after this attack of mine." Bai Ruochen spoke. At this moment, confidence appeared on her icy-cold and incomparably beautiful face.

"Heh..." However, to the advice given him by Bai Ruochen, Chu Feng merely chuckled lightly. He then said, "It seems that you have decided to have me force you out of the inner circle."

"Ingrate." Seeing that Chu Feng actually did not put her in his eyes, Bai Ruochen was enraged once again. With an intention, the fusion Mortal Taboo Martial Skill that floated above her began to snarl. With an oppressive might that appeared to be able to bring about the destruction of the heavens and the earth, it descended from above as if to bring about punishment to Chu Feng.

"What a frightening might."

As that fusion Mortal Taboo Martial Skill descend from above, not only did it cause the surrounding space to crumble, it made even the earth below tremble like an earthquake.

Before this sort of scene, not to mention the disciples of the Ascension Sect, even those two elders began to sweat cold sweat. Even though this attack was not aimed at them, they still felt fear from it because it was

truly too terrifying. If the attack had been aimed at them, then they would definitely have been killed.

However, who would've thought that before such a terrifying attack, Chu Feng would actually close his eyes. Moreover, at this moment, with Chu Feng as the center, the space around him began to tremble.

At this moment, the trembling of Chu Feng's surroundings began to grow stronger and stronger. There were even spatial cracks appearing. An extremely powerful aura was pressuring the space around him so intensely that it was about to shatter it completely.

In this sort of circumstance, the boundless king level martial power from nature began to gather towards Chu Feng like a hurricane.

"This sensation, could it be?!" Sensing the change brought forth by Chu Feng, Bai Ruochen's expression also changed, as if she had realized something.

"Boom."

Right at this moment, Chu Feng abruptly opened his eyes. When he opened his eyes, an extremely sharp aura emerged from them.

"Darn it!"

Seeing the change in Chu Feng, Bai Ruochen immediately started to panic. That was because she determined that her guess was correct; Chu Feng really had grasped the technique that she had guessed.

At this moment, she urged all of her strength to accelerate her fusion Mortal Taboo Martial Skill toward Chu Feng. She wanted to defeat Chu Feng before he could use his technique.

However, she still underestimated Chu Feng. At this moment, numerous crimson colored gases were already being emitted from Chu Feng's body.

Those gases were extremely strange. While they appeared to be very sharp in shape, they also appeared to be very fluid. Not only were there an innumerable amount of them, they were also emitting wails like ghosts and howls like wolves. Those noises were extremely terrifying; it was as if

they were demons from the underworld.

Most importantly, at the moment when the crimson colored gases appeared, the sky immediately changed in color. Not only did these gases possess a frightening power, their speed was also astonishingly fast. In merely an instant, they had covered every corner of this region of sky.

At this moment, Chu Feng's lips moved. One word at a time, he said, "Earthen Taboo: Firmament Slash!!!"

"First slash!"

"Boom."

As his voice landed, it was like the command of a ruler. Those strange and frightening gases gave off a howl and then, bringing with them the might to destroy heaven and earth, charged toward Bai Ruochen's incoming fusion Mortal Taboo Martial Technique.

In the end, with a loud 'kacha' sound, a crimson colored cross-shaped slash landed the fusion Mortal Taboo Martial Skill.

"Boom." After that single strike, the fusion Mortal Taboo Martial Skill that contained a boundless might was turned into boundless mists and a fierce hurricane as it dissipated.

Bai Ruochen's martial skill that fused three different Mortal Taboo Martial Skills was easily defeated by Chu Feng.

Such a scene stunned everyone. Astonishment filled their wide-open eyes.

"Second slash!"

However, Chu Feng did not stop his attack. Without giving anyone any time to react, Chu Feng lightly shouted once again. At that time, another crimson colored slash appeared and charged toward Bai Ruochen.

Before the force of that crimson colored slash, everywhere it passed, and even the space before it, began to shatter like broken glass.

"Damn it!"

Chu Feng's Earthen Taboo: Firmament Slash appeared too suddenly. Moreover, its might surpassed everyone's imagination. Before it, Bai Ruochen had no alternatives. In order to live, she could only move her body and jump backwards, away from the slash.

"Buzz."

However, right at this moment, that crimson colored slash suddenly dissolved. It was actually dispelled by Chu Feng. At the same time, the frightening oppressive might emitting from Chu Feng's body also disappeared. Tranquility returned to the surrounding space.

The crowd was a bit surprised by Chu Feng's unexpected action. Originally, they thought that Chu Feng's power was limited, and that he had become unable to continue using this terrifying martial skill. However, when they saw that Chu Feng still had a rosy complexion and appeared to not be affected in the slightest, they knew that he did indeed have the ability to continue.

When the crowd cast their gazes toward Bai Ruochen, they suddenly came to a realization.

It turned out that in order to dodge Chu Feng's Earth Taboo Martial Skill, Bai Ruochen had already jumped out from the inner circle.

The outcome of this sparring was determined. The Southern Cyanwood Forest's disciple Chu Feng had won.

Chapter 1099: I Have A Matter That I'd Like To Request

Silence. At this moment, silence filled the region. Everyone's eyes were fixed onto the sky above.

Shock. It was impossible for them to not be shocked. When Bai Ruochen, the trump card of their Ascension Sect, was defeated by a Southern Cyanwood Forest that they looked down upon, the emotions that filled their hearts were not simply shock and astonishment.

"Clap clap clap..." However, right at this moment, a loud and clear applause was suddenly heard.

Shifting their gazes toward the sound, the crowd saw a white-haired old man standing not far in the distance and clapping his hands in applause.

This old man had a truly aged appearance. He appeared to have lived for at least two hundred years. However, he had a kind appearance as well; especially that smile on his face, it gave off a very amiable feeling.

"We pay our respects to Lord Sectmaster." Upon seeing this individual, the people of the Ascension Sect, with the exception of Madam Sectmaster and Bai Ruochen, all hurried to courteously greet him.

Even Sikong Zhaixing did not dare to be disrespectful; he cupped his fist respectfully to greet this old man. "Southern Cyanwood Forest's headmaster also pays his respects to the Ascension Sect's Sectmaster."

"Hey, Headmaster Sikong, we are of the same generation. There is no need for you to pay such respects to me. You can just call me by my name." While the Ascension Sect's Sectmaster said those words, he had already arrived before Sikong Zhaixing and helped him up.

"Since Sectmaster Zhou said it like this, then Sikong Zhaixing will also treat you as a close friend." Seeing this, Sikong Zhaixing also stopped trying to be formal.

"Hey, that's more like it." The Ascension Sect's Sectmaster nodded. He

then looked to Chu Feng and asked, "Little friend, may I know of your famed name?"

"Junior's name is Chu Feng. I pay my respects to senior sectmaster." Chu Feng responded respectfully.

"Little friend, you are truly talented. You were actually able to use an Earthen Taboo Martial Skill with such ease; for my daughter to be defeated by you, that too is reasonable."

The Ascension Sect's Sect Master nodded. He then turned to Sikong Zhaixing and said, "Headmaster Sikong, you have truly obtained a great disciple. Congratulations, congratulations."

The words spoken by the Ascension Sect's Sectmaster caused Sikong Zhaixing to beam with smiles while lightly nodding to show that he had received the praise.

"Senior sectmaster, earlier, Miss Bai said that as long as I could force her out of the inner circle, this Southern Cyanwood Forest's Pagoda would remain our Southern Cyanwood Forest's possession and that your Ascension Sect would not make use of it anymore. May I know if these words are still valid?" Chu Feng suddenly asked.

"Of course. Since I have already consented to this matter, we will definitely keep our word." Right at this moment, the Madam Sectmaster suddenly spoke. As she spoke, she flew over to the Ascension Sect's Sectmaster's side. Then, with a charming smile, she asked, "Isn't that right, Zhixian?"

"Heh, since you have already consented to it, those words would naturally be valid. Furthermore, this Southern Cyanwood Forest's Pagoda is something made by the Southern Cyanwood Forest to begin with." The Ascension Sect's Sectmaster smiled as he nodded. It could be seen that their relationship was very good.

However, from Chu Feng's point of view, he believed that Bai Ruochen's mother would be, at the very most, forty years old, and her beauty was still present. As for the Ascension Sect's Sectmaster, he had lived for at least two hundred years and was a true rotten old man.

As for their strength, both of them were unfathomably powerful. Chu Feng was unable to determine who was stronger and who was weaker. From that, even if the Ascension Sect's Sectmaster was stronger, he would likely not be that much stronger than the Madam Sectmaster.

Comparatively, the Ascension Sect's Sectmaster truly appeared to be a bit unable to match up to his beautiful Madam Sectmaster. After all, the Madam Sectmaster possessed such cultivation at such an age. When she reached the Ascension Sect's Sectmaster's age, her cultivation would definitely surpass the Ascension Sect's Sectmaster by leaps and bounds.

Thus, Chu Feng was confused. With how outstanding this Madam Sectmaster was, and how she possessed a genius daughter like Bai Ruochen, it meant that her talent in martial cultivation must be extremely high. Why then would she marry the Ascension Sect's Sectmaster?

Perhaps she had an ulterior motive? However, Chu Feng was unable to determine what this Ascension Sect could have that she would want.

Since he was unable to determine it, Chu Feng decided not to bother with it. After all, this was not something related to him. Moreover, neither the Ascension Sect's Sectmaster nor Bai Ruochen's mother appeared to be muddled people. Since he was willing to have her as his wife, then no one had the right to interfere.

Thus, Chu Feng also took the gazes of the crowd into consideration. He pointed to the formation the ninety-nine Ascension Sect disciples used to train earlier and said, "Since the words are valid, when will you all be removing this formation?"

"Little friend, go ahead and enter the Southern Cyanwood Forest's Pagoda first. When you return from the pagoda, I will remove this formation." The Ascension Sect's Sectmaster said.

"That would be fine." Seeing this, Chu Feng also did not bother with superfluous words anymore. He proceeded to walk directly toward the widely opened entrance of the Southern Cyanwood Forest's Pagoda.

"Little friend Chu Feng, please wait a moment." However, right at this moment, the Ascension Sect's Sectmaster spoke and stopped Chu Feng.

“Senior Sectmaster, is there something you need?” Chu Feng asked.

“This old man indeed has a matter that I’d like to request of you,” said the Ascension Sect’s Sectmaster.

“Senior, please speak,” said Chu Feng.

The Ascension Sect’s Sectmaster did not directly respond to Chu Feng. Instead, he looked to the two elders and the ninety-nine disciples, and said, “Elders, the time is late. You can take these disciples and return.”

“Yes.” Seeing this, the two elders and the ninety-nine disciples hurriedly left. They did not dare to stay here anymore.

At this moment, Chu Feng realized that if the Ascension Sect’s Sectmaster truly wanted to request something of him, then that matter would definitely be a confidential matter. At the very least, it was something that these elders and disciples did not know about.

As expected, after those elders and disciples left, the Ascension Sect’s Sectmaster spoke. He first looked to Sikong Zhaixing and said, “I believe that Headmaster Sikong knew that my master, our Ascension Sect’s previous sectmaster, passed away five years ago.”

“I have heard about Senior Liu passing away.” Sikong Zhaixing nodded.

“In that case, does Headmaster Sikong know how my master died?” the Ascension Sect’s Sectmaster asked.

“Senior Liu possessed an unfathomable cultivation. However, he was very old. I believe that he should’ve died from old age?” said Sikong Zhaixing.

“You are half correct. My master was indeed reaching the limit of his life. However, he did not die of old age. Instead, he died in this Southern Cyanwood Forest’s Pagoda.” The Ascension Sect’s Sectmaster said.

“Southern Cyanwood Forest’s Pagoda?” Hearing those words, Sikong Zhaixing was unable to contain his shock.

“Truth be told, it was not just your Southern Cyanwood Forest that failed to reach the peak of this Southern Cyanwood Forest’s Pagoda. No one else

has managed to do it either. Even all of our Ascension Sect's successive generations of seniors have failed to reach the peak."

"My master, during his youth, was already a top-rated genius within our Ascension Sect. Even after he entered the Cyanwood Mountain, he became a famous core disciple there. If it wasn't for him insisting on returning to the Ascension Sect, then he would definitely possess a very high status within the Cyanwood Mountain."

"It could be said that he left behind many legends in his lifetime of cultivation. However, he was also one of the many people that lost in their challenge against this Southern Cyanwood Forest's Pagoda."

"This was a matter that gnawed at my master's heart his entire life. Thus, he wanted to, before his death from old age, attempt to challenge the Southern Cyanwood Forest's Pagoda once more."

"However, who would've thought that after he entered the Southern Cyanwood Forest, he would never return."

"After a year of my master not returning, I knew that my master might've encountered a mishap within the Southern Cyanwood Forest's Pagoda. Thus, I declared to the outer world that my master had died," said the Ascension Sect's Sectmaster.

"Senior sectmaster, wouldn't you know whether that senior is alive or not just by going in there and checking?" asked Chu Feng.

"I have tried entering it before. However, the pressure within the Southern Cyanwood Forest's Pagoda was truly too enormous. When I reached the seventh floor, I was unable to take another step."

"As for my master, it was said that he could reach the eighth floor. Thus, I am unable to see my master." The Ascension Sect's sectmaster shook his head.

Chapter 1100: The Sign of Honesty

At this moment, Chu Feng took a glance at the Southern Cyanwood Forest's Pagoda and discovered that the pagoda only had ten floors. After hearing what the Ascension Sect's Sectmaster said, Chu Feng knew that every floor of this Southern Cyanwood Forest's Pagoda would definitely be harder than the previous one.

Thinking till this point, Chu Feng turned his gaze to Bai Ruochen and asked, "Miss Bai, you have also been to the pagoda before. May I know which floor you've managed to reach?"

Hearing those words, Bai Ruochen gave Chu Feng a glance of displeasure. Then, she snorted lowly.¹ She did not tell him which floor she had reached. Instead, she expressed a great deal of discontent towards Chu Feng's question.

At this moment, Bai Ruochen's mother charmingly smiled and said, "My daughter's untalented. She has only reached the sixth floor."

"Oh?" Hearing those words, Chu Feng's gaze changed slightly. It was as if he had thought of something. However, he did not say anything; instead, he looked to the Ascension Sect's Sectmaster and asked, "If my guess is correct, senior sectmaster wants Chu Feng to help bring senior's master's remains back, right?"

"What little friend Chu Feng says is correct. If you are able to encounter my master's remains, I wish that you could bring them back intact." The Ascension Sect's Sectmaster nodded. Moreover, his tone contained some traces of pleading.

"This is something that I should do. If this junior is capable of coming across senior sectmaster's master's remains, I will definitely bring them back." Chu Feng nodded.

"Little friend Chu Feng, the Southern Cyanwood Forest's Pagoda is a formation created by Senior Baili Xuankong. The formation is extremely powerful. If my master had not forced himself to climb the pagoda, he would definitely not have lost his life to it. Thus, little friend Chu Feng,

you must not force yourself. If you feel that you cannot continue, it would be best for you to give up,” the Ascension Sect’s Sectmaster advised.

“Thank you for the advice, senior. Chu Feng will definitely act within his abilities.” Chu Feng cupped his fist respectfully to express his thanks. After that, he entered the Southern Cyanwood Forest’s Pagoda.

As he entered through the entrance, the first thing that appeared before Chu Feng was a spirit formation gate. After passing through the spirit formation gate, he arrived at the true interior of the Southern Cyanwood Forest’s Pagoda.

The Southern Cyanwood Forest’s Pagoda; when looking at it from the outside, it appeared to be an ordinary-sized ancient pagoda. However, when looked at from the inside, it was completely different.

At the very least, this first floor of the Southern Cyanwood Forest’s Pagoda was very vast. However, this was nothing strange either. This Southern Cyanwood Forest’s Pagoda was an enormous formation to begin with. A powerful world spiritist was capable of creating a vast world. Thus, such a place was not a difficult creation for a world spiritist. Even Chu Feng, with his current abilities, could create one such pagoda.

When Chu Feng entered the Southern Cyanwood Forest’s Pagoda, he indeed felt a pressure. However, this pressure was simply unworthy of mention to Chu Feng.

Like this, Chu Feng did not bother to stay on the first floor for too long. Instead, he immediately began to climb the floors. Every floor that he climbed would increase the pressure. However, the pressure continued to remain within Chu Feng’s range of tolerance.

Chu Feng continued onward unhindered. However, when he reached the sixth floor, he stopped.

The area within the Southern Cyanwood Forest’s Pagoda became narrower the further up one reached. The sixth floor was vastly more narrow than the first floor.

Chu Feng looked to his surroundings, and displayed a smile as if he had

seen through something. He said, "The sixth floor's pressure could stop Bai Ruochen? What a joke."

After he finished saying those words, Chu Feng continued onward. When he reached the eighth floor, Chu Feng paid especial attention, and inspected his surroundings. However, he did not discover any human remains.

Just like this, Chu Feng continued toward the ninth floor. However, on the staircase connecting the eighth floor to the ninth floor, Chu Feng discovered some human remains.

These human remains appeared to be someone who had been climbing the stairs. It was evident that whoever it had been was trying to reach the ninth floor; unfortunately, that individual did not succeed, and instead died on the stairs.

Upon seeing this pile of human remains, Chu Feng did not even have to think about it to know that it must be the Ascension Sect's Sectmaster's master's remains.

"What a powerful cultivation." Chu Feng examined the human remains. Although this person had died long ago, and only a pile of bones remained, the bones were nevertheless extraordinary.

They were white like jade, and also emitted a faint glimmer. From a glance, they appeared to be a precious treasure. Actually, this pile of bones could indeed be considered to be a treasure.

When cultivators reach a certain point in their cultivation, their flesh would become extremely valiant. After their death, their cultivation would disappear, and their flesh, having lost the energy from their cultivation, would decompose.

However, the bones were different. The bones of cultivators, even though they might be inferior to the time when they were alive, would still be extremely hard. There were even people who used the bones of experts to create weapons.

As for this pile of bones, the source energy contained within it allowed

Chu Feng to know that during the time when the owner of this pile of bones was alive, he was most definitely a Half Martial Emperor-level expert. However, Chu Feng was unable to determine what the exact cultivation of this expert was during the time he was alive.

“Wow, a Half Martial Emperor’s source energy. Quickly, help me absorb and refine it. This Queen will definitely be able to reach a breakthrough in her cultivation.” At this moment, Eggy was extremely excited. To her, the source energy from a Half Martial Emperor level expert was most definitely an object of great supplementary value.

“Eggy, when I enter the Cyanwood Mountain, I’ll help you find source energy. However, as for this pile of human remains, we cannot use its source energy.” Chu Feng said in a difficult manner.

“Why?” Eggy cast a glance at Chu Feng. She was confused.

“I have promised the Ascension Sect’s Sectmaster that I will bring his master’s remains out of the Southern Cyanwood Forest’s Pagoda intact. If we were to refine his master’s remains’ source energy, how could it still be considered to be intact?” said Chu Feng.

“In that case, you can help me refine the source energy and then destroy this pile of bones. Afterwards, when you return, you can just tell them that you never encountered it. Wouldn’t that solve the problem then?” said Eggy.

“To accept one’s request, one must be honest. How could I possibly agree to the request from the Ascension Sect’s Sectmaster and then go on behind his back to do such a dishonest and unjust thing?” said Chu Feng.

“What do you suggest we do then? Are we to return this pile of remains to them? Have you forgotten the treatment they gave you earlier?”

“Moreover, even if you return this pile of Half Martial Emperor remains with their source energy intact, it does not mean that the Ascension Sect’s Sectmaster would not take it for himself. In that case, is it not better for you to use it yourself?” said Eggy.

“I feel that the Ascension Sect’s Sectmaster is a person who greatly

reveres his master. Moreover, even if he refined his master's source energy, that would be his personal business. As for my business, that would be bringing this pile of remains back intact," said Chu Feng.

"Sigh. Forget about it. I am unable to win against you in an argument. This Queen will give up on this source energy, is that fine now? Go, put it away, let's continue onward." Eggy curled her lips. Although she wanted to refine the source energy, she did not get angry because Chu Feng refused to do that for her.

"Eggy, rest assured. After I enter the Cyanwood Mountain, I will find time to help you find source energy to help you restore your strength."

Although Eggy did not get angry, Chu Feng was still able to tell that she wanted to restore her strength urgently. Thus, he made the resolution to definitely help Eggy in the future. After all, Eggy had done a great deal for him.

"Don't bother with that, this Queen is not that worried. Moreover, if you wanted to restore my strength, even if you are to exhaust yourself to death, you would not be able to find enough source energy to restore my strength. At the very least, it would be hopeless in this Holy Land of Martialism."

o "

"You do not have to worry about the matter of source energies. Just help this Queen refine the source energies if you are to come across them. If you do not, then just forget about it. It is more important to spend the time on increasing your strength. If your father was to accept you as his son, wouldn't the problem be solved if you have him remove the seal on me? I believe that your father would have this ability."

"Even if your father does not, your mother definitely does. After all, it was her who sealed me in you," said Eggy.

Hearing those words from Eggy, Chu Feng's heart felt a burst of warmth. He knew very well that Eggy was thinking for his benefit.

However, the more Eggy acted this way, the more guilty Chu Feng felt.

Especially during the moment when he put the pile of bones with the dense source energy away, the guilt he felt at that moment was heart-piercing.

But since he had accepted another's request, he must be loyal and honest. This source energy was something that Chu Feng could not touch.

Therefore, he decided that in the future, he would definitely find a way to find even better source energy for Eggy. Otherwise, he would not be able to soothe his guilt toward Eggy.

Chapter 1101: Mysterious Gaze

After putting the Ascension Sect's previous Sectmaster's remains away, Chu Feng arrived onto the ninth floor.

When he arrived onto the ninth floor, the pressure from the Southern Cyanwood Forest's Pagoda became very enormous. It was even comparable to the bottom of the Ancient Era's Immortal Pond.

However, this amount of pressure was still not a problem for Chu Feng. After all, he was able to withstand the pressure at the bottom of the Ancient Era's Immortal Pond, so how could the pressure here possibly affect him?

However, as he continued onward up the stairs leading to the tenth floor, at the time when he arrived before the juncture to the tenth floor, another spirit formation gate appeared before him.

With the experience that Chu Feng possessed, he felt that this spirit formation gate was extraordinary. Although it appeared nothing but ordinary; there was a large possibility that there would be a formation array on the other side of this spirit formation gate. Moreover, it would not be a simple one. Likely, it would be the final checkpoint of the Southern Cyanwood Forest's Pagoda, the thing that would be hardest to pass.

"It would appear that trying to pass through this Southern Cyanwood Forest's Pagoda is more difficult than I expected. No wonder no one has managed to reach the top after all these thousands of years."

Having reached this point, Chu Feng had no other option. If he wanted to reach the top, he had to enter this place.

Thus, Chu Feng did not hesitate and directly entered the spirit formation gate.

"Boom."

At the moment when he stepped past the spirit formation gate, Chu Feng suddenly felt his vision turn dark. At this instant, it felt like there

were explosions running through his brain. While his eyes were fuzzy, his ears were rumbling.

“What a nauseating formation array.”

Chu Feng determined in his heart that the situation wasn't good. This formation array was truly too nauseating. It did not test one's endurance; instead, it directly affected one's senses.

At this moment, all five of Chu Feng's senses were being affected. It gave him a very nauseating sensation. There was nothing Chu Feng could do to change that. All he could do was to continue onward through sheer willpower.

This was truly a type of torture enough to cause one's collapse. Even Chu Feng was beginning to sway slightly.

That was because he discovered that if he were to stop moving, the effect on his senses would be tolerable. However, once he began to move, the effect would increase. However, if he were to retreat, then the effect would disappear completely.

But, Chu Feng could not retreat. After all, this matter not only concerned the honor of the Southern Cyanwood Forest, it also concerned his honor.

Therefore, Chu Feng could only continue onward. Even if his willpower crumbled, even if he encountered life-threatening danger, Chu Feng would still not give up. Furthermore, at this moment, Chu Feng had some confidence in himself.

Finally, with Chu Feng's tenacious willpower, the nauseating sensation and the feeling of his consciousness in disarray disappeared. What appeared before Chu Feng was a spirit formation gate.

Turning back to look, Chu Feng was able to see the spirit formation gate that led to the tenth floor. It turned out that what he had walked through earlier had merely been a long hallway.

On all four walls of this long hallway shone bright, glittering runes and symbols. Most importantly, Chu Feng actually felt a trace of familiar aura from this place. It was Bai Ruochen's aura.

“That girl is indeed lying. What does she mean by saying she only reached the sixth floor, she has clearly reached the ninth floor and even walked this long hallway.”

“However, why did she lie?” Chu Feng thought for a moment. He did not understand why Bai Ruochen lied. However, he knew that she had not passed the test of the long hallway. She had only gotten one third of the way through before giving up. As for Chu Feng, he had passed through the entire hallway.

Thinking to this part, Chu Feng displayed a complacent smile on his face. That was because the final test was indeed extremely hard. However, he had managed to succeed.

At this moment, Chu Feng took a step forward. He passed through that spirit formation gate. When his vision returned, he had entered the tenth floor of the Southern Cyanwood Forest’s Pagoda.

Compared to the ninth floor, the tenth floor was even more narrow and truly even smaller.

However, that was not important. What was important was that in this small and narrow space was a very important item.

It was a stone sculpture of an old man. This old man possessed a large and robust figure, and a handsome appearance. With the extraordinary aura displayed by the sculpture, one could tell with a single glance that the old man had been an extraordinary expert.

Most importantly, this old man was holding a sword in his hand.

This sword was a meter long. It was not part of the sculpture; it was an actual sword. However, if one was to carefully inspect it, one would discover that it was not a sword. Instead, it was a key, an extraordinary key.

“Spirit formation key.” With a single glance, Chu Feng was able to recognize what it was.

After that, Chu Feng began to carefully inspect his surroundings. He discovered that, other than the sculpture and the spirit formation key that

the sculpture held, there was nothing else on this tenth floor.

At this moment, Chu Feng was pretty certain that the sculpture was that of his Southern Cyanwood Forest's founder, Baili Xuankong.

As for the key in Baili Xuankong's hand, it should be the keepsake.

"Junior Chu Feng pays his respect to ancestor." Thinking to this point, Chu Feng paid his respects to the sculpture.

After all, he was a disciple of the Southern Cyanwood Forest, and Baili Xuankong was the ancestor of the Southern Cyanwood Forest. Thus, even though it was only a sculpture, Chu Feng still could not disrespect Baili Xuankong and had to pay his respects to him.

After paying his respects, Chu Feng walked forward. He wanted to remove the key from the sculpture.

"Buzz."

However, who would've thought that right after Chu Feng's hand touched that spirit formation key, a special energy would rush into his hand. Immediately after, the energy returned to the spirit formation key.

The most fearful thing was that after the energy returned to the spirit formation key, it actually brought Chu Feng's aura along with it. At this moment, a binding was cast onto Chu Feng's body by that spirit formation key.

"Automatically recognizing its master?" Chu Feng was surprised. Even though he had expected this spirit formation key to be extraordinary, he did not expect it to be this powerful and actually capable of recognizing its master.

However, Chu Feng was unable to understand. As a keepsake, this spirit formation key should be left in the care of the Ascension Sect. For it to actually recognize him as its master, what exactly was the meaning behind that?

However, since Baili Xuankong had arranged it so, there would definitely be a reason for it. Thus, Chu Feng did not bother to overthink it, picked up

the spirit formation key, and began to walk towards the exit.

“This sensation?” However, right when Chu Feng reached the spirit formation gate, his gaze suddenly flashed. Immediately after, he hurried to turned around and cast his gaze onto the sculpture of Baili Xuankong.

That was because earlier, Chu Feng had felt that someone was watching him from behind. As for the source of that gaze, it was precisely from the eyes of the sculpture of Baili Xuankong.

However, this sculpture did not appear to be abnormal at all. Like before, it was very calm and quiet. With doubt in his heart, Chu Feng activated his Heaven’s Eyes to inspect the sculpture. However, he still did not find anything.

“Could it have been a misperception?” Chu Feng was very confident in his sensitivity. Thus, he did not feel that the sensation he had had earlier had been a misperception. But, since he was unable to determine any abnormality with this sculpture, Chu Feng had no choice but to accept it as such.

“Lord Ancestor, this disciple will be leaving.” However, before Chu Feng left, he once again paid his respects to the sculpture of Baili Xuankong. Only then did he turn around to leave.

This time, Chu Feng did not feel the sensation of being watched. However, his heart remained restless. After all, since such a thing had happened, he felt it to be very strange.

That was because the sensation of the gaze that he had felt earlier seemed to have been from a human.

Chapter 1102: The Occasion Has Arrived

Chu Feng walked out of the Southern Cyanwood Forest's Pagoda. When he walked out of the gates, he discovered that the Ascension Sect's sectmaster, Sikong Zhaixing, Bai Ruochen and Bai Ruochen's mother were all still outside.

When Sikong Zhaixing and the others saw that Chu Feng safely walked out of the Southern Cyanwood Forest's Pagoda, they all heaved a breath of relief. After all, this Southern Cyanwood Forest's Pagoda was no small matter. Although it was easy to enter, coming out might not necessarily be easy too.

"This is?"

When everyone saw the spirit formation key that Chu Feng held in his hand, they were all shocked. Especially the Ascension Sect's sectmaster, Bai Ruochen, and Bai Ruochen's mother; a boundless amount of astonishment was being displayed on their faces. It was as if they recognized that spirit formation key.

"Lord Headmaster, Senior Sectmaster, this is something that I discovered on the tenth floor. I believe it should be the keepsake that our ancestor left behind." Chu Feng held the spirit formation key and said as he walked forward.

"Chu Feng, you reached the top?" At this moment, Sikong Zhaixing's face was filled with joy and ecstasy. Although he had suspected that might be the case, when Chu Feng said those words, it was equivalent to Chu Feng declaring that he had reached the top.

"That's right, this is it." As for the Ascension Sect's sectmaster, he was directly handed the spirit formation key by Chu Feng. The Ascension Sect's sectmaster did not try to conceal his expression, thus the joy on his face was not inferior to that of Sikong Zhaixing in the slightest.

After he said those words, Sikong Zhaixing became even more excited. Since the Ascension Sect's sectmaster admitted to it, it meant even more that what Chu Feng brought back was the keepsake, and that he truly

succeeded.

It had already been several thousand years since the Southern Cyanwood Forest's founder, Baili Xuankong, established the Southern Cyanwood Forest's Pagoda. In these several thousand years, countless people from their Southern Cyanwood Forest tried to climb the pagoda. However, not one of them had succeeded.

Yet today, Chu Feng actually did. He successfully obtained the keepsake from the Southern Cyanwood Forest's Pagoda. How could Sikong Zhaixing possibly not be excited?

The dreams of countless generations from the Southern Cyanwood Forest had actually been accomplished in his generation. Most importantly, at this moment, Sikong Zhaixing believed even more firmly that Chu Feng was the person that Baili Xuankong had been waiting for, the hope of their Southern Cyanwood Forest.

"This..." However, right at the moment when Sikong Zhaixing was immersed in joy, the Ascension Sect's sectmaster began to frown.

"Sectmaster Zhou, is there something wrong?" Seeing this, Sikong Zhaixing hurriedly asked. He truly feared that there would be something wrong.

Right now, he was certain that Chu Feng was their Southern Cyanwood Forest's hope. However, he could not guarantee that nothing would happen to Chu Feng in the Cyanwood Mountain.

Thus, he hoped from the bottom of his heart that the Ascension Sect would be willing to help them and protect Chu Feng. If that was the case, he would feel a lot more relieved.

"Headmaster Sikong, little friend Chu Feng, come with me." Suddenly, the Ascension Sect's sectmaster soared into the sky. Bai Ruochen and her mother also followed behind him.

They did not immediately fly away. Instead, they stood in the air and looked to Chu Feng and Sikong Zhaixing; they were waiting for them.

Seeing this, Chu Feng and Sikong Zhaixing looked to each other and

then soared into the sky to follow the other three.

Just like this, with the Ascension Sect's sectmaster leading them, Chu Feng and Sikong Zhaixing were brought to an exceptionally grand and glorious ancient palace.

This ancient palace was truly extraordinary. Not only did it possess a grand exterior, there were also multiple layers of spirit formations placed on it, and it even possessed management elders as guards. From a single glance, they could tell that this was a forbidden area of the Ascension Sect.

The Ascension Sect's sectmaster brought Chu Feng and the others into the ancient palace.

After entering the ancient palace, Chu Feng discovered that the interior of the palace was also extremely imposing. However, what caught Chu Feng's attention the most was the enormous sculpture within the palace.

The sculpture was close to a hundred meters tall, and appeared very magnificent. However, what shocked Chu Feng the most was that the sculpture's appearance was exactly the same as the sculpture that he saw at the top of the Southern Cyanwood Forest's Pagoda.

"This is..." Seeing this sculpture, doubt emerged in Chu Feng's eyes.

This ancient palace was not only magnificent, it also appeared to have been constructed a very long time ago. One could tell that it was a sacred place of the Ascension Sect. However, why would they place the sculpture of their Southern Cyanwood Forest's ancestor in the center of this sort of sacred place?

"Junior Zhou Zhixian pays his respect to ancestor." Right at the moment when he was doubting, the Ascension Sect's sectmaster suddenly knelt to the ground and kowtowed to the sculpture.

"Junior Sikong Zhaixing pays his respect to senior Ouyang." At the same time, Sikong Zhaixing actually also knelt to the ground and paid great respects to the sculpture.

"Senior Sikong, this is?" Seeing this, Chu Feng seemed to have realized something. Thus, he asked Sikong Zhaixing through voice transmission.

“This is the founder of the Ascension Sect, our Southern Cyanwood Forest’s ancestor’s close friend. Accordingly, we should also kneel to pay our respects,” replied Sikong Zhaixing.

“Junior Chu Feng pays his respect to senior Ouyang.” Hearing those words, Chu Feng cupped his fist respectfully to that sculpture. However, he did not pay his respects as severely with kneeling.

The reason for that was very simple. Even if this person was the close friend of Baili Xuankong, the founder of the Ascension Sect was, after all, not Chu Feng’s ancestor. Thus, Chu Feng could either kneel or not kneel to pay his respects. As for Chu Feng, he elected to not kneel, simply because this was not his ancestor.

“Yoh, this is truly strange. So the sculpture on top of the Southern Cyanwood Forest’s Pagoda was actually that of the Ascension Sect’s ancestor?” At this moment, Eggy was unable to contain herself and spoke out. Earlier, like Chu Feng, she had thought that the sculpture was that of Baili Xuankong.

Actually, Chu Feng was also very surprised at this moment. Thus, he sent a voice transmission to Sikong Zhaixing and asked once again, “Senior Sikong, the Ascension Sect possessed the sculpture of their founder. How come I have never seen the sculpture of our senior Baili Xuankong in our Southern Cyanwood Forest?”

“Regarding this, it was said that our Southern Cyanwood Forest’s ancestor did not permit others to create portraits or sculptures of him. That is the reason why our Southern Cyanwood Forest does not have a sculpture of Ancestor Baili,” said Sikong Zhaixing.

“So that’s the reason why.” Chu Feng nodded. He did not bother to think too much about it. After all, some people were strange to begin with, and there were indeed people who were not fond of having their appearances casually depicted by other people.

Right at this moment, the Ascension Sect’s sectmaster, who had displayed his great respect through kneeling and kowtowing, stood back up and asked Chu Feng, “Little friend Chu Feng, you have been recognized

as the master of this spirit formation key, right?” Moreover, the gaze with which he looked at Chu Feng was very serious. Being fixed upon by such a gaze caused Chu Feng to feel a bit uncomfortable.

However, Chu Feng did not lie. Instead, he nodded and said, “Junior has indeed become the master of this spirit formation key. Might there be something wrong with that?”

“Amazing, truly too amazing. You were actually capable of being recognized by this formation spirit key as its master.” Hearing those words, the Ascension Sect’s sectmaster looked as if a weight had been lifted off his mind. While inspecting Chu Feng, he nodded and praised. His state appeared to be slightly emotional.

While this was happening, the gaze with which Bai Ruochen looked at Chu Feng also turned to one of shock. As for Bai Ruochen’s mother, her gaze was even more complicated.

Just like this, after a long while, the Ascension Sect’s sectmaster turned his gaze to Sikong Zhaixing and said, “Headmaster Sikong, so many years have passed, so many seniors have died; I believe it is time that I allow the world to know about this.”

“Sectmaster Zhou, you mean?” Sikong Zhaixing was confused.

“It is time to allow the world to know that our Ascension Sect and your Southern Cyanwood Forest are actually allied powers,” said the Ascension Sect’s sectmaster.

Chapter 1103: Dragon and Phoenix

Dancing in the Skies

“Sectmaster Zhou, you mean to say?” At this moment, Sikong Zhaixing was immensely happy.

“My ancestor’s words cannot be disobeyed. Back then, our ancestor said that as long as someone from your Southern Cyanwood Forest is capable of obtaining the keepsake from the Southern Cyanwood Forest’s Pagoda, our Ascension Sect would be in an alliance with your Southern Cyanwood Forest, and live and die alongside it, sharing everything.”

“According to the words left by our ancestor, what little friend Chu Feng obtained was precisely the keepsake from the Southern Cyanwood Forest’s Pagoda. Hence, from today, our Ascension Sect shall be a part of your Southern Cyanwood Forest and your Southern Cyanwood Forest will also be a part of our Ascension Sect. As long as the Ascension Sect exist, the Southern Cyanwood Forest will also exist.”

“Very well. From today hence, our Southern Cyanwood Forest will exist and perish alongside the Ascension Sect, sharing everything.” Hearing those words, Sikong Zhaixing repeatedly nodded his head.

He was able to sense the sincerity of the Ascension Sect’s sectmaster; they truly wanted to ally themselves with his Southern Cyanwood Forest. As for this, it was precisely what he had wished and hoped for. It was also the purpose for his coming this time around. And now, for this to actually happen, he would naturally be extremely overjoyed.

“Headmaster Sikong, there is actually another reason why I brought you two here today. I wish to have little friend Chu Feng help me with a matter,” said the Ascension Sect’s sectmaster.

“Oh? Sectmaster Zhou, what might it be that you need help with?” asked Sikong Zhaixing.

“Senior sectmaster, if there is anything you need, feel free to ask away.” Chu Feng also spoke.

“Regarding this, I would have to explain from the beginning.” As the Ascension Sect’s sectmaster said those words, he placed his hand onto his Cosmos Sack. As his Cosmos Sack flickered with light, a spirit formation key appeared in his hand.

This spirit formation key was very similar in appearance to the one that Chu Feng obtained. Other than a slight difference, it was simply identical.

Most importantly, these two spirit formation keys emitted the same sort of aura. It meant that the two of them ought to have been created by a single person and were both extraordinary items.

“Actually, back then, it was not only your Southern Cyanwood Forest’s ancestor, Senior Baili, who gave your Southern Cyanwood Forest a difficult problem to solve, our Ascension Sect’s ancestor also gave our Ascension Sect a difficult problem to solve.”

“Although our Ascension Sect is currently not lacking in Mortal Taboo Martial Skills, they were all Martial Skills that our Ascension Sect’s seniors obtained themselves; none of them were related to our ancestor.”

“Thus, back then, our Ascension Sect’s ancestor did not leave behind his techniques to our Ascension Sect. At the very least, he did not pass on his special Martial Skills to us. Instead, he had placed them in a special place.”

“As for the place that stored our ancestor’s Martial Skills, it is this place.” The Ascension Sect’s sectmaster said.

“Here?” Sikong Zhaixing was surprised. He was not surprised because this was the place where the Ascension Sect’s ancestor’s special Martial Skills were stored. Instead, he was surprised that the Ascension Sect’s ancestor had actually not passed his methods on to the Ascension Sect.

However, even with that being the case, the Ascension Sect still managed to become greatly developed. At the very least, it was many times stronger than his own Southern Cyanwood Forest. This shocked him, as it meant that it was not only because their ancestor Baili Xuankong did not leave his techniques to them that their Southern Cyanwood Forest had reached such a desolate state; it was also because they, the successive generations,

were too weak.

It turned out that the true reason why their Southern Cyanwood Forest had deteriorated so far was because of themselves.

“That’s right. This is the place. Hidden in this place are the Taboo Martial Skills left behind by my ancestor. Not only are there Mortal Taboo Martial Skills, there is also an Earthen Taboo Martial Skill,” said the Ascension Sect’s sectmaster.

“Earthen Taboo Martial Skill?”

Hearing those words, Sikong Zhaixing was once again surprised. In the Holy Land of Martialism, Mortal Taboo Martial Skills were relatively numerous. However, Earthen Taboo Martial Skills were much rarer. At the very least, for powers like themselves, while they could train in Mortal Taboo Martial Skills, they did not currently have any Earthen Taboo Martial Skills to train in.

Even if someone managed to obtain an Earthen Taboo Martial Skill, they would generally obtain those from some sort of ancient era’s remnants. For Martial Skills like those, they would generally be limited to be used only by the person who obtained it, and were unable to be passed on to others.

Thus, there were very few places within the Southern Cyanwood Domain that possessed Earthen Taboo Martial Skills to train in. Other than the colossal Cyanwood Mountain, there were not many powers that possessed Earthen Taboo Martial Skills.

If the Ascension Sect were to obtain an Earthen Taboo Martial Skill that they could allow their disciples to train in, their reputation would definitely be much more resounding.

“Headmaster Sikong, have you ever heard before that our sect’s ancestor and senior Baili knew of a kind of fusion Martial Skill?”

“That Martial Skill is extremely valiant, and possessed the power to bring about destruction to the heavens and the earth. Even ordinary Earthen Taboo Martial Skills would be no match before it.”

“Although it is a Martial Skill that cannot be used alone, as long as two individuals are present, they would be able to activate it. Furthermore, as long as it could be activated, practically nothing and no one would be able to stop its path. Using this Martial Skill, our ancestor’s names have resounded throughout the entire Cyanwood Domain,” said the Ascension Sect’s sectmaster.

“That is something that I have heard of too. It is said that that Martial Skill is a special technique belonging to the two of them. It is also the reason why they were seen by the world as the best of friends.” Sikong Zhaixing nodded.

“In the words left behind by my ancestor, he said that the special fusion Martial Skill that he and senior Baili grasped is hidden in this place. As for that, it is the Earthen Taboo Martial Skill that I have mentioned,” said the Ascension Sect’s sectmaster.

“What? That fusion Martial Skill is actually still in existence?” Upon hearing those words, shock was written all over Sikong Zhaixing’s face. Even though he had only heard about the fusion Martial Skill, he knew that the fusion Martial Skill was Baili Xuankong and the Ascension Sect’s ancestor’s supreme skill. Other than the two of them, there was simply no one else who knew about this fusion Martial Skill.

It was precisely because the fusion Martial Skill was extremely powerful and was used by fusing their martial powers, it led to the fusion Martial Skill to be practically unrivalled among the Earthen Taboo Martial Skills. It was this reason that led to many people feeling pity because it failed to be passed on.

Yet now, the fusion Martial Skill that their ancestors had grasped was actually still in existence. This meant that the exceptional Martial Skill that everyone thought to be lost was actually still in existence. How could Sikong Zhaixing not be excited for this?

However, after thinking about it, he felt a bit desolate. Although this fusion martial skill’s fame was widespread, it was something shared by his Southern Cyanwood Forest’s ancestor and the Ascension Sect’s ancestor.

Yet now, it was in the possession of the Ascension Sect. This inevitably caused him to feel a bit of jealousy for the Ascension Sect's good luck.

If it was to be said that a single Earthen Taboo Martial Skill would be able to cause the Ascension Sect's reputation to resound even greater, then this fusion Martial Skill would definitely be able to resound the name of the Ascension Sect throughout the entire Cyanwood Domain, and bring about countless outstanding younger generations that wanted to join the ranks of the Ascension Sect. With this, the Ascension Sect's power would rise abruptly.

"According to the words left behind by my ancestor, the fusion Martial Skill is indeed still in existence, and is located in this place. Furthermore, that fusion Martial Skill possessed a name that few people knew - Dragon and Phoenix Dancing in the Skies," said the Ascension Sect's sectmaster with a great amount of certainty.

"Dragon and Phoenix Dancing in the Skies, this is truly a great name," praised Sikong Zhaixing with admiration.

"Dragon and Phoenix Dancing in the Skies is not a Martial Skill that anyone could train in. Only heavenly geniuses like our ancestors are capable of learning it successfully. Furthermore, it required two people to know this fusion Martial Skill in order for it to be used."

"In our entire Ascension Sect, and your Southern Cyanwood Forest, I believe only my daughter, Bai Ruochen, and little friend Chu Feng, possess the potential required to learn this Martial Skill. Therefore, I wish that the two of them learn this Dragon and Phoenix Dancing in the Skies together," said the Ascension Sect's sectmaster.

"Truly?" Hearing those words, Sikong Zhaixing was immediately overjoyed. That was because the Dragon and Phoenix Dancing in the Skies was no small matter. If Chu Feng was able to learn it, it would definitely be an extremely joyous occasion. That was because not only does the Dragon and Phoenix Dancing in the Skies possess extraordinary power, it also signified a kind of inheritance, the inheritance from their Southern Cyanwood Forest's ancestor.

“Of course,” The Ascension Sect’s sectmaster gently stroked his beard and nodded. However, after that, he laughed and said, “However, before that, we would still need to obtain my ancestor’s remains. This is what I wanted little friend Chu Feng to help me with.”

Chapter 1104: Excessively Powerful

“Woosh, woosh, woosh.”

After he finished saying those words, the Ascension Sect’s sectmaster began to move his hands and create all sorts of special hand seals.

At the same time, numerous streams of golden spirit energy spilled out from within his body like little serpents. They swam around in the air, and finally assimilated into the sculpture of the Ascension Sect’s ancestor.

“Buzz.” As the golden spirit energy assimilated with the sculpture, the sculpture began to emit a faint flicker of light. After that, it actually started to slowly move. Moreover, its speed began to grow faster and faster. When the sculpture completely moved to the side, a spirit formation gate actually appeared at the location where the sculpture was previously.

This spirit formation gate was square-shaped. However, it was no ordinary spirit formation gate. It was clear that the spirit formation gate had been created through spirit formation techniques. However, it appeared like an ‘actual’ gate. Most importantly, this spirit formation gate was impregnable. If one must find a weakness in this spirit formation gate, then there would only be one place – the two key holes. As long as one possessed the keys to those holes, one would be able to open the spirit formation gate.

“Swoosh.”

“Swoosh.”

Right at this moment, the Ascension Sect’s sectmaster inserted the two spirit formation keys into the holes on the spirit formation gate. However, even though the keys had been inserted, there was still no change to the spirit formation gate.

“Ruochen, Chu Feng, it’s up to you two now.” The Ascension Sect’s sectmaster appeared to have anticipated this. He cast his gaze toward Chu Feng and Bai Ruochen.

Seeing this, Bai Ruochen directly walked toward the spirit formation gate. Using her lily-white hands, she grasped the first spirit formation key, causing it to immediately radiate with light.

As the spirit formation key radiated with light, the spirit formation gate also began to dazzle with light. Furthermore, the runes and symbols on any portion of the spirit formation gate that the light touched would begin to move about, left and right, as if they were alive.

However, the light only covered half of the spirit formation gate. As for the other half, it remained the same as before, without any change.

At this moment, Chu Feng finally understood what was going on. After the spirit formation keys recognized their masters, only the masters of their respective keys would be able to activate the keys. He was recognized as the master of one spirit formation key on top of the Southern Cyanwood Forest's Pagoda. As for the other key, it was obvious that it recognized Bai Ruochen as its master.

Thus, Chu Feng did not hesitate anymore and directly walked forward. Using his hand, he grabbed the key that had recognized him as its master. After grabbing it, the key in his hand began to emit light much like Bai Ruochen's spirit formation key.

The light assimilated into the spirit formation gate, illuminating its other half. At this moment, the runes and symbols on top of the spirit formation gate began to circulate through it. At the same time, rumbling also sounded out from within the spirit formation gate.

"Chu Feng, Ruochen, fall back." Seeing this, the Ascension Sect's sectmaster shouted loudly.

As for Chu Feng and Bai Ruochen, they both leapt backward and away from the spirit formation gate.

"Buzz." After the two of them jumped back, the spirit formation gate actually began to disperse within the strong light. At this moment, a deep and bottomless tunnel, that no one knew where it led, appeared at the location where the spirit formation gate previously stood.

“This place is the location where my ancestor left the Dragon and Phoenix Dancing in the Skies behind.” At this moment, the Ascension Sect’s sectmaster was overjoyed. With a wave of his gown, he suddenly jumped. Bringing with him a powerful might, he was trying to enter into the tunnel.

“Boom.”

However, right when his legs entered the tunnel, he was bounced back by a powerful force. The force of the rebound was so strong that it nearly caused him to crash into the wall.

“There’s actually a protective screen?” At this moment, the Ascension Sect’s sectmaster was standing in the airspace above the palace hall after having been rebounded. He was frowning deeply; the joy on his face was completely gone, and replaced with shock.

“Allow me to try.” Seeing this, Bai Ruochen’s mother decided to give it a try. With a movement of her body and a sway of her long skirt, she arrived before the tunnel’s entrance.

“Boom.” However, like the Ascension Sect’s sectmaster, Bai Ruochen’s mother was also launched backward by the force of the tunnel the moment she entered it.

“Woosh, woosh.” However, she did not give up so easily. At the moment when she was ejected, she waved her hand and two flying needles, formed by martial energy and spirit power, were shot out by her toward the tunnel.

“Bang!” However, who would’ve thought, that the moment when the two needles entered the tunnel, they were not bounced back. Instead, they were detonated by a formless power. The might of the power causing the explosion was so strong that it even brought an overwhelming shock to the Ascension Sect’s sectmaster and Bai Ruochen’s mother.

“This is not good, there is indeed a protective screen. If we try to force our way in, I fear that it might cost us our lives, for that protective screen is truly too powerful.” Bai Ruochen’s mother shook her head and came up with a conclusion of being unable to proceed.

“Why would it be like this? We have clearly already opened the spirit formation gate. Why is it that we cannot enter? Lord ancestor, why must you make things so difficult for us?...” The Ascension Sect’s sectmaster’s face was filled with confusion and an expression which was hard to describe with words.

It was a kind of worried appearance. An extremely desolated worry. He had hoped for this day to come for a very long time. And now, the spirit formation gate was finally open. Yet, he was unable to enter it. This gave him the sensation of having all of his hopes being crushed in an instant; it was an extremely painful feeling.

“Chu Feng, what are you doing? Don’t go over there.” Right at this moment, Sikong Zhaixing suddenly shouted.

Upon hearing that shout, the Ascension Sect’s sectmaster and Bai Ruochen’s mother noticed that Chu Feng had actually already arrived in front of the tunnel. Moreover, he was currently placing his foot into the tunnel.

“Chu Feng, what are you doing? There’s an extremely powerful protective screen around that tunnel. Your cultivation is insufficient, do not try anything reckless.” At this moment, the Ascension Sect’s sectmaster also spoke.

However, who would’ve thought that Chu Feng would actually ignore their warnings and directly enter the tunnel. But, to their enormous surprise, Chu Feng entered the tunnel safe and sound; there was no rejection from the protective screen.

“This... what is going on?” At this moment, the Ascension Sect’s sectmaster was completely stunned.

Soon, Chu Feng flew back out from the tunnel and landed before them.

“I understand now. It is not that the protective screen is not there; instead, it only prevents us from entering. As for Chu Feng and Ruochen, they have opened this place. Thus, the two of them are not obstructed by the protective screen. Chu Feng, you are truly too smart.” Bai Ruochen’s mother suddenly came to a realization and began to praise Chu Feng

repeatedly.

At this moment, the Ascension Sect's sectmaster and Sikong Zhaixing also understood why Chu Feng did not heed their warnings earlier. It turned out that he had already guessed that this would be the case. Yet they, leaders of powers who have lived for numerous years, were unable to anticipate that.

This caused them to have a whole new level of respect for Chu Feng. At the same time, they began to look at Chu Feng with a new light, they also felt ashamed of themselves.

"Senior Sectmaster, I suspect that only Miss Bai and I are able to enter this tunnel. Why don't you allow Miss Bai and I to enter in your place and obtain your ancestor's remnants for you?" Chu Feng suggested.

"Sigh. As the matter stands, there is no other alternative. Merely, Chu Feng, Ruochen, I believe that there would be a deep intention in the Lord Ancestor's placing of such a restriction. I fear that there will be great difficulties and dangers within this tunnel. You two, you must be careful. If you are to encounter a hurdle that you cannot pass, you must not try to force your way through," advised the Ascension Sect's sectmaster.

"Senior, please rest assured." Chu Feng cupped his fist respectfully. Then, he looked to Bai Ruochen and said with a smile, "Miss Bai, let's go." After he finished those words, with a movement of his body, Chu Feng entered the tunnel.

"....."

Seeing this, Bai Ruochen curled her lips. She muttered something that no one else could hear, then moved her frail body and also entered into tunnel. Sure enough, there was no obstruction for her either.

As he saw the two of them disappearing into the tunnel, the Ascension Sect's sectmaster displayed a complicated expression. Shortly after, he turned to Sikong Zhaixing and said, "Headmaster Sikong, this disciple of yours is a bit excessively powerful."

Chapter 1105: She's Plotting Something

"Sectmaster Zhou, what do you mean by those words?" Sikong Zhaixing was frowning slightly. He felt that there was a hidden meaning behind the words spoken by the Ascension Sect's sectmaster.

"Not only does little friend Chu Feng possess outstanding talent, he is also surpassingly quick-witted and courageous. Moreover, with his young age, he has already obtained an Earthen Taboo Martial Skill. This means that his family of origin should also be extraordinary."

"Headmaster Sikong, may I know where exactly little friend Chu Feng came from, for him to be this extraordinary?" asked the Ascension Sect's sectmaster.

"This..." Sikong Zhaixing was a bit hesitant to answer the Ascension Sect's sectmaster's question. However, in the end, he decided to answer honestly. "Chu Feng is not a person from the Holy Land of Martialism. He is from the Southern Sea Region."

"What? He's actually from the Southern Sea Region?" Hearing those words, Bai Ruochen's mother cried in shock. The surprise in her charming eyes was simply uncontainable.

Actually, even the Ascension Sect's sectmaster was acting in such a surprised manner. Merely, at this moment, other than shock, there was also a trace of envy and admiration on his face.

He said, "The Southern Cyanwood Forest has guarded the exit to the Southern Sea Region's Heavenly Road and was faced with mockery by others for all these years. Finally, the bitter times for your Southern Cyanwood Forest are over and the sweet times began. Senior Baili truly possessed a great foresight."

"However, although this child Chu Feng's talent is extraordinary, he appears to be a bit of a show-off. Adding on the techniques and skills that he possessed, after he enters the Cyanwood Mountain, even if he does not take the initiative to provoke others, he will still create many enemies there."

“Sigh.” When mentioning this matter, Sikong Zhaixing heaved a long sigh. He was also extremely worried about Chu Feng. As the saying goes, ‘the intentions of others should be feared.’ In Cyanwood Mountain, this holds even more truth.

Although the disciples of the Cyanwood Mountain were said to be fellow disciples, they all contained their own selfish motives. During Sikong Zhaixing’s youth, he had also trained in Cyanwood Mountain, and was one of its excellent core disciples. Thus, he knew very well how intense the open battles and shadowy battles in the Cyanwood Mountain were. Most importantly, Cyanwood Mountain would prohibit battles between disciples on the surface, but do nothing about it in actuality.

There was nothing that they could do about it. The disciples of the Cyanwood Mountain, especially the core disciples, were all crucial candidates to succeed in the great undertaking of the Cyanwood Mountain. Even the Headmaster and the management elders that possessed great powers would have to be selected from the core disciples.

However, this made it so that the disciples, especially among powerful disciples, would rarely possess the characteristics and emotions of people from the same sect. On the surface, they appeared to be harmonious with one another. However, beneath the surface, they treated each other as enemies.

It was so much so, that if there were someone who possessed a certain treasure on them, they would be focused upon by other disciples and killed when they left the Cyanwood Mountain to go on missions. Killing and stealing another’s possessions was something that would occur every year.

Even the ones that were caught and heavily punished numbered in the several hundreds every year. And what about those that were not caught? They were simply uncountable, and unimaginably numerous.

As for this, this was precisely what Sikong Zhaixing was worried about. Chu Feng’s talent was outstanding; not only did he possess extraordinary techniques and skills, he also possessed a peak quality Royal Armament.

Yet, he does not have any powerful backing and was instead someone from the Southern Sea Region. On top of that, he possessed the temperament of someone who refuses to acknowledge losses.

Thus, after he entered the Cyanwood Mountain, Chu Feng's enemies would likely not be limited to only the Orion Monastery. Not to mention disciples, it was even possible for elders to fix their eyes upon Chu Feng's property.

This naturally caused Sikong Zhaixing to become worried. Before, he only knew that Chu Feng possessed extraordinary talent, and did not know that Chu Feng possessed so many techniques, an invaluable king of Royal Armaments and even an Earthen Taboo Martial Skill that ordinary powers did not possess. If this was to be known after he entered the Cyanwood Mountain, it would likely incite the desires of many powers.

As if he had seen through the worries that clouded Sikong Zhaixing, the Ascension Sect's sectmaster said, "Brother Sikong, you do not have to be too worried about it. Our two powers have already entered an alliance now. Not only is Chu Feng your Southern Cyanwood Forest's disciple, he is also equivalent to being a disciple of our Ascension Sect. Our Ascension Sect will spare no effort to protect him."

"That's right, of course..." Hearing those words, Sikong Zhaixing nodded repeatedly. The worry in his heart immediately lessened greatly. He was an experienced individual, and knew that the Ascension Sect's sectmaster was showing his sincerity, the sincerity of becoming allies with his Southern Cyanwood Forest.

"Sigh, in my opinion, these two children are very well matched. Don't you think so, Headmaster Sikong?" Suddenly, Bai Ruochen's mother said those words smilingly.

"Eh, this..." At this moment, Sikong Zhaixing's expression stiffened. He was caught off-guard by the words suddenly spoken by Bai Ruochen's mother, and did not know how to respond.

In fact, it was not limited to Sikong Zhaixing, as even the Ascension Sect's sectmaster was opening his mouth wide in shock.

“Hehe, I’m just joking. Look at how shocked the two of you became.”

“I advocate the free love of youngsters, and would most definitely arrange a marriage for them.” Seeing their reactions, Bai Ruochen’s mother covered her mouth and laughed. Only then did Sikong Zhaixing and the Ascension Sect’s sectmaster heaved a breath of relief.

To be honest, Sikong Zhaixing truly felt that they were a perfect match too. Chu Feng and Bai Ruochen’s cultivations were truly well-matched. However, for two people to be together, they must be harmonious. As for Chu Feng and Bai Ruochen, they did not appear to have any passion for the other party at all. If the two of them were to be put together, it would not go too well.

However, after Bai Ruochen’s mother said those words, Sikong Zhaixing began to have an idea of secretly playing the matchmaker and putting the two of them together. After all, the Ascension Sect and their Southern Cyanwood Forest had now become allies. If the two of them were able to have a connection through marriage, it would be an even happier occasion.

However, when he looked to Bai Ruochen’s mother, he felt a bit of unrest. He do not dare to determine whether this woman was joking as she said those words, or whether she truly has the intention, because she was truly too difficult to see through.

Even though Bai Ruochen’s mother’s age was way younger than his and the Ascension Sect’s sectmaster’s, and she was truly of the younger generation when compared to them, she gave Sikong Zhaixing an extremely incomprehensible sensation. It was so much so that he felt a trace of danger from her, causing him to fear her heartily.

As for Chu Feng and Bai Ruochen, neither of them knew about the scheme that Sikong Zhaixing had. At this moment, the two of them had reached the deepest part of the tunnel.

The tunnel was no longer going straight down. Instead, it began to go across. Furthermore, the square-shaped tunnel was extremely spacious and carefully decorated. Even the illuminating stones on the either wall

were especially bright and white in color, as opposed to the ordinary green, and illuminated the tunnel as if they were out in daylight.

Chu Feng and Bai Ruochen walked within the bright tunnel. They did not try to run to the end because there were paintings carved on the sides of the tunnel. They were paintings of people, beasts and battles. It seemed as if they were there to tell the story of an individual, and of that individual's life.

Chu Feng and Bai Ruochen were involuntarily attracted to these paintings. This was a rare moment of tranquility for them. That was because the two of them knew that if they continued onward, they would likely not meet such a tranquil place, and dangers and difficulties would definitely welcome them ahead.

Suddenly, Chu Feng asked, "Miss Bai, why did you lie?"

"What are you talking about?" Bai Ruochen cast a glance at Chu Feng. She displayed an expression of bewilderment.

"You clearly reached the ninth floor in the Southern Cyanwood Forest's Pagoda. Why did you say that you've only reached the sixth floor?" Chu Feng asked with a smile.

"What does this have to do with you?" Bai Ruochen once again cast Chu Feng a glance. After that, she quickened her speed.

Chu Feng remained calm after the two side glances from Bai Ruochen. He was already accustomed to this. Although this girl's age was younger than his own, she was totally an ice beauty. For Chu Feng, among the women that he knew, likely only Tantai Xue was as cold as this Bai Ruochen.

However, at this moment, Chu Feng was laughing in his heart. Although Bai Ruochen did not tell him the reason why, she had indirectly admitted that she had reached the ninth floor of the Southern Cyanwood Forest's Pagoda.

Suddenly, Bai Ruochen turned around and said, "how about this, you promise me one thing, and I'll tell you why." Moreover, a rare glittering

smile appeared on her ice-cold face.

When this girl smiled like this, she was truly beautiful. It was like a blooming lotus flower within a field of ice, fascinatingly beautiful.

However, at this moment, Chu Feng cursed in his heart. That was because three words were clearly written within her smile - she's plotting something.¹

Chapter 1106: Formation Space

Even though the words ‘there’s a conspiracy’ were clearly written on Bai Ruochen’s beautiful face, how would Chu Feng, as a man, possibly fear a feeble girl like her?

Thus, Chu Feng stuck his chest out and raised his head. With a smile on his face and a grandeur of taking on risk despite knowing dangers, he calmly asked. “Miss Bai, what is it that you might want?”

“That door ahead, you go and open it. After you open it, you are to lead the way. Can you do that?” Bai Ruochen pointed her hand to the front of the tunnel.

Turning his head to look, Chu Feng discovered that a large door had actually appeared at the front of the tunnel. That door was not a spirit formation door, it was an ordinary wooden door. However, the wooden door was instilled with a spirit formation that caused one to be unable to see through it with spirit power. Thus, they did not know what awaited them behind the door; whether it might be good or bad.

At this moment, Chu Feng cursed in his heart. This girl was truly not someone easy to deal with. She feared that there would be danger behind the door, and wanted Chu Feng to be her shield. However, it remained that Chu Feng was a man. As a man, protecting a woman is a matter of course. Thus, even if Bai Ruochen had not requested for him to walk in the front, he would still have done so.

“Come come come, step aside, let a man do this kind of dangerous thing.” Chu Feng patted his chest and stepped forward. His body suddenly shifted and disappeared. When he reappeared, he had already arrived before the wooden door. Most importantly, when Chu Feng appeared, a ‘bang’ sound was heard; the wooden door was open.

At the moment when the wooden door was opened, a dazzling light shone from the door. As the dazzling light slowly dissipated, Chu Feng and Bai Ruochen discovered that what was behind the door was a vast whiteness.

It was an extremely vast space where one could not see the boundary, the peak, the ground nor anything dangerous. However, in the distance of that vast space floated a chest.

It was a wooden chest. An ancient and shabby wooden chest that appeared to have gone through countless years. Even the wood was about to be completely decomposed. However, even though it was extremely shabby-looking, the wooden chest was not truly decomposing. Just like that, it floated on, there in the distance, giving off a boundless amount of enticement.

“If my guess is correct, then Senior Ouyang’s remains should be in that wooden chest.”

“Miss Bai, I fear that the remains will not be that easily obtainable. Wait for me here, I’ll go and get it for you.” As Chu Feng said those words, he directly walked into the space.

“Woosh.” However, who would’ve thought that right after Chu Feng entered that space, a figure flew over and landed before Chu Feng. It was Bai Ruochen.

“Miss Bai, you...” To discover that Bai Ruochen had actually followed him and even stood before him, Chu Feng was somewhat surprised.

“Do not be moved, this lady here is merely afraid that you will snatch away the remains left behind by our Ascension Sect’s ancestor.” Bai Ruochen cast a glance at Chu Feng.

“Truly a stubborn girl.” Chu Feng curled his lips at Bai Ruochen’s actions. He was able to tell that while Bai Ruochen feared that there might be dangers, she also did not trust him.

However, Chu Feng still asked. “It’s you who wanted me to open the door and walk in the front. But now that you walked ahead of me, what should we do about this matter then? Miss Bai, are you to go back on your word and not keep your promise?”

“I have indeed only reached the ninth floor. As for the reason why I said I only reached the sixth floor, it is because I do not want to bother with

those human remains.” Bai Ruochen answered.

“Is that truly it?” Chu Feng questioned.

“To believe me or not is up to you.” Bai Ruochen refused to explain. With a movement of her body, she flew directly toward the wooden chest. Her speed was extremely fast; she was planning to use her rapid speed to quickly approach the wooden box and obtain it.

“Woosh, woosh, woosh, woosh, woosh, woosh.” However, right after Bai Ruochen moved, the space before the wooden chest began to wiggle. Immediately after, several tens of figures appeared before the wooden chest.

Those figures were human shaped figures of lights. However, they gave off extremely powerful auras. A total of fifty six human-shaped figures of light; they were actually all rank five Martial Kings. Furthermore, the weapons that they held in their hands, the long spears made out of light, were also emitting an aura similar to that of Royal Armaments.

Most importantly, after these fifty six human-shaped figures of light appeared, they all emitted fierce killing intent and began to directly attack Bai Ruochen.

Furthermore, their attacks were not ordinary either. They did not attack blindly, but instead intertwined their attacks with one another in perfect coordination. Their attacks surrounded Bai Ruochen like a large formation. Moreover, due to the fact that the two parties were close to one another, and the opponents’ attacks were too fast, Bai Ruochen and the figures of light entered battle in an instant.

While those human-shaped figures of light were not living things, and appeared more like killing machines, the battle power that they possessed was not something to be looked down upon. They were definitely not as simple as being ordinary rank five Martial Kings. If there were only one or two of them, then that would be alright. However, to be surrounded and attacked by a total of fifty-six human shaped figures of light caused even Bai Ruochen to express an expression of alarm and hastily take out her Platinum Dragon Whip to counterattack.

“Miss Bai, do you need my assistance?” Seeing this scene, Chu Feng smiled. He was in no rush to join the battle.

“Who cares if you help or not.” Who would’ve thought, Bai Ruochen was extremely stubborn. Not only did she not request Chu Feng’s help, she even glared at him ferociously. However, from her words, one could tell that she actually hoped that Chu Feng would help her.

While it was true that with Bai Ruochen’s strength, she was able to completely handle this bunch of human-shaped figures of light if she was to go all out, it was evident that she did not want to exhaust too much of her strength to deal with these figures of light.

“Girl, you truly do not know how to speak. However, taking your father into consideration, I’ll help you.” Chu Feng laughed mischievously. He took out his Demon Sealing Sword and joined the battle.

From the beginning, Chu Feng had no plan of watching without helping. Earlier, the reason why he asked that question was all so that he could tease this goddess-like yet uncommunicative little beauty.

After all, her age was the perfect age for one to be happy and bright. Yet, no such things could be seen on Bai Ruochen. This caused Chu Feng to feel regret for her and have an urge to provoke her.

However, everyone was different. Especially something like one’s temperament was something that could not be forcibly changed. That was the reason why Chu Feng decided to stop teasing her and join the battle. Once Chu Feng joined the battle, he was like a God of War that brought about massacre within a specific range.

At this moment, the pressure on Bai Ruochen immediately lessened. Although the two of them were killing without communicating and bothering with one another, and it could be said that there was no coordination between them, they managed to rapidly kill all of these figures of light.

After eliminating the human shaped figures of light, Bai Ruochen asked, “what did you say earlier? My father? Who is my father?”

“The Ascension Sect’s sectmaster, Senior Zhou. Is he not your father?” Chu Feng replied.

“Listen carefully, he is not my father. If you dare to speak about relationships randomly, do not blame me for teaching you a lesson.” Bai Ruochen’s gaze flashed. With a very serious expression, she said those words. Furthermore, as she said those words, a very dense killing intent emerged in her eyes.

At this moment, Chu Feng was startled. Although he knew for certain that Bai Ruochen was not the Ascension Sect’s sectmaster’s biological daughter, it remained that Bai Ruochen’s mother had married the Ascension Sect’s sectmaster. Logically, Bai Ruochen should be calling the Ascension Sect’s sectmaster ‘father’.

However, not only did she not call him father, she instead denied the father-daughter relationship flatly. Furthermore, her attitude toward it was very vile. This inevitably caused Chu Feng to doubt in his heart. “This Bai Ruochen’s reaction is off.”

Chapter 1107: Only One Lives

After fiercely glaring at Chu Feng with eyes filled with killing intent, Bai Ruochen slowly walked toward the wooden chest again.

However, right at this moment, Chu Feng's expression took a huge, sudden change; he loudly shouted. "Miss Bai, step back."

"What?" Bai Ruochen was confused by Chu Feng's sudden change. She turned around and stared at him blankly.

Seeing that Bai Ruochen did not step back, Chu Feng decided to take matters into his own hands. He stepped beside her, grabbed her wrist and began to run toward the entrance that they came in from.

"What are you doing? Let me go." Chu Feng's sudden action brought alarm to Bai Ruochen, causing her to struggle furiously.

"Don't move. Follow me, we have to leave this place, it's dangerous here." Seeing her reaction, Chu Feng became worried; he shouted loudly at Bai Ruochen because he truly felt that a frightening power was currently being collected in the space around them.

Being shouted at by Chu Feng in such a manner, Bai Ruochen's frail body shivered. She stopped resisting and did not refute him either; obediently, she allowed Chu Feng to bring her toward the entrance without uttering a word.

"Buzz." However, right when the two of them were about to reach the entrance of the tunnel, a light covered them from behind and sealed off the entrance completely.

"What is happening?" Seeing this, Bai Ruochen was even more shocked. At this moment, she finally realized something was wrong.

"Damn it, we're still a step late." At this moment, Chu Feng frowned deeply. He turned around and cast his gaze deeply at the space that they fled from.

"That is?" Seeing Chu Feng's action, Bai Ruochen hurriedly turned around too. When she cast her gaze towards the deep space that they had

fled from, her expression took a change for the worse.

That was because at this very moment, a spatial vortex had actually appeared in front of the wooden chest. The spatial vortex was surging and raging as it grew bigger and bigger. In the end, it turned into a colossal figure

It was a giant human-shaped figure of light. Not only did it possess facial features, it was even wearing an armor of light and holding an enormous blade of light. Its body was so large that its height numbered several hundred meters. Standing before Chu Feng and Bai Ruochen, it appeared like an unshakeable mountain. Conversely, Chu Feng and Bai Ruochen were as small as two little ants.

Most importantly, when this enormous figure of light appeared, an extremely frightening oppressive might also flooded the entire space. Before this oppressive might, not to mention resisting, Chu Feng and Bai Ruochen were unable to move even half a step. As if petrified, they stood in the air like stones. Other than being able to speak, the two of them were unable to do anything else.

This enormous human-shaped figure of light actually possessed a cultivation that could completely suppress both Chu Feng and Bai Ruochen – Half Martial Emperor.

“Roar~~~~~”

That enormous human shaped figure of light first shouted a low roar. After that, it raised the enormous blade in its hand, instantly creating a strong gale. At this moment, the space that was previously flickering with light became frighteningly dark, as if they were in hell. Likely, if that enormous blade were to land, then Chu Feng and Bai Ruochen would be extinguished into nothing more than smoke.

However, to Chu Feng and Bai Ruochen’s great surprise, that enormous figure of light actually spoke with a deep and resounding thunder-like voice. “Of the two of you, only one may live. Whoever it is that says ‘kill him’ first shall be allowed to live, and will obtain the Martial Skill.”

“I will count to three. If no one speak first, then the both of you shall

die.”

Upon hearing those words, both Chu Feng and Bai Ruochen’s expressions changed. What sort of situation was this?

A figure of light that the two of them were simply incapable of defeating wanted Chu Feng and Bai Ruochen to say such a thing. This was not as simple as having Chu Feng and Bai Ruochen kill each other, this was also a type of humiliation because it wanted them to, for the sake of protecting their own life, sacrifice the life of the other.

“One.”

However, that enormous figure of light did not give Chu Feng and Bai Ruochen any time to think at all. It began to count immediately. Furthermore, the voice it counted with was extremely loud and clear.

“Stop! Who do you take us to be? We are the descendents of Senior Ouyang and Senior Baili. We have come here for the purpose of obtaining the remains of our ancestors. You cannot kill either one of us.” Chu Feng explained. He wanted to test what sort of reaction that enormous figure of light would have.

“Two.” However, who would’ve thought that the enormous figure of light would actually have no reaction at all. Completely disregarding Chu Feng’s explanation, the enormous figure of light counted to two without the slightest hesitation.

“Miss Bai, this is bad. That fellow is simply unable to comprehend our speech. It would appear that the two of us are fated to die here.” Chu Feng looked to Bai Ruochen.

“Who said that I will die with you here?” However, who would’ve thought that even with Chu Feng acting in such a sympathetic manner, Bai Ruochen would actually glance fiercely at Chu Feng. Her glance was so heartless and cold; it was as if Chu Feng would forever be unable to approach her.

“You couldn’t possibly be wanting me to die, right? I fear it would be too late, he’s going to count to three right away.” Chu Feng laughed

mischievously. It was as if death was not scary to him at all. At the very least, he did not fear death at this moment.

However, to Chu Feng's amazement, the enormous figure of light that was supposed to say 'three' with a loud and clear voice did not say 'three.' It was as if it was trying to deliberately give Bai Ruochen time to declare that she wanted Chu Feng to die.

At this moment, Chu Feng doubted that something was wrong with the enormous figure of light. After all, it was something formed by a formation array to begin with. It shouldn't be possible for it to actually possess intelligence. As for what it had said earlier, that ought to be something that was set in place by their ancestors.

However, when Chu Feng cast his gaze to the enormous figure of light, black lines came running down his head. On top of that, he felt full of grievances. That was because that enormous figure of light was actually not as simple as being silent. It was actually looking at Bai Ruochen. Furthermore, it simply appeared to be waiting for Bai Ruochen to declare that she wanted Chu Feng to die.

"Fuck, bastard, you're truly too vile. You're truly shameless to the extreme. How badly do you want me to die? You actually deliberately gave Bai Ruochen the time to say those words." Unable to contain himself, Chu Feng cursed out with a loud voice.

Actually, it was not only Chu Feng. Even Bai Ruochen felt speechless. However, in the end, she did not say those words commanding Chu Feng's death, and continued to remain silent.

"Three." Seeing this, the enormous figure of light was immediately filled with killing intent. At the same time, it began to slash downward with the enormous blade in its hand.

As soon as the enormous blade was slashed down, the dazzling light and the fierce killing intent also came crushing down onto the bodies of Chu Feng and Bai Ruochen.

At this moment, Chu Feng felt like his brain had turned blank. After that, something rushed into his head. It was actually a map, a map of the

Cyanwood Mountain.

The map clearly declared the hiding place of a certain object. However, it did not mention what that object was. However, Chu Feng subconsciously knew that it was most definitely an amazing item. At the very least, it should be a treasure.

Chu Feng carefully inspected the map in his mind. The more he inspected it, the more joy he felt. That was because this map meant that if he were to enter the Cyanwood Mountain, he would be able to search for the treasure on the map. This was truly an unexpected harvest. Or, in other words, the thing that was listed on the map should be what their ancestors had truly left behind for them.

Chapter 1108: Waited For You Two

When Chu Feng opened his eyes and cast his awareness to his current self, he discovered that Bai Ruochen had woken up before him. Moreover, she had already obtained the wooden chest. Most importantly, she had an extremely calm expression on her face, as if she had anticipated all of this.

“Heh, it seems that this girl had thought about the same thing as me.” At this moment, Chu Feng was unable to contain his smile. He began to have a whole new level of respect for this Bai Ruochen. The reason why Chu Feng did not beg for forgiveness, nor ask for Bai Ruochen to be killed, was because he was practically certain that it was a trial.

After all, this place was a formation set up by the Ascension Sect’s ancestor. Being able to reach this place meant that they were quality descendants. Thus, how would the Ascension Sect’s ancestor possibly be willing to create such a powerful formation for the purpose of killing his outstanding descendants?

Thus, Chu Feng was certain that this was a trial; a trial testing the moral quality of his Ascension Sect’s descendants. If one did not declare the death of the other, then everything would be well. However, if they did, then a light punishment might be that they would not be able to obtain the mysterious map, whereas a heavy punishment might be death by the slashing down of the enormous blade of light. Merely, the person that would die would be the person who spoke those words.

For Bai Ruochen to be this calm, one could tell that she had shared the same thoughts as Chu Feng. Sure enough, this girl was extraordinary. Not only did she possess exceptional talent, she also possessed very strong insight, and this was evident in how she thought about the same thing as Chu Feng in such a short amount of time.

Suddenly, Chu Feng asked, “You also received that map in your head, right?”

“You received it too?” Hearing those words, Bai Ruochen was a bit surprised. Clearly, she did not expect that Chu Feng, an individual not

from their Ascension Sect, would also receive the map.

“Of course I did. If my guess is correct, the contents of the maps should be the same.” Chu Feng said with a smile.

Seeing this, Bai Ruochen asked, “What is illustrated on the map that you obtained?”

After that, Chu Feng began to compare the map that he had received with Bai Ruochen’s, and discovered that the maps that they had obtained were actually the exact same.

“You are truly lucky. You must know that the item listed on the map is something that our Ascension Sect’s ancestor left behind for his descendants. For you to obtain the map to it, you’re truly lucky.” After comparing them, Bai Ruochen was a bit unhappy. One could tell that she didn’t wish to share the treasure with Chu Feng.

“If you do not want me to, I am willing to not go and find it. You can go and find it yourself.” Seeing this, Chu Feng acted righteous and said those words. That was because he knew that what Bai Ruochen said was the truth too - this map should not have belonged to him. After all, it was something the Ascension Sect’s ancestor had left behind.

“Forget about it. When the time comes, to have someone as a shield would be pretty nice. If you wished to go with me, then when we obtained the things, we can share them half and half. If there is only a single treasure, then I would keep that treasure. However, I will compensate you with something of equivalent value,” said Bai Ruochen.

“Heh, that would be great.” Hearing those words, Chu Feng mischievously laughed. If one said that he did not wish to obtain the thing on the map, then it would be a total lie. After all, Chu Feng possessed a grand responsibility. More eager than anyone, he wished to become stronger.

“Oh, that’s right, what is in that?” asked Chu Feng as he pointed to the wooden chest in Bai Ruochen’s hand.

“This is something that is truly unrelated to you.” Bai Ruochen cast a

side glance at Chu Feng.

“Girl, aren’t you a little too narrow minded? Hey, wait for me.” Chu Feng originally wanted to complain about it. However, to his surprise, Bai Ruochen had begun to rapidly walk toward the entrance.

The triumphant return of Chu Feng and Bai Ruochen brought about endless joy to the Ascension Sect’s sectmaster, Sikong Zhaixing and Bai Ruochen’s mother, who were waiting in the palace hall.

Especially after Chu Feng took out the remains of the Ascension Sect’s sectmaster’s master and handed it over to him, the Ascension Sect’s sectmaster became endlessly thankful towards Chu Feng. If it weren’t for Chu Feng, his Ascension Sect would not be able to obtain their late sectmaster’s remains.

Thus, as a gesture of thanks, the Ascension Sect’s sectmaster opened the wooden chest before everyone. At this moment, Chu Feng finally knew what was placed within the wooden chest. It was actually filled with Taboo Martial Skills.

To Chu Feng’s surprise, the Ascension Sect’s sectmaster was extremely generous; he actually allowed Chu Feng to take the first priority at selecting any of the Taboo Martial Skills from their ancestor’s remains to train.

As Chu Feng had never learned a Mortal Taboo Martial Skill before, and did not dare to use his supreme Secret Skills, he would naturally not forego this opportunity. After all, these were Taboo Martial Skills.

Thus, without any hesitation, Chu Feng carefully examined the Taboo Martial Skills from the wooden chest. In the end, he chose six Taboo Martial Skills.

These six Taboo Martial Skills were, respectively:

“Mortal Taboo: Fire Meteor”

“Mortal Taboo: Tribulation Thunder Slash”

“Mortal Taboo: Frenzy Gale”

“Mortal Taboo: Whistling Ocean Rain”

“Mortal Taboo: Wood Maelstrom”

“Mortal Taboo: Illusion Light Technique”

The first five Mortal Taboos composed five different powerful properties: wind, rain, thunder, fire and wood. If Chu Feng was able to master them completely, he would truly be able to call the wind and summon the rain.

As for the final one, it was a movement martial skill. Within a short distance, it was able to increase one’s speed to the speed of light. If one mastered it, it would be extremely useful in surprise attacks and fleeing a battle scene.

If he was able to master these six Taboo Martial Skills, then, to the current Chu Feng, he would be able to completely compensate for the four supreme Secret Skills.

“Little friend Chu Feng, your eyesight is truly profound. These six Mortal Taboos are all high-quality Mortal Taboos. However, the strongest Taboo Martial Skill in the wooden chest is this one.” Suddenly, the Ascension Sect’s sectmaster took a wooden tablet out from the wooden chest.

The wooden tablet was only the size of two palms. However, densely packed writings that appeared like runes and symbols were carved onto it, a martial skill. The wooden chest was filled with these sorts of wooden tablets. Every one of these wooden tablets contained a martial skill.

There was a total of several tens of such wooden tablets in the wooden chest. Practically all of them were Mortal Taboo Martial Skills.

“Dragon and Phoenix Dancing in the Skies?” Seeing the name of this Taboo Martial Skill, Chu Feng’s eyes shone. Generally, Taboo Martial Skills would declare the sort of Taboo Martial Skill it was on its name. For example, if the name started with ‘Mortal Taboo’, then it would be a Mortal Taboo Martial Skill. If it started with ‘Earthen Taboo’, then it would be an Earthen Taboo Martial Skill. As for this Taboo Martial Skill, it was quite special.

Actually, it was not only Chu Feng; Bai Ruochen was also filled with surprise. The two of them had not been there when the Ascension Sect's sectmaster had spoken of the Dragon and Phoenix Dancing in the Skies. Therefore, they did not know how powerful it was.

"Are you very surprised? This is an Earthen Taboo Martial Skill. However, it is not an ordinary Taboo Martial Skill," said the Ascension Sect's sectmaster.

Suddenly, Bai Ruochen said, "This is a fusion Martial Skill."

"Ruochen, you're actually able to comprehend the contents written on it?"

Hearing those words, both the Ascension Sect's sectmaster and Sikong Zhaixing were surprised. The reason why this Dragon and Phoenix Dancing in the Skies was deemed to be something that ordinary people could not learn was because its contents were something that ordinary people could not understand. It was so much so that they could not even comprehend the contents written on it.

As for Bai Ruochen, she merely took a glance at it and already understood its contents. What did this mean? This meant that Bai Ruochen's talent was truly exceptional, and was well-suited for learning this Dragon and Phoenix Dancing in the Skies.

"Dragon and Phoenix Dancing in the Skies, it is a fusion Martial Skill. It requires two people to learn it. The two people are to respectively learn the Dragon and the Phoenix aspect of the Martial Skill. When both the Dragon and Phoenix are brandished, this Martial Skill would be activated. If this Martial Skill is successfully activated, it will reign the vast sky. Within Earthen Taboo Martial Skills, it is difficult to find another that could match it." Right at this moment, Chu Feng stared at the wooden tablet and narrated the contents on top of it.

At this moment, the Ascension Sect's sectmaster, Bai Ruochen's mother and Sikong Zhaixing were all displaying wondrous expressions. They all heaved a mouthful of cold air. After that, they looked to Chu Feng and Bai Ruochen and happily said. "I seemed to understand why our ancestor left

this difficult test behind. I suspect that what he was waiting for was precisely the two of you.”

Chapter 1109: Mastering the Supreme Skill

The Taboo Martial Skills within the wooden chest were not something that could be duplicated. If one wanted to learn them, the only way possible was to read and comprehend the wooden tablets.

Furthermore, even if one were able to learn the Taboo Martial Skills, and even master them, it would still be impossible to impart them to another person, nor would one be capable of recording the Taboo Martial Skills onto another medium.

This was a special restriction method used by the person who created these Taboo Martial Skills. Its purpose was to prevent other cultivators who learned these Taboo Martial Skills from wantonly propagating his laborious results. If one wished to learn these Taboo Martial Skills, there was only one method - personally reading the wooden tablets and comprehending the contents recorded on it.

This led to the value of these Taboo Martial Skills being extremely high. Especially the Dragon and Phoenix Dancing in the Skies, which were deemed by the Ascension Sect's sectmaster to be a priceless treasure. For the sake of the safety of these Taboo Martial Skills, he decided to place them directly within this palace hall, their Ascension Sect's forbidden area that was guarded by management elders, and allowed only their outstanding disciples to train in it.

However, before this palace hall that contained Taboo Martial Skills was officially opened to the disciples, other than the management elders and their sectmaster, only two disciples were allowed to enter; Bai Ruochen and Chu Feng.

For the sake of allowing these two disciples to rapidly grasp these Taboo Martial Skills, Sikong Zhaixing did not hurry to leave with Chu Feng. Instead, they chose to stay in the Ascension Sect.

As for Chu Feng and Bai Ruochen, the two of them were very hardworking. Other than the time needed for eating and sleeping, the two of them placed practically all of their time on learning these Taboo

Martial Skills.

Time passed. In an instant, two months quietly passed by.

At this moment, the Ascension Sect's sectmaster, Sikong Zhaixing, Bai Ruochen's mother and eight management elders from the Ascension Sect arrived at the palace hall once again.

It was not that they wanted to see the results of Chu Feng and Bai Ruochen's training; instead, it was because the time for the Cyanwood Mountain's Admission Assembly was about to arrive. In other words, it was time for them, the Cyanwood Mountain's subsidiary powers, to send their excellent disciples that they had nurtured for many years to the Cyanwood Mountain.

"Lord Headmaster, Senior Sectmaster, are we leaving today?" Chu Feng asked.

"In order to give the two of you time to train in the Taboo Martial Skills, we have already delayed setting off for quite a while now. If we do not leave now, I'm afraid that we will miss the Cyanwood Mountain's Admission Assembly."

"Although we could still send the two of you to the Cyanwood Mountain even if we missed the Cyanwood Mountain's Admission Assembly, I fear that it would bring about a complaint from other people. They might say that our Southern Cyanwood Forest and the Ascension Sect are acting arrogant, and do not place the Cyanwood Mountain in our eyes. This might be alright for the Ascension Sect, as they're a first-rate subsidiary power. However, our Southern Cyanwood Mountain's current position is not up to par. I fear that if that were to happen, someone might take advantage of it and create a scandal for us," explained Sikong Zhaixing.

Hearing Sikong Zhaixing's explanation, Chu Feng nodded and said. "So that's why. In that case, seniors, let's set off immediately."

"Little friend Chu Feng, there is no need to worry. The core disciples of the Cyanwood Mountain possess a lot of liberty. After the Admission Assembly, you and Ruochen could return here to train in the Taboo Martial Skills again. It is fine for the two of you to return to the Cyanwood

Mountain after you finish mastering the Taboo Martial Skills,” said the Ascension Sect’s sectmaster.

“That’s right. We also wish to experience the might of that Dragon and Phoenix Dancing in the Skies for ourselves.” Bai Ruochen’s mother added. Sikong Zhaixing, the Ascension Sect’s sectmaster and the eight management elders also nodded.

“If you wish to see the Dragon and Phoenix Dancing in the Skies, then there is no need to wait anymore. The two of us can display it to you all. Isn’t that right, Miss Bai?” As Chu Feng said those words, he looked to Bai Ruochen.

“Little friend Chu Feng, are you saying that you and Ruochen have learned the Dragon and Phoenix Dancing in the Skies?” Hearing those words, the eight management elders of the Ascension Sect all displayed shocked expressions.

“Ruochen, is that true? Why didn’t you mention it to us?” The Ascension Sect’s sectmaster also looked to Bai Ruochen with a pleasantly surprised expression.

Bai Ruochen did not answer them. Suddenly, her frail body moved; she had flown up. By the time everyone noticed it, she was already standing midair on the palace hall. Furthermore, her two hands were creating all kinds of different hand seals nonstop. Finally, when her hand seals stopped, a formless power began to emit from her body.

“Woosh.”

Seeing this, Chu Feng also flew up. However, he was slightly different from Bai Ruochen. Instead of forming hand seals after arriving in midair, he instead began to form hand seals with lightning speed while flying upward. By the time he arrived in midair and stood beside Bai Ruochen, he already finished forming all of his hand seals and a formless power, the same as the one from Bai Ruochen, began to emit from his body.

“Rumble~~~~~”

When Chu Feng’s aura and Bai Ruochen’s aura interweaved with one

another, they instantly erupted like a hydrogen explosion. Merely, the explosion did not bring about simple ripples. Instead, it created fiery flames and bone-chilling ice.

Flame and ice were intrinsically incompatible with one another. However, at this moment, they were combined with one another in perfect unison. One firm and one soft, one hot and one cold, it was extremely strange, yet doubtlessly powerful.

Violent fire and ripples of ice were spreading rapidly. In a blink of an eye, from a small area of fire and ice, it now turned into an ocean of fire and ice. Even though this palace hall was very large, the airspace above it was soon completely covered with fire and ice.

However, right at the time when the fire and ice ripples were soon to reach the walls of the palace hall, they suddenly disappeared. After the fierce fire and ice ripples disappeared, the crowd below was left in a stupefied state. All their gazes were fixed upon the scene that appeared in midair.

At this very moment, two huge monsters appeared where Chu Feng and Bai Ruochen were standing; a phoenix filled with raging flames, and a dragon covered with glacial ice.

Chu Feng was the ice dragon and Bai Ruochen was the fire phoenix. Even though the bodies of the two of them could still be seen at the head regions of the ice dragon and the fire phoenix, the two huge monsters appeared vivid and lifelike, as if they were real.

Not only were the appearances of the ice dragon and the fire phoenix very lifelike, even their aura was extraordinary. It was as if they were truly the legendary divine beasts.

“Aooouuu~~~~~”

Right at this moment, the dragon and phoenix suddenly snarled. As that cry sounded, this matchlessly firm and stable palace hall trembled violently. The tremble was not limited to the palace itself; even the space within began to tremble, as if they were frightened by the boundless might of the dragon and phoenix.

After the snarl, the dragon and phoenix began to move together, as if they were dancing. The two of them interweaved in one place, as if they were fighting. However, they were not fighting. It was both domineering and beautiful. As the two of them moved about, they brought forth black clouds that flickered with lightning. Their might was truly terrifying.

However, what was most frightening was that, at this very moment, layers upon layers of fire and ice interweaved with one another, giving birth to ripples of energy. With the dragon and phoenix as the center, the ripples began to spread. Furthermore, each ripple was stronger and fiercer than the previous. Had it not been for Chu Feng and Bai Ruochen deliberately containing the might of the ripples, then this palace would likely be unable to contain the ripples' power.

"Amazing! In merely two months, these two children were actually able to master the legendary Earthen Taboo Fusion Martial Skill. They have truly broadened my horizons." As they looked at the ice dragon and fire phoenix that were dancing in midair above them, shock filled the faces of the Ascension Sect's sectmaster and the others. All of them were stunned by the ability and talent of these two youths.

That was because, at this moment, they not only saw before them the supreme skill that their ancestors grasped, they also saw their Ascension Sect and Southern Cyanwood Forest's future hopes. At this moment, they were truly filled with anticipation that these two youngsters before them, displaying their might, would become famous within the Cyanwood Mountain, a place filled with geniuses.

Chapter 1110: Colossal

After displaying the Dragon and Phoenix Dancing in the Skies, Bai Ruochen and Chu Feng simultaneously released their fusion martial skill. When the ice dragon and the fire phoenix disappeared, the palace hall returned to its normal state. Merely, the strange sensation of icy coldness and fiery hotness still hovered around the palace hall.

“Not bad, our coordination is getting better.” Chu Feng looked to Bai Ruochen beside him and laughed mischievously.

Hearing those words, Bai Ruochen also shot Chu Feng a glance. Merely, this time around, her gaze was not penetrative. Instead, it was very soft. Furthermore, the corners of her mouth raised to reveal a light and beautiful smile.

Regardless of how conceited and prideful Bai Ruochen was, she was still a woman who wanted to obtain power. This Dragon and Phoenix Dancing in the Skies was a very amazing Martial Skill. Naturally, she wanted to master it. For her to be able to completely grasp it right now, it was all thanks to Chu Feng. Especially after she managed to activate it perfectly, it brought about inevitable joy to her.

“Clap clap clap...” Right at this moment, a thunder-like applause sounded from below. Looking down, the Ascension Sect’s sectmaster, the management elders, and Sikong Zhaixing were all clapping their hands and applauding. A single emotion was visible in all of their eyes: gratitude.

At this moment, the only person who remained calm was Bai Ruochen’s mother. Although she did not know beforehand that Bai Ruochen and Chu Feng had grasped the Dragon and Phoenix Dancing in the Skies, she did not become overly excited after knowing about it, as if it was all a normal occasion.

However, regardless, she still had a joyful smile on her face. Although it was very light, one could still tell that she was extremely happy. To a greater or lesser degree, she was also stunned by Chu Feng and Bai Ruochen’s performance.

“Dragon and Phoenix Dancing in the Skies is indeed extraordinary. For this old man to be fortunate enough to see his ancestor’s supreme skill, I now have no regrets in my life.” Compared to the calmness of Bai Ruochen’s mother, Sikong Zhaixing was unable to contain himself and began to praise.

“That’s right. Chu Feng, Ruochen, the two of you have truly brought us an enormous surprise. I truly look forward to your performance in the Cyanwood Mountain,” added the Ascension Sect’s sectmaster.

“Well then, it is about time for you all to set off.” Suddenly, Bai Ruochen’s mother urged. However, after she said those words, she looked to the Ascension Sect’s sectmaster and said. “Zhixian, make the arrangements carefully. You must definitely not let Ruochen be wronged. If anyone dares to bully her, regardless of who it might be, I will definitely not let them get away with it.”

“Rest assured.” The Ascension Sect’s sectmaster nodded. However, his nod appeared to be slightly difficult. After all, the Cyanwood Mountain was a place with an enormous amount of powerful existences. Even though the strength of their Ascension Sect was not weak, there was no guarantee that they would not be bullied in the Cyanwood Mountain.

“Mother, are you not coming?” Seeing this, Bai Ruochen hurriedly flew down and arrived before her mother. In her eyes was a slightly displeased expression.

“I will not be going. Someone will have to stay and guard the Ascension Sect. Besides, you’re not young anymore. I couldn’t possibly accompany you all the time, right?” Bai Ruochen’s mother gently caressed her silky black hair. The smile on her face was still charming like before. However, it now contained the kindness of a mother.

At this moment, Chu Feng noticed that there was a slight trace of disappointment on Bai Ruochen’s delicate face. However, her expression of displeasure gradually declined. In the end, she nodded and accepted her mother’s decision.

After that, they immediately set off for the journey. When Chu Feng

arrived at the location where the disciples of the Ascension Sect were gathered, he was stunned by their lineup.

Back then, other than Bai Ruochen, Chu Feng had seen ninety-nine other core disciples of the Ascension Sect before the Southern Cyanwood Forest's Pagoda. However, the number of disciples the Ascension Sect planned to send over to the Cyanwood Mountain was not limited to a hundred at all. Four thousand five hundred sixty-seven was the number of disciples the Ascension Sect was sending to the Cyanwood Mountain this year.

Among them, the strongest was Bai Ruochen. With her rank three Martial King strength, there was no need to doubt.

However, other than Bai Ruochen, there were over four thousand other disciples. Even the weakest among them were peak Martial Lords. This lineup was even more frightening than the lineup of the Orion Monastery at the Ancient Era's Immortal Pond.

However, what surprised Chu Feng the most was that, while the Orion Monastery had only used a single warship to carry their three thousand core disciples, the Ascension Sect was actually using several hundred warships. Furthermore, every single warship used was not inferior to the one used by the Orion Monastery. It was truly domineering.

When several hundred colossuses the size of small continents flew in the sky, it would not be excessive to describe it as covering the entire horizon.

When seeing that each of those colossal warships had the banner of the Ascension Sect on them, one must admit that this grand show was truly extravagant.

"There's actually such a show of extravagance?" Chu Feng exclaimed in admiration. Back then, in the Eastern Sea Region, the Immortal Execution Archipelago had united with the three major monstrous beast clans to attack the Misty Peak. Yet, the extravagance of their lineup was nowhere as grand as what was before him now.

One must admit that the powers of the Holy Land of Martialism were

truly not something that the Eastern Sea Region could compare with. Even the Southern Cyanwood Forest, that had become desolate after countless years of decline, would be a major power that could move about unhindered if placed within the Eastern Sea Region. With this being the case, Chu Feng began to look forward even more to what sort of power one of the true overlords of the Holy Land of Martialism, the Cyanwood Mountain, would be like.

“It is not only disciples that are being sent to the Cyanwood Mountain. There are also the disciples’ servants. Most importantly, as they are a first-rate subsidiary power of the Cyanwood Mountain, this sort of lineup is something that they should present. When you see the lineup of the Eastern, Western and Northern Cyanwood Forests, you will know that the Ascension Sect is actually being low-key,” explained Sikong Zhaixing beside Chu Feng.

“The other three Cyanwood Forests, is it? I also want to experience what sort of display they will bring.” A flash of anticipation once again emerged in Chu Feng’s eyes.

With everything in place, they began to set off. The Cyanwood Mountain was located far away from the Ascension Sect. Even though the speed of these warships were very fast, without using ancient teleportation formations, it would still take quite some time for them to arrive at the Cyanwood Mountain.

After a long journey, Chu Feng and the others finally arrived at the Cyanwood Mountain’s territory. Only then did Chu Feng get to see exactly what sort of appearance one of the Holy Land of Martialism’s Nine Powers, the Cyanwood Mountain, possessed.

Cyanwood Mountain, although it had the word mountain in its name, its territory was most definitely not limited to only a single mountain range. In this place, even the seas numbered a couple. As for mountain ranges, plains, ponds, lakes and rivers, they were countless. The size of the Cyanwood Mountain was so enormously and unimaginably large, almost as if it was a vast, boundless nation.

However, the Cyanwood Mountain could not be blamed for occupying such a vast area of land. That was because the amount of people in the Cyanwood Mountain was truly too numerous.

The number of outer disciples numbered to two billion eight hundred million. For inner disciples, the number was two hundred million. They were the reservoir of the outstanding disciples of the Cyanwood Mountain.

As for the core disciples, they numbered close to a million. The weakest among them were peak Martial Lords. Among the core disciples, a tenth of them had reached the Martial King level. In other words, roughly a hundred thousand of the Cyanwood Mountain's core disciples were Martial Kings.

One must know that in the Eastern Sea Region, Martial Kings were existences of utmost reverence. However, in this place, they were nothing more than disciples.

Furthermore, this sort of number did not take the elders into account. In fact, the number of elders in the Cyanwood Mountain was in no way inferior to the number of disciples. If it wasn't for the Cyanwood Mountain's rule that if one did not wish to become an elder, they were allowed to leave the Cyanwood Mountain, then the number of elders would likely be even more numerous than the number of disciples.

"Is this a true colossus?" Seeing the beautiful scenery as far as the eye could see, the exquisite palace halls situated between mountains, rivers and plains, and even some floating in the air, and the countless martial cultivators riding all kinds of different mounts, Chu Feng was unable to help himself from breathing in a mouthful of cold air.

Chu Feng had thought himself to be someone with experience of the world, and having seen many major powers. However, those powers, when compared with the Cyanwood Mountain, were nothing but insignificant pebbles.

Chapter 1111: The Famous Yuan Qing

The Cyanwood Mountain's domain was extremely vast. However, it was most definitely not a place that anyone could enter and leave unrestrictedly.

It was said that there was an enormous spirit formation protective screen that surrounded the exterior of the Cyanwood Mountain. That spirit formation protective screen covered both the sky and the underground, causing even Half Martial Emperor level experts to be unable to pass through it, and completely isolated the Cyanwood Mountain from the outside world. Even the disciples and elders of the Cyanwood Mountain could only come and go by displaying their identity plates at specific entrance locations.

However, it was currently the time of the Cyanwood Mountain's annual disciple recruitment assembly. Thus, the Cyanwood Mountain removed the enormous and powerful spirit formation protective screen. Their doors were now completely open, and people could enter the Cyanwood Mountain from all directions.

Moreover, the Cyanwood Mountain did not care about identity, appearance or even race when recruiting their disciples, all they cared about was the talent of the individuals. Thus, without counting the people that accompanied the disciple-prospects, merely the number of people who wanted to become disciples of the Cyanwood Mountain numbered over several billions.

The majority of these people were children that had just reached the age of martial cultivation. After all, the Cyanwood Mountain was the strongest power in the Cyanwood Domain; everyone would want their children to become Cyanwood Mountain disciples, and thus obtain the best education.

However, it was one thing if it were only those families with power, but for those people with very poor backgrounds, it was a very difficult task. Without money to pay the fee to use the Ancient Era's Teleportation

Formations, they had no choice but to journey all the way to the Cyanwood Mountain. Without powerful and fast means of transportation, their travel speed was very slow. For some people, they would begin to travel to the Cyanwood Mountain from the day their child was born and when they finally arrive at the Cyanwood Mountain, their child would have already entered his or her teens.

Thus, while there were many people gathered in the Cyanwood Mountain, they were people that had come from all over the Cyanwood Domain. For some, the journey itself was over a dozen years. Thus, the amount of people that were planning to become disciples, and the amount of people that accompanied those disciple-prospects, numbered several billion in total. However, this number was relatively few. After all, the population of the Cyanwood Domain, a vast territory with abundant resources, was unimaginable.

However, while the Cyanwood Mountain did not take the identity and status of their disciple-prospects into consideration, they paid great consideration to their talents. Thus, these several billion people that planned to become disciples of the Cyanwood Mountain would have to go through numerous filters. In the end, it would be pretty good if even several tens of millions were to remain.

However, people like Chu Feng, the disciples of the subsidiary powers that were sent over by those subsidiary powers, did not have to go through any examination or filter. They were even capable of becoming the Cyanwood Mountain's most respectable core disciples directly.

When the people that arrived here after a long journey saw the enormous spectacle that was the subsidiary powers passing through the sky as they flew toward the deepest region of the Cyanwood Mountain, what filled their eyes were admiration and envy.

At this moment, in the Cyanwood Mountain, a large crowd was gathered on top of an enormous plaza. This place was truly an ocean of people.

The Cyanwood Mountain possessed a total of five first-rate subsidiary powers, several hundred second-rate subsidiary powers and thousands of

third-rate subsidiary powers. Every one of those subsidiary powers was required to send to the Cyanwood Mountain their most excellent disciples every year.

At this moment, the majority of the subsidiary powers had arrived. Among them, three powers were the focus of the most attention: the Eastern Cyanwood Forest, the Western Cyanwood Forest and the Northern Cyanwood Forest.

These three powers were not only first-rate subsidiary powers of the Cyanwood Mountain, they were also the most genuine subsidiary powers, branches of the Cyanwood Mountain itself. Among the subsidiary powers, they were known to be the bosses.

Currently, these three powers each brought over five thousand disciples with them. Combined, they had brought over fifteen thousand disciples. This was no small matter, because it meant that they were going to send over fifteen thousand core disciples to the Cyanwood Mountain.

Compared to the disciples that numbered in the tens or ones that other powers brought along, this was truly a frightening number. As for this, it also demonstrated how powerful these three subsidiary powers were.

“As expected of the Three Cyanwood Forests. They’re actually able to maintain this number of disciples being delivered every year. Furthermore, not only is the number tremendous, the quality of their disciples is also quite amazing.”

“That’s right, the Eastern Cyanwood Forest’s Wang Yan, the Western Cyanwood Forest’s Jiang Hao, and the Northern Cyanwood Forest’s Huang Juan were all famous geniuses before coming to this place. Seeing them for the first time today, they are indeed extraordinary.”

“With their age, they’re already rank three Martial Kings. Truly amazing, truly amazing.”

The disciples of the Three Cyanwood Forests became the focus of the crowd. Among the fifteen thousand disciples, there were three that stood out from the rest like dazzling pearls in a desert.

They were two males and a female. The male with an ordinary appearance, not skinny nor fat, not tall nor short, was called Wang Yan. He had cultivated in a Forbidden Mysterious Technique and mastered many formidable skills. In the Eastern Cyanwood Forest, he was currently the strongest disciple.

Rumour had it that he possessed surpassing battle power, and could match rank five Martial Kings with merely his rank three Martial King cultivation. As for ordinary rank four Martial Kings, they were simply no match for him. In essence, he was truly a deserving genius.

As for the other male, his name was Jiang Hao. He was the strongest disciple of the Western Cyanwood Forest. Like Wang Yan, Jiang Hao's appearance was nothing outstanding. However, the auras that the two of them possessed greatly surpassed their relatively average appearance. Not only were they the focus of the crowd, they were also the prince charming, the dream-land lovers, of the eyes of many females.

There was nothing that could be done about this. For females, their beauty could charm others. As for men, only through strength could they charm others.

For some weak men, they might accept the fact that they were weak and would dress themselves extremely well. But, even with that, they would not be able to find a wife. Yet, for men with great strength, even when they acted extremely arrogantly and looked down upon beauties, there would be countless women who wanted to be their wives. As for Jiang Hao and Wang Yan, they were this sort of men.

The female disciple, her name was Huang Juan. She was the disciple of the Northern Cyanwood Forest. Her appearance was extremely charming; furthermore, she wore a lot of makeup and very exposing clothing, causing her appearance to be like that of a prostitute. To describe her with the word 'vixen' would be most fitting.

However, Huang Juan was not as simple as being merely a woman with charming sex appeal. Her strength was not inferior to Wang Yan and Jiang Hao in the slightest. Beautiful women were able to charm others. In that

case, what about powerful beautiful women? They were essentially goddesses, standing above the heads of countless men.

If it was said that Jiang Hao and Wang Yan caused countless female disciples' hearts to throb, then Huang Juan could arouse countless male disciples, and even make them willingly hold her above their heads,

Suddenly, someone said, "Although the three of them are powerful, I have heard that among this year's disciples, the strongest disciple is not from the Three Cyanwood Forests, instead, it's a disciple of the Orion Monastery."

"Dear friend, are you speaking of that youngster by the name of Yuan Qing?" Someone asked.

"Yes, it's precisely that Yuan Qing. He is the only person in history that managed to trigger the Ancient Era's Immortal Needle. This child's talent is simply surpassing all others. Likely, his future accomplishments will be boundless," replied the man who had first spoken.

"That's right, that's right. How come the people from the Orion Monastery are still not here yet? I truly want to see the graceful bearing of Yuan Qing." At this moment, the crowd nodded. Expressions of anticipation filled their faces.

In these couple months, the Orion Monastery had gone all-out to spread the news of Yuan Qing triggering the Ancient Era's Immortal Needle to the entire vast Cyanwood Domain. Although the Cyanwood Domain was frighteningly huge, after having the news spread by the Orion Monastery, the number of people who didn't know about Yuan Qing's accomplishment was truly few. At the very least, all of the people from the major powers knew about it.

This led to Yuan Qing becoming a mighty figure that no one dared to approach, the genius that everyone looked up to. There were even people who felt that the status of the powerful evildoers in the Cyanwood Mountain would also be affected by Yuan Qing. Once again, another evildoer-level character had joined their ranks.

"Quickly, look, it's the people from the Orion Monastery. They've finally

arrived.”

Suddenly, someone shouted and pointed toward the south. At this moment, practically all of the people on that enormous plaza shifted their gazes to the south.

Chapter 1112: Arriving Late

Close to a thousand enormous warships were slowly flying over from the south of the plaza. On the sides of the group of warships were all kinds of different enormous beasts. On each and every one of those enormous beasts stood a valiant and formidable-looking human.

Judging from the numerous wavering banners, the crowd was able to tell that it was the Orion Monastery which had arrived. Compared to previous years, the Orion Monastery's display of extravagance was especially overwhelming. At the very least, it was many times larger than previous years, and not at all weaker than the display of the Three Cyanwood Forests.

"Orion Monastery, you truly have the courage. Isn't it merely just a Yuan Qing, yet you dare to act this arrogant." Seeing the display brought forth by the Orion Monastery, some disciples from the Three Cyanwood Forests curled their lips and mocked.

As the disciples of the Three Cyanwood Forests, they wholeheartedly believed themselves to be the bosses among the thousands of subsidiary powers. Although both the Orion Monastery and the Ascension Sect were first-rate subsidiary powers, they did not feel that the two of them were comparable with them at all.

However, now that the Orion Monastery gave rise to a Yuan Qing, this caused many people to feel that their Three Cyanwood Forest's Wang Yan, Jiang Hao and Huang Juan, their geniuses, were incomparable with Yuan Qing. This naturally brought them a great amount of displeasure.

And now, the Orion Monastery actually displayed such a grand show of extravagance in their appearance, one that was not inferior to their own; it was simply equivalent to the Orion Monastery telling the crowd that they were not inferior to the Three Cyanwood Forests, and were instead the real boss among the subsidiary powers. This notion brought about great discontentment to the disciples of the Three Cyanwood Forests.

"Shh, be quiet, Yuan Qing's fame has reached the Cyanwood Mountain.

According to a trusted source of information, the Cyanwood Mountain is planning to focus on cultivating Yuan Qing. Further, the three Headmasters have given the order together that all the disciples and elders of our Three Cyanwood Forests are to not clash with the people of the Orion Monastery, and we must make all effort to maintain our relationship with the Orion Monastery.” Another disciple said in a soft voice.

“I know about this. However, it still brings me a great deal of displeasure to look at this. Their mere Orion Monastery has only given birth to a disciple that managed to trigger the Ancient Era’s Immortal Needle; yet this causes them to want to tower over us. Isn’t this truly too arrogant?” That disciple still had displeasure written all over his face.

“We have all been to the Ancient Era’s Immortal Pond. I believe you should know about the pressure in the deepest region of the Ancient Era’s Immortal Pond. Since the ancient times, even with countless geniuses trying to trigger it, none managed to trigger it. Yet, that Yuan Qing managed to accomplish such a feat. This meant that he is a truly exceptional talent.”

“Furthermore, rumor has it that only one person had ever managed to trigger the Ancient Era’s Immortal Needle before Yuan Qing. As for that person, he is the Strongest Martial Emperor from ten thousand years ago, Qing Xuantian. Yuan Qing managed to accomplish that only Qing Xuantian was able to accomplish. This means that he might have the potential to become the second Qing Xuantian.”

“If he does not manage to become a towering figure, then so be it. However, if he does, then, not to mention our Eastern Cyanwood Forest, I fear that that the entire Cyanwood Mountain would have to bow down to him and treat him like a treasure. Thus, it is no wonder that the three Lord Headmasters had a one-hundred-and-eighty-degree change in attitude toward the Orion Monastery.” That disciple continued.

“Sigh~~~~” Even though the disciples from the Three Cyanwood Forests were extremely unwilling, they also knew about the severity of the matter. Thus, no matter how unwilling they were, they could only comply with the

orders given by their headmasters.

After all, the intention of the three headmasters was very clear: Yuan Qing possessed the possibility of becoming the second Qing Xuantian. Yet, he also possessed the possibility of failing to becoming the second Qing Xuantian. If he managed to become a towering figure, then maintaining a friendly relationship with the Orion Monastery would naturally be good.

However, if Yuan Qing failed to tower, then with the three headmasters' way of conduct, they would likely not continue to try to maintain a friendly relationship with the Orion Monastery. Instead, they would once again step on the Orion Monastery, and might even crush it completely.

Thus, the disciples of the Three Cyanwood Forests all had a hope in their hearts - that Yuan Qing would fail to tower. As for what they needed to do right now, it would be endure patiently. As long as Yuan Qing fail to tower in the next several years, they would be able to bring about violent retaliation toward the Orion Monastery.

At this moment, before the gazes of tens of thousands, the formation of the Orion Monastery began to slowly descend. The headmaster of the Orion Monastery as well as the numerous elders and core disciples all began to appear.

However, the person who everyone was focused upon was not the Orion Monastery's headmaster. Instead, their focuses were all fixed upon the youngster beside the Orion Monastery's headmaster. That was because that youngster was Yuan Qing.

The current Yuan Qing's cultivation have already reached rank three Martial king. For him to be able to increase his cultivation by a rank in such a short period of time, it was naturally because the Orion Monastery paid a great amount of attention and expended a great deal of resources on him.

Although Yuan Qing was a powerful disciple, the Orion Monastery was capable of sending one or two disciples of his level to the Cyanwood Mountain every year. However, when Yuan Qing triggered the Ancient Era's Immortal Needle, everything changed.

Thus, the Orion Monastery decided to exhaust all of their resources to nurture Yuan Qing to become the strongest disciple and make him their rising hope.

“This is Yuan Qing? He is truly a talented person.”

“Legend has it that in history, the strongest person of our human race, Qing Xuantian, had also triggered the Ancient Era’s Immortal Needle before. However, after him, there has never been anyone else who managed to trigger an Ancient Era’s Immortal Needle. Furthermore, this was not only limited to our human race; no one from the monstrous beasts race have managed to trigger it either.”

“Yet now, Yuan Qing actually managed to accomplish such a feat. This was sufficient to show how talented this child is. He is most definitely extraordinary, and might even become the second Qing Xuantian. It would appear that the Orion Monastery will rise in ranks because of this child.”

After Yuan Qing appeared, the crowd started to boil. All the different powers began to discuss him. Other than the people from the Three Cyanwood Forests, who were a bit skeptical and displeased, the majority of the other people believed that it was Yuan Qing who had triggered the Ancient Era’s Immortal Needle.

Furthermore, the gazes with which they looked at Yuan Qing were rather peculiar too; contained within those gazes were reverence and adoration. However, this could not be blamed on them, because triggering the Ancient Era’s Immortal Needle was a glory to the human race. Thus, many people felt that it was Yuan Qing who had brought about this glory to them and felt pride because of Yuan Qing.

Actually, at this moment, the headmasters of the Three Cyanwood Forests, their high echelon management elders, as well as Wang Yan, Jiang Hao and Huang Juan took the initiative to arrive on the Orion Monastery’s leading warship to befriend them.

To see the three prideful and otherworldly headmasters of the Three Cyanwood Forests and their disciples arriving on the Orion Monastery’s warship with smiles across their faces as they chatted with the Orion

Monastery's headmaster and disciples, the crowd knew that the emergence of the Orion Monastery was inevitable. As for all of this, it was all because a genius disciple appeared in the Orion Monastery, Yuan Qing.

“Rumble, rumble~~~”

“Aouuuu~~~~~”

Right after the Orion Monastery descended and the crowd started to boil, explosive rumbles and ear-piercing bird cries suddenly sounded from the distant horizon.

Turning their heads toward the direction of the sound, another group of colossal warships appeared on the horizon. It was another group arriving in perfect formation. Each and every one of those warships was so large that they hid the sky and covered the earth. There was a total of several hundred of such warships. Although it was not as extravagant as the Orion Monastery's display, it was not much inferior.

Surrounding that formation of warships were countless enormous birds. Those birds were extremely beautiful. With a single glance, one could easily recognize that they were birds unique to the Ascension Sect, the Ascension Birds.

“The arrival of the Ascension Sect is truly late this time around.” Seeing the approaching formation of the Ascension Sect, the headmasters of the three Cyanwood Forests displayed a slight smile on their faces.

However, when compared to them, the smile on the Orion Monastery's face turned complicated. In the past, the Three Cyanwood Forests were the strongest among the five first-rate subsidiary powers; this was something without need of doubt. As for the Orion Monastery and the Ascension Sect, they had been of equal strength in the past. Thus, among the first-rate subsidiary powers, there was only a single opponent to the Orion Monastery; and that was the Ascension Sect.

However, in the past couple years, the Ascension Sect's strength had become stronger and stronger. Regardless of whether it was the strength of their disciples or the number of disciples that they would be sending over to the Cyanwood Mountain, they both surpassed that of the Orion

Monastery, stepping down upon their pride and making the Orion Monastery into the bottom feeder among the five first rate subsidiary powers.

However, the situation now was different. An evildoer-level disciple, Yuan Qing, appeared in their Orion Monastery. This caused even the high and untouchable Three Cyanwood Forests, that had believed themselves to be the bosses, to actively befriend their Orion Monastery. In that cause, the Ascension Sect would naturally not be able to compare with the Orion Monastery.

Thus, the headmaster of the Orion Monastery was filled with expectations. He truly looked forward to the appearance of the Ascension Sect's sectmaster, this old rival of his for many years, bowing and kneeling down to him.

However, never in his entire life would he ever imagine that the Ascension Sect that he did not put in his mind right now would actually have an outstanding trump card with them too. Furthermore, this trump card was someone with true ability.

Chapter 1113: Jealousy and Rivalry

Regardless of what sort of eyes the Three Cyanwood Forests and the Orion Monastery looked to the Ascension Sect with, in the eyes of the others, the Ascension Sect was still one of the five first-rate subsidiary powers. Even after the consecutive grand arrivals of the four other first-rate subsidiary powers, the arrival of the Ascension Sect brought about a great amount of attention.

Before the focused eyes of the crowd, the Ascension Sect's warships descended onto the plaza, and their disciples and elders all walked onto the stage. The Ascension Sect did not conceal their strength, and anyone on the stage with decent strength and possessing spirit energy would easily be able to determine their cultivation.

At this moment, the most focused people were naturally the four thousand plus disciples of the Ascension Sect. After all, the strength of these disciples were the true representatives of the strength of the Ascension Sect.

"This year around, the Ascension Sect's display is pretty normal. Compared to previous years, there is not much difference between the number of disciples or the quality of those disciples they brought with them. This should normally be fine, but as they're also a first-rate subsidiary power, when compared with the other four, they appear to be relatively unpresentable."

"That's right. From this, doesn't it mean that the Ascension Sect has become the weakest among the five first-rate subsidiary powers now?"

Upon inspecting the strength of the Ascension Sect's disciples, the crowd was unable to help themselves from comparing them with the disciples of the Three Cyanwood Forests and the Orion Monastery.

Although the overall quality of the disciples was more or less the same, it remained that the Three Cyanwood Forests and the Orion Monastery possessed Wang Yan, Jiang Hao, Huang Juan and Yuan Qing, four geniuses with a cultivation of rank three Martial King, and fame that spread

through the entire Cyanwood Domain. Thus, when compared with them, the Ascension Sect appeared to be rather inferior.

“Aouuu~~~~”

However, right at this moment, the cry of a bird sounded on the horizon. An Ascension Bird descended from the sky. At this moment, a figure appeared before the crowd’s eyes.

It was a woman. Her white dress fluttered in the wind, and her appearance was that of an absolute beauty; she appeared like a goddess. On top of that, she possessed the cultivation of rank three Martial King.

Her arrival immediately shifted the crowd’s focus onto her. That was because she was truly too beautiful. Not only was she beautiful, she also appeared to be very young. Judging from her fair and tender skin, she was most definitely younger than twenty years of age.

With such a cultivation at such a young age, what did this mean? This meant that this girl possessed exceptional talent. Otherwise, how could she possibly obtain such a cultivation at that young of an age?

“Who is this chick? How come I’ve never heard about her before? The Ascension Sect has truly hidden her well.” At this moment, even Wang Yan’s eyes shone, and started to display a complicated expression.

Someone of Wang Yan’s caliber was not a person who lacked the accompany of beauties. As for women that he would place in his eyes, they were very few and rare. However, Bai Ruochen was different from ordinary women. Her appearance could be said to be absolutely beautiful, with no flaws. Furthermore, she possessed a sort of icy air that repelled others to a thousand miles away.

When such an absolute beauty was fused with that sort of repelling icy air, it made Bai Ruochen appear like an otherworldly goddess that caused mortals to involuntarily become attracted to her.

In short, Bai Ruochen’s appearance caused everyone to forget about Huang Juan. Compared to Huang Juan, who was covered with makeup and dressed like a prostitute, Bai Ruochen’s natural beauty appeared even

more precious. She was truly a deserving little beauty.

Thus, it was not only Wang Yan, practically all of the men present were charmed by her. Even the eyes of some elders, who had lived for several hundred years, started to shine as their heartbeats accelerated as if they were looking at their first love.

However, this was normal. After all, everyone possessed the heart to love beauty. This was not limited to only sexual reasons, it was also an appreciation of beauty.

“Wang Yan, you are truly ill-informed. I actually knew that the Ascension Sect had hidden such a little beauty beforehand.” At this moment, Jiang Hao spoke.

“Senior brother Jiang, may I know who exactly this woman is?” Hearing those words, Yuan Qing was unable to contain himself and spoke to ask.

“Heh, junior brother Yuan Qing, might it be that you’re interested in this woman?” Hearing that question, Jiang Hao mocked with a mischievous smile.

“Everyone possesses the heart to love beauty. A woman like her is rare in this world. Could it be that senior brothers, the two of you are not tempted by her?” Yuan Qing smiled lightly. Not only did he not deny it, he instead declared that he had been charmed by Bai Ruochen.

“Hahaha... Sure enough, it is men who understand other men.” Both Jiang Hao and Wang Yan started laughing. They also indirectly admitted to Yuan Qing’s speculation.

The four powers’ elders and headmasters had also heard their conversation. However, no one said anything about it. That was because the three of them were all going to become the Cyanwood Mountain’s disciples. Furthermore, their future accomplishments were going to be boundless. Who knows when they might actually surpass themselves. Thus, at this moment, none of the headmasters reprimanded them using their identity of headmasters.

“Che, Wang Yan, Jiang Hao, didn’t the two of you declare that you would

not be tempted by ten thousand flowers? 1 How come the two of you are enchanted by a little girl from the Ascension Sect today?"

At this moment, Huang Juan was unable to continue watching this going on anymore. She was also a woman, yet she did not create such a commotion that Bai Ruochen created. Thus, it was inevitable that she grew a bit envious of Bai Ruochen.

"Sigh, Huang Juan, this is something that you don't understand. Do you know what the name of this girl from the Ascension Sect is? Do you know what her identity is?"

"Let me tell you, her name is Bai Ruochen. She is just eighteen years old this year, a total of ten years younger than you. Yet, this Bai Ruochen is the eldest senior sister of the Ascension Sect's disciples."

"Do you know how she's the eldest senior sister? Other than possessing a tyrannical cultivation, it is said that her battle power is also extraordinary. Moreover, she has an amazing mother, the mysterious madam that the Ascension Sect's sectmaster married two years ago," said Jiang Hao.

"Oh? So this girl is actually that madam's daughter? No wonder..." Hearing Jiang Hao's explanation, Wang Yan and Yuan Qing became even more interested in Bai Ruochen.

All of them had heard of the rumors regarding Bai Ruochen's mother. They knew that her mother was a very powerful and mysterious woman. Even to this date, no one knew about her mother's name or where she had come from.

However, it remained that she was undoubtedly powerful. That was because the Ascension Sect had only started becoming stronger after the arrival of Bai Ruochen's mother. Essentially, Bai Ruochen's mother was a mystery that people discussed enthusiastically about. At the same time, she also brought about restraining fear.

"Enough of your rubbish. How come I have never heard that the Ascension Sect's Madam Sectmaster had a daughter?" Huang Juan curled her lips. She did not believe Jiang Hao.

“This is something that I heard from a friend of mine in the Ascension Sect. The information is absolutely true. If you do not believe me, we can make a bet. Do you dare?” said Jiang Hao with a beaming smile.

“No one’s going to bother with your nonsense.” Huang Juan cast a side eye at Jiang Hao. She stopped paying attention to him. However, the gaze with which she looked at Bai Ruochen became somewhat hostile as if she had seen an enemy.

“Heh, no matter what, I am truly fond of this Bai Ruochen. I am definitely taking this girl for myself.” At this moment, Yuan Qing said those words confidently.

“Yoh, junior brother Yuan Qing, you’re actually that confident?” Seeing this, Wang Yan smiled indifferently. There seemed to be a hidden intention behind his words. At the same time, the same sort of smile appeared on Jiang Hao’s face.

*

1. Flowers in this case meant women.

Chapter 1114: Alliance Declaration

“Senior brothers, if the two of you are truly fond of Bai Ruochen too, we can have a fair competition. However, I am certain that this Bai Ruochen is going to be mine.” Yuan Qing was filled with confidence. As he said those words, he unfolded a fan. Fanning the fan before his chest, he caused his hair to flutter in the wind. Not only did this make him appear very elegant and graceful, it also made it seem as if he was planning stratagems on how to obtain Bai Ruochen.

After he bewilderedly became known as the hero who triggered the Ancient Era’s Immortal Needle, his confidence had reached a frightening level. Although his pride had not reached a state where he looked down upon all beings, he had reached an extremely conceited state.

Toward the words spoken by Yuan Qing and his current behavior, Wang Yan and Jiang Hao merely smiled without saying anything. Only the two of them knew the intentions of their smiles.

“Huh? Who’s that fellow? Why is he so close to Bai Ruochen?” However, right at this moment, the expressions of Wang Yan and Jiang Hao took a huge change. Their previous smiles were replaced with looks of anger.

Turning his head to look, Yuan Qing’s expression also changed. That was because a young man appeared beside Bai Ruochen.

This young man was talking and laughing with Bai Ruochen; it appeared as if they were very intimate. Most importantly, this man only had the cultivation of a rank one Martial King. Furthermore, he was not wearing an Ascension Sect disciple’s outfit; it was evident that he was someone from a different power.

“It’s him?” When Yuan Qing recognized the man’s appearance, the anger on his face became even more pronounced. He even began to faintly emit a killing intent. That was because he managed to recognize that man with a single glance, it was the man who had placed him in an embarrassing state, a man that he hated deeply, Chu Feng.

Ever since what had happened earlier, Yuan Qing’s hatred for Chu Feng

could be said to have reached bone deep. So, when he saw Chu Feng besides Bai Ruochen, making that icy cold Bai Ruochen smile, the hatred in his heart instantly rose dramatically. At the same time, envy emerged from his heart and at this moment, he truly wished to rip Chu Feng to pieces.

That was because the overly conceited him had, ever since the moment he laid eyes on Bai Ruochen, decided in his conceited heart that Bai Ruochen would be his future wife. Yet, at this moment, there was actually a man being so intimate with his wife. Naturally, he became boundlessly angry.

“Junior brother Yuan Qing, you know of that brat?” Hearing Yuan Qing’s exclamation, Wang Yan and Jiang Hao asked together. Actually, it was not only them who were interested in Chu Feng’s identity; the other disciples also lent their ears to listen to Yuan Qing’s reply. Even that Huang Juan looked over at Yuan Qing curiously.

“Humph. His name is Chu Feng. He is nothing but a trash disciple from the Southern Cyanwood Forest.” Yuan Qing coldly smiled. He did not bother explaining much about Chu Feng.

However, both Wang Yan and Jiang Hao were able to sense that there seemed to be some sort of grievance between Yuan Qing and Chu Feng. Otherwise, it was unbecoming for Yuan Qing to act so hostile toward him. Thus, the two of them asked. “Junior brother Yuan Qing, could it be that you have some sort of grievance with that Chu Feng? Don’t worry, after you enter the Cyanwood Mountain, your older brothers here shall help you take revenge.”

“Him? How could such trash be worthy of having a grievance with me? Back then, he entered the southern region’s Ancient Era’s Immortal Pond alongside me. Overestimating himself, he insisted on entering the Ancient Era’s Immortal Pond’s deepest regions alongside me. I managed to trigger the Ancient Era’s Immortal Needle there. And him? He ended up losing his way, and nearly died in that Ancient Era’s Immortal Pond. He is simply unworthy of being mentioned alongside me,” said Yuan Qing in a cold manner.

“He actually lost his way in the Ancient Era’s Immortal Pond? In that case, he truly is trash. Hahaha...” Upon hearing those words, Wang Yan and Jiang Hao burst into loud laughter. However, soon, they asked with confused expressions. “In that case, why would such trash be flying alongside Bai Ruochen? Isn’t he a disciple of the Southern Cyanwood Forest? How come he’s with the Ascension Sect?”

Right at this moment, the headmaster of the Eastern Cyanwood Forest sneered. “It would appear that the Ascension Sect and the Southern Cyanwood Forest have gotten quite close these days.”

As he said those words, his gaze shifted toward a direction. As the crowd looked toward the direction of his gaze, they saw that two aged silhouettes appeared from an Ascension Sect’s warship. As for those two aged silhouettes, they all recognized them; one was the Ascension Sect’s sectmaster Zhou Zhixian, and the other was Southern Cyanwood Forest’s headmaster Sikong Zhaixing.

“When did those two get together?” Seeing this scene, not to mention the disciples like Yuan Qing and the rest, even the headmasters of the Western Cyanwood Forest, Northern Cyanwood Forest and the Orion Monastery frowned with confusion.

In fact, it was not only them. At this moment, the entire crowd’s expression changed. They were completely confused by what was happening.

Faced with the reaction of the crowd, the Ascension Sect’s sectmaster seemed to have already prepared for it. Thus, not only was he not surprised, he was actually feeling that the crowd was not shocked enough. Thus, he turned his gaze to the crowd, cupped his fist respectfully and, with a loud voice, said, “Since all the headmasters are present, it is a convenient timing for me to announce a matter.”

“Our Ascension Sect has entered an alliance with the Southern Cyanwood Forest. From today hence, we shall live and die together. I hope that headmasters will take care of us in the future.”

The words spoken by the Ascension Sect’s sectmaster were said with a

very dull and ordinary tone. However, the moment it entered into the ears of the crowd, they became very shocking words. The Ascension Sect had entered an alliance with the Southern Cyanwood Forest? This was truly shocking news.

One must know that before this, the Ascension Sect and the Southern Cyanwood Forest were two powers that could never be further apart from one another. Never have anyone heard that there was any sort of relationship between them. Yet, they suddenly entered into an alliance. Furthermore, the Ascension Sect's sectmaster publicly declared that they would live and die together, as if they will not let anyone off that dared to do anything to the Southern Cyanwood Forest. This was truly world-shocking news.

"The Ascension Sect actually entered into an alliance with the Southern Cyanwood Forest? How did the Southern Cyanwood Forest accomplish such a feat? Exactly what sort of method did they use? Could it be a reversal of fortune?" Compared to the others, the one with the most complicated feeling at the present was not the Three Cyanwood Forests or the Orion Monastery; it was instead the Cloud Thunder Pavilion.

The Cloud Thunder Pavilion was once a power allied with the Southern Cyanwood Forest. They had once journeyed to the Ancient Era's Immortal Pond together with the Southern Cyanwood Forest. However, because they determined that the Orion Monastery disliked the Southern Cyanwood Forest at the Ancient Era's Immortal Pond, they cut off their alliance with the Southern Cyanwood Forest.

Ever since that day, not only did they disallow their disciples to enter the Ancient Era's Immortal Pond alongside the Southern Cyanwood Forest's disciples, training together alongside them; they even suddenly declared that they would no longer have any dealings with the Southern Cyanwood Forest. It could be said that they had severed their relationship with the Southern Cyanwood Forest completely. As for the reason why the Cloud Thunder Pavilion's headmaster did such a thing, it was all because he had wanted to obtain the good graces of the Orion Monastery.

However, other than obtaining disdain and being cursed out by some

other powers, his actions did not bring about any good graces from the Orion Monastery. This caused their Cloud Thunder Pavilion to be somewhat regretful, regretful in how decisive they had been in severing all relationships with the Southern Cyanwood Forest. And now that the Southern Cyanwood Forest actually managed to enter an alliance with the Ascension Sect, a first-rate subsidiary power, this caused them to become even more regretful.

After all, regardless of whether the Ascension Sect might or might not be the bottom feeder of the five first-rate subsidiary powers, it was still a first-rate subsidiary power. For second-rate subsidiary powers like themselves, if they could manage to get into a relationship with a first-rate subsidiary power, it meant that they would have an enormous protector. At the very least, among the second-rate subsidiary powers, there would barely be anyone daring enough to bully them.

“After this many years, the Ascension Sect and the Southern Cyanwood Forest have entered into an alliance again. This is truly a matter worthy of celebrations. Sectmaster and headmaster, congratulations.”

Right at this moment, an aged voice suddenly sounded. Turning their eyes toward the source, the crowd all felt a deep veneration. The elders of the Cyanwood Mountain had appeared on the stage.

Chapter 1115: Half Martial Emperor White Ape [1]

Turning their gazes to the voice, twenty-six elders were standing in the air and walking toward the crowd.

While these elders consisted of both men and women, they were all old and gray-haired. Each and every one of them appeared to have the air of immortality, and their long gowns fluttered in the wind as they moved. It was truly a very extraordinary appearance. Furthermore, each and every one of them possessed the cultivation of a Half Martial Emperor.

The grandeur of their unified arrival, as they walked toward the crowd from the sky, was truly incomparable. Although, there were tens of thousands of individuals on the plaza right now, in terms of overall strength, they were inferior to these twenty-six Cyanwood Mountain elders.

Especially, the white-bearded old man that lead the twenty-six elders. His strength was a profound mystery. Likely, he would be able to defeat all of the headmasters present by himself.

The old man did not possess a tall height. As for his build, it was also very skinny and shriveled; and his appearance was also extremely ugly. Furthermore, he displayed a hunchback as he walked with bent waist. From a single glance, he appeared like an old, dying, white haired monkey. However, not a single person dared to be disrespectful toward him. Even the Three Cyanwood Forest's headmasters did not dare to disrespect him.

That was because he was one of the Cyanwood Mountain's management elders. Furthermore, because his appearance was like that of an ape or monkey, the people nicknamed him as Half Martial Emperor White Ape. This Half Martial Emperor White Ape's reputation was not only limited to the Cyanwood Domain. He possessed fame even in the entire Holy Land of Martialism. As for his strength, it was extremely frightening. Furthermore, the person who had spoken earlier was precisely this man.

“We pay our respects to Elder White Ape. We pay our respect to the other elders.”

At this moment, the headmasters, elders and disciples of all the powers cupped their fists and respectfully paid their respects toward the twenty-six elders. Their voices were filled with reverence and resounded through the horizon like thunder, echoing for thousands of miles.

“Enough, enough, we’re all old acquaintances already. There is no need for you all to be this modest. Furthermore, these people behind me all used to be your old subordinates. The reason I brought them over is precisely so that we can talk about former times. So there is no need for you to pay such grand respects toward them, as this would only make a mess out of the seniority.” Half Martial Emperor White Ape opened his large mouth and displayed a relatively ugly and somewhat vulgar-looking smile. However, one must admit that the laughter from his mouth was truly cheerful and lighthearted.

Seeing this, the headmasters present also started laughing. Indeed, other than Half Martial Emperor White Ape, all of the other elders behind him were people that they recognized. Furthermore, they had all originated from the five first-rate subsidiary powers.

All of them used to be disciples of the five first-rate subsidiary powers. Furthermore, they were the most outstanding disciples. After entering the Cyanwood Mountain, their fame and reputations had only continued to rise. After they passed the time limit of being disciples, during the moment when they were given the choice to either leave the Cyanwood Mountain or stay and become elders, they had chosen to stay and become elders.

Although they had decided to stay in the Cyanwood Mountain, they still considered themselves to be part of their respective powers from before they had come to the Cyanwood Mountain. Their purpose in remaining in the Cyanwood Mountain was so that they could assist their respective powers, and obtain benefits for the younger generations of their respective powers, in the Cyanwood Mountain. In fact, even though they carried the names of being elders of the Cyanwood Mountain, they still belonged to

the five first-rate subsidiary powers. The only difference was that they were stationed in the Cyanwood Mountain.

“Enough with the foolish smiles. It’s a great difficulty for you all to see them again, go over and talk about former times with your headmasters.” Half Martial Emperor White Ape waved his hand. Seeing this, the twenty-five elders behind him bowed respectfully, then flew over to their respective powers. Although it was only a simple action, everyone could tell how high of a status Half Martial Emperor White Ape possessed. His imposingness made it so that no one dared to speak ill of him.

However, the twenty-five Half Martial Emperors were all separated into the five first-rate subsidiary powers. As for the other subsidiary powers, none of them possessed any relationship with these twenty-five Half Martial Emperors.

Furthermore, of the twenty-five, eighteen of them were people from the Three Cyanwood Forests. As for the remaining seven, three were from the Orion Monastery and four were from the Ascension Sect. Although these twenty-five elders were most definitely not all of the strength the five first-rate subsidiary powers had stationed on the Cyanwood Mountain, one could still indirectly tell the difference in strength between the five subsidiary powers on the Cyanwood Mountain.

“It is more or less time now. The rules remain the same, those who wish to participate may follow me. Those who do not, you may stay here. There will be elders coming to make arrangements for you all later.” Suddenly, Half Martial Emperor White Ape soared to the sky. With his hands behind his back and his waist bent, he walked slowly toward the deepest region of the Cyanwood Mountain.

Seeing this, the elders and disciples of the five first-rate subsidiary powers all moved forward and followed him. There were also many people from the other subsidiary powers that followed.

As for what they were going to do, it was to participate in a so called ‘Commander Competition.’

As disciples brought over by the subsidiary powers, all of them

possessed the qualification of becoming core disciples. Thus, they were able to become core disciples without going through any test.

However, this 'Commander Competition' was there as a tool to reward excellent disciples. Anyone could participate in this. At the same time, they could choose to not participate.

As for what exactly this 'graceful pageant' was, it was actually just searching for some flags in a very vast formation.

These flags were respectively the Commander Flag, the General Flag and the Soldier Flag.

There was only a single Commander Flag, but there were three General Flags and ninety Soldier Flags. Based on the type of flag that one obtained, a different sort of sign would appear. Furthermore, they were able to exchange the flags that they had obtained for different rewards in the Cyanwood Mountain.

As for the rewards, they were all predetermined. As the Commander Flag was the hardest to find, it was deemed the most supreme. Whoever it was that obtained the Commander Flag would obtain a monastery in the core region of the Cyanwood Mountain. The monastery would contain several luxurious palaces and be waited upon by excellent quality servants provided by the Cyanwood Mountain. They would also be able to train in Earthen Taboo Martial Skills without any restrictions. On top of that, they would be given a single top quality Royal Armament and ten thousand Martial Beads, as well as a thousand achievement points.

For those who managed to obtain General Flags, their rewards would be much more inferior. While they would be able to obtain servants to serve them, the servants would not be of the most excellent quality. While they would be able to obtain a Royal Armament, it would only be high quality, and not a top quality one. While they would be allowed to learn Earthen Taboo Martial Skills, they would be limited to learning only a single one. As for the Martial Beads, they would only be given five hundred of them. For achievement points, they would only obtain a hundred.

As for those who managed to obtain Soldier Flags, they would only

obtain ten achievement points, without any other added benefits.

As for the achievement points, they could be considered to be a currency within the Cyanwood Mountain. While they could only be used in the Cyanwood Mountain, they could not be saved and not used. That was because in the Cyanwood Mountain, regardless of whether it might be trying to learn a Martial Skill, obtain cultivation resources, or even the ability to train in special places, they were all required to be purchased with achievement points.

As for how to obtain these achievement points, other than being rewarded by the Cyanwood Mountain, one could only obtain them by completing missions. By completing missions of different difficulties, one would be able to obtain different amount of achievement points. Essentially, the achievement points were extremely important to disciples of the Cyanwood Mountain, and could be said to be absolutely essential, where the more one possessed, the better it would be.

To disciples that had just entered the Cyanwood Mountain, ten achievement points was a very good amount. As for the reward of a thousand achievement points for the person who obtained the Commander Flag, it could be said to be an enormous amount.

However, the most important matter was that being able to obtain the Commander Flag was a great glory. Furthermore, ever since ancient times, the person who managed to obtain the Commander Flag every year would always become a powerful individual in the core region filled with geniuses, and become a grand character of history.

Thus, the disciples of all the powers, especially those famed geniuses, had all set their goal to be the Commander Flag. That was because, if they obtained the Commander Flag, not only would it be a glory to them, they would also be valued by the elders and disciples of the Cyanwood Mountain. In short, it would be equivalent to laying down a very good headstart for their future.

After all, regardless of what they had accomplished in the past, or how famous they now were, it was all unrelated to the Cyanwood Mountain.

Only by obtaining glories in the Cyanwood Mountain could they truly be acknowledged by those in the Cyanwood Mountain.

Chapter 1116: Commander Competition, Start

At this moment, majority of the headmasters and disciples followed Half Martial Emperor White Ape.

However, there were also many that chose to stay. That was because they knew that they had no hope of being able to obtain any flag. Thus, instead of humiliating themselves, they decided to peacefully enter the Cyanwood Forest and dutifully become core disciples. Perhaps this way, they might secure an opportunity to become stronger in the future.

After all, only a couple people would be able to obtain the flags in such a competition. With the strengths of their opponents, it would be normal for them to not be able to the flags.

However, there would always be many people who wanted to seek gains in chaos and try their luck. Thus, this led to the fact that although there were less than a hundred flags altogether, there would always be no less than ten thousand disciples in every Commander Competition.

Under the guide of Half Martial Emperor White Ape, Chu Feng and the others arrived at the area of the flag seizing competition. It was a mountain range in the sky. To be more exact, it was a forest of stone in the sky.

At this moment, before Chu Feng and the others' eyes were stones as far as their eyes could see. These stones were very peculiar. Their sizes and shapes were all different. The smaller ones were only the size of watermelons, whereas the larger ones were close to a kilometer in height, like enormous mountains erected in the sky.

As for these stones, they were all isolated from one another with space between each of them. Furthermore, special runes and symbols were written all over the stones. As they flickered and floated in the sky, they appeared to be very beautiful and magnificent.

"I suspect you all have already mentioned the rules of the Commander

Competition to these disciples. Thus, I am not going to bother saying much superfluous words. I have only a single sentence to say to all you disciples: I wish you luck.”

After arriving at this place, Half Martial Emperor White Ape waved his hand, indicating to the crowd to enter the forest of stones. As for the disciples, they did not hesitate to enter either. One by one, they flew into the vast forest of stones that filled their field of view, striving for the chance to obtain flags for themselves.

In fact, the rules of the Commander Competition were very simple indeed. There was a total of ninety-four flags. As for these flags, they were all hidden within these stones.

However, one must find out where the flags were hidden by themselves. Furthermore, because special spirit formations were placed onto these stones, it made it so that one could not forcibly break them apart. Therefore, one must use spirit formation techniques to break the spirit formations on the stones apart to determine whether there might be flags hidden within.

As for breaking apart of the spirit formations, it was a lengthy process. If one's eyesight was bad and one chose the wrong stone, they would only discover that there was no flag only after breaking the formation and wasting a great deal of time. The time that was wasted would be equivalent to giving others more and better chances at finding the flags. Thus, the disciples were all very cautious in their actions, and would directly rush into the depths of the forest of stones. That was because in the previous years, all of the flags were mostly hidden in the depths of the forest of stones.

At this moment, Chu Feng and Bai Ruochen were flying alongside each other. Following behind them were the disciples of the Ascension Sect and the Southern Cyanwood Forest. These disciples did not urgently go about their ways to search for flags. Instead, they were completely focused on following Chu Feng and Bai Ruochen, like guards protecting their commanders, while also maintaining a certain distance from them. Chu Feng and Bai Ruochen were neither fast nor slow. The two of them were

using their special methods to inspect the surrounding stones with great attention.

“Junior sister Bai, who do you think among the two of us...” said Chu Feng with a smile on his face after inspecting the stones.

“Who are you calling junior sister?” Bai Ruochen cast a side eye at Chu Feng. With a tone of displeasure, she said. “Call me senior sister.”

At this moment, the Ascension Sect’s disciples that followed behind the two of them were also frowning. Chu Feng was truly the first person that dared to speak with Bai Ruochen in such a manner. However, upon seeing that Bai Ruochen only cast a side eye at Chu Feng, and did not get really angry, they felt that it was even more unfathomable of an event. That was because Bai Ruochen’s reaction at this moment, when compared to her temperament, could truly be said to be very well-mannered.

“No matter what your Ascension Sect’s disciples address you as, I am not a disciple of your Ascension Sect. Regardless, I place other’s seniority according to age. If you are to say that your age is older than mine, then I will gladly address you as senior sister,” said Chu Feng with a beaming smile.

“You... forget about it, do whatever you want.” Bai Ruochen was made speechless by Chu Feng. She was clearly younger than Chu Feng; thus, she had no reason to say that she was older than him, because that would be equivalent to saying that she was more aged than Chu Feng. With how young and tender she was, how could she possibly go around calling herself old and aged?

As for Chu Feng, after having interacted with Bai Ruochen for the past months, he had already understood her temperament, and had already anticipated Bai Ruochen’s reaction. However, he did not hurry to display his victory. Instead, he waved his hand to the disciples of the Ascension Sect and the Southern Cyanwood Forest that followed behind them and said. “What are you all doing following us? Quickly, go and search for the flags.”

“Eh...” After hearing what Chu Feng said, the Southern Cyanwood

Forest's disciples glanced at one another before leaving in succession.

However, the disciples of the Ascension Sect were startled by Chu Feng's actions and opened their mouths wide in shock. Chu Feng's actions was truly too obvious. He was openly driving them away.

However, who was Chu Feng? What sort of status and strength did he possess? He was nothing more than a mere Southern Cyanwood Forest's disciple. While driving away those from the Southern Cyanwood Forest would be fine, what gave him the right to drive them away? Although, they knew that their Ascension Sect had entered an alliance with the Southern Cyanwood Forest, they still did not place the Southern Cyanwood Forest's disciples in their eyes.

However, right at this moment, those powerful and peak existences among the Ascension Sect's disciples actually, without saying another word, began to make haste and leave.

These disciples that left first, were the ones that had been training at the Southern Cyanwood Forest's Pagoda that day. They had experienced Chu Feng's powerful might for themselves, and saw with their own eyes how Bai Ruochen was defeated by Chu Feng. Thus, they knew very well how powerful Chu Feng was, and naturally did not dare to disobey him.

However, because those disciples did not spread about the matters that had happened that day, even for the Ascension Sect's disciples, only a few among them knew of Chu Feng's strength. Thus, when the ignorant disciples saw their senior sisters and brothers that they revered obeying Chu Feng's command and leaving in succession, their minds became completely clouded with questions.

However, after seeing how Chu Feng dared to speak in such a manner to Bai Ruochen, and Bai Ruochen actually not doing anything about it, they managed to, more or less, realize that this Southern Cyanwood Forest's disciple was likely extraordinary. At the very least, he was very familiar with Bai Ruochen, because not a single disciple from the Ascension Sect dared to speak to Bai Ruochen in such a manner. Actually, it was because they did not have the opportunity to approach Bai Ruochen. After

hesitations and more hesitations, the Ascension Sect's disciples began to leave one after the other.

"Heh. Say, who do you think between the two of us will obtain the Commander Flag?" Chu Feng looked to Bai Ruochen with a beaming smile. His eyes displayed an expression as if his plans were already in motion.

"You'll be able to obtain the Commander Flag," replied Bai Ruochen with a tone of certainty. Without even bothering to think, she answered.

"What? How could you be this unconfident in yourself? This is unlike you." After hearing Bai Ruochen's response, Chu Feng displayed an expression of surprise. Inevitably, he was somewhat disappointed, as his evil plan was ruined.

Originally, Chu Feng wanted to take advantage of Bai Ruochen's pride and make a gamble with her so that he could extort some benefits from her. However, never did he expect that she would actually give such a response, ruining his evil plan completely.

Chapter 1117: Harassing Bai Ruochen

Bai Ruochen did not directly respond to Chu Feng. Instead, she first took a glance at their surroundings and, upon finding that there was no one near them, said. “Your eyes are very special. It is even more powerful than my investigation methods. As long as you decided to search for it wholeheartedly, and did not possess too much bad luck, then this year’s Commander Flag is most definitely going to be yours.”

“Eh...” At this moment, Chu Feng was speechless. Although his Heaven’s Eyes were very sharp, he had trained it to a state where others would find it very difficult to detect it. Yet, Bai Ruochen had managed to detect it. This was rather surprising to Chu Feng.

“Let’s go. I will not fight over your Commander Flag. However, if possible, I wish that after you find the Commander Flag, you could help me find a General Flag.” Suddenly, Bai Ruochen asked with a requesting tone.

“Yoh, you actually want my help? This is truly a rare occasion.” At this moment, the surprised expression on Chu Feng’s face became even more pronounced.

“I am standing at the same starting line as you right now. I also wish to be able to get a headstart compared to others. Although that hundred achievement points might not amount to much, rather than to allow another to obtain it, it is better for me to obtain it myself. Therefore, I am determined to obtain a General Flag. As the subsidiary powers we are from are in an alliance, you should naturally be helping me.” Bai Ruochen looked to Chu Feng with a very serious expression, using her beautiful pair of eyes.

“Alliance? You’re actually using that as a justification?” Chu Feng displayed a face of helplessness. He felt that he had been defeated by Bai Ruochen. With how serious her expression and words were, he truly had no grounds to refuse her.

However, a thought appeared in his mind. Chu Feng mischievously

laughed and said. "I have two conditions. As long as you can agree to one of them, I will help you."

"What conditions?" asked Bai Ruochen.

Chu Feng did not answer her. Instead, he displayed a shameless smile, and said with a very vulgar tone. "Let me kiss your little lips."

"You... shameless!" Hearing those words, Bai Ruochen's cheeks immediately turned red. At the same time, anger filled her eyes. Without saying another word, she waved her sleeve and proceeded to leave.

If it was anyone other than Chu Feng that had said these words to her, she would've already given that person two large slaps to the face. Even if she did not kill that person, she would make that person a cripple. To a woman like Bai Ruochen, what she could not stand the most was this sort of harassment.

"Haha..." Seeing this scene, Chu Feng started to laugh.

Actually, Chu Feng knew beforehand that Bai Ruochen would refuse him. After interacting with her for the previous months, Chu Feng found out that not only was Bai Ruochen's temperament very icy cold, she was also a girl determined to keep herself pure. A demand like the one that he had made, would most definitely be rejected by Bai Ruochen. Furthermore, it would also make her angry.

However, although he had already anticipated the result, he still found it to be very enjoyable to watch Bai Ruochen's intense reactions. After all, this was only a demand from him, and he did not actually do anything. Yet, it made Bai Ruochen this angry. This meant that Bai Ruochen was truly a very pure girl.

However, why was it that even though he knew this was going to happen, Chu Feng still decided to do it? Actually, this was all a trap laid down by Chu Feng so that Bai Ruochen would agree to his second demand.

Therefore, Chu Feng hurriedly caught up to Bai Ruochen and said. "It's fine for you to refuse that demand; I still have my second demand."

“Scram, I do not wish to speak with you.” Bai Ruochen was truly angry. At this moment, the redness of her face began to recede. However, the angry expression was still not lowered in the slightest.

“In that case, do you not wish to obtain a General Flag and get a headstart at the starting point?” Chu Feng asked with a beaming smile.

“There’s no need. Even without you, I am still able to obtain a General Flag. Who knows, perhaps I might even be able to obtain the Commander Flag,” said Bai Ruochen while gnashing her teeth in anger.

“Yoh, how come you’ve suddenly become this confident? Did you really think that you’ll be able to find them? From where I stand, it seemed that those three disciples from the Three Cyanwood Forests, and that Yuan Qing from the Orion Monastery, are not that easy to deal with,” said Chu Feng.

As Wang Yan and the others had inspected Chu Feng, it was only natural for Chu Feng and those with him to have inspected Wang Yan and the others. They knew about Wang Yan and the others’ identities and strength. Actually, the reason why Bai Ruochen asked for Chu Feng’s help was because of them.

After all, as this forest of stones was so enormous, strength would only play a part of the role in finding the flags. As for the other portion, it would be luck. If one did not possess absolute strength and heavenly luck, they might really miss out on the good opportunity, and have the flags obtained by others.

However, Bai Ruochen continued to ignore Chu Feng and proceeded to continue onward. One could tell that she was truly angered by Chu Feng. However, to Chu Feng, the appearance of Bai Ruochen being angry was rather rare and interesting. After all, no matter how one looked at a beauty, she would still be a beauty.

Thus, Chu Feng did not give up, and took out his shameless spirit that he would only use on beauties. He caught up to Bai Ruochen again and said. “My second demand is much more simple. You merely need to tell me your mother’s name.”

“What?” Hearing those words, Bai Ruochen was surprised. She stopped her footsteps and looked to Chu Feng with a confused expression. “Why do you want to know that?”

“No one knows about your mother’s name, making it a mystery. As it is so mysterious, I have also become curious about it.”

“However, if you really cannot tell me, then you can pretend that I have not mentioned these two demands of mine. With our relationship, I will actually help you without any conditions. Those words I spoke earlier, you can just think that I was joking around,” said Chu Feng while smiling.

“My mother’s name is Bai Suyan. Do not tell others about it. Also, do not tell anyone that it is me who told you her name. Even if my mother asked about it, you cannot tell her.” Bai Ruochen said these words to Chu Feng through voice transmission. After she finished saying them, she proceeded to continue forward.

“She’s also surnamed Bai? Could it be that Bai Ruochen is following her mother’s surname?” At this moment, Chu Feng began to ponder. The reason why he asked Bai Ruochen about her mother’s name was because he had sensed that Bai Ruochen and her mother were extraordinary people, and therefore wanted to know a bit more about this mother and daughter.

However, he only pondered for a moment before catching up to Bai Ruochen. With a very serious expression, he said to Bai Ruochen. “There is something that I must tell you.”

“What is it?” Seeing this, Bai Ruochen hurriedly asked.

“Your mother’s name sounds better than yours.” Chu Feng opened his mouth and spoke with mischievous laughter.

“There’s something wrong with your head.” Bai Ruochen stared at Chu Feng. The expression of displeasure that was originally gone from her face emerged onto her face once again. She knew that she was played a fool by Chu Feng.

“In that case, let me tell you another thing,” said Chu Feng.

“Not going to listen.” Bai Ruochen increased her speed.

As for Chu Feng, he chased after her and said. “However, you’re prettier than your mother.”

Bai Ruochen took a glance at Chu Feng; she did not respond to him and continued onward. However, her expression became a bit better.

Seeing that, Chu Feng continued to pursue her. With a beaming smile, he said. “Truly, even during the time when your mother’s beauty is at her greatest, she would definitely be inferior to the current you.”

“Senseless.” Bai Ruochen gave Chu Feng a side eye. However, the annoyed and displeased expression on her face was completely gone now. It was so much so that her gaze seemed to have become many times gentler.

Women were such creatures. Regardless of whether they were pretty or ugly, they wished that others would praise them. Of course, one must also consider who the person speaking those words was. For some people, their praise would only make a woman be fed up with it. However, for some other people, their praise would make a woman burst with joy. As for Chu Feng, he was obviously the latter.

“Buzz~~~~~”

Right at this moment, the surrounding space suddenly started to violently tremble. A powerful ripple was rapidly charging toward the two of them from behind.

At this moment, both Chu Feng and Bai Ruochen stopped their footsteps and turned their heads behind to look. They discovered four silhouettes flying over with powerful oppressive might. In a blink of an eye, the four people stopped before them.

These four individuals were precisely the hottest candidates for obtaining the Commander Flag in this Commander Contest: Wang Yan, Jiang Hao, Huang Juan and Yuan Qing.

Chapter 1118: Scum

At this moment, the eyes of Wang Yan, Jiang Hao, Yuan Qing and even Huang Juan were shining. That was because at such a close distance, the beauty of Bai Ruochen appeared even more flawless and perfect, infatuating men and shaming women.

“I am Wang Yan, may I know of your name, miss?” At this moment, Wang Yan’s eyes were shining like a wolf seeing a sheep. Unable to contain himself, he even secretly gulped down a mouthful of saliva. One could see how charmed he was by Bai Ruochen.

However, while he might be charmed, he did not express it too excessively. Instead, he cupped his hands and greeted Bai Ruochen respectfully, displaying himself to be an elegant, upright gentleman.

“What are you pretending for? Didn’t you already know that Miss Bai’s name is Bai Ruochen? To ask while you already know the answer, are you not a bit too shameless?” Never would Wang Yan ever have expected that, upon asking that question, Jiang Hao would stand out and scold him in order to obtain a favorable impression of Bai Ruochen, while also attacking his love rival.

At this moment, Wang Yan was stunned. No matter what, he and Jiang Hao had known each other for many years. On the surface, the two of them were brothers, with a very good relationship.

Never did he ever imagine that Jiang Hao would be such a demented person, placing a woman before his brother. Not only did he not assist him, he actually exposed and attacked him before Bai Ruochen.

This had truly caught Wang Yan off guard, filling his stomach with resentment. If it wasn’t for the fact that Wang Yan possessed quite a profound cultivation, then he would’ve likely already vomited a mouthful of blood and been angered to death by Jiang Hao’s conduct.

As for Jiang Hao, he did not hold the slightest sympathy for Wang Yan, who was placed in an embarrassing and stunned state. He completely disregarded their relationship of brothers and hurriedly seized the decisive

opportunity to cup his fist respectfully to greet Bai Ruochen.

He said. "It is a pleasure to meet you, Miss Bai. My name is Jiang Hao. Say, this is such a vast place, for us to be able to encounter each other in this place, it must truly be fate."

"Fate, my ass. Clearly you have followed them the entire time, and then asked the disciples of the Ascension Sect for directions, in order to catch up to Miss Bai." At this moment, a moment to retaliate finally arrived for Wang Yan. With a consciousness of striking back at he who refused to uphold brotherhood, he exposed Jiang Hao's crimes.

"Wang Yan, you... what gives you the right to say that about me? Are you not the same? Otherwise, how did you catch up to Miss Bai then?" refuted Jiang Hao in anger.

"Indeed, I have followed her. However, I did it fair and square, openly and honorably; unlike you. You have clearly followed Miss Bai stealthily, yet you shamelessly declare it to be fate. What a bunch of crap, have you no shame?" Wang Yan opened his large mouth and spit out a mouthful of phlegm. Earlier, Jiang Hao had embarrassed him. Now, he would be returning everything with interest.

"Damn you, Wang Yan..." As the phlegm flew from Wang Yan's mouth, if Jiang Hao did not have a fast reaction speed, and dodged in time, the phlegm would've landed directly on his face. This caused Jiang Hao to become furious. He extended his palm and grabbed toward Wang Yan; he wished to fight him.

As for Wang Yan, he was not to be outdone. These two brothers for many years were actually going to fight one another for a woman.

"Hah. Junior sister Bai, I am truly sorry for the embarrassment. The temperaments of these two senior brothers of mine is rather hilarious. I truly hope that you do not take offense. Actually, the reason we have come here is for no other intention than to try to get to know junior sister Bai, since we are all going to become disciples of the Cyanwood Mountain." Right when Jiang Hao and Wang Yan were quarreling with one another, Yuan Qing seized the opportunity and politely spoke with Bai Ruochen.

Bai Ruochen's gaze was originally attracted by Wang Yan and Jiang Hao who were fighting one another. However, after hearing what Yuan Qing said, her gaze shifted to him.

Seeing Bai Ruochen looking at him, Yuan Qing immediately felt his mind become much clearer. He hurriedly greeted her with a refined and courteous appearance. "I am Yuan Qing, it is my pleasure to meet junior sister Bai."

Huang Juan beside Yuan Qing was surprised by his actions. As for Wang Yan and Jiang Hao who were quarreling, they were both stupefied by Yuan Qing. They all realized that they had underestimated him.

From the actions Yuan Qing had made earlier, they were all able to tell that he had some skill around girls. Furthermore, his skill was many times superior to Wang Yan and Jiang Hao's.

Actually, neither Wang Yan nor Jiang Hao had any skill at all. They had relied on the fact that they were geniuses. With countless girls wanting to be with them, they merely needed to say a single word for a girl to sleep with them. There was simply no need for them to use any skill in wooing a girl at all. Therefore, they did not know what was required to receive a girl's liking.

However, upon seeing Yuan Qing's actions, they immediately realized that Yuan Qing was most definitely an expert with girls, a true immoral and despicable person.

However, right at this moment when everyone felt that Yuan Qing would gain Bai Ruochen's favorable impression, a shocking scene occurred. An icy coldness suddenly appeared in Bai Ruochen's eyes. With an expression of disdain and being fed up, she took a glance at Yuan Qing and turned around to leave without saying a single word.

Fuck off; what does it mean to be told to fuck off? This was what it meant to be told to fuck off.

There were women that would pretend to be proud and disguise themselves to be inviolable goddesses before ordinary men, even looking down upon them with disdain. However, before men with strength, their

original identity would be fully revealed.

But as for Bai Ruochen, she was completely different. To ordinary men, she would be very cold toward them, giving off the sensation of a very out-of-reach distance between them. However, when faced with men with strength, not only would Bai Ruochen not change her attitude toward them, she would instead become even colder. This was something that one could tell from her attitude toward Yuan Qing, Wang Yan and Jiang Hao.

As he watched Bai Ruochen's back as she left, Chu Feng felt honored. At this moment, he truly realized how deserving of joy it was for him to be able to converse with her at such a close distance.

Although it could not be said that he and Bai Ruochen were intimate with one another, he could, at the very least, talk and laugh with Bai Ruochen, and joke around without any regard. However, for Yuan Qing and the others, they did not even have the qualifications to speak with Bai Ruochen. Upon comparing himself to them, Chu Feng immediately felt that he was blessed.

While Chu Feng was feeling blessed, Yuan Qing, Wang Yan and Jiang Hao were stupefied. They felt a deep sense of defeat, as if they had been kicked into the boundless abyss.

What sort of situation was this? Their names were known throughout the entire Cyanwood Domain, causing countless women to submit to these geniuses. For the purpose of obtaining a good impression from Bai Ruochen, they had even started a battle among brothers. Yet, what sort of reaction did this Bai Ruochen give them? She actually did not even bother to pay any attention to them and left. This was truly too great of a shock to them.

Unreconciled, truly unreconciled. Especially Yuan Qing, he had thought of a hundred different reactions that Bai Ruochen might give, but had never thought of this one.

"Junior sister Bai, did this Yuan Qing do something wrong that offended junior sister Bai?" Unwilling to back off, Yuan Qing asked.

After Yuan Qing said those words, Bai Ruochen stopped her steps. She

turned around and spoke a sentence indifferently. “Since you’ve asked, I’ll give you an answer.”

“Remember, you all are to not to talk to me in the future, because I do not have the time to waste on scum like you.”

Chapter 1119: Overestimating Your Abilities

After Bai Ruochen said those words, she immediately turned around and continued to go on her way.

However, Wang Yan, Yuan Qing and Jiang Hao felt as if a ten thousand catty sledgehammer appeared from the sky and smashed directly onto their heads. At this moment, their minds were completely blank, with only a single word echoing through them.

Scum, scum, scum, scum...

Scum? They believed themselves to be elegant and graceful geniuses, the object of admiration for many women, the object that many men bowed down to. Yet, they were actually being called scum by someone.

If it was said that Bai Ruochen's action before had shocked them, then the words spoken by her just now were something that they could not accept.

"Hahaha, scum, so the three of you actually have such a nickname too." At this moment, Huang Juan was laughing in amusement. However, her laughter was truly vile, and even appeared to be adding fire.

Actually, at this very moment, the extremely conceited Wang Yan, Jiang Hao and Yuan Qing had all become angry. If it was another woman who called them scum, then not only would the three of them immediately curse back at her, they might even start to directly attack her and rape her.

However, the woman standing before them was Bai Ruochen. Although her words were extremely repulsive, just by looking at her beautiful back before them, the three of them were unable to urge themselves to do anything too excessive.

"Chu Feng, get away from junior sister Bai Ruochen." Right at this moment, Yuan Qing suddenly shouted angrily. As he did not dare to do anything to Bai Ruochen, he shifted all of his rage onto Chu Feng.

“Yoh? Yuan Qing, you’re actually still alive?” To Yuan Qing’s great surprise, Chu Feng suddenly said those words after he turned around.

“What?” Those words spoken by Chu Feng not only confused Yuan Qing, it also confused Wang Yan, Jiang Hao, Huang Juan and even Bai Ruochen.

‘You’re actually still alive?’ Was Chu Feng implying that Yuan Qing should be dead?

At this moment, only Chu Feng knew about the intention behind his words, as the person who had triggered the Ancient Era’s Immortal Needle was him, and not Yuan Qing.

For what reason did Chu Feng allow Yuan Qing to pretend so openly that it was he who had triggered the Ancient Era’s Immortal Needle?

It was because he was suspicious, and feared that the Ancient Era’s Elves would do something to the person who triggered the Ancient Era’s Immortal Needle. Thus, he decided to allow Yuan Qing to continue on with his lie and take on the honor of being the person who had triggered the Ancient Era’s Immortal Needle for the time being. In short, Chu Feng wanted Yuan Qing to become his shield.

However, several months had passed since the triggering of the Ancient Era’s Immortal Needle. Yet, Yuan Qing was still alive and kicking. This meant that the Ancient Era’s Elves did not do anything to Yuan Qing. Otherwise, with the methods of the Ancient Era’s Elves, Yuan Qing ought to be dead already.

Thus, when Chu Feng saw Yuan Qing, he was actually secretly delighted. He felt that if the Ancient Era’s Elves wanted to kill Yuan Qing, they would’ve already done so. Since Yuan Qing was still alive, it meant that the Ancient Era’s Elves were willing to let him live.

Since Yuan Qing was fine, it meant that there was no need for him to continue on with the honorable title of the person who triggered the Ancient Era’s Immortal Needle; it was time for Chu Feng to take back what was originally his. Thus, Chu Feng said. “If I were you, I’d be enjoying my current lifestyle to the fullest, instead of trying to stir up trouble everywhere and womanizing others.”

“What do you mean by that?” Seeing that Chu Feng not only did not answer his question, he instead said such unfathomable words, Yuan Qing became even more angry.

“You will understand what I mean soon.” Chu Feng smiled lightly and then turned around. Intimately, he patted Bai Ruochen’s shoulder and then, with a voice that was not loud, but was extremely clear to the ears of everyone present, said. “Lil Sis Ruochen, let’s go.”

When Chu Feng did this action and said those words, Yuan Qing, Wang Yan, Jiang Hao and even Huang Juan’s expression changed. An indescribable expression appeared on their faces.

Actually, at this moment, even Bai Ruochen was frowning. However, she did not say anything. Instead, she sped up her movement and used a movement martial skill to rapidly disappear from everyone’s line of sight.

After Bai Ruochen left, Chu Feng turned around and displayed a provocative and disdainful smile to Yuan Qing. “Treasure what is before your eyes. Your happy days will not last for much longer.” After saying those words, Chu Feng’s body moved, and he rapidly chased after Bai Ruochen.

At this moment, Yuan Qing, Wang Yan and Jiang Hao’s lungs were about to explode, and their intestines were about to break from rage.

The goddess of their hearts, Bai Ruochen, had called them scum and was unwilling to even speak with them.

Yet, that trash disciple from the Southern Cyanwood Forest not only called Bai Ruochen ‘Lil Sis,’ he even dared to touch Bai Ruochen’s sacred body with his filthy hand.

Most importantly, Bai Ruochen did not actually display an antipathic expression or any unwillingness toward Chu Feng’s actions. It was as if she was accepting them. Could it be that this Bai Ruochen was together with that trash Chu Feng?

When they thought of this point, the three of them did not dare to think any further. One by one, they clenched their fists. The urge to chop Chu

Feng into eight pieces, skinning him and pulling his tendons out, appeared in their hearts.

“This guy by the name of Chu Feng is truly deserving of death.” In extreme anger, Yuan Qing, Wang Yan and Jiang Hao said those words simultaneously.

“What, could it be that the three of you are feeling jealous?” Seeing this, Huang Juan laughed and added oil to fire.

“Jealous? How could he be worthy of our jealousy?” Hearing those words, the angry expression on Yuan Qing, Wang Yan and Jiang Hao’s faces became even more pronounced.

“Yoh yoh yoh, why are you all acting this angry toward me? It’s not me who called you three scum. If you have the skill, then go and find that Bai Ruochen.” Huang Juan cast a side-eye at the three of them. After that, she flew away.

However, before she left, she said. “However, I feel that Chu Feng is pretty extraordinary. Just by the fact at how unafraid he is, and his attitude of not putting any of you in his eyes, I know that guy possesses some skills.”

“I advise the three of you to not go and provoke him, because the most frightening thing you can do, is to provoke someone you don’t know.” After saying those words, Huang Juan left.

However, Huang Juan’s advice was not taken to heart by Yuan Qing, Wang Yan or Jiang Hao at all. That was because the three of them didn’t believe Chu Feng to be powerful at all. Instead, they felt that he was useless trash.

“Brother Yuan Qing, we have countless opportunities to take care of that Chu Feng after we enter the Cyanwood Mountain. What we should do now is to use the time to search for the flags. As we do not know where the flags are hidden, it is better that we operate separately to search for them. I shall be taking my leave first.” Wang Yan cupped his fist respectfully and then left.

“Brother Yuan Qing, take care.” Immediately after Wang Yan left, Jiang Hao also left.

At this moment, only Yuan Qing remained. The angry expression in his eyes was not reduced in the slightest. His eyes were fixed onto the direction that Chu Feng and Bai Ruochen left in. Suddenly, his body moved; he began to follow Chu Feng and Bai Ruochen.

Chu Feng and Bai Ruochen were flying alongside one another. Due to the fact that the two of them had to inspect practically every stone before their path, their flying speed was not very fast.

“It seems that an ingrate is following us.” Suddenly, Bai Ruochen’s beautiful eyebrows frowned slightly. A displeased expression appeared on her pretty little face.

“Go on before me. Proceed toward the depths. Take this with you, I will go and find you later.” Chu Feng handed Bai Ruochen a talisman paper with symbols imprinted on it. This was a Tracking Talisman. Carrying it, Chu Feng was able to tell where Bai Ruochen was and easily follow after her.

“Do not be too excessive. Just so-so will do. After all, we are in the territory of the Cyanwood Mountain.” Bai Ruochen seemed to understand what Chu Feng’s intention was. She received the Tracking Talisman and continued to proceed onward. Soon, she disappeared into the distant stone forest.

At this moment, Chu Feng turned his head around. As he sensed the aura that was approaching him, a strange smile appeared on his face. “Overestimating your abilities and courting death.”

Chapter 1120: Violently Beating Yuan Qing

“This Chu Feng is truly daring beyond belief. He actually dared to stay behind by himself. Did he truly think that I would not dare to do anything to him?”

At this moment, Yuan Qing was sensing Chu Feng and Bai Ruochen’s auras and discovered that Chu Feng stopped while Bai Ruochen continued onward. The viciousness of his expression became denser.

The reason why he had chased after them was for nothing more than finding an opportunity to teach Chu Feng a lesson. As Chu Feng had publicly embarrassed him many times, he was truly unable to contain his anger, and felt that he must teach Chu Feng a lesson.

Although he had experienced Chu Feng’s might in the Ancient Era’s Immortal Pond and knew that Chu Feng was not someone to be underestimated, because the Orion Monastery had spent a great deal of resources on increasing his cultivation, he was now a rank three Martial King with a strength much stronger than back then.

Adding on his increased self-confidence, he practically felt that he would be able to violently beat down on Chu Feng. He even felt that not even Wang Yan, Jiang Hao and the others would be a match for him.

“Something’s wrong. This guy shouldn’t have discovered me or know that I’m following him. He most definitely only separated himself from Bai Ruochen. Ha, truly trash. However, this is better.”

Right at the moment when Yuan Qing was about to reach Chu Feng, he discovered that Chu Feng’s aura started moving. Furthermore, his speed was extremely fast. This caused him to think that he had not been discovered, and that Chu Feng had merely decided to separate from Bai Ruochen.

As Yuan Qing hated Chu Feng to the depths of his bones, he would naturally not care about whether Chu Feng discovered him or not. Thus, without thinking about anything, he immediately began to follow Chu Feng.

While he was completely focused on chasing after Chu Feng, and thinking about how to take care of him, he did not notice that Chu Feng was not moving deeper into the stone forest, but was instead moving toward a place with practically no one there.

“Strange, where’d he go?”

Finally, Yuan Qing managed to catch up to Chu Feng. However, when he arrived at the location where Chu Feng should be at, his expression changed. That was because right before he arrived, he had clearly sensed Chu Feng’s aura. Yet, when he arrived, Chu Feng was nowhere to be seen. He was unable to even detect Chu Feng’s aura.

“Fuck, could it be that I’ve been played for a fool?” At this moment, Yuan Qing entered a violent rage. Heedless of the consequences, he began to expand his spirit power and frantically search for Chu Feng.

“Buzz.” Suddenly, the surrounding color of the sky began to change. Turning his head to look, Yuan Qing discovered that an enormous spirit formation was closing in on him from all sides. In the end, it trapped him fully within it.

“Humph, insignificant talent.” Seeing this scene, Yuan Qing snorted coldly. He raised his hand into a fist and violently smashed his arm. A loud ‘bang’ echoed as a violent king-level martial power shot out from his arm and onto that spirit formation.

However, even after that king-level martial power turned into a violent ripple that spread throughout the golden spirit formation, there was actually not the slightest damage to the golden spirit formation.

“How is this possible? This spirit formation is actually this tough?” At this moment, Yuan Qing’s expression changed; he began to frown.

He was a world spiritist himself, and possessed strong spirit energy. Before he used his martial power to attack, he had first sensed the toughness of the spirit formation and determined that his attack was enough to shatter it.

However, to his great surprise, he was mistaken. What he sensed was

actually wrong, and this spirit formation was much tougher than he expected. Not to mention the attack he had used earlier, it was likely that it would be very difficult for him to break the spirit formation apart even if he used his strongest attack.

“Zzzzzzz.”

Right at this moment, the sound of lightning was suddenly heard from behind Yuan Qing. Turning his head to look, Yuan Qing’s expression made a huge change. He saw that there were many thick bolts of lightning interweaving with one another, swaying left and right like a divine dragon as they approached him.

Furthermore, on the other side of the lightning dragon was a figure. It was a person wearing a black gown and a mask. His body was covered with lightning armor, and on his back was a pair of lightning wings.

This person’s disguise was done excessively well. It was simply impossible to determine his appearance. From afar, he seemed like an embodiment of lightning. However, what could not be denied was that this person’s aura was extremely powerful. Although both Yuan Qing and he were rank three Martial Kings, the sensation of his aura was enough to crush Yuan Qing’s completely.

“Wuuwaa.”

At this moment, Yuan Qing wanted to dodge the incoming lightning dragon. However, he did not have the chance to do so at all. The lightning dragon turned into numerous lightning serpents and, like ropes, they completely covered him from all directions.

At the same time, layers upon layers of oppressive might entered into his body from the lightning serpents that bound him. The power of the lightning struck his body numb and paralyzed. Even though he was a cultivator with a rank three Martial King cultivation, he was unable to use it at all, like a cripple.

However, right at this moment, a scene that was unimaginable to Yuan Qing occurred. The lightning serpents turned into tentacles, and stripped his clothes away from his body. In no time at all, they stripped him

completely naked, turning him into a naked man bound by lightning serpents.

“Buzz.” However, what brought about the most worry to Yuan Qing was that the embodiment of lightning that stood in the distance was actually holding a lightning whip in his hand.

Flustered, Yuan Qing spoke out. “Who are you? Why are you doing this to me?”

“Paa.” To his surprise, not only did that man ignore him, he even waved his arm and smashed the lightning whip onto his face.

“Eeehhhaaa~~~” As the lightning whip passed through his face, half of Yuan Qing’s cheek was lacerated. Blood splattered out from the wound as half of his facial bones were broken to pieces. This sort of pain caused Yuan Qing to immediately start screaming non-stop.

“Fuck, you actually dare to hit me for real? Do you know who I am? I am a core disciple of the Cyanwood Mountain! For you to hit me, the Cyanwood Mountain will not let you get away with it!” After screaming in pain, Yuan Qing began to rain curses upon the embodiment of lightning.

However, to his great surprise, the curses and threats did not scare his opponent at all. Instead, his torture was only beginning. After the first whip, the second whip, the third whip and countless more whips landed onto his body, causing it to be filled with bruises and cuts. “Stop whipping me, stop whipping me. I beg of you, please stop whipping me.” With his body covered in blood, and his bones shattered by the whipping, Yuan Qing was finally unable to endure it anymore and began to beg for forgiveness.

The whip was truly too monstrous. Not only did it give Yuan Qing physical pain, it was actually able to enter deep into his bones, and even his mind. The whipping was like countless blood-sucking bugs eating his entire body and even his mind. This sort of sensation was truly unbearable.

Unfortunately for him, no matter how much he begged, the whipping did not stop. Instead, it only became fiercer and fiercer. Only when Yuan

Qing lost consciousness did the whipping stop.

When Yuan Qing fainted, the lightning serpents that bound him also began to dissipate. At this moment, that embodiment of lightning finally displayed his appearance. Surprisingly, this person who violently whipped Yuan Qing was actually Chu Feng.

Chu Feng removed the mask that covered his face, as well as the black gown that he had worn to conceal himself. He looked at Yuan Qing, who had long since become unrecognizable, and displayed a cold smile. He said, "This is a small lesson for you. As for the true punishment, it will be coming later."

After finishing those words, Chu Feng fed Yuan Qing a medicinal pellet, helped him recover his injuries, and put his clothes back on him.

The current Yuan Qing appeared to be exactly the same as before he had entered the spirit formation. One was simply unable to see that there were any injuries on him at all; he did not appear to be someone who had just been tortured at all.

After he finished doing all this, Chu Feng suddenly took out a bag, placed Yuan Qing into that bag and carried the bag on his shoulder. Only then did Chu Feng wave his sleeve and remove the spirit formation.

After removing the spirit formation, Chu Feng inspected his surrounding. When he discovered that there was no one in his surroundings, he started to move. Carrying the large sack that contained Yuan Qing, he proceeded to the depths of the stone forest. No one knew what he was planning to do.

Chapter 1121: Discovering the Flags

At this moment, Chu Feng was carrying the sack with Yuan Qing in it and rapidly flying toward the deepest region of the stone forest to find Bai Ruochen.

As Chu Feng had promised the girl that he would help her obtain a General Flag, he was determined to keep his promise. However, Chu Feng's eyes suddenly shone, and he abruptly stopped.

At this moment, Chu Feng's gaze was fixed upon a fifty meter-tall mountain-like stone. Using his Heaven's Eyes to inspect it carefully, Chu Feng became more and more emotional. In the end, his eyes started to shine with light, and an indescribable happiness appeared on his face.

"Although I thought that I would be able to obtain the Commander Flag, I never thought that I would be able to have a chance encounter with it here." At the moment, Chu Feng was truly overjoyed and extremely emotional.

Chu Feng had surprisingly discovered that the spirit formation on this enormous stone was very special, and a very extraordinary energy was leaking from within it. That sort of sensation was something that he had never felt from any other stone.

Before they had come to this forest of stone, the Ascension Sect's sectmaster, for the purpose of assisting them in obtaining the Commander Flag or General Flags, had told Chu Feng and the others what was different about stones that contained flags.

Although what the Ascension Sect's sectmaster told them was extremely vague, and it was up to the individual to determine how much of the difference they could sense, Chu Feng was certain that not only did this stone before him contain a flag, it was also the most precious Commander Flag.

After determining that it was the Commander Flag, Chu Feng did not hurry to create a spirit formation to remove the spirit formation on the stone, and instead created a concealing spirit formation around it, causing

the stone to appear to be the same as other stones. After that, Chu Feng left this place.

As for why he left, it was naturally to find Bai Ruochen.

After Chu Feng discovered the Commander Flag, he no longer had any interest in any of the other stones. Thus, on his way to find Bai Ruochen, Chu Feng did not bother to inspect any other stones. This led to an increase in Chu Feng's speed.

In this sort of circumstance, Chu Feng arrived at the depths of the stone forest in no time. There were a lot of people in the depths of the stone forest. Although it could not be considered to be a vast crowd, one could see people placing spirit formation techniques to break apart the seals on the stones all over.

However, because Bai Ruochen carried Chu Feng's tracking talisman with her, Chu Feng was able to determine her position even with all these people around him. However, after Chu Feng arrived beside Bai Ruochen, he discovered three familiar faces near her.

They were Wang Yan, Jiang Hao and Huang Juan. However, the three of them were not conversing with one another. Instead, they were carefully inspecting twenty stones.

At the same time the three of them were inspecting those twenty stones, there were many people around them that looked at those twenty stones with drooling faces.

However, as if they feared the existences of Wang Yan, Jiang Hao and Huang Juan, those people only dared to watch from afar, and did not approach them.

"Ruochen." Chu Feng suddenly shouted, breaking the serenity of this place and causing practically everyone to cast their gaze at him.

When they saw Chu Feng, everyone displayed a shocked expression. When they heard how intimate Chu Feng greeted Bai Ruochen, the crowd was shocked.

At this moment, Wang Yan and Jiang Hao subconsciously displayed

expressions of displeasure. However, the two of them did not bother with Chu Feng, and instead continued to inspect the twenty giant stones. It was as if the twenty stones were even more attractive than Bai Ruochen.

“Can’t you be more uniform in the way that you address me?” When she saw Chu Feng, Bai Ruochen frowned. During the time Chu Feng had gotten to know Bai Ruochen, his address for her had already changed from Miss Bai to junior sister Bai and now to Ruochen. It had changed three times now, and become more and more intimate and dubious every time. However, while Bai Ruochen was feeling uncomfortable because of that, she did not oppose it greatly.

“Heh, I only felt that our relationship is getting closer, and thus called you out by your name subconsciously. That being said, it’s only a way to address you. There’s no need for you to mind it this greatly, no?” said Chu Feng with a beaming smile.

“Do whatever you want. Oh, that’s right, what is it that you’re carrying on your back?” Bai Ruochen cast her gaze to the large sack on Chu Feng’s back.

This sack was naturally the one that contained Yuan Qing. However, this sack had also gone through a special treatment that caused it to not show the shape of the thing inside, and also blocked spirit power from inspecting what was inside.

Looking from the surface, one could only tell that Chu Feng was carrying a large sack. However, they would not be able to know what was in the bag. As people of their cultivation all possessed cosmos bags to carry their items around with them, Chu Feng carrying around a sack behind him caused others to become confused.

“It’s nothing more than some trash.” Chu Feng laughed mischievously. Then, he casually turned his gaze to the twenty stones and asked. “What’s wrong, do you have no idea what to do with them?”

“You can tell?” Hearing those words, Bai Ruochen’s expression changed slightly; she displayed a slightly surprised expression while also displaying an ‘as expected’ expression.

“Of course. Special spirit formations were placed on these twenty stones. Furthermore, the spirit formations on them could confuse one’s sensitivity.”

“To speak in simple terms, these twenty stones will give a sensation of flags being hidden inside. However, the spirit formations on them are extremely powerful. If one wanted to open them, one would have to spend a very long time doing so.”

“If the selection is right, then one’s harvest will be enormous. However, if the selection is wrong, one might miss a great opportunity and lose the timing to find another flag. Thus, all of you are here hesitating as to which stone to choose to open.” Chu Feng sent a voice transmission to Bai Ruochen. Those words were naturally not something that he could say openly. After all, it was not good for others to hear them.

“What you said is very true. Actually, it is not only you and I who saw the peculiarity of these twenty stones, many others have also seen it. However, earlier Wang Yan and Jiang Hao threatened the others. Thus, it ended up with the twenty stones’ selection being given to the four of us.”

“Of course, if you wanted to open the stones, they would have no choice but to step aside. If they refused, I believe they would not be able to stop you anyways.”

“However, what I’m worried about is not the rights to these twenty stones, but instead whether all of them might be fake. Even if there are flags among them, I am worried about what to do if I choose a wrong stone.”

“After all, the spirit formations on the stones are truly too powerful. If I wanted to open one, it would require at least a couple days. If I was to find that there was nothing in the stone after opening one, then it would truly be a wasted effort. After all, many things might happen in several days’ worth of time.” At this moment, Bai Ruochen seemed to truly not know what to do.

“Rest assured, of these twenty stones, three contain flags,” said Chu Feng.

“Truly?” Hearing those words, Bai Ruochen was immediately overjoyed. She hurriedly asked. “In that case, do you know which three stones might they be?”

“Of course, that one is one...” As Chu Feng said those words, he began to lift his arm. However, right at this moment, Chu Feng’s gaze flashed, and he stopped his movement.

Chapter 1122: Giving Bai Ruochen Pointers

Originally, Chu Feng wanted to point out a flag-containing stone to Bai Ruochen. However, right at this moment, he was surprised to discover that Huang Juan was closely staring at the stone that he was planning to indicate to Bai Ruochen.

Furthermore, Huang Juan was not only staring at it, she was also using a special method to examine that stone. It was obvious that she had taken note of that stone.

“Woosh.” Suddenly, Huang Juan released a boundless spirit formation technique. Like serpents, her spirit formation revolved around the stone and sealed it. At the same time, she sat down cross-legged and began to set up a spirit formation to break apart the seal on the stone.

Seeing Huang Juan’s actions, Wang Yan spoke. “Huang Juan, for you to act this hurriedly, be careful, you might’ve miscalculated.”

“That’s right. Only the four of us have a say in selecting the twenty stones here, no one is going to try to steal your portions.” Jiang Hao added. At the same time he spoke those words, he cast a glance at Chu Feng.

The hidden meaning behind his words was very obvious. These twenty stones were something that only the four of them could touch. Although Chu Feng had also come in here, he was not allowed to touch the stones.

“Even though it’s four people, it’s still a race against time. No one knows how many General Flags might be here, or if there’s a Commander Flag here at all.” Huang Juan cast a beautiful glance at Wang Yan and Jiang Hao. After that, she did not bother with them anymore. With a slight smile, she began to wholeheartedly focus on removing the seal.

“This Huang Juan seems to have some ability.” At this moment, Chu Feng sent a voice transmission to Bai Ruochen.

“Could it be that the stone that she chose possesses a flag?” asked Bai Ruochen.

“Mn, it’s a General Flag. However, the seal on the one that she chose is

relatively hard to remove. You should go and remove the seal on the smallest one over there. It should be a bit easier to remove.” This time around, Chu Feng did not use his hand to point toward the stone and instead only cast his gaze toward it.

Following Chu Feng’s gaze, Bai Ruochen saw the stone that he spoke of. It was indeed the smallest stone within the twenty stones. Furthermore, from its appearance, this stone should be the least likely candidate for having flags hidden within it among the twenty stones.

However, Bai Ruochen was no ordinary character either. Not only did she possess extraordinary insight herself, she also believed in Chu Feng’s vision. Thus, she nodded and said to Chu Feng. “Then, which one are you going to choose?”

“What I want is not here.” Chu Feng lightly smiled and said, “extend your hand, I’ll teach you a spirit formation that will allow you to remove the seal on the stone sooner.”

“Oh?” Hearing those words, Bai Ruochen was startled. She knew that Chu Feng’s target was most definitely the Commander Flag; and since Chu Feng said those words, it meant that what was here would be three General Flags and no Commander Flag. At the same time, Bai Ruochen extended her fair and delicate hand over to Chu Feng.

With her hand before her, Chu Feng did not hesitate. He grabbed onto Bai Ruochen’s hand with his own and extended a finger with his other hand; he began to draw a pattern on Bai Ruochen’s palm. While the pattern did not remain on her palm, it went through her palm and entered her mind.

At this moment, even Bai Ruochen started to frown. That was because she felt a bit confused; the spirit formation given to her by Chu Feng appeared to be somewhat unusual, and was different from the the spirit formation techniques that she knew. It could be said that Chu Feng’s spirit formation technique undermined the traditional structure of spirit formations.

“This guy is truly deserving to die.” At this very moment, Wang Yan and

Jiang Hao also noticed the actions between Chu Feng and Bai Ruochen.

From their point of view, Chu Feng's actions were truly deserving of being killed. Not only did he firmly grab onto Bai Ruochen's lily-white hand, he even drew on that exquisite hand with his filthy fingers. This was truly hard for them to tolerate.

However, a matter concerning their honor was of more important than the love between women and men. Their current mission was to quickly obtain a flag, thus they decided to not say anything to Chu Feng. After fiercely glancing at Chu Feng, they returned to observe the stones. At the same time, the two of them had already firmly remembered the hatred in their hearts.

"Well then, go on." Finally, Chu Feng's finger and his other hand were removed from Bai Ruochen's exquisite hand.

At this moment, a shocked expression filled Bai Ruochen's beautiful face. When she looked at Chu Feng, her gaze contained a whole new level of respect.

At the beginning, she was a bit doubtful because the spirit formation that Chu Feng was teaching her was really odd. However, she was now no longer skeptical, since she discovered the amazingness of Chu Feng's spirit formation. The seal removing spirit formation given to her by Chu Feng could simply be said to be a perfect match with the sealing spirit formation on the stone, being able to perfectly remove the seal.

"I wish you luck." After saying those words in a very thankful manner, Bai Ruochen's body moved, and she arrived before the stone indicated to her by Chu Feng earlier then began to set up the spirit formation taught to her by Chu Feng.

"Junior sister Bai, you actually choose this stone?" Seeing the scene before him, Wang Yan displayed a face of surprise.

"Junior sister Bai, it's not that I'm criticizing you, but that stone will have the lowest probability to contain a flag among the twenty stones here. It's better that you change to a different stone. Otherwise, it'll be equivalent to wasting your time." At the same time, Jiang Hao directly arrived beside Bai

Ruochen and began to advise against her choice of stone.

The two of them were sincere in their advice, because they both truly felt that this stone would have the lowest possibility of containing a flag. As they did not want Bai Ruochen to waste her time, they especially came up to her to advise her against it.

To their surprise, Bai Ruochen completely ignored them and began to wholeheartedly focus on setting up her spirit formation. In this sort of situation, Wang Yan and Jiang Hao would naturally not court another rebuff to themselves. Thus, the two of them left in succession.

Actually, when Huang Juan found out that Bai Ruochen had chosen the smallest stone, even she had cast her gaze over to her. When she saw that Bai Ruochen was really setting up a spirit formation to remove the seal on the smallest stone, Huang Juan also displayed a confused and surprised expression.

However, as it was, after all, something that was of no concern to her, she who disliked Bai Ruochen would naturally not go and advise her. Instead, a cold smile appeared on her face as she decided to sit tight and wait for Bai Ruochen's self-humiliation. At the same time, she began to accelerate the speed of her spirit formation; she wanted to make a clear-cut distinction between herself and Bai Ruochen to display her superiority.

"Buzz."

Right at this moment, Bai Ruochen's spirit formation was finished. Light shone all over, and ripples swept out in all directions. Even this region of space began to tremble.

"How could this be? She actually finished setting up a seal removing spirit formation this quickly? Even if this stone is the easiest among the twenty, it shouldn't be this fast. Exactly what sort of spirit formation did this girl set up for it to be this powerful?"

At this moment, the expression on Huang Juan's face, who had originally been planning to wait for Bai Ruochen's self-humiliation, took a huge change. It was not only her, both Wang Yan and Jiang Hao were also displaying expressions of shock.

That was because what Bai Ruochen did was not as simple as finishing her spirit formation. Instead, at this moment, her spirit formation was beginning to break apart the seal on that stone with very rapid speed.

Chapter 1123: Obtaining the Commander Flag

“Boom.”

At the moment when everyone was stunned by Bai Ruochen’s finished spirit formation, a most shocking scene suddenly occurred before their eyes. The stone that was covered with Bai Ruochen’s spirit formation actually released an explosive shockwave and then shattered.

“Buzz.” At the same time, a dazzling ray of light soared into the sky and into the clouds. Following that ray of light, numerous ripples appeared.

The ripples were extremely wondrous. They did not contain a large amount of energy, and appeared to not even be able to create a wind that could move grass. However, the ripples were capable of conveying a message. As for the message, it was two words: General Flag.

“Are you kidding? Could it be that she succeeded?” Seeing the dazzling light and feeling the message that flashed through their minds, everyone felt a sense of disbelief. After all, the speed with which Bai Ruochen had broken the seal was truly too fast.

At a time when people were doubting, the beam of light began to slowly wane. When the light completely disappeared, a large banner appeared in the center of the shattered rock.

“Heavens! It’s really a General Flag!!!”

After seeing the banner, everyone was stupefied. That was because the banner before them was not an ordinary banner. On the fluttering banner was a dazzling golden word: General!

That’s right, it was the General Flag. What appeared before the crowd’s eyes at this moment was a General Flag.

Although they had already guessed that there would be a General Flag or flags within the twenty stones present, they were still extremely surprised and emotional when they saw a General Flag appearing before their very

eyes. Not only would a General Flag bring about a large amount of rewards, it was also an honor to obtain one.

Furthermore, Bai Ruochen displayed exceptional foresight and chose the stone so accurately. Then, using an awe-inspiring speed, she broke the spirit formation seal on the stone to obtain the General Flag within it. Such a display inevitably caused the people present to gasp with admiration.

At this moment, Bai Ruochen was overjoyed too. She ignored the views that the crowd currently had of her and opened her lily-white hands to grab the General Flag. As the General Flag flickered with light, she placed it into her Cosmos Sack.

After she finished all of these, a fascinating smile appeared on Bai Ruochen's face as she turned her gaze to where Chu Feng was.

However, when her gaze turned to where Chu Feng should've been, she was surprised to discover that Chu Feng already disappeared. Furthermore, she was unable to sense Chu Feng's aura in the surrounding area at all. It was evident that Chu Feng already left.

Actually, Chu Feng left immediately after he taught Bai Ruochen the seal breaking spirit formation. That was because as long as Bai Ruochen did as he said, he could guarantee that she would obtain the General Flag.

Thus, at this time, Chu Feng was flying toward the direction of the Commander Flag. After all, as he had finished helping Bai Ruochen, it was now time for Chu Feng to take care of his own business.

"Win or lose, it all ends here. I hope I didn't make an error in judgement."

Finally, Chu Feng arrived before that enormous stone. For the sake of not being disturbed by others, Chu Feng deliberately cast a concealing spirit formation around both himself and the enormous stone.

After that, he began to set up his spirit formation. Chu Feng was able to tell that although the stone appeared to be ordinary on the surface, the spirit formation seal on it was actually extremely exceptional. Even for

Chu Feng, it would take him quite some time to break the spirit formation seal; at the very least, it'd take him two days.

However, the spirit formation Chu Feng taught Bai Ruochen was able to break the spirit formation seal on the stone in merely a short period of time. From this, one could tell how hard it was to break the spirit formation seal on this enormous stone.

Thus, although Chu Feng was certain that the Commander Flag was hidden within this stone, he was still a bit worried; as the saying goes, better safe than sorry.

However, since he decided, he would not regret. Chu Feng began to directly create a spirit formation that covered the enormous stone and its giant spirit formation.

Time passed. In the short period of two days, many things occurred.

The three General Flags appeared in succession. Each and every one of the General Flags created a beam of light that soared into the sky as well as message ripples to inform everyone that they had been discovered, as well as where they had been discovered.

As for the people who obtained the three General Flags, they were, respectively, Bai Ruochen, Huang Juan and a man by the name of Nie Fan.

Bai Ruochen was the first to obtain a General Flag and also the fastest to obtain one. Thus, her famed name had already spread throughout the entire stone forest two days ago. Even people outside of the stone forest knew of her accomplishment. Thus, undoubtedly, she was the one with the most vigorous fame right now, the genius that was being discussed the most. There were even people who felt that Bai Ruochen's strength was above Wang Yan, Jiang Hao and Huang Juan.

Other than Bai Ruochen, the name of that man called Nie Fan was also spread throughout the region. This man from a second-rate subsidiary power, with the cultivation of a rank two Martial King, was clearly the dark horse in this year's Commander Contest.

Compared to Bai Ruochen, his origin was even more commonplace.

Furthermore, before he obtained a General Flag, no one knew that he was a rank two Martial King. He concealed his strength very deeply, and possessed a spirit formation technique that was no weaker than any of the others. This caused others to have no choice but to place him in their eyes.

Other than Bai Ruochen and Nie Fan, the renowned genius Huang Juan was overlooked by the others. As her fame was already well-spread, she was deemed to be expected even though she obtained a General Flag. On the other hand, if she failed to obtain a General Flag, it would instead be seen as unexpected.

Thus, this led to the equally famous Wang Yan, Jiang Hao and Yuan Qing becoming the focus of the crowd.

According to the rules, those who obtained a General Flag would not be allowed to break the seals on other stones. In other words, they no longer had the qualification to obtain the Commander Flag. Thus, the hottest contenders for the Commander Flag were Wang Yan, Jiang Hao and Yuan Qing.

Among the three of them, Yuan Qing was expected to have the highest hopes in obtaining the Commander Flag.

Right at the moment when the crowd was guessing who it was that would obtain the Commander Flag, Chu Feng successfully broke apart the seal on the enormous stone before him. “Boom.” Following a loud explosion, a golden light soared to the sky.

However, this light beam was over ten times the size of the beam of light from Bai Ruochen’s General Flag from two days ago. At the same time, a message containing ripples rapidly swept across the region.

The light beam lasted for quite some time without any indication of disappearing. However, Chu Feng was unwilling to wait anymore. Thus, in spite of the dangers, he directly entered the beam of light. Finally, on top of an enormous stone, Chu Feng discovered a banner. As for this banner, it was the Commander Flag.

“Heh, you’ve truly not wasted my efforts of the past two days.”

Holding the Commander Flag in his hand, Chu Feng was incomparably excited. After all, the Commander Flag possessed extraordinary significance. One must know that the purpose of this so called 'Commander Contest' was all for this 'Commander' Flag.

However, Chu Feng did not lose himself in joy after obtaining the Commander Flag. Instead, he immediately put the Commander Flag away, and opened the large sack on his shoulder. He then cast the still unconscious Yuan Qing onto the large stone where the Commander Flag used to be.

Yuan Qing was still unconscious even after two days' time because Chu Feng had given him a special medicinal pellet. Thus, the first thing Chu Feng did was feed Yuan Qing a medicinal pellet that could wake him back up.

After feeding Yuan Qing that medicinal pellet, a scheming smile appeared on Chu Feng's face. After that, Chu Feng's body moved and he left the dazzling beam of light.

Chapter 1124: Abnormal Reaction

“I’ll let you be complacent with yourself for a couple more days.” Seeing the beam of light that soared to the sky, the smile on Chu Feng’s face grew a bit wider. Chu Feng’s intention was actually very simple; he planned to temporarily give the credit of obtaining the Commander Flag to Yuan Qing.

When everyone felt that Yuan Qing was the person who obtained the Commander Flag, they would most definitely chase after him and flatter him. At that time, Yuan Qing’s pride would be brought extremely high. And, with Yuan Qing’s piss nature, he would most definitely borrow this opportunity to “take care” of Chu Feng, and maybe even offend others while doing that.

However, once the occasion arrived, Chu Feng would deprive Yuan Qing of all his glories. At that time, what sort of appearance would Yuan Qing have? If things went according to plan, then it could be described with a single word: miserable.

As the saying goes, the higher one flies, the harder one falls. As for Chu Feng, he wanted Yuan Qing to fall so deep and so hard that it would be tragic to watch.

Trash like Yuan Qing, not only did he pretend to be the person that triggered the Ancient Era’s Immortal Needle, he even dared to act in such a reckless and unruly manner. Furthermore, he would even gesticulate while talking to Chu Feng, the person who actually triggered the Ancient Era’s Immortal Needle. If Chu Feng did not make him fall so deeply and miserably, it would be unfitting of Chu Feng’s character.

“Woosh.” However, suddenly, Chu Feng’s eyes shrunk. At the same time, his expression made a huge change. He hurriedly turned around and shouted. “Who is it?”

However, when Chu Feng turned around in alarm to inspect the area behind him, he discovered that, other than some enormous stones, there was nothing else in his surroundings. When that happened, he began to

frown.

Just earlier, Chu Feng clearly sensed that someone was watching him from behind. Yet now, he was unable to see a single person, nor was he able to sense anyone's aura.

"What's happening? Could it be a misperception?" At this moment, Chu Feng began to ponder. He possessed a certain level of confidence in his perception, and was rarely ever mistaken.

Thus, this sort of circumstance only meant two possibilities. It would either be that Chu Feng was truly mistaken in his perception, or that an individual with extremely frightening cultivation had been watching Chu Feng in the shadows earlier.

"May I know which Senior it is, and whether Senior might be willing to show himself?" Upon thinking of the second possibility, Chu Feng hurriedly cupped his fist respectfully and asked with a very respectful tone.

After all, this place was the Cyanwood Mountain, a place with a Martial Emperor. It was very reasonable for there to be people that could escape Chu Feng's perception in this place. However, if such a person had truly shown up, then that person would most definitely be a Senior-tier expert of the Cyanwood Mountain, and therefore someone that Chu Feng must treat with respect.

However, after Chu Feng's respectful gesture, the only response he obtained was the whistling sound of the wind as well as the dazzling light from the discovery of the Commander Flag.

This sort of situation caused Chu Feng to feel truly helpless. After thinking about his scheme, he ended up having no choice but to quickly leave this place.

After Chu Feng left, many people were attracted to this place by the dazzling light emitted by the region containing the enormous stone. In the end, they arrived before the enormous stone that was emitting the dazzling light that soared to the sky and began to surround it.

Due to the fact that it was the light from the Commander Flag being obtained, the light lasted for a very long time. Even after a large crowd was attracted here, the dazzling light continued to shine.

“Heavens, someone truly managed to find the Commander Flag? I never would have imagined it to be in such a desolate place. This is different from the previous years.”

“That’s right. Isn’t the Commander Flag in the depths of the stone forest every year? Why would it be placed in such a remote region this year?”

“Compared to those, I believe we are more interested in who exactly it was that obtained the Commander Flag.”

At this moment, more and more people gathered in this place. From the several people at the very beginning, it was now several hundred people. Even Wang Yan, Jiang Hao, Huang Juan and Bai Ruochen were attracted over here.

After the three General Flags were discovered, the only thing that geniuses like them were looking forward to was the Commander Flag. And now that the Commander Flag appeared, they all wanted to know who exactly it was that obtained the Commander Flag this year.

At the moment when the crowd was guessing among themselves, Yuan Qing woke up from within the beam of light. Although he woke up, he was unable to move, and even unable to speak.

Thus, this led to him being able to clearly hear the discussion of the crowd outside. He already knew that he subconsciously obtained the Commander Flag.

However, he was not daring to believe, and not certain as to whether all of this was real or not. After all, he had gone to chase after Chu Feng and gotten beat up by a mysterious man earlier.

So how could he possibly have fallen asleep at this place with not the slightest injury on his body? Furthermore, he even obtained the Commander Flag. In that case, where was the Commander Flag? There was simply no trace of the flag beside him.

Was being badly beaten earlier a dream or was what was happening now a dream? All of this made Yuan Qing very confused.

“Buzz.” Right at this moment, the dazzling beam of light finally began to disappear. As the light disappeared, Yuan Qing also managed to finally regain his ability to move.

He hurriedly stood up and tidied his clothes. While he was not certain whether this might be a dream or not, he knew very well that even if it was a dream, he was determined to enjoy the glorious dream.

Thus, as the beam of light was disappearing before the gazes of the surrounding crowd, a figure began to gradually appear before the crowd. Everyone managed to immediately recognize that it was the well-renowned genius, the person who had triggered the Ancient Era’s Immortal Needle, Yuan Qing.

“Yuan Qing, it is indeed him. The person who obtained the Commander Flag is indeed him.”

“Heavens, it’s really Yuan Qing! He was able to find the Commander Flag in such a remote place, isn’t he a bit too amazing?” At this moment, the crowd immediately burst into an uproar, gasping in amazement and surprise. It was as if Yuan Qing obtaining the Commander Flag was something that they had all expected, something that was inevitable.

However, compared to the ordinary and simple crowd, traces of disappointment and displeasure appeared on the faces of Wang Yan and Jiang Hao.

After all, the two of them did not treat Yuan Qing to be an actual friend of theirs. From the bottom of their hearts, they hoped that they would be able to obtain the Commander Flag. Yet, before their eyes, it was Yuan Qing who obtained the Commander Flag. This led to their hearts feeling extremely displeased.

“How could it be him?” At this moment, Bai Ruochen was frowning. She was different from Wang Yan and Jiang Hao; no matter how unhappy Wang Yan and Jiang Hao were due to Yuan Qing obtaining the Commander Flag, the two of them already accepted this to be fact.

However, Bai Ruochen was completely different. In her heart, she felt that only a single person would be capable of obtaining the Commander Flag. As for that person, it was Chu Feng. Yet, how could it be Yuan Qing who obtained it instead? Could it be that Yuan Qing truly possessed strength even stronger than Chu Feng?

“Brother Yuan Qing, congratulations on obtaining the Commander Flag with the greatest reward.” At this moment, Wang Yan, Jiang Hao, Huang Juan and the others all walked forward to congratulate Yuan Qing.

Faced with their congratulations, Yuan Qing was startled. He thought in his heart, “This feels so real, could it be that this is not a dream? But then, how did I fall asleep, and how did I come to this place? Also, where is the Commander Flag?”

It could be said that countless thoughts were running through Yuan Qing’s mind at this moment. While he did not understand how the situation came about, he still displayed a joyous expression and cupped his fist with a smile in return for the courteous congratulations from the crowd. He accepted that it was he who truly obtained the Commander Flag.

To him, while the Commander Flag was important, it was most definitely inferior to the glory of obtaining it. No matter how this glory came about, since it was given to him, he would most definitely accept it.

“Brother Yuan Qing, where’s the Commander Flag? How about taking it out so that we can broaden our horizons?”

“That’s right. We have only heard about the Commander Flag and never seen it before,” said Wang Yan, Jiang Hao and Huang Juan with expressions of anticipation as they stared at the hole underneath Yuan Qing’s foot that the Commander Flag had been struck into.

“I have already put the Commander Flag away. It’s actually nothing extraordinary.” Yuan Qing smiled as he waved his hand; he had tactfully refused Wang Yan and the others.

Faced with the reasonable and natural reaction of Yuan Qing, Wang Yan, Jiang Hao, Huang Juan and the rest of the crowd present became

somewhat disappointed. However, none of them managed to see that something was wrong.

However, at this moment, the starry-bright eyes of Bai Ruochen were shining. She thought in her heart, “There’s something wrong with his reaction.”

Chapter 1125: Wooing Bai Ruochen?

Bai Ruochen's sense of observation was very powerful. Due to the fact that she was doubtful to begin with, she had been observing the change in Yuan Qing's expression the entire time.

Under her strict observation, even though Yuan Qing pretended very well, a mistake was still discovered by Bai Ruochen - Yuan Qing's reaction was abnormal, as if he was trying to hide the truth.

"Lil Sis Ruochen, congratulations on obtaining the General Flag." However, right at this moment, a voice suddenly sounded into Bai Ruochen's ears. Hearing this voice, Bai Ruochen displayed a pleasantly surprised expression. That was because it was Chu Feng's voice.

Turning toward the direction of the voice, as expected, Bai Ruochen discovered Chu Feng outside of the vast crowd.

With a movement of her delicate body, Bai Ruochen flew like a fairy and arrived beside Chu Feng. Her beautiful eyes turned toward him and, with a puzzled expression and a questioning tone, she asked. "What exactly is going on here. This is something that you did, right?"

"Heh, sure enough, I can't hide anything from you. Follow me, I'll show you something."

Chu Feng smiled helplessly. After that, he displayed a movement martial skill and flew around the enormous rock toward the faraway distant place. Seeing this, Bai Ruochen also hurriedly followed Chu Feng.

Due to the fact that the gazes of the crowd were all focused upon Yuan Qing, no one took note of the actions of those two.

Chu Feng and Bai Ruochen flew far away from the crowd and arrived at a remote location. First, Chu Feng created a concealing spirit formation and then turned his hand to his Cosmos Sack.

"Buzz." As the light flickered on his Cosmos Sack, a large banner that shone with golden light and had the word 'Commander' written on it appeared in Chu Feng's hand.

That banner appeared to be extremely domineering. It was several times taller than Chu Feng himself. However, being held by Chu Feng, it was simply a perfect match; it was as if this banner was created solely for Chu Feng.

“This is... the Commander Flag?!” Even though she already guessed that this matter might be related to Chu Feng, Bai Ruochen was still unable to contain her astonishment after seeing the Commander Flag in Chu Feng’s hand. Her beautiful eyes shone like the starry sky.

The Commander Flag was the ultimate goal of participating in the Commander Contest. Even though she already anticipated that Chu Feng might be able to obtain the Commander Flag, she was still, nevertheless, shocked when Chu Feng actually obtained it.

“What exactly is going on here? Did you deliberately give the honor of obtaining the Commander Flag to Yuan Qing?”

After being shocked, Bai Ruochen asked with sharpness, “If my guess is correct, you did not only casually teach Yuan Qing a lesson. The sack that you were carrying before, it was Yuan Qing inside it, right?”

“You’re truly intelligent. All your guesses are correct.” Chu Feng shrugged his shoulders and nodded.

“In that case, why did you do all this? What are your intentions? For this many people to be striving for this glory, it naturally meant that there was a considerable amount of benefit to it. How could you just casually give this glory to someone else? Furthermore, you’ve given it to someone that you do not like.” Confusion was written all over Bai Ruochen’s face. She was even complaining a bit. As she had a very bad impression of that Yuan Qing, she did not wish for Yuan Qing to obtain the glory.

“I am the one holding the Commander Flag. All of the benefits that comes with it are within my grasp. How could you say that I gave it all to someone else?”

“However, since you’ve asked, I can tell you why, since I trust you.” Chu Feng looked at Bai Ruochen and said with a beaming smile. “Actually, there are grievances between Yuan Qing and I since a long time ago.

Regardless of whether it was him or me, both of us wanted to settle the grievances in the Cyanwood Mountain.”

“My conduct today is merely to add some interest when settling the debt with him later.”

“Interest?” Bai Ruochen’s eyes flickered, evidently, she was still confused and did not understand Chu Feng’s purpose.

“I wish to kill him. Actually, it’s very simple, I don’t want him to die in a painless manner. To speak in simpler terms, I plan to completely ruin his reputation and make him experience disdain from the entire world, making it that even those who are closest to him will become thorns in his side. All of this is to make him experience true pain.” Chu Feng casually said those words. However, a flash of fierceness shone through his eyes.

Hearing till this point, Bai Ruochen finally understood Chu Feng’s intentions. However, a complicated expression appeared on her ice-cold face. She asked, “Exactly how enormous of a grievance is there between you two, for you to use this sort of scheme to push him down to the bottomless abyss?”

“Lil Sis Ruochen, you’re thinking too much about it. Just because I am using schemes does not mean that there is an enormous grievance between he and I. Merely, I will never let those who declare themselves my enemy live well. This is merely the way I handle things; it is not related to how deep the hatred and grievance I have with any individual.”

“Come, let’s go. We have already obtained what we came here for. There is no need for us to linger here anymore. Let’s return and bid our farewells to our seniors.” As Chu Feng said those words, he retrieved the Commander Flag and removed the concealing spirit formation. Then, he began to fly toward the direction that they had come from; he was planning to leave the forest of stone.

Seeing Chu Feng’s rear view, that was gradually growing further in distance, Bai Ruochen started to frown. She had a grave expression on her face, and her beautiful eyes were flickering indefinitely. Only after some time did she softly sigh and say. “Fortunately, I have made this guy into a

friend. Otherwise...”

After she said those words, the complicated expression she had on her face was easily explained. It turned out that it was actually restraining fear for Chu Feng, a fear that came from the bottom of her heart.

However, the fear did not condense itself within her, because she felt that Chu Feng was a person who was clear-cut in his distinguishment of friend and foe. If it was to be said that she was rejoicing that she was not Chu Feng’s enemy, then she rejoiced even more that she was Chu Feng’s friend.

In short, regardless, she now had a whole new level of respect for Chu Feng. This youngster that was only a couple of years older than her had caused her, a very conceited individual, to feel inferior.

It could be said that Chu Feng was the most outstanding person among all the people in her generation that she had met so far.

After this, Bai Ruochen caught up to Chu Feng and the two of them left the stone forest together.

At the moment when the two of them left the stone forest, they were immediately met with applause and cheers. The cheering did not only come from the Ascension Sect, it also came from the other sects. Even the elders from the Cyanwood Mountain were applauding with their hands.

This was a sort of acknowledgement. As the first person to obtain a General Flag, Bai Ruochen, the genius who was previously unknown by others, had now obtained the acknowledgement of the crowd.

There were many people who felt that Bai Ruochen was able to compete with Wang Yan, Jiang Hao, Huang Juan and even Yuan Qing. With the existence of a genius like her, the Ascension Sect would not be the weakest among the five first-rate subsidiary powers.

At this moment, Bai Ruochen was surrounded by the elders and disciples of the Ascension Sect as if she were a revered leader.

As for Chu Feng, he was completely ignored by the crowd. Not only did he appear to be isolated, he also appeared to be a bit pitiful-looking. Only

Sikong Zhaixing came to welcome his return.

“Chu Feng, you’re soon to enter the Cyanwood Mountain. I have already notified the elders that our Southern Cyanwood Forest has here in the Cyanwood Mountain; they will give their all to protect you.”

“However, I must still say these words. For some things, if you can restrain yourself, it is better to restrain yourself. Do not try to show off too excessively. After all, the people that you are truly able to rely on in the Cyanwood Mountain are not the elders of our Southern Cyanwood Forest, but instead the elders from the Ascension Sect. However, even with the Ascension Sect’s strength, it is not certain that they can protect your safety. Furthermore, I cannot guarantee that they will give their all to protect you either.”

“Thus, you must definitely get along with Bai Ruochen. That girl is very remarkable. Not only is she the beloved daughter of the Ascension Sect’s sectmaster, she is also the hope of the Ascension Sect.”

“If you maintain a harmonious relationship with her, the Ascension Sect will definitely give their all to protect you. This would also strengthen our Southern Cyanwood Forest’s alliance with their Ascension Sect.” Sikong Zhaixing cast a glance at Bai Ruochen, who was surrounded by the crowd, and then said those words to Chu Feng using voice transmission.

“Heh, Senior Sikong, you couldn’t possibly be wanting me to woo Bai Ruochen, right?” An indecent smile appeared on Chu Feng’s face.

Chapter 1126: Ascension Division

“Boy, if you truly have this ability, I would naturally wish that you marry her. After all, a girl as outstanding as Bai Ruochen is very rare; she is also a pretty good match for you.”

As Sikong Zhaixing said those words, an expression of anticipation appeared in his eyes as he involuntarily remembered the joke that Bai Ruochen’s mother made that day. If possible, he truly wished for the words spoken by Bai Ruochen’s mother to not be a joke, but instead be real.

“Bai Ruochen is indeed a very good girl. Although her personality is a bit cold, I feel that her nature is good; she is of the cold exterior and warm interior sort.”

“However, love is not something that can be forced upon anyone. I am able to tell that she does not have that intention toward me. As for myself, the current me only thinks of her as a younger sister. If we are to talk about my current relationship with her, then it would be friends at best.”

“Maintaining a harmonious relationship with her is most definitely not an issue. However, if you wanted me to marry her, I could only say that it would all be left to fate.” Chu Feng shook his head. When he said those words, what he recalled was not how outstanding Bai Ruochen was, but the three girls that were waiting for him at the Eastern Sea Region.

Zi Ling, Su Ruo and Su Mei; these three girls were people who had moved Chu Feng’s heart, people that he had truly fallen in love with.

That sort of feeling, that sort of worry for each other, the connection of the heart and thinking about one another all the time was something that Chu Feng never felt from anyone else other than the three of them up to this point of his life.

However, Chu Feng possessed a free and easy-going personality. He was not someone who would deliberately hide his emotions. If someone was truly capable of shaking his heart, he would definitely not sit tight and do nothing about it. If he truly loved someone, he would wholeheartedly go

after that person. If he did not have any feelings for someone, then he could not force it.

As for Bai Ruochen, she had truly not caused Chu Feng to have any romantic feelings for her at this time.

Even though Bai Ruochen's beauty was like a lotus flower within a field of ice, a fairy on earth, it was still unable to tempt Chu Feng.

After all, in terms of beauty, none of the three girls from the Eastern Sea Region were inferior to Bai Ruochen. Especially Zi Ling, her beauty was even more peerless; she was truly devastatingly beautiful. Till this date, Chu Feng had never seen anyone whose beauty could compare to Zi Ling's.

Of course, the queen within Chu Feng was naturally an exception. In terms of beauty, Eggy was simply the pinnacle of beauty. However, to be exact, Eggy was not a human therefore she could not be compared alongside Zi Ling.

However, if they must be compared, then even Zi Ling would be inferior to her majesty the queen. Zi Ling could be considered to be a pure and charming fairy. However, her majesty the queen was gentle, soft, charming and pure, while also extremely sexy; she was truly a goddess.

"The Commander Flag has been obtained. The person who obtained it is Yuan Qing! Yuan Qing has obtained the Commander Flag!!!"

Right at this moment, several people suddenly flew out of the stone forest. As these people flew, they shouted those sentences loudly.

"It's indeed Yuan Qing?"

Upon hearing those words, the crowd once again burst into an uproar. Complicated expressions emerged on the faces of everyone present.

The people from the Orion Monastery were unable to contain their happiness. The people from the Three Cyanwood Forests were displaying expressions of disappointment. As for some others, they were purely shocked by the news.

“It’s actually the Orion Monastery’s Yuan Qing?” Compared to others, after hearing this news, Sikong Zhaixing displayed an expression of disappointment and suspicion.

Although he felt that it was unrealistic, he still hoped that Chu Feng would obtain the Commander Flag. Yet now, the Commander Flag had been obtained by Yuan Qing. This naturally caused Sikong Zhaixing to become disappointed.

“Senior Sikong, check this out.” Sensing the change in Sikong Zhaixing’s emotions, Chu Feng placed Sikong Zhaixing’s hand onto his Cosmos Sack and deliberately removed the seal on his Cosmos Sack so Sikong Zhaixing could sense what his Cosmos Sack contained.

“This is?”

“Heavens, this, this...”

Originally, Sikong Zhaixing was confused by Chu Feng’s actions. However, when he sensed the banner in Chu Feng’s Cosmos Sack, he became incapable of containing his state of mind.

“This is great, truly great. Haha, this is truly great. Hahaha...”

At this moment, this old man who had lived for several hundred years was dancing and gesticulating in joy; he had completely lost the demeanor of an expert. Had it not been for the crowd being attracted by Bai Ruochen’s return and the news of Yuan Qing obtaining the Commander Flag, they would most definitely think that Sikong Zhaixing had gone insane.

“Chu Feng, could it be that you did something again?” Sikong Zhaixing was, after all, the headmaster of a school. Not only did he have a lot of experience, his thinking was also very nimble.

When he recalled Yuan Qing’s triggering of the Ancient Era’s Immortal Needle to be taking Chu Feng’s credit and then thought about what had happened today, he felt that Yuan Qing must’ve been played by Chu Feng once again.

“Senior Sikong, soon, I will make Yuan Qing lose all that he has. At that

time, the Orion Monastery will not be very well-off either. The southern region of the Cyanwood Domain will, sooner or later, be controlled by our Southern Cyanwood Forest.” Chu Feng said those words with great confidence.

Hearing those words, even someone like Sikong Zhaixing was stunned. That was because at the moment when Chu Feng said those words, Sikong Zhaixing felt from Chu Feng a trait that he himself did not possess - the bearing of a ruler.

Even though he knew the Southern Cyanwood Forest defeating the Orion Monastery was a very inconceivable thing, for some odd reason, when Chu Feng said those words, Sikong Zhaixing felt that it would, sooner or later, become true.

“Senior Sikong.”

“Chu Feng.” Suddenly, a pleasant voice sounded. Turning their heads to the source of the voice, it turned out that Bai Ruochen was walking toward them. Coming over alongside Bai Ruochen was the Ascension Sect’s sectmaster, elders and disciples.

“That Orion Monastery’s Yuan Qing is truly remarkable. It would appear that the Orion Monastery will be taking this opportunity to show off and act without regard again.” While they approached, the elders of the Ascension Sect were discussing the matter of Yuan Qing obtaining the Commander Flag.

After all, they possessed a hostile relationship with the Orion Monastery, and did not wish for the Orion Monastery to become too powerful. To them, Yuan Qing obtaining the Commander Flag was not good news.

“With the Orion Monastery’s manner of conduct, they would most definitely lose themselves in joy over this matter. However, the more they do such a thing, the closer they would be to their end,” said Sikong Zhaixing with a smile.

“Eh...” Once Sikong Zhaixing said those words, the Ascension Sect’s crowd were all startled; they do not understand what Sikong Zhaixing meant by those words. Only Bai Ruochen, who knew of the truth, nodded

upon hearing those words.

“Chu Feng, after you enter the Cyanwood Mountain, join the Ascension Division alongside me.” Bai Ruochen walked over and said to Chu Feng.

“Ascension Division? What’s that?” Hearing those words, Chu Feng asked in a confused manner.

“Chu Feng, it’s like this; core disciples are allowed to establish power organizations. However, no matter what sort of power organization they establish, they will still be a part of the Cyanwood Mountain as branch powers. As for the Ascension Division, it is the Ascension Sect’s power organization within the core region of the Cyanwood Mountain.” Sikong Zhaixing explained.

“Ascension Division, it makes me truly nostalgic to hear that name. Back when I was training in the Cyanwood Mountain, I was also a member of the Ascension Division.”

“That’s true. However, I’ve heard that it is very different from back then. Under the leadership of that boy Long Chenyi, the Ascension Division has become one of the ten top branch powers in the Cyanwood Mountain’s core region.”

When the Ascension Division was mentioned, the elders of the Ascension Sect began to gasp with reminiscence. All of them had been core disciples of the Cyanwood Mountain at one point. During the time when they were training in the Cyanwood Mountain, they were all members of the Ascension Division. Although they were now elders over a hundred years old, the mention of the Ascension Division caused them to remember their youthful years.

As they were gasping and reminiscing, they all displayed prideful expressions on their faces. It could be seen that although the Ascension Division was a place controlled by the Ascension Sect’s disciples, these elders all felt honored by the Ascension Division.

Chapter 1127: Green Hat [1]

“Branch, was it? It kinda resembles the Azure Dragon School’s alliances.” Hearing till this point, Chu Feng recalled the days when he had first become an inner disciple of the Azure Dragon School.

However, the Azure Dragon School was nowhere near comparable to the Cyanwood Mountain.

Although Chu Feng was entering the Cyanwood Mountain as a disciple, he knew very well in his heart how far he had come on the path of cultivation.

“Chu Feng, go ahead and enter the Ascension Division. Although there will be elders protecting you after you enter the Cyanwood Mountain, it remains true that they will not be able to look after you the entire time.”

“If you are to leave the Cyanwood Mountain to conduct missions, it is inevitable for your enemies to fix their attention upon you. However, if you were to join the Ascension Division, you would be able to conduct missions together with other members of the Ascension Division. In that case, you would be able to avoid a lot of dangers.”

“That is because the Ascension Division that the Ascension Sect’s disciples have created in the Cyanwood Mountain is truly very powerful. Furthermore, they will only accept the people from the Ascension Sect to become members. Even if someone from a different power wanted to enter, they would be refused.”

“Right now, the Ascension Division only agreed to accept you as a member because the Ascension Sect’s sectmaster has deliberately gone out of his way to speak with them. You must not miss out on this great opportunity.” Seeing that Chu Feng was hesitating to respond, Sikong Zhaixing thought that Chu Feng was unwilling to join the Ascension Division and hurriedly spoke with him through voice transmission to try to advise him.

“Mn, I am willing to enter the Ascension Division.” Chu Feng nodded.

Actually, Chu Feng was not against joining the Ascension Division. After all, the reason why he had joined the Southern Cyanwood Forest was so that he could find backings that would allow him to have fewer obstructions in the Cyanwood Mountain.

And now, not only was the Cyanwood Mountain protecting him, there was also the colossal Ascension Sect behind him. Thus, Chu Feng was naturally very satisfied.

“Great, little friend Chu Feng joining the Ascension Division is also a blessing to our Ascension Sect.” Seeing that Chu Feng nodded and agreed to it, the Ascension Sect’s sectmaster and the numerous management elders all nodded happily. One by one, their smiles covered their faces.

After all, they all knew that Chu Feng was a very extraordinary character. Having Chu Feng join the Ascension Division was indeed a good thing for the Ascension Division.

“Well then, after we enter the Cyanwood Mountain, I’ll come and find you.” Seeing that Chu Feng had agreed to it, a rare and shallow smile appeared on Bai Ruochen’s icy-cold face.

After this, the Ascension Sect’s sectmaster personally contacted his trusted aides in the Cyanwood Mountain to send Chu Feng and the others to the core region.

The Cyanwood Mountain’s core region was very large. Practically every core disciple possessed their own territory. However, the majority of these territories were located beside other territories. Only core disciples with special identities were capable of having an entire mountain range or a vast territory to him or herself, separated from the rest.

Under the guidance of an elder, Chu Feng finally arrived at his own territory. It was not a very luxurious or enormous territory. However, it was definitely very presentable.

There were over a dozen palaces in this territory. Merely, their sizes were not very big. However, they were very pragmatic and refined.

Other than the palaces, there was also a back garden, a rock garden, a

fountain, and a small plaza. It could truly be said that while everything here was small, it contained everything that was needed.

It was more than only Chu Feng who was moving into this territory. Joining him were the servants prepared for him by the Southern Cyanwood Forest and the Ascension Sect.

In fact, every core disciple was allowed to bring a number of servants with them to serve them. After all, regardless of whether it might be their identity or status, they would both be extraordinary.

However, the treatment that Chu Feng was receiving was different from that of Bai Ruochen. Without mentioning the servant girls that Sikong Zhaixing had meticulously selected for Chu Feng, even the servant girls the Ascension Sect's sectmaster have prepared for Chu Feng were of outstanding quality.

At the very least, those servant girls were many times more outstanding than the servant girls prepared for ordinary Ascension Sect disciples. From this, one could tell that the Ascension Sect's sectmaster was truly fond of Chu Feng.

After arriving at his territory, the first thing that Chu Feng did was change into the Cyanwood Mountain's core disciple's uniform. The Cyanwood Mountain's core disciple's outfit was deep green in color. Not only did it appear to be very stylish and pretty, it also appeared to be very extraordinary. The clothes were created from special materials and also possessed a function of protection.

Chu Feng changed into the disciple uniform and placed the core disciple title plate around his waist. He took a glance at himself in the mirror, and felt that he truly appeared to be quite handsome. At the very least, he now looked like an extraordinary and elegant martial cultivator.

However, after he carefully inspected himself in the mirror, and then recalled the previous core disciples that he had seen, Chu Feng felt that something was lacking.

"Oh, that's right; I'm missing a hat." Chu Feng suddenly smiled. He shifted his gaze behind him. It turned out that this core disciple uniform

was an entire set. Other than a matching pair of boots, there was also a very pretty looking hat.

Chu Feng opened his hand; an attraction force directly sucked the hat into his hand.

“Hey, you couldn’t possibly be truly planning to wear this hat, right?” Seeing that Chu Feng was really planning to put this hat on, Eggy was unable to contain herself and shouted. Furthermore, she was displaying a very strange expression.

“What’s wrong, my queen? Could it be that there’s something wrong with this hat?” asked Chu Feng with a smile on his face while he fiddled with the hat in his hand.

“There’s nothing wrong with the hat itself. Merely, if you are to truly wear this hat, I fear that I will not be able to contain my laughter for you. Haha, hahahaha...”

Seeing that Chu Feng appeared to be confused, Eggy burst into a loud laughter. Although she possessed a very gorgeous appearance and her laughter was extremely enchanting, it remained that her current laughter sounded relatively vile.

“Why are you laughing at me?” Seeing Eggy’s reaction, Chu Feng was even more confused. However, he had managed to subconsciously sense that something was wrong.

“Could it be that you’ve never heard about the story of the green hat?” Eggy asked while smiling; she was trying her hardest to resist laughing.

“The story of the green hat? No, I’ve never heard about it before.” Chu Feng shook his head. He was truly confused.

“Sigh, you’re truly ignorant and inexperienced. This story is something that was spread to our Asura Spirit World from your world.” Eggy said.

“I’ve never heard about such a story. Exactly what sort of story is it, and what does it have to do with this hat I have here?” asked Chu Feng.

“Fine fine, since you’re the master of this queen, this queen will not

allow you to suffer such grievances and be ridiculed by others. I'll tell you about it.”

“Once upon a time, in your world, there was a merchant called Zhang San. This Zhang San was very smart. Doing business, he had earned quite a bit of money. However, he married an unfaithful woman.”

“Due to Zhang San always being away for business business, his wife, being unable to resist her sexual desires, got together with their neighbor Li Si and conducted adulterous behavior.”

“However, Li Si did not know when Zhang San would go out to do business, and thus did not know when would be the right time to find Zhang San’s wife to do their adultery. Constantly fearing that their adultery would be discovered by Zhang San, Li Si became extremely distressed.”

“In the end, Zhang San’s wife thought of a solution. Using an extremely good clothing material, she personally made a green hat for Zhang San. Furthermore, she requested that Zhang San wear the said green hat every time he went out to do business. As for when he was not out on business, she refused to allow him to wear the hat.”

1. Green hat means ‘being a cuckold’ in Chinese.

Chapter 1128: Request

“At the beginning, Zhang San was confused by his wife’s strange request. However, because his wife was very diligent when making the green hat, and because he was also truly fond of this green hat, Zhang San decided to listen to his wife; wearing the green hat every time he left the house to conduct business.”

“However, Zhang San did not know that this green hat had become the signal for adultery between his wife and Li Si.”

“After this, whenever Zhang San would leave the house with the green hat on, Li Si knew that he had left on a business trip. Thus, when night came, Li Si would climb over the wall, enter Zhang San’s house, and conduct all kinds of illicit behaviors with Zhang San’s wife.”

“This was the story of the green hat. Ever since that, whenever one’s wife does something unfaithful to that person, that person will be known to be ‘wearing a green hat.’”

“Because of this, any man that has heard of this story will never wear a green hat. Even if their wife doesn’t betray their trust, they will still consider it ominous to wear a green hat.” Eggy narrated the story while smiling. Her narration of the story was very lifelike and vivid; she perfectly reconstructed the events with her words.

After hearing Eggy’s story, Chu Feng’s face started to look unwell. The more he looked at the green hat in his hand, the more awkward he felt. Although he was certain that his fiancées would most definitely not betray him, he began to involuntarily distance himself from the green hat.

Thus, Chu Feng ended up waving his large sleeve. “Pa.” The green hat in his hand was thrown to the ground.

After that, Chu Feng cursed in a displeased manner. “Fuck, who the hell designed this hat? Has that fucker not heard of the story of the green hat?”

“Or could it be that he is that cuckold Zhang San, and deliberately made

such a thing to damn others?”

Chu Feng's actions could be said to be filled with grievance. That was because the more Chu Feng thought about the story of the green hat, the more hatred he felt towards it.

However, the more Chu Feng acted this way, the more joyous Eggy's laughter became. Just thinking that Chu Feng had nearly worn the green hat, Eggy laughed so hard she nearly fainted.

“Master, a guest is seeking you outside.” Right at this moment, a shout suddenly sounded from outside. It was the voice of one of Chu Feng's servant girls.

“Who is it?” Chu Feng opened the door to his room and saw two charming girls outside. The two girls had their heads lowered and their backs bent as they stood in a very uniform manner outside Chu Feng's door.

The two of them were cultivators as well, however, their cultivation levels were not high. At the very least, when compared to core disciples like Chu Feng, their cultivations were truly weak; they had only just set foot in the Profound Realm.

However, they were chosen to serve Chu Feng and there was a reason behind that. While their cultivation might be weak, their ability to serve others was of the highest quality. On top of that, they possessed charming appearances. Thus, they could most definitely be considered top quality servants.

“Sir, they are your fellow disciples from the Southern Cyanwood Forest. This servant has already brought them to the guest room to wait for you,” the servant girl replied. Her gentle tone was filled with reverence and even a slight trace of fear.

“Mn, thank you for your troubles.” After Chu Feng finished saying those words, he immediately proceeded to walk toward the guest room. However, suddenly, Chu Feng turned around and said to the two servant girls. “Oh, that's right. In the future, you do not need to be this reserved. There is also no need for you to make such grand gestures when seeing

me. It has been a difficult journey for all of us to come here. It is fine for you to think of this place as your own home.”

“Remember, all of us here are family. Is there a need to restrain oneself before one’s family? However, if there is someone that dares to bully any of you, you must definitely inform me of it. I will not allow anyone to bully my family members.” After Chu Feng said those words, he continued to walk toward the guest room.

As for these two servants, they continued to hold their bowing postures and did not dare to raise their heads. Only when they felt that Chu Feng had left did they slowly raise their heads. First, they looked to the location that Chu Feng disappeared to, and then they looked to each other with pleasant smiles on their charming faces.

“It would appear that this master of ours is different from the norm; he is truly kindhearted.”

“That’s right. He does not have any arrogance at all and actually declares us to be his family members. For us to be able to serve such a master, we are truly fortunate.”

Chu Feng arrived at the guest room, and discovered that it was the Southern Cyanwood Forest’s Wang Wei, Kong Lianfeng and, the person who had previously provoked Chu Feng but now both felt very respectful and fearful of him, Zhao Genshuo, that had come to find him.

“Senior sister and senior brothers, you’ve changed your clothes quite quickly.” Chu Feng was not surprised by the arrival of the three.

In order to look after each other, they had deliberately requested for the elders to arrange their twenty-some fellow disciples of the Southern Cyanwood Forest to be placed in the same region. Although they all possessed their own territories, they neighbored one another. For them to arrive here so quickly was therefore reasonable.

However, when Chu Feng saw the dark green disciple uniform that the three of them wore, the corner’s of Chu Feng’s mouth trembled as an urge to laugh rushed forth. Especially after he saw the green hats on Kong Lianfeng and Zhao Genshou’s heads, Chu Feng felt extreme difficulty in

resisting his urge to laugh. No matter how he looked at it, they appeared to be extremely amusing.

Faced with Chu Feng's joking greetings, Zhao Genshou and Kong Lianfeng merely chuckled apologetically. They appeared as if they wanted to say something, but didn't dare to, and began to send eye signals to Wang Wei. After all, in terms of their relationship, Wang Wei was much closer to Chu Feng than they.

Seeing the situation, Chu Feng took the initiative to ask. "Senior sister Wang Wei, is there something that brings you all here?"

"Junior brother Chu Feng, actually, we have indeed come with a hidden agenda. I'm afraid that we will have to inconvenience you again. However, if this matter is something difficult for you, it is completely fine for you to pretend that I have not spoken about it." Mentioning this matter, Wang Wei displayed an awkward expression, as if it were very difficult for her to mention the matter.

"Senior sister Wang Wei, we are originally disciples of the same school. Thus, we ought to look after one another. Since there's a matter that brought you here, there is no harm in you speaking of the matter. As long as I, your junior brother, am able to accomplish it, I will definitely not refuse you," said Chu Feng.

After hearing what Chu Feng said, Wang Wei heaved a breath of relief. She hesitated no more and said. "I've heard that junior brother Chu Feng is going to enter the Ascension Sect's disciple's Ascension Division. We wish to ask junior brother Chu Feng to ask Bai Ruochen if we might be allowed to enter the Ascension Division alongside you."

"Junior brother Chu Feng, we request of you. Currently, our disciples from the Southern Cyanwood Forest are not looked upon well in the Cyanwood Mountain. If we do not have the protection of a powerful branch organization, with merely the protection of our elders, it is inevitable that we will be bullied by others."

"Junior brother Chu Feng, we know that this matter is very difficult for you. However, we wish that you might give it a try. We beg of you, please

help us,” added Kong Lianfeng and Zhao Genshou.

“Oh? Could it be that our Southern Cyanwood Forest’s disciples are having a very difficult time here in the core region?” asked Chu Feng.

“Difficult and very miserable.” The three of them nodded together.

“Are you for real? Our Southern Cyanwood Forest is, after all, a genuine subsidiary power of the Cyanwood Mountain. Furthermore, we possess a lot of elders here too. How could our Southern Cyanwood Forest’s disciples be bullied that bad in the core region of the Cyanwood Mountain?” Chu Feng was somewhat skeptical.

Chapter 1129: A Visit From Bai Ruochen

“Junior brother Chu Feng, this is something that you don’t know about. In the past, things were relatively fine. However, in recent years, the strength of the Three Cyanwood Forest Division constructed by the disciples of the Eastern, Western and Northern Cyanwood Forest increased with each passing day, and they have now become one of the ten most powerful branch organizations in the Cyanwood Mountain’s core region.”

“They who have despised our Southern Cyanwood Forest the entire time have began to beat down upon our Southern Cyanwood Forest’s disciples. Although it has not reached a degree where we cannot survive here anymore, our Southern Cyanwood Forest’s disciples are indeed very miserable compared to other disciples.”

“That’s right; the Three Cyanwood Forest Division currently possesses a very powerful amount of strength in the core region. In order to obtain a friendly relationship with them, the other branch organizations have also started to beat down upon our Southern Cyanwood Forest’s disciples. Currently, our Southern Cyanwood Forest’s disciples could be said to be the target of scorn; we are truly in deep water and scorching fire.”

“However, the Ascension Division is also one of the ten largest branch organizations in the core region. Although they are only ranked tenth, there is not much difference in strength between them and the rank nine Three Cyanwood Forests Division. Especially with Long Chenyi leading them, this has caused the Three Cyanwood Forests Division to have a restraining fear of the Ascension Division.”

“Thus, as long as we join the Ascension Division, we believe that those people from the Three Cyanwood Forests Division will not dare to bully us excessively,” said Wang Wei and the others in unison.

“Huuu~~~, for me to spend all this effort to join the Southern Cyanwood Forest; I actually nearly threw myself into a pit of fire.” After hearing Wang Wei and the other’s narration, Chu Feng gave a long sigh.

Why did he join the Southern Cyanwood Forest? It was all so that he could have something to rely on after entering the Cyanwood Mountain.

After all his efforts, he discovered that the Southern Cyanwood Forest's disciples were one of the most mistreated in the Cyanwood Mountain. This was especially because the Three Cyanwood Forests actually joined hands to beat down upon the Southern Cyanwood Forest's disciples.

Had the Southern Cyanwood Forest not entered an alliance with the Ascension Sect, then, after he entered the Cyanwood Mountain, wouldn't it mean that he would not be able to obtain any benefits for being a disciple of the Southern Cyanwood Forest, and would instead be oppressed by others because he was a disciple?

However, things were very different now. Owing to Chu Feng's efforts, the current Southern Cyanwood Forest was no longer the same Southern Cyanwood Forest as before. At the very least, they now possessed the Ascension Sect as their ally.

Adding on how Chu Feng was an individual who treated outsiders badly and insiders well, no matter what sort of disagreement he had had with Zhao Genshou and the others in the past, they were, after all, on the same boat now. Thus, Chu Feng nodded and said. "I can bring this matter to junior sister Bai's attention. However, I cannot guarantee that it will work."

"That's truly great. Junior brother Chu Feng, many thanks. We will forever remember your great grace and kindness toward us."

"Junior brother Chu Feng, we are truly too fortunate to have you. You are truly our support, our hope." Seeing that Chu Feng agreed to help them, Wang Wei and the others were overjoyed.

If they failed to become members of the Ascension Division, it would not necessarily mean that they would be unable to survive in the Cyanwood Mountain. However, if they were able to enter the Ascension Division, it would mean that they would be under an enormous parasol of protection, and their days of cultivation in this place would be much easier compared to others.

In the past, there was simply no chance of such a thing being a possibility. However, because of Chu Feng, they now had a chance to enter the Ascension Division. This naturally caused them to be extremely joyous and emotional.

Suddenly, Chu Feng curiously asked, “Oh, that’s right. You all mentioned that the Three Cyanwood Forests Division created by the Three Cyanwood Forest’s disciples, and the Ascension Division created by the Ascension Sect’s disciples, are only ranked ninth and tenth among the branch organizations in the core region. In that case, what are the other eight branch organizations above them, and who is it that created those eight branch organizations for them to actually be even more powerful than the branch organizations from the Three Cyanwood Forest’s disciples and the Ascension Sect’s disciples?”

After all, the other three Cyanwood Forests and the Ascension Sect were all first-rate subsidiary powers. They were all very powerful, and would send their finest geniuses to the Cyanwood Mountain every year. Logically, they should be the strongest existences in the core region.

However, it would appear that that was not the case. At the very least, other than them, there were eight other powerful branch organizations. Furthermore, the ranks of those eight branch organizations were all above them.

“Junior brother Chu Feng, this is something that you do not know. It is true that the Three Cyanwood Forests and the Ascension Sect are very powerful. However, they are not necessarily the true overlords of this place. When all’s said and done, they are still nothing more than subsidiary powers.”

“For a colossal power like the Cyanwood Mountain, there would be several tens of millions of people seeking to become their disciples every year. Other than people who sought to become disciples on their own, the elders of the Cyanwood Mountain would also go around the Holy Land of Martialism to search for outstanding talents to bring to the Cyanwood Mountain.”

“For those people, they have obtained the most optimal nurture from the Cyanwood Mountain since their youth; they are the true children blessed by the heavens.”

“Thus, in the Cyanwood Mountain’s core region, although the disciples of the Three Cyanwood Forests, the Ascension Sect and the Orion Monastery are acknowledged by the others, they are not the strongest existences.”

“The strongest existences in the core region are all disciples nurtured by the Cyanwood Mountain itself. Those people are extremely powerful. It could be said that all of the successive generations of Cyanwood Mountain’s headmasters and management elders have all come from those disciples.”

“Therefore, the branch organizations created by those disciples are naturally extremely powerful too. If it wasn’t for the Three Cyanwood Forests joining hands, and the genius that appeared in the Ascension Sect in the past years, Long Chenyi, the Three Cyanwood Forests and the Ascension Sect would likely not even be able to obtain the bottom two ranks of the top ten branch organizations.”

“That’s right. Actually, a lot of the disciples from the Ascension Sect, the Orion Monastery and the Three Cyanwood Forests have not joined the branch organizations their predecessors created, and have instead joined the even more powerful branch organizations,” explained Wang Wei and the others.

“So that’s the case. It would seem that I have overestimated the first-rate subsidiary powers.” Hearing till this point, Chu Feng understood everything. At this moment, he thoroughly understood the phrase ‘hidden dragon, crouching tiger.’ 1

This core region of the Cyanwood Mountain was most definitely a place filled with hidden dragons and crouching tigers.

Suddenly, a servant girl ran in and announced, “Master, the Ascension Sect’s Eldest Senior Sister Bai Ruochen has arrived to visit you.”

“Oh? Lil Sis Ruochen has come? Quickly, bring her in.” As Chu Feng said

those words, he moved away from his seat; he was planning to personally welcome Bai Ruochen. Seeing this, Wang Wei and the others also hurriedly followed him.

Right after walking out of the guest room, they immediately saw Bai Ruochen walking over. She was wearing a dark green skirt, the same one as the one that Wang Wei was wearing. Although they were both new and spotless disciple's uniforms, they gave two completely different sensations.

Although Wang Wei was beautiful, she was only ordinarily beautiful. As for Bai Ruochen, she was completely different; she was like a lotus fairy that walked down from the peak of an ice mountain. She was so beautiful that her beauty caused men's heartbeats to accelerate, and women to feel inferior.

However, Bai Ruochen had an expressionless face; as if a layer of ice covered her matchlessly beautiful face. From head to toe, she emitted a sense of distance. Only when she saw Chu Feng did a very difficult to detect gentleness shine through her beautiful eyes.

"I am Wang Wei..."

"I am Zhao Genshuo..."

"I am Kong Lianfeng..."

"We pay our respects to senior sister Ruochen."

Upon seeing Bai Ruochen, Wang Wei and the others were unable to remain calm. After all, a grand genius like Bai Ruochen was a very terrifying existence to people like them.

Thus, the three of them did not dare to neglect their courtesy toward Bai Ruochen, and hurriedly stepped forward to greet her like subordinates encountering their master. Even though they were all older than Bai Ruochen, upon recalling how the Ascension Sect's disciples all addressed Bai Ruochen as Eldest Senior Sister, the three of them did not dare to address Bai Ruochen as junior sister, and instead addressed her as senior sister.

Faced with the great amount of respect displayed by the three of them, Bai Ruochen did not have any change in her expression, nor did she speak to them. Instead, she merely nodded her head in a casual manner before turning to and directly walking toward Chu Feng. She completely ignored Wang Wei and the others.

1. Concealed talents.

Chapter 1130: Spirit of Loyalty

Chu Feng had already anticipated such a reaction from Bai Ruochen, as he knew her character very well. It was only because Wang Wei and the others were his senior brothers and sister, else, with Bai Ruochen's personality, not only would she not nod to them, she would likely not even bother to take a single glance at them.

"Lil Sis Ruochen, you're certainly quick in your arrival at my place," Chu Feng said with a smile. If Wang Wei and the others were extremely restricted before Bai Ruochen, then Chu Feng could be said to be completely unfettered.

"My senior brothers and sisters from the Ascension Division wish to see you. Follow me to the Ascension Division," said Bai Ruochen.

"That's without issue. However, Lil Sis Ruochen, there is a matter that I might have to trouble you with," said Chu Feng.

"What is it?" asked Bai Ruochen.

"Is it possible to bring my fellow disciples from the Southern Cyanwood Forest to the Ascension Sect too?" Chu Feng asked without concealing anything.

Hearing that question, Bai Ruochen frowned. She did not say anything, and instead cast a glance at Wang Wei and the others. Then she turned to Chu Feng and asked, "It's the three of them right?"

"It's more than only the three of them. The total number of people from my Southern Cyanwood Forest that have joined the Cyanwood Mountain this time around is twenty-two," said Chu Feng.

"Chu Feng, what sort of joke are you playing? What sort of place did you take our Ascension Division to be?" Hearing what Chu Feng said, the expression on Bai Ruochen's face changed. Her tone of speech also turned emotional.

"What's wrong? Is there something unbecoming?" Chu Feng asked.

"Of course! You must know that our Ascension Division will only accept

disciples from the Ascension Sect and will never accept outsiders. It is already an exception for the Ascension Division to be willing to accept you. Yet, you actually wish for the Ascension Division to take in all of the disciples from the Southern Cyanwood Forest. This is simply wishful thinking,” said Bai Ruochen in an annoyed manner. One could tell that she was very unwilling to bring Southern Cyanwood Forest disciples other than Chu Feng into the Ascension Division.

“Since that’s the case, there is no need for me to go to the Ascension Division with you. You can go.” At this moment, Chu Feng had a very calm reaction as he waved his hand at Bai Ruochen. After that, he turned around and proceeded to walk toward the guest room.

“Stop!” Seeing this, Bai Ruochen hurriedly walked toward Chu Feng. She grabbed him and asked, “Chu Feng, what do you mean by this?”

“My intentions are very simple. If I am to enter the Ascension Division, then all twenty-two of my Southern Cyanwood Forest’s fellow disciples are to enter with me. Otherwise, I, Chu Feng, will not enter the Ascension Division either,” said Chu Feng.

“Chu Feng, say those words again.” At this moment, Bai Ruochen’s face had turned deathly white. One could tell that she was enraged by Chu Feng’s words.

“Junior brother Chu Feng, do not be like this. You must not do this because of us...” Seeing this, Wang Wei and the others also became worried, and hurriedly spoke to advise Chu Feng. They did not wish to harm the relationship between Chu Feng and Bai Ruochen, nor did they wish to hold Chu Feng back.

“Don’t bother persuading me.” To their surprise, Chu Feng suddenly shouted at them. Then, with a very serious expression, Chu Feng looked at Bai Ruochen and said these words one by one. “Listen carefully, I am not going to your Ascension Division.”

“Chu Feng, are you serious in this?” Bai Ruochen was deeply frowning. She asked those words with a deep tone of anger.

Chu Feng’s expression was unchanged. With determination, he said,

“Very serious.”

Actually, Chu Feng wanted to enter the Ascension Division too. However, after Wang Wei and the others made their request, and he accepted it, he was unable to allow himself to enter the Ascension Division alone.

That was because what he shouldered now was different. Before he entered the Southern Cyanwood Forest, he did not possess any sentiment for the Southern Cyanwood Forest, and had wholeheartedly wanted to use it to help him in the Cyanwood Mountain.

However, it was completely different now. Sikong Zhaixing had treated Chu Feng well, and even declared him to be their Southern Cyanwood Forest’s hope. This caused Chu Feng to be unable to betray the hopes of the Southern Cyanwood Forest and even to feel that he must assist their disciples.

This was Chu Feng’s character, something that he could not change. Thus, even though he knew that entering the Ascension Division would make the path before him a lot smoother, he was unable to select this option.

“You...” Faced with such a response from Chu Feng, Bai Ruochen was truly and deeply angered. However, she soon closed her eyes, adjusted her frame of mind and said, “Forget about it. There is always a margin for compromises. Follow me, but they will have to stay here.” After she said those words, Bai Ruochen turned around and started to walk out.

“Eh? Lil Sis Ruochen, that means you’ve agreed to it?” Hearing those words, Chu Feng’s expression immediately changed. A mischievous smile appeared on his previously serious face as he hurriedly followed Bai Ruochen.

Although he had not known Bai Ruochen for a very long time, Chu Feng, to a greater or lesser degree, understood Bai Ruochen’s character. For Bai Ruochen to do such a thing meant that she yielded to him. Regardless of whether the matter of them joining the Ascension Division might be successful or not, Chu Feng was already extremely moved by Bai Ruochen

yielding to his request.

“This is not a matter that can be decided just by my approval. Although the Ascension Division was created by our Ascension Sect’s disciples, they are, more precisely, all disciples of the Cyanwood Mountain now. The relationship that they have with the Ascension Sect only remains as previous disciples.”

“Therefore, the Ascension Sect does not have the power to order the people from the Ascension Division to do anything. For the Ascension Division to be willing to accept you as a member is already an exception. They are giving face to the Ascension Sect’s sectmaster. However, it remains their right to refuse to accept you as a member too.”

“However, Chu Feng, I am able to tell you with certainty that joining the Ascension Division is most definitely beneficial to you. However, if you wish to have all of your Southern Cyanwood Forest’s disciples join the Ascension Division, it will be very unlikely.”

“Are you really planning to give up on joining the Ascension Division for those Southern Cyanwood Forest’s disciples that you do not possess a deep relationship with?” Bai Ruochen asked in a very serious manner.

“Lil Sis Ruochen, you still do not understand me. I, Chu Feng, am someone who never jokes around with subjects such as this,” replied Chu Feng.

“In that case, I understand.” Bai Ruochen stopped speaking and began to increase her speed.

Under the guidance of Bai Ruochen, the two of them soon arrived at the Ascension Division. This was actually a disciple’s territory. Merely, this territory was extremely vast and very luxurious. As for the name of this territory, it was the ‘Ascension Division.’

In front of the entrance to the Ascension Division was an enormous round plaza. Many disciples were lingering on top of that plaza. Right before the entrance of the Ascension Division stood some disciples on either side like guards.

Furthermore, these disciples all wore a special armband on their left upper arm. On the armband was the word 'Ascension.' Evidently, they were all members of the Ascension Division.

"Wait for me here." After arriving at this place, Bai Ruochen first entered through the entrance gate. The guards from the Ascension Division did not stop her. However, after Bai Ruochen entered the Ascension Division, the gazes with which those from the Ascension Division looked at Chu Feng turned slightly unkind, and even contained a deep sense of despise and discrimination.

However, this sort of gaze was something that Chu Feng was more than familiar with, something that he had grown accustomed to. He ignored their gazes completely, sat on a stone chair in the plaza, and began to wait for Bai Ruochen's return.

Fortunately, Bai Ruochen's speed was extremely fast. In less than half an incense stick's worth of time, Bai Ruochen walked out. However, after she walked out, the icy expression on her face did not only not decreased, it increased. Not only did she not tell Chu Feng to enter, she instead waved her hand and said. "Leave."

"Lil Sis Ruochen, what happened?" Seeing this, Chu Feng was completely confused.

"What's with all this rubbish you speak of? I'm telling you to leave. If you're not leaving, then I'm leaving." Bai Ruochen cast a cold glance at Chu Feng, then soared into the boundless sky.

Seeing this, Chu Feng did not bother to ask anymore and also soared into the sky to follow her.

"Junior sister Bai, wait a moment. We can always talk about this; are you truly planning to give up on joining our Ascension Division for those Southern Cyanwood Forest's disciples? Is this truly worth it?" Right at this moment, noisy voices sounded from behind them.

Turning his head back to look, Chu Feng was greatly shocked. There were several tens of people behind them. Furthermore, they were all Martial King level experts. In a group, they were chasing after them while

waving and shouting.

At this moment, Chu Feng finally understood what happened. It was evident that Bai Ruochen requested for Chu Feng and the other Southern Cyanwood Forest's disciples to join the Ascension Division, and was refused. After that, Bai Ruochen decided to give up on entering the Ascension Division herself.

As the matter stood, Chu Feng was speechless. Instead, he secretly extended his thumb to Bai Ruochen, who was flying with her dress fluttering in the wind and not even glancing back. He said. "Lil Sis Ruochen, great spirit of loyalty."

Chapter 1131: Long Chenfu

At this moment, Chu Feng wanted to catch up to Bai Ruochen and apologize to her and offer this loyal girl some words of praise.

After all, the attitude Chu Feng had toward Bai Ruochen earlier was not very good. However, for him, Bai Ruochen actually decided to give up on joining the branch power organization constructed by her seniors from the Ascension Sect. It must be said that Chu Feng was truly moved by Bai Ruochen.

However, who would've thought that right at the moment when Chu Feng was planning to catch up to Bai Ruochen, Bai Ruochen actually used a very powerful movement martial skill. As her skirt and long hair fluttered in the wind, she disappeared before Chu Feng's line of sight with a very rapid speed. With the speed of her martial skill, it was likely that no one below a rank six Martial King could catch up to her.

As the situation stood, the entire crowd from the Ascension Division were staring at Chu Feng. Chu Feng did not want to expose his cultivation so early; thus, he gave up on his intention to chase after Bai Ruochen and decided to personally pay her a visit at her residence later.

"You, boy, are you Chu Feng?" Right after Bai Ruochen left, the crowd from the Ascension Division behind him pointed at Chu Feng and asked loudly.

Hearing that question, Chu Feng stopped flying. Standing in the air, he turned his body around, casually glanced at the crowd and said. "I am Chu Feng, what about it?"

"Woosh, woosh, woosh." At this moment, several tens of people from the crowd in the Ascension Division suddenly caught up to Chu Feng and surrounded him completely. One by one, they were staring at Chu Feng with fierce and vicious eyes, like Chu Feng had slept with their wife or played with their younger sister. Their gazes were as if they wanted to stare Chu Feng to death.

At this moment, Chu Feng did not just stand there; he casually inspected

these Ascension Division members. This group of several tens of people included both men and women. Their ages were mostly between twenty and thirty. Only a few of them appeared to be in their early thirties. Overall, they were all people of the same generation.

As for their cultivations, they were unevenly matched. Although the majority of them were Martial Kings, the strongest among them were only rank two Martial Kings. Furthermore, there were some that were only rank nine Martial Lords. Judging from their vicious and furious gazes, Chu Feng was able to tell that they were only ordinary members, and did not possess extraordinary battle power. Their current cultivations were likely something that they painstakingly trained to obtain.

From this, Chu Feng was able to tell that this Ascension Division was not as amazing as it was said to be. At the very least, these members from the Ascension Division that appeared before him were all ordinary individuals in the Holy Land of Martialism.

“Is there something you need?” After examining the strength of the Ascension Division’s crowd, Chu Feng asked in a very casual manner. There was not the slightest trace of fear on his face, because this group of Ascension Division members were equivalent to a group of ants before him; Chu Feng would be able to beat them all up without even trying.

However, the people from the Ascension Division naturally did not know of Chu Feng’s might. They already possessed a great grievance against Chu Feng because Bai Ruochen refused to join their Ascension Division, and now, with the attitude Chu Feng was displaying toward them, they were even more endlessly enraged.

There was even a rank two Martial King with a violent and fierce appearance among them that directly extended his hand and grabbed Chu Feng’s collar. Holding him up in mid-air, that man said in a very fierce manner. “Brat, you are awfully vicious with your words, huh?”

Chu Feng was a person with a good temperament most of the time. However, when faced with such a rude person, his anger immediately burst forth. Immediately, his gaze flashed with coldness, and with an ice-

cold tone like that of a death god's blade, he said. "Do you wish to die?"

"You..." Once Chu Feng said those words, that fierce looking man's complexion immediately changed. Not only did he hurriedly remove his hands from Chu Feng, he even rushed to move away from him. Shock and panic covered his face; in this split second, he was already covered with sweat. As for his arm that had grabbed onto Chu Feng's collar earlier, it was shivering from cold fear.

The reaction of this fierce looking man greatly surprised and confused all of the people from the Ascension Division. However, this also caused their expressions of anger to become even more pronounced. One by one, they rushed toward Chu Feng wanting to teach him a lesson.

"Stop."

However, right at this moment, a explosive thunder-like shout sounded. When this voice was heard, the crowd that had surrounded Chu Feng immediately dispersed, and turned their gazes toward the direction of the Ascension Division. There were eight men and a woman walking toward them in the air.

These nine individuals were all members of the Ascension Division. However, compared to those that had surrounded Chu Feng, the five of them were much more outstanding. Judging from their ages, they should only be in their early thirties, neither too old nor very young; an age that was young, yet mature; simply, the golden age of one's life.

As for their cultivations, none of them were weak. Even the weakest among them were rank three Martial Kings. As for the strongest, it was actually a rank five Martial King. However, their cultivations were not the things that attracted Chu Feng's attention the most; what attracted him the most, and caused him to look at them with a whole new level of respect, were their auras.

These nine individuals possessed outstanding battle power, and strength that surpassed ordinary people. Although it was greatly inferior to the battle power that Chu Feng and Bai Ruochen possessed, they were likely not inferior to Yuan Qing. Especially that rank five Martial King; his battle

power was likely above Yuan Qing's, and he could be considered to be a genius.

However, most importantly, behind these nine individuals was a large group of people. They numbered several thousand, a very large amount. Wearing the same sort of uniform, these several thousand people all flew over in unison. It was truly a grand appearance.

One must say that after this crowd of people appeared, Chu Feng finally had a whole new level of respect for the Ascension Division.

“What are you all doing? Move aside. Little friend Chu Feng is a guest, how could you treat our guest in such a manner?” That rank five Martial King was naturally the leader among the crowd. After he criticized the people who had previously surrounded Chu Feng, those people immediately moved aside, and proceeded to stand behind the nine individuals, joining the army of thousands.

“Junior brother Chu Feng, it is a pleasure to meet you. My name is Long Chenfu. I am the third head 1 of the Ascension Division. I would like to welcome you to our Ascension Division.” With a smile on his face, Long Chenfu walked over to Chu Feng.

At this moment, Chu Feng finally knew the identity of the person before him. Long Chenfu was someone that Chu Feng had heard a bit about from Bai Ruochen. He was the younger blood brother of the current Head of the Ascension Division, Long Chenyi.

However, compared to Long Chenyi, Long Chenfu was not a good character. Although he was showing a sincere smile toward Chu Feng right now, Bai Ruochen had deliberately warned Chu Feng to be careful of Long Chenfu in the Ascension Division because he was most definitely a smiling tiger.²

Although he might appear to be amiable on the surface, he was actually a very narrow-minded person that would always hold grudges. In the Ascension Division, there was practically no one who would dare to offend him.

“It is a pleasure to meet you, senior brother Long. Since senior brother

Long has spoken in such a manner, does it mean that you have agreed to have all of my Southern Cyanwood Forest's fellow disciples join the Ascension Division?" Chu Feng asked with a beaming smile.

"Junior brother Chu Feng, you truly jest. You joining our Ascension Division is something that our Ascension Sect's sectmaster personally asked for us to do. Thus, we are obligated to oblige. Although we are currently the disciples of Cyanwood Mountain, he was, after all, once our headmaster and we must give him face."

"However, allowing junior brother Chu Feng's Southern Cyanwood Forest's fellow disciples to join our Ascension Division is out of the question. Firstly, Lord Headmaster made no mention of having them join our Ascension Division. Besides, even if Lord Headmaster had mentioned it to us, we would still not agree to it. After all, their strength is too weak. If we were to accept them, I fear that our Ascension Division's members would not be able to accept it. Furthermore, we would also be looked down on and ridiculed by outsiders," said Long Chenfu.

"Since that is the case, there is no need for us to discuss this further." Chu Feng smiled coldly and prepared to turn to leave. That was because he was able to tell that although this Long Chenfu was displaying an amiable smile on his face, he looked down on their Southern Cyanwood Forest deeply. For such an individual to be able to become the third head of the Ascension Division, it would not be a loss for him to not join the Ascension Division.

"Stop!" Right when Chu Feng was preparing to leave, Long Chenfu suddenly shouted explosively. At the same time, Chu Feng was able to sense a killing intent coming toward him from behind.

Chapter 1132: Refusal To Join

“What? You want to use violence?” Sensing the change in Long Chenfu’s tone, Chu Feng turned around with cold eyes.

However, to Chu Feng’s surprise, when he turned around, not only had that Long Chenfu already removed his killing intent, he even looked at him with an amiable smile on his face.

Truly, his ability to change his attitude was even faster than one could flip through pages of a book. His ability to control his expression was truly unconstrained and unpredictable. However, from this, one could also tell that this Long Chenfu was a very vicious character, with great ability to pretend. Clearly, he was someone that one must be wary of.

“Junior brother Chu Feng, what kind of words are those? The Ascension Sect has entered into an alliance with your Southern Cyanwood Forest. We are family, so how could we possibly be planning to be violent toward you?” Long Chenfu asked with a polite tone and an amiable smile on his face.

“Senior Zhou mentioned to my older brother that junior brother Chu Feng is a rare genius that we must get along with well. From this, we can see how much importance Senior Zhou has placed on junior brother Chu Feng.”

“However, junior brother Chu Feng wants to bring all of those disciples from the Southern Cyanwood Forest into the Ascension Division with him. This is truly placing us in a difficult situation.”

“And now, if you are to not join our Ascension Division, junior sister Ruochen will also refuse to join our Ascension Division. If it’s you, it would be fine. After all, you’re a man, and would be able to withstand the sufferings outside.”

“However, junior sister Ruochen is different. She is, after all, a weak little girl. To have her wander around the Cyanwood Mountain by herself is truly too dangerous. Junior brother Chu Feng, you must know how many ruthless characters are hidden in the core region of the Cyanwood

Mountain.”

Although Long Chenfu appeared to be giving Chu Feng earnest and well-meaning advice, he actually possessed hidden intentions. The more Chu Feng listened, the more displeased he felt.

In the end, he was unable to contain himself and said. “Senior brother Long, what you said is incorrect. Firstly, whether junior sister Ruochen is willing to join the Ascension Division or not is her own desire, and not related to me. Since she is unwilling to join, I fear that even I would not be able to help you all.”

“Besides, since you’re this worried about junior sister Ruochen, then even if she doesn’t join the Ascension Division, your Ascension Division is totally capable of protecting her. After all, no matter how outstanding your Ascension Division’s members are now, they were, at one point, all trained and educated by the Ascension Sect.”

“If it wasn’t for the Ascension Sect devoting all of their efforts and energies in nurturing you all and sending you all to this place, you all would not necessarily have been able to obtain your current accomplishments. As junior sister Ruochen is Senior Zhou’s daughter, isn’t having you all, her senior brothers and sisters, protecting her both completely logical and something that you should do regardless of whether or not she joins your Ascension Division? Say, isn’t that right?”

“Ha, reasonable. Truly reasonable.” After hearing what Chu Feng said, Long Chenfu was finally unable to contain his emotions anymore. Layer upon layer of coldness began to emerge on his face. Soon, they had completely covered his previous smiles.

Suddenly, he pointed at Chu Feng and angrily shouted. “Chu Feng, I, Long Chenfu, am not going to listen to your bullshit reasoning.”

“Since you refused to listen to reason, I will tell it as it is. In truth, our Ascension Division is completely unwilling to accept a Southern Cyanwood Forest trash like you. It is merely because Senior Zhou has spoken that we must give him face and accept trash like you.”

“To our surprise, we gave you an inch but you instead want a foot. Not

only are you unsatisfied with entering our Ascension Division by yourself, you actually want to bring all of your Southern Cyanwood Forest's trash to our Ascension Division. What sort of place did you take our Ascension Division to be? Are we the trash recycling station, or what?"

"Long Chenfu, you listen carefully too. Right now, it is not whether your Ascension Division is willing to accept me or not. Instead, it is that I, Chu Feng, am not willing to join your Ascension Division." Chu Feng snorted coldly then waved his large sleeve. He was planning to leave this place, as he did not wish to bother arguing with this sort of people.

"Stop!" Seeing Chu Feng's actions, Long Chenfu suddenly shouted explosively again. Once he said those words, the crowd behind him immediately started to move. In an instant, they surrounded Chu Feng completely. Furthermore, each and every one of them had displeased expressions on their faces.

"Chu Feng, taking Senior Zhou and junior sister Ruochen into consideration, I will give you another chance. Right now, enter our Ascension Division, and then go and urge junior sister Ruochen to come back."

"You do that, and I'll allow you to enjoy the benefits that our Ascension Division's other members possess. I will also pretend that the rudeness that you displayed toward me today had never occurred, forgiving all of it."

"However, you are to also give up on those Southern Cyanwood Forest's trash of yours joining our Ascension Division, because that is never going to happen." Long Chenfu had an ashen complexion as he pointed at Chu Feng and spoke those words with an unquestionable commanding tone.

"He...hahahaha, hahahaha..." When Long Chenfu said those words, Chu Feng was unable to contain himself, and burst into loud laughter. He was laughing so hard that he started to rock his body backward and forward.

"What are you laughing about?" Seeing Chu Feng who was convulsed with laughter, Long Chenfu and the others from the Ascension Division were all stupefied. Confusion and anger filled their faces.

"I had originally thought that my ability to express myself with words

was not good enough. Yet now, I realized that it is your comprehension ability that's truly lacking."

"Long Chenfu, it is fine if you do not understand human speech. I, Chu Feng, can repeat myself for you a couple more times." Suddenly, Chu Feng stopped himself from laughing and pointed at Long Chenfu. With a loud voice, he shouted. "Long Chenfu, open your ears and listen carefully. I, Chu Feng, am not interested in your Ascension Division. Not to mention those twenty-two Southern Cyanwood Forest disciples that have joined alongside me this year joining your Ascension Division, even if you are to invite all of our Southern Cyanwood Forest in the Cyanwood Mountain to your Ascension Division, your daddy here will still not join."

Chu Feng spoke those words with powerful and intimidating strength. However, when they arrived in the ears of the Ascension Division's crowd, they turned into sharp blades that pierced into their bodies. They all felt this to be inconceivable. At the same time, this brought them incomparable anger.

"Chu Feng, don't you fucking refuse the face that I am giving you." At this moment, Long Chenfu was completely enraged. A boundless killing intent emerged from him, causing this region of space to shake and tremble violently. With that sort of vigor, he simply seemed to want to rip Chu Feng to pieces.

"Hah..." However, faced with such a Long Chenfu, not only did Chu Feng not show the slightest bit of fear, a disdainful smile even appeared on his face.

"Courting death." Faced with Chu Feng's disdainful smile, Long Chenfu finally exploded. He made a fist with one hand and shot said fist out explosively. Immediately, a boundless martial power surged forth like a violent ocean wave. Like a formless god of death, he started to charge toward Chu Feng.

Seeing this scene, the crowd from the Ascension Division all started to frown. One by one, cold sweat appeared on their bodies. That was because they felt a truly strong killing intent from Long Chenfu's attack. They did

not know if Long Chenfu was truly planning to kill Chu Feng.

If it was merely teaching Chu Feng a lesson, then that would be alright. After all, with the background of their Ascension Division, it was a trivial matter for them to teach a mere Southern Cyanwood Forest disciple a lesson.

However, if Long Chenfu really killed Chu Feng, it would be a major event. After all, no matter what, this was the core region of the Cyanwood Mountain. Killing a fellow disciple in this place was a crime punishable by death.

However, they never would have imagined that all of their worries were unnecessary. While Long Chenfu was very strong and could even be considered to be a genius in this core region, the attack that he used was incapable of harming Chu Feng.

At this moment, Chu Feng had already made his preparations to accept the fight. In his heart, he was planning to teach Long Chenfu a lesson.

Thus, with an intention of his mind, the lightning within his blood began to surge and rage. It was preparing to rush out from his body to form the Thunder Armor for Chu Feng.

Chapter 1133: One Must Not Forget One's Roots

“Stop!!!”

Right at the moment when Chu Feng was preparing to counterattack and teach this Long Chenfu a lesson, an ear-piercing voice suddenly exploded in the distance.

Immediately after that explosive voice sounded in the distance, thunder and gales covered the distant horizon. Black clouds rolled about as a very powerful and choking aura began to surge toward them, oppressing everyone present.

Before that aura, Long Chenfu's attack was like a gentle breeze before a fierce hurricane and in an instant, it vanished.

Powerful, frighteningly powerful. Before this aura, even Chu Feng started to frown. He felt how small he was. He knew that as long as the opposing party wished for it, then, with merely a thought, that person would be able to crush all of the people present till there was nothing remaining. Even Chu Feng himself would be no exception.

After this aura appeared, the expressions of everyone present took a huge change. Especially those from the Ascension Division, the angry expressions that they used to have were now completely gone, and replaced with fear. They all knew that someone had arrived, and that this person was most likely a Cyanwood Mountain elder.

At this moment, from the direction where the frightening oppressive might came from, a tiny figure began to slowly appear before the crowd's eyes. This figure was walking in the air toward them.

It was an old lady wearing a golden robe, the symbol of Cyanwood Mountain's core elders. Her tidy silver hair appeared like snow. With her golden robe, her silver hair gave a contrast of gold and silver.

This old lady's appearance was truly old. Her face was covered with wrinkles and she appeared as if she had lived for at least two hundred

years. She ought to be someone from Sikong Zhaixing's generation.

Not to mention her old appearance, even her aura was very similar to Sikong Zhaixing. From this, Chu Feng was able to tell that she should be a Half Martial Emperor.

"We pay our respects to Elder Xie." Once the old lady appeared, the oppressive might she had displayed before was immediately removed. Thus, the crowd from the Ascension Division were finally able to move again. Immediately, they greeted her with great respect.

"Elder Xie? Could it be that Elder Xie?" Upon hearing the words 'Elder Xie', Chu Feng's mind was immediately set in motion.

Before arriving at this place, the Ascension Sect's sectmaster had deliberately informed Chu Feng of several elders with status in the Cyanwood Mountain from their Ascension Sect. He told Chu Feng that if he needed something, he could go and search for them directly, as they were the most loyal people to the Ascension Sect.

Earlier, before participating in the Commander Contest, Chu Feng had already met several elders from the Ascension Sect that held offices in the Cyanwood Mountain. However, those several elders were not all of the trusted aides that the Ascension Sect possessed in the Cyanwood Mountain; there were several other elders that were not there. As for this Elder Xie, she was one of them.

Chu Feng had only heard about her renowned name, but had actually never met her before. However, it would appear that the old lady before him was likely that Elder Xie.

"What are you all doing? Trying to revolt or what?" After this Elder Xie approached them, she cast a sharp glance at the crowd. In the end, her gaze landed on Long Chenfu.

She said. "Long Chenfu, when can you start acting like your older brother and do things that would give face to the Ascension Sect? To bully a fellow disciple that has just joined, do you not feel shame?"

"Elder Xie, this is not... please hear my explanation..." Seeing that Elder

Xie had suddenly become angry, Long Chenfu hurriedly stood up and tried to explain.

“Enough. You don’t have to explain. Do you take me to be a blind person? I have seen all that happened earlier.”

“As a core elder of the Cyanwood Mountain, I shall give you all a warning. The Cyanwood Mountain allows disciples to create branch power organizations for the sake of tempering your ability to interact with one another, as well as your ability to work in a group. However, it is most definitely not so that you could bully the weak.”

“As former disciples of the Ascension Sect, I shall tell you all this: one must not forget one’s roots, you must not forget who it was that helped you reach this point.”

“Don’t you go thinking that you are truly amazing just because you’ve managed to obtain some strength and abilities. Senior Zhou? That’s right, you all can address him in such a manner. However, in your hearts, you must never forget that not only is he an elder, he was also your sectmaster.”

“Did you all truly think that it is all based on your own abilities that your Ascension Division was capable of obtaining a place in the core region? Without the support of us old fellows from the Ascension Sect, who would protect you all?”

“Right now, the Ascension Sect is in an alliance with the Southern Cyanwood Forest. The Ascension Division is now of the same roots as the Southern Cyanwood Forest’s disciples. You all looking down on the Southern Cyanwood Forest’s disciples is the same as looking down on yourselves.”

“Furthermore, do you even know what time it is now? Your Ascension Division still only accepts Ascension Sect disciples? Even the Cyanwood Mountain has opened their gates to everyone since several thousand years ago. Regardless of whether they might be humans or monstrous beasts, as long as they possessed talents, they were all able to come to the Cyanwood Mountain and obtain nurture from it.”

“And now, several thousands of years later, you bunch of little brats are actually still this narrow-minded. Is this what it means by getting dumber as time passes on? Did you all even grow any brains?”

Elder Xie pointed to Long Chenfu and the others as she criticized them deeply. As for Long Chenfu and the others, their complexions turned green from being criticized in such a manner by her and they did not even dare to raise their lowered heads. After all, what Elder Xie said was very reasonable, and not something that they could refute, nor did they dare to refute her.

“Forget about it, the paths of individuals must all be walked by they themselves. You all are no longer children either. Reason, logics and such, I believe you all understand them. Well then, I hope you all shape up.” Elder Xie sighed, and then waved her sleeves. She had an expression of disappointment and resentment for the Ascension Division failing to meet her standards. .

“Elder Xie, this junior knew of your intentions. Earlier, it is I who was muddled. One should not forget one’s roots. This junior has never forgotten his roots either. Although I am now a core disciple of the Cyanwood Mountain, it is engraved in my mind that I am a disciple of the Ascension Sect.”

“It’s just that for junior brother Chu Feng to request that all those disciples from the Southern Cyanwood Forest join our Ascension Division is truly going against the rules of our Ascension Division. And that, I am unable to make the decision,” said Long Chenfu with an expression of being wronged.

“If you cannot make the decision, then what about your older brother? Where did Long Chenyi and Meng Zhensuo go to?” asked Elder Xie.

“This...” Long Chenfu had a face filled with hesitation. He did not know how to respond to her question.

Right at this moment, Chu Feng suddenly spoke. “Elder Xie, this junior appreciates your kindness toward him. However, currently, junior is really not planning to join the Ascension Division.”

Chu Feng was not a fool. He was able to tell that this Elder Xie had come for him. However, he was also able to tell that Long Chenfu was only saying things like that because he feared Elder Xie. In reality, Long Chenfu still looked down on those from the Southern Cyanwood Forest and also looked down on Chu Feng. From the bottom of his heart, he did not wish for them to join their Ascension Division.

Why did Chu Feng want to enter the Ascension Division? It was all so that he could obtain some benefits from them. However, it would appear now that it would be the exact opposite. Thus, there was simply no reason for him to join their Ascension Division now.

“Chu Feng, they are indeed in the wrong. However, what they did was also within reason. This Ascension Division indeed possesses a rule that states that they will not accept anyone other than the Ascension Sect’s disciples. Thus, you must not let your emotions affect your judgement.” Elder Xie spoke to advise Chu Feng. The tone with which she spoke to Chu Feng was very good-natured.

This sort of amiable attitude that she displayed toward Chu Feng shocked Long Chenfu and the others. In their memories, Elder Xie was not such an amiable person. However, why was she acting so courteous towards Chu Feng?

Chapter 1134: Beaten Up By Someone

“Elder Xie, junior hasn’t let his emotions affect his decisions. I am truly unwilling to join the Ascension Division,” Chu Feng replied with a forced smile.

“Forget about it. Since that’s the case, follow me then. It just happened that the sectmaster had some things that he wanted me to pass on to you.”

Elder Xie was an experienced person. From Chu Feng’s forced smile, she understood Chu Feng’s intentions. After thinking about it, she decided to not force Chu Feng, and instead decided to bring him away with her.

Surprisingly, right at this moment, Long Chenfu asked, “Chu Feng, you are truly not willing to join our Ascension Division?”

“How many times do you want me to repeat myself?” Finally, an expression of annoyance appeared on Chu Feng’s face.

“Ha, forget about it. Our Ascension Division did not wish to accept you as a member to begin with. The reason why I’m trying to make you stay is all so that junior sister Ruochen can join our Ascension Division,” said Long Chenfu, as if he was intentionally trying to attack Chu Feng.

“I knew about that to begin with, there is no need for you to repeat yourself.” Chu Feng sneered and did not get angry at all.

“No, I am merely trying to tell you that you will be regretting your decision to give up on joining our Ascension Division. It is most definitely your loss,” said Long Chenfu.

“You are wrong. Me not joining your Ascension Division is your loss,” replied Chu Feng.

“What? Our loss?” Upon hearing Chu Feng’s words, Long Chenfu was at first surprised. Immediately after, he burst into loud laughter. “Hahahaha, this is truly the most ridiculous speech that I have ever heard.”

“Hahahaha... you are truly arrogant and conceited, truly stupid and ignorant!!!” At the same time, the crowd from the Ascension Division also burst into loud, mocking laughter. It was as if they truly heard a

ridiculously funny joke.

“Ha...” Faced with their mocking laughs, Chu Feng merely smiled. He decided to ignore them. He turned to Elder Xie and said. “Elder Xie, can we leave now?”

“Mn, let’s go.” Elder Xie nodded. However, before she left, she cast a glance at Long Chenfu and the others who were laughing loudly. Only then did she sigh and shake her head helplessly as disappointment covered her face.

After that, Elder Xie brought Chu Feng to a quiet and uninhabited location. Only then did she stop her footsteps.

“Elder Xie, thank you very much for your assistance earlier.” Chu Feng displayed a courteous salute toward Elder Xie in a very grateful manner.

While it was true that even if Elder Xie had not shown up earlier, Chu Feng was still capable of handling the situation, the appearance of Elder Xie and her actions of speaking for him moved Chu Feng greatly. That was because, when all was said and done, Elder Xie was of the same family as Long Chenfu and the others. As for Chu Feng, he was merely an outsider.

“Sigh, as an elder, this is something that I should do. Moreover, Long Chenfu and the other brats are truly becoming more and more outrageous. It is about time for me to remind them before they get into trouble.” Elder Xie waved her hand.

Chu Feng smiled at Elder Xie’s words. Then he asked. “Elder Xie, may I know what it is that Senior Zhou wanted you to pass on to me?”

“Lord Sectmaster does not have anything that he wanted me to tell you. Merely, I personally have some words I wanted to tell you.”

“One must not try to show off one’s ability. Especially for youngsters like yourself, you must know how to display appropriate behavior in your conduct,” said Elder Xie.

“Senior, thank you for your reminder.” Chu Feng expressed his thanks with a courteous gesture.

“However, as a core elder of the Cyanwood Mountain, I have also discovered some difference after being here for so long,” added Elder Xie.

“Difference?” Chu Feng was puzzled.

“While being low-profile might be a good practice in other places, it is most definitely not in here.”

“In the Cyanwood Mountain, one must display one’s strength. Especially for core disciples, they must show off their chest and express their boldness.”

“What are the core disciples? They are the future hope of the Cyanwood Mountain, the future leaders of the Cyanwood Mountain. All of them are chosen from the core disciples.”

“The leaders are most definitely not going to be selected from those who only know how to submit to humiliation. Otherwise, the Cyanwood Mountain would most definitely be brought downhill by those leaders.”

“Thus, what I wanted to tell you is this: Do not reveal too much of your sharpness, but you cannot reveal none at all either. At the very least, do not allow yourself to be humiliated by others.”

“I am able to tell that you, boy, you are not someone who would accept being bullied by others. It’s fine; in this place, you do not have to endure it. If you must fight, then go ahead and fight. If you cannot win, then wait until you can win to fight again.”

“Even if you are to fight someone that you should not have fought, you do not have to fear anything. After all, there’s us, the old ones, standing behind you. As long as you do not go and knock on the doors of the management elders’ people, and do not cause a fatal accident, we are able to block everything that might come from it.”

“That Ascension Division, since you do not wish to join it, then don’t join it. Lord Sectmaster is not a muddled person, he knew very well what sort of morality that bunch of brats possessed. Thus, he did not explicitly tell them to do anything. That was because Lord Sectmaster knew that even if he told them to do it, they would not necessarily listen to him; and even if

they did listen to him, it would not necessarily be of use either.”

“Thus, Lord Sectmaster has personally spoken to us, the bunch of old ones, that while we could disregard the others, we must definitely look after you and Ruochen.” Elder Xie said those words with an amiable expression. Furthermore, the gaze with which she looked to Chu Feng was rather complex too.

“I have truly troubled Senior Zhou.” At this moment, Chu Feng felt very moved as a warmth surged forth from his heart. That was because the Ascension Sect’s sectmaster had done everything thoroughly and attentively to provide assistance to him.

“Well then, I will be returning. You should return too. In the future, as long as you know of the appropriate behavior when doing things, it should all be fine. If there is something that you need, you can come and find me at any time.” At this point, Elder Xie turned around and leapt into the sky. However, not long after she left, she turned back and said.

“Oh, that’s right. Originally, I didn’t know about the things that were happening with you. It was that girl Ruochen who told me about it that made me rush over to you.”

“It is very rare for that girl to be concerned about others. Brat, your luck with women is pretty deep.”

Elder Xie laughed. Then, with a flutter of her gown, between the drift of the wind, she disappeared without the slightest trace.

“So it was Bai Ruochen? That girl, earlier she didn’t even bother to turn around; so she had actually gone to find a helper for me.”

“My luck with women is pretty deep? Ha, that girl has no interest in me. Merely, she could totally help me deal with Long Chenfu and the others by herself, so why did she go and find Elder Xie?” At this moment, Chu Feng began to contemplate. He was unable to understand Bai Ruochen’s intentions.

“Isn’t this obvious? If Bai Ruochen was to help you, it would only make Long Chenfu and the others with him hate you even more.”

“However, she went and asked that old woman to help. With that old woman, not only could she get you out of trouble, she was also able to reprimand that bunch of trash from the Ascension Division. That, in turn, would leave an imprint in their memories, so that even if they disliked you, they would not dare to do anything to you on the surface. I must say, that girl Bai Ruochen’s consideration for you is pretty deep,” Eggy said.

“Oh? Is that truly the case? If that is the case, then that girl’s thinking is truly meticulous.” After hearing what Eggy said, Chu Feng suddenly realized what Bai Ruochen did, and gained a bit more admiration for her.

After this matter, Chu Feng originally planned to go to Bai Ruochen’s residence and express his thanks to her. However, upon recalling Wang Wei and the others that were still at his residence, he decided to return to his territory first.

However, when Chu Feng returned to his own territory, he discovered that there was a person outside of his territory’s entrance gate, walking back and forth in a worried manner. As for this person, it was Wang Wei.

“Senior sister Wang Wei, what are you doing here?” Seeing this, Chu Feng hurriedly arrived before her.

“Junior brother Chu Feng, you’ve finally returned.” After seeing that Chu Feng had returned, Wang Wei heaved a long breath of relief. She hurriedly arrived before Chu Feng and grabbed onto his hands as if she were grabbing onto a savior.

“Senior sister Wang Wei, could it be that something has happened?” Chu Feng discovered that Wang Wei’s head was covered with sweat, and worry was written all over her face. Truly, she appeared as if she was deeply worried about something.

“Zhang Bingnan and Liu Chao were beaten up by someone,” said Wang Wei.

“Beaten up by someone? By whom?” Upon hearing those words, Chu Feng immediately frowned, and anger surged onto his face.

Zhang Bingnan and Liu Chao were both people that Chu Feng knew.

They were Southern Cyanwood Forest disciples that had entered the Cyanwood Mountain with him.

Although Chu Feng have already thought that what awaited them in the Cyanwood Mountain would not be peace, and that troubles would come sooner or later, he did not expect it to arrive so soon.

After all, they had only just joined the Cyanwood Mountain today, and had only just moved into their own territories. Currently, they should all be in their own territories and arranging matters for their servants, as well as familiarizing themselves with their territories.

So how was it that they were beaten up so quickly? Could it be that someone had charged into their territories to beat them up? But who was it that was this daring to do such a thing, so unscrupulous as to bully another all the way to their own home?

Chapter 1135: Scum Senior Brothers

“Sigh...” When being asked about who it was, Wang Wei displayed an expression of helplessness and said, “It’s people from our Southern Cyanwood Forest.”

“What? People from our Southern Cyanwood Forest?” Hearing those words, Chu Feng was even more surprised; he even felt it to be unbelievable.

“That’s right, it’s our senior brothers from the Southern Cyanwood Forest,” said Wang Wei.

“Senior sister Wang Wei, what exactly happened?” Chu Feng was puzzled by what he had heard. The Southern Cyanwood Forest’s disciples were of the same root. As they were seniors that had entered the Cyanwood Mountain before them, they should be looking after their juniors that had just joined. So why did it turn into them beating their juniors up?

“Our several senior brothers from the Southern Cyanwood Forest have established a branch power organization in this core region. However, their branch power organization’s development did not go about smoothly; it seems that they were unable to recruit any new members. For the purpose of increasing their strength, they have come to forcibly pull us, the new arrivals from the Southern Cyanwood Forest, to join their branch organization. As for the people that they found first, it was precisely Zhang Bingnan and Liu Chao.”

“However, Zhang Bingnan and Liu Chao wholeheartedly wanted to join the Ascension Division. On top of that, our Southern Cyanwood Forest’s senior brothers’ branch power organization is truly too weak; even the leader of their branch power organization was merely a rank two Martial King at an age over forty.”

“Over forty years with the cultivation of rank two Marital King, this could be said to be an extremely common level of cultivation in the core region of the Cyanwood Mountain. It could even be said that this was at

the lower tier of strength among all of the core disciples.”

“Naturally, no one wanted to join such a branch power organization. Thus, Zhang Bingnan and Liu Chao tactfully refused those senior brothers of ours.”

“However, who would’ve thought, they were enraged by the rejections, and said that Zhang Bingnan and Liu Chao did not respect their elders, and thus beat them up to teach them a lesson.”

“Not only did they beat them up, they even brought them away with them. After that, they declared that all of us, the newly arrived disciples, must go to the gates of their branch power organization. If we are not all gathered there before the day’s end, they said they will teach Zhang Bingnan and Liu Chao another lesson.”

“After we received this news, Zhang Genshuo and Kong Lianfeng feared that something might happen to Zhang Bingnan and Liu Chao, and have left already.”

“However, with their strength, they will not be able to change anything. Therefore, they told me to stay here and wait for your return.” Wang Wei narrated what had happened as she looked to Chu Feng with a gaze of hope. Evidently, she decided that Chu Feng would be their backbone.

“How truly preposterous!” Upon hearing Wang Wei’s narration of what had happened, Chu Feng was immediately enraged. In anger, he began to gnash his teeth.

He understood what had happened. The useless disciples of the Southern Cyanwood Forest had established a bullshit branch power organization, but because their strength was too weak, they were unable to recruit any new members. Thus, they moved their sights to the Southern Cyanwood Forest’s newly arrived disciples, and then decided to come and bully their juniors.

If it was said that they had come to bully all of the new disciples this year, then it could be forgettable. However, it would appear that the target of their bullying was only the Southern Cyanwood Forest’s disciples.

What did that mean? This meant that they did not dare to bully disciples from other powers, and only dared to bully the Southern Cyanwood Forest's disciples. This was truly the archetype of being terrified of others while bullying one's own. Chu Feng could tolerate this sort of people the least.

"Senior sister Wang Wei, do you know where the branch power organization created by those Southern Cyanwood Forest's scum is?" asked Chu Feng.

"I do. The junior brother that came to report this matter to us also told us the location." Wang Wei nodded.

"Lead the way." Chu Feng had already soared into the sky as he said those words. He impatiently wanted to experience for himself these scum senior brothers from their Southern Cyanwood Forest.

Wang Wei did not dare to be slow either. She hurriedly soared into the sky as well, and began to lead the way according to the directions that had been left to her.

The core region was very enormous. However, that so called bullshit branch power organization was not located far from Chu Feng and the others' territories. Thus, in a short while, Chu Feng and Wang Wei arrived.

The place that they have arrived at was actually also someone's territory. However, before this territory's entrance was a golden-bright and dazzling sign. On the sign were three words: Smooth Steady Division.

The Smooth Steady Division was the branch power organization established by those scum senior brothers of the Southern Cyanwood Forest. However, for them to place such a dazzling sign on top of their entrance gave off a sense of wretchedness.

That was because this territory was truly not up to much. To be exact, it was inferior to even Chu Feng and the others, the new disciples' territories. Although it could still be considered to be passable when looked at on the surface, it was extremely beaten up when compared to the territories of other branch power organizations.

After all, there were numerous branch power organizations in the core region. As such, there would most definitely be a best and worst among them. As for the territory that the Smooth Steady Division was located in, it was one of, if not, the worst; a gathering of trash.

While those people of this branch power organization were core disciples of the Cyanwood Mountain, they were bottom feeders among the core region.

However, at this moment, Chu Feng's gaze did not linger on the sign. Instead, his gaze was focused on the plaza before that Smooth Steady Division. Many people had gathered on the plaza, and Chu Feng managed to see people from his Southern Cyanwood Forest among those people.

Including Zhao Genshuo, Kong Lianfeng and the others, the amount of disciples from the Southern Cyanwood Forest this year numbered a total of twenty-two. Other than Chu Feng and Wang Wei, practically everyone else was present on the plaza.

At this moment, they were standing in an orderly fashion. Their appearance appeared like they were being reprimanded. As for the people reprimanding them, it was six men. The cultivations of these six men were not weak either. Among them, five were rank one Martial Kings, and one was a rank two Martial King.

However, while their cultivations weren't weak, their age was rather old. Each and every one of them were in their thirties, while that rank two Martial King was even in his forties, passing middle-age.

When he saw these men, without even thinking, Chu Feng knew that they were the members of this Steady Smooth Division, their Southern Cyanwood Forest's scum senior brothers. As for that middle-aged rank two Martial King man, he ought to be the Steady Smooth Division's so-called head.

Other than these people, there were other people on the plaza. Their cultivations were both strong and weak. The strong ones among them were Martial Kings, whereas the weak ones were Martial Lords.

They were most likely not people from the Southern Cyanwood Forest.

Due to the fact that this plaza did not belong to anyone's territory, they had come to this place to enjoy the show. Chu Feng knew that because he could clearly see the mocking smiles on their faces.

"Chu Feng, quickly, look! Junior brother Chu Feng has arrived."

While Chu Feng was surveying the situation, there were disciples from the Southern Cyanwood Forest that noticed him. At this moment, they were all overjoyed. Like Wang Wei before them, they appeared as if they saw their savior. Not only were their gloomy expressions replaced with excitement, they even began to shout emotionally.

At this moment, both Chu Feng and Wang Wei started moving once again. Like meteors, they landed on the plaza.

"The two of you are junior brother Chu Feng and junior sister Wang Wei, right? You are indeed very talented; not bad, not bad."

"In that case, all of our Southern Cyanwood Forest's juniors have gathered here. It is time for us to start our Smooth Steady Division's new members' ceremony."

When they saw Chu Feng and Wang Wei, the six scum senior brothers seemed to still not understand the situation that they were in, and actually began to go on about their own things and started the new members' ceremony.

As for Chu Feng and Wang Wei, they completely ignored these six scum senior brothers and directly arrived before Zhang Bingnan and Liu Chao to check out their conditions.

Chu Feng discovered that Zhang Bingnan and Liu Chao were indeed beaten up. However, their injuries were very light, there was only some slight redness on their faces. Likely, they had been slapped. Although they had been beaten, it was completely different from what Chu Feng had imagined it to be. At the very least, these six scum senior brothers of theirs did not gravely and excessively hurt them in their attacks.

However, it still remained that they were beaten up. Chu Feng's anger did not decrease just because they did not beat them up too badly. Thus,

he raised his hand, pointed to Zhang Bingnan and Liu Chao's faces, looked to those six scum senior brothers and asked. "Who hit them?"

Chapter 1136: Beat You Up Every Time I See You

Once Chu Feng said those words, those six scum senior brothers were all startled. After that, one among them with a rather fat build and a cultivation of a rank one Martial King stood forward and spoke with a very disdainful attitude. "I am the one who beat them, what about it?"

"Paa." To his enormous surprise, right after he said those words, Chu Feng's palm landed on his face. The speed of Chu Feng's slap was so quick that he did not even have the time to react. The strength of the slap was so enormous that it caused him to do a 1080 degree turn.

"You bastard..." Dumbstruck, completely dumbstruck. It was not only that scum senior brother that was slapped by Chu Feng, the other five scum senior brothers were also completely stupefied by Chu Feng's actions.

What sort of situation was this? A disciple that just entered the Cyanwood Mountain actually dared to attack his senior brother? Furthermore, it was a huge slap before such a large crowd. What sort of thing was this?

"This slap is for Zhang Bingnan." Suddenly, Chu Feng spoke. Immediately after he finished saying those words, his arm moved once again. Like a divine dragon moving its tail, his palm fiercely landed on the other cheek of that fat scum senior brother.

"Paa." Another sharp and resounding sound echoed. That scum senior brother once again did a 1080 degree rotation in the other direction. In the end, with a 'putong' sound, he dropped to the ground on his butt. With his eyes wide open, he looked at Chu Feng, at a complete loss.

If it was said that others were only shocked by Chu Feng's actions, then this scum senior brother that he had been slapped twice was truly stupefied; he had been slapped dumb by Chu Feng's two resounding slaps.

"That slap was for Liu Chao." Chu Feng spoke again. His tone was so

indifferent that it caused others to feel inconceivable.

After all, he had slapped his senior brother twice earlier. Yet, he was actually capable of speaking those words with such indifference. Truly, he was not placing them in his eyes.

“You bastard, you’re courting death!” Finally, that scum senior brother that was slapped by Chu Feng woke up from his shock. He stood up and planned to attack Chu Feng. At the same time, the remaining five scum senior brothers were also enraged. Especially that rank two Martial King head of this so-called Steady Smooth Division; he immediately displayed his majestic rank two Martial King aura and swept it toward Chu Feng.

However, even when faced with the anger of those six scum senior brothers, Chu Feng’s expression remained unchanged. Instead, he frowned and spoke with a cold voice. “You want to attack me? Do you all only possess the ability to bully your juniors from the same sect?”

“What? You...” Although the words spoken by Chu Feng appeared to be ordinary, they appeared like thunderous explosions when they entered into the of the six scum senior brothers. Not only did they cause their brains to feel confused, they even caused their hearts to tremble. Surprisingly, his words caused all of them to involuntarily remove their enraged auras and stop their movement of attack toward Chu Feng.

“Fight! Why are you not fighting? Fucking boring.”

“That’s right. Your daddy is not done watching the show yet. Why did you stop? Fang Tuohai, attack him. You are, after all, someone who has managed to survive in the Cyanwood Mountain for twenty years. Did you grow afraid of a brat that’s just entered the Cyanwood Mountain? You’re truly trash.”

“Trash, truly useless. It’s no wonder the Smooth Steady Division is the most rubbish branch power organization in the Cyanwood Mountain. From the way I see it, it’s better that you dissolve it immediately. Otherwise, you’ll shame our Cyanwood Mountain.”

Surprisingly, right after those six scum senior brothers stopped their attacks, the crowd immediately started to heckle.

Turning his gaze in the direction of the heckling, Chu Feng discovered that they were all people from a branch power organization. There were a total of five people; their ages were about the same as the six scum senior brother's. However, their cultivation was much stronger. At the very least, all five of them were rank two Martial Kings.

Hearing the insulting words spoken by those five rank two Martial Kings, the expressions of those six scum senior brothers turned ashen. However, they did not dare to speak back. Evidently, they were afraid of those five.

"Look, it's just like I said, they're a bunch of trash, a bunch of good-for-nothings from the Southern Cyanwood Forest. Back then, they wanted to join other branch power organizations, but no one wanted them. Therefore, they created a bullshit Smooth Steady Division. It has been an entire twenty years since it was established, yet it only has six members."

"A bunch of trash like you all, even if you are to become elders in the future, you would only be able to become outer court elders, teaching those bunches of trash with extremely low aptitudes."

"As core disciples, if you're not able to stay in the core region and become elders, then it's better to leave the Cyanwood Mountain. If I were you all, I would've already left. I definitely would never continue to stay here and shame myself."

Seeing that the six scum senior brothers did not dare to speak back, the five men became even more joyous as they spoke. Being mocked by these five men, the other surrounding crowd also started to laugh. At this moment, the plaza was filled with disdain for the Southern Cyanwood Forest.

"Stinky brat, what are you looking at? What, you have complaints?" To everyone's surprise, when one of the five saw Chu Feng looking at them, he shouted at him explosively, with an expression stating that Chu Feng was unworthy of looking at him.

Faced with that man's provocation, Chu Feng merely laughed. He said. "Complaints I have not; merely, I wanted to remember the appearances of

you five.”

“Remember our appearances? What do you mean by that?” Once Chu Feng said those words, the five men were all confused. They have no idea what Chu Feng meant by that.

“Ha, that’s because I’ve decided that every time I see you five, I’ll beat you up.” Chu Feng suddenly laughed.

“What? You bastard, what did you say? Say it again!” At this moment, those five men finally understood Chu Feng’s intentions. One by one, they began to tremble with rage.

“Woosh.” However, right at this moment, Chu Feng’s figure suddenly moved. He shot toward the five men like a sharp arrow. Chu Feng’s movement appeared to be motionless; it was truly astonishing.

While his speed was not very fast, and his movement was extremely insignificant, his aura was omnipresent, like a mountain reaching the sky, a boundless ocean, a wild ferocious beast or a cruel god of death.

Before such an aura that Chu Feng displayed, not only were those five individuals intimidated, practically everyone present on the plaza was intimidated by it. One by one, they opened their mouths in shocked expressions as they watched Chu Feng flying through the sky and finally landing before those five men.

However, this was not the most shocking thing. What was most shocking was that Chu Feng actually really attacked the five men. Furthermore, his attacks were so heavy and beyond the crowd’s imagination.

“Slam, slam, slam, slam...”

Chu Feng’s arms swung back and forth. In an instant, countless fist silhouettes were formed in succession. The speed of the fist silhouettes were so fast that no one was able to tell exactly how many fists Chu Feng had thrown. However, in merely an instant, those five men were already bleeding from their noses and mouths. As for their faces, they were covered with bruises as they were knocked flying several meters away

from the plaza. After they landed on the ground, their appearance was much like that of roasted pig heads. No longer did they possess human faces; it was truly a tragic and pitiful sight.

To be beaten like a dog by Chu Feng in merely an instant caused those five men to become extremely frightened. They rolled and crawled on the ground as they frantically tried to get up. Without even bothering to look back at Chu Feng, they immediately ran away from the plaza. However, right before they were about to disappear from Chu Feng's sight, they shouted. "Bastard! Our Dragon Tiger Division is not going to let you get away with this!"

"Dragon Tiger Division? Humph, might as well call it the Trash Rubbish Division." Chu Feng sneered. Regardless of whether the Dragon Tiger Division might be powerful or not, these five men had left an imprint of themselves as trash in Chu Feng's heart.

What sort of people were trash? For ordinary people, perhaps trash might be individuals who possessed low aptitude, and were incapable of doing anything or learning anything.

However, Chu Feng's definition for trash was completely different. To Chu Feng, trash was not necessarily the weakest people. Instead, they were people who would fear the strong and bully the weak.

For some people, before others weaker than them, they would act as if they were the Prince of Heaven. Regardless of whether it might be the elderly, people with disabilities or weak individuals, they would not give two damns when beating them up. However, when before individuals stronger than themselves, they would appear like a grandson. 1 Even if they were being spit on the face, they would not dare to say anything back.

These sorts of people were those that others despised the most. Thus, Chu Feng felt that this sort of people were the true scum of society, the true trash.

As for the five men that he had beaten earlier, they were undoubtedly that sort of people.

1. Grandson is an insulting term. Much like how people insult others by forcing them to call them 'uncle.' If we take it literally, being a grandson would be more insulting than being a nephew.

Chapter 1137: Blood Racing

After those five men fled from the scene, the entire plaza became oddly quiet. Everyone was looking at Chu Feng with stunned expressions.

What sort of situation was this? Where did this brat come from? The five people that he had beaten earlier were not only members of the Tiger Dragon Division, they were also rank two Martial Kings.

This young-looking brat who just entered the Cyanwood Mountain was actually able to instantly beat up five rank two Martial Kings to pig-heads, causing them to flee in terror, with his cultivation of a rank one Martial King. What sort of strength was this?

Especially after they recalled the terrifying oppressive aura displayed by Chu Feng the moment before he started attacking them, the crowd started to fear Chu Feng even more. After their period of fear, they realized that this brat from the Southern Cyanwood Forest appeared to be substantially different from other disciples; he was not someone easily bullied.

“Everyone, did you enjoy watching the liveliness of our Southern Cyanwood Forest?” Suddenly, Chu Feng turned his intimidating and cold, sword-like gaze at the crowd.

“This...” Being watched by Chu Feng with such a gaze, the crowd that had come to watch a show all hurriedly lowered their heads, as they did not dare to look at Chu Feng face to face. After what happened earlier, they already had a deep sense of fear of Chu Feng.

Suddenly, Chu Feng displayed an angry expression and shouted with a cold voice. “I shall count to three, you all are to fucking scram. Anyone who remains here after I finish counting to three, I will make them crawl back home.”

“Woosh, woosh, woosh, woosh...”

Once Chu Feng said those words, the crowd did not dare to remain here anymore. Fearing that Chu Feng would attack them, they all leapt into the sky and started rapidly flying away from this place in quick succession. In

a blink of an eye, only Chu Feng and the others from the Southern Cyanwood Forest remained on the plaza.

Currently, the six scum senior brothers had nervous expressions on their faces and eyes filled with fear. They were no fools; at this moment, they had already discovered that this junior brother of theirs from the Southern Cyanwood Forest was not a mediocre person like themselves, nor was he an ordinary individual. Instead, he was a demon-level character. 1

All demon-level characters, as long as their development goes smoothly, would most definitely play a role in the Cyanwood Mountain in the future. These sorts of people were people that they would absolutely never dare to offend.

However, at this moment, regardless of whether they were willing or not, they had already offended Chu Feng. Thus, they currently had a feeling as if they were stuck between a rock and a hard place, unaware of what to do.

When they saw Chu Feng walking toward them, they looked to one another and shivered from head to toe while stepping back in succession. In the end, they began to kneel to the ground one after the other, kowtowing to Chu Feng and beginning to admit their mistakes.

“Junior brother Chu Feng, it is our fault. It is all our fault, we are the ones in the wrong, we shouldn’t have tried to intimidate you all to join our branch power organization. Please, junior brother Chu Feng, be generous and forgive the offenses that us lowly ones have committed. Please spare us.”

Faced with such a scene, Wang Wei and the others did not display any surprised expressions. That was because, since the first time they had seen Chu Feng displaying his might, they too felt the same sort of feeling as these senior brothers of theirs.

However, when Chu Feng looked at these six Southern Cyanwood Forest senior brothers, he began to frown. He felt an unspeakable urge in his heart.

In the end, he merely took a glance at them and said. “People from all different powers are gathered upon this Cyanwood Mountain. As for our

Southern Cyanwood Forest, we are a grand genuine subsidiary power of the Cyanwood Mountain. Yet, we have been disdained by others to such a degree. Why is that?" Chu Feng asked.

"..." The six scum senior brothers stopped their kowtowing. They lowered their heads and did not speak anymore, as they did not know how to answer.

"That's because our Southern Cyanwood Forest is weak. Every successive generation is weaker than the previous one. Even after thousands of years have passed, there would always be disciples from our Southern Cyanwood Forest joining the Cyanwood Mountain every year. To this date, the amount of Southern Cyanwood Forest's disciples that have entered the Cyanwood Mountain would add up to several tens of thousands. Yet, even then, not a single one of them managed to emerge in power, not a single one of them managed to reach the peak of the Cyanwood Mountain. It was so much so that they have lingered at the bottom of the core disciples the entire time."

"This is especially true when compared to the other three Cyanwood Forests. When compared to them, our Southern Cyanwood Forest appears to be even more useless; truly weak beyond comparison and failing to live up to the title of being one of the Cyanwood Mountain's genuine subsidiary powers."

"Who can we blame for us being looked down upon? We can only blame ourselves. The Southern Cyanwood Forest is clearly seated with very high status, yet it has failed to live up to that status. Even if we are looked down on with disdain by others, it would be deservedly so." Chu Feng slowly said those words one word at a time. His tone was very heavy, but was also one of resentment toward the failure of the Southern Cyanwood Forest.

After hearing what Chu Feng said, it was not only the six scum senior brothers, even Wang Wei and the others silently lowered their heads and tightly clenched their fists. They felt endlessly depressed in their hearts.

They knew very well that what Chu Feng said was the absolute truth. If the Southern Cyanwood Forest was an ordinary second-rate subsidiary

power, then even if the disciples they sent to the Cyanwood Mountain were mediocre, they would not have reached such a miserable state.

However, what the Southern Cyanwood Forest carried was the title of a genuine subsidiary power of the Cyanwood Mountain. Yet, it failed to possess the strength that a genuine subsidiary power should. This inevitably caused it to be despised and looked down on by others.

Chu Feng looked to the six scum senior brothers and asked, "We all carry on our backs the reputation of the Southern Cyanwood Forest; the label of the Southern Cyanwood Forest is with us all the time. With merely this label, it is enough to cause us to be looked down on by others. With all this, is there a need for internal strife on top of that? Did you all feel that we have not lost enough face here?"

"We..." The six scum brothers were silent. They did not know how to reply to him.

"The label of the Southern Cyanwood Forest being on us is a fact that none of us can change, for we are indeed the disciples of the Southern Cyanwood Forest, and will forever be."

"As for the Southern Cyanwood Forest being looked down upon by others, it too is a fact. However, does it mean that we must obediently comply to this fact? No, we are entirely capable of changing this fact."

"However, the way to change this fact is most definitely not to point your fist inward and create internal strife, nor is it to accept the insults of others without daring to raise one's heads." After he finished saying those words, Chu Feng soared into the sky and prepared to leave.

As for Wang Wei, Zhao Genshuo and the others, they too soared into the sky and prepared to follow Chu Feng.

Right at the moment when Chu Feng and the others were about to depart, the six scum senior brothers raised their heads and loudly asked. "Junior brother Chu Feng, can you tell us the method to change this fact?"

"The method is very simple. Strengthen your fists, and then beat up all those who looked down on us till they shut their mouths." Chu Feng left

those words in a very serious manner.

Upon hearing what Chu Feng said, the six scum senior brothers were all startled. A complicated frame of mind filled their thoughts, rushing into all parts of their bodies.

That sort of sensation was something that they haven't felt in a very long time. It was a sensation that they used to frequently feel back when they were known to be geniuses in the Southern Cyanwood Forest. However, after they had arrived in the Cyanwood Mountain, that sensation had been repressed, and then obliterated by the countless demon-level characters. If one truly wanted to describe the sensation that they were feeling, it was actually very simple – being fired up, having their blood racing.

Yes, that's right, their blood was racing. It was the sensation that brings about one's fighting spirit. After lying dormant for multiple years, this sensation was reignited once again. However, never had the six of them ever imagined that the person who would reignite this sensation for them was actually a junior brother from the Southern Cyanwood Forest that was over twenty years younger than themselves. Furthermore, this junior brother managed to reignite their fighting spirit with a simple sentence.

Admiration, it was an innermost admiration.

Hope, it was as if they have seen their life's hope.

Regardless of whether it might be admiration or hope, the two of them both existed on a single person - Chu Feng.

1. Super genius.

Chapter 1138: Establishing A Branch

At the moment when the six scum senior brothers came back to reality, they discovered that Chu Feng and the others were already gone; they had already left.

Chu Feng and the others did not immediately return to their respective territories after leaving the Smooth Steady Division. Instead, they all arrived at Chu Feng's territory...

"What? Junior brother Chu Feng, you have broken off all relations with the Ascension Division?"

"Junior brother Chu Feng, it is all my fault. If I hadn't asked you to help us, if it weren't for us, you wouldn't have missed the opportunity to join the Ascension Division."

"Not joining the Ascension Division is not a major matter. However, right now junior brother Chu Feng actually got into a conflict with the Ascension Division. What if they come back for revenge in the future? We have truly created an enormous trouble for junior brother Chu Feng."

After returning to his territory, Chu Feng told Wang Wei and the others about what happened between him and the Ascension Division. After they knew about what happened, all of them started to blame themselves.

While they felt very disappointed to not be able to join the Ascension Division, they felt a great deal of self-blame after knowing that they had ruined Chu Feng's chances of joining the Ascension Division and even brought a great enemy upon him. After all, the Ascension Division was ranked tenth among the core region's branch power organizations. As for their head, Long Chenyi, he was even a famous demon-level character. They had heard of Long Chenyi's famous name even before coming to the Cyanwood Mountain.

"Senior brothers and sisters, do not worry. Our Southern Cyanwood Forest is now in an alliance with the Ascension Sect. Even if the Ascension Division loathed me, with the alliance in place and the constrictions from the elders, what could they possibly dare to do to me?" Chu Feng

comforted the others.

“Is that true? If the Ascension Division would not make things difficult for junior brother Chu Feng, it would truly be great.” After hearing what Chu Feng said, half of the worries in Wang Wei and the others’ hearts were lifted. Their expressions of concern also lessened greatly.

“However, it is truly unfortunate that we have ruined junior brother Chu Feng’s chances of joining the Ascension Division. With junior brother Chu Feng’s talent, if you are able to join the Ascension Division, you would most definitely advance by leap and bounds. Perhaps one day junior brother Chu Feng might even be able to surpass Long Chenyi and become the head of the Ascension Division.” Someone voiced regret for ruining Chu Feng’s chances to join the Ascension Division.

Right at this moment, a servant walked in and reported to Chu Feng. “Master, someone has arrived.”

“Who is it?” asked Chu Feng.

“He said he’s your senior brother.” said the servant.

“Senior brother?” Chu Feng was confused. The others were also confused. They truly could not think of who it might be that had come to find Chu Feng, as everyone they knew were already in this place. So how could there be a senior brother?

“Junior brother Chu Feng, it is us.” Right at this moment, a voice was heard. At the same time, six figures appeared before Chu Feng and the others. It turned out that the so called senior brother was in fact the six scum senior brothers.

Seeing these six, Wang Wei and the others spoke with a displeased tone. “You all dare to come to this place? Did you felt that junior brother Chu Feng did not hit you enough?”

“Junior brothers and sisters, we were in the wrong earlier. However, we have not come here to create troubles. We truly have something that we wish to request of junior brother Chu Feng,” said the six scum senior brothers.

Chu Feng gestured for Wang Wei and the others to quiet down. Then he said. "What is it that you want, speak away."

"Junior brother Chu Feng, please hear me out. I am Fang Tuohai. Back during the time when I entered the Cyanwood Mountain, I was most definitely not a bottom-tier existence, nor was I someone with no ambitions. It is only because I offended someone that no branch power organization was willing to shelter me. I ended up becoming the target of bullying in this core region. Even when doing missions, I would be hindered by others, causing my missions to fail time and time again. Being helpless, I ended up establishing the Smooth Steady Division."

"The Smooth Steady Division, as its name implies, the me from back then had lost all drive, and sought only peace. I had hoped that by creating my own branch power organization, I would be able to spend my remaining years in the Cyanwood Mountain smoothly and steadily. After twenty years had passed, my time in the Cyanwood Mountain was indeed smooth and steady. However, the time was spent under the others' humiliations. This peacefulness was traded with accepting the humiliations."

"It has been twenty years, our Smooth Steady Division has existed for twenty years. Yet, we only have six members. I truly did not wish for it to continue on like this. That is why I had thought about threatening you all to make you join our Smooth Steady Division," said the Smooth Steady Division's head Fang Tuohai with an expression of helplessness.

"Regardless of what sort of justification you have, it is wrong for you to bully juniors from the same school. You do not have to bother trying to absolve yourself of your wrongdoings, for it would only make me despise you more," said Chu Feng.

"Indeed. Junior brother Chu Feng, what you say is absolutely right. I am in the wrong; that is something that cannot be changed. I have not said all these things for the purpose of trying to absolve myself from my wrongdoings. I merely do not wish to continue on like this. Today, I have seen hope; I have seen hope on you, junior brother Chu Feng."

“Thus, I wish to request that junior brother Chu Feng join our Smooth Steady Division. I am willing to give my position of the head to you. Please, lead us to greater strength.” Speaking till this point, Fang Tuohai suddenly became emotional and directly knelt onto the ground with a ‘putong’ sound.

“Junior brother Chu Feng, we beg of you. Our Southern Cyanwood Forest’s disciples being bullied is the fundamental reason why it is so hard for us to emerge in the Cyanwood Mountain. Currently, there are still a lot of Southern Cyanwood Forest’s disciples that have not joined any branch organization power. It is not that they do not want to join any, but rather, that no one is willing to accept them.”

“However, if you are to become our Smooth Steady Division’s head; then, with someone with strength like you to be our head, we believe that our fellow disciples would all be willing to join the Smooth Steady Division too.”

“At that time, our Southern Cyanwood Forest’s disciples would not linger on with no aim in the Cyanwood Mountain. At the very least, our fellow brothers and sisters with low strength, those pushed aside by others, would have a place to call home.” At the same time, the other five scum senior brothers also knelt onto the ground and started to beg Chu Feng.

At this moment, Chu Feng’s heart was very emotionally moved. He carefully inspected the six of them, and discovered that there was a very intense emotion of longing in their eyes. It was a longing to change their situation after being oppressed for many years.

At this moment, for some reason, Chu Feng’s hatred for these six scum brothers lessened. At the same time, he began to feel pity for them.

As humans, who does not have pride and character within them? No one was born to serve another. However, as the saying goes, being underneath eaves, one has no choice but to lower one’s head. People have always tried to resist. However, they would be beaten down by the cruel reality around them until they had no choice but to lower their heads. As for these six

scum senior brothers, they were evidently this sort of people.

From their words, Chu Feng was able to tell that there were many more disciples like them from the Southern Cyanwood Forest. Merely, those disciples were not even as courageous as them.

At the very least, these six scum senior brothers had the courage to establish their own branch organization power after being pushed aside by the other branch organization powers. However, the other Southern Cyanwood Forest disciples that were pushed aside did not even have the courage to establish a branch organization power, and continued to aimlessly linger about the core region like homeless people, living like neither humans nor ghosts as the true bottom-tier existences.

“Junior brother Chu Feng, as the Ascension Division is unwilling to shelter us now anyways, instead of joining other branch power organizations and sticking up to others, why don’t we...” At this moment, Wang Wei and the others had also turned to Chu Feng.

In reality, they also wished for Chu Feng to establish his own branch power organization. However, at the same time, they were feeling very conflicted too. After all, Chu Feng was unlike them, and possessed peerless talent. With Chu Feng’s strength, there were likely many branch power organizations in this core region that were willing to accept him.

To start one’s own branch power organization was indeed a much lower starting point than joining a powerful branch power organization. While it might be beneficial to them, it would not be very beneficial to Chu Feng.

Chapter 1139: Asura Division

Finally, Chu Feng spoke. “Give up on this matter, I will not agree to it.”

Once Chu Feng said these words, everyone’s body stiffened, and dejected expressions covered their faces. Their current appearance was like that of deflated balls. Slowly, they lowered their heads. At this moment, the palace hall became silent as despair and grief filled it.

Even though they had guessed that Chu Feng might reject them, even though they knew that Chu Feng was completely justified in rejecting them; however, when Chu Feng really did reject them, they were still unable to contain their disappointment.

At this moment, they appeared like a pack of wolves that lost their leader. Although they were not weak, they were not strong either. In this jungle filled with beasts, they lost the sole person that they relied on and lost sight of their path; their future was now completely unknown.

Upon seeing the disappointed expression of the crowd, Chu Feng opened his mouth and laughed mischievously. He said. “However, the six of you, if you’re willing to dissolve this Smooth Steady Division, you would be allowed to join mine.”

“Join yours? Junior brother Chu Feng, you mean?...” After hearing those words, everyone was surprised. After that, expressions of joy filled their faces as they already managed to tell Chu Feng’s intentions from his words.

“I feel that what you all have said is reasonable. Rather than joining someone else’s branch power organization, it is better for us to establish our own. However, the branch power organization that I want to establish is most definitely not a Smooth Steady Division that wants only steady peace. The branch power organization that I will be establishing is one that will lead the Southern Cyanwood Forest’s disciples from the being at the bottom of the core region to the top.”

“To become the peak existence among the several thousand branch power organizations of the Cyanwood Mountain’s core region, that is my

goal.”

“If there are gods blocking our path, we shall kill gods. If there are buddhas blocking our path, then we shall kill buddhas. Whoever dares to block my path, I shall turn into a demon and kill them all.”

“Thus, I am naming this branch power organization of mine the Asura Division.”

“Asura Division! Junior brother Chu Feng, you truly mean that?” Hearing what Chu Feng said, the crowd became incomparably excited. Although they expected such a situation to occur, they were still unable to contain themselves when it became reality.

That was because what Chu Feng said was not only Chu Feng’s aspirations, it was also the hope of the Southern Cyanwood Forest’s disciples. As the Southern Cyanwood Forest’s disciples, who among them did not wish to emerge in power, and make all those who looked down on them treat them with reverence and respect?

However, they never imagined having a branch power organization established by their Southern Cyanwood Forest’s disciples become the peak existence in the core region. What did it mean to be the peak existence? It meant to become the strongest. This was truly an enormous goal.

However, for some unknown reason, when these words were spoken by Chu Feng, they did not have the slightest doubt. Instead, they all believed in it. It was as if they would truly become the strongest branch power organization in the core region under Chu Feng’s leadership.

“I, Chu Feng, am never one to joke around regarding such matters.” With a smile on his face, Chu Feng looked to the six scum senior brothers and asked. “What do you think? Are you all willing to join my Asura Division?”

“Willing, of course we are willing. I declare that our Smooth Steady Division will be dissolved today, at this very instant. You all, do you have any objection?” Fang Tuohai looked to the other five.

“No objection.” The other five shook their heads like rattle drums. After that, they looked to Chu Feng in unison and said. “We are willing to join the Asura Division and follow junior brother Chu Feng.”

“Junior brother Chu Feng? It should be time to call him Head, no?” Right at this moment, Wang Wei laughed sweetly, and then surprisingly made a grand gesture of courtesy toward Chu Feng. “Wang Wei pays her respect to Head Chu Feng.”

“We pay our respects to Head Chu Feng.” Immediately after, the others also displayed grand gestures of courtesy toward Chu Feng to signify that they were willing to join Chu Feng’s Asura Division.

Their reactions were something that Chu Feng already anticipated. Nevertheless, it remained that he felt rather emotional in his heart, as this was the first date of his Asura Division’s establishment, as well as the first step that he had taken. Although the current standing of the Asura Division was very low, Chu Feng did not want to fail to live up to the name of Asura.

“Yoh, you truly decided to name it the Asura Division? I was merely joking around.” At this moment, within Chu Feng’s body, Eggy was laughing nonstop. It could be seen that she was very happy.

Actually, it was not Chu Feng who decided upon the name Asura Division. Instead, it was something that Eggy casually said. However, Chu Feng decided upon the name, as he became fond of it. After all, if it wasn’t for this Asura World Spirit Eggy, then Chu Feng would not necessarily have today’s accomplishments; he might not even have been able to survive till now.

Thus, this could be considered to be a commitment Chu Feng made to Eggy. Since he obtained the good graces of the Asura Spirit World, he would definitely not allow himself to fail to live up to the strength of the Asura Spirit World. Even though the strength of the Asura Spirit World was something that his mother forcibly sealed in him, Chu Feng felt that the strength of Asura was intended for him to begin with.

Thus, Chu Feng snickered in his heart and said to Eggy. “This Asura

Division is merely the beginning. There will be a day where I will spread the name of Asura throughout the world. At that time, I will be the representative of Asura. As for Asura, it shall become my alias.”

“Yoh, you truly have some huge aspirations. Although it is not that easy for others to obtain our Asura Spirit World’s power, the world is enormous, and the amount of World Spiritists that have managed to contract the Asura Spirit World is not limited to only you. Furthermore, every one of them are absolutely not weak.”

“You wish to become the alias of Asura, that is the same as becoming the strongest among all the World Spiritists,” said Eggy in a striking manner.

“Ha.” Chu Feng laughed lightly. After that, he said with a face filled with confidence. “I will most definitely become the strongest World Spiritist.”

“Very well, you’re arrogant enough. However, your lady queen is most fond of your enthusiasm. If you do not even possess this bit of confidence, then you would not be worthy of being this queen’s master.” Eggy pursed up her little lips and slightly narrowed her eyes to display a beautiful and enchanting smile filled with anticipation.

“Asura Division, what a strange name.” Right at this moment, a female’s voice was suddenly heard from outside. Turning their gazes toward the source of the voice, everyone was startled. That was because there was no one there at all.

“Why? Lil Sis Ruochen, is there something wrong with the name?” Only Chu Feng had an expression of expectation.

“You already knew that I’d arrived?” Right after Chu Feng said those words, the space from where the voice came from started to tremble. Soon, a beautiful female figure appeared.

Seeing this woman, everyone present was shocked. Especially those six scum senior brothers, their eyes even shone, and their mouths were open in shock.

That was because this woman not only possessed fairy-like beauty, her

cultivation was also extraordinary - she was a rank three Martial King. As for who this woman was, she was naturally Bai Ruochen.

“Heh, I guessed.” Chu Feng’s eyes narrowed as he smiled mischievously.

“Che.” Bai Ruochen cast a side glance at Chu Feng and displayed an expression of disbelief.

“Lil Sis Ruochen, you’ve said earlier that the name of my Asura Division is strange. I wish to know why you think it’s strange.” Chu Feng asked.

“Of course it’s strange. By Asura, it means the Asura Spirit World. Legend has it that the Asura Spirit World is the strongest Spirit World among the seven Spirit Worlds. As for the power that they possessed, it is also the most wicked and vicious among all Spirit Worlds. It is said that the power of Asura Spirits are even more dark and frightening than Demon Spirits. For you to name your branch power organization as the Asura Division, could it be that you wish to make it into an existence even more cruel and frightening than demons?” asked Bai Ruochen.

“Does being a demon necessarily mean that it’s cruel? I do not believe that to be the case. Does being a god necessarily mean that it’s righteous? I feel that to be even less unlikely. As for why I decided to name my branch power organization the Asura Division, I naturally have my own reason. However, as for this reason, I do not plan to tell it to you right now. In the future, you will come to know why,” Chu Feng said with a beaming smile.

Chapter 1140: Bai Ruochen Joining

“Whatever.” Faced with such a response from Chu Feng, Bai Ruochen gave him another side eye. She appeared to be a bit displeased that Chu Feng was unwilling to tell her the reason.

“Lil Sis Ruochen, for you to come and find me at such a late hour, it couldn’t possibly be just to eavesdrop on us, right? As the saying goes, to see is to participate, why don’t you join my Asura Division?” Chu Feng said with a beaming smile.

Once Chu Feng said those words, Wang Wei and the others all breathed in a mouthful of cold air, then looked to Bai Ruochen with expressions of anticipation. What sort of character was Bai Ruochen? She was the number one genius of the Ascension Sect, the daughter of the Ascension Sect’s sectmaster. If such a demon-level character was to join their Asura Division, she would, without a doubt, become an enormously helpful presence.¹ Likely, with merely Chu Feng and Bai Ruochen, they would be able to support the entire Asura Division. Like this, even if the Asura Division did not wish to emerge in power in the future, it would be difficult for it to do so.

“Join your newly created branch power organization that, other than you, is composed of only useless troops?” Bai Ruochen swept her eyes over the crowd that was present in the palace hall. Her gaze was filled with disdain. As for her words, they were very cold and direct.

However, these blatantly thorny words from Bai Ruochen did not anger Chu Feng in the slightest. Instead, with a beaming smile, he said. “I will give you benefits.”

“What sort of benefits?” asked Bai Ruochen.

“I’ll give you the position of my Asura Division’s Second Head, what do you think?” Chu Feng said those words with a mischievous smile.

“Who would want that?” Bai Ruochen’s face was extremely cold. An expression of annoyance covered her face. However, after that, she turned to Chu Feng and said. “It is also not impossible for me to join your Asura

Division. However, you must agree to one thing from me.”

“What is it?” asked Chu Feng.

“Something that you can only agree to and not refuse,” said Bai Ruochen.

“Only agree to and not refuse? In that case, what if you wanted me to go and kill myself? I’ve not lived enough.” Chu Feng displayed an expression of unwillingness.

“If you’re afraid, then pretend I never mentioned it.” Bai Ruochen had a very determined expression.

Chu Feng clenched his teeth and then said resolutely, “Fine, I’ll agree to it. Whatever it is, go ahead and tell me.” He knew of Bai Ruochen’s strength and her status. If he was able to get her to join his Asura Division, the Asura Division would most definitely strengthen at a faster pace.

“I still have not thought of what it will be yet. When I figure out what it will be in the future, I’ll tell you then.” Bai Ruochen displayed a slight smile. It was very charming and beautiful. There were even traces of complacency in her smile. It was as if she felt joyous in finally winning against Chu Feng in their battle of words.

“In that case, it means that you’ve agreed to join?” asked Chu Feng.

“Naturally. However, you don’t have to give me any position like the Second Head or whatever, as I am not interested in it. I would rather be an ordinary member, as I would have more freedom this way. Also, I’ll speak these words beforehand, as long as there’s nothing major, do not come and find me, as I do not like being bothered,” said Bai Ruochen with a prideful expression.

“Haha, that’s truly great. With senior sister Bai joining our Asura Division, it would be hard for our Asura Division to not emerge and expand in the future.” Seeing that Bai Ruochen agreed to join, the person who was the happiest was not Chu Feng. Instead, it was Wang Wei and the others. They all began to cheer for Bai Ruochen’s acceptance in joining the Asura Division; they were truly endlessly excited.

“How could you all be this rude? This junior sister is so young, how could you all address her as senior sister? Isn’t this calling her old? You should be calling her junior sister instead. If you feel that your status is inferior to call her junior sister, then the least you could do is call her Miss Bai.” Surprisingly, when they saw Wang Wei and the others addressing Bai Ruochen as senior sister, Fang Tuohai and the other five scum senior brothers actually spoke to correct them with a very dissatisfied tone.

At this moment, Wang Wei and the others were truly speechless. They did not know how to explain things to Fang Tuohai and the other five scum senior brothers.

Right at the moment of awkwardness, Bai Ruochen spoke. “Forget about it. Regardless of what status I might possess in the past, as I am now in the Cyanwood Mountain, I will have to follow the hierarchy of the Cyanwood Mountain. As my age is younger, just go ahead and address me as junior sister.”

“Look, didn’t I say to address her as junior sister? Hahaha...” After hearing what Bai Ruochen said, Fang Tuohai and the other five scum senior brothers began to laugh loudly. However, as they were people who could be considered to be uncles with their ages, for them to laugh so loudly while looking at the beautiful fairy-like Bai Ruochen, it was truly gave off a wretched appearance regardless of how one looked at it.

“What Lil Sis Ruochen said is correct. Everyone, there is no need for you all to address me as Head. It would be fine for you all to continue to address me as junior brother. Otherwise, it is also weird for me to hear myself being addressed as the Head.”

“In essence, all the members of our Asura Division are family. While there are rules in the family, as long as one does not break the rules, they would all be considered to be on equal footing, and will not have to bother with the needless formalities.”

Although Chu Feng was not fond of being looked down on by others, he also dislike being placed in too high of a standing by people that he was close with because it would bring about a sense of distance.

“As per your orders.” Once Chu Feng said those words, other than Bai Ruochen, everyone else stood up and shouted in unison while cupping their fists respectfully.

“Sigh, forget about it. Pretend that I never mentioned such a thing.” Faced with the extremely respectful gesture displayed by the crowd, Chu Feng shook his head. He suddenly felt that it was impossible for him to make them treat him as an equal like Bai Ruochen.

Establishing a branch power organization was no small matter; there was a lot of preparations to be made. After finishing the creation of the Asura Division, Chu Feng began to make arrangements. First, he designed an Asura Division armband. After that, he had Wang Wei and the other female disciples go and create armbands with that design in large quantities. As women were more attentive, they would be more diligent when making the armbands.

At the same time, Chu Feng began to personally create a formation to create an enormous sign and personally placed it on top of the entrance gates to his territory.

The Asura Division was formally established. In excitement, some people began to cheer. The cheering and clamor attracted the attention of many people.

“Here I was wondering who it is that’s making all this noise here. So it’s a bunch of newbies that do not know about what being reckless is.”

However, when those people discovered that it was Chu Feng and the other new disciples establishing a new branch power organization, they all began to look at them with expressions of disdain and even began to mock them.

That was because in the Cyanwood Mountain, branch power organizations would sometimes be challenged by other branch power organizations. As for the branch power organizations created by newly joined disciples, they were the ones that would be challenged the most. After all, if one managed to win a challenge, they would obtain quite a bit of glory and cause more people to be willing to join their branch power

organization.

Thus, to the crowd that gathered from the noise, a new branch power organization created by new disciples was equivalent to a stepping stone. What awaited new branch power organizations was only the fate of being challenged, devastated and humiliated.

“That girl...”

However, when they saw Bai Ruochen, their eyes shone. Unable to contain themselves, they breathed in a mouthful of cold air.

After all, Bai Ruochen was stunning. Not only did she possess an exquisitely beautiful appearance, she also had the strength of a rank three Martial King. While rank three Martial Kings might not be anything amazing in the core region, a rank three Martial King as young as Bai Ruochen was still very shocking to find. As long as one was not a fool, they would be able to tell that Bai Ruochen was a demon-level character.

Thus, when they discover that Bai Ruochen was wearing the Asura Division's armband, the bystanding crowd that were looking at Chu Feng and the others with disdain began to feel that this newly established branch power organization might not be as simple as it appeared to be. Thus, they hurriedly dispersed from this place; they did not dare to make thoughtless remarks or even continue to watch.

Wang Wei and the others noticed what was happening and felt extremely happy because of it. It was as if they saw the hope for the Asura Division's future.

As for Fang Tuohai and the other five scum senior brothers, they were even more incomparably happy. Their Smooth Steady Division had been established for twenty years, yet all it brought them was more humiliation. However, this Asura Division had only just been established, yet it was already capable of bringing restraining fear to others. The gap between them was so incomparably enormous. This, in turn, boosted their confidence by quite a bit.

Chapter 1141: It's Me, What About It?

Chu Feng did not bother with the crowd that gathered to watch what was going on. After he finished putting up the Asura Division's sign, he turned to Fang Tuohai and asked, "Senior Fang, you said earlier that there were many other disciples from our Southern Cyanwood Forest that have yet to join a branch power organization. Is that the truth?"

"Absolutely true. How could I possibly lie to you about that? If you do not believe me, I am able to go and find them for you. Although they did not join our Smooth Steady Division, we still managed to keep in contact with them." Fang Tuohai nodded his head with absolute certainty. He feared that Chu Feng would not trust him.

"Very well. In that case, go and tell them that our Asura Division is willing to shelter them. As long as they want to join, they will be welcome to join at any time," said Chu Feng.

"Got it. However, junior brother Chu Feng, since we have established the Asura Division, should we go and announce ourselves and recruit new members?" asked Fang Tuohai.

"The time is not yet ripe. There is no need for us to go and recruit new members yet. When the time is ripe, people will want to join us without us even bothering to recruit them. However, at that time, our Asura Division will no longer be a branch power organization that just anyone will be allowed to join." A confident smile appeared on Chu Feng's face.

Since he had established the Asura Division, he would most definitely not allow it to continue existing as an obscure and unknown entity...

"Chu Feng, if there is nothing that you need from me, I'll be returning first. Tomorrow, I'll see you at the mission plaza." Bai Ruochen took a glance at the gradually setting sun and then said to Chu Feng. Right after she said those words, she immediately turned around to leave the place.

"Wait a moment." Chu Feng hurriedly shouted to stop Bai Ruochen. Then, he arrived beside her and said with a beaming smile. "Lil Sis Ruochen, let me see you to your place."

“Why? I am not someone who cannot find her own residence.” Bai Ruochen looked to Chu Feng with an alert expression. Without waiting for his response, she directly began to fly toward her own territory.

“Of course I need to see you to your place; I still don’t even know where your territory is yet.” Chu Feng had an eagerly attentive expression. He turned to Wang Wei and the others, waved his hand and said. “You all can disperse.” After he finished saying those words, Chu Feng chased after Bai Ruochen’s beautiful figure.

Although Bai Ruochen did not bother with Chu Feng, she also did not try to fly with all of her might. Thus, in no time, Chu Feng managed to catch up to her. He said. “Lil Sis Ruochen, thank you for all the things you’ve done today. I, Chu Feng, will remember your benevolence.”

“I don’t understand what you’re saying.” Bai Ruochen cast a side eye at Chu Feng before turning to look forward with an expression of not knowing what Chu Feng was talking about.

“Heh...” Seeing this, Chu Feng did not try to explain himself. Instead, he laughed mischievously and then asked, “You want me to go to the mission plaza tomorrow, it couldn’t possibly be only so that we could go and do missions together, right?”

“Of course not. I have already inquired about the map that we obtained. It just happened to be the core disciple’s mission region. In other words, we could use ‘doing missions’ as a reason to explore the region on the map,” said Bai Ruochen.

“There’s such a good thing?”

Hearing those words, Chu Feng was also delighted. That was because the map that Bai Ruochen spoke of was the true remnant left behind by the Ascension Sect’s ancestor. Although neither Chu Feng nor Bai Ruochen knew what might be there, they were able to, at the very least, feel that it was most likely something of extraordinary value; at the very least, a treasure with great usage.

Otherwise, there shouldn’t be a reason for the Ascension Sect’s ancestor to go through all this effort of hiding it.

Chu Feng and Bai Ruochen's territories were not located far from each other. With their fast traveling speed, they quickly arrived at their destination.

"As expected of the Ascension Sect, even in the Cyanwood Mountain, they possess extraordinary influence. This territory of yours, the daughter of the Ascension Sect's sectmaster, is quite a lot better than ours." After he saw Bai Ruochen's territory, Chu Feng gasped in admiration. That was because Bai Ruochen's territory was more than twice the size of his territory. In the territory, the buildings and other constructions were also extremely impressive and majestic. When compared to Chu Feng's territory, it appeared to be many times better.

"How many times must I tell you this? I am not his daughter." Bai Ruochen corrected Chu Feng. Then, she stared fiercely at him and said. "If you are to show your Commander Flag, the territory you would get would be more than several hundred times better than this one that I got here."

"Heh, I will take out the Commander Flag sooner or later. Merely, it is still not the time to do it yet. Aren't you the same? You still haven't gone to exchange your General Flag for the rewards." Chu Feng said with a mischievous laugh.

"The General Flag is in my hands. It is mine and not something that others can take away. So why hurry?" Bai Ruochen took a glance at the sky that had already grown dark and said. "Well then, you've already seen me to my territory. You can return now."

"I've seen you back through this long journey, shouldn't you invite me in?" Chu Feng asked.

"For just a single man and a single woman, what purpose is there to invite?" Bai Ruochen cast a side eye at Chu Feng.

"How could it be a single man and a single woman? Are there no servants in your territory?" said Chu Feng.

"While there are female servants in my territory, there are no males," said Bai Ruochen.

“Is that so? In that case... what’s going on with those two?” Chu Feng pointed to a small plaza in Bai Ruochen’s territory.

“That is?” Following toward the direction that Chu Feng pointed at, Bai Ruochen’s expression immediately changed. That was because two people were standing there. Furthermore, they were two men.

However, after Bai Ruochen managed to clearly see the appearances of these two men, she managed to calm down. She turned to Chu Feng and said. “They’re my senior brothers from the Ascension Sect. To be exact, they’re people from the Ascension Division.”

“You know them?” Chu Feng asked.

“I do. They have returned to the Ascension Sect before. I met them during that time. However, I am merely acquainted with them and am not familiar with them,” said Bai Ruochen.

“I think that they have most likely come to act as a go-between. Let’s go, I’ll join you, let’s see what they’ll do,” said Chu Feng.

“Mn.” Bai Ruochen nodded and flew down together with Chu Feng. After arriving before them, she did not bother to call them senior brothers. Instead, with an icy-cold tone, she asked. “Is there something that you need?”

“Junior sister Ruochen, you’ve finally returned. We knew that some misunderstandings have occurred in the Ascension Division today. However, you cannot blame it on Long Chenfu. After all, our Ascension Division has its own rules.”

“However, after our head and the second head heard about this matter, they immediately agreed to junior sister Ruochen’s request. Head Long Chenyi even said that as long as junior sister Ruochen is willing to join the Ascension Division, not to mention the twenty-two disciples from the Southern Cyanwood Forest, even if twenty-two more disciples were to come, our Ascension Division will allow them to join without any delay.” When those two men from the Ascension Division saw Bai Ruochen, they displayed very polite expressions toward her. However, the two of them did not even bother to take a glance at Chu Feng.

“There’s no need, I’ve already joined another branch power organization.” Bai Ruochen said with an indifferent tone.

“What? Junior sister Ruochen, you’ve joined another branch power organization? Which branch power organization did you join?!” Upon hearing those words, the expressions of the two men immediately changed. Their expressions turned extremely ugly, as if they had eaten a dead rat,.

“Can you not see it for yourselves?” Bai Ruochen extended her lily-white hand and pointed to the armband on her right arm. On the armband were the words ‘Asura Division.’

“Asura Division?” When they saw the words Asura Division, the two men displayed expressions of confusion.

After all, the two of them were veterans of the Cyanwood Mountain. Even in the Ascension Division, they were of the upper echelons. They could be said to be extremely knowledgeable of matters in the Cyanwood Mountain. Thus, they knew of all the powerful branch power organizations. However, the Asura Division was a division that they had never heard of before.

Yet, Bai Ruochen was wearing the Asura Division’s armband. Evidently, it was not fake. However, regardless of who it was, they stole the genius Bai Ruochen from their Ascension Division. This caused them to be extremely unhappy and displeased. Thus, they asked. “Junior sister Ruochen, may we know who the head of this Asura Division is?”

Right at this moment, Chu Feng spoke. “It’s me, what about it?”

Chapter 1142: Returning In Failure

“It’s you?”

After hearing what Chu Feng said, the two men immediately displayed extremely shocked expressions. Their wide open eyes were filled with emotion, the feeling of finding something to be unbelievable.

The two of them began to carefully inspect Chu Feng. From his head to his feet and then from his feet back to his head; from inside to outside and then outside to inside. They inspected Chu Feng over and over again, countless times, and even used spirit energy to assist with their inspections.

However, there was not the slightest trace of change to Chu Feng’s cultivation of rank one Martial King. This sort of man created the Asura Division? Bai Ruochen joined such a branch power organization? She was willing to allow someone this much weaker than her to lead her? How could this be?

“Junior sister Ruochen, is this the truth?” Being extremely puzzled, the two turned their gazes toward Bai Ruochen. They truly wished that Bai Ruochen would say that all of this was false.

“Absolutely true.” However, reality was a cruel thing. Bai Ruochen responded to their question with an absolutely certain answer.

“Junior sister Ruochen, have you gone crazy? How could you join that sort of branch power organization? There are simply no benefits to your future prospects by doing so, and this will instead hinder you.”

“That’s right. Junior sister Ruochen, how could you join this kind of branch power organization? A branch power organization established by mere Southern Cyanwood Forest’s disciple, exactly what sort of assistance could it provide you? That branch power organization is unable to provide anything at all for you and will instead rely on you for everything, dragging you down.” Hearing Bai Ruochen’s determined answer, the two men began hurriedly began to try to advise her against it.

“Who has gone crazy? Who did you say is crazy?” However, not only did Bai Ruochen not feel grateful for the well-intended advice given by the two men, she instead became extremely angry. She pointed to the two of them and said. “I, Bai Ruochen, have my own way of thinking, and also possess the ability to make decisions for myself. Regardless of what it is that I plan to do, I have no need for your criticism.”

“Right now, I shall clarify it to the two of you. I, Bai Ruochen, will not join your Ascension Division. The two of you are also not welcome in my territory. Please get out of my territory right now. Otherwise, do not blame me for being rude.”

“Junior sister Ruochen, that is not our intent. We are not scolding you, please do not get angry.” Seeing that Bai Ruochen was becoming angry, the two men started to panic. The two of them appeared to fear Bai Ruochen greatly.

However, Bai Ruochen was not lenient in the slightest. She pointed to her territory’s entrance and angrily shouted, “Scram~~~~~”

In this sort of situation, the two of them did not dare to say anything anymore. Instead, they turned their fierce gazes toward Chu Feng. Their gazes were truly fierce; it was as if they wanted to kill Chu Feng using their gazes alone.

However, faced with this sort of gaze, Chu Feng merely smiled disdainfully and said. “What are you looking at? If there’s something you want to say, go ahead and say it.”

“Humph~~~” In the end, the two men did not say anything. Instead, they waved their large sleeves and left the plaza.

“I truly didn’t expect Lil Sis Ruochen to become this angry.” After the two men left, Chu Feng looked to Bai Ruochen with a smile on his face.

“I merely do not enjoy being criticized by others, as I am able to make decisions for myself. Moreover, I do not enjoy it being declared by others that my decisions are incorrect,” said Bai Ruochen.

“Mn, not bad. I like this sort of temperament. Actually... I am also this

type of person.” Chu Feng started to clap his hands and applaud Bai Ruochen.

“What are you staying here for? Could it be that you wish to be treated like them?” Surprisingly, Bai Ruochen cast a fierce side eye at Chu Feng. Her face was a bit pale, and her angry expression was still present. It was evident that her anger had not gone away.

“How could you do such a thing? No matter what, I am still your head. If you are to treat me like you did them, then wouldn’t that be equivalent to offending your superior, an act of rebellion?” Chu Feng have a mischievous smile on his face. He knew that while Bai Ruochen’s temperament was icy-cold, she still knew how to distinguish right from wrong. At the very least, she would not truly get angry at Chu Feng.

“Don’t bother using this on me. You must know that in my heart, you are simply no head of mine. I have only joined your Asura Division so that you can agree to one of my promises,” said Bai Ruochen.

“Exactly what is it that you want me to do? You should be able to tell me about it now, right?” asked Chu Feng.

“I told you that I still haven’t thought of it yet,” said Bai Ruochen.

“In that case, if I was to listen to you and leave right away, would that be considered to agreeing to do one thing that you asked me to do? After that, I would not owe you anything, right?” Chu Feng smiled an extremely shameless smile.

“Rascal...”

“Do you believe that I will leave your Asura Division right now?” As Bai Ruochen said those words, she directly pulled down the armband on her arm.

“Don’t don’t don’t. You’re my great aunt, I fear you, is that fine? I’ll leave right away, you don’t have to see me off.” Chu Feng hurriedly retreated backward. As he said those words, his foot touched the ground and, like a reverse meteor, he shot into the sky.

“Don’t forget about tomorrow. Come to the mission plaza early” said Bai

Ruochen.

“Yep, I’ll see you there.” In the night sky that was not completely black, Chu Feng’s voice sounded out.

Hearing Chu Feng’s voice, Bai Ruochen displayed an extremely enchanting smile. Unfortunately, no one was there to bear witness to Bai Ruochen’s smile.

As she smiled, Bai Ruochen looked at the Asura Division’s armband in her hand. After thinking for a moment, she ended up putting it back on her arm, and even specially tidied it up as she placed it on her arm. Only then did she proceed to walk toward her own palace to rest.

At the same time, a different scene was occurring in the Ascension Division.

In a grand and imposing palace hall, several hundred people were gathered. Not a single one of these people were weak. They could be said to all be the upper echelons of the Ascension Division.

However, at this very moment, they were standing orderly on the two sides of the palace hall. Their faces were filled with seriousness, and their eyes were filled with reverence as they looked toward the figure sitting on the main seat of the palace hall.

It was a man sitting on the main seat. Judging from his outer appearance, he should have just entered middle-age, and was merely in his early thirties. However, not only did this man possess an extraordinary appearance, his aura was even more extraordinary; he possessed the air of a king that ordinary people lacked. This sort of people were natural leaders, capable of achieving great accomplishments.

However, compared to his appearance and aura, the thing that this person possessed that brought about the most fear would be his cultivation. He was a rank six Martial King. As for his identity, he was the head of the Ascension Division, their leader, Long Chenyi.

Long Chenyi was no ordinary character. Not only did he possess extraordinary talent, he was deemed to be a rare genius during the time

when he was a disciple of the Ascension Sect. He shined even further after arriving at the Cyanwood Mountain.

The Cyanwood Mountain possessed several hundred thousand core disciples; it was so numerous that it's simply uncountable. However, when Long Chenyi was mentioned, practically everyone knows who he is.

His fame rose especially due to an incident a year ago when Long Chenyi saved all of his teammates during a mission. That caused his name to be spread throughout the entire Cyanwood Mountain, making him one of the well-recognized geniuses.

That was because in that mission, Long Chenyi encountered an infamous bandit, a senior that had cultivated for several hundred years, a rank eight Martial King.

However, not only did Long Chenyi defeat this rank eight Martial King with his cultivation of a rank six Martial King, he even managed to catch the bandit alive. This was enough to ascertain his extraordinary genius and matchless martial power. To be able to step over two entire ranks, these sorts of people were all true geniuses.

However, at this moment, Long Chenyi had an angry expression on his face. He looked to his younger brother Long Chenfu, who was kneeling on the ground not far from where he sat, and angrily rebuked him. "You fool, you are truly a fool."

"Do you not know what sort of character junior sister Ruochen has? Did you not remember what I told you? Her talent greatly surpasses mine! Do you know how enormous of a loss it is to our Ascension Division to not have her? If she was to join another branch power organization, it would be an even more enormous loss!"

"And you, you actually rejected her request because of some Southern Cyanwood Forest's disciples?! Have you become stupid?"

At this moment, the kneeling Long Chenfu's complexion turned ashen after being scolded by Long Chenyi. However, he did not dare to talk back and could only continue to endure all of this in silence. That was because he knew very well that the reason he possessed the status that he

currently had today was all because of his elder brother. If he didn't have his elder brother, he would most definitely not be the person he was today.

“Head, it's enough. No matter what, it has already happened. Even if you blame Chenfu, it will not change anything. Furthermore, didn't you also dispatch Hua Xiang and Xia Yue to talk to junior sister Ruochen? No matter what, the two of them are people that junior sister Ruochen knew. I believe they will be able to persuade junior sister Ruochen.” A burly man with a smile on his face spoke out to console Long Chenyi.

This burly man also possessed a cultivation of rank five Martial King, the same as Long Chenfu. However, his aura was completely different from Long Chenfu, greatly surpassing him. As for this person, he was the second head of the Ascension Division, Meng Zhensuo.

“Mn, as the matter stands, we can only rely on Hua Xiang and Xia Yue,” Long Chenyi said after a sigh.

“Rest assured. After all, junior sister Ruochen is a disciple of the Ascension Sect as well as the sectmaster's daughter. How could she refuse to join our Ascension Division?” said Meng Zhensuo.

“Thump.” Right at this moment, the closed doors to the palace hall were abruptly opened and two figures appeared in the palace hall. As for these two people, they were precisely the two men that were sent to persuade Bai Ruochen, Hua Xiang and Xia Yue.

Chapter 1143: Mission Plaza

“Hua Xiang, Xia Yue, how was it? Did junior sister Ruochen agree to reconsider?” When Long Chenyi saw the two men, he hurriedly stepped forward to question them. At the same time, all of the people present in the palace hall turned their gazes onto the two men.

However, when faced with the crowd’s gazes that were filled with hope and deep concern, the two men remained silent. In the end, they helplessly shook their heads.

“She refused?” Upon seeing this scene, Long Chenyi’s eyes shone, and his mouth opened as he began to display a surprised expression.

“If it was only a refusal, then it would be fine. However, junior sister Ruochen has joined another branch power organization.” Hua Xiang said in a very helpless manner.

“What? Junior sister Ruochen joined another branch power organization? This...” Upon hearing those words, Long Chenyi’s face immediately displayed a dejected expression. A difficult-to-describe sort of heartache could be seen in his eyes.

Seeing this, Long Chenfu spoke in a very mocking manner. “Humph. As I expected, this Bai Ruochen refused to join our Ascension Division because she wanted to join another. Big brother, you’ve regarded her too highly, she is nothing more than a traitor.”

“Shut your mouth. If it wasn’t for you, would junior sister Ruochen refuse to join our Ascension Division?” Long Chenyi reprimanded angrily.

“Big brother, how could this be because of me? Clearly Bai Ruochen did not want to join our Ascension Division to begin with. We’ve encountered countless people like her.”

“It’s not like all of the disciples from the Ascension Sect end up joining our Ascension Division. Countless people with good talents decided to, for better future prospects, join other branch power organizations. Big brother, you should know more about this stuff than me, no?” said Long

Chenfu in a very emotional manner.

“Shut up! Junior sister Ruochen is the sectmaster’s daughter. How could she possibly join other branch power organizations for the sake of her future prospects?” Long Chenyi displayed an expression of disbelief.

“The reality is right in front of your face, why do you refuse to believe it? So what if she is his daughter? It’s not like she’s his biological daughter.”

“Let alone her, there are all sorts of people in this world. There are even those who would kill their own parents. To betray her own family’s sect, that’s nothing alarming at all.” Long Chenfu was determined that Bai Ruochen had decided beforehand to not join their Ascension Division because she wanted to join a better branch power organization.

“Third Head, you are really truly wrong in your blaming of junior sister Ruochen on this matter. While it is true that junior sister Ruochen has joined another branch power organization, she did not join a branch power organization ranked above our Ascension Division. Instead, she joined a branch power organization established by a new disciple.” Seeing the situation, Hua Xiang explained.

“What? A branch power organization established by a new disciple?” Hearing those words, not only Long Chenyi and his brother Long Chenfu, practically everyone present were stupefied; they truly could not believe what they just heard.

“Hua Xiang, what exactly happened? Exactly what sort of branch power organization did junior sister Ruochen join? Who is it that established that branch power organization?” After being stunned for a while, Long Chenyi asked in a very emotional manner.

“This branch power organization’s name is the Asura Division. It was established by the Southern Cyanwood Forest’s disciple, Chu Feng.” Hua Xiang explained.

“For real? Junior sister Ruochen joined a branch power organization established by a Southern Cyanwood Forest’s disciple? Has she gone mad?” After hearing those words, everyone was shocked.

Only Long Chenyi said in a pensive manner. "It's actually him."

"Head, when junior sister Ruochen refused us earlier, it seemed to also be because of this Chu Feng. Could it be that this Chu Feng is truly someone with extraordinary origin?" Seeing the situation, the second head Meng Zhensuo asked.

Immediately, the crowd turned their curious gazes toward Long Chenyi. Although many disciples from the Ascension Division had gone to greet the Ascension Sect's sectmaster and management elders during the Commander Competition, the Ascension Sect's sectmaster had only chatted with Long Chenyi himself.

Thus, they actually did not know much about Chu Feng. Even the things that they did know were things that they had heard from Long Chenyi.

"Sigh, actually, I am also not familiar with this Chu Feng. However, it appears that he is of extraordinary origin, because Lord Sectmaster told me one thing."

"It is best for you to get Chu Feng to become a member of the Ascension Division. If he refuses, do not force him. In short, you must not offend him. Bear that in mind, bear that in mind..." recalled Long Chenyi.

"Lord Sectmaster truly said those words?" Hearing those words, the crowd all breathed in a mouthful of cold air. They felt that those words were truly inconceivable, as the sectmaster's assessment of Chu Feng was truly too high.

"Yes, absolutely true. Originally, I was also not interested in this Chu Feng. However, for this Chu Feng to be able to make junior sister Ruochen do such a thing, it means that he truly possesses some ability."

"After all, with junior sister Ruochen's temperament, it is extremely difficult for others to get close to her, much less manipulate her," sighed Long Chenyi.

"That's true. Hearing what you said, I too felt that this Chu Feng is not a simple character," Meng Zhensuo added.

"What's not simple about him? He's nothing more than a Southern

Cyanwood Forest's disciple. So what if he possess the cultivation of a rank one Martial King? In our Ascension Sect, disciples with this sort of cultivation are countless. In my opinion, it's merely that Bai Ruochen has some sort of affair with that Chu Feng." Long Chenfu displayed an expression of disapproval.

"What do you even know? If it wasn't for you, we wouldn't have come to this. After all, both Chu Feng and junior sister Ruochen were planning to join our Ascension Division in the beginning," Long Chenyi angrily rebuked.

Hearing this, Long Chenfu did not dare to talk back anymore. As for the others, they too grew quiet. With Chu Feng, it was easy for them to denounce him. After all, they all looked down upon the Southern Cyanwood Forest from the bottoms of their hearts. However, as for Bai Ruochen, they all knew that she was a true genius. To lose her was truly unfortunate.

"Head, in that case, what do you think we should do?" asked Meng Zhensuo.

"The only thing we can do is for me to personally go and try to see if I can persuade her tomorrow," sighed Long Chenyi.

Early next morning, when glimmers began to shine from the eastern sky, Chu Feng had already gotten out of his bed. After inquiring of others, he arrived at the Cyanwood Mountain's core region's Mission Plaza.

In the Cyanwood Mountain, doing missions was a common occurrence for disciples. It was also the method for them to provide for themselves.

That was because in the Cyanwood Mountain, there were many things that one could not obtain as one wished. If one wanted to obtain those things, one must use achievement points to exchange for them. If one wished to obtain something better, one would have to spend a greater amount of achievement points in exchange.

As for the achievement points, how could one obtain them? Other than being given as rewards by management elders or the headmaster, one could only obtain them using one's own abilities.

Although there were countless disciples in the Cyanwood Mountain, this Mission Plaza was still abnormally grand. Adding on the fact that Chu Feng arrived extremely early, there were truly few people on the Mission Plaza. Thus, with a single glance of his surroundings, Chu Feng was able to view the entire Mission Plaza.

While this Mission Plaza was called a plaza, it was more exactly an enormous building complex. Merely, the buildings were constructed on the four sides of a circular shaped plaza. If one was to look down from above, this Mission Plaza would appear more like a small field or a large disk.

As for those buildings, they were also very interesting. Although there were numerous buildings, there were only five different types, constructed in the shapes of five different animals.

There was a wolf-shaped building, a leopard-shaped building, a tiger-shaped building, a lion-shaped building and a dragon-shaped building.

Of these five different shaped buildings, the wolf-shaped type appeared to be the weakest, but was also the most numerous.

The dragon-shaped type was the rarest, numbering only a single one. However, its building construction was the most magnificent and enormous. Not only was it vivid and lifelike, it was even emitting a radiant light. It was as if the building was a true dragon crouching on this plaza, catching the attention of everyone present.

Chu Feng also noticed that although there were few people in the plaza right now, the majority of them were going in and out of the wolf-shaped and leopard-shaped buildings. Even the tiger-shaped buildings were infrequently visited. As for the lion-shaped buildings, he saw no one entering one of those.

As for the most enormous and magnificent dragon-shaped building, it was not even open. Like a decoration used to intimidate others, it was parked in the most dazzling place on the plaza.

“Hey, what’s your name?” Right at the moment when Chu Feng was enthusiastically checking out the Mission Plaza, an aged voice suddenly

sounded from behind him. Although that voice was very aged, it was also very vigorous, and also contained traces of anger within it.

Chapter 1144: Making Things Difficult In Public

Even though he heard this aged voice, Chu Feng decided to pay no attention to it. As there were so many people in the Cyanwood Mountain, not to mention the elders, there were even disciples that already entered old age. Since that voice was not directly directed toward him, Chu Feng could not say for certain that it was directed at him.

“Hey, I’m speaking to you, are you deaf or what? What are you looking at still? I’m talking to you, brat without the hat.” However, that voice sounded once again. Furthermore, it grew closer and closer. At this moment, Chu Feng finally realized that this voice seemed to be calling for him.

Chu Feng turned around and looked toward the source of the voice. As expected, he saw an old man wearing an elder’s outfit walking toward him.

This elder’s appearance was ordinary. However, there was one aspect regarding him that was special; he had a crooked nose. But, at this moment, his eyes were shining, and he was displaying a very ferocious expression as he stared at Chu Feng.

“Crap, he’s come to pick a quarrel.” Chu Feng shouted in his heart. Chu Feng’s sensitivity was extremely strong. He was able to tell that this elder was looking at him with a very displeased expression; it was as if there was an enormous hatred between them. However, Chu Feng clearly did not know who he was; it was the absolutely the first time he had met this elder.

Furthermore, if this elder wanted to call out for Chu Feng, he was totally able to shout at him directly. However, he did not do that, and instead shouted with an open voice toward a general direction. This in turn caused his voice to not be directed toward Chu Feng, and instead caused everyone on the plaza to hear it. It was evident that he was trying to gather the attention of the crowd.

As for why he was doing such a thing, Chu Feng had already managed to guess. Likely, this elder was trying to make things difficult for Chu Feng and embarrass him before the crowd.

It was only yesterday that Chu Feng entered the Cyanwood Mountain's core region and became a core disciple of the Cyanwood Mountain. It should be too early for him to make enemies with others. Who was it that could bring out an elder to make things difficult for him?

Other than the Orion Monastery and the Three Cyanwood Forests, Chu Feng was unable to think of any others.

"It would appear that my days of living in the Cyanwood Mountain will not be smooth." Seeing that crooked nosed elder arriving before him, Chu Feng grinned in his heart. It was only the second day since he had entered the Cyanwood Mountain, yet there was someone creating trouble for him already. In that case, how could his future days possibly be peaceful?

"Are you deaf? I called for you, why did you make me shout twice?" The crooked nose elder arrived before him and said as he stared at Chu Feng.

"Heh, elder, your voice is too loud. While I managed to hear your shout, I truly did not know that you were shouting at me," Chu Feng replied with a beaming smile and an easy-going expression. However, there was not the slightest trace of respect in his tone.

"Impudent, not only did you not salute to greet me, an elder, you actually dare to speak to me in such a manner. You are the rudest disciple that I have ever met."

"What is your name? Which sect or school did you come from? I truly want to know which subsidiary power delivered such a disappointing disciple like you," the elder shouted angrily.

His continuous loud shouts had already gathered the attention of the crowd. This caused all of those people that were nearby to stop their footsteps and turn their ears over to hear what sort of thing was happening.

"Reporting to elder, this junior's name is Chu Feng. However, this

disciple is very curious. Elder, you should have never met me before, so how is it that you know that I am from a subsidiary power? Could it be that I cannot be a disciple from the inner region that managed to pass the test to become a core disciple myself?" Chu Feng replied.

"This..." Being spoken to in such a manner by Chu Feng caused the elder's expression to change slightly. He suddenly realized that he had misspoken. Especially as there were many people in the crowd watching what was happening, if he were to continue to bicker about this matter, he would most definitely be placed in a difficult spot.

Thus, he hurriedly shifted the topic of discussion and pointed to Chu Feng's head. "Regardless of where you have come from, to not wear the core disciple's hat is an enormous disrespect to the Cyanwood Mountain. Slap yourself in the face ten times for me right away, and then put on the hat. Otherwise, I will send you over to the Punishment Department and have them handle you."

"There's a need to slap yourself ten times for not wearing the hat? I have never seen such a rule in the Cyanwood Mountain's disciples' rules and regulations." Right at this moment, a soft yet powerful and pleasant voice sounded.

Turning their gazes toward the voice, the crowd's eyes all shone. A fairy-like figure was currently descending from the sky. She landed beside Chu Feng. As for this woman, it was Bai Ruochen.

"Who are you? To punish a disciple is within my authority as an elder. It is best for you bystanders to step aside."

When the crooked-nosed elder saw Bai Ruochen, he became a bit timid. After all, Bai Ruochen was a genius with outstanding talent. With her cultivation and her appearance, the first sensation that she gave to others was that she was an exceptional genius. For people like her, not to mention disciples, even ordinary elders would not dare to provoke them.

"Bystanders?" Hearing that word, Bai Ruochen smiled an enchanting smile filled with mockery. After that, she raised her arm and took off the hat on her head. At the time when her beautiful silky-black hair fell down

from her head like a waterfall, she asked with a disdainful tone. “Now, I can’t be considered to be a bystander anymore, right?”

“You...” Even though he was fearful of Bai Ruochen’s talent, the crooked-nosed elder was still extremely enraged by Bai Ruochen’s actions. What she did was simply equivalent to giving him a slap to the face before all these people.

Thus, in order to uphold his honor as an elder, he decided to not care about the consequences anymore. He looked to the armband on Bai Ruochen’s left arm and sneered. “Oh, so you two are together. No wonder you dared to talk back to me.”

“To not wear your hats is deemed justifiable for you to be punished. The two of you, slap yourselves in the face ten times each. Otherwise, I will be sending both of you to the Punishment Department and imprisoning you there for a year or two. Let me see if you dared to act so impudent toward me again.”

“What a great not wearing your hats would be punished by ten self-slaps to the face. In that case, do all of us need to slap ourselves ten times?”

Surprisingly, immediately after this elder said those words, another voice sounded. Turning his head toward the source of the voice, he discovered that several thousand figures were descending from the sky. In the end, they landed on the plaza and completely surrounded that elder.

Most shockingly, all of them were not wearing hats. Furthermore, their hats were in their hands. It was evident that they have just taken them off their heads.

When they discovered the origin of this crowd, not to mention the surrounding crowd, even the elder’s face turned pale, and his gaze turned dim. That was because these people were from the Ascension Division. Furthermore, the person leading them was one of the great forces among the core region’s disciples, Long Chenyi.

“Ascension Division? Long Chenyi!” At this moment, even that crooked-nosed elder was frowning deeply.

What sort of place was the Ascension Division? It was the tenth among the core region's branch power organizations, a colossus with several tens of thousands of members. Most importantly, standing behind the Ascension Division were the powerful elders of the Ascension Sect. Very few people would dare to make themselves an enemy of the Ascension Division. As for elders with a status like himself, no one among them would dare to make themselves an enemy of the Ascension Division.

"Although I do not know who you are, for elder to know of me, Long Chenyi, it means that we have been brought together by fate. Might elder be capable of giving me some face and letting this little brother here go?"

Long Chenyi had a smile on his face. However, he was neither servile nor overbearing. His tone did not appear to be one who was speaking on equal footing with this elder. Instead, it was more of one speaking on a higher level than this elder.

Chapter 1145: Visual Confrontation

At this moment, a layer of cold sweat appeared on the crooked-nosed elder's forehead. From this, one could tell that he was truly being pressured by Long Chenyi. Especially after watching the position taken by Long Chenyi, it was clear that he came to protect Chu Feng and Bai Ruochen. From this, he knew that he had most definitely kicked an iron plate. Even if he was put into an awkward situation, he now had no choice but to accept it.

However, even though he knew that he would have to return in defeat, he was still unwilling to lose out on his airs of an elder. Thus, he forcibly calmed himself and said. "The rules of the Cyanwood Mountain cannot be thrown into chaos. However, since, Long Chenyi, you are one of the future hopes of our Cyanwood Mountain, and have pleaded for this new disciple, I will also not bicker with him."

"However, the disciples of the Cyanwood Mountain must definitely know about the rules. Since you know him, you should give him some guidance on behalf of this old one." After he finished saying those words, the elder immediately flew into the sky and hastily left the plaza.

After the elder left, the surrounding disciples that were watching what was happening all breathed in a mouthful of cold air. Even though they already knew of how powerful the Ascension Division was, when they saw it with their own eyes, they were still unable to hold in their gasps of amazement.

They were all awed by the strength of the Ascension Division and how powerful Long Chenyi was.

"Truly annoying. It's always you with all these troubles; in the end, we have to come and get you out of the situation." Long Chenfu looked coldly at Chu Feng. His eyes were filled with contempt.

"Ha, did I ask for your help?" Chu Feng sneered. He had completely not placed Long Chenfu in his eyes.

"You basta..." Being talked back to in such a manner, Long Chenfu

became enraged. He raised his hand and planned to attack Chu Feng.

“Stop.” Before he could do anything, Long Chenyi suddenly shouted at him, stopping all further actions from him.

“You must be brother Chu Feng, right? I am Long Chenyi, the head of the Ascension Division. I have heard of the misunderstanding that has occurred between you and my younger brother.”

“However, as the Ascension Sect has already entered into an alliance with the Southern Cyanwood Forest, we are, in essence, of the same family. I hope that it will be possible for us to turn hostility into friendship, and interact with one another peacefully from now on.” With a smile on his face, Long Chenyi courteously cupped his fist toward Chu Feng.

“So it was actually senior brother Long Chenyi. It is a pleasure to meet you.” Seeing how courteous Long Chenyi was, Chu Feng also courteously responded back with cupping his fist. However, Chu Feng was no fool. He was able to tell that Long Chenyi did not do all of that with sincerity. Not only did this man before him possess powerful strength, his wisdom also greatly surpassed Long Chenfu’s. Compared to Long Chenfu, Long Chenyi was actually even more difficult to handle.

“Junior brother Chu Feng, may I know of the reason why you’re not wearing your hat? Although it might not be much, it would, nevertheless, make for a pretext for those elders with ulterior motives to create troubles for you,” Long Chenyi asked curiously.

Chu Feng cast his gaze over the crowd and asked, “Senior brother Long Chenyi, and all other senior brothers, could it be that you all have not heard about the story of the green hat?”

“The story of the green hat?” Hearing what Chu Feng said, the crowd was puzzled. They turned to each other, looked to one another, and then shook their heads.

“I see, so that’s why. However, there would be no harm for me to tell you all about it.” Seeing this, Chu Feng smiled mischievously. Then, without leaving out any details, and even adding some more vivid details himself,

Chu Feng began to narrate the story of the green hat that Eggy had told him to the crowd of the Ascension Division.

“There’s such a story?”

After hearing the story of the green hat, the females present were still fine. However, as for the males, all of their expressions changed.

That was because Chu Feng’s ability to tell a story was even more powerful than Eggy’s. If Eggy’s story of the green hat was still only that of a story, then the story that Chu Feng narrated to them was akin to the truth.

Thus, at this very moment, the more the males looked at the green hats on their heads, the more uncomfortable they felt. Especially when they thought of how many years they had worn the green hat on their heads, they began to feel as if they have eaten rotten eggplants; it was an extremely uncomfortable sensation.

“Sigh, although this is merely a story, I still felt uncomfortable because of it. In order to make myself a bit more comfortable, I decided to not wear the hat.” As he looked at the expressions of the males, that appeared as if they had eaten dog shit, Chu Feng pretended to sigh with sorrow. As he said those words, he even touched his hair and said. “I feel that it is more comfortable this way.”

At this moment, the crowd was silent. As for the male members of the Ascension Division, they began to quietly put the green hats in their hands away, and secretly crush them to pieces.

Even the other bystanders that had heard the story hurried to remove their green hats. There were some that were unable to contain themselves and cursed out loud. “Who the fuck designed this hat? I curse him so that his wife will find another man!”

“Junior brother Chu Feng is truly witty. However, it is true that this story affects one’s frame of mind. It’s merely a hat, it is fine to not wear it.” In fact, even Long Chenyi put the hat in his hand away. He then turned to Bai Ruochen and said. “Junior sister Ruochen...”

“If you wish to persuade me to go to the Ascension Division, you can save yourself the effort.” Before Long Chenyi could finish what he wanted to say, Bai Ruochen interrupted with these words.

At this moment, including Long Chenyi who was planning to persuade Bai Ruochen, everyone else from the Ascension Division opened their mouths wide in shock. Even Chu Feng was shocked by her actions.

In his heart, he thought to himself ‘This girl is truly too ruthless. She spoke to Long Chenyi in such a manner before such a huge crowd. This is clearly putting Long Chenyi in an awkward situation.’

However, Long Chenyi had clearly come prepared. He only hesitated for a split second before once again displaying a smile and saying, “Junior sister Ruochen, even if you do not wish to hear it, I will still finish what I wanted to say.”

“Let me speak of it like this. The Ascension Division is not something that I, Long Chenyi, owns. Instead, it is a part of the Ascension Sect. As junior sister Ruochen is also someone from the Ascension Sect, you are inevitably linked to the Ascension Division.”

“Thus, I hope that junior sister Ruochen is able to disregard former grievances, forgive the wrongdoings of our Ascension Division, and return to us. After all, this is your home. As long as you’re willing to return, I am able to agree to all conditions.”

“Senior brother Long, I appreciate your kindness. However, you truly do not have to bother wasting time on this matter anymore, as it will only serve as a detriment our relationship.” Bai Ruochen refused in a very determined manner. Her calm and ice-cold tone seemed to say that she showed no consideration for this matter at all.

“Junior sister Ruochen, are you truly unable to consider it once more?” Long Chenyi was unwilling to give up.

“Hey hey hey, senior brother Long Chenyi, this should be enough, no? You must know that Lil Sis Ruochen is a member of my Asura Division now.”

“You’re trying to take a member of my branch power organization right in front of my face, isn’t this a bit too not putting me, Chu Feng, in your eyes?” At this moment, Chu Feng was finally unable to continue watching.

“Who the fuck do you think you are? You think you’re worthy enough for my big brother to look at you?” Before Long Chenyi could respond, Long Chenfu pointed at Chu Feng’s head and cursed.

Hearing those words, Chu Feng’s face immediately turned icy-cold. Like sharp blades, he looked to Long Chenfu and coldly said, “Who do I think I am? Do you believe that I will massacre your entire family?”

“You...” Seeing Chu Feng’s gaze and hearing those words, Long Chenfu’s expression immediately changed. The threatening behavior that he displayed earlier was gone in a flash as a indescribable sense of fear filled his body.

Even he himself did not know why he was feeling this sort of sensation. However, at this very moment, he was truly afraid. Furthermore, he was so afraid that he did not dare to look Chu Feng in the face anymore. He hurriedly lowered his head and retreated.

“Junior brother Chu Feng, your anger is quite intense.” Right at this moment, Long Chenyi suddenly stood in front of Long Chenfu. Furthermore, with his brows tensed and his eyes shining, he was actually meeting Chu Feng’s gaze, that was filled with killing intent, head-on.

Chapter 1146: Chu Feng's Victory

“Bang.” As the two of them opposed one another with their gazes, rays of light began to emerge in the space between them. This was a collision of souls, a confrontation of killing intents. It was impossible for bystanders to detect anything, only the two people who were confronting one another were capable of sensing all of this.

“All of my anger was forced.” Seeing that Long Chenyi had stepped forward, Chu Feng did not fear at all. Not only did he not retract his gaze, he did not retract his killing intent either.

Instead, he began to gradually focus on Long Chenyi's eyes and condense the anger in his heart into his gaze. Through his gaze, he sent forth all of the resentment in his heart, as well as his killing intent, toward Long Chenyi.

“You...” After seeing Chu Feng's current gaze, Long Chenyi's expression made a huge change. Not only did he hurry to move aside from Chu Feng's gaze, he even retreated, like Long Chenfu before him.

In a flurry, he crashed into Long Chenfu and nearly fell to the ground. Furthermore, his current complexion was extremely pale. It was as if he had gone through countless trials and experienced an enormous shock. In merely an instant, he was already covered with sweat.

“Head.” Seeing this scene, the crowd from the Ascension Division all started to panic. Especially Long Chenfu, who hurried to support his elder brother.

Exactly what had happened? Long Chenyi, the grand head of the Ascension Division, a famed core disciple, nearly slipped and fell in a visual confrontation against another. This was truly too shameful.

Fortunately, the members of the Ascension Division already surrounded Chu Feng and Long Chenyi in multiple layers, blocking any outsider's view. Otherwise, they would truly have lost a great deal of face.

At this moment, Long Chenyi managed to regain his composure. He

looked at Chu Feng once again. This time around, he no longer had the drive he had had before. He said, "What junior brother Chu Feng says is correct. We are of the same family; for junior sister Ruochen to be in your branch power organization is essentially the same as having her be in our branch power organization."

"Since this is the case, let's settle this matter then. If anyone is to make things difficult for you all, you can come and find me at any time. Our Ascension Division will forever be on the same boat as your Asura Division."

"Head, you, what is..." When Long Chenyi said those words, he stupefied all of the Ascension Division's members, causing their eyes to be filled with expressions of shock. They were all confused by Long Chenyi's decision.

Earlier, Chu Feng had clearly mentioned that he wanted to kill Long Chenfu. It was extremely arrogant behavior. Because of that, Long Chenyi also displayed his own might to confront Chu Feng. This had already led to the two of them becoming hostile. Logically, Long Chenyi should be teaching Chu Feng a lesson right now.

However, Long Chenyi's attitude changed enormously in an instant. Didn't this mean that Long Chenyi just indirectly admitted his defeat?

But, Long Chenyi admitted his defeat? He admitted his defeat to Chu Feng? This was truly something that no one expected. Thus, the crowd from the Ascension Division were all confused; they simply did not understand what had happened.

In fact, even Bai Ruochen, who was always calm, displayed an astonished expression on her beautiful face. Even though she did not know Long Chenyi well, she knew of him to a more or less degree. In her impression of Long Chenyi, he was most definitely not a weak and feeble character. The behavior that he was displaying right now meant that something must've definitely happened.

"What senior brother Long Chenyi says is extremely correct. However, senior brother Long Chenyi, you must truly curb this younger brother of

yours. Otherwise, he will sooner or later bring about a calamity to you, as not everyone is as kindhearted and capable of letting bygones be bygones as myself.” Chu Feng took a glance at Long Chenfu. Then, he turned around to Bai Ruochen. “Lil Sis Ruochen, let’s go.”

Immediately after he said those words, Chu Feng began to lead Bai Ruochen toward the crowd. The people from the Ascension Division hurriedly moved aside for the two of them. Just like this, before the gazes of the crowd from the Ascension Division, Chu Feng left with Bai Ruochen toward the depths of the Mission Plaza.

“We’re letting him get away like this? Big brother, what exactly happened to you?” Long Chenfu asked with an unreconciled expression. At the same time, the other members of the Ascension Division also looked to Long Chenyi, waiting for him to give them an explanation.

“Huff...” Faced with the questioning gazes from the crowd, Long Chenyi breathed in a mouthful of cold air and then closed his eyes.

Earlier, during his visual confrontation with Chu Feng, Long Chenyi planned to use his aura to beat Chu Feng back. He wanted to scare Chu Feng off without using any martial power and take the opportunity to display how powerful he was before Bai Ruochen.

However, never did he imagine that he would see a very frightening thing from Chu Feng’s gaze. That thing was extremely hard to describe. If he must describe it, then it would appear to be a kind of premonition.

He was able to sense that Chu Feng was extremely powerful, frighteningly powerful. If he was to make himself an enemy of Chu Feng, it was likely that Chu Feng would really massacre his entire family.

That was because he was able to, from Chu Feng’s gaze alone, see that Chu Feng was someone who was polluted with blood. The number of people that he had killed had already reached a frightening amount; he was most definitely a cold-hearted murderer.

Most importantly, the killing intent displayed by Chu Feng’s gaze was truly too frightening. That sort of killing intent simply did not appear to have originated from a human. It was so much so that even blood-sucking

monstrous beasts did not possess that sort of killing intent. It simply appeared to have originated from a demon from the depths of hell.

As Chu Feng was able to control this sort of killing intent with ease, this was even scarier. Without mentioning Chu Feng's cultivation, with merely his killing intent, it was the most frightening killing intent that Long Chenyi had ever encountered.

That was the reason why Long Chenyi had said the words he had said earlier, and admitted his defeat. While his cultivation might be above Chu Feng's, his intuition told him that he should not provoke Chu Feng...

After several deep breaths of air, Long Chenyi managed to calm himself down. He opened his eyes, looked to the gradually disappearing backs of Chu Feng and Bai Ruochen and slowly said, "That child is exactly as Lord Sectmaster said, it is best that we do not provoke him."

"This..." Those words came as a great surprise and astonishment to the people of the Ascension Division. However, when they recalled the events that had occurred earlier, as well as Long Chenyi's actions, they began to involuntarily turn their gazes toward Chu Feng's back.

Although they found it to be unbelievable, they, more or less, still believed that this Southern Cyanwood Forest's disciple was somewhat different from all the others.

Chu Feng did not bother with how the Ascension Division's members thought of him. Instead, he began to casually ask Bai Ruochen about the Mission Plaza. "Lil Sis Ruochen, there are this many buildings in this Mission Plaza, are all of them places where one could receive a mission from?"

"What did you do earlier? How did you make Long Chenyi become that scared of you in an instant?" Bai Ruochen did not respond to Chu Feng's question, and instead asked a question of her own.

"What could I possibly do? My cultivation is inferior to his. If we were to truly fight, the person who would suffer would most definitely be me. As for his sudden reaction, perhaps the Ascension Sect's sectmaster mentioned something to him?" Chu Feng knew of the reason for Long

Chenyi's reaction. However, he did not tell Bai Ruochen about it.

After all, if he was to declare to Bai Ruochen that Long Chenyi was scared by a single gaze from him, then, without mentioning whether she would even believe him or not, even if she believed him, it would make it appear as if he was trying to show off.

"If you don't want to tell me why, then forget about it. Regardless, I know you definitely did something." Bai Ruochen did not believe in Chu Feng's explanation. She was certain that Chu Feng did something to make Long Chenyi cower.

However, seeing that Chu Feng was unwilling to tell her, she also decided to not inquire further. Instead, she took a glance at the many buildings in the Mission Plaza, turned to Chu Feng and asked. "You couldn't possibly not know anything about this Mission Plaza, right?"

Chapter 1147: Firmament Medicine Garden

“I truly do not understand, when have I ever lied to you?” Chu Feng nodded his head in an innocent manner.

Bai Ruochen cast a side-eye at Chu Feng. She then said, “You’ve lied to me countless times.”

“The missions from this Mission Plaza are separated into five different types. They are, respectively, wolf grade missions, leopard grade missions, tiger grade missions, lion grade missions and dragon grade missions.”

“The completion of different types of missions will reward different amounts of achievement points.”

“For wolf grade missions, the reward is a single achievement point. For leopard grade, ten achievement points, tiger grade, a hundred achievement points, and lion grade, a thousand achievement points,” said Bai Ruochen.

“In that case, what about the dragon grade missions?” Chu Feng pointed to the only dragon-shaped building, with its tightly-shut entrance doors.

“The amount of achievement points awarded for dragon grade missions are not fixed. Furthermore, not all disciples are allowed to take on a dragon grade mission. This is because the dragon grade missions are truly too dangerous. If ordinary disciples wanted to do them, they would simply be throwing their lives away.”

“When a dragon grade mission appears, that large bell over there will sound. Its noise will echo through the entire core region. At the same time, the elders will invite the excellent disciples to come to this place. At that time, the entrance to the dragon-shaped building will open,” said Bai Ruochen.

“In other words, if one wanted to do a dragon grade mission, they must be invited by an elder?” asked Chu Feng.

“It’s not that simple. While it is true that the elders would invite excellent disciples, the number of positions available for a dragon grade mission would always only be several.”

“In other words, those who are ultimately able to do a dragon grade mission would be the strongest several people among those invited by the elders.”

“In other words, they would also have the be the strongest several disciples among all the disciples of the core region.”

“I reckon that only the people on the Cyanwood Succession List would possess the qualifications to do the dragon grade missions,” added Bai Ruochen.

“Cyanwood Succession List? What’s that?” Chu Feng asked curiously.
”

“The Cyanwood Succession List is a list of rankings of core disciples. There are a total of nine different ranks on it.”

“Anyone capable of having their name be on the Cyanwood Succession List are all publicly renowned geniuses of the Cyanwood Mountain. In the Cyanwood Mountain’s thirty-first general assembly, they declared that anyone capable of being on the list would obtain the qualifications to become a management elder.”

“After one becomes a management elder, one would be qualified to compete for the position of the Cyanwood Mountain’s headmaster, the leader of the Cyanwood Mountain,” explained Bai Ruochen.

“So that’s what it is. In that case, what rank is Long Chenyi on the Cyanwood Succession List?” Chu Feng inquired.

Even though Long Chenyi was scared off by Chu Feng in their confrontation from Chu Feng’s usage of his sharp Heaven’s Eyes and killing intent, Chu Feng had to admit that Long Chenyi was a very powerful individual.

However, to Chu Feng, Long Chenyi’s powerfulness was only a temporary thing, and it would likely be very easy for him to catch up to Long Chenyi.

Thus, Chu Feng wanted to measure himself against Long Chenyi, and

find out his current standing among the core disciples of the Cyanwood Mountain.

“Long Chenyi? Although his Ascension Division is ranked tenth in the branch power organizations, he is still not qualified to enter the Cyanwood Succession List.” Bai Ruochen shook her head.

“In that case, what about the disciples of the Three Cyanwood Forests and the Orion Monastery? Is there anyone among them on the Cyanwood Succession List?” Chu Feng asked again.

“None.” Bai Ruochen shook her head. Then, with a serious tone, she said. “You must not underestimate the people on the Cyanwood Succession List. All of them are genuine demon-level characters. Especially those with higher rankings, they are even more frightening.”

“Although I know that you fear nothing on Heaven or Earth, I must still warn you. If you are to meet someone on the Cyanwood Succession List, it would be best for you to not provoke them. That is because their talent is not inferior to your own. Furthermore, their cultivations all greatly surpass yours right now.”

“Interesting. After hearing your words, I am truly interested in knowing exactly what sort of people they are, exactly what sort of ability they possess in order to be qualified to take on the dragon grade missions.” After hearing what Bai Ruochen said, not only did Chu Feng not grow timid, he even displayed an expression of anticipation. “Lil Sis Ruochen, in that case, should we go and take on a lion grade mission now?” asked Chu Feng.

“No, we are not going to do a lion grade mission.” Bai Ruochen shook her head.

“Could it be a tiger grade mission then?” asked Chu Feng.

“That’s not it either.” Bai Ruochen shook her head again.

“Then, what is it?” Chu Feng was confused.

“Wolf grade mission,” said Bai Ruochen.

“You’re kidding. Aren’t we going to do a mission at the location where the Ascension Sect’s ancestor hid his treasures? Are you telling me that the location is where one does wolf grade missions?” Chu Feng showed an expression of disbelief.

“I have made inquiries about it. According to the map, the place we need to go to is called the Firmament Medicine Garden. Missions in that place are limited to gathering medicinal herbs, the lowest sort of wolf grade missions,” said Bai Ruochen.

“Eh, okay then. This is fine too. At the very least, it meant that the dangers are very low,” said Chu Feng with a laugh.

After that, the two of them casually entered a wolf grade mission’s palace hall, and each accepted a mission to gather medicinal herbs in the Firmament Medicine Garden.

Although they had accepted the mission so that they could enter the Firmament Medicine Garden to search for the things left behind by the Ascension Sect’s ancestor, Chu Feng still inspected the briefing for this wolf grade mission.

“Gathering ten Firmament Medicinal Herbs would complete the mission. If I gathered over twenty Firmament Medicinal Herbs, the reward would increase.”

“Ten Firmament Medicinal Herbs are equivalent to an achievement point; if I gathered several thousand of them, wouldn’t I be able to exchange them for several hundred achievement points?”

“Judging from this aspect, it would appear that even the lowest wolf grade missions could give quite a good reward. No wonder so many people select wolf grade missions to do, the rewards are much better than the leopard grade or the tiger grade missions,” said Chu Feng.

“You’re truly naive. How could there be such a great thing in this world? How could a low rank mission possibly give more achievement points than a higher ranked mission?”

“As far as I know, those Firmament Medicinal Herbs possess

intelligences. Not only are they capable of hiding themselves, they are also capable of dodging detection from spirit power. For some people, even if they searched for ten days to half a month, they would not be able to find a single Firmament Medicinal Herb.” Bai Ruochen spoke those words ruthlessly.

However, immediately afterward, she said. “However, for someone like you, who is capable of finding even the Commander Flag, it would not be difficult at all for you to gather Firmament Medicinal Herbs. But, the purpose of me bringing you to the Firmament Medicine Garden is not so that we can gather Firmament Medicinal Herbs.”

“Of course. How could I possibly not expect the difficulty in gathering the Firmament Medicinal Herbs? I was merely joking around. Oh, right, Lil Sis Ruochen, do you know about your greatest shortcoming?” Chu Feng asked with a shameless expression.

Bai Ruochen took a glance at Chu Feng. She was able to tell that Chu Feng had evil plans. Thus, she said decisively. “Not interested.”

“That is, that you lack a sense of humor.”

“I’ve already said that I’m not interested.”

“But I must still tell you.”

“Senseless...” 1

“Not at all, I actually feel that we could get along pretty well.” 2

“Shameless...”

“Me, toothless? Look, a mouth full of teeth, I lack not a single one.” 3

“.....”

As the two exchanged words, they soon arrived at the Firmament Medicine Garden.

Although this place was called a medicine garden, it was actually an overwhelmingly large medicine mountain. At the very least, countless mountains now covered their views. There were even peaks so tall that they reached the sky, and ravines so deep that one could not see the

bottom.

This Firmament Medicine Garden was enormous. However, it was also not a place that anyone could enter as they wished. That was because a formless spirit formation was covering the horizon surrounding the Firmament Medicine Garden.

This spirit formation was extremely powerful; so powerful that not even Half Martial Emperors would be able to break through it. There was no need to mention the ordinary disciples. Thus, if one wanted to enter the Firmament Medicine Garden, one had to go through a designated entrance.

And if one wanted to enter through the designated entrance, one had to display their mission plates.

*

1. Senseless/boring is literally written as 'no talk.'
2. Chu Feng literally said that they have a lot to talk about.
3. Shameless and 'toothless' sounds the same in mandarin.

Chapter 1148: Spirit Winged Insect

After entering the Firmament Medicine Garden, Chu Feng discovered that there were a large number of people gathered here to pick medicines. Merely, the majority of them did not have much of a harvest.

A part of the reason for that was because the Firmament Medicinal Herbs possessed intelligence and were hard to gather. However, the main reason was because these people were too weak.

As for Chu Feng, he did not have the intention to gather Firmament Medicinal Herbs, as his purpose in coming here was only to find the treasures left behind by the Ascension Sect's ancestor.

However, on his journey to find the treasure, Chu Feng, without even trying, encountered several tens of Firmament Medicinal Herbs. Even Bai Ruochen managed to encounter over a dozen Firmament Medicinal Herbs.

Although the two of them did not come here to gather medicinal herbs, it remained that they could be exchanged for achievement points. Even though it would require ten of them to exchange for a single achievement point, it remained that it was an achievement point. Thus, whenever the two of them encountered an Firmament Medicinal Herb, they would not let it get away.

“Strange, this is clearly the location, why is it that there are no clues? Could it be that the map is fake?”

However, following their fortune with the medicinal herbs came their misfortune. To achieve gains one would most definitely have losses too. As they unintentionally managed to reap a harvest, they ended up losing something along the way.

Chu Feng and Bai Ruochen had carefully inspected their maps, and arrived at the location listed on the map. However, it was an extremely ordinary mountain valley.

This mountain valley was overgrown with weeds. The weeds were extremely tall, having grown to more than a dozen meters in height; they

simply appeared more like trees than weeds. However, other than the weeds, there was not even a single flower to be seen, much less any treasures.

It was an extremely underwhelming sight. This inevitably caused Bai Ruochen, whose heart was focused on finding treasures, to be extremely disappointed. However, right at the moment when her heart was distracted and her thoughts in turmoil, she discovered that Chu Feng was calmly sitting on the ground with his palms together and eyes closed. It was as if he had fallen asleep.

“Chu Feng, what are you doing?” asked Bai Ruochen.

“Shhh, don’t make noise...” Chu Feng suddenly opened his eyes and opened his hands.

“Buzz~~” Within his hands was a firefly-like thing of light. It flew out from Chu Feng’s closed palms.

When this firefly-like thing of light flew out, it immediately started to fly all over the place. Its speed was extremely fast, and it appeared as if it were trying to find something.

That firefly-like thing of light was truly miraculous, and appeared as if it were alive. Even Bai Ruochen’s attention was captured by that thing of light, and she began to observe it carefully.

The more she observed it, the more shocked her expression became. Using a voice transmission, she asked Chu Feng. “Chu Feng, could this be the legendary Spirit Winged Insect?”

“Spirit Winged Insect, what is that?” However, instead of answering her surprised question, Chu Feng instead asked a question of his own.

“Stop pretending to be stupid. This thing that you managed to condense is practically the same as the Spirit Winged Insect recorded in the legends. Yet, you’re actually telling me that you do not know of the Spirit Winged Insect?” Bai Ruochen responded.

“You’re talking about this thing? It is merely a method of detection that I managed to comprehend myself. However, I truly do not know what

exactly that Spirit Winged Insect is.” Chu Feng replied.

“Really, you. The Spirit Winged Insect is a technique that only Royal Cloak World Spiritist have grasped. It is a method of separating their spirit energy from their body and forming a living thing with that spirit energy.”

“This living thing formed by their spirit energy possessed extraordinary instincts, and is capable of finding objects that even their masters cannot discover. As for this method, it is known to be called the Spirit Winged Insect,” Bai Ruochen explained.

“From what you have said, it truly seems that the Spirit Winged Insect is similar to the method that I’ve managed to comprehend. In that case, doesn’t it mean that I have already grasped the methods and techniques of Royal Cloak World Spiritists?” Chu Feng replied with a complacent expression.

This Spirit Winged Insect was indeed something that Chu Feng had managed to comprehend by himself without any help from others. The reason why World Spiritists possessed very high sensitivity was because of their spirit energy.

As for the spirit energy, their efficiency was not the greatest when being used by the World Spiritists themselves. This was something that could be seen by the fact that World Spiritists would instill their spirit energy into the World Spirit Compass to sense their surroundings. Through borrowing the power of external forces, their spirit energy’s effect could be even stronger.

Thus, Chu Feng had thought over this for a very long time. He wondered if he was capable of separating his spirit energy from his body, and then forming it into a consciousness that possessed self-awareness which was also linked to his own thoughts. Then, perhaps, he might be capable of greatly increasing the sensitivity of his spirit energy.

Due to that, Chu Feng had experimented with his idea many times when he had free time. In the end, he managed to create the light lifeform that was before them today; the Spirit Winged Insect that Bai Ruochen spoke

of.

However, never did Chu Feng expect that this method of detection that he comprehended himself was actually a method that only Royal Cloaked World Spiritists grasped.

“Buzz.” Right at this moment, that Spirit Winged Insect suddenly landed on the ground. At the moment when the Spirit Winged Insect touched the ground, it disappeared.

“I was wrong, although you’ve managed to comprehend the Spirit Winged Insect, you have not completely grasped it. This Spirit Winged Insect of yours is only a half-developed technique. Legend has it that the Spirit Winged Insects of Royal Cloaked World Spiritists possess an extremely long lifespan. As for this one that you created, it lived for barely any time at all,” said Bai Ruochen.

“Indeed, it’s lifespan is rather short. However, it would suffice as long as it serves its purpose.” Chu Feng smiled lightly. His body moved; he had arrived at the place where his Spirit Winged Insect had disappeared.

After Chu Feng arrived at this place, he immediately began to set up a seal breaking spirit formation. When his spirit formation was finished forming, and then activated by Chu Feng, the ground that he was on began to tremble slightly.

In the end, the ground began to surge forth from the surface. Ultimately, a gate appeared before them.

“Really, you’ve actually managed to find the location?” As Bai Ruochen looked at the gate that appeared from the ground, her face immediately froze. Immediately after, she hurriedly arrived at Chu Feng’s location and began to inspect the gate carefully. The more she inspected, the more wondrous her expression became.

“What do you think, my Spirit Winged Insect is useful enough, no?” Chu Feng laughed in a complacent manner.

“Really, what exactly are your origins? With only your cultivation, you’re actually already capable of using the techniques of Royal Cloaked World

Spiritists?” Bai Ruochen looked at Chu Feng with eyes filled with shock and astonishment.

That was because even though that gate was right before her eyes, she was still unable to detect it at all with her spirit energy. It was as if the gate was never there.

In other words, if Chu Feng had not been present, if Chu Feng had not used his Spirit Winged Insect, it would have been impossible for her to find this gate.

However, the Spirit Winged Insect was, after all, a technique of Royal Cloaked World Spiritists. What sort of people were Royal Cloaked World Spiritists? They were people that stood at the apex of the Holy Land of Martialism. All those Royal Cloaked World Spiritists, who among them were not grand, legendary characters?

Although the Spirit Winged Insect that Chu Feng created was only half developed, and he had not yet grasped it completely, to be able to grasp the essence of the Spirit Winged Insect with his age and cultivation was already an extremely inconceivable thing.

Even though she had already had a whole new level of respect toward the World Spiritist techniques that Chu Feng grasped, Bai Ruochen had no choice but to admit that, as matters now stood, she had still underestimated Chu Feng and his attainments in World Spiritist techniques.

“What are my origins? Aren’t I just your senior brother Chu Feng?” Chu Feng laughed mischievously. He then turned his gaze to the gate and said. “Your Ascension Sect’s ancestor truly made things difficult for his descendants.”

“After finding it through all the difficulties, it turned out to only be an entrance. Opening this gate will not be easy either.”

“That’s true. I don’t know how to open this gate either. Do you have any ideas on how to open it?” Even though Bai Ruochen felt that her attainments in World Spiritist techniques were very high, she truly possessed nothing up her sleeve when faced with this gate before them.

Thus, she could only place all of her hopes on Chu Feng.

“While there is a method, it is rather troublesome.” As Chu Feng said those words, he pointed to the gate and continued, “Look. There are all these little holes on the gate. They’re not there to decorate it. I have already counted, there are a total of a hundred thousand such little holes on the gate. As for them, each and every one of them is a keyhole.”

“A hundred thousand keyholes, you mean?” Bai Ruochen was surprised. She had already noticed the little holes on the gate earlier.

That was because the gate was not extremely large. It possessed a height of five meters and a width of two meters. Other than runes and symbols, the gate was filled with densely packed holes. However, as the holes were arranged in an irregular manner and appeared to be very beautiful, she had thought that they were there for decorative purposes. Never did she think that they would be critical to opening the gate.

“What I mean is that if we want to open this gate, we would need a hundred thousand keys,” said Chu Feng.

Chapter 1149: Encountering A Malignant Star

“A hundred thousand keys?” Hearing those words, Bai Ruochen was greatly shocked.

Without mentioning the number of a hundred thousand, they did not even know where to find the keys in the first place. Not knowing where to find them plus a large quantity, this was truly an impossible thing to accomplish.

“The Ascension Sect’s ancestor is truly vile. Isn’t this clearly to make things difficult for us, his descendants?”

“If he wanted to leave something for us, couldn’t he have just done it directly? Why must he go through such a long circle to make things difficult for us?” At this moment, Bai Ruochen who had always been calm began to complain.

“Calm down. While it is true that a hundred thousand keys is quite a large amount, there is another benefit to gathering these keys,” Chu Feng said with a calm expression.

“Another benefit? Chu Feng, what do you mean by that?” asked Bai Ruochen.

“Lil Sis Ruochen, look carefully at these key holes. Don’t they appear to be very compatible to these?” As Chu Feng said those words, he took out an Firmament Medicinal Herb. In the center of the Firmament Medicinal Herb was a single seed. As for the seed, it was a match for the holes on the gate.

“So it’s actually the Firmament Medicinal Herb’s seed?” Bai Ruochen finally managed to react. However, she still sighed. “Even if this is the case, we’d need a total of a hundred thousand seeds. This is truly an extremely large quantity. Even if we were able to gather them, we would have to spend several days to do so.”

“There’s nothing we can do about that. If we want to obtain the

treasures left behind by your Ascension Sect's ancestor, we can only gather the Firmament Medicinal Herbs. Either way, I want to stay here and gather them, as I am an impatient person. If there are treasures, I would rather enjoy the feeling of having them with me. Otherwise, I will always worry about them."

"What are your plans?" Chu Feng asked.

"What else can I do? We'll do according to what you suggested. Keep my communication talisman on you. When you finish gathering fifty thousand Firmament Medicinal Herbs, contact me." Bai Ruochen threw a communication talisman to Chu Feng.

"Very well." Chu Feng put the communication talisman away, and then created a concealing spirit formation to hide the gate.

After that, the two of them began to operate separately, and wholeheartedly started to gather Firmament Medicinal Herbs.

However, Chu Feng still underestimated how difficult it was to gather Firmament Medicinal Herbs. After three entire days had passed, he had only managed to gather over three thousand Firmament Medicinal Herbs.

Although this speed was extremely frightening when compared to the speed at which others were harvesting Firmament Medicinal Herbs, for Chu Feng, who needed to gather a hundred thousand Firmament Medicinal Herb seeds, it was truly too slow.

Fortunately, this Firmament Medicine Garden was a very vast place. Otherwise, Chu Feng would truly worry about whether he might actually be able to gather a hundred thousand Firmament Medicinal Herb seeds.

"Speak! If you still don't speak, I'll beat you to death."

"Senior brothers, I truly do not know where the Firmament Medicinal Herbs are located. Even if you all were to beat me to death, I would still not be able to tell you where to find them."

"Nonsense, you're a member in charge of watching this garden, and have stayed in this garden all year round, how could you not know where the Firmament Medicinal Herbs are?"

"I truly do not know, I truly do not know. Please, please let me go."

"Fuck, fucking servant girl, we tried to let you off easily, yet you still refuse to do as we say. Let me see how you continue to refuse to talk..."

"Pow, pow, pow, pow, pow, pow..."

"Ahhh~~~~"

At this moment, Chu Feng was wholeheartedly gathering medicinal herbs when he suddenly heard the sound of fighting from afar. Originally, Chu Feng did not plan to bother with interfering in other people's business. However, after he heard the conversation between them, Chu Feng was unable to sit still anymore.

That was because this was not a battle between disciples. Instead, it was the core disciples of the Cyanwood Mountain bullying someone else, an Firmament Medicine Garden's garden watcher.

What were the garden watchers? They were people with extremely low statuses, not much different from servants. Logically, even if a disciple was to beat up a garden watcher, they would not be punished. However, Chu Feng was unable to watch what was going on; he was unable to watch as these people bullied the weak.

Thus, Chu Feng hurriedly rushed toward the source of the sound. After he passed through a forest, sure enough, he discovered five people; four men and a woman.

The four men were all core disciples. All of them possessed a quite decent cultivation. However, they were most definitely not exceptionally powerful disciples either, being only rank nine Martial Lords.

Furthermore, their ages were not very old and they did not have any armband signifying their belonging to a branch power organization on their arms. From this, Chu Feng suspected that they were most likely new disciples that just joined several days ago like himself.

As for that woman, she was actually a young girl. She was wearing an ordinary-looking outfit and her appearance was also very ordinary. However, her skin was smooth and glossy like jade; it was very exquisite-

looking.

However, at this very moment, this girl was kneeling on the ground. Furthermore, on her face that should be smooth and glossy like the rest of her skin were two purplish handprints. There was even blood on her face; it was coming out from the wounds on her face unceasingly. They were flowing down her face alongside the tears coming out of her eyes. It was a very miserable and pitiful appearance.

However, even though this was the case, that man standing before this girl did not cease his attacks. Instead, with one hand, he grabbed onto the girl's hair and continued to slap the girl's face with his other hand.

"Stop." When he saw this scene, Chu Feng immediately shouted.

When the four men heard Chu Feng's voice, they immediately turned toward him. Originally, they had expressions of shame on their faces. After all, what they were doing was not something that one could be proud of.

However, when they saw how young Chu Feng was, they displayed disdainful smiles on their faces. One man said. "And here I was wondering who it was that had come here. So it's actually just a brat."

"Reckless brat, you actually dare to meddle in our business. Immediately kneel onto the ground and admit your mistake by kowtowing to us. With that, we shall spare your life. Otherwise, you'll be taught a lesson." The man that had been beating the girl began to walk toward Chu Feng with large strides. He was actually planning to teach Chu Feng a lesson.

"Woosh." Right at this moment, Chu Feng suddenly extended his palm. A frantic suction power surged forth from his palm and directly sucked that man into it. Using his palm, Chu Feng grabbed onto that man's throat.

At the same time, layers upon layers of a rank one Martial King's oppressive might began to sweep through the surrounding like a hurricane. Not only did it caused the ground to tremble, the surrounding trees even began to sway with great force. As for the grasses, they were scattered by Chu Feng's oppressive might.

“Wuuu~~~” With his throat seized by Chu Feng, that man immediately began to display a painful expression. As for the other three men, their expressions changed greatly. They were so scared that they started to shiver.

“You all, as disciples of the Cyanwood Mountain, actually bullied the weak in such a manner. In order to obtain Firmament Medicinal Herbs, you have all decided to do this sort of despicable thing like beating up a garden watcher. Tell me, if I was to inform a Punishment Elder of this matter, what sort of punishment would they give you?”

Chu Feng’s gaze was like lightning. He looked to the man that was being held by the throat. With merely a movement of his hand, he would be able to turn these disciples into dust.

“Senior brother, please spare our lives. Senior brother, please spare our lives. We were confused, it is us who are confused. Senior brother, please give us another opportunity. Please do not inform a Punishment Elder of this matter.”

At this moment, the three men finally realized the severity of the matter. With a ‘putong’ sound, they knelt onto the ground and began to kowtow to Chu Feng as they admitted their mistakes.

“Humph.” Seeing their actions, Chu Feng snorted coldly. Then, with a wave of his hand, he ruthlessly threw the man that he was grabbing. The power of his throw was so powerful that it directly smashed the other three men onto the ground, leaving them in a miserable state.

“I can let you all go. However, you must slap yourselves until I’m satisfied.” Chu Feng said those words coldly. There was not the slightest trace of emotion within his words.

Once Chu Feng said those words, the four men were stunned. After they exchanged glances with one another, a determined expression emerged in their eyes. They first knelt in an orderly row, then turned their faces toward Chu Feng and began to use their hands to ruthlessly slap themselves.

“Pow, pow, pow, pow...” In an instant, sharp and clear slaps exploded like

firecrackers. One heavy slap after another was landing on their faces without any interruption.

Furthermore, as they slapped their faces, they were also admitting their wrongdoings to Chu Feng. From this, one could tell that they truly feared Chu Feng. After all, this was a place where one's strength determined their status. Earlier, they experienced Chu Feng's strength for themselves; it was a strength that was out of reach for them.

Moreover, they were truly in the wrong. If Chu Feng was to really report this matter to a Punishment Elder, they would likely receive an even more tragic punishment, and might even be driven out of the Cyanwood Mountain.²

Compared to that, slapping themselves was nothing major. Even if they were to slap their faces open with wounds, they would be willing to do that. If they want to blame someone, then they could only blame themselves for being unlucky and encountering a malignant star like Chu Feng.

2. pelicanv: wasn't there something earlier that was like "even if they killed her it wouldn't be that big of a deal?" YWL: I think it might be because they were trying to extort Firmament Medicinal Herbs, a shameless behavior unworthy of disciples of the Cyanwood Mountain.

Chapter 1150: Another World

As the four men were slapping themselves, Chu Feng walked over to the girl and began to treat her injuries.

Only then did he discover that this girl was truly young. From her appearance, she should only be fifteen or sixteen years old, around the same age as Chu Feng when he was an outer court disciple in the Azure Dragon School.

Originally, the girl was very fearful of Chu Feng. While Chu Feng was feeding her medicines and helping to treat her injuries, she would subconsciously move and dodge his hand. However, she did not dare to completely move aside.

However, after Chu Feng healed her from her injuries in the blink of an eye, she relaxed her guard toward Chu Feng.

“Thank you,” said the girl in a very sincere manner as she touched her completely recovered cheeks.

“Don’t mention it, this is something that I should do.” Chu Feng smiled amiably. Then, he asked, “what’s your name?”

“My name’s Yao’er.” The girl answered in a sincere manner. However, her gaze subconsciously drifted toward the four men that were kneeling on the ground and slapping themselves.

As she saw the bloodied faces of those men, not only did Yao’er not feel relieved, she instead began to feel sympathy for them. She turned to Chu Feng and said, “Senior brother, can you release them? Actually, they didn’t do much to me either.”

“They nearly messed up your face beyond repair, is that nothing?” Chu Feng asked in an astonished manner.

“That’s nothing.” Yao’er smiled brilliantly. Even though her appearance was only ordinary, her smile was extremely bright, giving off a very comfortable sensation to others.

When he saw this sort of smile, Chu Feng inevitably felt a sort of

discomfort. From those words Yao'er said, he was able to tell that she must've been bullied by core disciples all the time. However, she did not bear any resentment toward those disciples and had instead grown accustomed to it.

"Yao'er, you're truly a kindhearted girl." Chu Feng sighed and then turned to the four men kneeling on the ground, "Scram."

Hearing that word, the four men hurriedly stood back up and ran far, far away without even looking back. They truly wanted to leave this Firmament Medicine Garden immediately.

"Stop." However, before they even had the chance to run a long distance, Chu Feng spoke once more.

When they heard Chu Feng's word, the four men immediately started to shiver, and ceased all movement. They did not dare to take another step forward. Slowly, they turned their heads back and, with brilliant smiles on their faces, stuttered as they asked, "Sen...senior brother, is...is there anything else you need?"

"You all have yet to apologize to Miss Yao'er here," said Chu Feng.

"Yes, yes, yes. What senior brother said is right." Immediately, the four men knelt onto the ground and began to kowtow toward Chu Feng and Yao'er. "Thank you Miss Yao'er for your benevolence! Thank you senior brother for being lenient!"

"That's enough, you all can scram." Chu Feng waved his hand to tell them to leave. He was truly disinclined to continue seeing the faces of these four men.

At this moment, those four men naturally did not dare to hesitate. One by one, they used their most powerful movement martial skills and, as if their lives were on the line, began to rapidly run away from this place.

"Yao'er, although you're a garden watcher, it does not necessarily mean that you are a class lower than us disciples."

"You must definitely not think that it is natural for them to bully you. You must take care of yourself. If even you do not respect yourself, then

how could others possibly respect you?”

“You’re still young. I do not wish for you to live your entire life being trampled upon by others.” After Chu Feng said those words, he turned around and prepared to leave.

Although this girl was very pitiful, Chu Feng knew that he would not be able to help her all the time. While he managed to help her today, she might be bullied again tomorrow.

The only person that could help her was herself. She must become more intelligent. Even though she was only a garden watcher, she should not fall as low as to be bullied by others at will.

“Senior brother, I still do not know your name.” Right at this moment, Yao’er suddenly asked.

Chu Feng turned around and said, “My name’s Chu Feng.”

“Senior brother Chu Feng, if you have come to search for the Firmament Medicinal Herbs, Yao’er is able to tell you a place to find them,” said Yao’er.

“Mn? Girl, didn’t you tell those men that you didn’t know where to find Firmament Medicinal Herbs?” Chu Feng asked with a smile.

“I’m sorry. Earlier, Yao’er was lying to those senior brothers. However, the elder has told Yao’er that if she were to encounter kindhearted disciples, she could lead them to that place,” said Yao’er.

“That place? What sort of place is that?” asked Chu Feng.

“It is the place where the elder grows the Firmament Medicinal Herbs. Originally, it is a place that disciples are not allowed to enter. However, the elder has deliberately mentioned to Yao’er that if she is to encounter kindhearted disciples, she is allowed to bring them there.”

“However, elder has also said that the disciples who enter that place are not allowed to pluck a lot of Firmament Medicinal Herbs. Each time, they would only be allowed to gather a hundred Firmament Medicinal Herbs,” said Yao’er.

“Oh? There’s actually such a thing? In that case, the place that Yao’er mentions should be a place with a lot of Firmament Medicinal Herbs, right?” asked Chu Feng.

“Mn. However, senior brother Chu Feng, if Yao’er is to bring you there, you would only be allowed to gather a hundred Firmament Medicinal Herbs. If you are to gather too many, the elder would become angry,” replied Yao’er.

“Heh, Yao’er, how could you be this certain that I am a kindhearted person?” Chu Feng felt that Yao’er was truly an innocent girl.

“Someone who is willing to defend a garden watcher like myself, I believe that even if that person is bad, he would not be that bad,” Yao’er replied with a beaming smile.

“True. Since that’s the case, Yao’er, please lead me there. Although a hundred Firmament Medicinal Herbs is nowhere enough, it is still pretty good to have,” said Chu Feng.

“A hundred Firmament Medicinal Herbs is not enough? Senior brother Chu Feng, how many Firmament Medicinal Herbs did you wanted to harvest?”

“Senior brother Chu Feng seems to have a very powerful cultivation. If you have come here to obtain achievement points, then why didn’t you go and do higher level missions?” Yao’er asked in a puzzled manner.

“How should I explain it? What I’m after is not achievement points, nor is it the Firmament Medicinal Herbs. Actually, what I am after are the Firmament Medicinal Herb’s seeds,” said Chu Feng.

“Seeds? Senior brother Chu Feng, you really only need the Firmament Medicinal Herb’s seeds?” asked Yao’er.

“Mn.” Chu Feng nodded.

“If that’s the case, then I think I meet senior brother Chu Feng’s needs, because while the elder has restricted the number of Firmament

Medicinal Herbs that can be plucked to a hundred, there was no restriction to the Firmament Medicinal Herb's seeds. Thus, if senior brother Chu Feng only needs the seeds, you could get as many as you need," said Yao'er.

"Truly? But the amount that I need is a bit numerous," said Chu Feng.

"How many?" Yao'er asked with her eyes wide open.

"A hundred thousand," replied Chu Feng.

"Hee hee, senior brother Chu Feng, please follow me." As Yao'er said those words, she began to hop and skip as she walked forward. Although she was already a teenage girl, her temperament was more like that of a little girl. Her innocence was still present; it was truly a charming appearance.

"This girl, it couldn't possibly be that the location that she spoke of truly has a hundred thousand Firmament Medicinal Herbs growing there, right?" As soon as he saw the Yao'er's confident expression, Chu Feng began to become excited.

If Yao'er was truly capable of giving Chu Feng a hundred thousand Firmament Medicinal Herb seeds, it would truly be an enormous help to Chu Feng.

After this, Chu Feng began to follow Yao'er. Ultimately, they stopped before the foot of a mountain. Turning his gaze to inspect his surrounding, this place appeared, no matter how Chu Feng looked at it, to be a dead end.

However, at this moment, Yao'er took out a jade stone and placed it on a large boulder at the foot of the mountain. When she did that, light began to illuminate everything as a spirit formation entrance gate was opened.

As the spirit formation gate opened, Chu Feng's eyes started to shine. Even someone like him was dumbstruck by the scene before him and he breathed in a mouthful of cold air.

Chapter 1151: A Ruthless Scene

At this moment, what appeared before Chu Feng was not an ordinary spirit formation tunnel. Instead, it was a completely different world.

It turned out that this mountain was actually not a mountain at all. Instead, it was actually a very high level concealment spirit formation. It was simultaneously real and fake. However, one thing was certain, the inside of this mountain was empty.

That was because, at this very moment, Chu Feng was inside the mountain, and was able to clearly see all that was inside it.

When he turned his head up, he could see the blue sky and white clouds. There was simply nothing that blocked his view to the sky. It was as if the stones and trees that covered the mountain were not there at all.

When he looked forward, what appeared before him was a vast boundless land filled with Firmament Medicinal Herbs. The quantity was so speechlessly numerous. An initial estimation would be at least several tens of millions.

This place was simply an ocean filled with Firmament Medicinal Herbs. Chu Feng finally knew why Yao'er was that confident. It turned out that the hundred thousand Firmament Medicinal Herb seeds that he needed was merely a small portion compared to all the Firmament Medicinal Herbs present here.

Faced with this scene, it was impossible for Chu Feng to not become excited. That was because it meant that the Firmament Medicinal Herb seeds that he formerly needed to spend a long period of time gathering could now be gathered in a very short period of time.

After his surprise passed, Chu Feng curiously asked, "Yao'er, what is the name of that elder that you spoke of? How come he grew this many Firmament Medicinal Herbs in this place?"

Chu Feng had inspected the Firmament Medicinal Herbs before. From that, he knew that they contained special energies and possessed special

usages. However, as they possessed intelligence, while free-range growing might be possible, it was extremely difficult for one to be able to grow a whole bunch at a single place.

Yet, before Chu Feng's eyes were countless Firmament Medicinal Herbs that were grown by a single person. From this, Chu Feng felt that this elder was extraordinary.

"The elder did not allow Yao'er to mention anything regarding him. Actually, even Yao'er does not know the elder's name. All Yao'er knows is that the elder is very nice to her and is a very kindhearted person," Yao'er replied with a beaming smile. When she started to talk about the elder, the already brilliant smile on her face became quite a bit brighter.

"Oh? In that case, Yao'er, do all of the garden watchers know of this place? Or is it only you?" Chu Feng asked once more.

"Eh... only Yao'er knows of this place. This is a place that the elder told Yao'er about. Among the garden watchers, only Yao'er is allowed to come here." Yao'er did not hide anything.

"So that's the case." As he heard what Yao'er said, Chu Feng felt even more certain that this was a hidden location. As for the elder that was in charge of this place, he was most definitely not an ordinary person.

"Senior brother Chu Feng, go ahead and gather the seeds here. The elder has said that the seeds of the Firmament Medicinal Herbs are useless. Thus, there shouldn't be any problem even if you are to take away all of the seeds here. However, if you are to pluck the Firmament Medicinal Herbs, then it would be limited to a hundred," Yao'er reminded him. It could be seen that she was very meticulous.

Seeing Yao'er's appearance, Chu Feng asked, "Yao'er, are you going to go out?"

"Mn, Yao'er needs to return to watch over the medicine garden and remove the weeds. That is Yao'er's job, so she cannot delay." As Yao'er responded to Chu Feng, she was moving toward the entrance that they came in from.

“That girl is truly too innocent. She actually believed in me this wholeheartedly. Now that she has left, and there are this many Firmament Medicinal Herbs here, how could she know how many I have plucked?” As he looked at the entrance that Yao’er had walked out of, Chu Feng smiled and shook his head.

Then, Chu Feng placed his palms against each other and, with a thought, created countless rays of light that flew out of his body like blooming flowers.

Initially, those rays of light soared into the sky like reverse meteors. However, soon, the rays of light began to scatter. One turned into ten; ten turned into a hundred. In the end, the rays of light turned into little hands that accurately and ingeniously landed on top of different Firmament Medicinal Herbs.

However, under Chu Feng’s control, these little hands of light only landed on the Firmament Medicinal Herbs, and did not pluck them. The only thing that they did was grab onto the Firmament Medicinal Herbs’ seeds, gathering them and then proceeding toward the other Firmament Medicinal Herbs.

At this moment, Chu Feng was extremely excited. However, never would he imagine that while he was excitedly plucking the seeds of the Firmament Medicinal Herbs, a scene was occurring in a different region of the Firmament Medicine Garden.

At a corner of the Firmament Medicine Garden. Layer upon layer of purple colored gases were fluttering in this region, like bats covering the sky.

At the same time, a boundlessly powerful aura was wreaking havoc among the gases. “Jijijiji.” Strange sounds were being emitted by the gases. At the same time, countless crimson colored gazes could be seen from the gases.

Those were no ordinary gases. Instead, they were gases that possessed life. Like blood-sucking demons, they would devour the entire world with their terrifying might.

At this moment, four people were actually kneeling in the center of the gases. These four people were none other than the four that were previously bullying Yao'er and then were driven away by Chu Feng.

At this moment, the four of them were all kneeling on the ground with flustered expressions and faces covered with sweat and tears. And, as if they have been placed in an ice-cold cellar for many days, the four of them were trembling uncontrollably.

"Please spare us, we beg of you, please spare us." The four of them were loudly begging. It was evident that they were completely frightened.

"Jijijiji." Suddenly, the purple colored gases were explosively shot forward. Like a demon's mouth, it directly devoured the four men.

"Eeah~~~~~" At this moment, heart-tearing and lung-splitting screams began to sound from the purple gases nonstop. However, the only response those screams obtained was the strange sound of the gases as well as the sound of their muscles being ripped apart, their bones being snapped apart, their organs being hollowed out and their blood being sucked dry.

After a long while, the screams finally stopped. At the same time, the purple colored gases began to disperse and disappear.

As for those four men, only four sets of bloody clothes remained. Other than that, nothing else remained. They had died completely, but more so in an incomparably painful manner.

Chu Feng did not know about what had happened to those four men. Using his extraordinary methods, Chu Feng managed to gather a hundred thousand Firmament Medicinal Herb seeds in no time at all.

However, while Chu Feng managed to gather the seeds that he needed, he had no way of leaving this place. That was because the concealment spirit formation of this place was extremely powerful. Not only did it seal off the people outside, even the people inside would not be able to get out without a key like the one that Yao'er possessed.

Thus, Chu Feng could only wait. Fortunately, he only had to wait for four

hours before Yao'er reappeared. Merely, this time around, it was not only Yao'er, as another person was with her.

It was a female. From her outfit, Chu Feng was able to tell that she was also a Cyanwood Mountain's core disciple.

This woman possessed a very good figure and nice curves; it was extremely enchanting. Especially the distinctive aroma on her body, it was enough to cause one's eyes to brighten. Even someone like Chu Feng was enticed by the aroma and started to take a couple more glances at that woman.

Chapter 1152: Senior Sister Furong

Unfortunately, this woman was unwilling to face others with her actual appearance, as there was a gauze cloth covering her face, revealing only her eyes.

This woman's eyes were not very large. However, they were very spirited. Adding on her long eyelashes, she gave off a very mature sensation.

Most importantly, the gauze cloth that covered her face was extremely thin. Thus, an outline of her face could be seen. From a single glance, Chu Feng was able to tell that she was a beautiful woman, an enchanting sexy-type beautiful woman.

"Senior brother Chu Feng, let me introduce you, this is senior sister Furong."

"Senior sister Furong, he is the senior brother Chu Feng that I mentioned to you. Earlier when Yao'er was bullied by others, it was senior brother Chu Feng who helped save her." Yao'er began to introduce the two of them with a smile on her face.

"Thank you for helping Yao'er." After she heard what Yao'er said, that woman's eyes narrowed as she looked to Chu Feng with a gentle gaze and nodded amiably at Chu Feng.

"It's merely something that I should do." Seeing this, Chu Feng also smiled amiably and nodded in response.

After this, that woman did not bother to talk much more with Chu Feng. Instead, with lotus steps,¹ she began to walk toward the center of that ocean of Firmament Medicinal Herbs.

"Yao'er, is this senior sister Furong also someone that has helped you before?" After the woman left, Chu Feng walked over to Yao'er and asked her.

"Mn, senior sister Furong is the same as senior brother Chu Feng, she's also a kindhearted person. However, she did not come here to gather Firmament Medicinal Herbs. Instead, she ha come here to rest with her

eyes closed,” Yao’er replied.

“To rest with her eyes closed?” Chu Feng was astonished to hear those words.

“That’s right. Senior sister Furong almost always comes here once every month, and rests with her eyes closed for an entire day and night. Only then will she leave,” Yao’er explained.

“Oh? That long?!”

Hearing those words, Chu Feng turned his gaze to toward that woman once again. Only then did he discover that the woman addressed by Yao’er as senior sister Furong had already sat down in a cross-legged position in the field of Firmament Medicinal Herbs.

At this moment, their distance was rather far. Adding on the fact that the Firmament Medicinal Herbs were pretty tall, this led to the woman’s entire body to be covered up by the Firmament Medicinal Herbs. The only thing that Chu Feng was able to see was the upper portion of her shoulders and her head. Furthermore, she had actually really closed her eyes.

“Truly a strange individual.” Seeing that this senior sister Furong really did as Yao’er said, Chu Feng muttered in his heart.

Even though the Firmament Medicinal Herbs were so numerous here, and made this place extremely beautiful, the Firmament Medicinal Herbs possessed a very strong medicinal aroma. To close one’s eyes and rest in this place, one would likely not be able to relax one’s heart and please one’s spirit.

However, all individuals were different. While the majority of people might enjoy the smell of flowers, there would be a small portion that would feel that the smell was stinky instead.²

As for this senior sister Furong, Chu Feng could not ascertain whether or not she might be a special person who enjoyed special smells. Perhaps she might truly enjoy the smell of these medicinal herbs, and their smell might really be able to relax her heart and please her spirit. Thus, Chu

Feng could only decide that she was a strange individual.

“Yao’er, I’ve already finished gathering the seeds. I didn’t pluck any Firmament Medicinal Herbs because a hundred thousand seeds is already an enormous assistance and more than sufficient,” said Chu Feng.

“You’ve finished gathering the seeds? This quickly?” Surprise was written all over Yao’er’s face. She felt the words spoken by Chu Feng to be extremely unbelievable. After all, it was a hundred thousand seeds. Regardless of how strong Chu Feng was, logically, he should not be able to gather them this quickly.

“Heh.” Chu Feng merely smiled at Yao’er’s surprise. That was because he actually did not spend as much time as Yao’er thought he did. He had merely used a brief moment to gather the hundred thousand seeds.

“Senior brother Chu Feng, in that case, are you preparing to leave?” asked Yao’er.

“Mn, I still have something that I need to do. If I have the time, I will come and visit you again in the future,” said Chu Feng.

“Okay, senior brother Chu Feng, you must definitely come and visit Yao’er when you have time in the future.” As Yao’er said those words, she took out the jade stone and was preparing to open the exit for Chu Feng. As for Chu Feng, he also followed after her and was preparing to leave this place.

“This sensation?” However, right at this moment, Chu Feng’s pupils suddenly shrank. Immediately after, he hurriedly turned around and cast his gaze toward senior sister Furong once again.

At this moment, Chu Feng discovered that senior sister Furong was exactly as she had been before. On the surface, there appeared to be no change to her at all.

However, Chu Feng was able to sense that numerous layers of formless ripples were being spread out from senior sister Furong’s body, covering the entire ocean of Firmament Medicinal Herbs.

When the formless ripples reached the limit of their spread, they began

to reverse directions and rush back into senior sister Furong's body. This rhythm was like breathing, going out and going in in harmony.

However, what entered into senior sister Furong's body when the formless ripples returned were not only the formless ripples themselves. There was also a sort of energy that was extracted from the Firmament Medicinal Herbs. As for those energies, they were absorbed together with her returning ripples.

Even though those energies were extremely weak, they were still detected by Chu Feng.

"She isn't resting with her eyes closed. Instead, she's borrowing the energies of the Firmament Medicinal Herbs here to train."

"This woman, who exactly is she?" At this moment, Chu Feng's heart was filled with shock. That was because the method used by this woman was truly ingenious. Had it not been for Chu Feng's enormous spirit energy, then likely even he would not be able to discover that this senior sister Furong was actually using the Firmament Medicinal Herbs to train.

Furthermore, from the very beginning, Chu Feng had not managed to sense this woman's cultivation. Originally, Chu Feng did not care much about it, he had thought that she wanted to conceal her cultivation.

However, at this very moment, she was on the move, and Chu Feng had also utilized his spirit energy. Logically, her cultivation should be exposed. However, there was no exposure to her cultivation at all. This meant that she was most likely very powerful.

However, once he detected that the situation was strange, Chu Feng did not decide to give up. He truly wanted to know whether this senior sister Furong might be using the Firmament Medicinal Herbs to train in a Forbidden Technique or Martial Skill. That was because Chu Feng did not discover that the Firmament Medicinal Herbs possessed the characteristic to increase one's strength.

Thus, Chu Feng made some adjustments to his spirit energy so as to conceal it. Then, he slowly assimilated his spirit energy into senior sister Furong's body. He wanted to try to discover the true cultivation of this

senior sister Furong, as well as what exactly she was doing.

“Buzz.” However, right at the moment when Chu Feng’s spirit energy touched senior sister Furong, a very powerful ripple was actually shot out from her body and completely repelled Chu Feng’s spirit energy.

At the same time, that senior sister Furong abruptly opened her eyes and looked at Chu Feng.

“Crap.”

Faced with this sudden change, Chu Feng did not know what to do. Even though he had already imagined that this senior sister Furong’s cultivation might be stronger than his own, he never imagined that her sensitivity would be this powerful too.

At this moment, Chu Feng was certain that this senior sister Furong’s cultivation greatly surpassed his own. Furthermore, it greatly surpassed even Long Chenyi. She was a true demon-level character.

Thus, if she was to become displeased by his action of trying to determine her cultivation, then she would totally be capable of killing Chu Feng on the spot.

Fortunately, after that senior sister Furong opened her eyes, she did not display any traces of anger. Instead, she lightly smiled as she looked at Chu Feng before turning her head back and closing her eyes once again. She returned to her training, and did not bother to look into what had happened.

“Haa, it would appear that this Cyanwood Mountain is truly interesting.” At this moment, Chu Feng also revealed a relieved smile. An expression of anticipation actually emerged in his eyes.

Chu Feng had heard about the countless demon-level characters present in the Cyanwood Mountain before, as well as how amazing they were. However, those were, after all, simply rumors that he had heard.

As of today, however, he experienced one such individual for himself. At the very least, this senior sister Furong was an existence who was much more powerful than himself.

However, Chu Feng did not feel any pressure because of this. Instead, he felt excited. Even though the Cyanwood Mountain possessed countless experts, and they would inevitably turn into things that might block his path, to go against the stream would help to realize one's potential even better.

As the saying goes, man seeks his way up just as water seeks its way down. Without a headwind, how could one become strong?

As for Chu Feng, he was someone who needed this sort of resistance so that he could become stronger.

1. Real soft steps.
2. I am one of those.

Chapter 1153: Extraordinary Origin

Chu Feng had left the ocean of Firmament Medicinal Herbs. However, in his heart, he was thinking about two things the entire time.

The first thing was senior sister Furong. He wanted to know exactly what she was training with the Firmament Medicinal Herbs, whether it was a martial skill or a mysterious technique. Or perhaps, it might be something else?

As for the second thing that he wanted to know, it was to know who exactly was the elder that grew that ocean of Firmament Medicinal Herbs.

Originally, Chu Feng had thought the Firmament Medicinal Herbs to merely be medicinal herbs. However, after what had happened with senior sister Furong, Chu Feng was certain that the Firmament Medicinal Herbs were most definitely not mere medicinal herbs.

“This is truly strange. How come I only sense that the Firmament Medicinal Herbs only contain medicinal properties within them and no natural spiritual energy at all?” Chu Feng was sitting on the ground holding an Firmament Medicinal Herb and mumbling to himself.

Chu Feng possessed extraordinary spirit energy. It was so powerful that he could sense things that ordinary people could not. As for his Heaven’s Eyes, they were even sharper, and capable of allowing him to see what other ordinary people could not.

However, when faced with this Firmament Medicinal Herb in his hand, Chu Feng was completely powerless. Even though he knew that there was a special property hidden within this Firmament Medicinal Herb, he was unable to determine what it was.

“Chu Feng, for you to find me this urgently, did something happen?” Right at this moment, a voice sounded. It turned out that it was Bai Ruochen.

After Chu Feng left the ocean of Firmament Medicinal Herbs, he had arrived at the preset location that he had determined with Bai Ruochen.

Using the communication talisman, Chu Feng called out for Bai Ruochen.

However, because Bai Ruochen was busy collecting Firmament Medicinal Herbs, she was surprised to be suddenly summoned by Chu Feng, and even thought that something had happened to him. But, after she arrived at this place, not only did she discover that Chu Feng was safe and sound, he was even displaying a carefree expression. This inevitably led her to resenting her worries, as she felt that she had been played with by Chu Feng.

“Naturally, the reason I called for you is so that we could open this gate,” said Chu Feng with a beaming smile.

“Don’t we need a hundred thousand seeds in order to open this gate? Could it be that you’ve already collected a hundred thousand seeds?” said Bai Ruochen with a tone of disdain.

That was because she, who had only managed to gather a thousand Firmament Medicinal Herbs in the past three days, did not believe that Chu Feng would be able to gather a hundred thousand. Even though she knew that Chu Feng’s proficiency in spirit formation techniques surpassed her’s, she still firmly believed that he would not be able to accomplish such a feat.

“Heh, just look for yourself.” Chu Feng pointed to the gate.

“Heavens! This....” When she looked to the gate, Bai Ruochen’s expression instantly took a huge change. She was surprised to discover that the hundred thousand keyholes on the gate were all filled with Firmament Medicinal Herb seeds.

“You, you really managed to gather all these? How could this be? This... this is truly too inconceivable.” Bai Ruochen was completely stunned. When the truth was laid right before her, even if she did not want to believe it, she had no choice but to believe it. However, this truth, this reality, was truly too shocking.

“You could say that I encountered a benefactor...” Chu Feng smiled lightly. He did not conceal anything, and began to tell Bai Ruochen about his encounter with Yao’er, and even his meeting with senior sister Furong.

“Such a thing actually happened? Your luck is truly too enormous!” After hearing Chu Feng’s explanation, the shocked expression on Bai Ruochen’s face was lessened by quite a bit.

“There’s nothing that can be done about my good moral quality.” Chu Feng smiled complacently. Then, he asked, “Oh, that’s right, Lil Sis Ruochen, have you ever heard about this senior sister Furong?”

“Based on your description, this senior sister Furong resembles a person. However, if she really was her, then it would truly be disastrous,” said Bai Ruochen.

“Who?” asked Chu Feng.

“There is a woman on the Cyanwood Succession List. Her name is Jiang Furong.”

“Jiang Furong is not a simple person. She was born to a family of influential cultivators. Furthermore, she is a Divine Body.”

“When Divine Bodies are born, they create strange occurrences that would alarm a lot of people. Not long after she was born, she was immediately sought after by the Cyanwood Mountain. In the end, she was accepted as a disciple by one of the Cyanwood Mountain’s management elders, and brought to the Cyanwood Mountain. It could be said that she has grown up in the Cyanwood Mountain.”

“A Divine Body and a disciple of a management elder, Jiang Furong could be said to have many rings of lights¹ on her body. At the same time, she was also placed under enormous pressure.”

“However, Jiang Furong did not disappoint. At the mere age of twelve, she became a core disciple. At thirteen, she established the Princess Division. Currently, the Princess Division that she created is ranked third among the core division’s branch power organizations.”

“Not only was the branch power organization she created very powerful, her personal strength was also undoubtedly powerful. As of now, she is ranked third on the Cyanwood Succession List, and the strongest female disciple among the hundreds of millions of Cyanwood Mountain’s

disciples.”

Bai Ruochen explained in a serious manner. It could be seen that she was very knowledgeable about this Jiang Furong. However, Chu Feng was able to tell that when Bai Ruochen mentioned Jiang Furong, a hard-to-detect radiance appeared in her eyes.

That radiance merely lasted for a flash. However, Chu Feng managed to notice it. It was no ordinary radiance of one's eyes, it was a kind of determination, a kind of ambition.

Even though it was merely his guess, Chu Feng was certain that Bai Ruochen was a person unwilling to be mediocre. If she wanted to become renowned in the Cyanwood Mountain and reach the apex, then the greatest enemy that she would face would be a fellow female demon-level character, Jiang Furong.

“I truly never expected senior sister Furong to be that powerful,” Chu Feng gasped with admiration.

“Chu Feng, are you certain that the woman that you met was Jiang Furong?” Bai Ruochen asked.

“I could sense that her cultivation was greatly superior to Long Chenyi, and she possessed enough strength to be listed on the Cyanwood Succession List. Unless there was something unusual, then I am almost completely certain that she would be that Jiang Furong,” answered Chu Feng.

“She is already a Divine Body, why would she still need to train in something special? Exactly what other usage does this Firmament Medicinal Herb have?” After hearing what Chu Feng said, Bai Ruochen had also taken out an Firmament Medicinal Herb and began to inspect it meaningfully.

“It's enough, don't bother trying to study it anymore. I have already examined the Firmament Medicinal Herbs for a very long time. However, I was unable to find anything special regarding them. As for what exactly the usefulness of the Firmament Medicinal Herbs is, I presume that only Jiang Furong and a couple elders in the Cyanwood Mountain would

know.” As Chu Feng said those words, he took the seed off the Firmament Medicinal Herb that he was holding in his hand.

Even though the majority of the key holes on this door had been filled with seeds by Chu Feng, there was actually one hole that Chu Feng had purposely left empty.

That was because Chu Feng believed that as long as all of the holes were filled with Firmament Medicinal Herb seeds, then the gate would likely open.

“Thump.” Sure enough, when Chu Feng placed the seed in his hand into the final keyhole, the gate began to emit a low noise.

Immediately after, numerous noises that sounded like metal colliding began to emit from the gate. As this sort of noise continued, an irregular chink appeared in the center of that gate. Furthermore, at this very moment, that irregular chink was slowly growing in size.

As Chu Feng looked to the gate that was opening before them, he said, “Heh, I hope that your Ascension Sect’s ancestor will stop playing with us.”

“Mn, I also hope that the things left behind by the ancestor will be what lies behind this gate. I truly do not wish to undergo more trials.” Bai Ruochen knew the meaning behind Chu Feng’s words.

Regardless, at this very moment, emotions and anticipation filled their eyes.

*

1. Hope.

Chapter 1154: Firmament Adamantine Metal

Before the two's anticipating gazes, the gate slowly opened. At the same time, a different world appeared before their eyes.

It was a space. However, it appeared more like a palace hall, a palace hall that was not very large, yet still exceptionally refined.

The walls of this palace hall were neither gold nor silver; they were actually made of crystals. Furthermore, even though they were made of crystals, they were no ordinary crystals. Even though they were dazzling, they were not enough to blind one's eyes. The only sensation that those crystals gave them could be described with a single word: breathtaking.

However, if one mentioned breathtaking, then the things in the palace hall would be enough to astonish both Chu Feng and Bai Ruochen.

There were all kinds of fruits of different shapes and sizes. Some appeared like mangos, some like apples, and some were even as large as watermelons. However, none of them were ordinary fruits.

That was because not only were they shining with different colored lights, they also contained very dense natural energy. As for the natural energies, the most dense among them would be Martial Energy. This was no ordinary Martial Energy, it was king level Martial Energy. All of these fruits were cultivation resources, Natural Oddities.

"What a great amount of Natural Fruits!" At this moment, it was not only Chu Feng who was displaying a face of joy, even Bai Ruochen was the same. That was because, to them, what they needed the most was not money or valuables. Instead, what they needed were the Natural Fruits that could assist with their training.

"This is truly great. These Natural Fruits, they should all be king level Martial Medicines, right?" gasped Chu Feng with admiration.

"They're not only king level Martial Medicines, they're top quality king level Martial Medicines. Even though they contain very dense king level

Martial Energies, those energies are not very frantic. Thus, it would be much easier to refine them. To us Martial Kings, these are the most precious cultivation resources,” replied Bai Ruochen.

“Woosh.” Right at the moment when Bai Ruochen was speaking, Chu Feng suddenly moved. A suction power was explosively shot forth and countless king level Martial Medicines started to float into the air. In the end, they were all sucked into Chu Feng’s Cosmos Sack.

However, Chu Feng did not take all of them. He had only taken half of the king level Martial Medicines in the palace hall; half still remained.

“Half each, there’s no complaint, right?” said Chu Feng with a smile.

“My intentions exactly.” Bai Ruochen smiled lightly. After that, she also took out a Cosmos Sack. Like Chu Feng, she began to suck the king level Martial Medicines into her Cosmos Sack.

Even though what Chu Feng needed the most were cultivation resources like this, he did not feel any unwillingness as he saw Bai Ruochen gathering the remaining half of the king level Martial Medicines.

Firstly, these were indeed things that Bai Ruochen deserved. After all, these were originally left behind by the Ascension Sect’s ancestor for the Ascension Sect’s descendants. Chu Feng was not a descendant of the Ascension Sect; thus, it was already a great benefit for him to be able to obtain half.

Besides, Chu Feng was able to tell from Bai Ruochen’s joyous reaction that she appeared to need these cultivation resources very much too. Otherwise, with her temperament, it was impossible for her to become this excited. Thus, Chu Feng felt that he should allow her to get her share.

“That is?” However, right at this moment, Chu Feng’s eyes shone. Then, he became stunned. After Bai Ruochen gathered up the remaining king level Martial Medicines into her Cosmos Sack, the palace hall did not become empty. There were actually things remaining in the palace hall.

Three items appeared in the center of this palace hall. Those three items appeared to be steel, but were abnormally structured. All three of them

were rectangular-shaped, two feet thick, one meter wide and three meters long. They were placed there in an orderly manner.

Chu Feng was able to tell with a single glance that even if these three items were steel, they were no ordinary steel. Even though they did not emit any kind of exotic shine, and appeared like scraps as they were placed there, Chu Feng was able to sense that these pieces of steel were indestructible. They were simply frighteningly tough and sturdy. However, what surprised Chu Feng the most was that these three pieces of steel actually contained spirituality; it was as if they possessed life.

“What are those?” At this moment, Bai Ruochen also noticed them. Furthermore, she had arrived before the three steel-like items. In a surprised manner, she said. “There are words written on them.”

“Oh?” Hearing those words, Chu Feng hurriedly walked toward the three steel-like items as well. Only then did he discover that there were indeed words written on the three lumps of steel.

“Firmament Adamantine Metal. Originally Adamantine Metal buried in the depths of the underground. Due to having absorbed the Firmament energy for tens of thousands of years, they have ultimately evolved into Firmament Adamantine Metal.”

“Firmament Adamantine Metal’s entire body is indestructible. It is capable of breaking through everything in its path. It is one of the rare steels in this world, and can be used as a foundation for Imperial Armaments.”

“Firmament Adamantine Metal could be considered to be a priceless treasure. If a descendant from my sect was to obtain these, then they must not expose them to the world, nor should they sell them. They can only use them for themselves. If these metals cannot be used in their lifetime, then they must be saved for the later generations and not wasted.”

These words were extremely strong and powerful. It could be seen that the person who had written these words had possessed a very powerful cultivation. However, even though that was the case, these words were only shallowly imprinted on the Firmament Adamantine Metal, and not

carved deeply into it.

From this, one could tell that these pieces of Firmament Adamantine Metal were truly indestructible and were rare treasures.

“They’re actually treasures used to craft Imperial Armaments.” When he discovered the origins of these three lumps of metal, Chu Feng was unable to contain his shock.

That was because he was able to tell the worth of these pieces of Firmament Adamantine Metal without even thinking about it; they were much more precious than the king level Martial Medicines that he and Bai Ruochen had collected. In other words, these pieces of Firmament Adamantine Metal were the true treasures that the Ascension Sect’s ancestor had wanted to leave for his descendants.

After all, Imperial Armaments were extremely exceptional. It was likely that anything that was related to Imperial Armaments would be capable of enticing countless experts. It was even more so for foundation materials used to craft Imperial Armaments.

“Buzz.” Right at this moment, Bai Ruochen suddenly moved. Using her Cosmos Sack, she directly absorbed one piece of Firmament Adamantine Metal into it.

After that, she looked to the two remaining pieces of Firmament Adamantine Metal on the floor, then turned to Chu Feng and said, “The ancestor’s intentions are very clear. He wanted his descendants to be capable of utilizing this Firmament Adamantine Metal to craft an Imperial Armament.”

“However, if his descendants were incapable of crafting an Imperial Armament, then he wanted them to not waste these priceless treasures. However, selling them was also prohibited, and they must be saved for the descendants of the Ascension Sect.”

“Are you capable of accomplishing the requests laid out by my Ascension Sect’s ancestor?”

“I will most definitely not fail to live up to the expectations of the

Ascension Sect's ancestor." Chu Feng replied with full confidence.

"In that case, these remaining two, you can take them both." Bai Ruochen left these words and then proceeded to walk toward the entrance of the palace hall.

"Lil Sis Ruochen, are you certain? You're planning to leave two for me? This is not too good, is it?" Chu Feng was surprised. Treasures like these, if Bai Ruochen was to give him a single one, she would already be showing a great consideration toward him. However, she actually decided to give him two. This caused Chu Feng to be truly humbled.

"What I need the most right now are cultivation resources. Although these pieces of Firmament Adamantine Metal are precious, one is enough for me. As for those two, just accept them both. Your spirit formation techniques greatly exceed mine; your future accomplishments in that would most definitely be greater than mine. I believe that sooner or later, you will end up using those pieces of Firmament Adamantine Metal."

"Moreover, for us to be able to find this place, your contributions greatly surpassed mine. If it wasn't for you, I might not even have had the chance to see this palace hall, much less obtain the treasures within it. In all sense and reason, you should have a greater share than me," said Bai Ruochen.

After hearing what Bai Ruochen said, Chu Feng smiled a relieved smile. Since Bai Ruochen had already spoken like that, if Chu Feng continued to modestly decline, it would turn to him being in the wrong. Thus, Chu Feng received the two remaining pieces of Firmament Adamantine Metal.

"Firmament Energy, could it be related to the Firmament Medicinal Herbs?" At this moment, another question emerged in Chu Feng's mind.

However, this was merely a question. Chu Feng did not try to think too deeply into it, as he had already obtained his share of profit.

1. Technically, it said natural odd fruit; natural oddities in fruit form?

Chapter 1155: Laughter of Mockery

After they obtained the things that they had come here for, Chu Feng and Bai Ruochen left the Firmament Medicine Garden without any hesitation.

The harvest the two of them obtained this time around was truly enormous. However, after the two of them left the Firmament Medicine Garden, they did not immediately return to their own residences. Instead, they once again returned to the Mission Plaza.

They did not come to the Mission Plaza only so that they could return the mission plates, they had also come to take care of the Firmament Medicinal Herbs that they had with them.

Although Chu Feng used a hundred thousand seeds to open the gate, all of those seeds were obtained from the ocean of Firmament Medicinal Herbs; he had not used any of the Firmament Medicinal Herbs that he harvested himself.

In other words, the Firmament Medicinal Herbs that Chu Feng and Bai Ruochen harvested over the past days were still in perfect condition and capable of being used in exchange for achievement points.

Bai Ruochen had over a thousand Firmament Medicinal Herbs. As for Chu Feng, he had even more than her, numbering over three thousand.

Although it was only a wolf grade mission, for them to obtain this enormous number of Firmament Medicinal Herbs, the number of achievement points they would obtain through the exchange was not small either.

“Yoh, isn’t this junior sister Ruochen? What a coincidence to encounter you so quickly.”

Right at the moment when Chu Feng and Bai Ruochen arrived at a wolf grade mission palace hall, a sharp and unkind voice was suddenly heard, “Aiyah, why are you still together with this trash from the Southern Cyanwood Forest? Do you not fear that he’ll drag you down?”

Turning toward the source of the voice, three men appeared in Chu Feng and Bai Ruochen's line of sight. Furthermore, these three men were walking toward them.

Among the three men, two of them were in their middle ages. Their cultivations were not weak either, both being at rank five Martial King.

As for the man in the middle, he was someone that both Chu Feng and Bai Ruochen knew, Yuan Qing.

Merely, at this moment, Yuan Qing did not have an armband of the Orion Division on his arm. Instead, he had the same armband as the two men beside him, an armband with the words 'Heaven Inquiring Division.'

This meant that Yuan Qing did not join the Orion Division, and instead joined a different branch power organization. As for this Heaven Inquiring Division, Chu Feng had heard about it from Bai Ruochen before. It was currently the strongest branch power organization in the Cyanwood Mountain.

When he saw the armband, Chu Feng understood everything. It was impossible for the Orion Division to not want Yuan Qing to join them. However, as Yuan Qing's fame had risen greatly, he had evidently been invited to join many other different branch power organizations.

As for the final conclusion, it was very clear. For his own future prospects, Yuan Qing chose not to join the Orion Division, and instead joined the strongest branch power organization in the Cyanwood Mountain, the Heaven Inquiring Division.

"You need something?" Bai Ruochen cast a cold glance at Yuan Qing and asked in an indifferent manner.

"Of course, I've come to find junior sister Ruochen to invite you to join our Heaven Inquiring..." With a bright expression, Yuan Qing began to speak his reasons in coming. However, as he spoke, he suddenly noticed the Asura Division armband that Bai Ruochen was wearing on her arm.

At this moment, he was completely stunned. In an incomparably shocked manner, he said. "Junior sister Ruochen, you've already joined a

branch power organization?”

“Are you blind? Can you not see for yourself?” said Bai Ruochen coldly. Evidently, she was starting to become annoyed.

Seeing this, Yuan Qing hurriedly turned to the two men beside him and asked, “Asura Division? What sort of branch power organization is that? How come I’ve never heard of it before?”

“Asura Division? We’ve never heard of it before either.” Those two men both shook their heads.

Right at this moment, Chu Feng spoke, “Don’t bother thinking anymore, this Asura Division is a newly established branch power organization. As far as I know, it has been established for less than four days.”

“Four days? Who established this branch power organization?” asked Yuan Qing.

“I did, what about it? You have a complaint?” asked Chu Feng.

“What? You’ve created this branch power organization? Haha, truly ridiculous. You’re truly killing me with this joke.”

“Trash like you actually dared to establish a branch power organization? You truly do not know your standings.” Hearing what Chu Feng said, Yuan Qing immediately started laughing frantically. The mockery within his laughter was completely evident.

Following him, the two members from the Heaven Inquiring Division beside him also burst into loud laughter. Even passersby stopped to listen upon hearing the laughter of those two men, and then started laughing themselves, rocking their bodies backward and forward. It could be said that they were all laughing enjoyably.

After all, Chu Feng’s cultivation was clear to everyone; he was a rank one Martial King. Perhaps if one were to judge Chu Feng by his age, then he would not be considered to be weak. However, to be the head of a branch power organization, his cultivation was way too weak.

A branch power organization with a head like that would simply not be

able to survive because countless other branch power organizations would go and challenge them. What awaited such a branch power organization would only be successive defeats. When its reputation sunk through the ground, no one would be willing to join it. Thus, to the crowd, there existed only a single fate for the branch power organization that Chu Feng had created; death.

After all, it was not the first time that this sort of thing had happened. None of them felt that Chu Feng would be an exception.

“Trash?” Surprisingly, Chu Feng disapproved of the ridicule of the crowd and laughed a profound and meaningful laughter. Then, he turned to Yuan Qing and said. “Yuan Qing, could it be that you yourself do not know who among us is the trash?”

“You, what do you mean by that?” Hearing those words, Yuan Qing was startled. For some unknown reason, he felt diffident.

As he was being gazed at by Chu Feng, he started to feel nervous. The confidence and conceit that he had displayed earlier had all crumbled.

Suddenly, he recalled that both triggering the Ancient Era’s Immortal Needle and obtaining the Commander Flag were actually not his deeds and, what he possessed was merely a false reputation.

As for Chu Feng, although Yuan Qing looked down on him, he was only able to do that because his current cultivation was higher than Chu Feng’s.

Yuan Qing had never forgotten how his speed had been much inferior to Chu Feng’s in the Ancient Era’s Immortal Pond. Suddenly, Yuan Qing recalled that Chu Feng had dived into a region of water that he was incapable of diving into.

“Why did he say those words? How come he dared to ask me who’s the trash? Could it be that the person who triggered the Ancient Era’s Immortal Needle is him?”

Suddenly, Yuan Qing thought of a possibility. However, this possibility that he thought of caused his entire back to feel cold, and his body to

tremble with fear. Because if the person who had triggered the Ancient Era's Immortal Needle was Chu Feng, then he, who was already extremely antagonistic with Chu Feng, akin to fire and water, wouldn't he be facing an imminent catastrophe?

After all, if it was truly Chu Feng that had triggered the Ancient Era's Immortal Needle, then it meant that he possessed true abilities. And as for himself, he did not possess any.

"Who's the trash? Isn't this obvious? With merely you, you're not even worthy enough to be compared with my junior brother Yuan Qing."

"That's right. Do you not know who my junior brother Yuan Qing is? He is the exceptional genius that triggered the Ancient Era's Immortal Needle and obtained the Commander Flag. And you, who do you think you are?"

However, when Yuan Qing was feeling nervous, the two Heaven Inquiring Division members beside him started to mock Chu Feng.

Once the two of them said those words, the surrounding crowd started to loudly laugh again.

Indeed, Yuan Qing's famed name had spread throughout the entire Cyanwood Mountain; he was a publicly-renowned genius, a demon-level character that everyone believed would soon join the Cyanwood Succession List.

As for Chu Feng, who was he? He was simply someone that no one had ever heard of. Thus, when Chu Feng asked Yuan Qing who among the two of them were trash, he naturally became an enormous joke in the eyes of the crowd.

Chapter 1156: Shocking Everyone

“That’s right, it’s impossible, I am most definitely overthinking it. If it was him who triggered the Ancient Era’s Immortal Needle, then how come he didn’t admit to it? Why did he not expose me back then? Could it be that he does not know about the fame and benefits one would obtain from triggering the Ancient Era’s Immortal Needle?”

“Without mentioning hiding it, for him to willingly allow someone else to take the credit for all his work, what sort of benefit would this possibly bring him? Unless he’s a fool, he most definitely would’ve admitted to it right away.”

“All in all, everyone feels that I am the person who triggered the Ancient Era’s Immortal Needle. I am the hero in their eyes. This Chu Feng is simply incomparable with me.”

As the crowd voiced their contempt for Chu Feng, Yuan Qing once again regained his confidence and believed himself to be an exceptional genius that no one could compare with.

Thus, the gaze with which he looked at Chu Feng turned to one of disdain once again.

Coldly, he said. “Ah, the Ancient Era’s Immortal Pond you said? Of course I remember that. Being beaten by me and then pissing his pants in terror, fleeing in fear, losing his way and nearly dying in the pond, that trash from the Southern Cyanwood Forest, isn’t that you, Chu Feng?”

“Chu Feng, so his name is Chu Feng? So he’s actually a disciple from the Southern Cyanwood Forest? No wonder he’s this ignorant. Haha. Sure enough, the Southern Cyanwood Forest is a place that specializes in fostering trash. Haha...” When they knew of Chu Feng’s identity, the crowd’s laughter became even louder and more filled with mockery. They were completely basked in joy as they laughed.

There were two reasons why they were acting in such a manner. First, they truly looked down upon the disciples of the Southern Cyanwood Forest. Secondly, they wanted to use this opportunity to curry favor from

Yuan Qing. After all, they believed Yuan Qing to be a genius, and an existence that might even become the future leader of the Cyanwood Mountain.

Since an opportunity to curry favor from Yuan Qing was presented before them, they would naturally seize this opportunity and do their best to leave a favorable impression for Yuan Qing. Even though their actions might not bring them anything at all, they were still very willing to do such a thing.

Especially after they knew that the target of their mockery was a disciple from the Southern Cyanwood Forest, they felt that it was even more natural for them to do this.

In fact, their mockery of Chu Feng actually did managed to obtain a favorable impression from Yuan Qing. However, they did not know that their actions had not only obtained Yuan Qing's favorable impression, they also boosted his confidence. Most importantly, they had also pushed Yuan Qing toward the inevitable pit of fire.

"Oh? Hah..." Chu Feng appeared to have already anticipated such a reaction and attitude from Yuan Qing. Thus, he did not get angry at all. Instead, he sneered in his heart.

"Who dares, to laugh again, I'll tear his mouth apart." However, right at this moment, Bai Ruochen was unable to continue watching this. Not only did she shout loudly at the crowd, she even emitted her oppressive might.

Her oppressive might was extremely fierce; it turned into a visible hurricane. As the hurricane revolved around her, those below Martial King level were all knocked to the ground. As for those at the Martial King level, they were forced back several steps.

Even the expressions of Yuan Qing and the two rank five Martial Kings beside him took a huge change.

Even though Bai Ruochen only possessed the cultivation of a rank three Martial king, her true strength was something that only rank six Martial Kings could match. Frankly speaking, even the two members of the Heaven Inquiring Division beside Yuan Qing would be no match for Bai

Ruochen.

“That girl is actually this powerful...”

“Heavens, she’s too powerful. How come I have never heard of her famed name before?”

“It would appear that another demon-level character has appeared.”

Bai Ruochen’s oppressive might not only intimidated the entire crowd and caused all of them to stop their laughter, she even caused people from far away to notice that something was happening over here. Thus, more and more people began to cast their eyes toward this location.

“Junior sister Ruochen, never would I expect that not only are you beautiful, you are also this strong. I must say, I have still underestimated you.”

“I sincerely wish that you will be willing to leave this Asura Division. This Asura Division could be said to have no future at all. Join our Heaven Inquiring Division; this is where you belong,” said Yuan Qing to Bai Ruochen.

“That’s right. Junior sister Ruochen, as long as you’re willing to join our Heaven Inquiring Division, I believe that no matter what sort of request you make, the Second Head would definitely agree to it.” The two Heaven Inquiring Division’s members also began to urge Bai Ruochen.

Originally, they had only come to invite Bai Ruochen because of Yuan Qing. However, after they saw Bai Ruochen’s strength, they truly wanted to have her as a member of their Heaven Inquiring Division.

“Not interested.” However, the three men’s sincere invitations were firmly rejected by Bai Ruochen. Furthermore, as she spoke, she turned her head behind her and coldly shouted, “Move aside, do not block me in delivering my mission.”

As they looked at the beautiful yet ice-cold looking Bai Ruochen, the crowd did not dare to provoke her. Immediately, they spread aside. Finally, Bai Ruochen and Chu Feng were able to enter the wolf grade mission palace hall.

“Junior sister Ruochen, you couldn’t possibly have completed a wolf grade mission, right?” Right after the two of them entered into the wolf grade mission palace hall, Yuan Qing once again chased after them inside.

“Something wrong?” asked Bai Ruochen.

“Heh, there’s of course nothing wrong. Junior sister Ruochen is free to do whatever kind of mission she wants.”

“Merely, junior sister Ruochen, although the wolf grade missions are simple, the achievement points they give are truly too few.”

“I hope that you will consider joining our Heaven Inquiring Division because not only are we capable of helping you bring about your innate abilities, the senior brothers will also be able to provide with you a great amount of assistance.”

“For example, today, with assistance from the two senior brothers, I completed a tiger grade mission and obtained a hundred achievement points.”

“Even though I would be able to easily completely a tiger grade mission with my own cultivation, I must admit, with assistance from the two senior brothers, the tiger grade mission was simply too easy.”

“Moreover, a couple days from now, the senior brothers from the Heaven Inquiring Division are planning to bring me along to complete a lion grade mission. Furthermore, in order to encourage me, they are planning to give all of the achievement points from the completion of the mission to me.”

“Compared to that, the single achievement point from the completion of your wolf grade mission is simply too worthless. I fear that you would have to complete a hundred such missions to compare to a single completion of a tiger grade mission from me.”

“As for this, this is the difference between joining the Heaven Inquiring Division and joining the Asura Division. Junior sister Ruochen, for the sake of your own future prospects, you should carefully reconsider.”

Yuan Qing said those words with a complacent expression. As he said

them, he even took out his identity plate. When he instilled his aura into the identity plate, the plain identity plate actually began to emit light, which formed the number one hundred.

This was the true usage of the Cyanwood Mountain's disciples' identity plates. Not only did they identify a disciple to be a core disciple, they also stored one's accumulated achievement points. Most importantly, only the person who held the identity plate was capable of using this achievement point tool. Like this, it would prevent others from stealing another's identity plate for their achievement points.

"A tiger grade mission and a hundred achievement points, is it that worthy of flaunting?" Faced with Yuan Qing's flaunting of his achievement points, Bai Ruochen laughed coldly. She then walked deeper into the palace hall and handed her mission plate to the elder in charge of receiving completed missions.

After receiving the mission plate, that elder said indifferently, "Gathering Firmament Medicinal Herbs, one achievement point."

Faced with this sort of situation, Yuan Qing and the others laughed mockingly. Pride and disdain were both present on their faces. After all, the reason why they looked down upon wolf grade missions was because the one achievement point given by the completion of a wolf grade mission was truly too little.

"Elder, may I know how many Firmament Medicinal Herbs are needed in exchange for a single achievement point?" asked Bai Ruochen.

"Ten Firmament Medicinal Herbs can be exchanged for a single achievement point," the elder replied.

"In that case, what about a thousand of them?" Bai Ruochen took out her Cosmos Sack. After her Cosmos Sack shone with light, a total of a thousand Firmament Medicinal Herbs appeared before the elder in an orderly pile.

"Heavens, this..."

At this moment, everyone present, including the elder in charge of

receiving completed missions, was stunned.

Chapter 1157: Breaking The Record

“How could there be this many Firmament Medicinal Herbs? This is truly unimaginable!”

“That’s right, there’s at least a thousand of them, right? In that case, wouldn’t they be able to be exchanged for a hundred achievement points? When did the Firmament Medicinal Herbs become this easy to be gathered?”

As they saw the Firmament Medicinal Herbs that were orderly placed on the table and flickering with light, many of the disciples that walked by this mission palace were unable to stop themselves from gasping in surprise.

They knew very well how difficult it was to gather Firmament Medicinal Herbs. Although gathering Firmament Medicinal Herbs was a low-tier wolf grade mission, some disciples would rather go and complete leopard grade missions after their cultivation increased than gather the Firmament Medicinal Herbs.

As for why, it was very simple. While wolf grade missions were indeed very simple to do, gathering Firmament Medicinal Herbs was most definitely the hardest among the wolf grade missions. Especially for those without spirit energy, it was an unaccomplishable nightmare.

Thus, when comparing them, many leopard grade missions were much easier to accomplish than gathering Firmament Medicinal Herbs. However, everything changed right now.

At this very moment, there was someone that had gathered a thousand Firmament Medicinal Herbs. How much time was required to accomplish this sort of feat? How many days must she have stayed in the Firmament Medicine Garden?

Had they not known that Bai Ruochen had only entered the Cyanwood Mountain several days ago, they would all have suspected that she had spent many days to gather these thousand Firmament Medicinal Herbs.

However, when they found out that Bai Ruochen managed to gather a thousand Firmament Medicinal Herbs in only a few days, they were unable to help but see her with a whole new level of respect. Wholeheartedly, they began to feel that she was a demon-class character, an exceptional genius.

“There’s a total of a thousand one hundred and twenty-eight Firmament Medicinal Herbs, I should be rewarding you with a hundred and twelve achievement points.”

“However, taking into consideration that it must’ve been difficult for you to gather all of these, I’ll make an exception and reward you with a hundred and thirteen achievement points.”

After being shocked, the elder became extremely happy. Right away, he input a hundred and thirteen achievement points into Bai Ruochen’s identity plate.

“Heavens, she was actually able to obtain this many achievement points doing the simplest wolf grade mission. If she was to do a higher grade mission, oh how dreadful that would be?”

“This is truly inconceivable. A hundred and thirteen achievement points, isn’t this an even greater amount than the reward from the tiger grade mission that Yuan Qing completed?” At this moment, the crowd began to discuss spiritedly once again. As they saw the numbers that flickered on Bai Ruochen’s identity plate, the crowd felt both envy and admiration.

However, at this very moment, Yuan Qing’s expression became unsightly. Earlier, he was comparing the merits and drawbacks of a wolf grade mission to a tiger grade mission, declared the rewards he had obtained from completing a tiger grade mission, and indirectly mocked Bai Ruochen’s wolf grade mission.

However, what sort of fucking situation was this? Bai Ruochen’s wolf grade mission actually rewarded an even greater amount of achievement points than the tiger grade mission that he completed. What the hell was this, was this even logic? At this very moment, he felt as if his cheeks were fiery hot, like he had been fiercely slapped a couple times; it was an

extremely shameful situation for him.

“Elder, I would also like to hand in my mission.” Right at this moment, Chu Feng took out his identity plate, as well as his mission plate, and handed it over to the elder.

The elder casually took a glance at Chu Feng and asked in a very indifferent manner. “You’ve completed it?”

“Mn, I’ve completed it.” Chu Feng nodded.

Only then did that elder receive Chu Feng’s identity plate and mission plate. He directly entered a single achievement point into Chu Feng’s identity plate before returning it to Chu Feng. “You can hand over the Firmament Medicinal Herbs.”

“Elder, a single achievement point might not be enough.” Chu Feng looked at the ‘one’ on his identity plate and said in a slightly embarrassed and smiling manner.

“One’s not enough? In that case, how many achievement points would you need? You must know that ten Firmament Medicinal Herbs can only be exchanged for a single achievement point, right? Have you not read the explanation for the mission carefully enough?”

Surprisingly, after hearing what Chu Feng said, that elder became enraged, and actually reprimanded Chu Feng before everyone present.

“Haha, truly an ignorant person who doesn’t know what’s good for himself. As expected from a Southern Cyanwood Forest’s disciple, truly stupid beyond help.”

“That’s right. To not even know the rules of the mission, it’s a waste for such a person to be alive.”

“That’s wrong, I don’t think that’s the case. I think he’s trying to use petty tricks, he must’ve become envious after seeing junior sister Ruochen obtaining that many achievement points, and wanted to try to obtain some small advantages from the elder, seeing that he was in a good mood.”

“However, unfortunately for him, the elder has always been a fair and

impartial person. How could he possibly give him advantages for no reason? So what if he might be from the same branch power organization as junior sister Ruochen and the head of said organization? Hahaha...”

People always loved to watch interesting and amusing things. As Chu Feng did not come from a powerful location, nor did he possess a high cultivation, he became the focus of everyone’s mockery, and was naturally mocked and laughed at even more after being reprimanded by that elder.

“Buzz.”

However, right when everyone was ridiculing Chu Feng, Chu Feng casually took out his Cosmos Sack. After a radiant light flashed through his Cosmos Sack, a large amount of densely packed Firmament Medicinal Herbs appeared in front of the elder.

The number of Firmament Medicinal Herbs were so numerous that they greatly surpassed the amount that Bai Ruochen had brought out earlier. From a glance, there appeared to be at least three times as many.

“Elder, are you certain that you’ll only be giving me a single achievement point?” Chu Feng asked with a smile.

“This...”

At this moment, not to mention the ordinary crowd, even that elder was stunned by Chu Feng’s actions.

That was because as long as one was not a fool, one could tell that the amount of Firmament Medicinal Herbs that Chu Feng had harvested was greater than Bai Ruochen’s.

However, Bai Ruochen was a genius. Even if her gathering that many Firmament Medicinal Herbs might be unimaginable, it was still something that they could accept.

Yet, Chu Feng was completely different. He was a disciple of the Southern Cyanwood Forest. How could a disciple of the Southern Cyanwood Forest possibly be extraordinary and unnatural? Furthermore, how could they possibly be extraordinary to such a degree?

“How is that possible? This guy, he actually....” Compared to the others, the person who was most shocked at this moment was Yuan Qing.

Since the first time he had met Chu Feng, he had humiliated him, as both Chu Feng’s status and cultivation were inferior to his own. Thus, it was natural for him to humiliate Chu Feng and no one felt it to be wrong.

However, what sort of situation was this? Chu Feng had actually gathered this many Firmament Medicinal Herbs. In other words, wouldn’t the number of achievement points that Chu Feng obtained be greater than his own?

If it was hard for him to accept the fact that Bai Ruochen obtained more achievement points than him, then Chu Feng obtaining more achievement points than him would be truly difficult for him to accept.

“Three thousand four hundred and ninety-seven Firmament Medicinal Herbs. Naturally, you should be rewarded three hundred and forty-nine achievement points.”

“However, the amount that you have gathered has surpassed the previous record of Firmament Medicinal Herbs ever gathered for this mission. Thus, you will obtain an additional reward.”

“The additional reward is a hundred achievement points. I’ll be adding the total amount to your identity plate.”

After being shocked for a moment, that elder finally managed to react. At this moment, the gaze with which he looked at Chu Feng with had changed completely. No longer was there the contempt from before. Instead, he now looked at Chu Feng with a gaze that contained a much greater regard than the one that he used to look at Bai Ruochen with.

As he spoke those words, he had taken back Chu Feng’s identity plate and entered in the number of achievement points.

At this moment, no longer was there the word ‘one’ on Chu Feng’s identity plate.

Instead, there was ‘four hundred and fifty.’

Although wolf grade missions were indeed the lowest tier missions, Chu Feng was able to obtain four hundred and fifty achievement points from it. This was most definitely something that no one had ever accomplished before.

Chapter 1158: Management Elder

“Huuu~~~” At this moment, silence filled both the inside and the outside of the palace hall.

Those who had mocked and insulted Chu Feng earlier all shut their mouths. It was not that they were willing to shut their mouths, but rather that Chu Feng had used his own strength to make them shut up.

The Chu Feng that they had looked down upon had accomplished a world-shaking feat. How could they possibly have the nerve to continue to insult him? How could they possibly dare to insult him? If they were to continue to insult him, wouldn't this be the same as slapping their own faces?

Chu Feng was capable of obtaining this many achievement points doing a wolf grade mission. Furthermore, he even surpassed the previous record. This truly caused them to feel ashamed.

Without mentioning the other things, the fact that Chu Feng was capable of gathering several thousand Firmament Medicinal Herbs in only a few days was something that they could never have accomplished. From merely that, they were unable to compare with Chu Feng. Furthermore, the distance between them was as great as heaven from earth.

However, even though they had been stunned by Chu Feng, they did not speak highly of him either. After all, they had mocked and ridiculed him for so long earlier; the hatred and desire for revenge had already been planted.

If they were to speak highly of Chu Feng now, they would appear to be extremely opportunistic. Especially before an elder, they most definitely could not do such a thing, as they feared being looked down upon by that elder.

Thus, the only reaction they could give was being silent. As such, the entire palace became silent.

“Aiyoh, I truly never expected that you're not as trashy as I imagined you

to be. At the very least, it seems that you have some skills in gathering medicinal herbs. For you to not dare to do tiger grade missions, so it was actually because the wolf grade missions were better suited to you.”

“From the way I see it, you don’t have to bother doing any other missions. Just go to the Firmament Medicine Garden and gather medicinal herbs for the rest of your life there.”

“Otherwise, you could go and talk with an elder, so that you can stop being a disciple and start becoming a garden watcher. With your genius in gathering medicinal herbs, it’s best for you to not waste it. Isn’t that right?”

Right at this moment, Yuan Qing spoke eccentrically again. He was unreconciled to be defeated by Chu Feng. Thus, he tried to invert right and wrong, and turn Chu Feng’s strong point into his shortcoming, and urged the crowd to once again ridicule Chu Feng.

“While it’s true that gathering medicinal herbs is a skill that could be envied and admired, was it necessary for you to attack him?”

Right after Yuan Qing finished saying those words, an elderly voice sounded from within the palace hall.

At the same time, the tightly closed gate in the deepest region of the palace hall slowly opened. After that gate opened, several figures walked out.

All of these people wore golden gowns. Their ages were all comparably old, they were evidently all elders of the Cyanwood Mountain’s core region.

However, the leader of the group was somewhat extraordinary. Firstly, the gown that he wore was slightly different. Although he was also wearing a golden gown, there was a word, ‘Medicine’, inscribed on its chest region.

As for his appearance, this elder was not very tall, and was slightly fat. Although he appeared to be very ordinary-looking, he gave off an extraordinary air.

Furthermore, the sensation that this elder gave off was completely different. As for his cultivation, it was as deep as the ocean, as thick as the earth, and impossible to assess.

“We pay our respects to Elder Wei.” Upon seeing this elder, many disciples immediately displayed an extremely courteous salute. Even that elder in charge of receiving completed missions hurried to courteously salute.

Naturally, this sudden scene caused Chu Feng and the other newly-arrived disciples to not know how to react. Although the Cyanwood Mountain placed importance on etiquette, it was not to a degree where one was required to courteously salute when seeing an elder. Only when one encountered a management elder would one be required to bow in salute.

However, for newly-arrived disciples like Chu Feng, they simply do not know who was a management elder and who wasn't. However, it was now evident that the short and fat white-bearded old man should be a management elder. Otherwise, the crowd would not be this tense upon his arrival.

“You can all rise, there's no need to be overly courteous. Remember this well, while I do not care about what you do when you encounter other elders, when you see me, there's no need to salute.” Before Chu Feng and the others could salute, that Elder Wei waved his hand and indicated for everyone to rise.

Seeing this, the crowd hurriedly stood back up. As for that elder in charge of receiving completed missions, he hurriedly handed over the Cosmos Sack that contained close to five thousand Firmament Medicinal Herbs to Elder Wei. “Elder Wei, these are the Firmament Medicinal Herbs that were just received, please.”

“Mn, I saw what happened earlier.” Elder Wei received the Cosmos Sack and placed it into his bosom. Then, he walked over to Chu Feng and Bai Ruochen. “Children, your aptitudes are pretty good. If you have the time, come and visit my Medicine Concocting Department.”

“Thank you elder.” Seeing this, Chu Feng and Bai Ruochen both saluted to express their thanks.

Branch power organizations were not limited to only disciples. The Cyanwood Mountain itself also possessed many branch power organizations. For example, the Punishment Department, Medicine Concocting Department, Weaponry Refinement Department, Martial Skills Department, Mysterious Techniques Department, and so on...

All of them were branch power organizations of the Cyanwood Mountain. Furthermore, there were heads for every single department. Merely, the heads of these departments were no ordinary elders. Instead, they were all management elders.

While disciples were capable of joining a branch power organization established by other disciples, they were also allowed to join branch power organizations led by management elders.

Of course, it was extremely difficult for disciples to join a branch power organization led by management elders, as they would need to obtain the good graces and permission of the management elder in charge.

Till this date, the disciples that were capable of joining those branch power organizations could be counted with one's fingers.

However, undoubtedly, all the disciples that were capable of entering those branch power organizations led by management elders would obtain a completely different identity and status. That was because, with the backing of a management elder, practically no one would dare to provoke those disciples. Even elders themselves would step back when encountering those disciples.

As this Elder Wei mentioned the Medicine Concocting Department and wore a gown with a special sign, it was evident that he was definitely one of the management elders in charge of the Medicine Concocting Department.

Although he only told Chu Feng and Bai Ruochen to visit the Medicine Concocting Department and did not directly invite them to become members, it still, at the very least, illustrated that he thought highly of

Chu Feng and Bai Ruochen. Otherwise, he would most definitely have not said those words to them.

Thus, at this moment, Chu Feng and Bai Ruochen were overjoyed. As for the disciples in the crowd, they were incessantly envious. For the two of them to obtain the good graces of a management elder right after entering the Cyanwood Mountain, to those other disciples, it was most definitely an enormous fortune.

“Didn’t I say that there was no need to salute? Why are the two of you still this disobedient? Remember, do not salute next time.” Elder Wei smiled an amiable smile at Chu Feng and Bai Ruochen. He then waved his sleeve and walked toward the exit of the palace hall.

Right when Elder Wei walked by Yuan Qing, Yuan Qing suddenly spoke: “Elder Wei, the things that this disciple said earlier was merely me joking with junior brother Chu Feng. It is most definitely not an attack on junior brother Chu Feng, nor is it meant to look down upon those who harvest medicines.”

What sort of person was Yuan Qing? He was one who would sell his soul for gain. Yet, he was also one who enjoyed showing off. Earlier, he had received Elder Wei’s reprimand when he had mocked Chu Feng. Fearing that he would leave a bad impression on Elder Wei, Yuan Qing hurriedly tried to offered an explanation for his actions.

After all, regardless of how exceptional of a reputation he might have, he was still a disciple. If he was to truly offend a management elder, then his future days in the Cyanwood Mountain might not be good.

Yuan Qing, who was still thinking about his grand future prospects, did not wish to make such a mistake. Thus, he did not care about what others might think of him and tried to publicly justify his actions.

“Are you that Yuan Qing from the Orion Monastery?” Elder Wei stopped his footsteps and looked to Yuan Qing.

Chapter 1159: Challenged

“Elder Wei, this disciple is indeed Yuan Qing from the Orion Monastery,” Yuan Qing replied respectfully.

“The Orion Monastery has treated you extremely well, yet you joined the Heaven Inquiring Division. Young man... one must not forget one’s roots,” replied Elder Wei.

Hearing those words, Yuan Qing’s expression immediately took a huge change. Hastily, he tried to explain. “Elder Wei, Yuan Qing would not dare to forget his roots. The grace of education that the Orion Monastery has bestowed upon this Yuan Qing is something that Yuan Qing will engrave in his memory. Merely...”

“There’s no need to explain. Remember that a loose tongue may cause a lot of troubles. While it is fine for one to show off one’s ability, one must not use force to bully another. Otherwise, sooner or later, you’ll end up paying bitterly for it,” Elder Wei spoke with a serious expression.

“Elder Wei, I...”

At this moment, Yuan Qing still wanted to explain himself. However, Elder Wei did not give him the opportunity to do so, as he had disappeared from the palace hall in a blink of an eye; he had already left.

After Elder Wei left, the entire palace hall turned quiet. Other than Chu Feng and Bai Ruochen, the crowd was feeling extremely complicated.

Especially so were those among them who had spoken words of mockery against Chu Feng earlier. At this moment, they felt regret because of what they had said earlier.

Evidently, Elder Wei thought highly of Chu Feng and Bai Ruochen. He had even invited them to visit the Medicine Concocting Department. Yet, Yuan Qing, this genius that they were trying to suck up to, had already left a bad impression on Elder Wei.

Thus, when one’s talent for cultivation was disregarded, with merely their current connections taken into account, it would appear that the

Southern Cyanwood Forest's disciple Chu Feng had obtained the upper hand. After all, if Chu Feng was able to obtain Elder Wei's protection in the future, then would there be anyone in the Cyanwood Mountain who would dare to touch Chu Feng? Even if there were people who were capable of doing anything to Chu Feng, their numbers would be extremely few.

Once they thought of Chu Feng's possibility of becoming very powerful in the future, they who had humiliated Chu Feng today naturally felt endless fear, and began to worry that Chu Feng might retaliate against them.

"Lil Sis Ruochen, let's go."

Chu Feng was not one to care about what the crowd was currently thinking. After Elder Wei left, Chu Feng walked out of the wolf grade mission palace with Bai Ruochen.

As for Yuan Qing, as he was publicly reprimanded by Elder Wei, he naturally felt as if he had lost all face. Thus, he had also quickly left this place.

However, regardless, the fact that today a disciple from the Southern Cyanwood Forest by the name of Chu Feng obtained four hundred and fifty achievement points by accomplishing a wolf grade mission was destined to spread.

After all, it was no small matter; it was instead a world-shaking major event, an event large enough to cause people to gasp in admiration.

Although wolf grade missions were indeed the lowest level missions, to be able to break the previous record for the mission and obtain a reward several times that of a tiger grade mission was most definitely not something that ordinary people could accomplish. Even those demon-level geniuses might not necessarily be capable of accomplishing such a feat.

Thus, Chu Feng's name was destined to spread throughout the entire core region.

Chu Feng was flying toward his own territory. His current frame of mind

was extremely good. On his face was a slight smile. Although this journey of his had cost him several days worth of time, it must be said that it also rewarded him with quite a luxuriant harvest.

“What happened here?” However, Chu Feng’s gaze shone right after Chu Feng returned to his territory. Immediately after, he hurried to descend.

The entrance gates to his territory had actually been smashed open. Even the Asura Division sign that was originally placed on top of the entrance had been smashed to pieces.

Most importantly, regardless of whether it was the broken entrance gates or the shattered sign, they were both left in place without being cleaned up. This was most definitely a kind of humiliation. Not only was it a humiliation to Chu Feng, it was a humiliation to the entire Asura Division.

“We’ve been challenged?” This was the first thought that came to Chu Feng’s mind.

There were numerous branch power organizations in the Cyanwood Mountain. The best method for a branch power organization to increase their fame would be to defeat another branch power organization and increase their standing by doing so. As for this sort of behavior, it was called ‘challenge.’

Originally, the Cyanwood Mountain did not allow for a branch power organization to challenge another. However, they later discovered that if they were to regulate the behavior of the challenges, then they would actually be capable of toughening their disciples’ heart for battle. Thus, in the end, they tacitly agreed to this behavior.

As long as no one died and the matter was not excessive, then even if one beat another up so badly that they would have to lie on their bed unable to move, even if one smashed the entrance gates and sign of another branch power organization, the Cyanwood Mountain would not look into it.

Rumor had it that there had been two branch power organizations

fighting each other for a very long time. In the end, one of the branch power organization's heads managed to reach a breakthrough. After that, he charged into the other branch power organization, beat up all of the higher echelons of the other branch power organization, and smashed apart all of their buildings.

Even though that head was called over by the Punishment Department afterward, he was released on the same day.

As for why he was released, it was actually very simple. That was because he was a genius. If a genius was to violate the rules, the Cyanwood Mountain might lightly discipline him. However, they would most definitely not strangle a genius. After all, what the Cyanwood Mountain needed were geniuses and not trash.

Thus, as time passed, the challenges between branch power organizations became the best method for them to resolve grudges.

That was also the reason why those disciples of the Southern Cyanwood Forest that had been cast aside would rather be alone than join the Smooth Steady Division. It was because they knew that the Smooth Steady Division was too weak.

If they were to join the Smooth Steady Division, they could encounter the fate of being challenged at any moment where if they were to be beaten, it would still be considered to be reasonable and fair. However, if they did not join the Smooth Steady Division, they would instead be a bit safer.

After discovering that, other than the entrance gates and sign being destroyed, everything else remained undamaged, Chu Feng started to calm down. Without bothering with the gazes of people surrounding him, Chu Feng directly walked into his territory.

"Lord Chu Feng, you've finally returned. Major, a major thing has happened." Sure enough, when the servants saw Chu Feng, they hurriedly ran over to him.

On their faces was timidity. However, much more than the timidity was self-blame. Evidently, they were blaming themselves, and feeling very apologetic for being unable to safeguard their territory.

“Have I been challenged?” Chu Feng asked.

“Ye-yes.” A servant responded.

“Who did it?” Chu Feng asked.

“It’s the Dragon Tiger Division,” replied a servant.

“Dragon Tiger Division?” When he heard the name, Chu Feng entered into deep thought.

He remembered this branch power organization. When he had gone to the Smooth Steady Division to teach the Smooth Steady Division’s scum senior brothers a lesson, he had surprisingly encountered several ignorant men that had started to humiliate the Southern Cyanwood Forest. Those men ended up being publicly beaten by Chu Feng and fleeing afterwards.

Chu Feng remembered that those few men were members of the Dragon Tiger Division.

Logically, as the members of their Dragon Tiger Division had been defeated by Chu Feng, it was reasonable for them to come for revenge. As for their challenge and destruction of the Asura Division, it was also perfectly appropriate.

However, Chu Feng continued to feel that something was fishy. Thus, he asked. “When did this happen?”

“They came right after you left,” a servant replied.

“They came right after I left? That means it happened on the early morning that day I left?” asked Chu Feng.

“Yes,” replied the servants.

“As I expected. They should’ve already fixed their attention upon me.” Chu Feng started to frown. A flash of coldness shone through his eyes. He had already ascertained one thing in his heart.

The Dragon Tiger Division ought to have come prepared. Otherwise, it was impossible for them to act so quickly. Evidently, they had already known about Chu Feng’s situation, and had already prepared a method to deal with Chu Feng. Even if Chu Feng had not taught those men from the

Dragon Tiger Division a lesson back then, he would likely still have been unable to escape from this calamity.

“Lord Chu Feng, we are truly sorry. They threatened us, saying that we cannot change the entrance gates and the sign that had been shattered. Thus, we...” The servants began to blame themselves once again.

“This is not your fault.” Chu Feng consoled them. The members of the Dragon Tiger Division were all core disciples. His servants would naturally not be able to and would not dare to do anything to those Dragon Tiger Division’s members.

After all, this was a matter between disciples.

Chapter 1160: Followers

“That’s right, Lord Chu Feng. Lady Wang Wei, Lord Fang Tuohai and the others have told us to contact them should you return. My lord, do you want us to notify them right now?” A servant suddenly asked.

“Senior sister Wang Wei, senior brother Fang and the others also knew about this matter?” asked Chu Feng.

“Mn, all of the members of the Asura Division know about it. None of them have gone to do any missions; they have all been waiting for you return, so that you could make a decision as to what to do,” replied that servant.

“Very well, go and call them all over.” Chu Feng nodded. As he spoke, he silently took out a communication talisman; it was the communication talisman for Bai Ruochen.

The motion of the communication talisman could be received within a certain range. Even though the territory of the Cyanwood Mountain was enormous, it was still within the range of the communication talisman.

Thus, in a very short period, Wang Wei, Fang Tuohai, Bai Ruochen and the others all arrived at Chu Feng’s territory.

Wang Wei, Fang Tuohai and the other disciples of the Southern Cyanwood Forest had already known what happened here. Thus, they immediately hurried over upon receiving notice from Chu Feng.

As for Bai Ruochen, she originally did not know anything about it, and even felt a bit annoyed for being called over before she could even rest after just returning to her territory.

Upon thinking about what Chu Feng had done previously, Bai Ruochen felt that Chu Feng was deliberately playing with her and became enraged. However, when she thought that it might be possible that Chu Feng had a major matter that he needed her for, she decided to resist her anger and proceed to Chu Feng’s territory.

When she arrived at Chu Feng’s territory and saw the shattered entrance

gates and sign, she understood everything.

The anger in her heart had instead increased. It was so much so that traces of killing intent emerged in her beautiful eyes. Merely, her killing intent was not meant for Chu Feng. Instead, it was toward the people that had smashed the entrance gates and sign of the Asura Division.

While Bai Ruochen might be extremely cold, distant, appeared to be lacking emotions, and had joined the Asura Division after being very difficult; she was actually a person who possessed a cold exterior and hot interior. 1 At normal times, she would ignore the matters of the world and not bother with anything.

However, when someone was to do something that dishonored the Asura Division's dignity, she would be more enraged than anyone else and would definitely not let the matter stand.

At this moment, everyone from the Asura Division arrived at Chu Feng's territory. However, there were four extra people in the palace hall.

As he saw the four unfamiliar faces, three men and a woman, that were wearing the armband of the Asura Division, Chu Feng asked Fang Tuohai. "Senior Fang, these four are?"

"Junior brother Chu Feng, they are all disciples of our Southern Cyanwood Forest."

"In the several days that you were away, I notified all of the Southern Cyanwood Forest's disciples that I knew. However, in the end, only the four of them were willing to join our Asura Division," Fang Tuohai replied in an honest manner.

"Those people are truly unable to differentiate good from bad. They've received all kinds of humiliation in the Cyanwood Mountain, and no presentable branch power organization was willing to accept them. Our Asura Division was actually willing to accept them, yet they actually refused to join. Truly infuriating." When those Southern Cyanwood Forest's disciples that refused to join the Asura Division were mentioned, all of the Southern Cyanwood Forest's disciples present started to complain somewhat.

“It is precisely because they’ve received all kinds of humiliation that they’ve become this timid and cautious. No matter; as I’ve said before, as long as they’re disciples of our Southern Cyanwood Forest, our Asura Division’s gates will always be open to them. As long as they’re willing, they can join our Asura Division at any time.” Compared to the furious reaction of the others, Chu Feng was very calm.

Suddenly, Wang Wei said. “Oh right, junior brother Chu Feng, junior sister Ruochen, there is a matter that I must tell the two of you about.”

“After the two of you left, a strange thing occurred. Although the majority of the Southern Cyanwood Forest’s disciples have refused our invitation, some of the Ascension Sect’s disciples instead came over of their own accord, saying that they wanted to join our Asura Division to follow junior brother Chu Feng and junior sister Ruochen.”

“The Ascension Sect’s disciples?” Both Chu Feng and Bai Ruochen were surprised.

“Mn, they’re the Ascension Sect’s disciples that have joined the Cyanwood Mountain together with us, all people that we have met on the road to the Cyanwood Mountain. They’re all very powerful, their cultivations are all at the Martial King level. As for those who wanted to join our Asura Division, they numbered a total of twenty-five people,” replied Wang Wei.

“So it’s them.” When he heard of their cultivations from Wang Wei, Chu Feng knew right away that these twenty-five people were most likely the genius disciples of the Ascension Division that had been taught a lesson by him that day.

That day, Chu Feng had taught ninety-nine genius disciples of the Ascension Division. Although they would be no match for Chu Feng, they were most definitely the top disciples after Bai Ruochen.

Merely, Chu Feng was unable to understand. With how proud and arrogant they were, why did they not join the Ascension Division or other, better branch power organizations, and instead want to join their Asura Division?

“Due to the fact that we do not know them well, we did not make decisions without your permission, and did not permit them to join our Asura Division.”

“However, they are very dedicated. They told us that after they heard that it was junior brother Chu Feng and junior sister Ruochen that established the Asura Division, they determined that they would definitely become members of the Asura Division. Thus, all of them still remain in the Cyanwood Mountain right now. Furthermore, they had left behind communication talismans to reach them with.”

“They told us to definitely contact them when the two of you return. If you two were to refuse them, they said they would only accept the refusal if it was done in your presence,” continued Wang Wei.

“Junior brother Chu Feng, I think that they’re pretty powerful. Furthermore, all of them are extremely talented individuals. Not to mention us, many other branch power organizations would be extremely willing to accept them. Even the top ten branch power organizations would surely be willing to accept them as members.”

“Thus, instead of having them join another branch power organization, isn’t it better for us to accept them?” Right at this moment, Fang Tuohai and the others urged. It could be seen that they all thought highly of those Ascension Sect’s disciples, and were extremely eager for them to join the Asura Division. After all, that would be able to strengthen the Asura Division.

“Lil Sis Ruochen, what’s your opinion on this matter?” Chu Feng was not urgent to give an answer and instead looked to Bai Ruochen. After all, those disciples of the Ascension Sect were closer to her.

“Just accept them. Although I’m not very familiar with them, I still know of their characters. They are not bad people. Since they spoke of it like so, it means that they truly want to join us,” said Bai Ruochen.

“Mn, that’s what I was thinking too. Since that’s the case, senior sister Wang Wei, please call them over.”

“This is just the perfect timing, as the following matter is something that

I wish to speak of after all of the Asura Division's members are gathered here," said Chu Feng.

"Mn." Wang Wei immediately got in touch with the twenty-five Ascension Sect's disciples with the communication talismans.

Those disciples appeared to have been waiting for the contact the entire time. Right after they received the summoning, they quickly arrived at Chu Feng's territory.

After seeing them, Chu Feng discovered that they were indeed familiar faces, all twenty-five of them were people that he had taught a lesson that day.

Furthermore, at this moment, Chu Feng seemed to have realized why they wanted to join his Asura Division.

That was because Chu Feng was able to see a kind of gaze from their eyes. It was a gaze of reverence; they revered Chu Feng from the bottoms of their hearts.

Likely, the reverence emerged in their hearts after they were taught a lesson by Chu Feng and then saw Bai Ruochen being defeated by Chu Feng with their own eyes. Likely, it was also at that time that they felt that Chu Feng's future would be extremely formidable, and thus decided to join the branch power organization that Chu Feng created.

Chu Feng felt that these people were very intelligent. At the very least, their decisions were very correct. The number of people that Chu Feng had taught a lesson to that day numbered more than just the twenty-five of them. However, only these twenty-five decided to follow Chu Feng.

Chu Feng made a decision that once he managed to become powerful in the future, he would most definitely bring about benefits for them. At the very least, all of these people present in the palace hall right now should be rewarded.

After all, the Asura Division right now was still a trashy branch power organization that everyone despised. The people that were willing to follow him at such a time were those who truly wanted to follow him.

1. Tsundere.

Chapter 1161: Know Yourself, Know Your Enemy

Currently, Chu Feng did not have a lot of followers. However, he still felt extremely gratified as he saw these people in the palace hall.

Presently, what sort of situation were they in? It was right after their Asura Division had been challenged. To speak in exaggerations, it was the moment of calamity for the Asura Division, the time where its members' loyalty would be tested.

However, in this sort of situation, not only were all the members of the Asura Division present, many more actually joined. This was enough to make Chu Feng feel gratified and honored.

“Our Asura Division, including me as the head, numbers only several tens of people right now. At a glance, we do appear to be pretty wretched. It is no wonder that we would be looked down upon by others.”

“However, everyone, I guarantee to you all that there will definitely come a day when our Asura Division will expand and increase in strength. At that time, the members of our Asura Division will be found throughout the entire Cyanwood Mountain. Furthermore, not a single one of them will be a nobody. At that time, there will never be anyone who would dare to look down upon our Asura Division.”

“When that day arrives, you all will be our Asura Division's senior figures, people who have seen the birth and rise of the Asura Division. Regardless of what level of cultivation you all will obtain in the future, I will still give you all the treatment due to senior figures.”

“Right now, our Asura Division has only been created for less than four days. Yet, we've already been challenged, and have had our entrance gates and sign smashed and stepped on.”

“I believe that everyone knows what we should do right now without needing me to explain, right?” said Chu Feng as he looked to the crowd.

“Whoever it was that did this to us, we shall go and retaliate against

them. Our Asura Division cannot allow such a humiliation to happen to us without doing anything.”

“That’s right. Destroy them and make them realize that our Asura Division is not that easily bullied...”

“We shall go and challenge the Dragon Tiger Division and take back our reputation!!!”

The crowd shouted loudly. Their resounding voices shook through the entire palace hall. Even though they all had their own ideas of what to do, their main idea remained going to the Dragon Tiger Division and taking revenge for their actions. All of them were already prepared to fight.

However, compared to the hot-blooded, furious and passionate response of the others, Fang Tuohai and the other scum seniors were instead silent. It was not that they were not angry, they too were just as hot-blooded. However, on their faces were complicated expressions, a lingering fear that was not easily detected.

“Very well. However, as the saying goes, know yourself, know your enemy, only then will one be able to be ever-victorious. Thus, I wish to know about this Dragon Tiger Division. Who among you all knows about them?”

Although Chu Feng said those words to everyone, his gaze was cast toward Fang Tuohai. That was because he knew very well that while Fang Tuohai and the others might not be powerful, they had been in the Cyanwood Mountain for the longest. Thus, they ought to know the most about the matters of the Cyanwood Mountain.

“I know a bit about this Dragon Tiger Division. The Dragon Tiger Division possesses about five hundred members. As for their strongest person, their head, his name is Wei Zhenhai. He is a rank four Martial King.”

“A branch power organization like theirs is extremely common in the Cyanwood Mountain. Although they cannot be considered to be overly weak, they are most definitely not strong either.”

“As for why the Dragon Tiger Division had been able to exist in the Cyanwood Mountain safely, rumor has it that their head Wei Zhenhai had obtained unexpected success in the past, and managed to get enter into relationship with a head of the Orion Division.”

“Thus, whenever the Dragon Tiger Division is challenged or bullied by another branch power organization, the Orion Division will always send people to help them take revenge. Although they have not openly announced that they’re in an alliance, many people know that the relationship between the Dragon Tiger Division and the Orion Division is not light at all.”

“Although the Dragon Tiger Division has not managed to expand or strengthen themselves, very few people dare to provoke them due to the deterrent force of the Orion Division behind them. At the same time, the Dragon Tiger Division has also become the Orion Division’s lapdog and will frequently do unsightly things for the Orion Division,” Fang Tuohai explained.

“What? It’s actually the Orion Division?” Upon hearing the words spoken by Fang Tuohai, the expression of the crowd, whose blood were previously boiling, changed somewhat. Never had they ever imagined that the ordinary Dragon Tiger Division would actually have such a backing.

What sort of branch power organization was the Orion Division? One could imagine it just by thinking about the Orion Monastery. The Orion Division was most definitely not a second-rate or third-rate branch power organization. Instead, it was a first-rate, powerful branch power organization.

Every year, the Orion Monastery would send a great amount of outstanding disciples to the Cyanwood Mountain. Even though the Orion Division’s development was inferior to that of the Ascension Division or the Three Cyanwood Forests Division, they would most definitely not be overly inferior.

Even though the Asura Division possessed two geniuses, Chu Feng and Bai Ruochen, to watch over it, it remained that they were too weak. Even

Chu Feng and Bai Ruochen themselves did not possess a very powerful cultivation.

For an Asura Division like this, while they would be able to confront a branch power organization like the Dragon Tiger Division, they would most definitely be unable to confront a huge monster like the Orion Division.

“So this Dragon Tiger Division is actually the Orion Division’s lapdog. Everything makes sense now.” Compared to the others’ worries, Chu Feng smiled lightly.

“Junior brother Chu Feng, why do you say that?” Hearing those words, Fang Tuohai and the others were surprised.

“I had some confrontations with a disciple of the Orion Monastery. I believe that because of him, the Orion Monastery has already decided to turn against me.”

“For them to utilize the branch power organizations to suppress me after I arrived at the Cyanwood Mountain is befitting of their style.” Chu Feng did not try to hide anything, and spoke of the conflict between him and the Orion Monastery.

“May I know exactly which disciple was capable of making the Orion Monastery harbor hard feelings against you?” asked Fang Tuohai and the others, who did not understand the situation.

“Yuan Qing, have you all heard of him?” Chu Feng asked with a smile on his face.

“Yuan Qing? It’s actually him?!” Hearing that name, other than Bai Ruochen, the expressions of everyone else took a huge change. Unable to help themselves, they all sucked in a mouthful of cold air as traces of panic emerged in their eyes.

Yuan Qing, it was a name that everyone in the Cyanwood Mountain knew. He was the demon-level genius that had triggered the Ancient Era’s Immortal Needle and obtained the Commander Flag.

Suddenly, Chu Feng asked, “Senior brother Fang, do you know about the

Orion Division?”

“I know a bit. The Orion Division could be considered to be one of the top branch power organizations in the Cyanwood Mountain. Their members are numerous, numbering in the several tens of thousands of people.”

“Among them, the talented geniuses are innumerable. The Orion Division has a total of four heads. The strongest among them is the Eldest Head. As far as I know, his name is Lei Yao, and he is a rank six Martial King,” said Fang Tuohai.

“How does the Orion Division rank among the many branch power organizations?” asked Chu Feng.

“That’s hard to say. Other than the top ten branch power organizations, the others do not have genuine rankings. However, the Orion Division is truly powerful. From the way I see it, even if the Orion Division is not ranked eleventh, it would most definitely be the twelfth,” Fang Tuohai replied.

“Is that so? In that case, they’re not that much inferior to the Ascension Division and the Three Cyanwood Forests Division. It appears that the disciples of the Orion Monastery have not let down their reputation of being disciples from a first-rate subsidiary power,” Chu Feng spoke with admiration.

“Chu Feng, what do you plan to do now?” Bai Ruochen asked.

Chapter 1162: Closed Door Training Breakthrough

“I anticipated that the Orion Division would attack me. However, never would I have expected that they would dispatch this sort of lapdog first.”

“I believe that they have done such a thing, firstly, so that they could test us out. Secondly, with the strength and status of their Orion Division, it would be too humiliating if they were to attack us personally.”

“However, regardless of what their intentions are, since they have already slapped us in the face, we must definitely retaliate. The honor of our Asura Division cannot be allowed to be trampled upon by anyone,” Chu Feng spoke with a very calm tone. However, within his tranquil gaze was a restlessly overflowing fury.

“Head, what do you plan to do? Go ahead and tell us. No matter what your decision is, as long as you give the command, it will become our bounden duty.”

After hearing what Chu Feng said, the crowd spoke loudly in unison. Even though unease appeared in their hearts after they found out about the grudge between Chu Feng and Yuan Qing, they did not cower in the slightest when facing their enemies.

“That’s right. These years, we’ve pent-up our frustrations. We’ve sought only for peace, yet still continued to be humiliated by others. Might as well risk our lives and fight back. At the very least, if we were to die, we would still die honorably.” Fang Tuohai and the other scum senior brothers thought the matter to be even more serious, they actually had the determination to face death with equanimity.

“Everyone, do not be so emotional yet. Naturally, we cannot let the Dragon Tiger Division get away with what they have done to our Asura Division. However, we must also consider our timing when making our decision. Thus, in this period of time, I wish to trouble everyone with gathering information about the Dragon Tiger Division for me,” said Chu

Feng.

“Information about the Dragon Tiger Division? Junior brother Chu Feng, what sort of information are you looking for?” Fang Tuohai asked in a confused manner.

“I want to know the profiles of all the members of the Dragon Tiger Division. They do not have to be extremely detailed, it would be fine as long as one thing is known – the locations of their territories,” Chu Feng replied with a beaming smile.

“You want to know about the location of the Dragon Tiger Division’s members’ territories?” Hearing what Chu Feng said, the crowd was a bit confused. However, they did not hesitate, and instead spoke in unison. “We will go find out right away.”

After they finished speaking those words, the crowd left in succession. Evidently, they had gone to gather information regarding the Dragon Tiger Division’s members.

Only Wang Wei, Bai Ruochen and Fang Tuohai remained.

“We can leave the matters of gathering information to them. You can just call for me when all the preparations are finished.” Bai Ruochen left those words and then left right after without turning her head back. Truly, she arrived in a hurry and left in a hurry.

As he looked at Bai Ruochen’s back, a smile emerged on Chu Feng’s face once again. Although Bai Ruochen had still expressed a cold and detached appearance, Chu Feng remembered the reaction she had had when she discovered that the Asura Division had been challenged and left in ruins. Chu Feng had not been mistaken to befriend this girl.

“Junior brother Chu Feng, earlier the Dragon Tiger Division had threatened us by saying that we cannot restore your territory’s entrance gates and the Asura Division’s signboard, or else they will break them apart every time they are restored. Furthermore, the next time, it would not be limited to only the entrance gates.”

“As you were not present back then, and we were no match for them, we

did not dare to decide what to do. However, since you've returned now, do you want us to restore the entrance gates and the signboard?"

"While our Asura Division is newly established and does not possess any reputation, it remains that we are a branch power organization. Over the past few days, many people have already started to chatter and make fun of us outside of your territory," Fang Tuohai said with unwillingness. It could be seen that he cared greatly about the Asura Division's reputation.

"There's no need to be impatient about fixing them. Since there are people who have come to watch and laugh, we shall let them watch and laugh. However, sooner or later, I will make it so that they cannot laugh anymore," said Chu Feng.

Seeing this, Fang Tuohai and the others did not ask anymore. They knew that Chu Feng was not only a person with strength, he was also a person with firm decisions and insights. There was only a single thing that they, the members of the Asura Division, had to do; comply with Chu Feng's orders.

After everyone left, Chu Feng returned to his territory and entered an underground palace hall used for training.

As for what Chu Feng was planning to do, it was naturally to refine all of the cultivation resources that he had obtained in the Firmament Medicine Garden.

Currently, what was most important for Chu Feng was to increase his cultivation. Even if it was only a small bit, it would still be fine. As for these cultivation resources, they should be able to help him do just that.

The reason he planned to do this was not because he feared the Dragon Tiger Division. After all, the head of the Dragon Tiger Division was merely a rank four Martial King, someone that could be easily taken care of by Bai Ruochen alone.

However, Chu Feng knew very well that the Dragon Tiger Division was merely a lapdog. As for the true enemy, that they faced, it was the Orion Division.

Thus, Chu Feng had not placed the Dragon Tiger Division in his eyes from the very beginning. What he must truly face, or, in other words, the people that he wanted to truly retaliate against, were the Orion Division.

Chu Feng's method of training was very simple. All he needed to do was refine cultivation resources. With the frightening devouring power that the Divine Lightnings in his body contained, refining cultivation resources was easier than eating for him.

Eating would, at the very least, fill his stomach. When he overate, he will become full. However, the natural energies of the refined cultivation resources would be completely devoured by his Divine Lightnings. The Divine Lightnings that occupied Chu Feng's dantian were like bottomless pits. No matter how many cultivation resources Chu Feng provided for them, he would still not be able to satisfy them.

Logically, it would be extremely difficult for Chu Feng to make a breakthrough from his current cultivation level.

For many people, they would spend many years trying to make a breakthrough. Some, even after growing old and dying, would still be unable to break through. It was not that they did not obtain enough natural energy required for breaking through, it was instead because they were incapable of crossing through the obstruction required for breaking through, and were unable to comprehend the new realm.

However, Chu Feng was different from ordinary people. It was not that he could not sense the breakthrough obstruction, it was just that his comprehension was truly powerful. Furthermore, his comprehension grew simultaneously as he grew older, and his fusion with his Divine Lightnings became more and more powerful as well.

As long as he possessed enough cultivation resources, making a breakthrough in cultivation would be easier than eating for him. Chu Feng would be able to make his breakthrough effortlessly, in a very short period of time.

As Chu Feng had anticipated, the king level Martial Medicines that he had obtained this time managed to provide a great amount of natural

energies for him.

As the enormous amount of natural energies existed in his body's dantian for a split second before being devoured by the Divine Lightnings, Chu Feng grasped the opportunity and began to comprehend the entirely new realm.

“Boom.”

Suddenly, a formless ripple swept out from Chu Feng's body. The enormous shockwave brought forth by the ripple caused the entire palace hall to tremble.

At the same time, Chu Feng's tightly closed eyes also opened.

At this very moment, lightning flickered in Chu Feng's eyes; they were emitting a very powerful killing intent.

Those eyes simply did not appear to be the eyes of a human, they were extremely terrifying in appearance. However, undoubtedly, those eyes were most definitely capable of causing others to cower and tremble with fear.

“Dragon Tiger Division? Orion Division? Yuan Qing?”

“It's time for you all to settle your debts.”

Chu Feng slowly stood up. Even though the lightnings disappeared from his eyes, the killing intent on him was still present.

Chu Feng successfully broke through. He was no longer a rank one Martial King. He was now a rank two Martial King.

Chapter 1163: All Members Present

After Chu Feng managed to break through, he left the underground palace hall.

At this moment, the sky had already turned dark. Chu Feng was standing on the tallest building in his territory. As for his gaze, it was focused on the entrance gates and signboard that were shattered and destroyed.

Chu Feng's expression was very calm. As for the night, it too was very peaceful, as there was nobody coming to disturb him.

It was like the calm before a storm. This sort of peaceful sensation was extremely uneasy, extremely terrifying and caused one to not know whether it was good fortune or a calamity that would arrive. However, by the time they discovered it, it would already be too late.

In the early morning the next day, at the first glimmer of light, members of the Asura Division were already arriving at Chu Feng's territory. More and more people arrived in succession. Not a single one of them came empty handed. Instead, they arrived with intelligence on the Dragon Tiger Division's members.

When the sun had risen completely in the sky, when the gentle and warm sunshine illuminated the earth, several tens of extra figures were in Chu Feng's territory. Other than Bai Ruochen, all of the other members of the Asura Division were present.

Furthermore, practically all of the Dragon Tiger Division's members' profiles had been gathered. This was the result of their night of effort. This night, although Chu Feng had slept, these members of the Asura Division had not.

That was because they knew that regardless of what Chu Feng decided to do, it would actually only be Chu Feng and Bai Ruochen who would be doing them. As for what they were capable of doing, it was extremely little.

However, they too wanted to help. Thus, when Chu Feng asked them to gather information on the Dragon Tiger Division's members, they were

actually extremely happy. At the very least, they were now able to provide assistance to the cause.

“Everyone, thank you for all your hard work.” After skimming through the Dragon Tiger Division’s members’ profiles, Chu Feng handed them over to Fang Tuohai. “Senior Fang, I’ll be troubling you later.”

Actually, even now, Fang Tuohai did not know what Chu Feng planned to do. However, he still accepted the information from Chu Feng.

“Junior brother Chu Feng, only junior sister Ruochen is not present right now,” said Fang Tuohai.

“Rest assured, she will be coming. Let’s go and wait for her outside of the territory.” As Chu Feng spoke, he suddenly stood up and began to move. In response, the members of the Asura Division also began to follow him. Soon, they all arrived before the destroyed entrance gate to wait for Bai Ruochen.

At this moment, there were several people from nearby territories that were lingering in front of Chu Feng’s territory, pointing at the destroyed entrance gate and spiritedly discussing it with expressions of contempt and ridicule.

However, when they saw Chu Feng and the others majestically flying out of his territory and landing before the shattered entrance gate in an orderly fashion, all of their complexions turned pale from fright.

Without mentioning the fact that the Asura Division currently had twenty five extra Martial King-level experts, the current Asura Division’s members’ aura and appearance were completely different from before.

Each and every one of them possessed serious expressions. Although it could not be said that their killing intent was overflowing, they were most definitely emitting explosive and furious rage.

Although Chu Feng’s territory could not be considered to be extremely bad, it was most definitely not luxurious. Thus, those living beside Chu Feng’s territory as his neighbors were naturally not experts either.

When they saw the formation before their eyes, and recalled how they

had just been mocking Chu Feng's branch power organization, they naturally became scared. They feared that Chu Feng would teach them a lesson after seeing their earlier actions.

Thus, at this very moment, the few people that were mocking, laughing and chatting with their salivas splattering all over were standing there like blocks of logs. Truly frightened, they did not dare to even run away.

However, those people have over-thought it. Even though they have already noticed them, Chu Feng and the others have decided to ignore them after coming out.

It was not that Chu Feng did not want to bother with them. Instead, it was that Chu Feng believed that these people were not even qualified for him to teach them a lesson.

"Everyone, I am sorry that I've come late." Suddenly, a pleasant voice sounded from the horizon. Following the voice, a beautiful woman gently descended like a fairy. As for this person, it was Bai Ruochen.

"Heavens, junior sister Ruochen, you..." After Bai Ruochen appeared, the expressions of the crowd all changed. Not only the few people that were mocking, laughing and discussing the Asura Division earlier, even the members of the Asura Division, including even Chu Feng, were greatly surprised.

That was because Bai Ruochen had not hidden her aura, and have instead emitted it deliberately. That powerful aura was simply enough to suppress all of the people present.

Rank five Martial King. Bai Ruochen's current cultivation was already that of a rank five Martial King.

Although a cultivation of rank five Martial King could not be considered to be an apex existence in the Cyanwood Mountain, it was most definitely not a weak cultivation. Especially when this cultivation was present on Bai Ruochen, a young and beautiful woman, this level of cultivation appeared even more shocking.

"Lil Sis Ruochen, you've actually managed to breakthrough twice in

succession. I have truly underestimated you. You used those things, right?" Chu Feng smiled lightly.

When Bai Ruochen appeared, Chu Feng immediately understood why she was so happy when she saw all of those cultivation resources left behind by the Ascension Sect's ancestor in the Firmament Medicinal Garden.

It turned out that Bai Ruochen was the same as Chu Feng, and her training also required a large amount of cultivation resources. At the very least, cultivation resources were of great assistance to her cultivation.

As for her current cultivation of two successive breakthroughs, it was clearly the result of her refining those cultivation resources.

By comparison, Chu Feng's current cultivation of a rank two Martial King appeared somewhat insignificant. After all, the two of them refined an equal amount of cultivation resources.

For Chu Feng, he managed to breakthrough to rank two Martial King from rank one Martial King. Bai Ruochen, on the other hand, managed to reach rank five Martial King from rank three Martial King.

It must be said that this caused Chu Feng to feel slightly depressed. With such an enormous gap, anyone would be depressed.

However, Chu Feng recalled how he was someone from the Outer World, and his extremely powerful bloodline was the reason why he required so much more cultivation resources than ordinary people.

Although this way of thinking might seem like a method for Chu Feng to console himself, it was actually also the truth. Although Chu Feng required a frightening amount of cultivation resources to break through, it was also true that with his comprehension ability, as long as there were enough cultivation resources, Chu Feng would be able to break through to another frightening level in a short period of time.

In his so-called family in the Outer World, would they possibly lack cultivation resources? At the very least, they most definitely possessed the cultivation resources that Chu Feng needed right now; it could even be

said that they possessed a limitless supply.

Unfortunately, Chu Feng was not in his family in the Outer World. Furthermore, the target of his retaliation was exactly that enormously powerful, so enormous that it was difficult to estimate how powerful they were, family.

It must be said that it was an extremely heavy burden.

“For me to have this cultivation, it is all thanks to you.” Bai Ruochen smiled sweetly and answered Chu Feng’s question indirectly. Then, she spoke to ask. “Your current cultivation of a rank two Martial King is also because of them, right?”

Chapter 1164: If We're Going To Do It, Then We're Going Big

“What? Junior brother Chu Feng, you’ve also managed to break through in your cultivation?” Upon hearing what Bai Ruochen said, the crowd all turned to Chu Feng. An even more surprised expression once again emerged on their already surprised faces.

Chu Feng did not deliberately reveal his cultivation like Bai Ruochen. Thus, no one present noticed that Chu Feng had managed to break through.

However, as Bai Ruochen spoke of it, they immediately started to inspect Chu Feng’s cultivation. Only then did they discover that Chu Feng’s cultivation had already broken through.

“Haha, this is truly great. The Second Head of our Asura Division is now a rank five Martial King and our Head is a rank two Martial King. That Dragon Tiger Division, even their strongest head is merely a rank four Martial King.”

“How could that Dragon Tiger Division possibly contend against our Asura Division? They actually dared to come and challenge our Asura Division, they’re simply courting death.”

At this moment, Fang Tuohai and the others were overjoyed. Without regard of the feelings of others, they actually started to cheer with loud voices.

As for the Second Head that he spoke of, it was naturally Bai Ruochen. As for the Head, it was Chu Feng.

Although he spoke those words with good intentions, it gave Chu Feng a weird feeling. While it was true that their Second Head’s cultivation was higher than their Head’s, there shouldn’t be a need for him to shout it that loudly, no?

As for Bai Ruochen, although she had not agreed to become the Asura Division’s Second Head, she did not deny the words spoken by Fang

Tuohai.

It could be seen that her mood was extremely good. As for the reason why her mood was so good, it was naturally because she managed to break through twice in succession.

“Chu Feng, let’s go and teach that Dragon Tiger Division a lesson,” said Bai Ruochen.

“There’s no need for us to urgently go to the Dragon Tiger Division. Let’s take care of these first,” said Chu Feng as he pointed at the profiles in Fang Tuohai’s hand.

“What exactly are you planning to do?” asked Bai Ruochen curiously. The crowd from the Asura Division also looked at Chu Feng. They too wanted to know what exactly Chu Feng was planning to do.

“You still don’t understand? It’s easy to teach the Dragon Tiger Division a lesson, that’s nothing more than a few seconds’ worth of time.”

“However, as they’re the first branch power organization that has come to challenge us, we definitely must not let them get away with it that easily.”

“I am going to use them to set an example, so that all those who know about our Asura Division, and all those that do not, will remember what happens if they were to challenge us, so that they can consider their own strength and abilities before doing so.”

“Thus, I am not going to the Dragon Tiger Division to take back our honor. What I plan to do is to extinguish the Dragon Tiger Division completely,” said Chu Feng.

“Extinguish completely?” Hearing those words, the expressions of the crowd, including Bai Ruochen, changed. That was because the words spoken by Chu Feng were truly fierce; could it be that he was planning to kill them?

Teaching them a lesson would be fine. After all, challenges were permitted. However, killing was absolutely out of question, as it was against the rules of the Cyanwood Mountain, something that they would

definitely not allow.

“Don’t worry, what I meant by extinguish completely is to make the Dragon Tiger Division voluntarily dissolve. That’s the reason why I had you all gather this information. I am going to overturn all of the territories of the members of the Dragon Tiger Division.”

“In other words, I am going to destroy the homes of all the Dragon Tiger Division’s members. Furthermore, as long as they continue to stay in the Dragon Tiger Division, I will destroy their homes every day. Do you all understand my intentions now?” Chu Feng asked with a smile on his face.

“Junior brother Chu Feng, if you, you, you are to do something like that, I fear that you will become infamous. If the matter gets out of hand, I fear that the Orion Division will not stand by and watch.”

The crowd finally realized Chu Feng’s intentions. However, they were still deeply frightened by Chu Feng’s idea. Especially Fang Tuohai, he even spoke words to try to advise against it. That was because what Chu Feng was planning to do was definitely enormous.

Challenges, there were all kinds of challenges. However, something like what Chu Feng was proposing, to destroy the homes of all the branch power organization’s members, and threaten them with leaving the branch power organization or the destruction of their homes every day, was most definitely something that had never happened before. That was because this was truly too ruthless.

“What’s there to fear? It’s merely an insignificant Orion Division. Not to mention that this matter had been prompted by them from the shadows to begin with, regardless of what we do, they will not let us get away anyway.”

“Furthermore, even if the head of the Orion Monastery, Lei Yao, were to show up, what could he do? It is not necessary for our Asura Division to fear them.” Right when the majority of the crowd was worried, Bai Ruochen spoke out. Furthermore, with a very approving tone, she said. “Chu Feng, your idea is great. Let’s do what you suggest.”

“Everyone, you now know the method that I will use to settle this matter.

As for what sort of consequences might occur after this is all done, I believe you all are able to guess that too.”

“I must admit that this matter is a bit dangerous. Furthermore, it is not a small amount of danger. Thus, if anyone wants to leave, I, Chu Feng, will definitely not stop them,” said Chu Feng to the crowd.

“No, we will definitely not leave.”

“That’s right. Let’s do it! Junior brother Chu Feng, whatever your decisions are, we will follow you.”

“That’s right, the worst result would only be that we’ll lose our lives. However, as long as we’ve lived them honorably and grandly, so what if we are to die?”

After Chu Feng said those words, the crowd started to give all kinds of different reactions. However, not only did none of them leave, their blood actually started to boil even further, filling them with the intention to fight.

“Very well, let’s go.” Seeing this, Chu Feng nodded his head in a satisfied manner. After that, his body moved, and he began to lead the way by flying into the sky.

Following behind him, several tens of figures also flew into the sky. With Chu Feng as their leader, they flew toward their distant destination.

At this moment, at this territory, other than Chu Feng’s servants, only the few people that had been mocking Chu Feng earlier remained.

Merely, at this very moment, their complexions were ash-gray. Fear filled their eyes. They truly regretted that they had looked down upon the Asura Division earlier...

“Who are you all? You actually dared to smash apart my territory’s entrance gates, do you know who I am?”

In a Cyanwood Mountain’s core region territory, a crafty looking female was shouting in fury as she looked at her shattered entrance gates and the several figures standing in the air.

She was a high-ranking member of the Dragon Tiger Division. She who had never feared anything naturally could not tolerate that there were people behaving atrociously in her territory. Moreover, as one's entrance gates were akin to one's own face, her entrance gates being smashed was akin to her face being slapped. Naturally, she could not tolerate that.

Thus, once she came out from her territory and discovered that her entrance gates had been smashed she did not bother to inspect the cultivations of the people who did it and directly lashed out at Chu Feng and the others standing in the air.

“Boom~~~~~” However, right at this moment, Chu Feng suddenly shot out his palm. Once that palm landed, an overflowing explosive sound emerged. At the same time, the entire piece of land started to tremble violently. Like an earthquake, numerous cracks and tears appeared on the ground.

Turning her face to look, the expression of the woman from the Dragon Tiger Division took a huge change. At this very moment, thick smoke filled the area behind her.

All of the buildings in her territory have turned to ashes. Only her servants flew out from the thick smoke. Their bodies were covered all over with dust; it was truly a sorry state.

Chapter 1165: A Grand Commotion

“Listen carefully, I am the head of the Asura Division, Chu Feng. From today on, as long as you continue to associate yourself with the Dragon Tiger Division, I shall come and visit your territory every day. This time, I have only destroyed your territory. As for next time, I will not let you off that easily.”

After Chu Feng finished saying those words, he did not bother with the woman's reaction. Instead, he led the members of his Asura Division and left the place.

At this moment, the crafty appearance no longer remained on that woman's face. Instead, her face was covered with sweat and fear. She was so scared that her entire body shivered nonstop.

Although practically all Martial Kings were capable of flattening a place with a palm strike or a fist strike, however, in the instant that Chu Feng flattened her territory, she managed to sense Chu Feng's power. It was a power so terrifying that it was sufficient to crush her.

The news quickly spread that a Dragon Tiger Division's member's territory had been flattened by someone. All of her palaces were destroyed without leaving a trace behind.

This created a great amount of shock to everyone. That was because even when someone challenged another branch power organization, very rarely would they do it so ruthlessly. Furthermore, it was even more rare that they would involve the members of the branch power organization that was being challenged in the matter.

Furthermore, once they recalled how this matter was done by a previously-unknown branch power organization established by a bunch of new disciples, the people became even more shocked.

However, what they did not know was that this sort of spectacle was happening in succession throughout the core region.

Chu Feng was one to keep his word. After spending an entire day, he had

visited all of the Dragon Tiger Division's members' territories. Although he did not injure a single person, he had completely obliterated their homes.

When nightfall arrived, this matter had spread through the entire core region like a wildfire. There was practically no one who didn't know about what had happened. In merely a short while, a branch power organization by the name of Dragon Tiger Division was destroyed by another called the Asura Division. Furthermore, they were destroyed extremely ruthlessly, leaving behind a scene of devastation. This became the hottest topic of discussion.

Although the Dragon Tiger Division could not be considered to be an extremely famous branch power organization, and many people did not even know about it, the Asura Division was something that no one had ever heard about before this occasion.

However, the challenge between branch power organizations this time was truly too ruthless, something that no one has ever done before.

Thus, those who knew about what had happened all started discussing it, and began to guess exactly how enormous of a hatred there was between the two branch power organizations for the Asura Division to be this ruthless, and exactly how ruthless of a person the head of the Asura Division was.

There were even people who decided to directly go to the Dragon Tiger Division to check out what exactly had happened. That was because, at this moment, all of the Dragon Tiger Division's members' territories had been overturned, and only the Dragon Tiger Division itself remained unscathed.

It was like a declaration that the Dragon Tiger Division would become the main course for the Asura Division's challenge. Thus, those who enjoyed watching a show would naturally not miss this opportunity.

At this moment, the sky turned dark. However, candle-light still covered the Cyanwood Mountain, so it was almost as bright as day.

However, what the people's attention was focused on was most

definitely not the beautiful scenery in the Cyanwood Mountain. Instead, numerous figures were shuttling through the sky and gathering at the Dragon Tiger Division.

“Yoh, what a coincidence, you’ve come too?”

“Haha, that’s to be expected. With such a show, how could I possibly miss it?”

“Oh, right, do you all know who that Asura Division’s head is and what sort of origin he has for him to create such a grand spectacle? This is truly an amazing feat.”

“You still don’t know about this? He had left his name behind in every territory that he destroyed. His name is Chu Feng, he’s a new disciple. However, he’s extremely arrogant.”

“Ruthless indeed. There are new disciples every year. However, never has there been one like that Chu Feng. It would appear that he is not a simple character; he’s most definitely a demon-level character with strength and background.”

At this moment, people were packed in the sky and on the ground outside of the Dragon Tiger Division.

These people who came to watch the show were blabbing their mouths nonstop. Some were exclaiming in admiration, whereas others were commending what had happened; regardless, they were all discussing the Asura Division and Chu Feng.

Suddenly, someone spoke with contempt: “Demon-level character my fart. He’s merely a new disciple, yet he dares to be this arrogant. He is most definitely trying to court death for himself. Do you not know who is standing behind this Dragon Tiger Division? It’s the Orion Division!”

As the saying goes, people have their own ambitions. For some people, Chu Feng’s conduct was extremely arrogant and amazing. However, for others, they felt that his conduct was merely courting death.

“The fuck do you know? The Orion Division is the backer of the Dragon Tiger Division? Look at how enormous this matter has become. How come

I still didn't see the Orion Division doing anything about it?"

"All these people have come here, why am I not seeing anyone from the Orion Division? Is this what you mean by standing behind?" However, there were also people who disagreed and spoke out against it.

"You... even if the Orion Division does not come, it remains that Chu Feng is a new disciple. For him to dare to create such an enormous spectacle, he is truly overestimating his own abilities."

"As long as there is a random powerful senior that dislikes what he did, he'll be finding his teeth on the floor." 1

"Furthermore, I've also heard that this Chu Feng is a disciple of the Southern Cyanwood Forest. Do you all not know about the Southern Cyanwood Forest? You actually thought him to be a demon-class character? Aren't you overestimating him too much?" That person who looked down on Chu Feng continued.

"What? Chu Feng is actually a disciple of the Southern Cyanwood Forest?"

"Absolutely true."

"This..."

Hearing those words, the expressions of many people who did not know what had happened changed. Some started to sigh and shake their heads, and others began to loudly sigh in disappointment.

The other things spoken by that man who looked down on Chu Feng did not upset them. However, with merely the words 'Southern Cyanwood Forest,' he managed to deeply upset them and cause all of them who had previously thought highly of Chu Feng to not have any expectations for him anymore.

Although the Southern Cyanwood Forest was a genuine subsidiary power, its successive generations of disciples were worse and worse than the previous generations.

After innumerable successions, this led to Southern Cyanwood Forest

becoming extremely infamous through the entire Cyanwood Mountain. People even felt that they were a genuine subsidiary power specializing in cultivating mediocre and trash disciples.

Right at this moment, an imposing-looking man with a cultivation of rank two Martial King stood out. “This brother, don’t speak if you do not know about the truth. While Chu Feng is indeed a new disciple, he is no ordinary new disciple.”

“Have you not heard what I just said? I’ve said that he’s a disciple from the Southern Cyanwood Forest. Yet you’re actually still saying that he’s an extraordinary new disciple? In that case, tell me, how is he extraordinary?” mocked the man who looked down on Chu Feng.

“Hah...” That man who spoke up for Chu Feng laughed lightly. Then he said, “Reportedly, yesterday at the mission plaza, a disciple completed a wolf grade mission and broke the record for the mission. Not only did he obtained four hundred and fifty achievement points as a reward, even the management elder from the Medicine Concocting Department, Elder Wei, praised him.

“As for that disciple, he was a new disciple that joined us this year. Furthermore, he just happened to be from the Southern Cyanwood Forest. Moreover, his name is precisely Chu Feng.”

Chapter 1166: The Backing of the Orion Division

“What? Such a thing actually happened? Are you sure this is real?”

Once they heard these words, the crowd's expression changed; once again, the looks on their faces were of incomparable shock. Especially that person who had previously belittled Chu Feng, he was so shocked that his mouth was agape. His expression was so unsightly, it was as if he had just eaten a dead rat.

That was because, if what was said was real, then it would mean that Chu Feng was indeed an extraordinary existence, and that the Southern Cyanwood Forest that specialized in cultivating mediocre and trash disciples had actually managed to, for the first time ever, cultivate a demon-level character.

“I was present that day. Say, do you think it's real or not?” That man replied.

“Sss~~~” Hearing those words, the crowd all breathed in a mouthful of cold air. All kinds of complicated expressions emerged on their faces.

“Quickly, look. It's the people from the Ascension Division. The Ascension Division actually brought out this many people.”

“Heavens, isn't that Long Chenyi? Even he's come? Someone like him would rarely bother with such a conflict, right?”

“Haha, amazing. Even someone like Long Chenyi was attracted here. From this, It can be seen that this matter has spread through the entire core region. That Chu Feng is amazing indeed.”

Suddenly, someone shouted loudly. Immediately after, cries of surprise sounded unceasingly. That was because Long Chenyi had indeed shown up. Furthermore, he had brought with him close to ten thousand members of the Ascension Division. With such a grand number of people, they covered the sky and earth with terrifying momentum.

When compared to the Ascension Division, even if one was to add up everyone from the crowd, they would still appear unworthy to be mentioned.

“That Chu Feng, isn’t he a bit too arrogant? He actually did such a thing. Even if he does not fear the disciples’ disapproval of his actions, does he also not fear the elders’ disapproval? The way I see it, he has truly grown tired of living.” Long Chenfu had also arrived. Just like before, he was extremely foul-mouthed, and had an appearance of wanting Chu Feng to die.

“From the way I see it, no one from the elders would actually dare to care about this matter. What happened yesterday was confirmed. It was indeed Chu Feng and junior sister Ruochen. Furthermore, Chu Feng also broke the record for gathering Firmament Medicinal Herbs. Moreover, the two of them managed to obtain the praise of Elder Wei, and were even invited to visit the Medicine Concocting Department.”

“Although it was merely a praise that appeared to very casual, the fact that it came from a management elder remains. Someone praised by a management elder, how could an ordinary elder possibly dare to do anything to him? If Elder Wei has taken a liking to him, then wouldn’t ordinary elders be courting a calamity for themselves if they were to touch Chu Feng?” said the second head of the Ascension Division, Meng Zhensuo.

“What? That matter is real?” Hearing those words, the crowd from the Ascension Division were all shocked. As for Long Chenfu, his complexion even turned ashen and he shut his mouth. That was because this matter was truly not something that could be belittled.

“What might happen to that Chu Feng is something that doesn’t concern me. However, I cannot sit by and do nothing if something were to happen to junior sister Ruochen. I have heard that that Dragon Tiger Division possesses the backing of the Orion Division. Even though Wang Haoxuan is not in the Cyanwood Mountain right now, I fear that Chu Feng and those with him will not be able to handle the Orion Division if they were to truly come,” said Long Chenyi indifferently. However, as he

spoke those words, he cast his gaze toward a certain direction.

Seeing this, Long Chenfu asked nervously, “Big brother, what’s wrong?”

“It’s nothing, it’s just that some elders have arrived. However, they’re unwilling to show themselves and have hidden themselves in the sky,” Long Chenyi replied.

“Elders are people too. They too enjoy watching a show. Merely, those shows that could attract elders to watch are all no small matter. This Chu Feng is truly a capable person. He has only been in the Cyanwood Mountain for a few days, and he has already created such a grand spectacle. Could it be that the Southern Cyanwood Forest’s fate will truly be changed for the better?” said Meng Zhensuo.

Long Chenyi did not respond to Meng Zhensuo’s question. However, his gaze had changed. He who had lost in a confrontation with Chu Feng knew better than anyone else what sort of new disciple Chu Feng was.

“Damn it, damn it. He actually dared to threaten our Dragon Tiger Division’s members to withdraw from our Dragon Tiger Division? That trash from the Southern Cyanwood Forest truly has the heart of a bear and the gall of a leopard.¹ What nerves he has!”

While on the outside the Dragon Tiger Division was bustling with noise and excitement, the inside was a mess. At this moment, over two hundred members were gathered inside the Dragon Tiger Division’s palace hall with their heads hanging dispiritedly. A man with large sideburns was gnashing his teeth in anger, beating his chest and stomping his feet as he walked back and forth repeatedly in the palace hall.

This man possessed a cultivation of rank four Martial King. He was precisely the head of the Dragon Tiger Division.

At this moment, practically all of the members of the Dragon Tiger Division that were in the Cyanwood Mountain were gathered here. Furthermore, many among them had requested to withdraw from the Dragon Tiger Division.

As for the reason why they were requesting that, it was precisely because

their territories had been overturned and smashed with not even a single brick left standing. Furthermore, Chu Feng threatened them that if they continued to associate with the Dragon Tiger Division, he would pay their territories a visit every day.

Even though Chu Feng destroyed their territories with either a single palm strike or a single first strike, they still managed to sense the frightening power hidden within Chu Feng's rank two Martial King cultivation. From the bottom of their hearts, they feared Chu Feng.

"Head, although that new disciple by the name of Chu Feng is from the Southern Cyanwood Forest, he is truly not a person who is easy to deal with. We truly fear..." said a woman while trembling with fear. She was the same woman who had cursed out at Chu Feng earlier today, only to become so scared that her face became covered with sweat.

"Fear? What are you afraid of? Are you suggesting that our Dragon Tiger Division would lose to a newly established branch power organization established by trash from the Southern Cyanwood Forest?" the head of the Dragon Tiger Division angrily rebuked.

"Head, that Chu Feng is truly not a simple character. I've heard that he obtained four hundred and fifty achievement points in the mission plaza yesterday. Furthermore, that new disciple who was praised by the Medicine Concocting Department's Elder Wei was him too. If Elder Wei was to back him up, then wouldn't we meet with a large calamity?" said someone.

"Elder Wei?" Upon hearing Elder Wei, the Dragon Tiger Division's head's gaze shone. He began to hesitate. However, he soon said, "Even if that's real, so what? Do not forget who it is that is standing behind our Dragon Tiger Division. It's the Orion Division!"

"As matters stand, I might as well tell you all the truth. It is precisely the Orion Division that told me to challenge the Asura Division."

"With the Orion Division standing behind us, is there a need for you all to fear a mere Asura Division?"

"That's true. No matter what, that Chu Feng is only a new disciple. Yet,

the Orion Division is different. Not only is the strength of their disciples powerful, they also possess the protection of the Orion Monastery's elders. In terms of backing, that Chu Feng from the Southern Cyanwood Forest would never be able to surpass the Orion Division." At this moment, the members of the Dragon Tiger Division nodded their heads in succession.

"Humph! That's without question! That Chu Feng, did he think that someone would cover him just because he was praised by Elder Wei? He is truly delusional!"

"Right now, many people have gathered outside. They have all come to watch the show that's happening here. It's the perfect opportunity for us to show them our Dragon Tiger Division's strength."

"Later on, if that Chu Feng doesn't show up, then it would be fine. However, if he truly dares to show up, then just watch as I teach him a lesson. Mere trash from the Southern Cyanwood Forest, I'll beat him up till he shits his pants!" said the Dragon Tiger Division's head in anger.

"Head, the Orion Division has send word over." Suddenly, a woman walked into the palace hall. She was the Dragon Tiger Division's Second Head. At this moment, she was holding a letter in her hand.

"Quickly, let me have a look." The Head of the Dragon Tiger Division hurriedly took the letter.

When they heard that it was a letter from the Orion Division, the members of the Dragon Tiger Division all held their breaths and fixed their attentions onto their Head. They knew that they would be given instructions from the Orion Division.

1. Gain extreme courage.

Chapter 1167: Contrary To Expectation

“Haha, if this Chu Feng dares to come, then it wouldn’t be as simple as just beating him till he shits his pants.” After he saw the letter, the Dragon Tiger Division’s head started to laugh frantically. Furthermore, a coldness emerged in his eyes.

The Dragon Tiger Division’s members were flabbergasted by their head’s reaction. As for the Second Head who stood beside him, she even secretly cast a glance at the letter.

When she saw the contents of the letter, her eyes also shone. With her mouth wide open, she had an expression of shock.

That was because only a simple sentence was written on the letter: “Find Chu Feng and use a challenge as an excuse to beat him to death.”

“Dragon Tiger Division, come out and die!” A furious shout exploded on the horizon like thunder.

That voice was extremely loud and clear, like thunder from a thousand miles away. From the voice, one could also tell that the person who shouted those words had not arrived at this place yet. Instead, that person had shouted from a very far distance.

“Perfect timing.” As he heard the provocation sound from far away, the Dragon Tiger Division’s Head sneered. Leading the members of the Dragon Tiger Division, he left the palace hall and arrived before the entrance gate of his territory.

“Look, the people from the Dragon Tiger Division have come out.”

At this moment, more and more people gathered around the Dragon Tiger Division, until they covered both the sky and the ground. Originally, their gazes were focused toward the direction of the voice after hearing that explosive shout. They wanted to see how exceptional the Asura Division was.

However, after the people from the Dragon Tiger Division appeared, many bystanders shifted their gazes toward them. After all, regardless of

what the outcome of this conflict might be, the Dragon Tiger Division was one of the two leading roles in this conflict. As many among the crowd did not know who the Dragon Tiger Division's Head was, they wanted to take this opportunity to size him up.

“Rumble~~~”

However, right at this moment, thunder sounded in the distance. As the crowd turned their gazes toward the sound, they saw that the distant horizon was actually trembling. Layers upon layers of gaseous flames were surging toward their location like black clouds.

“What a huge power.”

Seeing this scene, the crowd present all exclaimed in admiration. As they were all expert cultivators, they were all able to see that what was coming was not thunder. Instead, it was a very powerful oppressive might; it was a shockwave resulting from one's oppressive might squeezing the atmosphere so hard that it exploded.

As for the surging gaseous flames, they were not black clouds. It was merely an illusion created due to the movement of air in the black sky.

Such a feat was actually something that all Martial Kings were capable of accomplishing. It meant that the Asura Division that people were not familiar with have come prepared. At the very least, in terms of their imposingness, it was not weak at all.

“Humph, false bravado akin to a jumping clown.” As he saw the surging oppressive might being brought over with Chu Feng and the others, the Dragon Tiger Division's head snorted coldly. The expression of contempt on his face had also grown greater.

However, the surrounding crowd did not have the same thoughts that he did. After they knew about Chu Feng's achievements, they held a whole new level of respect and expectation for him. There were many people who even felt that a great catastrophe was going to befall the Dragon Tiger Division.

Thus, at this moment, many people had already spread themselves apart;

they created a path in the air to the Dragon Tiger Division for Chu Feng and those with him.

Finally, before the attentive gazes of the crowd, Chu Feng and the others arrived. At this moment, the crowd finally managed to see the appearance of Chu Feng and his Asura Division.

“Sure enough, he’s quite extraordinary.” When they saw the appearance of Chu Feng and the others, the surrounding crowd began to nod continuously.

Chu Feng went straight to the topic, stood forward and loudly shouted, “Who is the Head of the Dragon Tiger Division?”

“It would appear that you’re that Asura Division’s head, that Southern Cyanwood Forest’s trash, Chu Feng?” Not only did the Dragon Tiger Division’s head stand forward, he even emitted his rank four Martial King aura. His intentions were very clear; he was indicating his identity.

“It is I,” Chu Feng replied loudly.

“Rank two Martial King, truly amazing.”

“And here I was wondering what sort of character it is that destroyed the territories of all my Dragon Tiger Division’s members in a single day. After all this, you’re merely a rank two Martial King?” The Head of the Dragon Tiger Division mocked Chu Feng. Furthermore, his attitude became increasingly vile. In the end, he actually pointed at Chu Feng and cursed loudly. “A mere rank two Martial King, and you dare to come and challenge my Dragon Tiger Division, and declare for me to come out and die? Your words carry no weight at all!”

“Boom~~~” Right after the Dragon Tiger Division’s Head’s words left his mouth, a burst of powerful oppressive aura swept forth from Bai Ruochen.

Everyone was able to sense that oppressive might as it swept past them. However, that oppressive might was focused toward the Dragon Tiger Division’s Head.

Thus, like a gale sweeping past, that oppressive might caused the clothes and hair of the members of the Dragon Tiger Division to sway in the air,

and their feet to become unsteady, causing them to fall back in succession.

“That girl is a rank five Martial King?” When they sensed the cultivation within the oppressive might, the eyes of the crowd all shone with astonishment. Even though they already knew that Chu Feng of the Asura Division was very powerful, they never imagined that the Asura Division had hidden such a powerful character.

After all, with Bai Ruochen’s age, appearance and cultivation, everyone was able to tell with a single glance that she was a true demon-level character.

While they had thought that Chu Feng might be a demon-level character, they had never imagined that there would truly be a guaranteed demon-level character in the Asura Division. However, that person was not Chu Feng. Instead, it was a girl with an extremely cold appearance.

“Junior sister Ruochen’s cultivation has actually already reached rank five Martial King? How could her progress be this quick?” Even Long Chenyi and the others were shocked by Bai Ruochen’s strength and sucked in a mouthful of cold air.

After all, compared to the others, Long Chenyi and those with him knew about Bai Ruochen. They knew that Bai Ruochen was a heaven-defying genius. Thus, when they thought of how her cultivation had reached such a level, they were unable to not be shocked.

“You, you’re actually a rank five Martial King?” However, at this very moment, the person whose expression changed the most was most naturally the Dragon Tiger Division’s head.

What sort of situation was this? How could a rank five Martial King expert appear in the Asura Division? Furthermore, how could she be this young?

Most importantly, from Bai Ruochen’s oppressive might, he was able to sense her frighteningly powerful strength. He was able to tell how powerful it was very clearly. If he were to describe it, then it could only be as ‘undefeatable for him.’

However, this was beyond his imagination. That was because he had never thought that the Asura Division would possess powerful characters of this degree.

Originally, he had planned to teach Chu Feng a proper lesson and humiliate him before everyone, making him unable to stand up tall ever again. At the same time, he was planning to use this opportunity to display his own strength.

After that, he planned to find another opportunity to use 'accident' as pretext and take Chu Feng's life.

Like that, he would be able to display his own might and wipe the floor with Chu Feng. As for the matter of killing Chu Feng, he had the backing of the Orion Division and was not worried at all.

However, after Bai Ruochen appeared, all of his plans were ruined. In fact, he even started to feel fear because he had already lost his opportunity to wipe the floor with Chu Feng. On the contrary, before Bai Ruochen's powerful strength, his Dragon Tiger Division might truly be met with a crushing defeat.

Chapter 1168: Merely Requiring A Single Strike

“Lil Sis Ruochen, there’s no need for you to inconvenience yourself with such trash. Allow me to handle it.” Right at this moment, Chu Feng surprisingly spoke.

He then turned to the Dragon Tiger Division’s head and said. “You are the head of the Dragon Tiger Division and I am the head of the Asura Division. Today, I will not look into why you ruined my Asura Division’s entrance gates and signboard for no reason.”

“I only want you to know what sort of ending you will receive for trampling on my Asura Division.”

“What? A rank two Martial King is challenging a rank four Martial King? Where did he get that confidence? Could it be that Chu Feng is truly a demon-level character that possesses heaven-defying battle power?” Hearing the words spoken by Chu Feng, the eyes of the surrounding crowd immediately started to shine. Immediately after, they started a spirited discussion.

As for the head of the Dragon Tiger Division, he was laughing in his heart due to being incomparably overjoyed.

Originally, he had thought that all of his plans would be ruined because of Bai Ruochen. Not to mention teaching Chu Feng a lesson, he would likely be powerless to even defend himself today.

However, never had he imagined that not only did Chu Feng not allow Bai Ruochen to become involved in this matter, he even stated that he would personally take care of him. What did this mean? This meant that Chu Feng was planning to fight him one-on-one.

To him, this decision from Chu Feng was not one of coming from the spirit of heroism. Instead, it was a decision of self-humiliation and self-destruction.

Thus, at this very moment, the Dragon Tiger Division’s head was

immensely happy. He even thought to himself: “This Chu Feng, he is most definitely an idiot, someone who’s wrong in the head.”

“With such a powerful existence behind him, he was clearly able to easily take care of me and destroy my Dragon Tiger Division. However, he instead decided to stop her from doing that and decided to take care of me personally? Is he truly stupid beyond help, or is he truly arrogant and believes that he would be able to fight me?”

“Regardless, it doesn’t matter. His ignorance just so happened to help me.”

When he thought of this, an expression of complacency filled the Dragon Tiger Division’s head’s face. He hurriedly steadied his mood and then laughed coldly at Chu Feng. “Chu Feng, if you have the courage, then come and fight me. If I am unable to beat you till you kneel on the ground and beg for forgiveness, I shall change my surname to yours.”

“Woosh.” Surprisingly, right after he finished saying those words, Chu Feng already launched his attack. Like an arrow leaving a bow, Chu Feng shot explosively toward the Dragon Tiger Division’s head while carrying with him his rank two Martial King’s oppressive might.

“This...” At the instant when Chu Feng attacked, the expressions of the crowd all changed. However, to a greater or lesser degree, they all displayed expressions of disappointment.

That was because Chu Feng’s speed was neither fast nor slow, it was extremely normal. Even though he was within the criterion for a rank two Martial King, he had most definitely not surpassed the boundary of rank two Martial Kings.

What did this mean? This meant that Chu Feng’s battle power was trivial and ordinary; he did not even possess the battle power to surpass a single level of cultivation. Not to mention being a demon-level character, he could not even be considered to be a genius-level character.

“Hah, sure enough, you’re trash from the Southern Cyanwood Forest. Since you’re looking to die so urgently, I shall help you accomplish your goal.” When he saw Chu Feng’s speed, the Dragon Tiger Division’s head

became secretly delighted.

He had come to the conclusion that Chu Feng was indeed trash. Thus, he did not sit tight and wait for Chu Feng's attack to come. Instead, he let go of all of his precautions against Chu Feng and abruptly counterattacked.

"Boom." This attack of his utilized nearly all of his rank four Martial King strength. Not only was the sound of his attack ear-piercing like a thunder roll, even the space that he was previously in began to tremble.

Even though Chu Feng's attack had caused the crowd to be disappointed, the might displayed by the Dragon Tiger Division's head had instead brightened the eyes of the crowd.

"Chu Feng, you have sought your own disgrace. Do not blame me for not showing any mercy."

In a blink of an eye, the head of the Dragon Tiger Division had arrived in front of Chu Feng. Furthermore, his large hand brought forth with it the strength of three hundred thousand catties and the speed of lightning as it grabbed toward Chu Feng's throat.

"Woosh." However, right at the moment when his hand was going to clench around Chu Feng's throat, he suddenly discovered that there was nothing in his palm. Surprisingly, he did not manage to catch Chu Feng.

This..." This sort of situation caused him to not know what to do. Never had he imagined that Chu Feng, a mere rank two Martial King that he could easily crush to death with only his oppressive might, would be able to dodge his all-out snatch.

"Swoosh." In the Dragon Tiger Division's head's moment of surprise, Chu Feng had arrived before him like a demon. Furthermore, Chu Feng's palm carried with it a whistling sound of the wind as it was slapped toward the Dragon Tiger Division's head's left cheek.

"Humph, you want to injure me with such speed?" When he saw Chu Feng's palm, a mocking smile appeared on the Dragon Tiger Division's head's face. He believed that Chu Feng's incoming attack was so slow that

he could easily dodge it, and that it would be unable to harm him in the slightest.

“Pow.” However, right when he wanted to move his body to dodge with a confident appearance, he suddenly felt a pain on his left cheek. After that, he felt a burst of weightlessness. Like a million catty sandbag, he was ruthlessly smashed into the ground.

Most importantly, faced with this sort of situation, that Dragon Tiger Division’s head did not have the ability to resist at all. All he could do was to allow his body to continue to smash into the ground, without any method to stop it.

“Boom~~~~~” Finally, his body smashed into the top of his territory’s entrance gates and right on the Dragon Tiger Division signboard.

The force of the descent was extremely great and contained a very fierce king-level martial power. Thus, although the body of the Dragon Tiger Division’s head was not very large, the power contained within it was extremely strong. At the instant when his body smashed into the signboard of the Dragon Tiger Division, shattered wood and stones immediately scattered into the air. Not only was the signboard smashed apart, even the entrance gates that the signboard was on top of were destroyed.

“Puuuwaa~~~”

At this moment, the Dragon Tiger Division’s head strived to get himself back up and counterattack, however, he discovered that his body was no longer nimble. Not only was he unable to stand back up, he actually fell back onto the ground and puked out a mouthful of blood. In the end, he laid on the ground like a dying dog.

A single strike. Chu Feng had used only a single strike to defeat this rank four Martial King, the head of the Dragon Tiger Division, making him fall to the ground and be unable to stand back up.

However, this strike from Chu Feng was not as simple as merely a slap to the face to the Dragon Tiger Division’s head. Chu Feng had also used

the Dragon Tiger Division's head's body to smash apart his territory's entrance gates and the Dragon Tiger Division's signboard. Truly, this was killing two birds with one stone.

“Heavens! That Chu Feng is actually this powerful?!”

At this moment, the surrounding crowd finally managed to react. As they looked at the shattered signboard and entrance gates, as well as the dying-dog-like Dragon Tiger Division's head, they were shocked. They were completely astonished!!

Everyone present had been completely astonished by the difference in strength that Chu Feng had displayed and felt a chill run down their backs.

Powerful. Truly powerful! This was the opinion that all the crowd had of Chu Feng.

A rank two Martial King slapped a rank four Martial King flying with a single palm strike. What did this mean? This meant that not only did Chu Feng possess the heaven-defying battle power to surpass his level, he most likely possessed the ability to surpass three levels. Otherwise, how could he accomplish such a feat?

If this did not make him a demon-level character, then what else could he be?

“Pah!” However, right when everyone was stunned by Chu Feng's strength, Chu Feng spit out a mouthful of spit. He then looked at the Dragon Tiger Division's head, who was still lying on the ground, and said, “With merely you, you're not even qualified to take on my surname.”

Chu Feng merely gave the Dragon Tiger Division's head an indifferent glance before shifting his gaze to the Dragon Tiger Division's members.

Gazed at by Chu Feng, the members of the Dragon Tiger Division all started to shiver. After that, in unison, they moved a step backward and either lowered their heads and became speechless or started to shift their gazes to other directions. Not to mention attacking Chu Feng, they actually did not even have the courage to meet Chu Feng's gaze head on.

Chapter 1169: Wise Decision

As he saw the terrified appearances of the Dragon Tiger Division's members, Chu Feng lightly laughed in his heart. However, he did not laugh out loud. Instead, with a cold and sharp tone that did not allow for any objection, he said, "Today, I will not harm you all. However, I do not wish to see anyone from the Dragon Tiger Division in the future. Starting tomorrow, whenever I see anyone wearing the Dragon Tiger Division's armband, I will beat that person up every time I see him or her."

Chu Feng's tone was extremely domineering. Not only were the Dragon Tiger Division's members' trembling, even the surrounding crowd felt a chill run down their backs, causing their hair to stand up.

That was because the intention behind Chu Feng's words was extremely clear. He was forcing the dissolution of the Dragon Tiger Division. When other branch power organizations made challenges, they would mostly use the branch power organizations that they challenged as stepping stones to increase their reputations.

However, for Chu Feng, not only did he not let things go after he finished destroying the Dragon Tiger Division's entrance gates and signboard, he actually even demanded the dissolution of the Dragon Tiger Division. This was truly a bit too arrogant and ruthless.

"Boom~~~~" Right at the moment when everyone was feeling a chill, Chu Feng raised his hand once more and shot out a palm explosively. Enormous and earth-shattering king-level martial powers started to gather into a violent ocean of martial power.

The ocean of martial power originated from Chu Feng's palm and swept toward the Dragon Tiger Division. Everywhere it passed, not a single blade of grass was left standing, and all things were destroyed. In a blink of an eye, all of the Dragon Tiger Division's luxurious palaces had turned into dust.

"This..."

As they looked at the surging dust that appeared like the aftermath of a

volcanic explosion, as well as the buildings in the Dragon Tiger Division that had disappeared in an instant, the crowd present all sucked in a mouthful of cold air. They had thought that the matter was already closed; never had they imagined that Chu Feng would suddenly do such a thing.

At this moment, the crowd felt as if they had seen the moment when the territories of the members of the Dragon Tiger Division had been flattened. However, the destruction of territory this time around was most definitely the most overwhelming.

However, after Chu Feng shot out that palm strike, he did not stop to bother with the reaction of the crowd. As if this palm strike was meant to conclude his challenge today, he calmly turned around and began to lead the members of the Asura Division to leave.

After Chu Feng left, the surrounding crowd burst into a heated discussion, and then left one after the other. Only the members of the Dragon Tiger Division remained in place, standing in the sky as they trembled with fear.

They looked at their head that was lying on the ground. Then they looked at the Dragon Tiger Division that had turned into ruins and was still covered in thick smoke. Then, they recalled the words spoken by Chu Feng. Their thoughts were running amok with fear; they did not know what path they should take.

“That Chu Feng is too frightening. I do not wish to be his enemy anymore. Head, Second Head, I’m sorry, I will not be able to continue to follow you all.”

After a long time, a member suddenly took off his Dragon Tiger Division’s armband and flew away from the ruins of the Dragon Tiger Division like a ray of light.

His departure set off a chain reaction. One after another, an unceasing flow of members began to take off their armbands before running away.

In the end, only several tens of people stood in the sky above the Dragon Tiger Division. At this moment, the Second Head of the Dragon Tiger Division sighed, and then descended to the ground. She took out a

recovery medicinal pellet, placed it into the head's mouth and began to help him heal his injuries.

Following her, the remaining Dragon Tiger Division's members also descended to the ground and stood around the Dragon Tiger Division's head in a circle.

"A bunch of craven and cowardly dogs. I have remembered them. For them to have the nerve to betray me, watch how I'm going to deal with them in the future," said the Dragon Tiger Division's head as he gnashed his teeth in anger after his body recovered. Evidently, he was extremely enraged by the actions of those who had just left his Dragon Tiger Division.

"Head, this matter cannot be blamed on them. After all, that Chu Feng is truly too powerful. We are truly no match for him. Furthermore, even without him, there's also that woman. She already possesses such a cultivation at such a young age, it is truly too terrifying. It is truly a mistake for us to provoke the Asura Division," the Dragon Tiger Division's second head consoled him with a dejected expression.

"Bullshit! Mistake to provoke them? What is mistaken about it? While it is true that our Dragon Tiger Division is no match for their Asura Division, do not forget who we have standing behind us. When Lord Lei Yao returns, their Asura Division will suffer."

"Fuck! To dare to humiliate me like that in front of all of those people. Chu Feng, wash your neck and wait. I will most definitely get my revenge for the hatred today," said the Dragon Tiger Division's head in anger. Not only was he displaying an extremely enraged expression, his eyes were also emitting a very dense killing intent.

Compared to the dejected mood at the Dragon Tiger Division, the Asura Division was completely different.

At this moment, the entrance gates of the Asura Division had already been repaired and the Asura Division signboard was once again placed on top of the entrance gates.

After that, Chu Feng arranged a feast within the Asura Division to

celebrate without restraint.

Although the destruction of the Dragon Tiger Division was nothing major to Chu Feng, it remained the first battle that the Asura Division had fought since their establishment. Thus, there was naturally a need to celebrate.

However, to the other members of the Asura Division, what happened was truly a joyous thing. Yesterday, they had followed Chu Feng and destroyed all of the Dragon Tiger Division's members' territories. After that, they even went to the headquarters of the Dragon Tiger Division and personally saw for themselves as Chu Feng slapped the Dragon Tiger Division's head to the ground with a single palm strike, rendering him powerless. After that, Chu Feng destroyed their headquarters and won the amazement and admiration of the crowd present.

As members of the Asura Division, they only felt a single sensation back then and even now: impressiveness.

For Wang Wei and the others, they naturally felt extremely impressed. As new disciples, they were actually able to act completely unrestrained and do such a world-shaking thing that caused the seniors that they should be reverencing to look at them with eyes of reverence instead.

However, to Fang Tuohai and the others, this matter was a world-shifting matter. In the past, they had been bullied by others the entire time. All these years, they had been silently enduring.

However, who would have thought that, after joining the Asura Division, their status would actually have such an enormous change? It was as if they were dreaming. They were truly rejoicing, truly delighted. They even hoped that if this was truly a dream, that they would never wake up from this dream.

They were very fond of their current situation. Even though the person who had attacked was not them, and they had merely followed behind the impressive figure of Chu Feng, basking in his light, they still wanted for this to continue on for eternity, because they were truly fond of this sort of sensation, this sensation of not being looked down upon by others, this

sensation of being revered by others.

“Master, a lot of people have gathered outside. They say that they wish to pay you a visit.” Suddenly, a servant ran in. However, this was already the tenth time that she had ran in. Furthermore, the things that she had run in to report every single time were basically the same.

After Chu Feng and the others returned to the Asura Division, an uninterrupted stream of people began to flood toward the Asura Division in the hopes of joining it. Furthermore, those people were not only limited to new disciples, there were also many older disciples that had been in the Cyanwood Mountain for many years that had now quit their previous branch power organizations for the purpose of joining the Asura Division.

At this moment, several hundred people were gathered outside of the Asura Division’s entrance gates. They were all here for the purpose of joining the Asura Division.

“Junior brother Chu Feng, there’s actually this many people wanting to join our Asura Division in such a short period of time. It seems that our Asura Division will rise in power.”

“Junior brother Chu Feng, there’s already several hundred people gathered outside. Should you go and see them? After all, it is true that our Asura Division needs to expand our power, no?” said Wang Wei, Fang Tuohai and the others.

However, faced with the words spoken by the others, Chu Feng only smiled lightly and said, “I have said before that our Asura Division does not need to recruit members. As long as the time is right, people will naturally want to join our Asura Division. Merely, at that time, it will not be that easy to join our Asura Division.”

Hearing those words, everyone understood Chu Feng’s intentions and stopped trying to urge him to see those people. However, they still had smiles of joy on their faces. As matter stood, they now firmly believed that Chu Feng was the person who would light their path and direct them. As long as they followed Chu Feng without any hesitation, their future days would definitely become brighter and brighter.

Their decision to join the Asura Division was the wisest decision.

Chapter 1170: Invasion From An Army

If Wang Wei, Fang Tuohai and the others joining the Asura Division was a wise decision, then the members of the Dragon Tiger Division who had decided to withdraw from the Dragon Tiger Division had made a wise decision as well.

That was because after that day, Chu Feng truly kept his promise and started to pay daily visits to the people who had not withdrawn from the Dragon Tiger Division. Furthermore, this time around, his visits were not as simple as just the destruction of their territories, he also made sure that they felt pain and suffered.

Furthermore, Chu Feng was more and more ruthless every time. Originally, he had only given them superficial wounds to teach them a lesson. However, later on, they were beaten so badly that their bodies were covered in cuts and bruises.

This caused those who still remained in the Dragon Tiger Division to be endlessly afraid of Chu Feng. More and more people began to leave the Dragon Tiger Division. Even those who, due to some special reason, did not dare to leave the Dragon Tiger Division had hidden themselves outside of the Cyanwood Mountain, undaring to show their faces.

As for the heads of the Dragon Tiger Division, they had gone to hide themselves in the Orion Division.

After a period of only several days, the name of the Asura Division had spread throughout the entire core region. Everyone knew that the head of the Asura Division was a demon-level character, and a vicious and merciless demon on top of that.

Most importantly, this demon possessed a special identity, one that no one dared to believe in. That is, Chu Feng was from the Southern Cyanwood Forest.

Thus, the matter that was being discussed the most right now was not the grudges between the Asura Division and the Dragon Tiger Division. Instead, it was a single sentence: "Did you know, a demon-level character

has appeared from the Southern Cyanwood Forest?”

Although Chu Feng’s name was the most resounding from the Asura Division, those who had been present on the day of the challenge and destruction of the Dragon Tiger Division knew that the strongest in the Asura Division was actually not Chu Feng. Instead, it was a woman by the name of Bai Ruochen, an existence even more frightening, and possessing even more potential than Chu Feng.

As the fame of the Asura Division grew greater and greater, more and more people wanted to join it. As time passed, the Asura Division’s entrance was no longer tightly shut; instead, they had now opened their doors and began accepting new members.

Merely, it was not that easy for one to join the Asura Division, as one had to obtain a certain qualification. Thus, not everyone was able to join the Asura Division.

Of those who came to the Asura Division, only one out of twenty would be accepted by them. This was already a very good proportion of acceptance to rejections.

The rigorousness of the Asura Division’s acceptance of new members was even more rigorous than the several strongest branch power organizations of the Cyanwood Mountain. This caused many people that had been rejected to complain nonstop.

Finally, on this day, the people who had been complaining outside the Asura Division finally rejoiced. They were rejoicing that they had failed to join the Asura Division because a great catastrophe was about to befall it.

Over twenty thousand figures had flown over and surrounded the Asura Division completely, covering both the sky and the ground, not allowing a single drop or trickle to pass through them.

The people from the Orion Division had arrived. At the moment when the Asura Division had trampled the Dragon Tiger Division so much that they were about to collapse, the Orion Division finally acted. Furthermore, their actions this time were most definitely grand. Although they had not sent out all of their forces, they had sent out all of their elites.

“Heavens, even the head of the Orion Division, Lei Yao, has come. It seems that the rumor is true, the Dragon Tiger Division did have the backing of the Orion Division. This time around, the Asura Division is going to be out of luck. No matter how much potential they have, they are still a newly-established branch power organization. It is impossible for them to be a match for the Orion Division.”

The grand appearance of the Orion Division attracted the attention of many people. Many of those who were interested in seeing what was going to happen all ran over to the Asura Division. As they gathered around, their gazes were all fixed upon a single person in the Orion Division's army.

It was a tall and sturdy man. His height was over three meters tall.¹ His appearance was very frightening, like a humanoid beast. Most importantly, his aura was extremely powerful; he was a rank six Martial King.

At this moment, his rank six Martial King aura completely covered the surrounding several miles. Even the clear white sky had become hazy after being engulfed by his aura.

As for this person, he was the head of the Orion Division, one of the most famous geniuses of the Cyanwood Mountain, Lei Yao.

“Lei Yao has come! He has come for the Dragon Tiger Division! Look, isn't that person standing behind Lei Yao the Head of the Dragon Tiger Division? It looks like the devastation that has befallen the Dragon Tiger Division ever since that day will be replayed. Merely, this time around, it will not be the Dragon Tiger Division that will be out of luck, it will instead be the Asura Division.”

“Sigh, that Chu Feng was truly too arrogant and too ruthless in his methods. Now that he has angered the Orion Division, it would appear that he will be smashed down from the sky right after rising up.”

When the crowd cast their gazes at Lei Yao, more and more people began to notice the Head of the Dragon Tiger Division standing behind Lei Yao. Thus, they all determined the reason why the Orion Division had

come over here with such a large army. Evidently, they came to avenge the Dragon Tiger Division.

“Lei Yao, what a great battle array you’ve displayed here.”

Right at the moment when everyone felt that the Asura Division would be met with death, a clear and bright voice suddenly sounded from over the horizon.

Turning their gazes toward the sound, the expressions of the crowd all changed. That was because, from the direction of the sound came a large wave of silhouettes that covered the sky, flying toward them. From a single glance, it was an extremely shocking number, definitely no less than the number of people the Orion Division had brought with them, easily over twenty thousand.

As for the people that had come, they were none other than the Ascension Division. As for the person that shouted at Lei Yao earlier, he was the head of the Ascension Division, Long Chenyi.

When Lei Yao saw Long Chenyi, his brows immediately furrowed. He coldly shouted, “Long Chenyi, why are you here?”

“Heh. Lei Yao, don’t be so tense. I have come here for the same reason that you have come here. Merely, our standing might be different,” Long Chenyi replied with a light smile.

When faced with Lei Yao, Long Chenyi was extremely calm. That was because in terms of reputation, his reputation was greatly superior to Lei Yao’s. As for strength, although the two of them were both rank six Martial Kings, Long Chenyi was confident that this Lei Yao was inferior to him.

“Long Chenyi, it would seem that you’re planning to meddle in other people’s business. Could it be that you think that I, Lei Yao, would fear you?” said Lei Yao.

“I know that you, Lei Yao, do not fear me. However, I, Long Chenyi, fear you even less. If you are truly willing to, for this mere Dragon Tiger Division, start a war against my Ascension Division, I, Long Chenyi, will be

glad to keep you company.”

Long Chenyi had a smile on his face. However, immediately after, his eyes flashed with light, and a boundless oppressive might swept through the entirety heaven and earth, and actually managed to scatter Lei Yao’s oppressive might and return this region of space back to normal, back to being bathed in sunshine.

“Amazing.”

“As expected of someone who is said to have the chance to get on the Cyanwood Succession List. This Long Chenyi is truly exceptional.”

“That’s right. The Orion Division and the Ascension Division are more or less of equal strength. However, because of Long Chenyi’s leadership, the Ascension Division has become one of the ten strongest branch power organizations, and has caught up to the Three Cyanwood Forests Division. This means that Long Chenyi’s strength is extremely powerful, and might even be more powerful than Lei Yao.”

“Might? There’s no might to it, it’s the truth! I have heard that Long Chenyi had sparred with Wang Haoxuan before. The two of them were unable to determine a victor, and the match finally ended in a draw.”

“Who is Wang Haoxuan? He previously held the ninth rank on the Cyanwood Succession List; he is the Head of the Three Cyanwood Forests Division. Thus, I dare to guarantee that while both Lei Yao and Long Chenyi are rank six Martial Kings, Lei Yao would be no match for Long Chenyi.”

After Long Chenyi displayed his strength, the surrounding crowd began to exclaim in astonishment and discuss him spiritedly.

Actually, even Lei Yao was frowning deeply. He had no choice but to remove the threatening attitude that he had displayed before. He said, “Long Chenyi, you said that the Dragon Tiger Division is a merely a little branch power organization, unworthy of having my Orion Division avenge them. Then what about this Asura Division, is it also not a mere small branch power organization? You are unrelated to it at all, so why are you standing up for them?”

“Unrelated? Lei Yao, it would appear that you do not understand the situation. Not to mention that there are many disciples of our Ascension Sect in that Asura Division, my Ascension Sect’s sectmaster’s daughter, junior sister Bai Ruochen, is also a member of the Asura Division.”

“Our Ascension Sect has already been in an alliance with the Southern Cyanwood Forest. As for our Ascension Division, we too are allies with the Asura Division. You wish to attack the Asura Division; tell me, does this concern me or not?” Long Chenyi asked.

Chapter 1171: Battle of Life and Death

“What? The Ascension Sect’s sectmaster’s daughter Bai Ruochen? Could it be that rumored fairy-like beautiful girl who, with her young age, is already a rank five Martial King, that genius girl?”

After hearing what Long Chenyi said, the surrounding crowd was startled once again. However, they finally understood why Long Chenyi would come to watch as the Asura Division challenged the Dragon Tiger Division, as well as why he would muster such a large force to prevent the Orion Division from challenging the Asura Division. It turned out that it was not only the Dragon Tiger Division that possessed the backing of the Orion Division, the Asura Division also possessed the backing of the Ascension Division.

“Long Chenyi, you are truly overly arrogant. Did you truly think that there is no one from our Orion Division that could take care of you, that we are all afraid of you?”

However, who would’ve thought that at this moment, another voice sounded. Turning their gazes toward the voice, the crowd was shocked once again. That was because a figure appeared. Although this person had come alone, he was wearing the Heaven Inquiring Division armband.

Heaven Inquiring Division, that was the strongest branch power organization in the Cyanwood Mountain!!!

Seeing the newcomer, Lei Yao’s expression changed. With a very amiable attitude, he asked, “Junior brother Yuan Qing, why are you here?”

That was because the person that have arrived was Yuan Qing.

“Yuan Qing? He is that genius of the Orion Monastery, Yuan Qing?” Hearing the words spoken by Lei Yao, the surrounding crowd’s expressions all changed greatly. The gazes with which they looked to Yuan Qing were now filled with astonishment.

After all, Yuan Qing’s name had already spread through the entire Cyanwood Mountain. Everyone knew that Yuan Qing was an extremely

powerful demon-level character, an existence that might even be able to inherit the position of the Cyanwood Mountain's headmaster, a super genius with unlimited potential.

"Senior brother Lei, although I, Yuan Qing, have joined the Heaven Inquiring Division, I am still a disciple of the Orion Monastery. For there to be someone who dares to mess with our Orion Monastery, I, Yuan Qing, am naturally unable to sit and watch without doing anything. Today, us fellow martial brothers shall fight side-by-side, and allow everyone to see what sort of consequences they will face if they become the enemy of our Orion Monastery," said Yuan Qing in a serious manner.

"Haha, very well. Junior brother Yuan Qing is truly a loyal disciple. Since this is the case, today we shall battle to our hearts' content. This Asura Division is something that I will definitely flatten. If there are gods blocking the way, we shall kill gods. If there are buddhas blocking the way, we shall kill buddhas."

After hearing the words spoken by Yuan Qing, Lei Yao's confidence also surged. After all, standing behind Yuan Qing was the Heaven Inquiring Division. If something was to happen to Yuan Qing, the Heaven Inquiring Division would definitely not let the matter stand.

Although the Ascension Division was indeed very strong, Lei Yao knew very well that the Ascension Division would not be able to match up against the Heaven Inquiring Division. After all, the Heaven Inquiring Division was not merely known to be the strongest, it was truly the strongest.

Thus, just by imagining that the Heaven Inquiring Division might be backing them up, Lei Yao was completely filled with confidence.

"Long Chenyi, have you not heard what my senior brother Lei said?"

"Regardless of what sort of relationship your Ascension Division has with the Asura Division, if you dare to block our path, we will not mind battling your Ascension Division. I shall ask you now, are you planning to butt in on this matter or not?"

Yuan Qing looked at Long Chenyi and spoke with a very vile attitude. He

whose strength was much inferior to Long Chenyi did not consider Long Chenyi to be in his eyes at all.

“Big brother, what do we do now? That Yuan Qing has come too. He is not only a genius with unlimited potential, he is also someone that the Heaven Inquiring Division thinks highly of. We cannot harm him.” After seeing Yuan Qing’s arrival, Long Chenfu became timid and started to quietly try to urge his older brother to back off on this matter.

“Head, what Chenfu says is reasonable. That Yuan Qing is no ordinary individual. If we are to harm him, then the Heaven Inquiring Division would not sit by and watch without doing anything. We cannot afford to provoke the Heaven Inquiring Division.” At the same time, the Second Head of the Ascension Division, Meng Zhensuo, also urged against it through a voice transmission to Long Chenyi.

“This...” After hearing the words spoken by those two, Long Chenyi entered a dilemma. Momentarily, he did not know how to answer Yuan Qing.

“Humph...” After seeing that Long Chenyi’s complexion had changed from just a single word from him, Yuan Qing snorted coldly and displayed a complacent smile.

“Amazing. As expected of Yuan Qing, a demon-level character who managed to trigger the Ancient Era’s Immortal Needle and obtain the Commander Flag. Even Long Chenyi is afraid of him. This imposing manner that he displays is truly extraordinary.”

This scene was something that many people present saw. The Ascension Division’s morale fell greatly, whereas the Orion Division’s morale soared greatly. The surrounding crowd began to feel that Yuan Qing possessed extraordinary strength. Otherwise, it would be impossible for even Long Chenyi to hesitate like this.

“Senior brother Long, Chu Feng appreciates your kindness. However, as this matter happened because of me, then please allow me to handle it myself.”

Right at the time when Long Chenyi entered into a dilemma, a voice

suddenly sounded from the Asura Division's palace hall. Following the voice, a figure explosively shot out and arrived in the sky. This person was none other than Chu Feng.

“Rank two Martial King, could it be that he's the head of the Asura Division, the demon-level character from the Southern Cyanwood Forest, Chu Feng?”

After seeing Chu Feng's arrival, the crowd all started to make guesses as to his identity. Although Chu Feng's sudden surge in fame caused some people to feel that he was overly arrogant, it remained that his actions had obtained the admiration of many others.

“You are the head of the Asura Division, Chu Feng?” Lei Yao asked with an expression of anger.

“Ha, if you do not know who I am, you can ask that one beside you. I'm certain he knows who I am.” Chu Feng calmly smiled and looked at Yuan Qing beside Lei Yao. However, the gaze with which he looked at Yuan Qing was one of provocation.

“Chu Feng, you are going to die today.” When he saw Chu Feng, Yuan Qing recalled the scene of himself being criticized by Elder Wei at the Mission Plaza. The anger in his heart immediately erupted like an explosive volcano. He truly wanted to cut Chu Feng to ten thousand pieces to pacify the hatred that he was feeling right now.

“Yoh, definitely going to die? Could it be that you haven't come here to challenge my Asura Division, but have instead come here to kill me? To kill a fellow disciple for no reason or cause, Yuan Qing, you are truly cocky, and have no regard for the rules. Do the elders know about how cocky and disregarding of the rules you are?” Chu Feng mocked.

“You...” After hearing what Chu Feng said, Yuan Qing was so angry that he started to gnash his teeth. Suddenly, he realized that almost every single time he encountered Chu Feng, he would be placed in a humiliating position and become completely enraged by him.

“Chu Feng, don't you use your tongue to speak words to your advantage. Although we will not kill you, what you have done is excessively

unreasonable. As fellow disciples, you actually wanted to eradicate the Dragon Tiger Division completely. Today, if you do not give us a pleasing response, we will definitely not let this matter go.” Seeing that Yuan Qing was on the losing hand in the battle of words, Lei Yao hurriedly spoke to save him.

“Lei Yao, based on what you have said, you’ve come here today to stick up for the Dragon Tiger Division?” Chu Feng asked.

“So what if I am?” Lei Yao calmly admitted to it with a tone of not placing Chu Feng in his eyes at all.

“Ha.” Chu Feng laughed lightly. He then said, “There’s nothing to it, I merely wanted to tell you that if you want to stand up for someone, you must first have the ability to do so. Do you have this ability, I wonder?”

“If I did not have this ability, I would not have come here. Chu Feng, if you admit your wrongs right now, I can let you off. Otherwise, do not blame me for being ruthless,” Lei Yao said angrily.

“Very well. Since you’re this sincere, and also willing to stand up for the Dragon Tiger Division with no regard for your own life, I shall give you this opportunity. In three days’ time, in the Cyanwood Mountain’s Ancient Era’s Immortal Pond, I, Chu Feng, am willing to fight you, Lei Yao, to the death. Do you dare to accept?” asked Chu Feng.

“What? A fight to the death?” After hearing what Chu Feng said, not to mention Lei Yao, the expressions of practically everyone present changed greatly. They were completely shocked by what Chu Feng proposed.

Chapter 1172: Fallen Into A Trap

A fight to the death. What was a fight to the death? That was a battle with one's life as the wager. However, such a battle was not something that one could have as easily as one wished. Otherwise, wouldn't it make it so that if a disciple of the Cyanwood Mountain was not fond of another disciple, then he or she could use the pretext of a fight to the death to kill the other disciple?

In that case, was a fight to the death even something that existed and was permitted in the Cyanwood Mountain?

It both existed and was permitted. Merely, the situation for it was very special.

It was not that there had never been disciples who had fought to the death in the Cyanwood Mountain. Merely, they could only conduct a fight to the death after obtaining the approval of the elders, and both must voluntarily agree to the conditions of the life and death agreement before being able to conduct the fight to the death before the elders.

However, what must one do to make elders agree to a fight to the death? One must possess an enormous hatred for one's enemy. Otherwise, no elder would agree to oversee such a fight to the death. After all, the elder that agreed to direct such a fight to the death would be held responsible.

However, at this moment, what the crowd was thinking was not the complexity required for one to conduct a fight to the death in the Cyanwood Mountain. Instead, they were shocked by the fact that Chu Feng was actually challenging Lei Yao to a fight to the death.

Who was Lei Yao? He was a rank six Martial King, the head of Orion Division, a famous genius in the Cyanwood Mountain. Regardless of how much of a demon-level character Chu Feng might be, he was still only a rank two Martial King. Even if Chu Feng possessed heaven-defying martial power, it would definitely be impossible for him to be a match for Lei Yao. For him to challenge Lei Yao to a fight to the death, was this not equivalent to him courting death?

“Haha, a fight to the death? Chu Feng, I had thought you were an intelligent person. Who would’ve expected that you’re actually this stupid. A fight to the death, to speak of it in a nice manner, it would be a fight to determine whether someone lives or dies. However, to speak of it bluntly, it would be for two people to massacre one another.”

“While the Cyanwood Mountain does permit a fight to the death, it is not something that one could do on a casual whim. The two of us do not possess an enormous hatred for each other, it is simply impossible for us to conduct a fight to the death,” Lei Yao spoke with a mocking tone. The gaze with which he looked at Chu Feng with was one of someone looking at an ignorant moron.

“That is not something for you to decide, but instead something for me to decide.” However, right at this moment, a voice suddenly sounded. Following the voice, a figure appeared before the crowd.

It was an old lady. At the same time, she was also an elder of the Cyanwood Mountain. As for this elder, she was someone that many people present knew. That was because she possessed powerful strength. Although she was not a management elder, she could still be considered to be a top existence in the core region. As for who she was, she was the elder from the Ascension Sect, that same old lady that had reprimanded Long Chenfu that day, Elder Xie.

“Elder Xie?” Once Elder Xie appeared, the expressions of many people present changed. That was because this Elder Xie was indeed very powerful.

“A fight to the death requires mutual consent. As long as the two of you are willing to agree to it, and sign the life and death treaty, I am willing to preside over this fight to the death.” After Elder Xie appeared, she did not waste time speaking any superfluous words, and directly got to the point.

“This...” After hearing the words spoken by Elder Xie, the expressions of the crowd changed even more. Although Elder Xie most definitely possessed the qualifications to direct a fight to the death, they knew very well that a fight to the death was not something that could be done just

with mutual consent, it also required a deep hatred from the two parties for each other. As for Chu Feng and Lei Yao, although they appeared to be antagonistic, the hatred between them most definitely had not reached the level for a fight to the death.

Yet, since Elder Xie had already spoken, there must definitely be some meaning behind it. Thus, the crowd all managed to guess that Elder Xie must've been asked by Chu Feng to stand up for him.

In fact, that was the truth. Chu Feng had already anticipated today's events. Thus, he had already made all the preparations. While this challenge to a fight to the death might appear to be sudden and foolish, he knew that he would definitely be able to make it happen.

"Chu Feng, it turns out that I have underestimated you. You actually invited Elder Xie to stand up for you." At this moment, Lei Yao understood what had happened. However, he did not feel any pressure. Instead, he laughed mockingly, and then looked toward Elder Xie. "Elder Xie, for you to direct this fight to the death is definitely not helping Chu Feng. Instead, you are only harming him."

Suddenly, Chu Feng said, "What's with all that rubbish you're speaking? I only ask a single answer from you, do you dare to accept the fight or not?"

"What? Don't dare? Give me a reason and tell me why I would not dare to accept it."

"Chu Feng, I took into consideration that you're a fellow disciple, and originally did not want to make things so extreme, with no room for considerations. However, never had I imagined that you would not know how to differentiate good from bad, and actually invited Elder Xie to help you out, and even requested a fight to the death with me."

"Since you're so brazen, then do not blame me for being ruthless myself. I accept this challenge of yours. However, since I've agreed to it, then I will do things as per the rules. On the day of the fight, I will definitely not show you any mercy, and will definitely take your little life."

Being provoked by Chu Feng time and time again before the crowd

caused Lei Yao to be enraged and publicly accept the challenge from Chu Feng.

“Since both parties are willing, then I shall personally direct this fight to the death in three days’ time at the Ancient Era’s Immortal Pond.” After Elder Xie said those words, her figure moved and she disappeared. Truly, she had arrived in a hurry and left in a hurry.

“Chu Feng, in three days’ time, I shall take your little life. As for that, it will be the consequences of your own actions.” After Lei Yao left those words, he turned around and left. At the same time, the Orion Division army that he commanded also followed him and left.

“Chu Feng, I must say that I truly admire your courage.” At this moment, Yuan Qing did not leave. Instead, he was looking at Chu Feng with a mocking appearance.

“You already admire me with merely this? I will make you admire me even more. Remember to definitely show up in three days’ time.” Chu Feng was looking at Yuan Qing with a beaming smile on his face. His smile seemed to contain something eccentric within it.

“Rest assured, I will definitely show up, because I wish to see how you will be killed by my senior brother Lei.” After Yuan Qing left these words in a fierce manner, he also turned around and left.

As he looked at the backs of the departing Yuan Qing and the Orion Division’s army, a hard-to-detect upward arc appeared on the corners of Chu Feng’s lips. As for this upward arc, the meaning behind it was something that only Chu Feng knew.

“Junior brother Chu Feng, you are truly too impulsive. Even if you and this Lei Yao truly possess grievances, there shouldn’t be a need for you to go to such lengths, no? I know that you possess exceptional talent and heaven-defying martial power, but that Lei Yao is no ordinary character either; he is not an ordinary rank six Martial King.” Long Chenyi and the others walked over to Chu Feng and began to earnestly advise him with expressions of confusion.

“That’s right, junior brother Chu Feng, you are truly too impulsive. That

Lei Yao is the head of the Orion Division, the current strongest genius of the Orion Monastery.” At this moment, Wang Wei, Fang Tuohai and the others also appeared.

“Seniors, could it be that you all truly think that I did this on a mere impulse?” Surprisingly, Chu Feng asked the worried crowd a question.

After they saw the smile on Chu Feng’s face, the crowd were all stunned. Their expressions of shock and astonishment became a bit more intense.

The appearance of Elder Xie was most definitely not a coincidence. It was obvious that Chu Feng had invited her. For Chu Feng to have invited Elder Xie beforehand, this meant that he had planned this. Thus, how could it have been done on impulse?

It was not an impulse, but was instead a plot that he had planned for a long time. Then, what exactly was Chu Feng planning to do? Long Chenyi and the others were all confused.

“I know that you all are worried about me. However, fret not. I, Chu Feng, am not definitely not someone who would feel that living is boring and would voluntarily throw my life away,” said Chu Feng with a smile.

At this moment, no one tried to say anything to Chu Feng anymore. That was because the smile that Chu Feng displayed was one filled with confidence. Even though they felt that the possibility of Chu Feng winning against Lei Yao was extremely low, they, for some unknown reason, truly felt at this moment that Lei Yao had fallen into Chu Feng’s trap, a trap that he had planned for a long time.

Chapter 1173: The Eve Before The Battle

The Ancient Era's Immortal Ponds were originally territories of the Ancient Era's Elves. However, because of the involvement of Qing Xuantian, the Ancient Era's Elves ended up having to share the Ancient Era's Immortal Ponds with humans. Furthermore, a portion of the Ancient Era's Immortal Ponds ended up in the hands of the strongest human powers. As for the Cyanwood Mountain, it was one of the powers that obtained an Immortal Pond.

The Ancient Era's Immortal Pond in the Cyanwood Mountain was not in the outer region, the inner region nor the core region. Instead, it was located in a remote region in the Cyanwood Mountain.

The reason why this place was remote was because ten thousand years ago, this place wasn't part of the Cyanwood Mountain's territory. Instead, the owner of this location was the Ancient Era's Elves. Only after the Ancient Era's Elves had left this place was the Cyanwood Mountain able to gain complete control over this vast and boundless Cyanwood mountain.

This Ancient Era's Immortal Pond was open all year-round. However, not all disciples could use it at any time they wished. Other than some special disciples, ordinary disciples would have to pay achievement points to enter the Ancient Era's Immortal Pond and experience the extraordinary power within it.

However, due to the fact that the achievement points required to enter the Ancient Era's Immortal Pond were very numerous, and that it was not certain that ordinary people would be able to obtain a great amount of benefits from entering it, the majority of the disciples would only come to the Ancient Era's Immortal Pond during the moment when they were about to break through, so that they could obtain comprehension, allowing them to break through faster.

Thus, even though the Ancient Era's Immortal Pond was a holy land for cultivation, there were not many people coming to it every day.

However, on this day, the outside of this Ancient Era's Immortal Pond was completely packed with people. Figures covered both the sky and the ground. An early estimation would put their number at least several hundred thousand. Moreover, in addition to the disciples, there were many elders from the core region as well.

As for the reason why this place was capable of attracting all these people to come today, it was because Chu Feng and Lei Yao had decided upon a fight to the death three days ago.

In the following three days, news of what had happened between Chu Feng and Lei Yao had spread through the entire Cyanwood Mountain like wildfire. It was not only the core region that knew about this; many people from the inner region and the outer region knew about this matter too.

One could tell how enormous this matter had become just from the number of people gathered outside the Ancient Era's Immortal Pond.

"Never had I imagined that the people from the Three Cyanwood Forests Division would come too. I reckon they've come to see whether this Chu Feng from the Southern Cyanwood Forest is a genius or trash," said Meng Zhensuo with a low voice as he looked at a faraway group of people.

The number of people in that group was much greater than their Ascension Division's group. That was because it was the Three Cyanwood Forests Division, which had been formed by the disciples of the Eastern, Western and Northern Cyanwood Forests.

"Chu Feng is naturally a genius. Otherwise, it would be impossible for him to slap the Head of the Dragon Tiger Division powerless with a single palm strike."

"As for the Three Cyanwood Forests Division, if they wanted to know whether the rumors regarding Chu Feng are real or not, they could find that out very easily; there is simply no need for them to gather such a large force."

"As matter stands, even Wang Haoxuan has come. It means that Chu Feng has already attracted their attention, their focus," said Long Chenyi with a smile on his face. As for his gaze, it was fixed on the figure that was

leading the people from the Three Cyanwood Forests Division.

As for that man, other than having an age that was a bit older than Long Chenyi, his overall appearance and aura appeared to be extremely similar to Long Chenyi. Even his cultivation was the same as Long Chenyi's, a rank six Martial King.

He was the head of the Three Cyanwood Forests Division, the strongest disciple among the recent geniuses of the Eastern, Western and Northern Cyanwood Forests, Wang Haoxuan.

In terms of reputation, this Wang Haoxuan's fame was much greater than that of Long Chenyi. It could be said that he was the strongest disciple from the five first-rate subsidiary powers.

That was because Wang Haoxuan was once ranked ninth on the Cyanwood Succession List. Unfortunately, he had only stayed on the Cyanwood Succession List for a single year before being defeated by a disciple by the name of Wang Jingzhi, who had joined from the inner region.

However, it remained that he had once been on the Cyanwood Succession List. Furthermore, many people knew that after Wang Haoxuan's previous defeat, he had been strenuously training to prepare to challenge Wang Jingzhi, who had defeated him, and take back the ninth rank on the Cyanwood Succession List that he had previously held.

As if he had sensed Long Chenyi's gaze, Wang Haoxuan turned his head over and smiled profoundly at Long Chenyi. After that, he turned his gaze back to where it had been before.

"Big brother, I've heard that Wang Haoxuan has already issued a challenge to Wang Jingzhi. However, Wang Jingzhi is not in the Cyanwood Mountain right now. I suspect that when he returns, he will definitely accept the challenge. These two men are both surnamed Wang, which of them do you think will win?" asked Long Chenfu.

"Wang Jingzhi is very powerful. Wang Haoxuan is also very powerful. In the fight between them back then, Wang Haoxuan only lost by a momentary slip. In terms of overall strength, there is no difference

between them. Thus, it is very difficult for me to determine who will be the victor,” said Long Chenyi.

“While it is true that they’re very powerful, I feel, big brother, that you’re even more powerful than them. Big brother, what do you think about taking this opportunity to attack the Cyanwood Succession List yourself? After the battle between them determines a victor, big brother, what do you think about issuing a challenge to that victor?” said Long Chenfu with a sinister expression. He wanted Long Chenyi to take advantage of a situation where the victor would be exhausted by the battle.

“We have come here today for Chu Feng’s matter. Everything else can wait to be discussed at a later time.” Long Chenyi smiled lightly. He did not speak his intentions clearly. However, from the gaze with which he looked at Wang Haoxuan, it could be seen that he possessed ambitions himself.

“Quickly, look, Lei Yao has come.”

“Who’s that person behind him? He’s actually wearing the armband of the Heaven Inquiring Division, could it be the rumored demon-level character Yuan Qing?”

Suddenly, more and more people from the crowd started to cry out in alarm. In merely a short moment, everyone’s gaze was turned in a certain direction. That was because, at this moment, Lei Yao and Yuan Qing had arrived, leading the people of their Orion Division. The battle array was extremely grand and unusually aggressive.

Furthermore, after they appeared, Wang Haoxuan actually took the initiative to lead the troops from the Three Cyanwood Forests Division to welcome them. Furthermore, Wang Haoxuan, who was stronger and possessed a greater reputation, was actually chatting with Lei Yao and Yuan Qing with a smile on his face.

The Three Cyanwood Forests Division and the Orion Division displayed a very friendly relationship, akin to family. This caused many people to be surprised. After all, in the past, the Three Cyanwood Forests Division had looked at the Orion Division with great contempt.

However, those who were able to become core disciples were all extraordinary people. In no time, they all managed to guess that the change in attitude from the Three Cyanwood Forests Division was most definitely because of Yuan Qing.

After all, Yuan Qing's fame was truly too resounding. Although his strength was not very powerful, his talent was simply inestimable. Due to Yuan Qing, branch power organizations that were trying to befriend the Orion Division, either openly or in the shadows, numbered not just a few.

"Never would I have expected the elders from our Ascension Sect to come too. Surely they have all come to support Chu Feng." Right when the majority of the people's attention was focused on Lei Yao, Yuan Qing and Wang Haoxuan, Meng Zhensuo's gaze was cast above the boundless white clouds.

There were many aged figures there. All of them were elders from their Ascension Sect. Some among them were even Half Martial Emperor-level experts, existences that possessed a certain amount of prestige even in the core region. Elder Xie, who was in charge of overseeing this fight to the death, was also among them.

"It's not only the core elders from our Ascension Division that have arrived, the core elders from the Orion Monastery have also arrived." Long Chenyi cast his gaze to a region of clouds. There were many aged figures at that place too. They were all elders of the Orion Monastery.

After that, Long Chenyi sighed, "Unfortunately, this battle cannot be determined by who has the greater amount of support. It must be determined by Chu Feng and Lei Yao themselves."

"How come Chu Feng's still not here? Could it be that he's scared?" Long Chenfu asked.

"That wouldn't be the case. Although I have not known Chu Feng for a long time, I know that he is a person who will do what he says. He will definitely appear," said Long Chenyi.

Chapter 1174: Chu Feng's Appearance

“Big brother, why is it that I keep getting the feeling that you think especially highly of that Chu Feng? You couldn't possibly think that Chu Feng would truly be able to defeat Lei Yao, right?”

“Even though that Lei Yao is inferior to you, big brother, he is, nevertheless, a genius. Although he is only a rank six Martial King, ordinary rank seven Martial Kings would not be a match for him.”

“As for that Chu Feng, although he is also a genius, he is only a rank two Martial King. How could he possibly be a match for Lei Yao?” Long Chenfu asked in a confused manner. He believed that Chu Feng would definitely be defeated.

Long Chenyi did not directly respond to Long Chenfu's question. Instead, he grew quiet for a long time before saying, “Chenfu, no matter how much you dislike Chu Feng, I must still remind you that you should not underestimate anyone, and especially not Chu Feng.”

After hearing what Long Chenyi said, Long Chenfu grew silent. Even though he disliked Chu Feng and wanted Chu Feng to die, he, for some unknown reason, felt an indescribable restraining fear toward Chu Feng.

At this moment, the people from all parties had arrived. There were both disciples and elders. Their number was so numerous that they densely covered this region of space as far as the eye could see. It was truly a spectacular sight.

However, no one noticed that, on the horizon, over a thousand miles higher than the clouds, sat a figure.

This was an old man with a head of silver thread-like hair. As for his aged eyes, they contained explosive power.

He was sitting at a place where many people should be able to see him. However, none of those people were able to see him. It was as if he had never existed to begin with.

Judging from his clothes, one could tell that this elder was also one of

the Cyanwood Mountain's elders. Merely, there was the character 'weapon' inscribed on the chest area of his robe.

"Old fellow, since you've actually come too, why don't you show yourself?" Suddenly, this old man turned his head around. Like sharp arrows, his gaze was shot toward the empty space behind him.

At this moment, a ripple appeared in the empty space behind him. Slowly, space started to distort, and soon, a figure walked out from the distorted space.

It was another old man. Moreover, he was also an elder from the Cyanwood Mountain. That was because he was wearing the gown of the Cyanwood Mountain's elders, with a 'medicine' character inscribed on it. As for this person, he was precisely the management elder from the Medicine Concocting Department that had praised Chu Feng and Bai Ruochen in the Mission Plaza, Elder Wei.

"Old freak, never would I have imagined that someone like you would come to watch the excitement between disciples." After Elder Wei appeared, he spoke to the old man from the Weaponry Refinement Department with a smile. However, his words appeared to have hidden intentions.

"This old one would naturally not bother with the matters of other disciples. However, as for this boy by the name of Chu Feng, he is someone that you have personally recommended to me. There are not many disciples capable of obtaining praise from you. Thus, I naturally cannot regard this Chu Feng as an ordinary disciple."

"And as it just so happens, I have nothing else to do today, so I decided to come and see exactly what sort of abilities that boy possesses."

"However, who would've thought that I would only find out after coming here that the person that boy has challenged is Lei Yao. This is simply bringing about his own destruction; he is nothing more than a fool," said the old man from the Weaponry Refinement Department with an expression of disappointment.

"Old freak, since you believe that Chu Feng will definitely lose, why stay

to watch? Could it be that you're like the people below and want to see how Chu Feng will be paying the price for his own impulsiveness, his own ignorance; how he will be killed by Lei Yao?" asked Elder Wei.

"Unless he has hidden his cultivation, it would be impossible for a rank two Martial King to defeat a rank six Martial King, much less Lei Yao, who possesses battle power that surpasses even ordinary rank seven Martial Kings."

"I feel that if that Chu Feng has not hidden his true cultivation, he will definitely die. Thus, I wanted to see whether this boy has disguised himself to be a pig so that he could eat a tiger, or if he was truly just ignorant trash."

"After all, he is a boy that you have especially recommended to me. I wish to see whether you are mistaken this time around." When he spoke of this matter, this old man from the Weaponry Refinement Department displayed a strange smile.

"The fact that that boy Chu Feng was able to gather that many Firmament Medicinal Herbs in the Firmament Medicine Garden in such a short period of time is sufficient to display how powerful his spirit energy is."

"I do not have the slightest doubt as to his attainments in the world spirit techniques. However, to speak of the truth, I also cannot vouch for his battle abilities."

"However, since even you, old freak, have become interested in this matter, I shall then place my bets on Chu Feng today. Old freak, might you be interested in a gamble with me?" Elder Wei asked with a mischievous smile.

"Why would I not? However, since you wish to gamble, then we couldn't possibly make it as unsophisticated as merely gambling on the outcome of the battle."

"That's because I have already said that I cannot ascertain that this Chu Feng has not hidden his cultivation. If he has hidden his true cultivation, and his true cultivation is a rank six Martial King instead of a rank two

Martial King, then even if he were to defeat Lei Yao, it would still be natural.”

“Thus, since you want to gamble, then I shall bet that this Chu Feng will lose if he has not hidden his cultivation, and that he will win if he has,” said the old man from the Weaponry Refinement Department with a treacherous smile.

“You’re truly a wily old fox. With that, wouldn’t I have no chance of winning?”

“Forget about it. I shall accompany you, and bet that Chu Feng will win if he has hidden his cultivation and will win even if he has not hidden his cultivation,” said Elder Wei.

“Hah, very well. As for the wager, I want ten of the medicinal pellets that you concocted last time around. What do you want from me? Go ahead and speak away. However, the value of the items must be equivalent,” said the old man from the Weaponry Refinement Department.

“If you were to win this gamble, I will give you ten medicinal pellets. If I am to win, then I would not want anything much. All I would want would be for you, old freak, to not fight over Chu Feng with me. You must know that I mentioned Chu Feng to you last time precisely because I wanted to bring him into my Medicine Concocting Division.”

Suddenly, Elder Wei’s expression turned serious. “However, never would I have imagined that you, old freak, are such an unconscientious person, and would actually have ideas for Chu Feng yourself. Don’t think that I do not know the purpose that you have come here for.”

“Heh, it seems that you understand me best. However, you cannot blame that on me. Although it is said that the Cyanwood Mountain possesses as many geniuses as it has flies, very few among them possess high attainments in world spirit techniques. If that Chu Feng is truly as you described him to be, how could I possibly not want him to join my Weaponry Refinement Department?” The old man from the Weaponry Refinement Department had a strange smile on his face.

“Old freak, don’t try using that with me. If I were to win, then you must

forget about having any ideas for Chu Feng, can you do that or not?" said Elder Wei.

"Fine fine fine, I'll do as you say." The Weaponry Refinement Department elder's smile became even more diligent. Immediately afterward, his gaze suddenly shifted down toward a certain place. He said, "That boy is the Chu Feng that you spoke of, right?"

After hearing what the Weaponry Refinement Department's old man said, Elder Wei also hurriedly turned his gaze downward. Once he saw what was below, a light smile immediately appeared on his previously serious face. It was a smile of appreciation.

That was because at this very moment, the person the two of them were looking at was precisely Chu Feng.

Chu Feng had appeared, leading the people from the Asura Division. Although, as a whole, only Chu Feng and Bai Ruochen from the the Asura Division could attract the people's attention. Furthermore, when compared to the others, Chu Feng's Asura Division appeared a lot weaker.

However, Chu Feng had an expression of absolute confidence on his face. That sort of display was most definitely the style of a general, the air of a ruler.

This... was Chu Feng.

Chapter 1175: Exactly Who's The Fool?

“Not bad, not bad. Judging from his appearance, this Chu Feng could truly be considered to be an outstanding talent, he indeed has some ability.”

“Not only did he remain calm when facing death, his fearlessness seems to originate from the depths of his bones.”

“He actually managed to make that bunch of ordinary subordinates become this confident under his leadership. All of this is most definitely due to Chu Feng.”

“As the saying goes, the quality of the soldiers depends on the quality of their general. If this Chu Feng was a general, he would definitely be a top quality general.” After he saw Chu Feng, the elder from the Weaponry Refinement Department started to nod and praise him nonstop.

“Humph.” Seeing this, Elder Wei snorted coldly. He said, “Old freak, didn't you bet that Chu Feng would lose? How come you've started to praise him instead?”

“Sigh, old fellow, don't go around misrepresenting the truth.”

“I did not say that Chu Feng would undoubtedly lose. I said that he would definitely lose if he has not hidden his true cultivation. However, if he has hidden his true cultivation, you must remember that I have bet that he will win.”

“Seeing that confident appearance on this Chu Feng, he has most definitely hidden his true cultivation,” the elder from the Weaponry Refinement Department explained.

“Humph.” Elder Wei snorted coldly once again, and stopped arguing with the Weaponry Refinement Department's elder. With a thought, a golden dazzling spirit formation chair appeared beneath him, which he then sat on.

Although both of these management elders were highly appreciative of Chu Feng and thought of him highly, the other elders and disciples were

completely different.

To them, all they saw was Chu Feng's cultivation of a rank two Martial King, and barely any of them thought that Chu Feng might have hidden his cultivation. Thus, to them, Chu Feng would definitely lose.

At this moment, the crowd was in spirited discussion. Although there were all sorts of conversations, the majority of them fell along the lines of belittling Chu Feng, saying that he was overly arrogant and ignorant in wanting to display his slight skills before an expert, as well as how he would lose everything today.

Right at this moment, Elder Xie stepped forward and spoke loudly. "Chu Feng, Lei Yao, the two of you agreed to a life and death battle three days ago. Does this agreement still hold true today?"

"It does," both Chu Feng and Lei Yao replied.

"Then sign the life and death agreement. This battle today, whether you live or die will depend on yourselves." Elder Xie waved her hand, and two rays of light flew out from her sleeve, landing before Chu Feng and Lei Yao, respectively.

They were two world spirit formations. As long as one placed one's palm on the formation, it would be equivalent to signing the life and death agreement. Without any hesitation, Lei Yao placed his palm onto the world spirit formation before him, leaving his palm-print on it.

"Chu Feng, I must advise you that it would be best for you to not sign this life and death agreement. Otherwise, your little life will not be yours anymore. Instead, it will be mine! At that time, even if you are to kneel and beg for forgiveness and call me your ancestor, I will still not let you off, for you have brought all of this upon yourself."

After signing the life and death agreement, Lei Yao turned to Chu Feng and spoke to him in a mocking manner. His voice was extremely loud. Furthermore, his tone contained ridicule and laughter. He was trying to provoke Chu Feng into signing the the life and death agreement. It was a completely and totally obvious provocation.

However, such a provocation actually caused many people to start laughing. Even some elders were unable to contain themselves and started to laugh with ridicule.

“Haha... “ Faced with such a scene, Chu Feng laughed lightly. He then said, “I know that the majority of the people that have come here today have come to laugh at me.”

“You all have thought that I am overly arrogant and ignorant, that I have brought about my own destruction. Including you, Lei Yao, you’re thinking that too, no?” Suddenly, Chu Feng pointed his finger at Lei Yao. With a smile on his face and a gaze like lightning, he coldly said, “Lei Yao, are you truly this certain that you will be able to defeat me?”

“Are you truly able to ascertain that I, Chu Feng, have challenged you so that I could throw my life away?”

“If I, Chu Feng, was truly that foolish, then I wouldn’t have killed my way out of the Southern Sea Region to the Holy Land of Martialism, nor would I be able to stand here before you all.”

“What? This Chu Feng is not someone from the Holy Land of Martialism? He’s from that Southern Sea Region trash-place?”

After hearing what Chu Feng said, the crowd were all surprised. If the fact that Chu Feng was a disciple of the Southern Cyanwood Forest had already greatly surprised everyone, then him coming from the Southern Sea Region was something that they could not help but be astonished by.

That was because, to the people of the Holy Land of Martialism, the people from the Southern Sea Region, Eastern Sea Region, Western Sea Region and Northern Sea Region were all trash with no aptitude for martial cultivation. There were even people who felt that the people from the four sea regions should not be considered to be people, as it would lower the standards of what it meant to be human if they were to be considered to be people.

However, this Chu Feng, regardless of what he was, had already displayed that he was a genius. For Chu Feng to tell them all that he had come from the Southern Sea Region at such a time was truly something

that shocked them greatly, creating great chaos in their minds.

As he looked at the crowd that were tongue-twisted and had eyes open wider than that of cows, Chu Feng laughed coldly and said, "You all look down upon others, and think those weaker than yourselves to be trash. Yet, you are only capable of bullying those weaker than yourselves."

"Just because something is impossible for you all to accomplish, does it necessarily mean that others cannot accomplish such a thing? Without even thinking, you automatically feel that the people who try to do such things are ignorant, fools, and retards."

"However, today, I shall present to you all a sentence as a gift. Just because you can't accomplish something, it doesn't necessarily mean that other can't either"

"Right now, I shall allow you all to know who is truly the fool."

"Pow."

Right after he finished saying those words, Chu Feng abruptly moved his hand, smashing his palm down onto the world spirit formation. After Chu Feng left his palm-print on the formation, the two formations both returned to Elder Xie and turned into a single agreement contract, the completed life and death agreement that was now signed by both Chu Feng and Lei Yao.

"Woosh." After Chu Feng signed the life and death agreement, his body leapt forward, and he arrived before a certain space where no one was located within. This was a place that the crowd had deliberately left empty so that Chu Feng and Lei Yao could fight each other.

"Come, Lei Yao. Allow us to quickly settle this battle between us, so that the crowd will be able to know whether it is me or you that is ignorant to sign the life and death agreement," said Chu Feng as he pointed at Lei Yao.

"Ha, you are truly arrogant and conceited. You can accomplish what others cannot? It would be impossible for other rank two Martial Kings to be a match for me, are you implying that you can?"

“Chu Feng, remember this. It is not I, Lei Yao, who insisted on killing you. It is truly that there’s a path to heavens that you refused to take, and no entrance to hell, yet you still insist on charging in.” To be provoked by Chu Feng before this many people, Lei Yao was truly unable to restrain himself.

He started to attack. His two fists overlaid one another as they were both explosively shot forth. Immediately, martial power surged forth like a wave. In the middle of the sky, it turned into a fierce giant beast.

That giant beast was a hundred meters tall and a thousand meters wide, resembling a mountain. With roars like the rolling of thunder, it contained enough energy to disintegrate an entire mountain range, to dry up an entire ocean. This was not an ordinary attack, it was instead a martial skill.

Although Lei Yao’s attack was not made with his full strength, it was most definitely not an ordinary attack either. He planned to finish the battle with a single strike, turning Chu Feng into ashes directly.

In fact, it was not only him, many other people present thought that this strike from him would be sufficient to turn Chu Feng to dust.

However, a small amount of people managed to take note of the smile on the corners of Chu Feng’s mouth.

Chapter 1176: Absolute Suppression

“Roar~~~~”

“Boom~~~~”

Suddenly, the bellow of the martial skill sounded alongside an explosion that shook the heavens. At the same time, the enormous body of that giant beast formed by the martial skill was split into multiple pieces, turning into a violent and vicious energy ripple.

The explosion of the ripple wreaked havoc throughout the entire region. If it wasn't for the spirit formation that had been placed over the region by the elders, which managed to block the explosion from the ripple, there definitely would have been a lot of casualties if that ripple had reached the crowd.

When they saw the energy ripple that was wreaking havoc, other than a small portion of elders and disciples, the majority of them all displayed expressions of surprise. At the same time, they were feeling pity.

To them, the explosion of an energy ripple like that was something that not even ordinary rank six Martial Kings could resist, much less a rank two Martial King. Likely, Chu Feng had already died without a corpse and fallen in the battle.

Even though such a scene was something that many people had anticipated, they felt that it was truly boring, as they had come here to watch a show, yet it had ended in an instant.

However, right when the majority of the people felt that Chu Feng had lost his life to the explosion, a voice suddenly sounded from the ruthlessly surging energy ripple. “Lei Yao, as a rank six Martial King, is this the limit of your abilities?”

“That is?”

Hearing that voice, the eyes of many people present shone, and their expressions made a great change. That was because that voice was precisely Chu Feng's voice.

Could it be... Chu Feng did not die?

“Boom~~~~~”

Right when everyone was beginning to doubt that Chu Feng might still be alive, that violently surging energy ripple started to boil from within. Then, an entrance tunnel that seemed like the entrance to hell actually opened from within it.

At that moment, a figure slowly walked out from that tunnel. It was Chu Feng.

Merely, the current Chu Feng was completely different from the one before. His entire body was covered with lightning. Not only was he wearing an armor of lightning, there was also a large pair of lightning wings on his back. He was extremely domineering and possessed a very threatening appearance.

Most importantly, at this very moment, Chu Feng's aura was completely different. He was no longer a rank two Martial King; instead, he was now a rank four Martial King.

From the depths of that energy ripple, Chu Feng began to walk out, one step at a time. He did not appear to be human at all. Instead, he now appeared like a lightning god of death, as even the energy ripple was withdrawing from his presence, not daring to approach him due to... fear.

“Heavens, this... this is Chu Feng? What did he do?”

Upon seeing the current Chu Feng, the expressions of practically everyone present changed greatly. Regardless of whether they were elders or disciples, they all had expressions of shock.

That was because what Chu Feng had strengthened was not only his cultivation, even the sensation that he gave off had been amplified. It was more than a simple display of his battle power, it was more a manifestation of his enormous battle power.

At the very least, in terms of their aura, the current Chu Feng was not at all weaker than Lei Yao; instead, he even surpassed him.

What did this mean? This meant that, when disregarding their cultivations, Chu Feng's battle power already greatly surpassed Lei Yao, a truly heaven-defying battle power.

"That lightning is extremely powerful. It shouldn't be that he has hidden his cultivation. Instead, he has most definitely used some sort of special method. What exactly is this? Is it a supreme Secret Skill or a Forbidden Mysterious Technique? Why is it that I am unable to distinguish it?"

At this moment, even the two management elders beyond the clouds were unable to keep calm. That management elder from the Weaponry Refinement Department even started to frown deeply, and displayed an expression of unease as he pondered.

That was because what he had bet on was that Chu Feng would win if he had hidden his true martial cultivation.

However right now, although Chu Feng had hidden something, it was most definitely not his cultivation. Instead, he had hidden a method to increase his cultivation.

In other words, Chu Feng's true cultivation was still that of a rank two Martial King. Merely, he had used a very powerful method to dramatically increase his cultivation.

In this case, if Chu Feng was to win the fight, then he would have lost the bet, and the opportunity to get Chu Feng.

Especially with the situation right now, where Chu Feng's battle power had increased greatly, and he was displaying an unparalleled appearance, it was extremely possible that he would be able to defeat Lei Yao. Thus, how could this management elder from the Weaponry Refinement Department possibly remain calm?

"Hehe, old freak, it seems that you have miscalculated this time around. What Chu Feng has hidden is not his cultivation, but instead a method to increase his cultivation." However, there would always be someone pleased when someone else is disappointed. At this moment, Elder Wei was the party that was pleased.

“Hehe, that’s not certain. It would be extremely difficult for a rank four Martial King to fight a rank six Martial King. If this Chu Feng were to lose, then it would still be my win,” said the elder from the Weaponry Refinement Department.

“Chu Feng lose? Wouldn’t that be equivalent to Chu Feng dying? Old Freak, one must not be this heartless. You truly shouldn’t wish for my Chu Feng to die just because you lost the gamble,” said Elder Wei.

“Chu Feng dying? Humph, with me here, who would dare to kill Chu Feng?” The Weaponry Refinement Department’s elder snorted coldly. A very dense domineering aura appeared in his eyes. Although he did not state his intentions clearly, the meaning behind his words was very clear.

Hearing those words, Elder Wei smiled lightly. He did not bother to argue with the Weaponry Refinement Department elder anymore. Instead, he cast his anticipating gaze downward onto Chu Feng.

“So you’ve hidden your strength. However, what could it possibly change?”

“Did you truly believe that a rank four Martial King would be able to contend against me?”

“I’ll make you realize right now that the difference between us is still as enormous as difference between the heavens and the earth.”

Lei Yao suddenly snarled. To fail in killing Chu Feng with his previous attack had already caused him to become greatly enraged. He turned his palm over and threw another attack at Chu Feng.

“Boom~~~~”

The attack this time was not only ear-piercing, it also caused the entire surrounding space to tremble. His ferocious martial power turned into an enormous axe that covered the sky.

Not only was that enormous axe a thousand meters long and dazzling with golden light, it even possessed the power of thirty thousand catties, seemingly capable of splitting heaven and earth apart.

While this was a martial skill, it was no ordinary martial skill. This time around, Lei Yao had truly grown angry. What he had used this time was a Taboo Martial Skill.

“It’s the famed martial skill of our Orion Monastery, the Mortal Taboo: Heaven Splitting Axe.”

Seeing this scene, the eyes of many disciples from the Orion Monastery started to shine. From their eyes emerged admiration and adoration.

To others, perhaps they might not know much about this Taboo Martial Skill. However, as they were disciples from the Orion Monastery, they knew this Taboo Martial Skill very well.

This was a Taboo Martial Skill that was said to be comparable to an Earthen Taboo Martial Skill when mastered. It was definitely not comparable to an ordinary Mortal Taboo Martial Skill. As for the difficulty in mastering this Taboo Martial Skill, it was so extremely high that ordinary disciples were simply incapable of grasping it.

However, it was clear that this Lei Yao had not only grasped it, he had even mastered it to a state of perfection, making it follow his heart’s desire.

“Lei Yao, never would I have expected you to still be this arrogant and ignorant when things have reached this stage. It would appear that it is time to make you see the truth and understand your own strength.”

As he looked at the enormous axe, that contained surging divine power, hacking down toward him, the smile on Chu Feng’s face not only failed to disappear, it even grew stronger. Suddenly, Chu Feng spread his arms wide open. With lightning flickering through his eyes, a very powerful energy began to spread out from his body.

“Boom.” Finally, Chu Feng clenched his hand into a fist and violently shot forth. In an instant, sounds that seemed like the explosion of ten thousand bolts of lightning appeared in the sky.

At the same time, a fiery meteor appeared, which started to descend toward Lei Yao.

“That is a Mortal Taboo Martial Skill.”

As they looked at the enormous fiery meteor that was surging toward Lei Yao, many people became speechless. That was because they were able to tell that the Taboo Martial Skill Chu Feng had used was no ordinary Mortal Taboo Martial Skill either. If the Mortal Taboo Martial Skill: Heaven Splitting Axe that Lei Yao used could be comparable to an Earthen Taboo Martial Skill, then this enormous fiery meteor was most definitely comparable to an Earthen Taboo Martial Skill as well.

“Humph, you want to fight me head on? In that case, you’re definitely going to lose. Among Mortal Taboo Martial Skills, this Heaven Splitting Axe of mine is invincible.”

While others were gasping in surprise, Lei Yao merely laughed in contempt. Not only did he not hold a new level of caution towards Chu Feng, he instead gave his all to control the enormous axe, hacking it toward Chu Feng’s flame mountain. He wanted to show the crowd exactly whose Mortal Taboo Martial Skill was stronger.

However, never would he have imagined that at the moment when he was planning to display to the crowd who was more powerful through their Taboo Martial Skills, Chu Feng clenched his other palm into a fist and suddenly shot that out too. Following that, Chu Feng started to move both of his fists and sent forth countless fist strikes, the result of which covered the sky.

At this moment, not to mention the crowd, even Lei Yao, who was previously filled with confidence and looking at Chu Feng with contempt, opened his mouth wide in shock.

“Boom, boom, boom, boom, boom, boom...”

Following every single fist strike from Chu Feng came a fiery meteor. At this moment, countless fiery meteors covered the sky. They were descending with a might that could destroy everything.

Regardless of whether it might be power or majesty, Chu Feng’s was many times stronger than Lei Yao’s!!!

Chapter 1177: Too Late For Regrets

The scarlet flames dyed the sky blood-red. At the same time, the heat from the flames seemed to have burned everything in the sky.

However, what was the most frightening were the fiery mountains that were even now descending from the sky.

Each and every fireball contained might not inferior to Lei Yao's Mortal Taboo: Heaven Splitting Axe.

To have this many fiery mountains descending from the sky at once, without mentioning the destruction that they would cause, merely their might was enough to terrify people.

"That martial skill is so powerful, could it be an Earthen Taboo Martial Skill? That Chu Feng actually grasped an Earthen Taboo Martial Skill?" As they looked at the fiery mountains that covered the sky, people cried out in surprise nonstop. That was because the might of Chu Feng's Taboo Martial Skill was truly too powerful, greatly surpassing other Mortal Taboo Martial Skills. This led to the crowd to believe that what Chu Feng had used might be an Earthen Taboo Martial Skill.

However, the difficulty of grasping an Earthen Taboo Martial Skill was extremely high. Not to mention ordinary people, even geniuses would find it very difficult to learn an Earthen Taboo Martial Skill, with very few among even those, actually managing to master one. If what Chu Feng displayed was an Earthen Taboo Martial Skill, then even if the crowd did not want to be shocked, they would have no choice but to be shocked.

"No, this is not an Earthen Taboo Martial Skill. However, it's a peak Mortal Taboo Martial Skill, with might greatly surpassing that of other ordinary Mortal Taboo Martial Skills."

"Amazing. Although it's not an Earthen Taboo Martial Skill, it is indefinitely close to an Earthen Taboo Martial Skill. Such a Mortal Taboo Martial Skill would be extremely difficult to grasp, with difficulty not inferior to that of Earthen Taboo Martial Skills. This Chu Feng, he is actually able to use it in such a skilled manner. It must be said that this

child is extremely amazing. At the very least, his talent in learning martial skills is extremely high, truly up to the standards of a demon-level character.”

Compared to the disciples, the elders were more understanding of what was happening. At this moment, the elders that were unrelated to Chu Feng began to have a whole new level of respect for him, exclaiming their admiration nonstop.

“Could it be that this is our Ascension Sect’s Mortal Taboo: Fire Meteor?”

In fact, Chu Feng’s current display not only stunned everyone else, even Bai Ruochen, who was familiar with Chu Feng, was displaying an expression of surprise. Her two beautiful eyes were flickering nonstop.

She was able to guess that what Chu Feng had used was most likely one of the several Mortal Taboo Martial Skills that he had trained in while at the Ascension Sect. However, never did Bai Ruochen imagine that this Mortal Taboo Martial Skill could display such powerful might in Chu Feng’s hands.

Actually, what Chu Feng used was indeed the Mortal Taboo: Fire Meteor that he had learned in the Ascension Sect.

“Boom~~~”

Suddenly, an explosion sounded from the sky. Like a shockwave, a violent energy ripple wreaked havoc through the skies.

It turned out that it was the result of Lei Yao’s Mortal Taboo: Heaven Splitting Axe colliding with Chu Feng’s Mortal Taboo: Fire Meteor. Merely, Chu Feng had only used a single fiery meteor to cancel out Lei Yao’s Mortal Taboo: Heaven Splitting Axe, and his remaining fiery meteors continued to smash toward Lei Yao like a meteor shower.

“Don’t think that I will lose to you with only this.”

The defeat of his Mortal Taboo: Heaven Splitting Axe brought great unwillingness to Lei Yao. With a flip of his palm, Lei Yao took out his Royal Armament.

It was a large and long blade. Its entire body was blue in color, appearing as if it were constructed from gems. This blade was so long that merely its handle was two meters long. As for the blade itself, it was three meters long. From a single glance, one could tell that it was a sharp weapon used for killing.

In truth, this was exactly what it was. After this Royal Armament appeared, not only did Lei Yao's aura increase, it even began to send out countless crescent light strikes one after another as it was being brandished by Lei Yao. Each and every one of those crescent light strikes was capable of slashing apart one of Chu Feng's fire meteors. The might of this Royal Armament was truly good; it was most definitely a top quality Royal Armament.

"Boom, boom, boom, boom..."

At this moment, Lei Yao was moving among the countless fiery meteors like a nimble monkey. Following every single sword strike from him would be a slashed apart fiery meteor.

Lei Yao did not sit and wait for death. Instead, he soared into the sky, and used the power of his Royal Armament to fight back against Chu Feng's Mortal Taboo: Fire Meteor and charge toward Chu Feng himself.

"Amazing. As expected of senior brother Lei Yao. He stopped using martial skills and instead brandished his Royal Armament as his weapon and his body as his shield to counterattack. Truly, this is what a real man is."

"Senior brother Lei Yao, go for it. Kill that Chu Feng just like that. Make him realize how powerful you are. Make him realize that no matter how powerful that martial skill he grasped is, it is nothing more than a martial skill. The fusion of one's self and one's weapon is what the peak of cultivation truly is."

Seeing Lei Yao counterattack, they knew he had not been demoralized by Chu Feng's Mortal Taboo: Fire Meteor, and instead started to attack even more violently. Many disciples of the Orion Monastery started to cheer for Lei Yao.

After hearing the cheers from the crowd, Lei Yao's might doubled, and his confidence soared greatly. The more he fought back, the greater he became. Like a human-shaped beast holding a large blade in its hand, he sliced apart fiery meteor after fiery meteor. Finally, he arrived before Chu Feng.

"Chu Feng, today shall be the day of your death." 2

Upon seeing Chu Feng, the killing intent in Lei Yao's eyes surged forth. With a movement, Lei Yao disappeared. When he reappeared, he was already above Chu Feng.

"Woosh." Lei Yao's two arms were abruptly waved downward. Carrying with it the whistling sound of wind, and a very frightening power, the large blade in his hand hacked down toward Chu Feng's head. If this strike were to land, then Chu Feng would most definitely be chopped in two.

However, as Lei Yao's ruthless slash came hacking down at Chu Feng's head, Chu Feng remained strangely calm. Suddenly, Chu Feng raised one hand. As he closed the hand that he had raised, a large pitch-black sword appeared above his head. It was the Demon Sealing Sword.

"Clang~~~~"

The large Royal Armament blade landed on the Demon Sealing Sword. The sound of metal colliding was immediately heard. As the sparks from the collision shone through their surroundings, layers upon layers of ripples emerged. The ripples were so powerful that even Lei Yao was forced back several meters.

"How could this be? This sort of sensation?" After being forced back, Lei Yao's expression changed greatly. When he turned his gaze to his Royal Armament, an unbelieving expression emerged in his eyes.

Perhaps others might not be able to tell, but Lei Yao was able to clearly sense that his large Royal Armament blade had actually slightly trembled at the moment of collision with Chu Feng's Demon Sealing Sword. It was not a trembling that had resulted from their collision, it was instead a trembling that originated from the blade itself. That sort of trembling was a signal of a state, the signal of fear.

His top quality Royal Armament was actually being scared off by his opponent's Royal Armament?!!!

“Woosh.”

However, right when Lei Yao was feeling this situation to be unbelievable, along with feeling an indescribable unease, a flash of lightning suddenly flickered past him. Countless lightning serpents of numerous different colors were spreading out toward him.

At the moment when he managed to respond, he was shocked to discover that it was Chu Feng.

At this moment, Chu Feng's Thunder Armor was emitting numerous bolts of lightning and thunderous roars. The Thunder Wings on his back were swaying back and forth, causing him to appear even more demonic.

Most importantly, the Demon Sealing Sword in Chu Feng's hand that had caused Lei Yao's Royal Armament to tremble in fear was already slashing toward him.

However, at this very moment, what brought the most fright to Lei Yao was Chu Feng's mouth; he actually had a smile on his face, a cruel smile, as if saying everything had gone exactly as planned.

In the past, Lei Yao had been unable to make sense of this smile, and had even ridiculed Chu Feng for being stupid and ignorant for smiling when a great calamity was about to befall him.

However, at this moment, he finally understood that smile. However, it was already too late for regrets.

Lei Yao's expression was ashen like dust. He blurted out, “Damn it!”

1. pelicanv: this guy uses a 15 ft sword like he's sephiroth or something.
2. He literally say today shall be the day of your death anniversary next year. Sounds super weird when translated.

Chapter 1178: Kneel And Beg For Forgiveness

Standing high above in the sky, Chu Feng and Lei Yao were each holding their respective Royal Armament. As flashes and silhouettes of blades and swords passed by, the two of them fought intensely.

Both of them were peak geniuses. At the very least, they both possessed quite some reputation in the core region of the Cyanwood Mountain.

The two of them were fighting each other head on with Royal Armaments in hand. Blade and sword rays were flying everywhere, and ripples from their collisions wreaked havoc all over. To say that this was a scene that overturned the sky and the earth would not be excessive.

The intensity of the battle naturally shook the crowd to the core. Yet, it was also an incomparably rejuvenating sensation.

However, as the saying goes, the uneducated ones watch for enjoyment, whereas the experts watch for the techniques. For those who were weak, they would only be able to grasp the general idea of what was happening in Chu Feng and Lei Yao's confrontation, and enjoy the excitement and brilliant display of the battle.

Only those with strength equivalent or superior to the two people fighting were capable of understanding what was actually happening.

"What's going on? Why is Lei Yao only defending and not attacking?"

At this moment, the elders from the Orion Monastery were all frowning. Their gazes were flickering with unease.

They who were very attentive toward the battle had noticed that Lei Yao had been on the defensive ever since he had hacked his large Royal Armament blade down at Chu Feng's head.

Even though Lei Yao's Royal Armament could be said to be moving in a dazzling manner without any loopholes as it was brandished in his hands, it had been on the defensive the entire time. It was only capable of

blocking Chu Feng's incoming attacks, and appeared to be incapable of striking back at all.

Furthermore, upon closer inspection, they noticed that Lei Yao would always, to a different degree every time, fall back upon receiving an attack from Chu Feng. What did this mean? This meant that Lei Yao's strength was inferior to Chu Feng's, and that he was truly in a disadvantaged state.

"Lei Yao is no match for Chu Feng, is this truly real?"

Thinking till this point, the elders from the Orion Monastery did not dare to believe their deductions. That was because Lei Yao was the current representative of their Orion Monastery's disciples. If Lei Yao was to be defeated, then it would not only be Lei Yao who would lose face; nor would it be limited to even the Orion Division. Instead, their entire Orion Monastery would lose face.

"Lei Yao, what are you doing?! Quickly subdue that Chu Feng!"

"Lei Yao, do not lower your guard! Do not fool around anymore! Quickly use all your strength and kill that Chu Feng and end this battle that should not have continued for so long!" With their hearts overcome by fear and unease, some elders actually began to secretly send voice transmissions to Lei Yao to urge him to quickly defeat Chu Feng. They feared that Lei Yao might truly lose to Chu Feng.

However, when he heard the secret voice transmissions from those elders, Lei Yao's complexion immediately turned even more ashen. Unable to contain his body's reaction, layer upon layer of cold sweat began to fill his body.

He himself knew best why he had been on the defensive the entire time. It was not that he had been hiding his strength, nor was he trying to fool around with Chu Feng. Instead, he was truly unable to defeat Chu Feng.

At this very moment, it was already extremely difficult for him to defend himself. Yet they wanted him to kill Chu Feng? That was simply a pipe dream!

Right now, what he was thinking was no longer how to humiliate Chu

Feng nor was it how to defeat Chu Feng. Rather, he had been thinking about how to save his little life. After all, this was a fight to the death.

However, Lei Yao did not dare to speak the truth to those elders. He did not dare to say that he was no match for Chu Feng. Thus, he was extremely anxious and extremely scared, as he had been forced between a rock and a hard place without any means to get away.

“Woosh.”

Right when Lei Yao entered a frenetic state, Chu Feng suddenly shook his wrist. The Demon Sealing Sword in his hand turned into a black ray and broke through Lei Yao’s defense. With a ‘puchi’ sound, everyone, both in the sky and on the ground was shocked.

“Heavens, this...” Seeing the scene in the sky, the expressions of practically everyone present changed. Following being struck dumb, they uncontrollably ‘hissed’ and sucked in a mouthful a cold air.

That was because at this moment, the battle between Chu Feng and Lei Yao in the sky had ceased. Merely, Chu Feng’s Demon Sealing Sword had pierced through Lei Yao’s chest and through his back.

Lei Yao failed to defend against Chu Feng’s attack?

Lei Yao’s body had been pierced through by Chu Feng’s sword?

Lei Yao was defeated?!!!

In an instant, cries of surprise sounded nonstop. Not to mention those disciples that had never thought such an outcome might happen, even many of the elders who were able to clearly see the situation of the battle were unable to contain their shock.

That was because they truly had to admit that the sword strike from Chu Feng earlier had been extremely crafty. Not to mention Lei Yao, it was likely that there would barely be anyone at Lei Yao’s cultivation capable of blocking that sword strike.

Earlier, they had thought that Chu Feng was only very talented in his ability to use martial skills, and that his ability to use weapons might be

much weaker. After all, it was impossible for even geniuses to be that perfect, possessing exceptional talent in all aspects.

Yet, at this moment, they knew that they were wrong. As it turned out... Chu Feng was not only extremely talented in using martial skills, he was also extremely skillful in using weapons; both of them were at the standards of demon-level characters.

“Woosh.”

“Ahh~~~”

Right when everyone was stunned, Chu Feng suddenly pulled out the enormous Demon Sealing Sword impaled into Lei Yao’s chest.

After he pulled out his sword, it was truly a frightening scene. That was because not only did it bring forth spraying blood, it also caused Lei Yao to let out a miserable shriek.

However, this was a scene that Chu Feng had anticipated. Furthermore, he felt this was greatly insufficient. Thus, Chu Feng directly took the Demon Sealing Sword that he had pulled out from Lei Yao’s chest, placed it on his neck and abruptly pressed down. A powerful pressure landed on Lei Yao’s right shoulder. Unable to withstand the pressure, Lei Yao half knelt in midair, kneeling to Chu Feng.

“This...”

Seeing this scene, the expression of the crowd that were already shocked changed yet again. If Chu Feng’s defeat of Lei Yao with his sword strike earlier was still unclear to them, then Chu Feng’s current action completely dispelled all their misgivings.

Humiliation, a public humiliation.

This battle, Chu Feng had won and Lei Yao had lost.

Regardless of how difficult it was for the crowd to accept the result, regardless of how astonished they were by the result, it remained the truth.

The fact remained that Chu Feng had used his cultivation of a rank two

Martial King to defeat Lei Yao, a rank six Martial King.

“Lei Yao, you should know now who it is that’s the fool, who it is that’s ignorant, right?” Chu Feng spoke to ask.

Hearing those words, not to mention Lei Yao, many of the spectators present also trembled. Unable to contain themselves, their mouths started to twitch.

That was because they couldn’t help but recall the words Chu Feng had said to Lei Yao before the battle.

At that time, many people had felt Chu Feng to be foolish, ignorant, arrogant and conceited to challenge Lei Yao.

There were even people who felt that Chu Feng was nothing more than a dumbass who did not know his own standing.

Yet... Chu Feng had used his actions to tell them the truth, and made them know who exactly it was that was ignorant and stupid!!!

The people that were truly foolish were not limited to only Lei Yao. Those people who had thought that Chu Feng would definitely be defeated and was bringing about his own destruction were also fools.

With his own strength, Chu Feng managed to give those people that had looked down upon him a soundless yet resounding slap to the face, engraving it into their hearts for all time.

“Chu Feng, it’s enough. There is no deep hatred or grievance between you and Lei Yao. Since you have already won, just let it go and stop.” Suddenly, an aged voice sounded from the boundless sea of clouds.

It was an elder that spoke. Furthermore, this elder was not weak, being a Half Martial Emperor. Naturally, he was an elder from the Orion Monastery.

Although Lei Yao had been defeated and lost their Orion Monastery’s face, it remained that Lei Yao was a genius. They did not wish for Lei Yao would lose his life in vain in such a manner.

However, Chu Feng did not concern himself with the words spoken by

that elder at all. “Elder, this is a matter between Lei Yao and I, there shouldn’t be a need for you to meddle, no?”

“Chu Feng, you’ve won. It is I who is inferior and lost. Please, I beg you to take into consideration that we’re fellow disciples from the same sect, and spare my life. Give me another chance, don’t kill me.”

To Chu Feng’s surprise, a voice sounded from underneath his foot. It was Lei Yao’s voice. Lei Yao was actually begging for forgiveness.

Chapter 1179: I Insist On Killing

Hearing those words, Chu Feng was also startled. He lowered his head and looked at Lei Yao and discovered that Lei Yao was looking up at him.

At this moment, unwillingness and fear covered Lei Yao's face. All kinds of emotions were contained within the gaze with which he looked at Chu Feng.

While it was extremely complicated, the clearest emotion within his gaze was the fear of death, as well as his cowardice in not wanting to die. He had truly admitted his defeat.

"Ha, so you're also afraid of death? In that case, what were you thinking when you signed the life and death agreement?" Chu Feng's mouth curved into a smile. However, his smile was extremely cruel and disdainful.

Chu Feng did not have the slightest trace of sympathy for Lei Yao. That was because he knew very well that if he had been the one that had lost, then Lei Yao would most definitely would not have let him live.

"Chu Feng, it's enough. Lei Yao has already begged you for forgiveness. Could it be that you will still insist on killing him?"

"You are fellow disciples, why must you insist on killing each other? Youngster, where it is possible to let people off, one should spare them. Just let this matter go." Seeing that Chu Feng was unwilling to let Lei Yao live, the elders from the Orion Monastery spoke once more.

Furthermore, the tones with which they spoke were extremely cold and firm, as if they were commanding Chu Feng, and telling him that a great catastrophe would befall him if he refused to comply.

"Elders, I understand your intentions. However, I wish to ask, if the person who was defeated right now were me, would you all have pleaded for leniency for me?" Chu Feng asked with a cold smile.

"..." None of the elders that pleaded leniency for Lei Yao earlier answered Chu Feng's question. As they were elders from the Orion Monastery, they wished deeply for Chu Feng's death. Thus, how could they

possibly have pleaded for leniency for him?

“Elders, you all are from the Orion Monastery, right? To plead for Lei Yao in such a manner, could it be possible that you’re using your identities as elders to shield your own sect’s disciple?” Seeing that the elders grew quiet, Chu Feng continued to attack.

“Chu Feng, don’t continue to shoot off your mouth with nonsense.”

“In the Cyanwood Mountain, all of you are disciples of our Cyanwood Mountain. Even if it were you that had lost right now, we would have asked Lei Yao to let you go. That is because the two of you are the same, are both disciples of our Cyanwood Mountain.”

Hearing those words from Chu Feng, the elders from the Orion Monastery were immediately angered. However, as they were denouncing Chu Feng’s conspiracy theory, they did not forget to explain themselves. However, the more they acted in such a manner, the more it appeared that they were trying to shield Lei Yao.

After all, all of the people that had spoken to plead for Lei Yao had been elders from the Orion Monastery. Thus, their intention was truly too obvious.

“In that case, Elders, you all are truly people of high principles. Chu Feng admires you all, truly admires you all.”

“However, since you all cherish the disciples of the Cyanwood Mountain in such a manner, then where did you all go when the two of us were signing the life and death agreement?” Chu Feng asked with a beaming smile on his face.

“This...” At this moment, the elders were speechless once again. They had all been present at that time. However, how could they, who wholeheartedly wanted to see Chu Feng’s humiliation, possibly stop him from signing the life and death agreement?

“Since, Elders, none of you stopped us when we were signing the life and death agreement, then I ask that all you highly principled and impartial elders not try to speak against my actions, is that fine?” Chu Feng asked in

a mocking manner.

“Chu Feng, you...” Hearing those words from Chu Feng, not only the elders that were speaking earlier, practically the complexion of all the elders from the Orion Monastery turned black. They were truly enraged that Chu Feng was publicly humiliating them.

“Youngster, this is my advice to you. Do not be too impetuous in your actions,” said that Half Martial Emperor elder from the Orion Monastery with a cold voice. As he spoke those words, he was gnashing his teeth. One could clearly tell how angry he was.

“If one’s not impetuous, how could one be a youngster?” However, Chu Feng’s smile remained the same, and he remained incomparably calm. He had simply disregarded that elder.

“Creak.” Hearing those words, that Half Martial Emperor elder was so enraged that he clenched his fists tightly. The space that he occupied started to tremble violently.

However, Chu Feng completely disregarded the reactions of the Orion Monastery’s elders. Instead, he turned to Lei Yao and said, “Lei Yao, originally, I could have spared you. However, earlier, you had attacked me twice with the intention to kill me. If the person who was defeated right now was me, I believe that you would definitely not have let me off.”

“Since you have the courage to sign the life and death agreement, you must then have the courage to bet on the outcome. One’s path is walked by oneself. Regardless of whether the path is right or wrong, one must bear the consequences. If you wish to blame someone, you can only blame yourself.”

“Farewell, I will leave your corpse intact.”

Speaking till this point, a cold flash suddenly shone through Chu Feng’s eyes. Although the Demon Sealing Sword in his hand did not move, Chu Feng’s other hand was spread open, and patted down on Lei Yao’s head. This palm strike contained a fierce martial power, as well as another special power. Thus, it was sufficient to take away Lei Yao’s life.

“Ahhh~~~~~”

Seeing that the situation was truly bad, Lei Yao bellowed and started to struggle violently. However, at this moment, he felt as if the Demon Sealing Sword on his shoulder was like an unshakable mountain, causing him to be incapable of moving a single inch, much less using martial power to free himself. At this moment, all he could do was kneel and wait for his death.

“Elders, save me!!!” In desperation, Lei Yao disregarded everything and shouted loudly. At this moment, the only thing he could do was to cry for help.

“Chu Feng, stay your hand immediately.” At this moment, the elders from the Orion Monastery were unable to sit by and watch anymore. Several Half Martial Emperor level elders all moved at the same time. Their violent power caused the sky to change color as it rushed toward Chu Feng to oppress him.

“Rumble.”

However, right at the moment when the violent energy was about to reach Chu Feng, several more powerful energies appeared and broke the attack from the elders of the Orion Monastery apart.

It was the Elders from the Ascension Sect. Not only did they block the attack, they even stood forward and landed around Chu Feng, protecting him within them. Furthermore, they were all displaying expressions of anger on their faces.

Especially Elder Xie who was in charge of this battle to the death. At this moment, fiery flames could be seen in her eyes. She looked at the elders from the Orion Monastery that had attacked earlier and ruthlessly berated them, “You all, this is a battle to the death that I am in charge of. What you’ve done here, are you not putting me in your eyes?”

Seeing the appearance of Elder Xie and the others, those elders from the Orion Monastery also did not dare to do as they wished. After all, a fight to the death possessed rules. For them to attack with disregard for the rules meant that they were in the wrong.

However, they did not want to watch as Lei Yao was killed right in front of them. Thus, another Half Martial Emperor pretended to be amiable, and spoke to Chu Feng with an insincerely courteous tone, “Little friend Chu Feng, this old one here only has a single sentence to say. Might you be able to give this old one face today and spare Lei Yao?”

At this moment, Chu Feng’s palm was only half an inch from Lei Yao’s head. During the moment when the elders from the two sides stood forth and confronted one another, Chu Feng had stayed his hand.

Seeing that the elder from the Orion Monastery not only possessed tyrannical strength, he even displayed an unusually friendly attitude when speaking with him, Chu Feng’s expression slightly changed. He first shook his head, then looked at that Elder and said, “I’m sorry, but this Lei Yao is someone that I insist on killing.”

“Woosh.” After he finished saying those words, Chu Feng’s palm abruptly landed. With a low ‘thump,’ Chu Feng’s palm ruthlessly landed on Lei Yao’s head.

Chapter 1180: The Situation Turning Bad

“Eeahhh~~~~”

Once Chu Feng’s palm landed on Lei Yao’s head, Lei Yao immediately started to scream. However, after the scream passed, his eyes closed and his body leaned to the side. He had lost the ability to fly in the air and began to fall from the sky.

“Senior brother Lei Yao!”

Seeing this scene, the members of the Orion Division shouted loudly. They were able to sense that although Lei Yao’s body was unharmed, he had lost his breath, and was already dead, killed by Chu Feng’s palm strike.

“Chu Feng, you bastard!”

At this moment, many members from the Orion Division flew over. As for Yuan Qing, he directly caught Lei Yao’s falling corpse. After they received Lei Yao’s corpse, the members of the Orion Division started to gnash their teeth in anger and display extremely intense killing intent from their eyes.

While Chu Feng might have left Lei Yao’s body intact, he had devoured all of his internal energy. Not only was there not a single bit of consciousness left behind, even Lei Yao’s source energy had been devoured completely. It could be said that this Lei Yao was dead beyond dead.

“Chu Feng, you are simply an animal! While it is true that you won the fight to the death and possessed the right to kill senior brother Lei Yao, why must you devour his source energy? Do you even possess any sentiment for fellow disciples?!” After putting Lei Yao’s corpse away, Yuan Qing stepped forward, pointed at Chu Feng and cursed him loudly.

“What? Not only did Chu Feng kill Lei Yao, he even refined Lei Yao’s source energy?” Yuan Qing’s voice was extremely loud and clear, resounding throughout a several mile radius.

When the crowd learned of this matter, many of them sucked in a mouthful of cold air. That was because what Chu Feng had done was truly a bit too ruthless.

Although once one signed the life and death agreement, the loser's life and death would be completely in the hands of the winner, however, to refine even the loser's source energy was truly too ruthless an act.

However, other than the people from the Orion Monastery who were angry, the others merely gasped in awe or became frightened of Chu Feng.

They were awed by Chu Feng's courage and insight. He dared to do as he desired, he was simply reckless.

They feared Chu Feng's ruthlessness. As matter stood, they knew that Chu Feng's methods were not only extremely daring, they were also extremely ruthless.

Thus, Chu Feng naturally caused many people to become afraid of him. They decided in their hearts that unless they had no other choice, they would definitely not make Chu Feng into an enemy, for someone like Chu Feng was truly too frightening as an enemy.

"Chu Feng, you are truly an animal. It is one thing for you to refuse to let senior brother Lei Yao live, but for you to devour even his source energy, do you truly have no feelings for your fellow disciples?" Although the surrounding crowd were merely awed and cowed by Chu Feng's action, the disciples of the Orion Monastery were completely different. More and more of them started to stand up and lash out at Chu Feng.

"Feelings for a fellow disciple? Are you all trying to scam me? When Lei Yao instructed the Dragon Tiger Division to trample my Asura Division, did he think of feelings for his fellow disciples? When he spoke of killing me, had he thought of the feelings of his fellow disciples?"

"To speak of feelings for fellow disciples, are people like you all even worthy of mentioning it?" Chu Feng sneered. The gaze with which he looked at the disciples of the Orion Monastery was one filled with contempt and disdain.

“Bastard, you are truly an animal! Not only are you ruthless in your methods, you even dare to speak such venomous slander to frame our senior brother Lei Yao. I have never seen someone like you before. You are unworthy of being a disciple of our Cyanwood Mountain.”

Yuan Qing held up his fist and shouted loudly, “Elders, I plead that you all expel this Chu Feng from our Cyanwood Mountain. To have such a man as a fellow disciple is truly too frightening of a matter. He is simply not worthy of being a fellow disciple, for he is nothing more than an animal. I feel disdain to be associated with such a man. Elders, please severely punish this Chu Feng and expel him from our Cyanwood Mountain.”

“That’s right. Chu Feng is utterly heartless, he is worse than dogs or pigs. We feel disdained to be associated with him. Elders, please severely punish this Chu Feng and expel him from our Cyanwood Mountain.”

“No, to only strip away his identity as a Cyanwood Mountain disciple is letting him off too easily. We should kill him!”

Once Yuan Qing said those words, the people from the Orion Division all started to shout loudly. In an instant, their voices suppressed Chu Feng’s and resounded throughout heaven and earth trembling the hearts of the crowd. It was as if Chu Feng had committed a heaven-defying crime and deserved to be killed.

Such a scene caused many of the surrounding crowd to be stunned. Logically, as it was a fight to the death between Chu Feng and Lei Yao, it was within reason for Chu Feng to kill Lei Yao.

However, the elders from the Orion Monastery first plead for leniency for Lei Yao. After that, Lei Yao himself begged for forgiveness. Yet, Chu Feng not only did not let Lei Yao off, he even absorbed all of Lei Yao’s source energy. This was truly a bit too excessive.

At this moment, Chu Feng had clearly enraged everyone from the Orion Monastery. Regardless of whether they might be elders or disciples, none of them were willing to drop this matter.

However, at the moment when everyone felt that an imminent

catastrophe would befall Chu Feng, few people noticed that Chu Feng still had a light smile on his face. Furthermore, his eyes started to squint lightly.

“All of you, shut your mouths. Are you trying to rebel or what?!” Right at this moment, an angry shout exploded like thunder. Not only did heaven and earth trembled from that voice, the bodies of those disciples that were making a ruckus were all pushed back. There were even some among them that directly fell to the ground, only managing to get back up after a great amount of difficulty.

It was Elder Xie. She was enraged. As the elder in charge of this fight to the death, she was enraged by their actions. She pointed to Yuan Qing and the other disciples from the Orion Monastery and coldly shouted. “This is a fight to the death, where the two of them have signed the life and death agreement. As Chu Feng won the fight, he possessed the authority to handle Lei Yao as he wished. Regardless of whether it might be killing Lei Yao or refining his source energy, it was all within Chu Feng’s rights to do so. How could you all possibly dare to act so impudently here?!”

Once Elder Xie spoke those words, the expressions of Yuan Qing and the others all turned green. Not a single one of them dared to talk back to her. That was because Elder Xie was also a Half Martial Emperor. As this fight to the death was overseen by her, their actions of berating Chu Feng were not only an attack against Chu Feng, it was also not putting her in their eyes.

“What Elder Xie said is correct. The fight to the death possesses its own rules. When did it become the time for you bunch of disciples to act so impudently here?”

Right at this moment, another voice suddenly sounded. At the same time, close to a hundred figures appeared before everyone’s line of sight.

All of them were wearing the outfits of elders. However, they all had an identical-looking blade on their waists. The blades were sharp and long, and appeared to incomparably incisive. They were no ordinary blades. Instead, they were top quality Royal Armaments. At the same time, they

were a symbol of power. These blades were known as the Punishment Blades.

Other than the Punishment Blades, there was also a special character on their chests. It read 'Punishment.'

"They're people from the Punishment Department, how come they've come here too?"

Seeing this group of elders caused many people to be surprised. That was because this group of close to a hundred elders were all members of the Punishment Department.

Punishment Department. The Punishment Department was a branch power organization that would cause one's complexion to change just by the mention of its name. There were countless branch power organizations in the Cyanwood Mountain. However, in terms of strength and power, the strongest among them would be the Punishment Department.

Not only does the Punishment Department possess numerous powerful individuals, it also possessed the power to determine one's life and death. Not to mention the disciples, even elders were intimidated by the Punishment Department at first glance.

At this moment, with the arrival of the people from the Punishment Department, the crowd all started to grow nervous. Especially those people from the Ascension Sect, who were now frowning deeply. They were able to subconsciously feel that the people from the Punishment Department had come precisely for Chu Feng.

After this group of people from the Punishment Department appeared, the elders from the Orion Monastery immediately flew over and stood alongside the group of elders from the Punishment Department. This caused the people from the Ascension Sect to feel even more unease.

This was because this was an extremely obvious display that they were together. At the very least, these elders from the Punishment Department should've been asked over by the Orion Monastery.

Chapter 1181: Calm Response

“Elder Xie, what you say is very correct. According to the rules of a fight to the death, what Chu Feng did was all reasonable.”

“However, there are some words that must still be said. We are all humans with hearts of flesh. As long as one’s a normal human, they would all have emotions in their hearts. A fellow disciple is equivalent to one’s own sibling, one’s own brother. Thus, one should possess sentiments for fellow disciples, relying on each other.”

“There is no deep hatred between this Chu Feng and Lei Yao. Yet, he was capable of being this ruthless. I wish to ask, could this Chu Feng still be considered to be a human?”

“Chu Feng, speak for yourself, could you still be considered to be a human? Are you worthy of carrying the status of a disciple of the Cyanwood Mountain? Have you not let down Lei Yao who, has died because of you?”

Sure enough, that Half Martial Emperor elder from the Punishment Department raised his eyebrows and looked at Chu Feng with an ice-cold expression as he coldly asked those questions.

Furthermore, his voice was extremely loud and clear, and contained a very powerful and fierce oppressive sensation. Without concealing anything, he directed his questions toward Chu Feng.

“Elder Ying, this is a fight to the death. As for the fight to the death, its rules have been decided by our Cyanwood Mountain’s ancestors. Even if what Chu Feng has done is somewhat excessive, his conduct is still within the rules. As he has done everything within the rules, there is no fault to be found.” Seeing that the situation wasn’t good, Elder Xie hurriedly spoke for Chu Feng.

“Elder Xie, it is Chu Feng that I am questioning. Can you please not interrupt me?”

“Chu Feng, I am asking you a question. Could it be that you do not even

have the courage to respond to my question? What happened to the arrogance that you've displayed earlier?"

However, that Elder Ying was extremely unyielding, and his attitude was extremely vile. It was clear that he had come to make things difficult for Chu Feng.

"Fucking hell, are these bunch of little bastards from the Punishment Department planning to rebel?!" At this moment, on top of the clouds, the management elder from the Weaponry Refinement Department was unable to continue watching this anymore. He stood up and planned to fly down.

"Old freak, wait a moment." Seeing this, Elder Wei from the Medicine Concocting Department waved his sleeve to stop him.

"Old fellow, what are you doing? Didn't you think very highly of this Chu Feng? Could it be that you're planning to watch as that little bastard from the Punishment Department bullies Chu Feng?"

"While you might be able to sit by and watch, I, on the other hand, am not. I'm going down and teaching this bunch of Punishment Department's little bastards a lesson. If I don't teach them a lesson, then their Punishment Department might truly think that there is no law and order to curb them." The management elder from the Weaponry Refinement Department was glaring with his eyes wide open. He was extremely furious.

"Old freak, you're truly muddled. With how highly I think of this Chu Feng, how could I possibly let him be bullied?"

"Merely, look carefully at Chu Feng. Even though the little bastards from the Punishment Department have brought along a great deal of people and displayed their superior strength, he has not frowned even once," said Elder Wei as he pointed to Chu Feng below.

Indeed, Chu Feng's expression remained unchanged. He was very calm, even a bit excessively calm. That was because there had always been a dim smile on his face the entire time.

It must be said that at this moment, the smile that Chu Feng still had on his face caused those that hated him to feel incomparably resentful.

“What’s going on with this boy? Could it be that he doesn’t know fear?” Seeing this scene, the Weaponry Refinement Department’s management elder was also amazed.

“No, I think it’s because Chu Feng is capable of handling the situation in front of him. Thus, let’s not interfere yet. Let’s see how Chu Feng will resolve the current crisis,” said Elder Wei.

“Mn, very well. I too wish to see what other methods this boy has up his sleeve to give him such confidence that he is not afraid when facing death.”

At this moment, the Weaponry Refinement Department’s management elder sat back down and looked at Chu Feng with a gaze of anticipation.

“Elder, you asked if I, Chu Feng, am a human? In that case, I wish to ask you, do you believe that everyone who has ever signed the life and death agreement and fought a fight to the death to not be human? In that case, should the fight to the death not exist?” Chu Feng asked in a calm manner.

“Those who sign the life and death agreement must have a deep and enormous hatred for one another. Was there such hatred between you and Lei Yao? Since there was not, you should not have signed the life and death agreement.”

“Thus, Elder Xie is also responsible for this matter. That is because this fight to the death should not have happened to begin with. This was a mistake from the very beginning.” That Elder Ying took a fierce glance at Elder Xie.

“Oh? So in your eyes this fight to the death is unreasonable? In that case, why didn’t you show up sooner and stop the two of us from fighting?”

“Please don’t tell me that you found out about this matter late and rushed right over to prevent us from fighting after finding out about it just now, only to not make it in time.”

“Three days. A total of three days. This fight to the death had been determined since three days ago. Look at the crowd present, see how many of them knew about this fight.”

“With all these people knowing about this fight, if you’re going to tell me that you’ve only found out about it just now, then wouldn’t the information gathering ability of the Punishment Department be truly ineffective? As a major branch power organization carrying the burden of protecting the Cyanwood Mountain, how could the Punishment Department possibly protect the safety of us disciples if you’re unable to obtain the news in time?”

“However, if you knew about this fight to begin with, then why didn’t you come and stop us earlier? If you’d come to stop us, then there wouldn’t have been a need for the fight to the death today, nor would Lei Yao have died.”

“However, you did not come to stop us, and instead only show up now, after I’ve already killed Lei Yao, to say that I’m not a human, that I shouldn’t have killed him, and that this fight to the death was unreasonable.”

“Elders from the Punishment Department, I truly wish to ask, are you all not putting too much thought into this matter? You say that I do not have a deep hatred with Lei Yao, but it is even more that I do not possess any hatred towards you all, so why must you try to entrap me in such a manner?”

“How could I, a mere little disciple, possibly be able to win against you all? If you all wanted to do something to me, wouldn’t it be equivalent to stepping on an ant? Why must you go through all these troubles?” Chu Feng asked with an expression of being wronged.

“Chu Feng, don’t you continue with your nonsense...” After hearing what Chu Feng said, those elders of the Punishment Department were all so enraged that their complexions turned ashen. They never imagined that Chu Feng would be so brazen and voice his suspicion of their motives before such a large crowd.

Truly, after what Chu Feng said, their motives were exposed. Furthermore, they had fallen into a state of being incapable of explaining themselves. No matter how one looked at it, they would appear to have planned this beforehand, and came to deliberately make things difficult for Chu Feng. In an instant, the people that entered a crisis turned out to be them instead.

“Amazing. So resourceful, this Chu Feng is truly too quick-witted. However... wouldn't this completely offend all of these people from the Punishment Department?” The Weaponry Refinement Department's management elder was very appreciative of Chu Feng's response. Yet, he was also slightly confused.

“They've come here precisely to make things difficult for Chu Feng. Even if Chu Feng did not offend them, they would not have let him get away. People like them are destined to be enemies from the beginning. So what harm is there if Chu Feng were to offend them?”

“Merely, to speak in such a manner to those from the Punishment Department in public, this Chu Feng is the very first that I've ever seen. Truly, it is difficult for one to not praise his courage and insight,” said Elder Wei.

“That's right. This Chu Feng is truly a talent. I admire this boy more and more now. I truly want to see what will happen next.” The management elder from the Weaponry Refinement Department nodded his head repeatedly. A pleasantly surprised smile appeared on his aged face.

“Chu Feng, don't you pester endlessly to try to invert right and wrong. It is one thing for you to go against the rules and kill a fellow disciple. Yet, you actually dare to insult the elders from the Punishment Department as well. You've truly eaten the heart of a tiger and the gall of a leopard. Do you even put any rules of the Cyanwood Mountain in your eyes?”

“That's right. Chu Feng, enough with your nonsense. There was no deep hatred between you and Lei Yao. This fight to the death was unreasonable to begin with. No matter how much you say, it still remains unreasonable. You are incapable of exculpating yourself from your sins.” Seeing this, the

elders from the Orion Monastery hurriedly spoke to help get the people from the Punishment Department out of their embarrassing situation.

“Oh? So it turned out that a fight to the death could only be conducted should the two parties have a deep hatred for each other?”

“In that case, I wish to ask, members of the Orion Division, I have killed your Head, do I have a deep hatred with you all now?” Faced with the elders deliberately making things difficult for him, Chu Feng still had a calm expression on his face. With a beaming smile, he looked to the group of Orion Monastery disciples.

Chapter 1182: Forced Into a Corner

“You killed my senior brother Lei Yao, I truly wish that I could dismember your body into ten thousand pieces. Merely, because I possess sentiments for my fellow disciples, I cannot do such a thing.”

“That’s right. Chu Feng, you should be glad, glad that you’re a disciple of the Cyanwood Mountain. Otherwise... we would’ve already dismembered your body and pulled out your bones and toss your ashes a hundred times.”

“No, a hundred times is not enough to diffuse the hatred that we have for you. A million times, ten million times,” said the disciples of the Orion Division in an extremely fierce manner as they gnashed their teeth in anger. They truly hated Chu Feng to the bones.

After all, Chu Feng’s defeat of Lei Yao was not only a humiliation to Lei Yao, it was a humiliation to their entire Orion Division, a disgrace to all the members of the Orion Division.

Chu Feng had humiliated them in public, how could they not feel hatred toward Chu Feng?

“Leave it, don’t give me the whole thing about ‘sentiment for fellow disciples’ and ‘rules of the Cyanwood Mountain’. Since we already have an enormously deep hatred for each other where you all wished to kill me, then don’t restrain your hatred and desire for revenge in your hearts.¹ Not to mention that it would be bad for your health, it is actually very simple for you all to obtain your revenge. Just have a fight to the death with me, wouldn’t that solve the problem?”

“Come, whoever wishes to avenge your senior brother Lei Yao can come at me. I, Chu Feng, await you all. I can sign the life and death agreement with you all right away, so that you’ll have the opportunity to obtain your revenge.” With a smile on his face, Chu Feng spoke those words with a loud voice.

“This...” Hearing those words, the complexions of all the members of the Orion Division turned ashen, and they subconsciously took a step back

and lowered their heads in silence.

Those people who had previously cursed at Chu Feng all hurriedly closed their mouths and did not even dare to look at Chu Feng's face. In a blink of an eye, their temperament of feeling extreme hatred for Chu Feng disappeared and was replaced with cowardice and fear.

After all, they had all seen Chu Feng's strength for themselves. Even Lei Yao had been no match for Chu Feng. Thus, how could they possibly be able to match Chu Feng? A fight to the death with Chu Feng? Wouldn't that be equivalent to bringing about their own destruction?

"Chu Feng, don't you act so arrogant. No matter what, it remains that you've killed senior brother Lei Yao and absorbed his source energy. You are now a sinner; it is impossible for you to escape your crimes."

Suddenly, Yuan Qing spoke out with rage. As if he was inspired by righteousness, he pointed at Chu Feng and harshly criticized him. After that, he cupped his fist and courteously saluted the elders of the Punishment Department.

With a respectful yet resentful tone, he said, "Elders, this Chu Feng is stubborn and untamable. You all have seen what he did earlier. Not only did he kill senior brother Lei Yao, he even wanted to kill other fellow disciples."

"How could we allow such a person to remain in our Cyanwood Mountain? Disciple Yuan Qing earnestly requests that the Punishment Department severely punish Chu Feng. It would be letting him off if we are to only strip him of his identity as a disciple of the Cyanwood Mountain, I suggest that we should cripple his cultivation so that he cannot do evil again."

"Oh-ho, truly a devotion to righteousness. Yuan Qing, exactly how much hatred do you possess for me that you not only want to drive me out of the Cyanwood Mountain, but also want to cripple my cultivation?"

"Since you hate me this much, there's no need for you to bother the elders. Why don't you just do it yourself? Isn't this simple enough? Come, fight me to the death. I'll give you the chance to kill me." Chu Feng said to

Yuan Qing.

“Chu Feng, I will not fight you, nor will I conduct a fight to the death with you, for I feel that it is beneath myself to fight someone like you, and fear that it would be dirtying my hands to kill you,” Yuan Qing said those words one at a time. He had clearly refused Chu Feng’s provocation.

Although Yuan Qing was arrogant, he was no fool. Even though he loathed Chu Feng, he knew very well now that he was no match for him either. Thus, he would naturally not accept Chu Feng’s challenge, and merely wanted to use the Punishment Department to eradicate Chu Feng.

“Mn, not bad. You’ve found a pretty good reason. It truly is one that one can have no choice but to respect.”

“I, Chu Feng, am the scum and you, Yuan Qing, are the hero. A hero is unwilling to eliminate the scum for the people, because he fears that he will dirty his hand. What a great justification this is. Oh how thoughtful and selfless you are. Truly, you’re a person worthy of the greatest admiration.”

“However, Yuan Qing, might it be possible for me to comprehend your response in a different way? Actually, the reason you’ve said all this was all to hide your fear of me, no?”

“You never wished to fight against me to begin with, because you knew very well that you were no match for me and fear me from the bottom of your heart.”

“Am I right? Great genius who triggered the Ancient Era’s Immortal Needle?” Chu Feng said those words with a beaming smile. However, each and every word that he spoke was there to belittle Yuan Qing.

“That’s right, Yuan Qing is the great genius who triggered the Ancient Era’s Immortal Needle, the demon-level character who obtained the Commander Flag. Furthermore, Chu Feng’s cultivation is only that of a rank two Martial King, while Yuan Qing is already a rank three Martial King. Logically, Yuan Qing should be stronger than Chu Feng.”²

“If Yuan Qing wanted to avenge Lei Yao, couldn’t he directly fight Chu

Feng to the death and kill him?” Once Chu Feng said those words, the crowd immediately started to burst into an uproar. All kinds of remarks were being spiritedly discussed.

“Chu Feng, you are truly arrogant and conceited. Junior brother Yuan Qing is the true genius. He is a hundred times stronger than you. How could he possibly fear you?”

“That’s right. Junior brother Yuan Qing, do not bother with his nonsense, just fight him to the death and dismember his body to ten thousand pieces to avenge senior brother Lei Yao.”

“That’s right. Junior brother Yuan Qing, go and kill him. There is no need to feel sentiment for a fellow disciple toward an animal like Chu Feng. Go and teach him a proper lesson so that he can be aware of how high the sky really is.”

At this moment, even the disciples of the Orion Division started to urge Yuan Qing to fight. They wanted Yuan Qing to teach Chu Feng a lesson. After all, in their hearts, Yuan Qing was the true demon-level genius, the person who they were most intensely proud of.

“Yuan Qing, there’s no need to endure it. Chu Feng’s defeat of Lei Yao is equivalent to a slap to our Orion Monastery’s face, the smashing of our Orion Division’s signboard. As a disciple of the Orion Monastery, it should be you who takes back our face. Go ahead, allow everyone to experience your strength.”

It was not only the disciples who were urging Yuan Qing to fight. Even the elders of the Orion Monastery started to secretly send voice transmissions to urge Yuan Qing to fight Chu Feng and retrieve their lost face.

At this moment, faced with the voices coming from all directions, Yuan Qing’s face turned completely green, his body was covered with sweat and his lips twitched nonstop.

He truly never imagined that Chu Feng would use such a method to force him to fight. Evidently, he had unknowingly fallen into Chu Feng’s trap.

“Senior brothers and sisters, I actually also wish to fight that Chu Feng to the death, and personally avenge senior brother Lei Yao.”

“However, I, Yuan Qing, am a human, and not an animal like that Chu Feng. As a fellow disciple, I truly am unable to forgo my sentiment for fellow disciples. Thus, I feel that this matter is best left to the elders of the Punishment Department. I believe that the Punishment Department’s elders will handle this matter fairly and give us a reasonable answer.”

Yuan Qing knew his own abilities very well. Thus, even if he was to be killed, he would still refuse to fight against Chu Feng. Yet, he could not say it out loud. Thus, he could only feign calmness, and speak a dignified justification to once again refuse a fight against Chu Feng.

“This...” Hearing the words spoken by Yuan Qing, the crowd all sighed. Perhaps they might’ve felt that Yuan Qing was a very righteous person when they heard Yuan Qing’s reasoning for the first time. However, to hear it again now only made it sound like an excuse.

Yuan Qing was able to sense that the crowd was unconvinced. Thus, the pressure in his heart grew greater and greater. At this moment, he truly hated Chu Feng with all his heart.

He was thinking about why Chu Feng was this confident that he would be no match for him, why he insisted on forcing him to fight. How was Chu Feng this treacherous that he managed to, with several words, maneuver everyone to urge him to fight?

At this moment, even his intestines had turned green. Yuan Qing had been a treacherous person all his life, and had originally wanted to seize this opportunity to down Chu Feng and never allow him to get back up, to kill him thoroughly. Yet, never did he imagine that Chu Feng was even more treacherous than him and forced him into a corner in the blink of an eye.

However, he knew his own battle power, as well as Chu Feng’s, very well. After considering the difference between them, he knew that he could not take up the challenge. Even if his reputation was to be ruined, he would still refuse to fight Chu Feng.

Having made the firm decision in his heart, Yuan Qing bit down on his teeth and decided that, regardless of what Chu Feng or the others might say, he would not fight Chu Feng, since he was not dumb enough to bring about his own destruction.

Chapter 1183: The Disclosure Of The Truth

“Yuan Qing, I know that you possess a kindhearted nature and an amiable temperament. You are clearly a genius with exceptional talent and strength. Yet, you’re unwilling to show off your arrogance or even act arrogant and despotic, and are unwilling to use force to settle problems. You are truly a rare kindhearted person.”

Right at this moment, that Elder Ying from the Punishment Department spoke. While he spoke with a very amiable tone, he said those words in a very serious manner. The attitude that he displayed toward Yuan Qing was extremely good. It could be seen that he was very appreciative of Yuan Qing.

“However, Yuan Qing, as the saying goes, people who are kind will be taken advantage of by others, and horses who are kind will become mounts to others. While it is fine to be kindhearted, one should still determine who it is that one is being kindhearted to. This Chu Feng is an overly arrogant person, who disregards his fellow disciples and even looks down on us elders.”

“To someone like him, there is simply no need for you to be lenient. Otherwise, if you are lenient, it would only make him even more arrogant.”

“Chu Feng has committed an offense. Naturally, our Punishment Department should be punishing him. However, his wrongdoings are not sufficient enough for us to expel him from the Cyanwood Mountain, nor are they enough for us to cripple his cultivation.”

“However, right now, there is an opportunity before us, an opportunity to punish this Chu Feng. As he has killed Lei Yao, you, as a disciple of the Orion Monastery, now possess a deep hatred with this Chu Feng. It is now within reason for you to use the means of a fight to the death to settle your grudges.”

“Thus, Yuan Qing, do not endure it anymore. It is time for you to display your strength, to show your graceful bearing when you triggered the

Ancient Era's Immortal Needle, your demeanor when you've obtained the Commander Flag, and your strength of an exceptional genius. Go ahead and fight this Chu Feng to the death so that you can resolve this grudge and avenge your senior brother Lei Yao."

"Today, this old man shall make an exception and personally preside over this fight to the death so that you, Yuan Qing, can personally avenge Lei Yao and eliminate our Cyanwood Mountain's scum, Chu Feng."

Elder Ying from the Punishment Department spoke those thunderous words with an expression filled with expectation. It could be seen that he greatly desired Yuan Qing to kill Chu Feng. Furthermore, he firmly believed that Yuan Qing possessed the capability to do so.

"That's right. Junior brother Yuan Qing, the more strength one possesses, the more responsibility one has. Among us disciples from the Orion Monastery, only you are capable of killing Chu Feng and avenging senior brother Lei Yao. Since even the elder from the Punishment Department has spoken, you shouldn't continue to refuse the fight. Instead, go and teach that Chu Feng a lesson." Hearing those words, the disciples from the Orion Monastery once again started to loudly shout for Yuan Qing to fight.

While they feared Chu Feng, and knew that they were no match for him, they felt that Yuan Qing was capable of sticking up for them. They all felt that regardless of how enormously powerful a demon-level character Chu Feng was, he would still be no match for Yuan Qing. After all, Yuan Qing was an exceptional demon-level character who had triggered the Ancient Era's Immortal Needle. Fighting him would absolutely mean death for Chu Feng.

"Elder, this..."

At this moment, Yuan Qing was completely stupefied. Never did he ever imagine that even Elder Ying from the Punishment Department would urge him to fight. Wasn't this equivalent to him being forced to a path of his own death?

At this moment, Yuan Qing was standing there with an ashen

complexion. He had become speechless, for he did not know what he had to say in order to not fight against Chu Feng.

At this moment, him fighting Chu Feng was the desire of practically everyone present; there was no leeway for him to get away.

“What’s going on? Why is junior brother Yuan Qing not replying?”

“Quickly, look. Why did Yuan Qing’s expression turn so ugly? Hey, it seems like his hands are even shaking.”

“Heavens, could it be that this Yuan Qing is exactly as Chu Feng had said, and all those righteous words he spoke earlier were merely excuses, and he did not want to fight Chu Feng because he was afraid of Chu Feng?”

“Bullshit. My junior brother Yuan Qing is an exceptional genius. How could he possibly fear that Chu Feng?”

“Bullshit your mother, you’re the one bullshitting. The one that’s not daring to fight right now is your Orion Monastery’s Yuan Qing and not Chu Feng. If you have the skills, go and make Yuan Qing fight.”

“That’s right. Your Orion Monastery’s Yuan Qing has been bragged and boasted all the way into the skies. Didn’t he claim to be capable of matching Lord Qing Xuantian? Yet, look at what he really is, nothing more than a coward. He can boast all he wants, but when it’s time to use his true strength, he is nowhere near as strong as this Southern Cyanwood Forest’s junior brother Chu Feng.”

“Shut your mouths! There’s no way that junior brother Yuan Qing would be afraid of Chu Feng. Before junior brother Yuan Qing, Chu Feng is nothing but trash, a fly he could swat to death with one hand.”

“That’s right. Junior brother Yuan Qing is the person who triggered the Ancient Era’s Immortal Needle. Legend has it that before him, only Lord Qing Xuantian managed to accomplish such a thing. This meant that junior brother Yuan Qing is someone who is comparable to Lord Qing Xuantian. And who is that Chu Feng? He’s nothing, someone completely unworthy of being compared with our junior brother Yuan Qing.”

“Junior brother Yuan Qing, stop holding back. Go and fight, go and show everyone your strength and how powerful you really are.”

Yuan Qing’s hesitation and cowardice created a large disturbance among the crowd. Many people began to notice Yuan Qing’s reaction, and felt that he was truly afraid of Chu Feng. However, the people from the Orion Monastery continued to firmly believe that Yuan Qing was capable of defeating Chu Feng. As this went on, conflict between the two sides began to appear, and some among them even started to quarrel with one another. The situation almost reached an uncontrollable point where people were about to start fighting each other.

At this moment, the majority of the crowd’s gazes were on Yuan Qing. They were waiting for Yuan Qing’s response, regardless of whether he might be a hero or a coward. At this moment, everything hinged on Yuan Qing.

However, when faced with the gazes from the crowd, the attention coming from all directions and the sound of quarrels, Yuan Qing’s entire body became covered with sweat, and his legs began to feel soft. He was truly unable to withstand this sort of pressure.

At this moment, Yuan Qing was truly regretful. He truly regretted how he had sought small advantages in vain.

If he knew this was going to happen, he would not have tried to falsely claim those honors as his own. He, who had originally planned to use these honors to achieve meteoric success in his cultivation, had never thought that these honors would end up becoming the instruments that would lead him to the gates of hell.

“Hahaha, hahaha, hahahahaha...”

Right at this moment, a sudden frantic laughter smashed apart the noisy deadlock.

In an instant, everyone closed their mouths. The only thing that continued to resound through this region of space was that frantic laughter.

“It’s Chu Feng. What’s he laughing about?” The crowd noticed that it was Chu Feng that was laughing. Furthermore, his laughter was abnormally loud and clear and even somewhat strange.

Moreover, his laughter was one filled with mockery. It did not seem to be a mockery directed toward only Yuan Qing. Instead, his laughter seemed to contain a mockery directed toward everyone present.

However, it remained that Chu Feng’s laughter made him the focus of the crowd once more, turning everyone’s gazes onto him.

At this moment, there was a clear contrast between Yuan Qing and Chu Feng. Yuan Qing’s complexion was very pale and he was covered with sweat. At a glance, he appeared like an ill person.

As for Chu Feng, he was extremely vigorous and lively, possessing overflowing energy. Being compared in such a manner caused the crowd to feel that Yuan Qing only looked impressive, but was actually worthless, and Chu Feng was actually the person with real ability.

“Everyone, I believe you all are very curious to why this Yuan Qing is acting so cowardly and not daring to fight me, right?”

“Actually, if you all wish to know, there is no need for you to go and ask Yuan Qing; you could ask me instead, as I am able to provide you with the answer.” Chu Feng suddenly held back his laughter and looked at the crowd with squinted eyes.¹

He had thoughtfully and exhaustedly planned for this moment.

He had looked forward to this moment for a very long time.

Today, this moment had finally arrived.

“Chu Feng, don’t you spout your nonsense.” Seeing this, the people from the Orion Monastery hurriedly shouted at Chu Feng. They did not want Chu Feng to strike at Yuan Qing again.

“You people from the Orion Monastery, shut your mouths and allow junior brother Chu Feng to speak.”

“That’s right. Junior brother Chu Feng, tell us exactly what is going on.”

“Go ahead and tell us. Regardless of whether it’s true or not, just tell us what it is.”

Other than the people from the Orion Monastery, all of the other disciples present wanted Chu Feng to tell them what he wanted to say. Their shouts quickly covered the voices from the people of the Orion Monastery. In an instant, the only voices that could be heard were voices that wanted Chu Feng to speak.

Chapter 1184: False Countercharge

At that moment, Bai Ruochen, Long Chenyi and practically everyone else present cast their gazes onto Chu Feng. They all felt that what Chu Feng would say would create an enormous wave. 1

“Since everyone wants to know about it this badly, then I won’t conceal it anymore either.”

“Actually, it’s very simple. The exceptional genius that you all have thought to be comparable to Lord Qing Xuantian, the demon-level character Yuan Qing, is actually no genius at all. Instead, he is merely trash.”

“Furthermore, not only is he trash, he is also an extremely despicable, shameless, petty and vile character.”

“The fact of him triggering the Ancient Era’s Immortal Needle is a lie, and the fact of him obtaining the Commander Flag is also a lie. All of the honor and glory that he carries on him are lies, things that he has stolen from someone else, things that he has robbed another of.”

“As he does not have true ability, how could he possibly dare to fight against me? Without the ability to survive, how could he possibly dare to accept a fight to the death before this many people?” Chu Feng’s voice grew louder and louder. Furthermore, each and every one of his words was very resounding, trembling through the entire sky and intimidating the hearts of the crowd.

“What? The honors and glories that Yuan Qing accomplished were all fake? In that case, doesn’t it mean that he has not triggered the Ancient Era’s Immortal Needle, and not obtained the Commander Flag?”

“Exactly what is going on? Why did Chu Feng say that the honors and glories that Yuan Qing has were stolen and robbed? Is he implying that the person who had done all of those was not Yuan Qing, and Yuan Qing merely claimed someone else’s accomplishments as his own?”

“But, in that case, exactly whose accomplishments did Yuan Qing claim

to be his own? Exactly who is that real exceptional genius?”

Chu Feng’s words immediately created a ruckus among the crowd. Everyone’s expressions changed greatly. They had thought that perhaps Yuan Qing feared Chu Feng because he felt that Chu Feng was too powerful and that he was no match for him.

However, never had they ever imagined that everything that Yuan Qing ever accomplished was fake. It turned out that he was simply not an exceptional genius. Instead, he was an extremely fake, despicable and shamelessly vile individual.

“Chu Feng, you’re spouting bullshit. While you can insult us, we definitely cannot allow you to frame our junior brother Yuan Qing.” At this moment, the disciples of the Orion Monastery were all enraged. They who believed Yuan Qing firmly all felt that Chu Feng was lying, that he was seizing this opportunity to attack Yuan Qing, and that he was the one that was actually despicable and shameless.

“Chu Feng, while you can eat whatever you wish, you cannot say whatever you wish. If you dare to continue to speak nonsense like this to attack another’s dignity and slander another’s reputation, then do not blame me for doing my duty as an elder and taking you down.”

In fact, it was not only the disciples of the Orion Monastery that were enraged, the elders from the Orion Monastery were also enraged. Especially those several Half Martial Emperor-level elders; they were displaying their anger without concealing anything.

With overflowing anger, they caused the skies to turn dark and lightning to appear. This scene was truly terrifying. It was as if they would truly attack Chu Feng should he dare to speak malicious words toward Yuan Qing.

“Ha, haha, hahaha, hahahahaha...” However, faced with this sort of situation, not only was Chu Feng not afraid in the slightest, he instead started to frantically laugh once again.

He laughed for quite a while before suddenly stopping his laughter. With raised eyebrows and a serious expression, he looked at the elders of the

Orion Monastery and said with a loud voice. “You say that I am attacking Yuan Qing’s dignity and slandering his reputation, then let me ask you all a question. Who among you all had personally seen Yuan Qing triggering the Ancient Era’s Immortal Needle? Who among you all had personally seen Yuan Qing obtaining the Commander Flag? All of you only saw the aftermath, but who among you actually saw the process?”

“This...”

“While none of us saw the process, the results clearly indicate everything. Regardless of whether it is the triggering of the Ancient Era’s Immortal Needle or obtaining the Commander Flag, they were both done by Yuan Qing.”

“These are things that us elders could vouch for with our own dignity, for Yuan Qing is a disciple of our Orion Monastery, and we know of and believe in his personal character very well.”

“Thus, Chu Feng, it is best for you to not continue to slander Yuan Qing. Otherwise, we will truly not hold back against you.” said the elders of the Orion Monastery in anger.

“Good, very good. What a great ‘vouch for Yuan Qing with our dignity.’ Since you elders are willing to vouch for Yuan Qing, then I have a question that I wish to ask Yuan Qing.”

“Yuan Qing, since you’ve obtained the Commander Flag, where is the Commander Flag? As far as I know, you have yet to exchange your Commander Flag for the rewards, right?”

“Since you’ve yet to exchange it for the rewards, it means that the Commander Flag must most definitely be on you. Are you daring enough to take it out so that we can see it?” Chu Feng asked Yuan Qing.

“That’s right, although Yuan Qing obtained the Commander Flag, it appears that no one have seen him take out the Commander Flag before. He hasn’t exchanged the Commander Flag for the rewards in the Mission Plaza either. So where exactly is the Commander Flag?”

As expected, once Chu Feng said those words, many people started to

put everything together. As none of them had seen Yuan Qing's Commander Flag before, this caused many of them to become suspicious of Yuan Qing. More and more people began to question the authenticity of this genius.

"Yuan Qing, take out the Commander Flag and show it to him so that he has nothing to say," said an elder from the Orion Monastery with a loud voice.

"Elders, I..." Yuan Qing was forced into a dead end by Chu Feng. At this moment, not only was his complexion pale, he was also sweating and trembling. Even his speech had started to stutter and tremble.

Faced with the questioning from the crowd, he finally clenched his teeth and said, "The Commander Flag, the Commander Flag, I've... lost it."

"What? You've lost the Commander Flag?" Hearing those words, not to mention the others, even the expressions of those elders from the Orion Monastery changed greatly.

They had all vouched for Yuan Qing with their own dignity. Yet, Yuan Qing was actually unable to take out the Commander Flag right now and even said that he had lost it. Wasn't this equivalent to a slap to their faces?

"Elders, I, Yuan Qing, have let you all down. However, I have truly lost the Commander Flag. I should've told you all about this matter sooner, I should not have concealed it. Elders, please punish me." Gnashing his teeth with anger, Yuan Qing confirmed the matter.

"Lost it? From the way I see it, it's not that you've lost it, but instead, that you never obtained it to begin with and have never even seen what it looks like, no?" said Chu Feng with a smile on his face.

"I have lost it, so whatever you say now is fine. However, Chu Feng, I truly do not understand why must you attack me like this. Could it be that you're jealous and envious of me? Is that the reason that caused you to harbor such hatred for me?"

"I know, that must be the reason. You were among the people who

entered the Ancient Era's Immortal Pond alongside me. However, the person who triggered the Ancient Era's Immortal Needle in the end was me and not you."

"Ever since that time, you've hated me to the bones and planned to frame me the entire time. Today, you've finally managed to obtain what you wanted, isn't that right?"

"However, I'll tell you this. You are wrong. The eyes of the elders are bright and clear. The senior brothers and sisters of the Cyanwood Mountain are sensible people. It is impossible for this little scheme of yours to deceive them. It is impossible for you to entrap me. In the end, you will only become a laughingstock, everyone's object of contempt."

Yuan Qing was nearly forced insane by Chu Feng. At this moment, he was finally unable to restrain himself anymore and burst forth with all of the anger within his heart. However, Yuan Qing was very intelligent. Not only did he provide an explanation for himself, he even made a false countercharge against Chu Feng.

"Jealous of you? Envious of you? Hey hey hey, Yuan Qing, aren't you thinking too highly of yourself? Why don't you carefully inspect yourself and see exactly what you possess that is worthy of my jealousy? Is there even anything that you have that surpasses me?"

"You say you've lost the Commander Flag, in that case, how did you lose it and where did you lose it? Are you able to tell us that? Even if you are to lie, you should make your lies out to be reasonable, no?" Chu Feng had already anticipated that Yuan Qing would countercharge him. He was not angered in the slightest. Instead, he was smiling an extremely brilliant smile. Everything was within Chu Feng's grasp.

1. Extremely controversial.

Chapter 1185: Overestimating One's Capabilities

“Of course I can. If there's anything that you don't understand, I can explain it to you right away.”

“After I obtained the Commander Flag, I joined the Heaven Inquiring Division before I even had the time to exchange it for the reward, and then left to conduct missions alongside the senior brothers of the Heaven Inquiring Division.”

“While doing the mission, I encountered a fierce beast. That fierce beast was extremely powerful and possessed strength comparable to that of a rank eight Martial King. Furthermore, it also possessed a special bloodline.”

“It had followed us stealthily, making preparations to attack us at any moment. For the safety of the senior brothers that went to do the mission alongside me, I decided to stay behind by myself and attract this fierce beast away from the others.”

“However, that fierce beast was truly too powerful. I was unable to be a match for it and decided to escape for my life after luring it far away from the senior brothers. Unfortunately, that fierce beast was extremely interested in my Cosmos Sack, and refused to stop chasing after me.”

“In the end, in order to save my own life, I had no choice but to leave the Cosmos Sack behind. As for the Commander Flag, it was in that Cosmos Sack.”

“I did not mention this matter to the senior brothers from the Heaven Inquiring Division because I feared that they would worry about me. However, as things stand, I must now speak the truth .”

“Senior brothers from the Heaven Inquiring Division, please bear witness to my story, for I have most definitely not lied,” said Yuan Qing one word at a time as if everything was true.

“That's right. When junior brother Yuan Qing was conducting the

mission with us, he had indeed left for a period of time. We never expected that junior brother Yuan Qing had encountered such danger. Junior brother Yuan Qing, why didn't you speak of this to us earlier?"

"Sigh, junior brother Yuan Qing is truly too considerate. You actually decided to face such a powerful fierce beast by yourself for the sake of our safety, and even lost your precious Commander Flag because of this. As your senior brothers, it should be us who should protect you. We are truly ashamed." At this moment, several members from the Heaven Inquiring Division stood forward. Not only did they testify for Yuan Qing, they were also displaying grateful expressions on their faces.

"Senior brothers, there is no need for you all to blame yourselves. It is something that I, Yuan Qing, had decided to do voluntarily. Merely, because I've lost the Commander Flag and wasted the patronization from our Cyanwood Mountain, I, Yuan Qing, am willing to accept punishment," Yuan Qing said in a righteous manner.

"Oh, so that's the case. In that case, that means that the Commander Flag should be in the hands of that fierce beast, and definitely not something that could be found, right?"

"However, if the Commander Flag was truly taken by the fierce beast, then everyone, please look at this. What is this?" Chu Feng smiled lightly, and then his palm flickered with light. When the brilliant light disappeared, a large banner appeared in his hand.

"Heavens, this..."

When the crowd saw the imposing and extraordinary banner that whirled about in the wind as it was being held by Chu Feng, all of their expressions changed. That was because the banner was precisely the Commander Flag.

"Commander Flag. That's the Commander Flag. Why would Chu Feng have the Commander Flag?"

"Heavens! Could it be that the person who actually obtained the Commander Flag was not Yuan Qing but instead Chu Feng, and that Yuan Qing has falsely claimed Chu Feng's achievements as his own? Could it be

that everything was done by Chu Feng?”

“That’s right, it is very likely that this is the case. Truly, with how unimaginably powerful he is, he most definitely possesses the strength to obtain the Commander Flag.”

“If that really is the case, then wouldn’t this Yuan Qing truly be shameless? Not only did he declare Chu Feng’s achievements as his own, he even tried to play dirty tricks on him the entire time so that he could eliminate Chu Feng. That Yuan Qing truly is despicable.”

When they saw the Commander Flag in Chu Feng’s hands, the crowd suddenly came to a realization. It was as if they had understood what had happened, one by one, and they began to curse out at Yuan Qing’s shameless behavior.

“This, how is this possible, why would this be the case?” Compared to the surrounding crowd, the people from the Orion Monastery were all struck dumb. Regardless of whether it might be the elders or the disciples, they were all displaying ashen complexions, as if they had received an enormous shock.

They had wholeheartedly believed Yuan Qing, and considered him to be the signature of their Orion Monastery. Yet, what was happening right now? Could it be that Yuan Qing was really being publicly exposed for his crimes? Not only would this strip him of his honors and glories that came with being a demon-level character, it would even give him the label of being a despicable vile character.

When they thought of these things, those elders from the Orion Monastery that had said that they would vouch for Yuan Qing with their own dignity truly felt as if their hearts were being shattered.

“Chu Feng, so it was you. So it was all your evil schemes! Here I wondered why that fierce beast was so interested in my Cosmos Sack, so it turned out that what it was interested in was not my Cosmos Sack but the Commander Flag within it. It was you who sent that fierce beast at me, isn’t it?”

“Chu Feng, I know that you loathe me and that you’re jealous of me. For

the sake of attacking me, you have truly given a lot of thought, and planned all of this very meticulously.” Yuan Qing did not admit to the truth. As matter stood, how could he possibly admit to the truth? All he could do was to lie till the end. Thus, he wanted to turn black into white and countercharge Chu Feng once more.

“Yuan Qing, you say that I, Chu Feng, loathed you and wanted to attack you. In that case, why don’t you take out some actual proof?”

“Since you said you obtained this Commander Flag, then it means you must possess the ability to obtain the Commander Flag. Come, come and snatch the Commander Flag from my hands. As long as you can snatch it from me, it would mean that I am the one that is lying. However, if you cannot, then it would be you that is lying.”

Holding the Commander Flag in his hand, Chu Feng suddenly descended from the sky and landed directly in front of Yuan Qing. With thunderous steps, he began to walk toward Yuan Qing one step at a time.

There were no elders or any disciples who stopped Chu Feng’s actions. It was as if everyone present wanted to see who exactly among the two of them was strong and who was weak, who exactly was the despicable vile person.

“You, you, you...”

Faced with Chu Feng who was slowly walking toward him, not to mention fighting, Yuan Qing was simply incapable of even withstanding Chu Feng. With every step that Chu Feng took, Yuan Qing would take a step back. He was completely battered by Chu Feng’s oppressive might.

“Putong.” Suddenly, Yuan Qing’s legs grew soft, and he actually fell to the ground. Like a dying dog, Yuan Qing was completely suppressed by Chu Feng’s oppressive might, unable to stand back up.

“Holy crap, he actually got so scared that he fell to the ground. That Yuan Qing is this weak? He is simply incapable of contending against Chu Feng.”

“That’s right. The difference between the two of them is truly a bit too

enormous. Not to mention comparing with Chu Feng, this Yuan Qing is inferior to even me. He is truly nothing more than trash.”

“Motherfucker, so the genius that I have held in such reverence the entire time was actually such trash. Fuck, I am truly as blind as a dog.”

Seeing this scene, everyone opened their mouths wide in shock. They had thought before that Yuan Qing might be inferior to Chu Feng. However, never did they ever imagine that the difference between them was this enormous. How could Yuan Qing possibly be considered an exceptional genius, a demon-level character? He was simply a mediocre individual, and could even be said to be trash.

“Chu Feng, I admit that my strength is inferior to yours. However, don’t you think that you can invert right and wrong with only this.”

“To obtain the Commander Flag requires not powerful battle power. Instead, what it required is powerful sensitivity. What it relies on is one’s spirit power and not one’s battle power.”

Yuan Qing refused to admit his wrongs even before death. Even though he had fallen to the ground like a dying dog before Chu Feng, he still clung onto his firm determination that it was Chu Feng that was lying and that it was he who obtained the Commander Flag.

“Very well, spirit power was it? Since you say that, then allow us to compare our spirit power.”

Seeing this, Chu Feng smiled lightly. He pulled back his powerful oppressive might and, with a thought, layer upon layer of invisible energies created frantic hurricanes one after another that charged toward Yuan Qing.

“Heavens, what powerful spirit power. That Chu Feng is actually this powerful?”

Although spirit power was invisible and formless, Chu Feng had managed to turn it into something that possessed form. Not only world spiritists, even those who did not possess spirit power were able to clearly see how enormously powerful Chu Feng’s spirit power was.

“Amazing. Never would I ever have imagined that this Chu Feng’s spirit power is this frightening. No wonder he was capable of gathering that many Firmament Medicinal Herbs with his young age and cultivation.”

“From the way it looks now, his accomplishment of gathering that many Firmament Medicinal Herbs was simply not an all-out effort from him. If he had gone all-out, he would most definitely have gathered even more. The attainments that this Chu Feng has in world spirit techniques are simply unprecedented, truly frightening.”

Not to mention the ordinary disciples and elders, even the two management elders high above the sky that no one had noticed abruptly stood up. Their aged eyes were flickering with light and filled with surprise. The two of them were both shocked by Chu Feng’s enormous spirit power.

“Come, exceptional genius, the grand demon-level character of a generation, display your spirit power so that you can compare it with mine and broaden my knowledge with exactly how powerful your spirit power is.”

With a mocking smile on his face, Chu Feng began to walk toward Yuan Qing once again. At this moment, he arrived before Yuan Qing and was standing right in front of him.

“Damn it, damn it...” At this moment, Yuan Qing’s clothes and hair were blown into a mess by Chu Feng’s spirit power. Even though Chu Feng had removed his oppressive might, he was able to, using merely his spirit power, put Yuan Qing in an extremely sorry state.

Never had he ever imagined that Chu Feng would possess such an enormously powerful spirit power. If he was to display his own spirit power, it would most definitely be bringing about his own disgrace.

He knew that he was doomed. It seemed that he had fallen into Chu Feng’s trap from the very beginning, and been toyed with by Chu Feng within the palm of his hand. Only today did he realize this. However, by the time he realized all of this, it was already too late.

When he thought of the reverence with which others looked at him with

because of the glories and honors that he had obtained, and when he thought about how they would disappear from today on, Yuan Qing's hatred for Chu Feng had reached a point of extremity.

"Chu Feng, I'll kill you!!!" Suddenly, Yuan Qing snarled in anger. Like an angry wolf that was forced into a corner, not only did Yuan Qing bringt forth all of his martial power, he even, with a flip of his palm, took out a Royal Armament sword. He held the sword and thrust it toward Chu Feng's dantian; he wanted to cripple Chu Feng's cultivation.

"Humph." However, faced with the sudden attack from Yuan Qing, Chu Feng merely snorted coldly. Then, with a slight movement of his body, Chu Feng easily dodged Yuan Qing's thrust. Immediately after, with a 'paa' sound, a slap ruthlessly landed on Yuan Qing's face.

"Wuuaaa" The slap caused Yuan Qing to utter a miserable shriek. Not only did the Royal Armament he held in his hand directly fall to the ground, Yuan Qing himself was also sent flying in the air, rotating over a dozen times before falling back to the ground.

At the moment he landed, half of his face was twisted, and not only did he have a mouthful of blood, his teeth were also shattered. By that single slap from Chu Feng, not a single tooth remained in Yuan Qing's mouth.

At this moment, Yuan Qing's appearance was like that of a dying dog. Although he was extremely unreconciled, he could not get back up and could only lie there on his stomach. It was truly a miserable appearance.

Seeing this sort of Yuan Qing, Chu Feng merely said, "Trying to fight against me? Truly overestimating your capabilities."

Chapter 1186: The Truth Revealed

The dramatic scene had stupefied everyone present.

Yuan Qing, who was known to be a demon-level genius, had actually sneak attacked Chu Feng, wanting to kill him.

Yet, he was slapped by Chu Feng so hard that he had fallen to the ground, lying there like a dying dog and unable to get back up. This scene had truly stupefied all of the people present.

“Chu Feng, exactly what is going on here? Could it be that the Commander Flag has been obtained by you since the very beginning, and that this Yuan Qing has falsely claimed your honor as his own?” Suddenly, Elder Xie stood forward and asked with a loud voice.

She had deliberately done that. As the matter stood, it was extremely clear that even if what Chu Feng said was lies, the crowd would still believe it to be the truth. After all, when comparing their strength, Chu Feng’s strength greatly surpassed Yuan Qing’s by multiple times.

Thus, Elder Xie wanted to pull Yuan Qing down into the water, drown him deep within it and make sure that he could never lift his head back up. Most importantly, she wanted to make it so that the Orion Monastery and those elders from the Punishment Department could not lift their heads up.

“Actually, what happened is extremely simple. If I was to speak of it in detail, it would be troublesome. Thus, I’ll just tell everyone this.”

“This Commander Flag is something that I had obtained from the very beginning; it is I who obtained the Commander Flag. However, I did not allow everyone to see this. Instead, after I obtained it, I decided to give Yuan Qing the opportunity to falsely claim my honor of obtaining the Commander Flag as his own.” With a very calm expression, Chu Feng spoke the truth.

“Give Yuan Qing the opportunity to falsely claim your honor as his own? Why did you do that?” After hearing what Chu Feng said, many people

were confused.

“I deliberately did this with the intention of seeing whether this Yuan Qing would be shameless enough to falsely claim the honor of obtaining the Commander Flag as his own,” said Chu Feng.

“Despicable. You actually laid a trap for Yuan Qing to jump into. You are indeed a treacherous vile character.” At this moment, the elders from the Orion Monastery reprimanded Chu Feng with fierce expressions of anger.

Yuan Qing’s reputation had been completely destroyed by Chu Feng. This was not only a loss of face for Yuan Qing, it was also a loss of face for their Orion Monastery.

As people of the Orion Monastery, they were naturally unwilling to allow Chu Feng to continue to stand so grandly. Thus, when the first opportunity arrived, they immediately started to throw feces at Chu Feng to attack him.

“Laid a trap? I won’t deny that. You all can think of it like that. However, I only gave Yuan Qing the opportunity to falsely claim my honor as his own, but I never forced him to do anything.”

“If he is not a sham, a lowly vile character, how could he possibly go ahead and falsely claim my honor as his own? Everyone, I ask of you, if it was you all, would you all do such a thing? Who would possibly do such a thing?” Chu Feng asked the crowd.

“No, of course not. Even if you were to beat me to death, I would not be that shameless.”

“That’s right. To falsely claim another’s achievement as one’s own, and then use their power and connections to intimidate others, that is truly shameless beyond belief.”

The crowd spoke against it in succession, and even began to denounce Yuan Qing’s actions. Before this many people, how would there possibly be anyone who would say that they would do such a shameless thing? If they did, wouldn’t that be equivalent to disgracing themselves and making it so that others would look down upon them?

Thus, at this very moment, even if there were people who were shameless enough to do such a thing, they would not say that they would. Instead, they would harshly denounce Yuan Qing's actions.

"It would seem that all the senior brothers and sisters present would not go and do such a thing. Since even us disciples would not go do such a thing, then I wish to ask you elders, as an elder, would you claim someone else's honor as your own if given the opportunity?" Chu Feng turned to the elder that had criticized him.

"You..." Hearing what Chu Feng said, that elder was so enraged that he nearly died from anger. Never had he ever imagined that Chu Feng was such an abominable character. Chu Feng had first made everyone stand on his side and then turned to ask him, wasn't this equivalent to telling him to jump into a hole?

"As a core elder of the Cyanwood Mountain, how could I possibly do such a thing?" Faced with such a helpless situation, that elder had no choice but to publicly deny it.

"Since even an elder like yourself would not go and do such a thing, then why did Yuan Qing do it? Didn't you say earlier that you would vouch for Yuan Qing with your dignity, and that there is absolutely nothing wrong with his personal character? Elder, it would appear that you have misjudged this time around," Chu Feng said with a smile on his face.

"You..." Being told such a thing by Chu Feng, that elder was so enraged that he started to firmly clench his fist and gnash his teeth. However, there was nothing that he could say to refute Chu Feng, nor was there anything he could do. He had no choice but to endure his grievances, endure being subtly humiliated by Chu Feng before such a large crowd.

That was because they truly had no other choice. At this very moment, they were in the disadvantageous position, whereas Chu Feng occupied the absolute advantage.

As the matter stood, even though they were extremely unwilling, they had to admit that Chu Feng's guile was truly too tremendous.

Had it been any other ordinary disciple, then before deterrence from

elders, even if they were in the right and the elders were in the wrong, they would not dare to rebuke their elders. At the very most, they would end the matter by leaving it unsettled, or admit that they were in the wrong.

However, Chu Feng was the complete opposite. Not only was he not the slightest bit afraid of those elders, he even publicly argued with them. Furthermore, using his own power, he managed to obtain an advantageous position against all of those from the Orion Monastery.

It was as if they had fallen in Chu Feng's trap since the very beginning, and had then been led by the nose. No matter what, it had always been Chu Feng who stood in the advantageous position. As for them, they were forced lower and lower into a more and more disadvantageous position. In the end, they had lost their popularity among the people and Chu Feng had become the hero in the eyes of the people.

At this moment, Chu Feng was unwilling to spare them, and was forcing their Orion Monastery's people to their deaths. The more they fought back, the more Chu Feng would force them back.

As the matter stood, not to mention the disciples of the Orion Monastery, even the elders of the Orion Monastery did not dare to say anything.

"Chu Feng, Yuan Qing's character is a matter of his own concern. However, you deliberately laying a trap for him is a matter of your concern. You said that Yuan Qing's character is questionable, then do you not have problems with your own character?"

Right at the moment when the people of the Orion Monastery did not dare to reprimand Chu Feng anymore, the Punishment Department's Elder Ying suddenly started to talk.

Elder Ying had come here for the sake of assisting the people of the Orion Monastery. Currently, the Orion Monastery's people were losing momentum. Thus, he would naturally have to lend a helping hand. Otherwise, even his own prestige would be implicated.

"Oh, Elder, what you say is very reasonable. However, what if I am to tell you that there is justification for me laying that trap for Yuan Qing?" Chu

Feng still had a calm expression. It was as if he had been waiting for someone to question his character.

“Justification? Very well, tell us what sort of thing could become the justification for you to lay that trap,” said the Punishment Department’s Elder Ying.

“My justification is that, after I painstakingly triggered the Ancient Era’s Immortal Needle in the Ancient Era’s Immortal Pond, which gave rise to an abnormal sign in the sky, I came back only to discover that all of my achievements had been robbed by a despicable and shameless individual. As for this person, he is none other than Yuan Qing.” As he said those words, Chu Feng pointed his finger at Yuan Qing.

“What? So not only was it Chu Feng that had obtained the Commander Flag, the person who triggered the Ancient Era’s Immortal Needle was also Chu Feng?” Hearing these words, the crowd was greatly shocked once again.

Even though some people had already guessed that possibility, they were still incapable of containing their shock when the truth was revealed.

Chapter 1187: Swearing To The Heavens

“Back then, I had exhausted quite a bit of my physical power in order to trigger the Ancient Era’s Immortal Needle. Thus, I decided to recuperate in the Ancient Era’s Immortal Pond.”

“However, after I finished recovering my strength and emerged from the Ancient Era’s Immortal Pond, I discovered that Yuan Qing had robbed me of my achievements.”

“Furthermore, at that time, even if I wanted to say anything against it, no one would believe me. If I was to expose Yuan Qing, people would instead call me a liar.”

“Moreover, at that time, I had felt that this was merely an honor that would not amount to much even if I did not have it. Thus, I did not bother to bicker with Yuan Qing about it.”

“However, never did I imagine that while I did not go and find Yuan Qing to bicker with him, he instead came at me because I talked back to him before. Furthermore, during the time of the Commander Competition, he even secretly followed me and wanted to attack me in the dark.”

“While I, Chu Feng, am a human, I am no saint. When faced with such a shameless, despicable, treacherous, malicious and overbearing character such as Yuan Qing, I am naturally incapable of sitting by and enduring.

“Thus, I decided to use Yuan Qing’s character against himself. I laid a trap to give Yuan Qing the opportunity to falsely claim my achievement once more.”

“As for the reason why I laid this trap, it was precisely so that I could expose Yuan Qing for his crimes. This is the justification that I have for laying that trap.” Chu Feng’s voice resounded like thunder. One word at a time, he spoke of what had happened.

“So that’s the case. In that case, this Yuan Qing is truly despicable, truly shameless and vile.”

“That’s right. How could there be such a person like him in this world? Such a person should be expelled from our Cyanwood Mountain. He is unworthy of being a disciple of our Cyanwood Mountain.”

“Sigh. Those elders from the Orion Monastery even repeatedly declared that they would vouch for Yuan Qing’s character. How would they vouch for him now?”

“Humph. It’s clear that the Orion Monastery was trying to obtain benefits in the Cyanwood Mountain through the use of Yuan Qing. They are jackals of the same tribe, none of them are people of good character.”

Hearing the words spoken by Chu Feng, many from the crowd started to nod their heads repeatedly. Before Chu Feng’s enormous strength, they had decided to, without the slightest hesitation, believe in what Chu Feng said and they all felt that what Chu Feng said was the truth.

In merely an instant, more and more people began to disdain Yuan Qing and denounce him. It was not only Yuan Qing who became the object of everyone’s contempt, even the Orion Monastery was being disdained. At this moment, all of the members of the Orion Division had lowered their heads. They truly felt that they had no face to meet anyone.² As for those elders from the Orion Monastery, their complexions turned ashen as they felt that they had lost all of their face.

“Chu Feng, you truly are one to blurt out nonsense. It is one thing for you to say that it was you who obtained the Commander Flag, but you actually even dare try to snatch away Yuan Qing’s achievement of triggering the Ancient Era’s Immortal Needle.”

“There must be a limit to one’s conduct. Yet you, relying on the fact that you possess a stronger cultivation than Yuan Qing and better talent than Yuan Qing, you decided to invert right and wrong and forcibly take away all of Yuan Qing’s achievements. Furthermore, you’re even trying to turn everything around and say that it was Yuan Qing who stole your achievements. Are you not too excessive in your conduct?”

“Chu Feng, I wish to ask you, how could someone be as shameless as you? Do you even want any face anymore?” Right at this moment, one of

the Half Martial Emperor-level elders from the Orion Monastery started to reprimand Chu Feng with a face filled with anger. His appearance appeared as if he hated that he was incapable of eating Chu Feng alive.

The Commander Flag was one thing. After all, there would be someone obtaining a Commander Flag every year. Even if people were to feel that it was Chu Feng who obtained the Commander Flag, it would not amount to too much.

However, the honor and glory of triggering the Ancient Era's Immortal Needle was truly too enormous. It was something that only Qing Xuantian had ever accomplished.

Even though the current Yuan Qing had become the object of everyone's disdain, they still had to assist Yuan Qing in saving his honor of triggering the Ancient Era's Immortal Needle.

Otherwise, not only would Yuan Qing be disdained by everyone in the future, even their Orion Monastery would become everyone's object of disdain. And they, the elders, would also be disdained. After all, they had declared that they would vouch for Yuan Qing's character with their dignity.

Thus, as matter stood, in order for them to prevent unnecessary losses, they decided to cut off all means of retreat and fight Chu Feng all the way.

In simpler terms, it meant that regardless of what Chu Feng would say, they would firmly refuse to acknowledge his words as the truth and declare that Chu Feng was lying.

"I am blurting out nonsense? I am shameless? Elder, for you to say such words, you must be willing to take responsibility for those words," refuted Chu Feng.

"Take responsibility? Of course I am willing to take responsibility for my words. Earlier I dared to say that I could vouch for Yuan Qing's character, and now, I still can vouch for Yuan Qing's character."

"The person who obtained the Commander Flag is Yuan Qing. The person who triggered the Ancient Era's Immortal Needle is also Yuan

Qing. No matter how powerful you, Chu Feng, might be, you will only be able to defeat Yuan Qing; don't you dare think that you can snatch away the honors that belong to him." The Orion Monastery's elder had a determined expression. It could be seen that he had truly made a firm resolution to bicker with Chu Feng to the death.

"Very well. You're truly deserving of the title of an Orion Monastery's elder. I truly admire your spirit of shielding your disciple."

"With things having reached this point, I believe that there is no need for excessive explanations. Exactly who is right and who is wrong, who is lying and who is not, I believe that everyone already knows it in your hearts."

"However, as it is impossible to speak white into black and black into white, the truth will remain the truth, something that no one can change."

"Today, I, Chu Feng, insist on having the truth come to light and wish to make it so that you all from the Orion Monastery have nothing else to say." Chu Feng shouted angrily. An angry expression emerged on his previously calm face.

No matter how good of a temperament Chu Feng possessed, no matter how much he had anticipated all of this, but to be repeatedly rebuked by the Orion Monastery's elders had finally ignited Chu Feng's flames of anger.

While Chu Feng had seen shameless people before, it was the first time that he had seen people this shameless. He had clearly displayed the difference in strength between himself and Yuan Qing to the crowd, yet the elders from the Orion Monastery still insisted on calling Chu Feng a liar.

As the matter stood, Chu Feng truly had to admit that the junior was exactly like his seniors. It would appear that it was not without reason that Yuan Qing was this shameless. It turned out that the elders from the Orion Monastery were even more shameless than Yuan Qing. This shamelessness was simply inherited.

However, Chu Feng was not someone easily provoked, nor was he

someone easily bullied. Since they were this shameless, Chu Feng would definitely not let things go. Even though they were elders of the Cyanwood Mountain, Chu Feng was determined to make them pay a considerable price for their shameless behavior.

“Haha, making the truth come to light.”

“Very well. I wish to see for myself how exactly you are going to invert right and wrong, turn black to white and white to black.”

“Based merely on the fact that your strength is stronger than Yuan Qing, you’ve decided to snatch away the glories and honors that belong to him. In that case, doesn’t it mean that all of the good deeds and important matters of the world would be yours as others have snatched away all your achievements, right?” Seeing that Chu Feng was enraged, that elder from the Orion Monastery started to grow complacent. He firmly bit down onto this point and began to continue to refute Chu Feng.

Finally, he managed to find the sensation of having the upper hand against Chu Feng. He wanted to keep this momentum and completely beat down on him.

Even though Yuan Qing being inferior to Chu Feng was a fact, they could not allow Chu Feng to become excessively arrogant, nor could they allow Yuan Qing to be defeated too miserably. Otherwise, it would be an enormous loss for their Orion Monastery and they might not even be able to continue to maintain their status as the overlord of the Cyanwood Region’s southern territory.

“Haha...”

To his surprise, at the moment when that elder felt that he had obtained the upper hand, Chu Feng suddenly removed his angry expression and laughed mockingly.

“Chu Feng, what are you laughing for? Didn’t you say that you’re going to make the truth come to light? In that case, show us the proof, the proof that it was you that triggered the Ancient Era’s Immortal Needle. As long as you’re capable of taking out the proof, I will believe in your words. However, if you cannot take out the proof, then don’t you think you can

get away with all you've done today," shouted that elder with a loud voice.

"Elder, you've said earlier that while one could eat whatever one wished, one could not speak whatever one wished. I feel those words to be very sensible."

"Since you've insisted that I am lying, refused to believe anything that I say, and even call me despicable and shameless, then let's not talk about empty words anymore. Do you dare to hold yourself responsible for the words that you've said?" Chu Feng asked.

"Responsible? I am naturally responsible for my words." The Orion Monastery's elder patted his chest. At this moment, how could he, an elder, possibly fear Chu Feng, a mere disciple?

"Very well. Those words are exactly what I wanted to hear. I, Chu Feng, will right now swear upon the heavens before everyone present that all the things that I, Chu Feng, have spoken earlier are the truth. If there is falsehood within my words, then I shall be struck with thunder from the heavens."

"If I am incapable of proving that it is I who triggered the Ancient Era's Immortal Needle, then I shall kill myself before all of you today." Suddenly, Chu Feng raised his hand and, with his palm facing the sky, swore upon the heavens before everyone.

Chapter 1188: Allow Me

“Chu Feng, don’t act impulsively.” Seeing this scene, the expressions of all those people who possessed good relations with Chu Feng changed greatly. They began to secretly send Chu Feng voice transmissions to try to urge him against it. That was because this oath that Chu Feng had made was truly too deadly.

In fact, after Chu Feng swore upon the heavens, not to mention those who were worried about him, even those who possessed absolutely no relationship with him were shocked.

After all, what had just happened could not be changed. Using merely the words from his mouth, it was impossible for Chu Feng to confirm the validity of the things he had said. Even if they believed Chu Feng, there was nothing that Chu Feng could do about the elders from the Orion Monastery firmly rejecting all that he said and declaring them to be lies.

As for having Chu Feng show proof, how could he possibly be able to show proof? Could it be that he would have to trigger the Ancient Era’s Immortal Needle once again?

However, the energy within the Ancient Era’s Immortal Pond was extremely fierce. Other than the moment when it was opened by the Ancient Era’s Elves every year, it was extremely difficult for one to reach the deepest region of the Ancient Era’s Immortal Pond. With even ordinary Ancient Era’s Elves being incapable of reaching the deepest region, there was less of a need to mention how difficult it would be for ordinary humans.

Thus, the majority of the people present believed that Chu Feng might have truly triggered the Ancient Era’s Immortal Needle, as the energy of the Ancient Era’s Immortal Pond at that time would be the weakest and Chu Feng possessed the capability of triggering it.

However, if Chu Feng was to trigger the Ancient Era’s Immortal Needle now, then it would be something that no one believed that he could accomplish. That was because, right now, the energy of the Ancient Era’s

Immortal Pond was extremely frightening.

Even the Cyanwood Mountain's demon-level geniuses would only stay in the upper water level when training in the Ancient Era's Immortal Pond, not daring to enter deep into it, much less diving into the deepest region.

In that case, if Chu Feng was incapable of triggering the Ancient Era's Immortal Needle right now, then how must he prove that it was him that had triggered the Ancient Era's Immortal Needle last time around?

There was practically no possible way for Chu Feng to prove that. Thus, everyone felt that Chu Feng was acting too impulsively, and to swear upon the heavens with his own death was simply equivalent to pressing himself into a dead end.

Compared to the others, that elder from the Orion Monastery had an expression of complacency. He felt that the control of the situation, which had been taken from them by Chu Feng, had now been regained.

“Ha, you’ve finally lost your appearance of calmness and entered a state of confusion? I bet you’re going to force me to swear upon the heavens with my own life afterwards, right? That’s fine, I’ll take you on, little bastard. I will continue to insist that all everything you said are lies, I shall see what you will do then.”

“You are definitely going to die today. However, it is not that I am trying to kill you. Instead, it is you who have courted death. Fight with me? You’re still too inexperienced!” cursed that elder from the Orion Monastery in his heart.

Sure enough, after Chu Feng swore his oath, he turned to that elder and asked, “Elder, I, Chu Feng, have already sworn upon the heavens. This is the way that I will take responsibility for the words that I have spoken. Elder from the Orion Monastery, what will you do? Do you also dare to take responsibility for your words?”

“Of course I dare,” That elder from the Orion Monastery smiled complacently.

After that, he raised his hand high up toward the sky and loudly said, “I

firmly believe in Yuan Qing's character. The person that obtained the Commander Flag and triggered the Ancient Era's Immortal Needle is, without a doubt, Yuan Qing. If this Chu Feng is capable of proving that the person who triggered the Ancient Era's Immortal Needle is not Yuan Qing, and was instead him, then I have most definitely misjudged, I am blind beyond help and have wrongly accused Chu Feng. If that is the case, then I am unfit to continue to live and will kill myself."

"Well then, Chu Feng, I've already sworn upon the heavens. How are you going to prove that it was you that triggered the Ancient Era's Immortal Needle now?" After swearing his oath, that Orion Monastery's elder looked at Chu Feng with a beaming smile.

"No, it would not be enough with only you. Earlier, it was more than just you that declared that they firmly believed in Yuan Qing, and were willing to vouch for him with their own dignity."

"Since you all believe in Yuan Qing this much, then elders, do you all dare to swear upon the heavens too?" To his surprise, Chu Feng once again made things difficult. Chu Feng cast his gaze toward the other elders, all of whom were Half Martial Emperors.

"This..."

Once Chu Feng said those words, not to mention that the expressions of the elders from the Orion Monastery changed greatly, even the crowd was unable to help themselves from sucking in a mouthful of cold air.

That was because Chu Feng was truly too ruthless. It was one thing for him to swear an oath himself, but he actually wanted to force all of the Half Martial Emperor-level elders from the Orion Monastery to swear upon the heavens.

It would be one thing if Chu Feng failed to provide everybody with ample proof that what he had said was the truth. However, if he was able to provide the proof, then wouldn't it mean that all of these Half Martial Emperor-level elders from the Orion Monastery would have to kill themselves on the spot?

These Half Martial Emperor-level elders could be said to be the true

backbone of the Orion Monastery in the Cyanwood Mountain. If they were to die, then Chu Feng's action this time around could be said to be equivalent to the ruthless extermination of the Orion Monastery's elders in the Cyanwood Mountain

At this moment, the other elders that had vouched for Yuan Qing earlier all started to panic. They did not wish, for no reason and cause, to gamble their lives for a disciple like Yuan Qing. Thus, they did not dare to provide an answer.

"Everyone, don't be afraid. The only way for Chu Feng to prove himself would be to trigger this place's Ancient Era's Immortal Needle. However, I believe you all should know how frightening the Ancient Era's Immortal Pond is right now. Not to mention triggering the Ancient Era's Immortal Needle, he would not even be able to reach the depths of the Ancient Era's Immortal Pond."

"Take him on. It is nothing more than a mere oath upon the heavens. I can guarantee you all that the one who will die in the end will be Chu Feng."

"Come, don't be scared. This is not only a battle for our own reputations, this is also a battle for the future of our Orion Monastery. If we do not dare to swear today, then the future of our Orion Monastery will be completely ruined by this Chu Feng. All the reputation and fame that our Orion Monastery has managed to obtain will be destroyed."

Seeing that the other elders were hesitating, that elder who had already sworn the oath started to hurriedly send voice transmissions to the others to urge them to swear.

"Very well. An upright man is not afraid of gossip. The truth is the truth, don't you think you can invert black and white."

After being persuaded by that other elder, the remaining Half Martial Emperor-level elders from the Orion Monastery also began to swear upon the heavens before the crowd.

"Chu Feng, we have finished our swearing toward the heavens. Take out the proof that you did not lie. Otherwise, in accordance with the oath

you've sworn, if you fail to provide us with proof that the words you've said today are the truth, then you shall kill yourself." After swearing their oaths, the Orion Monastery's elders were filled with grievances. One by one, they began to force Chu Feng to show his proof. They truly wished that Chu Feng would kill himself right away.

"Very well. Actually, the method to prove my words is extremely simple. As the saying goes, true gold doesn't fear fire. Since you all firmly believe that Yuan Qing is the one that triggered the Ancient Era's Immortal Needle, then why not have Yuan Qing trigger it again?" Chu Feng took a glance at Yuan Qing who was lying on the ground and then took a glance at the Ancient Era's Immortal Needle not far away in the distance.

Hearing those words, Yuan Qing's complexion instantly turned ash-like.¹ He did not even have the courage to reply. That was because Yuan Qing knew very well that he did not possess the capability to trigger the Ancient Era's Immortal Needle.

"Truly ignorant. Could it be that you do not know that even Ancient Era's Elves that are capable of triggering the Ancient Era's Immortal Needle would have to do it at a specific time?"

"Other than that specific time, the energies in the Ancient Era's Immortal Pond are extremely powerful, so powerful that even the Ancient Era's Elves that are born from the Ancient Era's Immortal Pond could not withstand it. Thus, how could Yuan Qing possibly be able to trigger the Ancient Era's Immortal Needle now?"

"Chu Feng, this method that you've proposed will not work. Even if Yuan Qing wished to prove himself, he would still have to wait till next year's opening of the Ancient Era's Immortal Pond."

"Unfortunately, you've sworn that you will prove that your words are the truth today. If you're incapable of proving it, then you must fulfill your oath."

At this moment, the elders from the Orion Monastery refuted Chu Feng. Not only did they speak with force and conviction, they also began to force Chu Feng even further.

However, the actions of the Orion Monastery's elders were something that Chu Feng had already anticipated. Thus, he was not worried at all. Instead, he laughed lightly and said, "Very well. Since Yuan Qing is incapable of doing it, then allow me to do it. Today, I, Chu Feng, will, before everyone present here, enter into the Ancient Era's Immortal Pond and trigger the Ancient Era's Immortal Needle that no one has ever triggered before."

As he said those words, Chu Feng pointed his finger at the depths of the Ancient Era's Immortal Pond, the location of the Ancient Era's Immortal Needle.

1. He went as white as a sheet or pale as dying embers.

Chapter 1189: Proving Oneself

“Heavens, is this Chu Feng unable to understand what others are saying? Even the elders have said that this Ancient Era’s Immortal Pond is different from before, that the current energy of the Ancient Era’s Immortal Pond is extraordinary ferocious. How could Chu Feng possibly dare to enter?”

“No, it’s obvious that Chu Feng has already prepared something. Look at his confident expression. Clearly, he had already made preparations to use his own strength to prove everything since the beginning.”

“This Chu Feng, he’s truly too amazing. Not to mention whether he might actually be able to trigger the Ancient Era’s Immortal Needle here, merely his courage is enough to show that he is destined to be someone great.”

Once Chu Feng said those words, he immediately gave rise to an enormous ruckus. The crowd all began to argue among themselves, each with their own respective thoughts. Some felt that Chu Feng was too impulsive, while others felt that he possessed a great deal of courage.

“Chu Feng, don’t enter it. Our Cyanwood Mountain’s Ancient Era’s Immortal Pond is different from the one that’s controlled by the Ancient Era’s Elves. The energy within this Ancient Era’s Immortal Pond is truly extremely ferocious. It is even said that the Ancient Era’s Immortal Ponds controlled by us humans are generally more berserk than ordinary Ancient Era’s Immortal Ponds.”

“It is something that the Ancient Era’s Elves had done deliberately. They feared that the humans would be able to obtain too many benefits from the Ancient Era’s Immortal Ponds, and thus deliberately gave the ones with more ferocious energies to the humans to control.”

“Chu Feng, you must definitely not play around with your own life.” Compared to the others, Elder Xie and the others from the Ascension Sect began to secretly send voice transmissions to urge Chu Feng against it.

As elders of this place, Elder Xie and the others knew about the situation

here better than most. Not to mention now, even during the time when the Ancient Era's Immortal Ponds were opened, the time when the energy of the Ancient Era's Immortal Pond was weakest, the energy within this Ancient Era's Immortal Pond would still be more ferocious and frightening than the one controlled by the Ancient Era's Elves. The Ancient Era's Immortal Needle in this Ancient Era's Pond was truly not that easy to trigger.

"Elders, thank you all for your concerns. However, as matter stands, I, Chu Feng, can no longer turn back."

"Furthermore, I, Chu Feng am a true gold that fears no fire. As I've been able to trigger the Ancient Era's Immortal Needle once, I would be able to trigger the Ancient Era's Immortal Needle twice." With confidence, Chu Feng replied to those Ascension Sect elders that were urging him against his chosen voice of action.

Then, Chu Feng turned to the Orion Monastery's elders and said, "Elders, didn't you all say that the Ancient Era's Immortal Needle here cannot be triggered? In that case, if I, Chu Feng, am to trigger it, would you all have anything else to say?"

"This..." Hearing those words, the Orion Monastery's elders did not know how to reply. They truly never imagined that Chu Feng would possess such courage, and that he would truly want to challenge the Ancient Era's Immortal Pond.

However, right at this moment, before the elders from the Orion Monastery could respond, Bai Ruochen suddenly shouted with a loud voice. "True gold fears no fire.¹ If it does, then it would definitely not be real gold. Chu Feng possesses the courage to challenge the Ancient Era's Immortal Pond, whereas Yuan Qing does not. Which among them is true and which is fake, who is right and who is wrong, is there even a need to ask?"

"Everyone, what do you all think? Between this Chu Feng and Yuan Qing, who was the one that actually triggered the Ancient Era's Immortal Needle?"

“That’s right, true gold fears no fire. Chu Feng dares to challenge our Ancient Era’s Immortal Pond, whereas Yuan Qing doesn’t. This is sufficient for the truth to already be revealed. I firmly believe that Chu Feng is the one that triggered the Ancient Era’s Immortal Needle.”

Once Bai Ruochen said those words, Wang Wei and the others also started to shout loudly. They wanted to obtain justice for Chu Feng. They truly wished that Chu Feng did not have to go through such danger in order to prove himself. At the same time, they also wished for the old men of the Orion Monastery to get killed.

“The respective strengths of Chu Feng and Yuan Qing have already been displayed. Is there even a need to ask who between them is real and who is fake? As long as one has a brain, they should be able to guess it already.”

“That’s right. Chu Feng is the one that actually triggered the Ancient Era’s Immortal Needle and obtained the Commander Flag. The Orion Monastery’s Yuan Qing is nothing more than a despicable, shameless and vile individual.”

It was not only Bai Ruochen and the others who were associated with Chu Feng that started to shout for his injustice. Many people who were unrelated to Chu Feng were unable to continue watching such injustice, adding to the endless pestering that the Orion Monastery’s elders felt. More and more people began to cry out for Chu Feng, and even started to shame Yuan Qing and the Orion Monastery.

In this sort of situation, the pressure that the Orion Monastery’s elders felt became greater and greater. If it was before, they might’ve truly given up when faced with such enormous pressure.

However, it was different now. They had already sworn oaths. If they were to acknowledge that it was Chu Feng that triggered the Ancient Era’s Immortal Needle, they would have to kill themselves on the spot.

However, when faced with such enormous pressure, they had no choice but to compromise. Otherwise, even if they were to be able to force Chu Feng to kill himself, their disgrace would likely spread far and wide.

Finally, the leader among the Orion Monastery’s elders spoke. “Chu

Feng, if you're truly able to trigger the Ancient Era's Immortal Needle of the Cyanwood Mountain, then we will admit that what you've said is the truth. Without raising another objection, we will kill ourselves then and there."

"However, as what you've spoken are empty words that cannot be counted as the truth, you must trigger this place's Ancient Era's Immortal Needle in order for us to recognize you."

"Very well. You must honor those words." Hearing those words, Chu Feng laughed in a complacent manner. At the same time, he turned and gave Bai Ruochen a gaze filled with gratitude.

Chu Feng had already experienced how shameless these elders of the Orion Monastery were. If it weren't for Bai Ruochen's words that managed to get the crowd to speak for him, it was likely that even if Chu Feng proposed the triggering of this Ancient Era's Immortal Needle to prove himself, the Orion Monastery's elders would likely still disapprove of it.

However, now there were no longer any misgivings. What Chu Feng needed to do was only a single thing...display his strength before the crowd. He had to prove himself with his own strength, and force the elders of the Orion Monastery to death with his strength.

"Woosh." Suddenly, Chu Feng's body moved. He directly flew toward the entrance of the Ancient Era's Immortal Pond.

There were elders from the Cyanwood Mountain guarding that location. If one wished to enter, they had to pay a certain amount of achievement points. Otherwise, the disciples were not allowed to enter the Ancient Era's Immortal Pond to train.

Even though Chu Feng had only entered the Cyanwood Mountain not too long ago, he possessed quite a few achievement points due to gathering that many Firmament Medicinal Herbs during his mission. While the amount of achievement points that were required to enter the Ancient Era's Immortal Pond to train was rather numerous, it was not an issue at all to Chu Feng.

After paying the achievement points, Chu Feng finally entered the

Ancient Era's Immortal Pond's boundary. At the same time, the elders present all began to enter the Ancient Era's Immortal Pond too. That was because the elders possessed a special privilege of being allowed to train in the Ancient Era's Immortal Pond, as well as the ability to enjoy many other of the Cyanwood Mountain's cultivation resources without having to pay any achievement points.

In fact, many disciples who were capable of paying the fee required to enter the Ancient Era's Immortal Pond also began to come pouring to the entrance. They all wished to see, for themselves and up close, whether or not Chu Feng was truly capable of triggering the Ancient Era's Immortal Needle.

In an instant, practically everyone was pouring into the Ancient Era's Immortal Pond. Only those disciples incapable of paying the achievement points stayed at the distance and repeatedly shook their heads as they watched the entrance of the Ancient Era's Immortal Pond.

Nevertheless, the Ancient Era's Immortal Pond became an unprecedented attraction. As for all this, it was all because of Chu Feng, this disciple whose fame had already spread throughout the entire Cyanwood Mountain not long after entering.

In this sort of situation, the elders in charge of guarding the Ancient Era's Immortal Pond became extremely busy. All of the elders in charge of guarding the Ancient Era's Immortal Pond started to take on the mission of accepting the achievement points.

“You are...”

Right when they were busily receiving the achievement points, an elder's expression suddenly changed greatly. That was because, at this moment, there were two people wearing conical bamboo hats in front of him. Those two people did not hand him any achievement points. Instead, the two of them respectively handed him a title plate apiece. As for those title plates, they were both management elder's identity plates.

As for these two individuals, they were naturally the management elders from the Weaponry Refinement Department and the Medicine

Concocting Department. They did not wish to miss the show of Chu Feng triggering the Ancient Era's Immortal Needle. Yet, they could not just pass through the spirit formation guarding the Ancient Era's Immortal Pond without providing an explanation. Thus, they could only sneak in among the people entering through the entrance.

“Hush~~” Seeing the shocked expression of this guarding elder, and how he was about to display a courteous gesture of kneeling to them, Elder Wei, who did not wish to have his identity revealed, immediately stopped him. Then, like a ghost, he entered the Ancient Era's Immortal Pond. As for the Weaponry Refinement Department's management elder, he also followed closely behind Elder Wei.

As he saw the departing backs of those two management elders, that guard elder understood their intentions. However, once he recalled how noble their status was, he was unable to stop himself from gasping in surprise.

“Even these two lords have moved, this boy by the name of Chu Feng is truly extraordinary.”

“Could it be that he will truly be able to trigger the Ancient Era's Immortal Needle here?”

Chapter 1190: The Exposure

On the ground, the Ancient Era's Immortal Pond seemed as boundless as the sea.

In the sky, however, a boundless sea of people was shuttling through the air.

The sudden arrival of this enormous number of people at the Ancient Era's Immortal Pond caused the disciples and elders who were wholeheartedly training in the Ancient Era's Immortal Pond to be completely baffled.

After they found out about what had happened, they were enormously shocked. Regardless of whether they were about to achieve a breakthrough or were currently in states of enlightenment, they all stopped their cultivation and soared into the sky, casting their gazes at a single figure.

As for that figure, it was Chu Feng.

At this moment, practically everyone was thinking about one question - would Chu Feng really be able to succeed?

If Chu Feng failed, he would have to kill himself on the spot today. However, if he succeeded, then it would be an enormously shocking matter.

After all, this Ancient Era's Immortal Pond was something that countless geniuses had challenged down through the generations. Yet, they had all returned in failure. Thus, if Chu Feng was truly to succeed today, then he would have done something unprecedented in the Cyanwood Mountain's history, and accomplish a magnificent feat.

At this moment, Chu Feng removed his Thunder Armor and Thunder Wings and resumed his original appearance.

He was standing in the air, with his cyan-green gown fluttering in the wind. He appeared very relaxed, yet completely confident. His appearance was like that of an otherworldly expert, an immortal.

“Woosh.”

Suddenly, Chu Feng moved. Like a meteor that was as fast as lightning, he, before everyone’s gaze, shot straight into the Ancient Era’s Immortal Pond, toward the deepest region.

“Heavens, this Chu Feng actually went in for real.”

At this moment, ordinary disciples were no longer able to clearly see Chu Feng’s movements, nor were they capable of telling where he was. Only elders who possessed spirit power were able to discern Chu Feng’s whereabouts.

“Inconceivable. Even in such ferocious energy, this Chu Feng is actually able to dive downward unhindered. Could it be that he is truly capable of triggering the Ancient Era’s Immortal Needle, and have the golden lightning of the human race cover the sky above our Cyanwood Mountain?”

When the elders saw Chu Feng’s movement at this moment, all of their expressions changed to one of immense shock. Even the two management elders from the Weaponry Refinement Department and the Medicine Concocting Department were displaying expressions of shock. Expressions of anticipation also grew greater and greater in their eyes.

“Wuwaa~~~”

Right at the moment when the crowd was stunned by Chu Feng’s frightening speed and ability to survive in the ferocious energy, a vortex sudden appeared in the Ancient Era’s Immortal Pond and pulled Chu Feng into it.

That vortex was truly frightening. In that vortex, Chu Feng was simply incapable of moving at all. All he could do was to follow the rotation of the vortex and allow that powerful energy to attack his meek mortal body.

“What’s going on? How come a vortex suddenly appeared in the Ancient Era’s Immortal Pond?”

“Could it be that because Chu Feng’s speed was so fast, the Ancient Era’s Immortal Pond’s energies took form to stop him?”

“Sigh, that vortex is too frightening. Chu Feng is simply incapable of contending against it at all. As expected, this Ancient Era’s Immortal Pond’s Ancient Era’s Immortal Needle is not that easily triggered. Even though this Chu Feng is extremely heaven-defying, he is still incapable of triggering it.”

Seeing this scene, many elders shook their heads and sighed continuously in disappointment.

They all felt that it would be impossible for Chu Feng to pass through the Ancient Era’s Immortal Pond. At the very least, the vortex before them had already trapped Chu Feng within it.

“Heh, little bastard, trying to fight with me? You won’t even know how you’ll die.” At this moment, compared to the other elders, that Half Martial Emperor elder from the Orion Monastery was smiling. A complacent expression filled his eyes. He knew very well how that vortex had come about - it was he who had created it.

“Truly courting death. That little shit from the Orion Monastery is actually secretly attacking Chu Feng.”

At this time, those two management elders were enraged. While the despicable method of that Orion Monastery’s elder could be concealed from the other elders, it could not be hidden from the two of them.

With but a single glance, the two of them were able to tell that someone was using the Ancient Era’s Immortal Pond as a screen, and secretly acting to injure Chu Feng. As for the person who was doing that thing, he was the same Orion Monastery’s Half Martial Emperor elder who had been opposing Chu Feng the entire time.

“I’ll teach this shameless person who does not know the immensity of heaven and earth a lesson.” The management elder from the Weaponry Refinement Department was enraged. He was planning to attack.

“Boom~~~~~”

However, to his surprise, at the moment when he was about to attack, a powerful energy ripple actually exploded and directly crushed the vortex

created by that Orion Monastery's elder, freeing Chu Feng at the same time.

It was Elder Wei from the Medicine Concocting Department. He had swept away Chu Feng's crisis a step ahead of the Weaponry Refinement Department's management elder. At the same time, he had already removed the conical bamboo hat on his head. With an angry expression on his face, he pointed at the Orion Monastery elder and shouted loudly. "Little shit from the Orion Monastery, remove your little trick right now. If you dare to attack Chu Feng in the dark again, this old man here will cut off your pair of dog claws!"

"Heavens, that's the Medicine Concocting Department's management elder, Elder Wei!"

"Even someone as grand as him has come here? Exactly what is happening? What does he mean by those words? That vortex earlier is not something that formed naturally, but rather something that that Elder Huang from the Orion Monastery created?"

"Truly shameless! As an elder, he actually tried to secretly injure a disciple. Is he afraid of losing? Never would I have imagined that Elder Huang was such a shameless person."

"That's right. Such an individual is undeserving of the title of elder. He should be punished severely."

After seeing Elder Wei of the Medicine Concocting Department, the expressions of the crowd all changed. Firstly, they had never imagined that a management elder would actually be present and would also be watching this spectacle. Secondly, they had never imagined that Elder Huang of the Orion Monastery would be this shameless, to try to secretly injure Chu Feng. This was truly too despicable.

However, if it was to be asked whose expression changed the most, it would most definitely be the Orion Monastery's Elder Huang, who had secretly attacked Chu Feng. He had originally thought that no one would be able to tell what he had done. However, never would he have imagined that there would be a management elder present.

What sort of people were management elders? They were the true experts among the countless elders of the Cyanwood Mountain. For him to secretly try to attack Chu Feng before a management elder was simply equivalent to a person trying to display their slight skill before an expert, akin to bringing about his own destruction.

At this moment, he was truly regretful so much so that his intestines turned green. Without mentioning the curses toward him that filled the sky, just the appearance of Elder Wei allowed him to know that he would be met with a calamity this time around. After all, he had heard that Elder Wei thought very highly of Chu Feng.

In fact, it was not only the Orion Monastery's elders. Even the nearly hundred elders from the Punishment Department were displaying very pale complexions and twitching lips.

No matter how oppressive they appeared to be, no matter how much they bullied others, they would still be endlessly afraid before a management elder.

If they knew beforehand that there was a management elder protecting Chu Feng in the shadows, then even if they were to be beaten to death, they would not have accepted the benefits given to them by the Orion Monastery's elders and come over here to push Chu Feng around.

However, no matter how much they regretted, no matter how much they feared now, it was already too late. With the appearance of a management elder, regardless of whether they were disciples, elders or the Punishment Department's elders, they all would have to kneel down to greet him.

In an instant, everyone knelt in the sky and displayed a grand courteous gesture to Elder Wei.

"Ying Tian, as a member of the Punishment Department, could it be that you've not seen his petty maneuver?" questioned Elder Wei as he pointed at the Punishment Department's Elder Ying.

"Lord Elder, this junior is slow-witted and did not discover it," replied the Punishment Department's Elder Ying as he trembled with fear. He was truly frightened.

“Then what about now? Have you discovered it now?” Elder Wei inquired once again. His tone was extremely sharp and overbearing, truly cowing everyone.

“Since Lord Elder says so, it is most definitely the truth. Men, apprehend that Huang Hai.” Elder Ying did not dare to hesitate, and directly gave the order. As for that Huang Hai, he was the Orion Monastery’s elder who had been making things difficult for Chu Feng the entire time.

Chapter 1191: Triggering the Ancient Era's Immortal Needle

After the elders of the Punishment Department received the order from Elder Ying, they took out the Punishment Blade on their waists one after another as if fearing that Huang Hai would resist. Only after that did they begin to fly toward Huang Hai and encircle him.

At this moment, the elders of the Orion Monastery that were standing beside Huang Hai had hurriedly moved back. It could be seen that before imminent catastrophe, they feared that they would be implicated by Huang Hai. Thus, they moved aside to avoid arousing suspicion.

As for Huang Hai, he actually did not fear these elders of the Punishment Department. No matter what, he was, after all, a Half Martial Emperor. Even if these Punishment Department's elders were to brandish their Punishment Blades, they would still be no match for him.

Yet, at this moment, Huang Hai was not even trying to argue at all. He had tried to tamper with Chu Feng and attack him in the shadows only to be caught red-handed by a management elder. Thus, how could he possibly dare to refute? All he could do was stand where he was and helplessly await his apprehension by these Punishment Department's elders.

"Shameless, the elders of the Orion Monastery are truly shameless."

"To actually try to do something behind the scenes, this is simply the conduct of a sore loser. From the way I see it, Chu Feng doesn't have to continue diving deep anymore. The truth is already clear, the Orion Monastery's elders are the same as Yuan Qing, utterly shameless individuals."

"That's right. How could these Orion Monastery's elders possibly have the nerve to remain in our Cyanwood Mountain? It's better for them to just kill themselves, as they're unworthy of being our elders."

Huang Hai did not resist his arrest; it was as if he was admitting his

guilt. Using this opportunity, Bai Ruochen and the other disciples began to loudly rain curses on Huang Hai and the other elders of the Orion Monastery to attack them.

It was not only because Elder Wei was standing on Chu Feng's side; it was mainly because the crowd was truly incapable of watching the despicable methods of the Orion Monastery continue on anymore. Thus, more and more people began to join Bai Ruochen's camp and began to suppress the Orion Monastery.

At this moment, in this region, curses for the Orion Monastery were being shouted nonstop. Their voices surpassed the sound of thunder; it was truly an intimidating sensation.

Those people from the Orion Monastery, regardless of whether they might be elders or disciples, were all lowering their heads, not daring to utter a word. If they could, they truly wished to find a hole to hide in because they truly felt so utterly ashamed to face the crowd.

"Huang Hai, as an elder of the Cyanwood Mountain, you should take it upon yourself to protect the disciples. Yet, for your own selfish desire, you actually secretly planned to harm a disciple. This is an enormous crime that you should be punished severely for. Is there anything that you wish to say?" asked Elder Ying of the Punishment Department in a strict and impartial manner.

He was originally someone that Huang Hai had asked over to assist him. However, before the greater power of Elder Wei, he was helpless to do anything and could only publicly punish Huang Hai.

Faced with Elder Ying's questioning, Huang Hai did not have anything to say. Thus, he did not answer and instead displayed an appearance of one admitting guilt.

"The punishment for your crimes will be decided later." As he looked at Huang Hai who had an ashen expression, Elder Wei snorted coldly.

Then, he turned to the Ancient Era's Immortal Pond and said to Chu Feng. "Chu Feng, you can continue. Go and prove yourself; make all those who have doubted you speechless."

“During this time, this old man here will make sure that nothing will bother you. If anyone dares to attack you from the shadows again, this old man will kill that person on the spot.”

“Ffff~~~” Once Elder Wei’s words were spoken, a huge ruckus immediately burst forth from the crowd. From all directions, sounds of breathing in a mouthful of cold air could be heard.

That was because the power behind Elder Wei’s words were truly enormous. A grand management elder, one of the Cyanwood Mountain’s pillars, was actually capable of saying these words in order to protect a disciple. How could one not be startled by this?

Everyone knew now that Chu Feng was likely not someone that could be touched.

“Thank you Elder.”

At this moment, Chu Feng was still within the Ancient Era’s Immortal Pond. However, he was able to hear the words spoken by Elder Wei and had also seen everything that had happened.

He had not expected that Elder Wei would be assisting him from the shadows. At this moment, he was extremely thankful to Elder Wei. At the same time, he was also extremely confident. After giving his thanks to Elder Wei, Chu Feng turned around and directly proceeded to dive into the deepest region of the Ancient Era’s Immortal Pond.

The Ancient Era’s Immortal Pond was extremely deep. Even an expert like Elder Wei was unable to keep their spirit power locked on Chu Feng the entire time. When Chu Feng entered the deepest region, nobody’s spirit power was able to continue any deeper. Thus, they lost all connection with Chu Feng.

In an instant, the sky above the Ancient Era’s Immortal Pond entered a strange quietness. It was as if everyone’s heartbeat had started to accelerate. Yet, not a single person said a word.

They did not know whether Chu Feng might be able to succeed. However, as matters stood, other than the people from the Orion

Monastery, the majority of the crowd wished that Chu Feng would succeed.

That was because this would be an honor, one that would not only belong to Chu Feng but would instead belong to their entire Cyanwood Mountain. As long as they adored the Cyanwood Mountain, they would naturally desire this honor.

Time slowly passed. The sky turned from white to dusk and then from dusk to black. Yet, not a single trace of Chu Feng's activity could be seen from the Ancient Era's Immortal Pond. This caused the crowd to start to grow anxious.

After such a long time, the crowd did not know whether an accident might have happened to Chu Feng. After all, Chu Feng had entered a region that no one else was capable of entering. How frightening the energy at that region might be, and what sort of dangers might be there, were all things that none of them knew about.

Finally, the sky grew completely dark. It was already very late into the night. On top of that, because black clouds covered the sky tonight, causing no star to be seen, this region was frighteningly dark.

Although it was very late into the night now, not a single person had left. They all wished to see with their own eyes the scene of the Ancient Era's Immortal Needle being triggered.

"Why isn't he out yet? It's been so long already, something couldn't possibly have happened to Chu Feng, right?"

"I hope that wouldn't be the case. Although our Cyanwood Mountain possesses numerous geniuses, Chu Feng is one that I admire a lot. In time, Chu Feng will definitely be able to reach the Cyanwood Succession List, and might even be on the top three of that list. A bold and courageous genius like him, I truly do not wish for him to fall from the sky in such a manner."

"That's right. Other than the people of the Orion Monastery, who would wish for a genius like him to fall? If Chu Feng truly dies because of this, it would be a great loss to our Cyanwood Mountain."

While the crowd was unwilling to leave, they inevitably began to worry about Chu Feng's life and death, whether he had succeeded or failed. In a short while, sounds of discussion filled the sky. Merely, a majority of the discussions were about their worries for Chu Feng.

Of course, the people from the Orion Monastery were an exception.

At this moment, their hearts were bursting with joy. Even though the reputation of their Orion Monastery had been ruined, they would naturally be extremely happy if the chief culprit, Chu Feng, were to die. At the very least, it would mean that this confrontation had been won by their Orion Monastery.

“Rumble, rumble~~~”

Right at the moment when the majority of the people began to feel that Chu Feng might've failed and had died in the Ancient Era's Immortal Pond, rumbling noises began to sound from the depths of the Ancient Era's Immortal Pond. At the same time, there was a bit of a glimmer shining from the dark pond water.

“Heavens, this is?”

The glimmer grew brighter and brighter, clearer and clearer. At this moment, the crowd was finally able to see where exactly this light was coming from. It turned out that it was not the water that was shining. Instead, it was the Ancient Era's Immortal Needle that was shining.

At this moment, the Ancient Era's Immortal Needle was no longer peaceful; it was blossoming with a dazzling light. At the same time, numerous lightning serpents were soaring up the Ancient Era's Immortal Needle. At this moment, those lightning serpents had already rushed out of the water's surface, arriving above it.

At an instant, the pitch black region turned bright as day. All of this was because of that Ancient Era's Immortal Needle.

At this moment, everyone present was displaying shocked expressions like chickens and stood as if petrified. If one was to say that they were shocked stunned, then it would be better to say that they were unable to

say that they were not daring to believe that all of this was real.

The Ancient Era's Immortal Needle had been triggered!!!

1. To die.

Chapter 1192: Rank Three Martial King

At the most mysterious and respected region of the Cyanwood Mountain were several ancient towers that reached towards the heavens.

These ancient towers were extremely tall. Even though the skies and the earth of the Holy Land of Martialism were extremely far apart, these ancient towers were able to pass through the clouds.

If one was to carefully count them, then one would notice that there was a total of one thousand eight hundred and ninety-nine ancient towers. These towers were all placed in a very orderly manner and in a delicate arrangement. At a glance, they appeared like palaces above the clouds. Yet, more than that, they appeared more like a mysterious formation array.

Among the ancient towers, a cyan-colored ancient tower was the tallest. This ancient tower was very plain and simple-looking. Yet, it was extremely imposing, appearing as it had been constructed by immortals, and possessed the demeanor of the king of all towers.

At this moment, two figures were standing on top of this cyan-colored ancient tower. They were an old man and a middle-aged man.

The old man was wearing form-fitting clothes and possessed a very fierce and malicious appearance. Especially his eyes were extremely frightening. They were unable to contain his killing intent at all. Or, perhaps it should be said that he did not wish to contain his killing intent.

This killing intent of his was not there because he was angry or wanted to kill people. Instead, it was a killing intent that originated from his bones¹ because he had killed too many people.

To be exact, this killing intent should be said to be hostility, an innate hostility. However, even when this frightening hostility was not mentioned, this old man's aura was still unfathomably deep, even more profound than the two management elders from the Weaponry Refinement Department and the Medicine Concocting Department. As for him, he was one of the management elders of the Punishment

Department, Crazy Killer Tuoba.2

Crazy Killer Tuoba possessed an enormous reputation and very powerful strength. Among the numerous management elders of the Cyanwood Mountain, his reputation was on par with the Half Martial Emperor White Ape. The two of them were known to be the Cyanwood Mountain headmaster's left and right hand men. From this, one could tell how powerful this person was.

However, even such a powerful Crazy Killer Tuoba was displaying a humble expression and looking at the middle-aged man before him with reverence.

This middle-aged man was not very tall. His appearance was not extraordinary either. Even his outfit was very ordinary and plain, being just coarse cotton clothes that common people wore.

However, this set of cotton clothes was incomparably clean, untainted by even a speck of dust. Most importantly, the aura displayed by this man was truly incomparable.

He was standing there without displaying the slightest bit of his might. Yet, the surrounding space was actually trembling as if it feared him. This man was truly frightening to the extreme.

He was standing with his hands behind his back on the summit of the ancient tower like a monarch that had conquered the world. His eyes were filled with vigor, as if they had seen a myriad of things, an endless amount of rises and falls. The experience of this man surpassed that of the Crazy Killer Tuoba by several times.

As for him, he was the current headmaster of the Cyanwood Mountain, Dugu Xingfeng.

At this moment, Dugu Xingfeng was using his pair of sharp eyes to look toward a distant place. As for the direction of his gaze, it was precisely the Ancient Era's Immortal Pond.

"Lord Headmaster, why have you been looking in that direction this entire time? Could it be that something has happened?" After being silent

for a long time, Crazy Killer Tuoba asked. That was because his Lord Headmaster had been looking in that direction for an entire day now.

However, due to his limited strength, at this sort of distance, even he was incapable of knowing what exactly was happening in the direction that his Lord Headmaster was looking at.

“Isn’t your news here already? Why don’t you check it out?” Dugu Xingfeng said with a light laugh.

“Woosh.” Once he finished saying those words, a flying bird directly flew over, stopped before Crazy Killer Tuoba and then started to hover around him.

This was a crystal bird, something that world spiritists condensed with their power. With a thought from Crazy Killer Tuoba, the crystal bird turned into a body of light before entering directly into his mind.

It turned out that Crazy Killer Tuoba knew that Dugu Xingfeng was looking at the Ancient Era’s Immortal Pond. In order to know what exactly was happening there, he had used a special method to condense a spirit formation that utilized the crystal bird to order his Punishment Department’s subordinates to scout out what was happening over there.

Now, with the return of his crystal bird, he also obtained news of the situation. After learning what had happened, Crazy Killer Tuoba’s eyes shone.

He did not react this way because he found out that Chu Feng was planning to trigger the Ancient Era’s Immortal Needle. Instead, he reacted this way due to the premise of Chu Feng’s triggering of the Ancient Era’s Immortal Needle, a gamble of his own and several other elder’s lives. To the Crazy Killer Tuoba, this was a major offense, conduct that he was not fond of.

However, because he was in the presence of his Lord Headmaster, Crazy Killer Tuoba did not dare to say much about this matter. Instead, with a humble expression, he said, “Since ancient times, countless geniuses have challenged the Ancient Era’s Immortal Needle only to return in failure. This Chu Feng is actually challenging the Ancient Era’s

Immortal Needle at a time when the energy within the Ancient Era's Immortal Pond is the most ferocious. Instead of calling it courage, it should be said to be arrogance.”

“Crazed Killer, it seems that you do not believe that this Chu Feng will be able to succeed?” asked Dugu Xingfeng. However, as he said those words, his gaze was still focused in the direction of the Ancient Era's Immortal Pond.

“So many seniors of mine have failed. Even Lord Headmaster yourself failed back then. I do not think that this Chu Feng will succeed.” Crazed Killer Tuoba shook his head. He firmly believed that Chu Feng would fail.

“Crazed Killer, it would seem that you are mistaken this time around.” A rare joyous smile emerged on Dugu Xingfeng's face.

“That is?” Originally, Crazed Killer Tuoba was confused by Dugu Xingfeng's words. However, his expression suddenly changed.

He was shocked to discover that a golden light had emerged from the direction of the Ancient Era's Immortal Pond. Upon close inspection, he discovered that golden lightning serpents had covered the sky.

“Rumble, rumble~~~”

With the appearance of the lightning came the noise of thunder. Not only did the golden lightning serpents cover the entire sky, they also brought forth continuous thunder that made heaven and earth tremble, alarming the entire Cyanwood Mountain.

“Heavens, could this be the lightning released by the Ancient Era's Immortal Needle? That boy by the name of Chu Feng managed to successfully trigger the Ancient Era's Immortal Needle?” At this moment, Crazed Killer Tuoba was stupefied. While he had lived for a very long time, it was also the first time that he had seen such a magnificent scene.

In fact, it was not only they who saw this scene, as all corners of the Cyanwood Mountain, and the experts in those regions, also beheld this scene. Deep into the night, countless figures soared into the sky and began to fly toward the direction of the Ancient Era's Immortal Pond. They

wished to know what exactly had happened.

The lightning was very dazzling. As for the origin of the lightning, it was so dazzling that it was blinding. The sky above the Ancient Era's Immortal Pond had been completely dyed in gold.

Golden-colored lightning filled the sky. It was changing unceasingly, truly splendid and magnificent. At the same time, it was also extremely awe-inspiring.

"Success, Chu Feng has succeeded! He really triggered the Ancient Era's Immortal Needle!" After being silent for a very long time, someone finally shouted in surprise with a tone of disbelief.

Once this voice was heard, all of the people present managed to react. In an instant, cheers resounded throughout heaven and earth, spreading out for several miles.

The triggering of the Ancient Era's Immortal Needle was a moment worthy of the greatest admiration, a moment destined to be recorded in history. As for the people who presently witnessed this scene, they all felt honored from the bottoms of their hearts.

"How could this be, how could this be, how could this be..."

However, there were always exceptions. While the majority of the people were overjoyed, the people of the Orion Monastery were flabbergasted. Especially those several elders who, like Huang Hai, had sworn an oath; their current expressions were ashen, like dying embers.

There were even some among them whose legs had grown weak, and who directly knelt in mid-air. Their current frame of mind was likely something that only they could understand.

"Elders, I, Chu Feng, have triggered the Ancient Era's Immortal Needle. It is time for you all to honor your oaths, no?"

Right at this moment, a figure shot out from the Ancient Era's Immortal Pond like a dragon.

It was Chu Feng. He was not wearing his Thunder Armor, nor was he

using his Thunder Wings. However, his aura was no longer that of a rank two Martial King. Instead, he was now a rank three Martial King. Chu Feng had actually managed to achieve a breakthrough as he triggered the Ancient Era's Immortal Needle.

*

1. The deepest level.
2. His name could also be Tuoba Shakuang. Tuoba is a surname for certain. Shakuang literally means crazed killer. I highly doubt that anyone would name their child crazed killer. I think it's his title instead.

Chapter 1193: Hounding Elders to Death

“It’s Chu Feng, Chu Feng has come out.”

“Chu Feng, you’ve succeeded. You’ve managed to trigger the Ancient Era’s Immortal Needle.”

Many disciples were unable to contain their excitement when they saw Chu Feng and began to cheer for him. In a single instant, Chu Feng became the sole focus of everyone in the sky.

Chu Feng was slightly surprised by the crowd’s enthusiastic response. Yet, he was not cowed by it. Instead, he felt joy. He knew that he had managed to obtain the acknowledgement of the people. At the very least, at this moment, he had managed to obtain the acknowledgement of this portion of people.

He, Chu Feng, was no longer a nameless character. He no longer needed to live by relying on someone else’s charity.

To have the crowd shouting and cheering for Chu Feng in such a manner naturally boosted Chu Feng’s confidence. Chu Feng took a glance at Huang Hai and the other Orion Monastery’s elders that had sworn oaths.

Chu Feng remembered very well that there was a total of five people, five Half Martial Emperor level elders, that used their own dignity to vouch for Yuan Qing. Not only did they swear with their lives on the line, they also spoke numerous forceful words to him.

As the saying goes, one must return the money if one owes a debt.[1: pelicanv: A Lannister always pays his debts ;)]

And now, it was the time for them to pay for their debt, for them to pay for their conduct.

“Elders, what’s wrong? Do you all dare to do something but not dare to accept the result? Or is it that you are greedy for life but afraid of death? How come you all don’t even dare to speak a single word now?” Chu Feng asked with a beaming smile on his face. His words were very calm, yet

filled with mockery. Truly, he was cursing at them without even hiding his intentions.

“You...” Hearing those words, the five Orion Monastery elders who were led by Huang Hai started to shiver. Their lips started to tremble, their appearance was like someone who had eaten feces.

Even though they had lived for hundreds of years, they were still human. All humans fear death. Or, at the very least, these five elders all feared death.

“Actually, it is possible for you all to not die. After all, you are all elders, and your lives are very precious.”

“How about this: I’ll pretend that nothing had ever happened here. Those words that you’ve all spoken earlier, I’ll just pretend that they were jokes.” Seeing that the five elders still did not say anything, Chu Feng casually said those words.

“Chu Feng, don’t you look down on us, don’t you dare look down on the people from the Orion Monastery. We are people that always dare to take responsibility for own actions.”

“The words that this old man have spoken are the same as spilt water, absolutely not regainable at all.”

Right at this moment, Huang Hai suddenly shouted. The current Huang Hai was extremely imposing, he truly appeared like someone who was not afraid of death at all. After he said those words, his body started to turn red and actually began to swell.

After that, with a loud ‘bang,’ this Half Martial Emperor-level expert exploded. After the ripple of the explosion passed through, not a single bit of Huang Hai remained. He was dead beyond dead.

He had truly killed himself in front of the crowd.

“Elder Huang!!!!”

When they saw Huang Hai dying before them, the eyes of the disciples of the Orion Monastery all turned red. There were some who even started to

cry directly. No matter what, Huang Hai was the backbone of their Orion Monastery's disciples in the Cyanwood Mountain. With Huang Hai's death, they had lost one of their pillars of support. Thus, logically, they would be heartbroken.

"Yuan Qing, this old man here has truly judged wrongly, and actually believed in someone like you."

"Yuan Qing, remember this, this old man's life was ended by you."

"Yuan Qing, you bastard, even if this old man turns into a ghost, I will still not forgive you."

Immediately following Huang Hai, three of the elders who had sworn oaths also shouted loudly. Merely, they were not as righteous-seeming as Huang Hai, as they actually began to denounce Yuan Qing. From this, it could be seen how deep their hatred for Yuan Qing was. After all, if it wasn't for them trying to protect Yuan Qing, protect the Orion Monastery's honor, there would be no reason for them to die.

However, if it was to be asked who among them was the most talented, then it must be said to be the last of the five elders. He did not denounce Yuan Qing, nor did he speak any words of righteousness that inspired reverence. Instead, he turned to Chu Feng loudly shouted. "Chu Feng, I fucked your grandmother!"

"Bang!"

"Bang!"

"Bang!"

"Bang!"

Following that, four muddled explosions sounded. Like Huang Hai, the four elders all killed themselves.

At this moment, the lightning released by the Ancient Era's Immortal Needle was still surging forward. However, the people below the lighting were currently extremely quiet, and there was not a single word to be heard.

No matter what the elders of the Orion Monastery said before their deaths, they had, nevertheless, honored their oaths and killed themselves.

While it may seem that they killed themselves for Yuan Qing, everyone knew that they had been forced to kill themselves by a disciple, a disciple by the name of Chu Feng.

Chu Feng had forced five elders of the Orion Monastery to their deaths. Moreover, the five of them were not ordinary elders. Instead, they were the five strongest elders of the Orion Monastery in the Cyanwood Mountain.

The deaths of these five elders also signified the fall of the Orion Monastery.

This fall was not limited to the Orion Monastery losing their backbone in the Cyanwood Mountain. Instead, it was a signal for their foreordained decline.

That was because their reputation had been completely ruined, ruined by their disciple Yuan Qing and those five elders. And, ultimately, all of this was because of Chu Feng.

When people thought of how Chu Feng, a young man, was actually able to force a colossus like the Orion Monastery to such a state, they all felt chills down their hearts. At this moment, to the majority of the people there, if they were to use a word to describe Chu Feng, it would be ‘frightening.’

“Woo~~~~~”

“Long live junior brother Chu Feng!!!”

“Long live the Asura Division!!!”

After a long period of silence, someone suddenly shouted. Immediately afterward, several figures flew over and directly surrounded Chu Feng. They started to cheer and lift Chu Feng up, throwing him high. Their joy and happiness was simply impossible to describe with words.

Seeing this scene, other than the elders and disciples from the Orion Monastery, the majority of the others were all feeling joy. They knew that

Chu Feng would most definitely rise to power after today. It was likely that no one in the Cyanwood Mountain would not know about Chu Feng anymore. This genius, after today, would be included on the list of true demon-level characters.

As for the Asura Division that Chu Feng had created, it was destined to emerge too. With such a demon-level character leading them, how could they possibly not emerge? Likely, after today, countless people would want to join the Asura Division and become the subordinates of this demon-level character.

“Lil brother, you now know of this Chu Feng’s capability, right?” Suddenly, Long Chenyi spoke to his younger brother Long Chenfu beside him.

The current Long Chenfu’s complexion was not very good. He was not envious or jealous of Chu Feng. Instead, he was feeling a lingering fear. After seeing Chu Feng’s ability, and seeing that Elder Wei stood behind him, how could he not be afraid? After all, there had been conflict between him and Chu Feng in the past.

“Big brother, I am wrong. I admit that I have misjudged Chu Feng with my dog eyes.”

“Currently, this Chu Feng is soon to emerge. Without mentioning his abilities, even if he doesn’t have any, with merely Elder Wei behind him, he would still be able to emerge. Say, do you think he will retaliate against me?” Long Chenfu asked in a very timid manner. He was truly afraid.

“From the way I see it, Chu Feng does not appear to be a narrow-minded individual. After all, our Ascension Sect’s elders have been assisting him this entire time. He will not come back to retaliate against you.”

“After some days, when this matter has calmed down a bit, follow me to the Asura Division. If you are to speak some good words to Chu Feng, I believe that the grudges between you two would be settled as water under the bridge,” Long Chenyi comforted Long Chenfu with a smile.

“Mn, I’ll listen to big brother on everything,” Long Chenfu nodded. As the matter stood, he truly did not have the ability to make his own

judgment anymore.

After comforting Long Chenfu, Long Chenyi turned his gaze to Chu Feng once again. Although he appeared to be calm, his heart was filled with shock. He was greatly frightened by Chu Feng's true strength.

Chapter 1194: Emphasizing His Nurture

The victor was the king and the loser was the bandit.

This moment, when Chu Feng was obtaining everyone's praise, admiration and endless honor, was the darkest moment of Yuan Qing's life.

Not only did Yuan Qing lose all of the honor and radiance of his life, he had also caused the death of five of their Orion Monastery's Half Martial Emperors. It could be said that he had created an enormous calamity and became a great sinner.

On top of that, his previous conduct was incomparably selfish. Because of his great reputation, he decided to disregard sentiment toward his fellow disciples. He had clearly declared that he would join the Orion Division, yet, he decisively abandoned all his fellow disciples the moment he received the Heaven Inquiring Division's invitation, and become a member of the Heaven Inquiring Division instead.

At that moment, many of his fellow disciples from the Orion Monastery were already dissatisfied with his decision. However, because of his talent and the value that he brought for the Orion Monastery, no one decided to say anything about it. However, he knew very well in his heart that if there came a day that he was to lose what he possessed, then the people of the Orion Monastery would definitely come and retaliate against him.

And right now was precisely the moment when he had lost all of his powers.

At this moment, he was able to clearly sense that, during the moment when the majority of the crowd's gazes were focused on Chu Feng, there were countless gazes focused on him too. Those gazes were filled with hatred and killing intent. The thing that caused him to lament the most was that all of these gazes originated from his fellow disciples, people from the Orion Monastery.

At this moment, Yuan Qing clenched his fists in silence. With great effort, he lifted his head up and turned his gaze toward Chu Feng. He

knew that the reason why he, Yuan Qing, had reached his current state was all because of Chu Feng.

“Chu Feng, I admit that all of this is because I have falsely claimed your achievements as my own. However, I did not know at all that it was you who had actually achieved all of those honors.”

“Furthermore, it was not I who deliberately claimed these honors and achievements as my own. Regardless of whether it was the time when I came out from the Ancient Era’s Immortal Pond or the moment of the Commander Competition, it had always been the crowd who had believed that everything had been done by me.”

“That sort of honor, that sort of glory, the enticement from those, not to mention me, who could possibly withstand it?”

“However, now that I have thought about it, how could all that be so coincidental? I understand now that it was a trap; a trap from the very beginning.”

Finally, Yuan Qing exploded. Before imminent catastrophe, he decided to cast everything aside. Without fearing anything, he pointed at Chu Feng and shouted madly, “Chu Feng, tell me, did you lay a trap for me from the very beginning? Not only did you wish to attack me, Yuan Qing, you also wished to attack our Orion Monastery. You are the one who is despicable to the extreme.”

“Ha...”

Seeing a Yuan Qing like this, Chu Feng did not respond. Instead, he only laughed lightly. As for his laughter, it was extraordinarily disdainful.

When things had reached this point, what use was there to speak of things like these? Who could possibly be convinced by those words? Did Yuan Qing truly think that he could turn the tables around with such a method? Truly, it was too foolish.

Thus, to Chu Feng, Yuan Qing was too weak, and simply did not possess the qualifications to fight him.

“Yuan Qing, shut your mouth. The despicable and shameless person is

you! The person who seized another's achievements is also you! A person like you is unworthy of denouncing Chu Feng."

"Yuan Qing, scram out of our Cyanwood Mountain. You are not worthy of being a Cyanwood Mountain disciple."

While Chu Feng did not bother with Yuan Qing, others were unable to watch as Yuan Qing continued. At this moment, how many people wished to worm their way into being friends with Chu Feng?

Thus, there was simply no need for Chu Feng to say anything, nor was there a need for any of those people who possessed a relationship with Chu Feng to say anything, as there were already many disciples that already started to growl at Yuan Qing like wild dogs.

Faced with the attack of a storm of saliva, Yuan Qing's expression turned extremely ugly. He was no longer able to say anything. Even if he was shameless, even if he was not afraid of death, it was still extremely difficult for him to withstand this sort of pressure.

"Yuan Qing, right now, I, with my status of a management elder, will unconditionally expel you from our Cyanwood Mountain. Is there anything that you wish to say?" Right at this moment, Elder Wei spoke. While his voice was not very loud, it was very vigorous and very imposing. His simple words caused the crowd to be stunned.

Actually, someone like Yuan Qing being expelled from the Cyanwood Mountain was something that would happen sooner or later. However, if Elder Wei was to personally expel Yuan Qing at this moment, then it would bring about suspicions that he was helping Chu Feng.

Yet, he had done exactly that. What did that mean? It meant that he was deliberately telling everyone that he was helping Chu Feng.

This was equivalent to a management elder announcing in public that he would be taking a disciple under his wing. This was no small matter at all.

"Ahhh~~~~~"

"I, Yuan Qing, possess grievances even in death!!!"

Right at this moment, Yuan Qing actually snarled. Immediately afterward, his body started to bulge. In the end, with a muffled 'bang,' he exploded.

Like the five Orion Monastery's elders, Yuan Qing committed suicide. Although his suicide came as a surprise, it was still something that people anticipated might happen.

After all, with what had happened today, the Orion Monastery most definitely hated Yuan Qing to the bone. Even if Yuan Qing lived, the people of the Orion Monastery would not let him get away. Thus, his act of suicide was actually a sensible act.

"This bastard actually killed himself? He has truly been let off too easily."

Sure enough, after Yuan Qing died, the other people did not have any major reaction to it. However, the Orion Monastery's disciples and elders were gnashing their teeth in rage. Originally, they planned to teach Yuan Qing a lesson, so as to vent the hatred in their hearts. However, this chance had disappeared before them.

The death of Yuan Qing did not bring about an enormous shock. Soon, everyone's gaze shifted back to Chu Feng once again.

Today, not only did Chu Feng take back all the honors and glory that belonged to him from Yuan Qing, he had also expanded this honor by several times, and made many disciples feel reverence for him.

In fact, it was not only the people at the Ancient Era's Immortal Pond who were focused on Chu Feng. There was another person who was focused on Chu Feng. As for that person, he was located thousands of miles away from the Ancient Era's Immortal Pond, on top of the ancient tower. As for who he was, he was the greatest existence in the Cyanwood Mountain, their current headmaster, Dugu Xingfeng.

"This Chu Feng is truly a rare sapling," said Dugu Xingfeng.

"Lord Headmaster, is it truly Chu Feng who did all of that? Is it truly he who triggered the Ancient Era's Immortal Needle?" Crazy Killer Tuoba

did not know what exactly had happened in the Ancient Era's Immortal Pond. Thus, he did not dare to ascertain whether the golden lightning in the distant sky had been created by the triggering of the Ancient Era's Immortal Needle, and could only ask Dugu Xingfeng for confirmation.

"It is indeed Chu Feng who has done all this. This child is an unprecedented genius, the hope of our Cyanwood Mountain." Dugu Xingfeng immediately gave Chu Feng an enormously high evaluation right away. It was the highest evaluation that he had ever given a disciple.

Hearing Dugu Xingfeng's evaluation, Crazy Killer Tuoba's expression changed slightly. However, that change in his state of mind only lasted for an instant. Immediately afterward, he asked, "Lord Headmaster, in that case, how are Huang Hai and the others doing right now? Haven't they sworn an oath with their lives on the line? Could it possibly be that..."

"They've already committed suicide. Even Yuan Qing was incapable of withstanding the pressure and killed himself on the spot. It was very big loss for the Orion Monastery," Dugu Xingfeng replied.

"He actually truly managed to hound five Half Martial Emperor-level elders to their deaths. This Chu Feng is truly daring. He must know that five Half Martial Emperors are no small loss for our Cyanwood Mountain," Hearing what Dugu Xingfeng said, Crazy Killer Tuoba spoke in resentment.

"No, even five Half Martial Emperor-level elders are greatly inferior to a promising disciple. Furthermore, even if it is a loss, it is something that they had brought upon themselves."

"As elders, they used their authority to oppress a disciple. In the end, they were instead hounded to death by said disciple. This means that they possessed inferior strength and skill when compared to their opponent. At the same time, this also managed to display to us how amazing Chu Feng is."

"A disciple that just joined our Cyanwood Mountain not long ago managed to hound five Half Martial Emperor-level elders to their deaths. Has such a thing ever happened before?" asked Dugu Xingfeng.

“Never before,” Crazy Killer Tuoba shook his head.

“However, this Chu Feng managed to accomplish it. This child’s actions are extremely overbearing. In all manners, it was filled with an all-out effort that no ordinary person possesses. However, at the moment when he acts, he is very calm and unflustered, like an experienced individual. Truly, it is something that I have never seen before,” Dugu Xingfeng praised Chu Feng once again.

“Lord Headmaster, I have never seen you give a disciple such a high evaluation before. What do you plan to do with this Chu Feng?” asked Crazy Killer Tuoba with a complicated expression on his face.

“While we can disregard all other disciples, the nurturing of this Chu Feng must be emphasized,” said Dugu Xingfeng.

Chapter 1195: A Frightening Smile

Hearing those words, Crazy Killer Tuoba's gaze immediately started to shine. He was endlessly shocked and felt an endless amount of disappointment.

However, this gaze only lasted for an instant. At the very least, at the moment when Dugu Xingfeng turned around, his gaze had been completely hidden.

"Crazy Killer, I am not young anymore. I should have already entered the Cyanwood Sacred Assembly to wholeheartedly train."

"You and White Ape are my most optimal successors. The two of you both possess the potential to become Martial Emperors. However, the two of you both possess advantages and detriments to one another. White Ape is too kind, whereas you are too vicious."

"To be excessively kind is unsuited for being a master of the house, and it would also be unsuited to lead the Cyanwood Mountain."

"Yet, to be too vicious is the same. However, this is the nature of the two of you, something that neither of you have been capable of altering after all these years."

"As matters stand, I no longer have the hope that the two of you will change your innate natures. However, if I must choose between kindness and viciousness, I would rather choose the latter."

"At the very least, to be vicious means that you would not be soft-hearted, you would be a leader who could protect the Cyanwood Mountain, the foundation left behind by our ancestors, and not allow our disciples to be humiliated by others."

"Even though the Cyanwood Sacred Assembly is where the actual strength of our Cyanwood Mountain is gathered, they are, unless there are no other options, unwilling to concern themselves with the matters of our Cyanwood Mountain."

"Thus, whether our Cyanwood Mountain rises or falls, is strong or weak,

must be determined by the strength of the headmaster.”

“Today, I might as well tell you my true intentions. I have trained you and White Ape for many years. With things having reached this point, I feel that you are better suited to lead the Cyanwood Mountain,” said Dugu Xingfeng one word at a time with deep intentions behind every single word.

“Crazed Killer kneels to thank Lord Headmaster for his strong affection for him. Crazed Killer would definitely not disappoint Lord Headmaster’s expectations for him.” Hearing those words, Crazed Killer Tuoba was immediately overjoyed. Without saying another word, he immediately knelt to the ground and kowtowed to Dugu Xingfeng to thank him.

“There’s no need for thanks. This is something that you’ve obtained by yourself. However, whether you will be able to take on my position would ultimately be up to the decision of the Cyanwood Sacred Assembly. Thus, make sure to show your best performance and train wholeheartedly.” Dugu Xingfeng lowered his back and personally assisted Crazed Killer Tuoba up.

“Crazed Killer will definitely give his all to train,” vowed Crazed Killer Tuoba

Suddenly, Dugu Xingfeng asked. “Crazed Killer, how old are you now?”

“Lord Headmaster, Crazed Killer is five hundred and thirty-one years old. However, Lord Headmaster, please rest assured. Crazed Killer will definitely give his all to train, and not disappoint the education and affection from you.” Crazed Killer Tuoba guaranteed.

“You possess this talent. As long as you’re given sufficient time, your cultivation would, sooner or later, rise. However, your age is not young anymore. It is time for you find a successor too,” said Dugu Xingfeng.

“Lord Headmaster, your intention is?” asked Crazed Killer Tuoba.

“It is just like how I, back when I was only a management elder of the Punishment Department, decided to take you and White Ape, two new disciples who had just joined the core region, underneath my wing.”

“Right now, this Chu feng is a good sapling. I believe there are a lot of people who have fixed their eyes on him and want to take him as a disciple already. Thus, you must definitely not miss out on this opportunity,” said Dugu Xingfeng.

“Crazed Killer understands.” Crazed Killer Tuoba nodded.

“Take care of him properly. I wish that, by the time I exit my seclusion training, Chu Feng will already have managed to have some accomplishments under your wing,” said Dugu Xingfeng.

“Lord Headmaster, how long do you plan to be in seclusion training this time around?” asked Crazed Killer Tuoba.

“Having reached my level, it is truly too enormously difficult for one to reach a breakthrough. This time around, if the seclusion training goes quickly, then it’ll be three years. Yet, if it were to go slowly, then it might take a hundred years. In this period of time, the entire Cyanwood Mountain would be left in your and White Ape’s hands,” said Dugu Xingfeng.

“Lord Headmaster, please rest assured. With Crazed Killer present, no mishap would definitely ever happen to our Cyanwood Mountain,” Crazed Killer Tuoba guaranteed.

“I naturally do not doubt your ability to handle matters.” Dugu Xingfeng patted Crazed Killer Tuoba’s shoulder. Then, his gown started to flutter, and with a burst of gentle wind, Dugu Xingfeng disappeared. From above the skies, his voice slowly echoed.

“However, during the time of my seclusion training, you and White Ape are to command the Cyanwood Mountain together. I hope that the two of you can work together and not disagree all the time.”

“Lord Headmaster, Crazed Killer sees you off with a kneel. I hope that Lord Headmaster will successfully break through.” Crazed Killer Tuoba knelt onto the ground and kowtowed to express his gratitude.

After a long time, there was no longer any voice of Dugu Xingfeng sounding from the skies anymore. Only then did Crazed Killer Tuoba

stand back up. He knew that Dugu Xingfeng had left, and would be in seclusion training for a very long time. This was the first time that he would truly control the Cyanwood Mountain.

Originally, this would have been something that would have made him excited. However, at this moment, there was no trace of joy on his face. Instead, there was an expression of worry.

He walked to the location where Dugu Xingfeng had previously stood, and looked in the direction that Dugu Xingfeng had previously been looking. As he saw the golden lightning in the distant skies, the hostility in his eyes actually strengthened somewhat.

No matter how intense the lightning was, it would eventually disperse. After some time, the lightning began to dissipate. After some more time, the lightning completely disappeared. As for the people that were lingering around the Ancient Era's Immortal Pond, they too dispersed.

However, Crazy Killer Tuoba was still standing there. He stood there for a very long time. Only when two aged figures flew over and knelt behind him did he turn around.

It was a man and a woman. The two of them both had white hair. Who knows how long they had lived for.

The two of them were very powerful, both being Half Martial Emperors, with auras comparable to that of Elder Wei. The two of them were both management elders of the Punishment Department. The man's name was Hei Hong, and the woman's name was Liu Xu.

However, even though their status and strength were both at the apex, the two of them were extremely humble before Crazy Killer Tuoba. That was because the two of them were Crazy Killer Tuoba's most capable subordinates.

"Do the two of you know about the matters regarding Chu Feng?" asked Crazy Killer Tuoba.

"Yes," The two people replied.

"Chu Feng is a talent. Hei Hong, you are to personally go and rope him

into our Punishment Department,” Crazy Killer Tuoba said.

“As per your orders,” Hei Hong replied.

“Do you know what to do?” asked Crazy Killer Tuoba.

“Hei Hong knows,” replied Hei Hong.

“No, you do not,” Suddenly, Crazy Killer Tuoba spoke in a serious manner.

Hearing that, not to mention Hei Hong, even Liu Xu was startled. The two of them were both frightened by Crazy Killer Tuoba’s reaction.

Seeing this, Crazy Killer Tuoba laughed coldly. He walked toward the two of them. His mouth began to move. However, the words that he spoke were something that only Hei Hong and Liu Xu were able to hear.

“Lord Tuoba, this...” Hearing what Crazy Killer Tuoba said, the expressions of the two people turned complicated.

“Is there an objection?” Crazy Killer Tuoba asked with a sinister expression.

“No, no objection.” The two of them shook their heads. They did not dare to disobey Crazy Killer Tuoba. From the depths of their hearts, they feared Crazy Killer Tuoba.

“If there’s no objection, then go and do your mission. Finish this matter tonight,” Crazy Killer Tuoba replied.

Hei Hong did not dare to hesitate. After a salute, he immediately left to do his mission.

“Liu Xu, you are to go too. However, do not show yourself. If Chu Feng is to refuse, you are to...” Crazy Killer Tuoba placed his mouth near Liu Xu’s ear and gave her further instructions.

“Liu Xu will go do it right away.” After Liu Xu finished hearing those words, she did not dare to hesitate. Like Hei Hong before her, she saluted and immediately left.

At this moment, only Crazy Killer Tuoba remained on the summit of

the ancient tower. After he finished giving orders to his subordinates, a light smile emerged on his face, an extremely frightening smile.

1. White Ape, his actual name might be Bai Yuan... but there's nothing that shows that will be exactly the case yet.

Chapter 1196: Public Refusal

No matter how grand a feast was, it would eventually end. As for the Ancient Era's Immortal Needle that was releasing the golden lightning, it too was like this.

At this moment, without mentioning whether there were still people lingering around the Ancient Era's Immortal Pond, Chu Feng himself had already returned to his own residence.

In fact, it was not only Chu Feng who had returned to his residence, many people had also followed him over. The majority of them were people that wanted to join the Asura Division, disciples that wanted to follow Chu Feng.

Of course, there was also a small portion of them who purely viewed Chu Feng as an idol, an object of adoration, and wanted to know where he lived. Interestingly, the majority of the people who adored Chu Feng as an idol were new disciples like Chu Feng. Moreover, the majority of them were females.

This was also within reason. Although a sweet, fair, gracefully wide and virtuous woman was someone that many noblemen would want, a brave and martial man was also someone that many beautiful women are fond of.

Suddenly, a group of people appeared. This group of people did not wait outside the gates after they appeared. Instead, they directly forced their way through the gates and entered Chu Feng's territory.

"Heavens, this is..."

Seeing these people, the expressions of many disciples greatly changed. They were stunned because that group of people were not composed of disciples, but rather, they were a group of elders.

There were over a thousand elders. They appeared very majestically and were also extremely imposing. Especially the Punishment Blades at their waists brought forth intimidation at first glance. It turned out that this

group of elders were from the Punishment Department.

“Isn’t that a management elder of the Punishment Department, Elder Hei Hong? Even someone as grand as him has come?”

“Heavens, such a group of grand characters have come to this place, what could they possibly plan to do?”

Suddenly, an old disciple recognized the elder leading this group of elders. Once he said those words, he immediately caused many more disciples to become shocked.

Management elders were rarely-seen individuals. As for the management elders of the Punishment Department, they were so powerful that people would become afraid just by thinking about them. Yet, right now, one such powerful management elder of the Punishment Department was personally leading many elders to come to Chu Feng’s residence. This was truly a grand scene.

Seeing the shocked and scared appearance of the crowd, Hei Hong smiled lightly. He did not directly charge into Chu Feng’s palace. Instead, after he passed through the entrance gates and entered Chu Feng’s territory, he led his people and descended. Then, with a loud voice, he asked, “Is disciple Chu Feng present?”

“Disciple Chu Feng pays his respects to the elders.”

Chu Feng had already sensed the arrival of the Punishment Department’s people. Originally, he was wondering why they would have come to his place. However, as he was actually being called by an elder, it was unbecoming for him to not show his face. Thus, he calmly walked out of his palace and appeared before everyone’s line of sight to publicly greet them with a courteous salute.

Hei Hong sized up Chu Feng and then asked, “You are Chu Feng?”

“This disciple is precisely Chu Feng,” Chu Feng answered.

“A considerable talent indeed. However, your actions are excessively impulsive, you really need to be educated properly.” Hei Hong seemed to be talking to himself and belittled Chu Feng indirectly. Then, he said,

“However, a talent is still a talent, and must nevertheless be cultivated.”

“I am a management elder of the Punishment Department, Hei Hong. I sincerely wish for you, Chu Feng, to join the Punishment Department. Chu Feng, are you willing or not?”

“What? They’ve actually come to invite Chu Feng to join the Punishment Department?”

“Heavens, what sort of place is the Punishment Department? It’s the strongest branch power organization of our Cyanwood Mountain. Chu Feng was actually able to obtain an invitation from the Punishment Department. Furthermore, it’s an invitation from a management elder. This is truly too amazing.” Once Hei Hong said those words, the disciples present were all filled with envy and jealousy.

If joining a branch power organization of the Cyanwood Mountain itself was already an enormously amazing feat, then joining the Punishment Department would be an even more difficult, even more amazing feat.

Although there were currently disciples in the Punishment Department, they were all grand characters, demon-level characters whose fame had spread throughout the entire Cyanwood Domain.

As for Chu Feng, he had just joined the Cyanwood Mountain. Yet, he had already obtained this opportunity. How could the crowd not possibly feel envious?

“Elder, thank you for your kind intentions. However, Chu Feng is not planning to join the Punishment Department.”

However, to everyone’s surprise, faced with such an enormous opportunity, Chu Feng actually declined it. Furthermore, he did it with a very calm expression, as if the invitation from the Punishment Department was something that ought to happen, a trifling matter unworthy of mention.

At this moment, not to mention those disciples being stunned and frightened by Chu Feng’s response, even the expressions of the Punishment Department’s elders changed as traces of anger emerged

from their eyes.

Refusing their invitation to join the Punishment Department could be said to be a sort of humiliation to them, something that they simply could not tolerate. That was because there had never been anyone in the entire history of their Punishment Department that had ever refused them.

“Chu Feng, as the saying goes, everyone has their own ambitions. Since you do not wish to join our Punishment Department, I originally did not plan to urge you against your choice.”

“However, joining our Punishment Department would not only strengthen your wisdom, it would also help you increase your cultivation.”

“While the benefits to your cultivation can be disregarded for now, the benefit to your wisdom would be extremely important. You are currently very immature, and are likely to act on impulse. If you are not to properly temper yourself, I fear that it might influence your future prospects. Even going down the path of evil and madness is not impossible.”

“Thus, for your own good, I hope that you will reconsider,” said Hei Hong.

“Chu Feng understands elder’s intentions very well. As for Chu Feng’s answer, it was not merely child’s play either. Instead, it was a conclusion I’ve come to after careful deliberation,” Chu Feng refused once again. His attitude was extremely clear-cut.

At this moment, an elder was unable to watch anymore and actually spoke out against Chu Feng. “Chu Feng, don’t continue to act incapable of differentiating good from bad. Since the establishment of our Punishment Department, there has never been a single person who has refused our Punishment Department’s invitation.” The threat within his voice was extremely evident.

Hei Hong did not stop that elder’s reprimand of Chu Feng. It was as if all of this had been planned in advance. Thus, Hei Hong remained very calm.

Using a poker face, Hei Hong was inspecting Chu Feng’s face to see what sort of reaction he would have now.

However, to his surprise, Chu Feng's reaction was completely different from what he anticipated.

Faced with the threat from that elder, Chu Feng not only did not become afraid, he instead smiled lightly.

Furthermore, not only did he smile, he actually talked back to that elder.

"Never happened before, you said? In that case, allow me to be the first," said Chu Feng with a disdainful smile. His tone was neither servile nor overbearing. Instead, it possessed a bit of a deliberateness in contradicting his elders.

"You..." Hearing those words, not to mention the elder that had threatened Chu Feng, practically all of the elders of the Punishment Department were enraged.

At this moment, only Hei Hong was not enraged. Instead, he was extremely calm, strangely calm.

"Each person possesses their own ambitions. It is meaningless to try to force someone."

"However, Chu Feng, in the future, if you are to enter the path of evil and do something that you should not have, do not blame our Punishment Department for not giving you the opportunity to go toward the good. At that time, our Punishment Department will definitely not show any mercy or forgiveness toward you either," Hei Hong said.

"I, Chu Feng, have never once regretted my decisions. I know very well what sort of path I will be walking down. Elder, there is no need for you to trouble yourself over this matter," answered Chu Feng.

"Very well, you possess ambition. In that case, let's wait and see who is right. Our Punishment Department will make sure to watch you attentively." Hei Hong's tone was still very calm and undisturbed, However, his final sentence contained a trace of anger.

After he finished saying those words, Hei Hong soared into the sky. As for the other elders of the Punishment Department, they followed closely behind him and left as well.

“Huff...”

At this moment, the surrounding crowd began to utter cries of surprise nonstop. Not only did Chu Feng reject the invitation of the Punishment Department, he actually publicly contradicted a management elder. This was truly extremely daring.

Chu Feng ignored the reaction of the crowd. He turned around and proceeded to enter his palace once more.

“Junior brother Chu Feng, why did you reject the Punishment Department’s invitation?” When Chu Feng returned to the palace, the original members of the Asura Division were all present.

While they did not go out, they all managed to see what had happened. Thus, like the others, they were greatly shocked and frightened by Chu Feng’s actions.

“While they say it’s an invitation, there is no sincerity at all. If he is to accept it, wouldn’t he be seeking embarrassment and asking for future troubles?” Right when the crowd was asking Chu Feng why he rejected it, Bai Ruochen actually spoke in an unenthusiastic manner.

Other than Chu Feng, only Bai Ruochen managed to see through the invitation of the Punishment Department.

Chapter 1197: Receiving The Rewards

“It’s still junior sister Ruochen who knows me best.” After hearing what Bai Ruochen said, Chu Feng smiled.

To other people, the invitation from the Punishment Department might seem like a rare honor; an opportunity that one should not miss.

However, to Chu Feng, it was completely different. Not to mention that the Punishment Department’s invitation was spoken with mockery towards him, where it was said to be an invitation but was actually ridicule; there was simply no sincerity at all.

Just due to the fact that, earlier, Elder Ying of the Punishment Department had joined hands with the Orion Monastery’s elders to attack Chu Feng, it was sufficient to make Chu Feng have an extremely bad impression of the Punishment Department.

However, after Chu Feng triggered the Ancient Era’s Immortal Needle, the Punishment Department that was planning to teach him a lesson had actually come over to invite him. This was simply too shameless of them. Not to mention that their attitude was extremely bad, even if their attitude had been very good, Chu Feng would still not have joined them.

As for the reason why, it would be because of a single person: Elder Wei.

Elder Wei was not someone that Chu Feng was acquainted with. Yet, he had actually gone out of his way to protect Chu Feng many times. At the moment of Chu Feng’s calamity, he had actually, without the slightest hesitation, extended a helping hand toward him.

How could Chu Feng possibly not know about Elder Wei’s intentions? It was evident that he thought highly of Chu Feng and wanted him to join their Medicine Concocting Department. Otherwise, there would be no reason for him to treat Chu Feng this well.

However, at the moment when Chu Feng triggered the Ancient Era’s Immortal Needle, at the moment when his fame spread out like a wildfire, Elder Wei did not raise the proposal to invite Chu Feng to their Medicine

Concocting Department. It was not that he didn't want to, it was only because he didn't want to take advantage of Chu Feng and make him feel that he had helped him for an ulterior purpose.

Yet, at this moment, the Punishment Department was actually shameless enough to come and invite Chu Feng. This was simply a clear-cut contrast against Elder Wei's kindness and righteousness.

Thus, by both emotions and reasons, Chu Feng would never join the Punishment Department. He did not care about whether the Punishment Department was the strongest branch power organization in the Cyanwood Mountain or not. Since he did not want to join, he would not join them. This was Chu Feng's character.

"However, junior brother Chu Feng, it remains that they are the Punishment Department. It's one thing if you were to refuse them. However, with how you contradicted them, I fear that they might come and target you in the future," said Fang Tuohai worriedly.

"Senior brother Fang, during the time when I had not offended them, they had already come to target me. Wasn't that Elder Ying also one from the Punishment Department?" Chu Feng said.

"This..." After hearing what Chu Feng said, Fang Tuohai and the others came to a realization. After carefully thinking about it, what Chu Feng said was indeed reasonable.

However, they were still worried. After all, the Punishment Department was truly too frightening. Not only was it the most powerful branch power organization of the Cyanwood Mountain, it was also the branch power organization that all the disciples of the Cyanwood Mountain wanted to join the most.

At the very least, all of the top and strongest disciples in the Cyanwood Mountain were all members of the Punishment Department.

While Chu Feng's rejection of the Punishment Department might appear to have only offended the Punishment Department, he had actually offended many more people. That was because those disciples that were part of the Punishment Department also possessed their own branch

power organizations. Furthermore, they were all the strongest disciples' branch power organizations.¹

While the Punishment Department could not openly attack Chu Feng, it was different for the disciples. The demon-level disciples could totally use 'challenges' as an excuse to completely shatter the Asura Division with the strength they possessed.

Suddenly, Chu Feng said, "Everyone, I know what you all are worried about. If you all are afraid, it is totally fine for you to leave the Asura Division. That is because as long as I am the head of the Asura Division, it is destined that we will not have a smooth sailing; our Asura Division will only grow within predicaments."

"As for how deep the predicaments must be, I am also incapable of ascertaining that. However, what I am certain of is that you all who are part of the Asura Division will have to undergo these predicaments together with the Asura Division, growing within it."

Chu Feng was no fool, what had he not thought of? At the moment when he rejected the Punishment Department, he knew that his future days would not be smooth. However, as he had already acted upon his decision, he would not regret his decisions.

That was because he knew that even if he did not reject the Punishment Department, it was not certain that his future days would be smooth either. As for the party that would be making things difficult for him, it was very likely to be the Punishment Department itself.

"Junior brother Chu Feng, what sort of joke is that? Although I, Fang Tuohai, used to be a coward and am still a coward, I do not plan to be a coward all my life."

"I don't know nor do I care about what the others might plan to do. However, I, Fang Tuohai, am determined to follow you. In this life of mine, I firmly identify myself as a member of the Asura Division. If the Asura Division continues to stand, then I will also remain standing with it. If the Asura Division is to fall, then I will perish with it." Fang Tuohai patted his chest and vowed in a slightly emotional manner.

“That’s right. We will not leave the Asura Division. Junior brother Chu Feng, we pledge our lives to follow you.” After Fang Tuohai, the rest of the members also spoke their determination one after the other.

Chu Feng was surprised by this scene. After all, what they would be facing would not be little characters like prawns or fishes. Instead, it was the Punishment Department, a branch power organization capable of covering the entire sky with a single hand in the Cyanwood Mountain.

However, even though this was the case, the members of the Asura Division were still willing to follow him; at the very least, these original members were willing to follow him. Thus, how could Chu Feng not become happy by this?

“Very well, since everyone is willing to go through trials and tribulations with this Chu Feng, then I shall tell all of you this.”

“We will face trials and tribulations in the future, this is something that is inevitable. We will also suffer humiliation, this is also something that is inevitable.”

“However, I wish everyone to remember this. I, Chu Feng, am not someone that is easily bullied. As long as I remain alive, those people who have bullied us will pay a hundredfold for their conduct towards us,” said Chu Feng in a serious manner.

“Long live our head, long live the Asura Division.” After hearing what Chu Feng said, the blood of the Asura Division’s members all started to surge, and they all became extremely emotional.

Even Bai Ruochen, who was always icy-cold, displayed a slight smile.

The next day, the matters regarding Chu Feng rapidly spread throughout the Cyanwood Mountain. Practically everyone knew about what had happened. The Ancient Era’s Immortal Needle was triggered. As for the person who triggered it, it was a disciple by the name of Chu Feng.

As for the honors and glories that Yuan Qing had previously held, they had all been falsely claimed from Chu Feng. Regardless of whether it might be his triggering of the Ancient Era’s Immortal Needle or obtaining

the Commander Flag, they were actually all done by Chu Feng.

In an instant, countless new disciples wanted to become members of the Asura Division and follow this newly emerged demon-level genius.

However, soon, another explosive piece of news emerged, the news of Chu Feng's rejection of the Punishment Department's invitation, and his public contradiction of the Punishment Department's elders.

As the news spread, more details were added to the story, causing it to turn from a small contradiction toward one's elders to Chu Feng almost fighting against the Punishment Department's elders. It had truly reached a grand spectacle.

This negative piece of news caused a portion of the people who had wanted to join the Asura Division to cower and give up on their intention.

However, it also managed to cause a lot of people to become fond of Chu Feng. At the very least, to them, they felt that Chu Feng possessed a wild nature, sufficient courage and insight, and was a rarely-seen brave individual.

At the moment when Chu Feng became the heart of the struggle, the topic of countless of the Cyanwood Mountain's elders and disciples' heated discussions, Chu Feng arrived at the Mission Plaza and cashed in the glory that belonged to him.

Chu Feng obtained ten thousand martial beads, a thousand achievement points, a top quality Royal Armament and an extremely luxurious territory.

However, what Chu Feng decided to do was to go to a restricted area of the Cyanwood Mountain. This was the Cyanwood Mountain's Martial Skills Department. The reason he did this was because he had obtained the final award that belonged to him.

At this moment, what stood before Chu Feng were all of the Martial Skills in the Martial Skills Department. Like glittering jewels that were a delight to the eye, there existed countless Martial Skills. As for these Martial Skills, they were no ordinary Martial Skills. Instead, they were all

Taboo Martial Skills. Not to mention Mortal Taboo Martial Skills, there were even an astonishing amount of Earthen Taboo Martial Skills.

This place sufficiently displayed the strength of the Cyanwood Mountain. A true colossus was absolutely not something that lacked Martial Skills.

“Elder Shi, how many Martial Skills from this place am I allowed to learn?” Chu Feng looked to an extremely tall and robust, red-haired and elephant-looking old man.

This person was no ordinary elder. Instead, he was one of the management elders of the Martial Skills Department, Elder Shi.

“Little friend Chu Feng, you are allowed to train in any of the Martial Skills here. As long as you wish for it, it is even fine for you to train in all of the Martial Skills here.”

Elder Shi smiled an amiable smile. However, his smile displayed his mouthful of sharp teeth. This Elder Shi was not a human, he was actually a monstrous beast.

*

1. It would appear that one could join a ‘Department’ and a ‘Division’ at the same time. Fortunately, I decided to name them two different terms as they use the same word in Chinese.

Chapter 1198: Earthen Taboo: Firmament Shield

“I’m allowed to train in them as I please? This treatment is very good indeed. However, Elder Shi, the Martial Skills here don’t seem to be of very high quality,” said Chu Feng after he swept his gaze over the Martial Skills present.

“Good eyesight. However, Chu Feng, you should know that the higher the quality a Martial Skill has, the harder it is to learn it.”

“While the Taboo Martial Skills here are not of very high quality, they are comparatively suited for new disciples like yourself.”

“In truth, this is not because our Cyanwood Mountain is stingy. It is merely done this way so that we can make things easier for the new disciples. As the saying goes, it doesn’t hurt to chew more when eating. As for cultivating and learning Martial Skills, one should not be shortsighted and seek instant benefits.”

“If we were to give new disciples higher quality Martial Skills to learn, they would not be able to learn them in a short period of time and would have to spend a long time to learn them. This would be equivalent to wasting their time and delaying their progress.” Elder Shi was not angered by Chu Feng’s words. Instead, he patiently explained the matter to Chu Feng.

This was not because Elder Shi possessed a very good temperament. Instead, it was that he was giving Chu Feng very good treatment.

In fact, in any other year, when the disciples came to turn in their rewards, Elder Shi would not personally come to receive them.

The reason why Elder Shi had personally come out to receive Chu Feng today was naturally related to Chu Feng triggering the Ancient Era’s Immortal Needle.

“What Elder Shi says is very reasonable.” Chu Feng nodded his head in approval after hearing Elder Shi’s explanation. After all, not everyone

possessed talent like his.

Not to mention higher quality Earthen Taboo Martial Skills, even ordinary Earthen Taboo Martial Skills were not things that anyone could just successfully learn and master.

It was not without reason that these things were known to be Taboo Martial Skills.

“Chu Feng, if you think that these Martial Skills here are too low quality, I can make an exception and allow you to see the high quality Martial Skills.”

“Merely, the Martial Skills there are not allowed to be learned as one wishes. At the very most, I could allow you to learn a single one. As the condition for allowing you to do that, you would not be allowed to learn the Martial Skills here as you wish either.”

“Are you willing to do that?” asked Elder Shi with a smile on his face. It was as if he was making a transaction with Chu Feng.

“In that case, I must thank Elder Shi,” Chu Feng cupped his fist to express thanks.

For Earthen Taboos, Chu Feng already grasped the Earthen Taboo: Firmament Slash and Earthen Taboo: Dragon and Phoenix Dancing in the Skies. The two of them were both very high quality Earthen Taboo Martial Skills. Thus, Chu Feng truly had no interest in ordinary Earthen Taboo Martial Skills; only those of high quality would attract Chu Feng’s interest.

Seeing that Chu Feng accepted the conditions, Elder Shi did not linger around, and directly brought Chu Feng away from this place and toward another location where Martial Skills were stored.

It was an underground palace. Regardless of whether it was the interior decorations, the strength of the spirit formation or the people guarding this place, they were all more than twice as strong as the place they were previously at.

This palace was extremely large. However, the amount of Martial Skills stored in this place was not many; they numbered only twenty. However,

these twenty were no ordinary Taboo Martial Skills. Not only were they all Earthen Taboo Martial Skills, they were also top quality Earthen Taboo Martial Skills.

“These twenty Earthen Taboo Martial Skills could be said to be, other than the ones in the Cyanwood Sacred Assembly, the most precious twenty Taboo Martial Skills of our Cyanwood Mountain. However, the difficulty in learning them is also extremely high. Even I would have to spend close to a hundred years to learn one of these twenty.”

“Right now, you have the opportunity to choose one among these twenty. However, my suggestion to you is to not choose one that is too difficult. At the very least, you should choose one that you feel is suited to you, one that you are capable of learning,” Elder Shi advised.

“Elder Shi, thank you for your advice.” Chu Feng saluted to express his thanks. He was able to sense that these twenty Earthen Taboo Martial Skills were indeed no small matter. At the very least, in terms of their quality, they were many times better than the ones before.

After that, Chu Feng began to inspect the twenty Earthen Taboo Martial Skills one by one so that he could earnestly choose one of them. He noticed that these Martial Skills were truly quality goods. At the very least, the few that he had inspected were all comparable to his Earthen Taboo: Firmament Slash.

Surprisingly, although those Earthen Taboo Martial Skills were very powerful, none of them gave Chu Feng the urge to learn them.

It was only when Chu Feng checked out the thirteenth Martial Skill did his eyes start to shine. In fact, even his heartbeat started to accelerate.

That was because the name of that Martial Skill was very familiar, it was actually called ‘Earthen Taboo: Firmament Shield.’

“Earthen Taboo: Firmament Shield, how could there be such a Martial Skill? Could this Martial Skill be related to my Earthen Taboo: Firmament Slash?”

When Chu Feng saw this Martial Skill, his body stopped moving and his

eyes were deeply attracted to that Martial Skill.

Seeing this, Elder Shi frowned slightly and asked, “Chu Feng, you couldn’t possibly be interested in this Martial Skill, right?”

“Elder Shi, could there be something wrong with this Martial Skill?” asked Chu Feng.

“This Martial Skill is indeed extremely good. However, not only is it extremely difficult to learn, it is also an incomplete fragment,” Elder Shi replied.

“Incomplete fragment? If this Martial Skill is incomplete, then wouldn’t it be impossible to learn it? In that case, why did you say that it’s very difficult to learn?” Chu Feng managed to find clues within Elder Shi’s words.

“Bright. I said that it is hard to learn because it is truly very difficult for one to learn it. However, it is still possible to learn it.”

“As for the reason why I said it is an incomplete fragment, that is because even if one manages to learn it, its power would still be very weak. At the very least, it is much weaker when compared to the other Earthen Taboo Martial Skills here, and could only be considered to be an ordinary quality Earthen Taboo Martial Skill. However, this Martial Skill’s difficulty in learning is instead the most difficult among the twenty Martial Skills here. At the very least, I have never seen such a difficult Earthen Taboo Martial Skill before.”

“Just think about it, if you are to exert a great amount of effort just to learn an ordinary Earthen Taboo Martial Skill, wouldn’t this not be very cost-effective?” asked Elder Shi.

“If that truly is the case, then there really would not be much significance for one to learn this Martial Skill. However, for this Martial Skill to be stored in this place, I believe there must be a reason, no?” Chu Feng asked.

“That’s right. This Martial Skill is extremely ancient. It could be said that it is the most ancient Martial Skill in our Cyanwood Mountain. At the time

when our Cyanwood Mountain was established, this Martial Skill was already there. As for the reason, it was because this Martial Skill was something that our founder brought back with him.”

“However, no one knows where this Martial Skill originated from, nor does anyone know who it was that created this Martial Skill. All we know is that this Martial Skill is extremely powerful, comparable to that of the Heaven Taboo Martial Skills. Its might is world-defying, it is most incomparable to ordinary Martial Skills.”

“In order to obtain a power that could match that of Heaven Taboo Martial Skills, countless of our Cyanwood Mountain’s seniors have trained to learn this Martial Skill. However, very few among them actually managed to master this Martial Skill.”

“The record has it that several tens of thousands of years ago, there was once an extremely talented senior who ranked first on the Cyanwood Succession List when he was young, an existence that none of his fellow disciples could match. At that time, everyone thought that he would succeed as our Cyanwood Mountain’s headmaster in the future because he truly possessed incomparable talent.”

“However, he, for the purpose of mastering this Earthen Taboo: Firmament Shield and obtaining a strength comparable to that of Heaven Taboo Martial Skills, exhausted all of his energy to meticulously study this Martial Skill everyday with no regard to anything else.”

“This caused his cultivation to come to a halt and, in the end, he was dropped from the Cyanwood Succession List. From being the strongest genius, he became an ordinary genius.”

“When he was four hundred and forty-nine years old, he finally managed to master this Earthen Taboo: Firmament Shield. At that time, his accomplishment shocked many people.”

“After all, Heaven Taboo Martial Skills were like legends, existences of the greatest value. The might of a Heaven Taboo Martial Skill is also something that practically no one had ever seen before.”

“Thus, practically everyone in the Cyanwood Mountain at that time

wanted to know exactly how powerful this Martial Skill, that possessed a strength comparable to that of Heaven Taboo Martial Skills, was.”

“Finally, before the witness of countless elders and disciples, that senior publicly displayed the Earthen Taboo: Firmament Shield. However, the might of the Earthen Taboo: Firmament Shield brought forth numerous disappointments.”

“That was because the might of the Earthen Taboo: Firmament Shield was only comparable to ordinary Earthen Taboo Martial Skills, and inferior to even excellent quality Earthen Taboo Martial Skills, much less Heaven Taboo Martial Skills.”

“After that day, that senior who had poured his entire life into learn this Martial Skill died. He killed himself due to humiliation. He had spent his entire life only to learn a mediocre Martial Skill. He lost the courage to continue living, and was ashamed to continue to exist on this world.”

“However, even though that senior failed, many other demon-level seniors refused to believe in the nefariousness of this Martial Skill. They felt that it was not the Earthen Taboo: Firmament Shield that was mediocre, but instead that it was that that senior had failed to completely grasp it.”

“Thus, there were still many seniors who decided to train in this Martial Skill after that senior. Naturally, there were some among them that managed to successfully learn the Martial Skill. However, all of them ended up paying an enormous price only to obtain a mediocre power.”

“All of them followed the footsteps of that senior, one tragedy followed another.”

“Finally, people began to doubt whether this Earthen Taboo: Firmament Shield even possessed the strength of the legends to begin with. People began to think that it was only a trap, a scam.”

“However, it remained that this Earthen Taboo: Firmament Shield was a Martial Skill brought back by our Cyanwood Mountain’s founder. Furthermore, it was our founder who personally declared it to be an excellent quality Martial Skill. Thus, how could it possibly be a fake?”

“Thus, there were some who began to propose that this Earthen Taboo: Firmament Shield might really contain the power of the legends. Merely, the one that is here is nothing more than an incomplete fragment. Thus, even if someone managed to successfully learn it, they would not be able to display a strength comparable to that of Heaven Taboo Martial Skills,” Elder Shi narrated all these events in detail.

Chapter 1199: Definitely Related

After hearing what Elder Shi said, Chu Feng was even more shocked and his heartbeat that was already rapidly beating started to beat even more intensely.

The Earthen Taboo: Firmament Shield resembled the Earthen Taboo: Firmament Slash so greatly. As long as one had some brains, one should be able to tell that there was some sort of connection between the two Earthen Taboo Martial Skills.

If the Earthen Taboo: Firmament Shield was an incomplete fragment, then could the completed version be related to the Earthen Taboo: Firmament Slash? Or could it be that both the Earthen Taboo: Firmament Shield and the Earthen Taboo: Firmament Slash were incomplete fragments and could only be considered to be complete should one unite them both?

“Never would I have imagined that this Earthen Taboo: Firmament Shield would have such an origin. However, I still wish to attempt it,” Chu Feng said.

“Little friend Chu Feng, I urge you to consider it again. This Earthen Taboo: Firmament Shield, even if you are to master it, it would not be of much use. Rather than wasting time on it, it is better for you to learn another Martial Skill that is more suited for you,” Elder Shi patiently advised Chu Feng against it. He was really thinking for Chu Feng’s sake. He feared that Chu Feng would follow the footsteps of those seniors.

“Elder Shi, I thank you for your good intentions. However, I truly wish to give it a try. Elder Shi, I wish you could allow me to attempt it.”

Chu Feng firmly believed that this Earthen Taboo: Firmament Shield was definitely related to his Earthen Taboo: Firmament Slash. Thus, he would not allow himself to miss this opportunity.

A might comparable to that of Heaven Taboo Martial Skills, it was something that anyone would wish to obtain. Thus, Chu Feng was naturally not an exception.

“Sigh. Since this is the case, I’ll allow you to do it.” Faced with Chu Feng’s determination, Elder Shi sighed. However, he immediately took out the Earthen Taboo: Firmament Shield afterwards. But, he did not hand it directly to Chu Feng.

Instead, he began to set up a special unsealing formation and placed it onto the Earthen Taboo: Firmament Shield. Only after he unsealed the concealment formation on the Earthen Taboo: Firmament Shield did he hand it over to Chu Feng.

After Chu Feng received the Taboo Martial Skill from Elder Shi, he inspected it with his thoughts. Immediately, an enormous amount of information flowed out from the Earthen Taboo: Firmament Shield and entered his mind.

“This Martial Skill...” After all of the contents of this Martial Skill entered into Chu Feng’s mind, even someone like Chu Feng started to frown.

That was because he discovered that the cultivation method for this Martial Skill was truly strange; it was as if it was indeed lacking something. In short, it’s difficulty was actually greatly superior than the Earthen Taboo: Firmament Slash. It was definitely the most difficult Taboo Martial Skill that Chu Feng had ever seen.

No wonder the countless seniors of the Cyanwood Mountain who had attempted to learn this Martial Skill had either failed or exhausted a great deal of time in order to learn it.

This Martial Skill was very difficult for even Chu Feng and it would require a lot of effort and time from him in order to learn it.

“Chu Feng, it is truly difficult to learn this Martial Skill. However, since you insisted on learning it, it is unbecoming for me to try to stop you. Instead, I am able to give you some advice that might help you.”

“Actually, after all those past seniors of ours have tried to learn this Martial Skill, they have managed to come up with a cultivation method for it. This Martial Skill is actually related to one item in our Cyanwood Mountain. If you wish to learn this Martial Skill, you must do it through

that item. As for that item, it is something that you've come in contact with before," Elder Shi advised.

"I've come in contact with before? This junior is slow-witted, I do not know what item Elder Shi is speaking of. Elder, please tell me what exactly it is," Chu Feng was truly unable to think of what the item might be. When had he ever come in contact with something related to the Earthen Taboo: Firmament Shield?

"Firmament Medicinal Herb," Elder Shi said.

"Firmament Medicinal Herb?" Chu Feng was shocked by those words.

He naturally knew about the Firmament Medicinal Herbs. In fact, Chu Feng had thought before that the Firmament Medicinal Herbs might have a special relationship with his Earthen Taboo: Firmament Slash. After all, their names resembled each other so much.

However, after close examination, Chu Feng did not discover anything special about the Firmament Medicinal Herbs, much less any relation to his Earthen Taboo: Firmament Slash.

"Hah, I'm certain you've only thought that the Firmament Medicinal Herb is an ordinary medicinal herb."

"However, it's most definitely not what it is. The Firmament Medicinal Herbs contain Firmament Energy. While the Firmament Energy is extremely useful for concocting medicine, it could even be used to craft weapons. Merely, the Firmament Energy needs to be extracted and refined in order to be used. If it is not extracted and refined, it is simply impossible for one to discover it."

"Aren't you very familiar with Elder Wei of the Medicine Concocting Department? His Medicine Concocting Department is a place that specializes in extracting the Firmament Energy from the Firmament Medicinal Herbs. If you wish to learn this Earthen Taboo: Firmament Shield, you could try to go to the Medicine Concocting Department," Elder Shi said.

"Thank you, Elder Shi, for your advice. You have truly helped me

greatly.” Chu Feng said these words from the bottom of his heart. Had it not been for Elder Shi’s advice, he would never have known that the Firmament Medicinal Herbs were related to the Earthen Taboo: Firmament Shield.

Furthermore, at this moment, Chu Feng believed even more firmly that this Earthen Taboo: Firmament Shield should have an enormous relationship with his Earthen Taboo: Firmament Slash.

That was because, while he didn’t know about other things, he knew quite a bit about Firmament Energy.

For it was in the introduction of the Earthen Taboo: Firmament Slash:
EARTHEN TABOO—FIRMAMENT SLASH.

CREATED BY EMPEROR FIRMAMENT AT THE AGE OF TWO THOUSAND.

CONJURING ENERGY OF THE FIRMAMENTS, GRANTING POWER TO BRING RUIN TO THE WORLD.

IT IS WORK OF THE HIGHEST QUALITY WITHIN EARTHEN TABOO MARTIAL SKILLS.

Not only did the introduction of the Earthen Taboo: Firmament Slash clearly state its origins, it also stated the method to train it. As for the Firmament Energy, it was the essence of the Earthen Taboo: Firmament Slash.

However, the Earthen Taboo: Firmament Shield was different. While the method to learn it was present, the concept behind it was extremely vague. Even the contents of the Earthen Taboo: Firmament Shield were very vague.

However, after he heard what Elder Shi said, Chu Feng realized that this Earthen Taboo: Firmament Shield was the same as his Earthen Taboo: Firmament Slash, requiring Firmament Energy.

Most importantly, although the Earthen Taboo: Firmament Shield’s origin was unknown, the description of its might was extremely terrifying.

In the contents of the Earthen Taboo: Firmament Shield, there was a sentence that was precisely the same as the introduction given by Elder Shi.

EARTHEN TABOO—FIRMAMENT SHIELD

WITH DEFENSE AS OFFENSE AND OFFENSE AS DEFENSE

WHEN MASTERED, GRANTS THE POWER TO BRING RUIN TO THE
WORLD

COMPARABLE TO HEAVEN TABOO MARTIAL SKILLS

Although the introductions for the Earthen Taboo: Firmament Shield and the Earthen Taboo: Firmament Slash were different, there were identical similarities. From this, Chu Feng felt even more that these two Martial Skills might have been created by the same person, the so-called Emperor Firmament.

However, whether the complement of these two Martial Skills could really match that of a Heaven Taboo Martial Skill was something that Chu Feng would only know after he mastered this Earthen Taboo: Firmament Shield.

Chu Feng did not linger around; after he bid farewell to Elder Shi, he directly left the place. The reason for this was because the outside of his Asura Division was packed with people. As the head of the Asura Division, Chu Feng could not linger around without doing anything about it. In fact, the reason why he had come to accept his rewards was also for his Asura Division.

After Chu Feng left, another elder of the Martial Skills Department asked Elder Shi, “Lord Elder, why didn’t you have Chu Feng join our Martial Skills Department? This child already possesses astonishing talent at his young age. Furthermore, his character is very calm and unflustered,

he is truly a rare sapling,”

“It is true that this child possesses astonishing talent. Unfortunately, I’ve discovered him too late.”

“Old Wei’s luck is better than mine. He discovered this good sapling before me. Furthermore, during Chu Feng’s moment of crisis, he stood forward and helped him greatly.”

“I am able to tell that Chu Feng is not someone who seeks personal gain before everything else. Instead, he is someone who would repay kindnesses shown to him. This is something that could be seen by his rejection of the Punishment Department.”

“Thus, it is not by chance that the Punishment Department has been rejected by him. Rather, it is within reason.”

“If I am to invite Chu Feng to join our Martial Skills Department, all I would do is make things difficult for him. Instead of that, it is better for me to do what I just did. Perhaps in the future, we might even be able to gain an intimate relationship with him,” said Elder Shi.

“It is truly Lord Elder who is wise.” After hearing those words, the other elder finally came to a realization. As Chu Feng was a person who repaid kindness shown to him, inviting Chu Feng to join them was no easy task, as his heart was already affiliated with Elder Wei, and he had already planned to join the Medicine Concocting Department.

Chu Feng did not know of the discussion between the two elders. After he received his final reward, he returned to his own residence.

Merely, this was his new residence, an extremely luxurious territory. This territory could be considered to be a top-notch territory in the entire core region of the Cyanwood Mountain. At the very least, among the disciples, there were not many people who possessed a territory like this.

After he arrived at his new residence, Chu Feng personally hung the signboard of the Asura Division over the entrance gates. This place was going to become the new headquarters of the Asura Division.

Furthermore, Chu Feng spread the news that he would be opening the

gates of the Asura Division to recruit new members in two days' time. Anyone who wanted to join the Asura Division were allowed to participate in the evaluation. As long as one passed the evaluation, then, regardless of age or where one might be from, they would be given the chance to become a member of the Asura Division.

Of course, there was an exception to this – the Southern Cyanwood Forest's disciples. They were not required to undergo any evaluation. As long as they were willing, they could immediately become members of the Asura Division.

The protection of his Southern Cyanwood Forest's disciples was Chu Feng's second mission in the Cyanwood Mountain.

As for his first mission, that was even more important.

Strictly speaking, it was not a mission. Instead, it should be said to be a purpose, Chu Feng's true purpose in coming to the Cyanwood Mountain was the treasure that contained a large amount of cultivation resources that was hidden within the Cyanwood Mountain.

If this treasure were to truly exist, if it was truly the same as what it was recorded to be, and if it was truly possible for Chu Feng to obtain it, then Chu Feng's cultivation would definitely advance by leaps and bounds in an instant.

Chapter 1200: Tearing Down The Asura Division

When Chu Feng had just come to the Holy Land of Martialism, he had come into contact with a man named Grandpa Luo.

Grandpa Luo had once been a traveller. Although his cultivation could not be considered to be very high, he had spent all of his life travelling through the Holy Land of Martialism's many places.

From Grandpa Luo, Chu Feng obtained a map. Recorded on the map was a large tree, a treasure chest and a weapon.

Without mentioning the treasure chest and the weapon, that tree actually contained countless fruits. As for those fruits, each and every one of those were wondrous objects for cultivation that contained natural energies.

That was the true treasure. As for this treasure, it was located within the vast mountains of the Cyanwood Mountain.

Back then, Chu Feng had destroyed the map. However, the contents within the map were firmly remembered by him. Thus, Chu Feng knew that the map was situated in the Cyanwood Mountain.

In fact, after Chu Feng arrived in the Cyanwood Mountain, he had already compared the map of the Cyanwood Mountain with the one in his mind and managed to discover the location of the treasure.

Unfortunately, there was a large forbidden region in the Cyanwood Mountain that not even management elders could enter without permission. As for the treasure that Chu Feng wanted to find, it just so happened to be in that forbidden region.

Within that forbidden region existed ferocious beasts, extremely poisonous plants and even killing formations from the Ancient Era.

That place could be said to be the most dangerous place in the entire Cyanwood Mountain. As for the treasure, it was located in that most

dangerous place. Not to mention that Chu Feng was not allowed to enter that place, even if he could, he would not have the certainty to go in, as that place was truly too dangerous.

Thus, the only thing Chu Feng could do was accumulate his strength and then search for an opportunity. Only when the timing was right would he have the chance to enter that region containing the treasure.

As for right now, what Chu Feng needed to do was to properly manage the Asura Division. At the very least, he needed use this time when his fame was great to expand the power of the Asura Division.

Chu Feng's news spread very successfully. In merely two days, many disciples arrived before the entrance of the Asura Division in hopes of joining.

Long Chenyi of the Ascension Sect also brought Long Chenfu and the others with him to congratulate Chu Feng.

In fact, many other branch power organizations that Chu Feng was not familiar with had come to congratulate him in hopes of becoming associated with Chu Feng as well.

Chu Feng was not a conceited individual. Even though he knew that these people had come to show false friendship, he would still not offend them for no reason at all. Thus, as long as they were branch power organizations that had come to congratulate him, then regardless of whether they might be strong or weak, Chu Feng would treat them like honorable guests.

At this moment, the entrance gates of the Asura Division were wide open. In this vast territory, countless people that wanted to join the Asura Division entered the spirit formation Chu Feng had created to perform his evaluation.

As for Chu Feng, Long Chenyi and the others, they were chatting and watching from the side, appreciating this exciting scene worthy of commemoration. This was the moment when the Asura Division began its true emergence.

“Zhao Xiang, scram. Don’t you think that your daddy here would not dare to teach you a lesson if you managed to join the Asura Division. Today, I would let matters go if you were to step forth by yourself. However, if you don’t, then I’ll tear down this Asura Division together with you.”

However, right at the time when everything was peaceful, an extremely malicious shout was suddenly heard from outside of the Asura Division.

Looking towards the direction which the shout had come from, a large group of people was actually charging towards the Asura Division in a majestic manner.

There were over two thousand people in this group. On their arms were armbands with the words ‘Bingqi’s Division.’

The strength of this group of people was no small matter, none of them were weak. As for the strongest person among them, it was a young man.

This man’s age was not very old. He was, at most, definitely younger than thirty. Furthermore, because his appearance was very young, he looked more like a youngster than a young man.

However, his young face was filled with bad intent. It could be said that it was extremely malicious.

He was the strongest among the two thousand plus people, being a rank six Martial King. As for his aura, it wasn’t weak either. At the very least, it was on par with Lei Yao and might even be a bit stronger.

When he appeared, many people hurriedly moved aside. Cowardice appeared on the faces of the majority of the people. Even the heads of the various branch power organizations that had been welcomed as honored guests by Chu Feng were frowning.

That was because not only did this youth possess a cultivation of a rank six Martial King, there was also a symbol on his chest area that brought fear to the crowd, ‘Weaponry Refinement Department.’

Weaponry Refinement Department, this was not a branch power organization created by disciples. Instead, it was a branch power

organization that possessed many management elders. This young man before them was actually a member of the Weaponry Refinement Department. This signified that there were management elders behind him. Thus, how could the crowd not be afraid of him?

Long Chenyi frowned slightly upon seeing this young man. In a very confused manner, he said, "Liu Bingqi? Why did he come here?"

"Senior brother Long, you know this man?" Chu Feng asked.

"I do. This man's name is Liu Bingqi. He is the head of Bingqi's Division."

"Liu Bingqi possesses very decent talent and could most definitely be considered to be a cultivation genius. However, his most skilled aspect is not in cultivation. Instead, it is in world spirit techniques."

"At the very least, his world spirit techniques are greatly superior to our own. Thus, he was noticed by a management elder from the Weaponry Refinement Department and invited into it, becoming a member of it."

"This Liu Bingqi is extremely conceited. Not only did he name his Bingqi's Division after himself, he is also extremely demanding in recruiting new members."

"Not only does he require them to have strength, they must also be proficient in world spirit techniques. Those without spirit energy can give up on becoming a member of his Bingqi's Division."

"This led to his branch power organization having very few people. Yet, all of those people are elites."

"Perhaps others might have thought that the Orion Division was ranked eleventh in the Cyanwood Mountain's core region, but I think that Bingqi's Division is stronger than the Orion Division. As for this Liu Bingqi, his strength is also stronger than Lei Yao."

"Merely, due to him being rather low-profile, his name ended up being rather unknown. Thus, this led to many people thinking that his Bingqi's Division was inferior to Lei Yao's Orion Division."

“However, while this Liu Bingqi is a conceited individual, he is not one to do things without reason or cause. Thus, his arrival here today truly confuses me.”

“That is because he is not one to find trouble because he is bored. Junior brother Chu Feng, could it be that there is some sort of grudge between you and him? Perhaps you have offended Bingqi’s Division?” Long Chenyi asked in a confused manner.

“It is the first time that I have ever met this Liu Bingqi. As for his Bingqi’s Division, it is also the first time that I’ve heard of them. Thus, there should naturally be no grudges between us,” Chu Feng said.

“Liu Bingqi, the person who injured your Bingqi’s Division member is me. This is unrelated to the Asura Division. If there’s something you want, then come at me, but do not shout and quarrel in our Asura Division.” Right at this moment, a man stood forth from the Asura Division members.

This man’s cultivation was not weak as he was actually a rank four Martial King. This sort of cultivation could be considered to be a top existence even in the current Asura Division. At the very least, his true cultivation was higher than even Chu Feng’s.

Most importantly, not only did this man step forward, he even flew into the sky. In the end, he stood before that Liu Bingqi.

“Senior sister Wang Wei, senior brother Fang, do you all know who this person is?” Chu Feng asked. Although the examination spirit formation had been created by him, he had given charge of the particulars of recruiting new members to Wang Wei and Fang Tuohai.

Chapter 1201: Xiahou Jianting

“Junior brother Chu Feng, this man’s name is Zhao Xiang. He had just joined our Asura Division yesterday. His cultivation is very high and his talent is also rather good. In the spirit formation that you set up to evaluate prospective members, he managed to obtain an excellent performance in both of those.”

“Due to the fact that his cultivation is very high, I have chatted with him personally. From that, I came to know that he had once created a branch power organization. However, it seemed that he had offended someone and his branch power organization ended up being forced to disband.”

“As for the reason why he decided to join our Asura Division, it is not that he wanted to rely on our Asura Division. According to him, it is because he admired you and had thus decided to join purely so that he could follow you,” Wang Wei explained.

“Mn, this Zhao Xiang does seem like a manly man. His character of daring to take responsibility for his actions is something that I am fond of. It is precisely this sort of person that our Asura Division needs.”

As Chu Feng looked at Zhao Xiang, who had joined his Asura Division but still decided to step forward to take responsibility for his actions himself without relying on his Asura Division, he nodded with a smile on his face.

“Conceited bastard who is unable to differentiate good from bad, we asked you to join our Bingqi’s Division. Yet you refused, and even injured our people. If I do not teach you a lesson, you would truly not place me, Liu Bingqi, in your eyes.”

When he saw Zhao Xiang, the fury in Liu Bingqi’s eyes soared even hotter. He raised his leg and abruptly kicked. His kick was aimed at Zhao Xiang’s left leg.

Not only was this kick very fast, it was also extremely powerful. If the kick was to land, then Zhao Xiang’s left leg would most definitely be broken. Most importantly, Liu Bingqi’s kick was extremely slick. With

Zhao Xiang's strength, it was impossible for him to dodge the kick.

“Bang~~~~~”

However, right at this moment of crisis, a boundless power suddenly exploded before Zhao Xiang. At the same time, a figure appeared before him.

It was Chu Feng, Chu Feng had acted. Wearing the Thunder Armor and with the Thunder Wings on his back, Chu Feng's cultivation instantly soared from rank three Martial King to rank five Martial King.

If it was other people, a rank five Martial King would naturally not be able to rival Liu Bingqi. However, a cultivation of rank five Martial King on Chu Feng was several times stronger than Liu Bingqi.

Thus, Chu Feng had actually not gone all-out to stop Liu Bingqi. Instead, with only his aura, he managed to force Liu Bingqi back flying. If it wasn't for Liu Bingqi's subordinates catching him, he would most definitely have fallen to the ground flat on his back.

“Bastard, you're fucking courting death!” To be beaten back by Chu Feng with a single strike, Liu Bingqi was extremely enraged. Right after he stood back up, he immediately charged toward Chu Feng to attack him.

“Pow.” However, with merely a wave of his sleeve, Chu Feng managed to create a powerful gale. This gale charged toward Liu Bingqi, causing him to, like before, be sent flying back in utter defeat.

“So powerful.”

Seeing Chu Feng's attacks caused many people's eyes to shine and mouths to open wide in shock

Even though Chu Feng had sufficiently displayed his strength at the Ancient Era's Immortal Pond, not everyone had managed to see that scene.

Thus, many people had only heard about Chu Feng's heaven-defying battle power, and not seen it with their own eyes. And now, to see Chu Feng's strength before their very eyes, they came to accept the rumors to

be the truth and were also astonished by Chu Feng.

That was because there was not the slightest bit of overstatement of Chu Feng's battle power; it was a well-deserved reputation.

At the very least, Liu Bingqi, a rank six Martial King, was simply like a child before Chu Feng, a rank five Martial King, incapable of fighting back at all.

"Fuck! You dared to attack me?! Do you know who I am?!"

Liu Bingqi was no fool. He had already come to the realization that he was no match for Chu Feng. However, he had clearly come to beat someone up, but was instead beaten up by someone, how could he possibly be willing to accept this? Not only did he firmly clench his fists, he even started to gnash his teeth in anger. Those rageful eyes of his truly appeared to be capable of spraying out fire.

However, when Chu Feng looked at the furious yet wretched looking Liu Bingqi, he merely smiled disdainfully and said, "To dare attack someone of my Asura Division, not to mention you, even if it was the grand Emperor of the Heavens, I, Chu Feng, would still beat him up."

"You..." Hearing those words, not only was Liu Bingqi stunned, practically everyone present was stunned. That was because it truly must be admitted that the words that Chu Feng spoke, was truly arrogant.

"Buzz." Right at this moment, a scene that no one could've imagined happened. As Chu Feng's clothes fluttered, an enormously powerful oppressive might that seemed as if it was capable of toppling mountains and overturning the seas began to spread out from his body, engulfing Liu Bingqi and the others.

"Wuuwaa~~~~~"

Chu Feng's oppressive might was no small matter. When he was only a rank four Martial King, he was capable of defeating Lei Yao, a rank six Martial King. And now, he was already a rank five Martial King.

At this moment, before Chu Feng's oppressive might, the two thousand plus members of Bingqi's Division, including even Liu Bingqi himself,

were all overwhelmed by the oppressive might and forced to the ground like dying dogs. Even though they were struggling with all their might, they were unable to stand back up.

“You wish to tear apart my Asura Division? With merely you bunch of trash?” Chu Feng walked toward Liu Bingqi and sneered.

“Fuck! Just you wait, I’ll tear down your Asura Division sooner or later!” said Liu Bingqi as he gnashed his teeth in rage. As a member of the Weaponry Refinement Department, and a disciple with the backing of a management elder, when had he, Liu Bingqi, ever suffered this sort of humiliation?

“Pow.” However, to his surprise, right after he said those words, a fierce slap from Chu Feng landed right on his face. Not only did this cause him to vomit out a mouthful of blood, there were even two shattered molars alongside the blood that he vomited.

“Tear down my Asura Division? Do you believe that I will tear down your Bingqi’s Division right now?” said Chu Feng with a cold voice.

“Huff~” Seeing this scene, everyone present sucked in a mouthful of cold air. That was because Chu Feng was truly daring enough to do what he said he would; he had actually slapped Liu Bingqi.

“Junior brother Chu Feng, you must reconsider. This Liu Bingqi is a member of the Weaponry Refinement Department. With what you’re doing now, I fear that the management elders of the Weaponry Refinement Department would not let you get away with it.”

“That is because you slapping Liu Bingqi is not only a disgrace to Liu Bingqi, it is also a disgrace to their Weaponry Refinement Department.” Seeing that the situation was turning bad, Long Chenyi hurriedly spoke to urge Chu Feng against his course of action.

In fact, words that were meant to urge Chu Feng against it like the ones that Long Chenyi said were flooding Chu Feng’s ears right now.

In fact, it was not only others that were urging Chu Feng against it. Even Liu Bingqi himself was threatening Chu Feng with a sinister expression.

“Very well, you dared to slap me, your daddy. Bastard, you have balls.”

“Come, beat me up some more. You actually dare to hit a member of the Weaponry Refinement Department. You are simply not putting our Weaponry Refinement Department in your eyes!”

“Come, come, come! Hit me again! If you have the balls, then hit me again, beat me to death! I shall see if our Weaponry Refinement Department’s elders will let you get away with it!”

After hearing those words, Chu Feng started to hesitate too. The Weaponry Refinement Department was indeed a branch power organization overseen by management elders.

Currently, he had already offended the Punishment Department. If he was to offend the Weaponry Refinement Department on top of that, then his enemies would truly be too numerous.

Even if he himself did not fear anything, it was unlikely for the rest of the Asura Division’s members not to fear. Most importantly, Chu Feng was still required to continue being a disciple of the Cyanwood Mountain. Otherwise, how could he possibly have the chance to obtain the treasure that contained endless cultivation resources?

“Humph. What’s wrong? You don’t dare anymore? If you don’t dare, then admit your wrongdoings right now!”

“Kneel to the ground and kowtow to me right now! If you do, I’ll let you live!” Seeing that Chu Feng was hesitating, Liu Bingqi became incomparably complacent. He who was lying on the ground like a dying dog actually started to berate Chu Feng to ask him for forgiveness.

“Speak of words to threaten another because you’re inferior to another. Liu Bingqi, it seems that while you didn’t manage to learn anything else after you joined our Weaponry Refinement Department, you’ve managed to learn how to use force to bully others.”

To everyone’s surprise, right at this moment, an aged voice sounded. At the same time, an old man appeared beside Chu Feng.

“Heavens, isn’t this a management elder of the Weaponry Refinement

Department, Elder Xiahou?”

When they saw this elder, the disciples on the scene were even more shocked. That was because they all knew who this renowned person was.

As for this elder, he was the same person who had been watching Chu Feng with Elder Wei at the Ancient Era's Immortal Pond, a management elder of the Weaponry Refinement Department, Xiahou Jianting.

Chapter 1202: Fighting Over Chu Feng

“Elder Xiahou?”

Elder Xiahou’s appearance caused many disciples’ expressions to change. Especially the people on Chu Feng’s side, who became extremely afraid.

They thought in their hearts that the thing that they feared had come, that Chu Feng would anger a management elder from the Weaponry Refinement Department.

And now, right after Chu Feng violently attacked Liu Bingqi, Elder Xiahou appeared. Wasn’t this the equivalent of being caught red-handed?

At this moment, practically everyone was thinking that a great catastrophe was about to befall Chu Feng. After all, management elders were no ordinary existences. If a management elder wanted to teach Chu Feng a lesson, they could find a hundred different justifications. Truly, they could teach whoever they wanted whatever they wanted.

“Chu Feng, keep hitting. Beat this brat to death. This old man here will take all responsibility for you.” However, to everyone’s surprise, after Elder Xiahou appeared, not only did he not punish Chu Feng, he instead told Chu Feng to continue to beat Liu Bingqi. Furthermore, his attitude was very good-natured; there was not the slightest trace of anger in his tone. Because of this, the crowd were all stupefied.

“Elder, you...” However, in terms of being confused, then it must be Liu Bingqi who was the most confused. As a member of the Weaponry Refinement Department, he had thought that his savior had arrived when he saw Elder Xiahou. He had thought that Chu Feng’s doom had arrived, and that he would be able to return the humiliation that he had received in double.

However, what sort of fucking situation was this? It was one thing for his own management elder to not stand up and help him, but to actually ask another person to beat him up? At this moment, Liu Bingqi became completely disheveled.

“Liu Bingqi, you’ve gone to threaten another because your skills are inferior to another. You have truly disgraced our Weaponry Refinement Department.”

“Chu Feng, hit him. A disciple like him is unworthy of continuing to be in our Weaponry Refinement Department. Unfortunately, it wasn’t this old man here who accepted him into our Weaponry Refinement Department. Else, I would’ve expelled him from the Weaponry Refinement Department right at this moment.”

Elder Xiahou was extremely enraged by Liu Bingqi. However, his tone with Chu Feng was extremely amiable. Such an enormous gap in their treatment truly shocked everyone’s eyes wide open.

What sort of situation was this? This was completely unreasonable. Why did this Elder Xiahou not help Liu Bingqi, and instead support Chu Feng, an outsider, in such a manner?

“Elder, it is not that this disciple was trying to make things difficult for Liu Bingqi. It’s that he had come to my Asura Division to create trouble, wanted to beat up a member of my Asura Division and shouted of tearing apart my Asura Division. As the head of the Asura Division, I cannot not discipline him for his actions.”

In fact, Chu Feng was completely confused by what was happening too. He was not even certain whether this Elder Xiahou was truly planning to help him or was just putting on a play. Thus, Chu Feng strategically removed his oppressive aura from Liu Bingqi and the others. He had planned to drop the matter.

“Sigh. Little friend Chu Feng, this Liu Bingqi here is a disappointment. Thus, he should be punished. Your beating of him was extremely well done. Merely, it is not enough. You should fiercely beat him up some more.”

“Actually, this old man had come here for another matter. This is a request that I am unaware if little friend Chu Feng might be willing to agree,” said Elder Xiahou with a beaming smile.

“Elder, what might this matter be?” Chu Feng asked.

“I wish to invite little friend Chu Feng to join our Weaponry Refinement Department. Might little friend Chu Feng be willing?” asked Elder Xiahou.

“What? This...” Once Elder Xiahou said those words, the surrounding crowd was once again shocked. It now became clear why Elder Xiahou was helping Chu Feng instead of helping Liu Bingqi.

It turned out that he had come precisely for Chu Feng right from the get-go; he had come to invite Chu Feng to the Weaponry Refinement Department.

After hearing those words, the reactions of the others could still be considered to be light. However, as for Liu Bingqi, his complexion instantly turned green. He had already left behind a grudge between him and Chu Feng. If Chu Feng was to join the Weaponry Refinement Department, how could there possibly be good days in the future for him?

From the bottom of his heart, he did not wish for Chu Feng to join the Weaponry Refinement Department. However, as he was a mere little disciple, he did not have any authority to speak. Thus, he could only watch powerlessly as Elder Xiahou invited Chu Feng to join the Weaponry Refinement Department.

“Old Freak, you are truly insincere! Back then, you clearly wagered with me that as long as Chu Feng defeated Lei Yao, you could not invite Chu Feng. Yet, why are you going back on your words today?”

However, right at this moment, a furiously angry voice sounded. At the same time, another figure landed before the crowd, standing right across from Elder Xiahou. It was actually Elder Wei.

Merely, the current Elder Wei could be said to be displaying anger all across his face. His appearance was like someone who was planning to murder another.

“Hehe, old fellow, I indeed lost the bet on that day. However, this child Chu Feng is truly too hard to come by.”

When he saw Elder Wei, Elder Xiahou, who was in the wrong, smiled and then politely suggested, “How about this, I’ll return all of the

medicinal pellets that you lost to me in the past, and give you ten more as a compensation. Just let me have Chu Feng and do not fight over him with me, okay?”

“Don’t even think about it. Chu Feng is mine, everyone can forget about fighting over him with me. Whoever dares to do that, I’ll fight that person,” Elder Wei refused right away. Then, with disregard to all consequences, he directly looked to Chu Feng and said, “Chu Feng, come to our Medicine Concocting Department. I will definitely not treat you unfairly.”

“Chu Feng, join our Weaponry Refinement Department. Whatever the old fellow could give you, I could give you in double.” Seeing this, Elder Xiahou was not one to be outdone. He actually spoke of a promise to Chu Feng.

“Heavens, this is truly...”

At this moment, all of the many disciples present were stupefied by the scene before them. One by one, they were so envious of what was happening with Chu Feng that their saliva started to drool down their mouths.

To be thought of highly by a management elder, this was the dream of countless disciples. However, this was something that they had, at the very most, only dreamed of.

Yet right now, not only was Chu Feng highly thought of by a management elder, he was highly thought of by two management elders from two different branch power organizations. Furthermore, these two management elders, for the sake of fighting over Chu Feng, actually started to make promise after promise. This sort of treatment was truly so envious, enough to cause the other disciples to openly drool. 1

“Elder Xiahou, thank you for thinking so highly of me. However, I, Chu Feng, have already known what my affiliation is since an earlier time. I’m afraid that I will be letting down your good intentions.” As matter stood, Chu Feng realized why Elder Xiahou was so good toward him. It turned out that he had wanted him to join his Weaponry Refinement Department

from the very beginning.

Unfortunately, it was impossible for Chu Feng to join the Weaponry Refinement Department. That was because the person that had helped him back then was the Medicine Concocting Department's Elder Wei. As for Chu Feng, he just happened to be a person that would repay kindnesses shown to him.

Thus, after Chu Feng tactfully declined Elder Xiahou, he turned to Elder Wei and said, "Elder Wei, Chu Feng has always wanted to learn about the methods of concocting medicines. To be recognized by Elder Wei is Chu Feng's honor. Chu Feng is willing to join the Medicine Concocting Department."

"Great, great, great."

"Haha, this is truly great. Chu Feng, rest assured, after you join our Medicine Concocting Department, this old man will definitely give my all to instruct you, passing on all that I've learned and know to you."

Elder Wei was truly overjoyed by Chu Feng's agreement to join his Medicine Concocting Department. Not only did he say 'great' three times in a row, he even directly took out the symbol of their Medicine Concocting Department and directly placed it on Chu Feng's chest.

As they saw the word 'medicine' on Chu Feng's chest, many people felt endless envy and admiration. However, Elder Xiahou of the Weaponry Refinement Department was, to a more or less degree, disappointed.

While he might be disappointed, he did not harbor any grudge. Instead, with a smile on his face, he looked to Elder Wei. "Old fellow, congratulations. With your Medicine Concocting Department being able to obtain little friend Chu Feng, it is definitely going to grow in power in the future."

"Hehe, old freak, I must also thank you for not continuing to fight over Chu Feng with me." After obtaining Chu Feng, Elder Wei was overjoyed and completely forgot the disagreement between him and Elder Xiahou.

"Chu Feng, you truly are one who cannot differentiate good from bad.

You actually refused the invitation from Elder Xiahou? What makes you think that, with your mere ability, you could have the rights to do that?"

"Today, I, Liu Bingqi, shall represent the Weaponry Refinement Department and challenge you. I shall see what sort of ability you possess for you to dare to refuse Elder Xiahou's invitation." However, to everyone's surprise, after Elder Xiahou's invitation was refused, Liu Bingqi actually acted as if he was inspired by righteousness and challenged Chu Feng.

The motive behind his action was extremely obvious. He was planning to avenge Elder Xiahou and stick up for their Weaponry Refinement Department by teaching Chu Feng a proper lesson.

"Ha, with only you?" Faced with Liu Bingqi's provocation, Chu Feng chuckled lightly. Furthermore, his laughter was extremely disdainful.

"That's right. However, what I'm challenging you in is not martial power. Instead, I challenge you to a battle with world spirit techniques," Liu Bingqi said with a very confident expression.

*

1. In raws it said to make the other disciples' nasal mucus to bubble.
Wtf?

Chapter 1203: Weaponry Refinement Technique

“World spirit techniques? How do you plan to compete in that?” Chu Feng asked.

“We’ll compete in the the world spirit technique’s weaponry refinement technique. Do you dare to accept this challenge?” asked Liu Bingqi.

“Shameless~~~” Hearing those words, the crowd were all surprised. Immediately after, they all began to rain curses toward Liu Bingqi. They all felt that Liu Bingqi was extremely shameless.

Who was Liu Bingqi? He was someone who possessed outstanding world spirit techniques and extremely valiant spirit power. Otherwise, it was impossible for him to have been invited to the Weaponry Refinement Department by a management elder not long after his arrival at the Cyanwood Mountain.

As he was a member of the Weaponry Refinement Department, he had naturally been taught weaponry refinement techniques by the Weaponry Refinement Department. As he had been a member of the Weaponry Refinement Department for several years now, his current weaponry refinement technique was most definitely extremely proficient.

It would be one thing if he was to compete in world spirit techniques with Chu Feng. However, he actually suggested the method of the contest to be in weaponry refinement techniques. Wasn’t this obviously bullying? This was most definitely an unfair contest.

At this moment, many people were angered. Even Elder Xiahou of the Weaponry Refinement Department was frowning with traces of anger emerging in his eyes. As he looked at Liu Bingqi beside him, he appeared as if he wanted to reprimand him.

“Weaponry refinement techniques? Very well, I’ll compete with you.” However, right at the moment when Elder Xiahou and many other people were planning to lash out at Liu Bingqi for being shameless, Chu Feng

actually calmly accepted the challenge.

“Chu Feng, you...” When they saw that Chu Feng had accepted the challenge, many people jumped in shock. Originally, they wanted to say something about it. However, when they saw Chu Feng’s calm and confident appearance, they all swallowed the words that were about to leave their mouths.

Although many of the people here did not know Chu Feng very well, Chu Feng had managed to accomplish a large amount of unimaginable feats in a short period of several days. Especially that confident appearance that he had, it was as if there was nothing that was impossible for him.

Thus, at this moment, not only was Elder Wei smiling lightly, even Elder Xiahou displayed a smile.

The two of them both stood behind Chu Feng. Especially Elder Xiahou, even though Chu Feng had rejected his invitation, he still thought very highly of Chu Feng.

Thus, Liu Bingqi’s action of trying to demonstrate his value and earn Elder Xiahou’s good impression by challenging Chu Feng was truly equivalent to a jumping clown asking to be made fun of.

However, at this moment, neither Elder Wei nor Elder Xiahou stopped Liu Bingqi from challenging Chu Feng. That was because the two of them wanted to see whether they would be able to see even more wondrous feats from Chu Feng.

“Not bad, you have balls. However, that’s only something that others would think. To me, you’re only asking to be ridiculed.” Seeing that Chu Feng actually accepted the challenge, Liu Bingqi laughed mockingly. He then said, “Come. Whoever manages to craft the best quality weapon will be the victor.”

After he said those words, Liu Bingqi started to move his hands with rapid transformations. A layer of majestic and golden world spirit energy emerged from his body. Under his control, this world spirit energy soon formed a world spirit formation.

After he finished setting up his world spirit formation, Liu Bingqi took out his Cosmos Sack. Under his manipulation, countless different materials of varying shape and quality began to fall into his spirit formation.

Liu Bingqi's techniques were very skillful and natural, simply akin to perfection. Watching that, the crowd all started to click their tongues in wonder and astonishment. Even those people who were not fond of Liu Bingqi had their eyes brighten up. Truly, Liu Bingqi's technique was worthy of admiration.

Regardless of how strong his battle power was, it remained that this Liu Bingqi's spirit power was extremely amazing. At his young age, he was actually capable of forming golden spirit energy. Someone like him was very rare even in the Holy Land of Martialism.

As for his weaponry refinement technique, it truly could be rated as perfect. Not to mention these disciples, it was likely that even ordinary elders of the Weaponry Refinement Department would be inferior to Liu Bingqi in terms of weaponry refinement technique.

"Humph." As he sensed the gazes filled with astonishment and admiration and the countless whispers from the crowd, Liu Bingqi became extremely complacent.

"Woosh."

Suddenly, Liu Bingqi flipped his palm around. A little cauldron appeared on his palm. He lightly threw the little cauldron. In an instant, that cauldron began to expand. In merely a flash of an eye, it turned to an enormous cauldron ten meters tall, which landed in front of him.

"Weaponry Refinement Cauldron?" When they saw this cauldron, the eyes of many people started to shine. Immediately following that, they sucked in a mouthful of cold air.

A Weaponry Refinement Cauldron was the most precious asset to weaponry refinement. When refining a weapon in a Weaponry Refinement Cauldron, the quality of the resulting weapon would be dramatically increased.

However, Weaponry Refinement Cauldrons were no ordinary objects. They could even be said to be priceless treasures that one could only chance upon through luck and not wealth.

It was said that Liu Bingqi's Weaponry Refinement Cauldron was given to him by the management elder that invited him to the Weaponry Refinement Department at the time of his joining.

However, it was precisely because Weaponry Refinement Cauldrons were extremely precious that the people felt that it was impossible for Chu Feng to possess one.

Chu Feng didn't have one, whereas Liu Bingqi did. Furthermore, not only did he possess one, he even used it.

In this case, wouldn't this already unfair competition become even more unfair?

"Despicable! Truly despicable to the extreme!"

"This Liu Bingqi is truly too excessive. Not only did he challenge Chu Feng with what he is most proficient in, he even used an instrument to assist him that Chu Feng does not have. How shameless could he get?"

When they saw this scene, many Asura Division and Ascension Division's members started to curse out at Liu Bingqi. There were even some other disciples that began to curse out at Liu Bingqi one after the other. It was because Liu Bingqi's conduct was truly unfair and excessive.

"Woosh."

However, Liu Bingqi did not care about the crowd's impression of him. After the Weaponry Refinement Cauldron appeared, with a thought, Liu Bingqi shrunk the spirit formation in midair and sent it into the Weaponry Refinement Cauldron.

"Buzz." After the spirit formation entered the Weaponry Refinement Cauldron, Liu Bingqi began to set up another world spirit formation, and sealed off the mouth of the Weaponry Refinement Cauldron. After that, he had completed his weaponry refinement spirit formation.

After everything was done, Liu Bingqi said, "What I am refining is an Elite Armament. It will be completed in twelve hours." Then he turned his mocking gaze to Chu Feng.

"He's actually refining an Elite Armament? To be able to create refine an Elite Armament in such a short period of time, truly amazing!"

After hearing what Liu Bingqi said, many people gasped in surprise. Even though it was not difficult at all for a gold-cloaked world spiritist to create an Elite Armament, it was still something that would take time to accomplish.

Yet, this Liu Bingqi was able to do it, after effortlessly setting up a spirit formation in only a short period of time. Furthermore, he said that his Elite Armament would be completed in twelve hours. This sort of speed was truly shocking. At the very least, this was something that ordinary gold-cloaked world spiritists could not accomplish.

Thus, no matter how much the crowd disliked Liu Bingqi's personality, to the point where they even cursed him out on his behavior, they had no choice but to nod their heads for his weaponry refinement techniques. With disregard to his character, at the very least, Liu Bingqi had managed to obtain the approval of the crowd with his attainments in weaponry refinement techniques.

"Ha...."

However, right at this moment, Chu Feng laughed lightly. Then, his two hands began to move in rapid transformations. Like water rushing out of a broken dam, golden spirit energy exploded out from Chu Feng's body.

"What a powerful spirit power. As expected, this Chu Feng possesses golden spirit energy. No wonder he was daring enough to accept Liu Bingqi's challenge."

"No, Chu Feng's spirit energy is more powerful than Liu Bingqi's. After all, he is younger than Liu Bingqi. To possess golden spirit energy at his age, it is truly too amazing."

Immediately after Chu Feng's actions, the crowd immediately burst into

an uproar. Their voices of surprise resonated through the sky like ear-piercing thunder.

Chapter 1204: A Perfect Demon-Level Character

Chu Feng was different from Liu Bingqi. His battle power was simply heaven-defyingly astonishing, something that could be said to be unimaginable. Logically, with such outstanding battle power, Chu Feng's abilities in world spirit techniques should be a lot more limited. However, this was not the case for Chu Feng. Thus, how could the crowd not be shocked by this?

As the saying goes, one cannot wholeheartedly do two things. This was even more the case for people who had reached their level.

Thus, when one reached their level, one must specialize in one field if they wish to achieve success in the future. If one was to seek perfection in both martial cultivation and world spirit techniques, and also invest in an equal amount of energy into both of them, it would oftentimes only create a tragedy where one could not accomplish anything in either field.

This led to many people who possessed very powerful battle power to not be very proficient and strong with world spirit techniques, even if they were to possess spirit power.

In fact, many disciples in the Cyanwood Mountain actually possessed spirit power. However, those among them that were very strong in world spirit techniques were extremely few. That was because the majority of them had sought for martial cultivation and powerful battle power.

At the same time, there were also some people that did not possess heaven-defying battle power, yet had extremely frightening world spirit techniques. As for Liu Bingqi, he was one such individual. It was so much so that Liu Bingqi's attainments in world spirit techniques could rate him as a demon-level character.

In truth, regardless of whether one's battle power was heaven-defying or one's world spirit techniques were extremely outstanding, as long as they reached a certain level with them, they could be considered to be demon-

level characters.

That was because there were powerful world spiritists who could, under circumstances where they were at the same cultivation level as their opponent, defeat martial cultivators with heaven-defying battle power merely through world spirit techniques.

In fact, such a case had actually happened in the Holy Land of Martialism. There was once a grand world spiritist that had possessed a very high level of cultivation but ordinary battle power. No matter what he did, his battle power could only remain at the ordinary level, incapable of reaching anything that surpassed the norm.

However, he possessed an extraordinary gift in world spirit techniques, and was capable of quickly grasping techniques that others could not master even when spending their entire lives to learn them.

Thus, he ended up giving up on the pursuit of battle power and wholeheartedly specialized himself in world spirit techniques. Gradually, this led to all of his offensive techniques becoming world spirit techniques. Even without summoning world spirits, he still possessed an extremely frightening power.

One day, he ended up fighting a martial cultivator with heaven-defying battle power. Although the two of them were at the same cultivation level, the martial cultivator possessed heaven-defying battle power, had grasped countless powerful martial skills, and possessed offensive methods that were extremely dreadful.

Yet, that world spiritist fought that martial cultivator with only his world spirit techniques for ten days and ten nights. In the end, he managed to obtain victory.

As for that grand world spiritist, he was currently still alive in this world. Furthermore, he had joined one of the Nine Powers, the World Spiritist Alliance.

He was one of the greatest world spiritist in the current Holy Land of Martialism, an optimal representative of a demon-level world spiritist.

Thus, regardless of whether one possessed heaven-defying battle power or extraordinarily powerful world spirit techniques, both could be given the title of demon-level character.

As such, the people had thought that Chu Feng was a demon-level character with heaven-defying battle power, whereas Liu Bingqi was a demon-level character with extraordinarily powerful world spirit techniques.

Yet, they now discovered that they were wrong.

It turned out that other than those two different types of demon-level characters, there was a third type. This sort of demon-level character possessed both heaven-defying battle power and extraordinarily powerful world spirit techniques.

This sort of demon-level character was capable of wholeheartedly doing two things at once, learning both of them simultaneously, and obtaining extraordinary strength in both mysterious techniques, martial skills and world spirit techniques. 1

This sort of person was extremely rare, and was known to others as a perfect demon-level character.

Looking at it now, Chu Feng seemed to be able to fit this standard quite well. Thus, how could the crowd not be astonished by this?

“Humph, merely possessing golden spirit energy. This does not necessarily mean that you’re a gold-cloaked world spiritist.”

“The criterion for being a gold-cloaked world spiritist is extremely high. I do not believe that this Chu Feng can reach the level of gold-cloaked world spiritists in the most important aspect, the utilization of world spirit techniques.”

At the moment when the people were astonished by Chu Feng’s golden spirit energy, Liu Bingqi was sneering disdainfully in his heart. From the way he saw it, he was most definitely going to win in this contest of world spirit techniques against Chu Feng. Furthermore, he would win by towering over Chu Feng completely.

“Buzz.” However, to his surprise, not only was Chu Feng’s world spirit formation powerful, his control of the world spirit formation was also extremely strong.

At this moment, Chu Feng was throwing materials into the world spirit formation that he was setting up. His speed was extremely fast, it seemed that he was even more fluent than Liu Bingqi.

“To do it this fast, I refuse to believe that you’ll be able to set up a good formation.” As Liu Bingqi saw that Chu Feng’s formation was about to be complete when he had used a lot less time than he had, Liu Bingqi firmly believed that Chu Feng was being shortsighted. Although his execution might be fast, the result would definitely be a mess.

Right at the moment when Chu Feng completed his spirit formation, Elder Xiahou suddenly spoke, “Little friend Chu Feng, use my Weaponry Refinement Cauldron. It’ll allow the weapon that you’ll create to be of even higher quality. At the same time, it will also decrease the time required.”

With a wave of his sleeve, golden light radiated out over the entire place. With a ‘bang,’ a dazzling golden-colored Weaponry Refinement Cauldron landed below Chu Feng’s spirit formation.

The eyes of the crowd all shone when they saw that Weaponry Refinement Cauldron. That was because they were all able to tell with merely their sight that Elder Xiahou’s Weaponry Refinement Cauldron was a top-quality item, many times better than Liu Bingqi’s Weaponry Refinement Cauldron.

However, compared to the others, Liu Bingqi was looking very unwell. His own department’s management elder was actually helping his opponent. How could he possibly accept this?

He was so enraged that he felt as if his heart, liver, spleen, and lungs were about to explode. However, he could only silently endure his anger, for he knew that Elder Xiahou thought very highly of Chu Feng. Thus, he made a firm resolution that he must definitely defeat Chu Feng and prove himself with his own strength, prove that he was stronger than Chu Feng.

When Chu Feng saw this Weaponry Refinement Cauldron, he started to hesitate. He was hesitant as to whether he should use it or not. However, in the end, he nodded and said, "Thank you Elder."

After he finished saying those words, with a single thought, Chu Feng condensed his majestic spirit formation and sent it into the Weaponry Refinement Cauldron.

However, what Chu Feng did following that was extremely surprising. That was because it was clearly his first time using this Weaponry Refinement Cauldron. Yet, he knew of the method of sealing the cauldron. His control was so extremely smooth that even Elder Xiahou of the Weaponry Refinement Department started to nod repeatedly.

When Chu Feng finished sealing the Weaponry Refinement Cauldron, he sat cross-legged in front of it. The world spirit formations of the two competitors had been completed. The only thing that remained was a long wait.

After twelve hours, not only had the sky already turned dark, it was also very late at night. However, after Liu Bingqi opened his Weaponry Refinement Cauldron, light radiated all over, causing the region to be as bright as day.

However, this light did not amount to much. What came alongside this light was a large, dazzling golden blade.

This blade was an Elite Armament. Furthermore, it was a very high quality Elite Armament. At the moment of the Elite Armament's appearance, everyone present was able to sense how powerful it was.

"I've kept my promise. I said that I would only need twelve hours, and twelve hours is all I needed. Chu Feng, the weapon that I created has already appeared for quite some time now. Judging by the time, it should have been over twelve hours since you started to create your weapon, no?"

Liu Bingqi held the Elite Armament that he created and looked at Chu Feng's Weaponry Refinement Cauldron, which did not appear to have moved at all. With a complacent expression, he said, "Chu Feng, this contest, it is your loss."

1. Mysterious techniques and martial skills are both part of martial cultivation.

Chapter 1205: The Outcome Of The Battle

However, Chu Feng merely smiled at Liu Bingqi's complacency. "I've lost? Are you certain?"

"What? Could it be that the result is not obvious enough for you?" Liu Bingqi asked.

"Since what we are comparing are the weapons that we each refined, the comparison would naturally be the quality of said weapons. If we are to compare speed, then wouldn't it mean that if I am to casually refine an iron sword, I'll be able to obtain victory over this Elite Armament you've refined as long as I refined that iron sword faster than the twelve hours you've used for your Elite Armament?" Chu Feng said with a mocking tone.

"Bullshit. What I have here is a top quality Elite Armament, how could an iron sword possibly be comparable to it?" Hearing what Chu Feng said, Liu Bingqi was immediately enraged. From the way he saw it, what Chu Feng said was an insult to his integrity.

"Since what we're comparing is not time, but instead the quality of our respective weapons, then how could you have possibly won against me?" Chu Feng asked.

"Very well. Since you've said it like this, I'll make sure you accept your defeat wholeheartedly. When the weapon that you're refining is done, we shall compare their quality. However, if you are to lose, then you must kneel down, kowtow to me and say before everyone here that you're inferior to me," Liu Bingqi said as he gnashed his teeth in anger.

"That's no issue. However, what if it is you who ends up losing?" Chu Feng asked.

"If I am to lose, then I'll kowtow to you before everyone present, acknowledge my mistake and admit that I, Liu Bingqi, am inferior to you," Liu Bingqi said.

"There's no need. You do not have to kowtow and acknowledge your

mistake to me, but you would have to kowtow and acknowledge your mistake to him.” As he said those words, Chu Feng pointed to Zhao Xiang behind him.

“Very well, I’ll agree to that. However, I’m afraid you will not have the opportunity to see that.” Liu Bingqi took a glance at Zhao Xiang and smiled disdainfully. From the way he saw it, he was undoubtedly going to win, as it was simply impossible for him to lose.

“You’ll find out whether or I’ll have the opportunity or not.” Chu Feng smiled lightly at Liu Bingqi’s words. Only Chu Feng knew why he smiled this confidently.

After this, it was another period of long waiting. Two hours, four hours, then ten hours passed, but there was still no activity from Chu Feng’s Weaponry Refinement Cauldron.

At this moment, it had already been daytime for quite some time now. Furthermore, it was now at the noon hour, when the sun shone the brightest. Upon calculating the time, it had been an entire twenty-four hours since Chu Feng had begun his weaponry refinement. In other words, an entire night and day had passed.

Twelve hours earlier, Liu Bingqi’s Elite Armament had been completed. However, Chu Feng’s weapon was still completely inactive.

This inevitably caused people to become worried. It was so much so that even the two management elders, who were confident in Chu Feng, started to lightly frown; they had begun to worry too.

Currently, Chu Feng had lost in terms of speed. If the weapon that he created ended up being inferior to Liu Bingqi’s, then he would truly be defeated. While being defeated might be fine, if Chu Feng was truly required to kneel down and acknowledge his mistake to Liu Bingqi, then the reputation that he had managed to gain after painstaking effort would all be destroyed in one day; he would become a stepping stone for Liu

Bingqi.

In an instant, all these people that were standing behind Chu Feng started to worry and sweat cold bullets.

If what the two of them were competing in were battle power, then none of them would doubt Chu Feng. However, they were competing in weaponry refinement techniques. This caused many people to become worried.

“Rumble.”

However, right at the moment when everyone was worried that Chu Feng might lose, the Weaponry Refinement Cauldron that Chu Feng had sealed for a long time actually started to tremble. Furthermore, the trembling became more and more intense, and the cauldron even started to emit ear-piercing sounds. Even the ground started to tremble because of the cauldron.

“Bang!” Finally, following a loud explosion, a beam of light shot out of the cauldron.

That beam of light was extremely dazzling. It was as if one were seeing the dazzling sun. Even though everyone present were cultivators with high cultivation levels, the majority of them were incapable of withstanding this dazzling beam of light.

“How could this be? This sort of light, could it be that this guy truly managed to refine an Elite Armament of higher quality than the one I made?”

As he saw the dazzling beam of light, Liu Bingqi’s expression changed greatly. It was the first time that he, who had been filled with confidence since the very beginning, began to fluster.

That was because, regardless of whether it was weaponry refinement techniques or medicine concocting techniques, the prestige of the scene when the finished product was born would oftentimes represent the quality of the finished product.

And now, the prestige at this birth of Chu Feng’s Elite Armament was

truly too valiant, surpassing Liu Bingqi's Elite Armament's birth by several times.

It was fortunate that it was currently day. Had it been night, the disparity between them would have been even more obvious.

"Buzz."

No matter how intense the light might be, it would inevitably dissipate. As the dazzling light gradually vanished, the crowd once again cast their eyes to the top of the Weaponry Refinement Cauldron.

Finally, the light disappeared completely. A large sword that was three meters long appeared before everyone's sight, floating above the cauldron.

"Heavens, this..." When they saw this large sword, everyone's expressions changed. Their gazes that were filled with expectation turned into ones of endless disappointment.

That was because the large sword that was floating in the air was simply too ugly. Not only was the sword's body filled with rust and stain spots, it did not give off the slightest bit of power. Furthermore, even its shape was nonstandard. How could this be called an Elite Armament? It was simply inferior to even ordinary weapons, equivalent to scrap iron.

"Hahahaha, you've spent this much time and set up such a grand spirit formation, but in the end, it's actually just scrap iron? Chu Feng, oh Chu Feng, you're truly nothing more than trash. With merely your bit of skill, you actually dared to compete with me in weaponry refinement techniques?"

At this moment, Liu Bingqi was laughing his head off. His laughter was truly one of joy and pride. That was because Chu Feng's large scrap iron sword was a clear contrast to his large Elite Armament blade, an enormous insurmountable gap.

"Sigh. Sure enough, in terms of weaponry refinement techniques, Chu Feng is greatly inferior to Liu Bingqi."

While Liu Bingqi was laughing loudly, many of the people present began to sigh in disappointment. Like Liu Bingqi, they believed that the outcome

of this contest had been determined.

“Woosh.” However, right at the moment when everyone felt that Chu Feng was already defeated, Chu Feng, calmly smiled. He stretched out his palm and grabbed that large scrap iron sword in his hand.

“Come, give it a try. Let’s see if it’s your weapon that’s more powerful or my weapon that’s more powerful.” Holding the large sword in his hand, Chu Feng pointed at Liu Bingqi.

“It seems that you’re truly unwilling to accept defeat. Since that’s the case, then come. Today, I insist on making you accept your defeat wholeheartedly.” Liu Bingqi laughed mockingly.

Even though he knew that he was greatly inferior to Chu Feng in terms of battle power, in terms of weapons, he believed that the weapon in his hand was ten million times better than Chu Feng’s. Thus, he was filled with confidence, and did not cower in the slightest.

“Woosh.” Suddenly, with a movement of his leg, Liu Bingqi’s body shifted. Like a swimming dragon, he brandished the large blade in his hand and actually took the initiative to attack, hacking his blade toward Chu Feng.

“Heh...” When Chu Feng saw Liu Bingqi attacking him head on, the smile on his face remained unchanged. In fact, he did not even bother to move.

Only when Liu Bingqi’s Elite Armament that came crushing down at him with a great amount of destructive power was about to reach his head did Chu Feng suddenly brandish the large scrap iron sword in his hand.

“Zzzzzzzz”

The collision of the two weapons caused sparks to fly in all directions. However, it did not result in the sound of metal colliding against metal. Instead, a sharp sound like a sharp blade slicing tofu was heard.

When this sound was heard, the crowd were all surprised. However, when they saw the scene before them, they became greatly astonished.

That was because, at this very moment, not only was the large scrap iron sword in Chu Feng's hand completely undamaged, it was also right next to Liu Bingqi's neck, a millimeter away from slicing through his neck, beheading him.

When they looked toward the large Elite Armament blade in Liu Bingqi's hand, they discovered that it had actually been sliced in two. Furthermore, the location that it had been cut in was so unimaginably smooth.

Surprisingly, Chu Feng's large scrap iron sword managed to slice Liu Bingqi's large Elite Armament blade in two with a single strike. Furthermore, the cut was extremely smooth and clear; it could be said that it had completely won.

Chapter 1206: A Self-made Genius

“Chu Feng, he, he, he...”

“He actually used that large scrap iron sword to slice apart Liu Bingqi’s top quality Elite Armament?”

Chu Feng’s sword strike stupefied everyone. Especially Liu Bingqi; his eyes were wide open and his mouth was trembling as he muttered, “Impossible. This is impossible. This scrap iron sword, how could it possibly be able to slice my Elite Armament in half?”

“Chu Feng, you cheated! You most definitely cheated! You’re taking advantage of the fact that my battle power is inferior to yours, so you used your strength to make this scrap iron become capable of sweeping through everything before its path. That’s how you managed to slice apart my weapon, isn’t that right?”

“What? Chu Feng cheated?”

“That might be possible. Otherwise, how could a scrap iron sword be able to slice a top quality Elite Armament in half?”

“If that truly is the case, then wouldn’t that mean that Chu Feng is also a shameless individual?”

Liu Bingqi’s words brought forth a wave of discussion. Many people felt that it might truly be possible that Chu Feng cheated.

That was because, even now, no matter how they looked at it, the large scrap iron sword in Chu Feng’s hand still only looked like a piece of scrap iron; they were incapable of finding anything extraordinary about it.

Thus, it was not only Liu Bingqi. Practically everyone felt that it was unreasonable for Chu Feng’s scrap iron sword to be able to slice Liu Bingqi’s top quality Elite Armament in half, and that there was definitely something fishy going on.

“I cheated? You should carefully inspect for yourself what sort of quality this weapon of mine has before saying those words. For it to slice your bullshit Elite Armament is simply something that should happen. Is there

even a need for me to cheat?” Chu Feng said.

“What you have there is nothing more than a piece of scrap iron. How could there be any quality to that?” said Liu Bingqi mockingly.

“Scrap iron? In that case, open your dog eyes and look at it carefully. See for yourself whose weapon is truly scrap iron,” Chu Feng sneered coldly. After that, his wrist suddenly moved, and cracking sounds actually began to be heard from the large scrap iron sword in his hand.

“Crack, crack.”

The cracking sounds became louder and louder, more and more intense. People were even able to see cracks that emitted silvery light rapidly flowing through the scrap iron sword like little snakes.

“Bang.” Finally, an explosion was heard. The countless cracks exploded.

At the moment when the cracks turned into fragments, the weapon in Chu Feng’s hand was still there. Merely, at this moment, the weapon in his hand was no longer a scrap iron sword.

Instead, it was a large sword that shone with a silvery light. The grain of this large sword was extremely clear; one could tell that it was a powerful weapon from a single glance. As it shone with silvery light, the grains began to sway back and forth. It was as if the sword was breathing.

In truth, this large sword was no ordinary weapon. It indeed possessed power that greatly surpassed Elite Armaments, for it was no Elite Armament at all. Instead, it was an Incomplete Royal Armament.

“Heavens, is that an Incomplete Royal Armament? How is that possible?!”

At this moment, everyone was stupefied, completely stunned by the weapon in Chu Feng’s hand. Even the two management elders were displaying such an expression as well.

That was because they were all able to clearly sense how powerful the weapon in Chu Feng’s hand was. It was indeed not an Elite Armament. Instead, it was truly an Incomplete Royal Armament.

“Even though there are some blemishes in its quality, it is indeed an Incomplete Royal Armament,” Elder Wei exclaimed in admiration.

“While its quality is not very high, being able to refine an Incomplete Royal Armament in such a short period of time is truly unimaginable. After all, his age is very young.”

“One must know that even for me, it would not be easy for me to refine an Incomplete Royal Armament even if I were to do it wholeheartedly. At the very least, in terms of the time needed, I would not be able to do it much faster than Chu Feng. At the very most, I would only be several hours faster than him.”

“However, I’ve studied weaponry refinement techniques for several hundred years, and have also learned the techniques of our Cyanwood Mountain’s successive generations of seniors.”

“Yet, this Chu Feng was actually able to accomplish such a feat at his age. This little fellow’s talent, isn’t it truly a bit too frightening?” Compared to Elder Wei, Elder Xiahou’s eyes were shining.

His gaze was no longer one of just appreciation.

As a management elder of the Weaponry Refinement Department, he knew very well how difficult it was to refine an Incomplete Royal Armament. Thus, he was the one who knew best how amazing Chu Feng was.

“Since even the two elders say it like this, then it seems that what Chu Feng has in his hand is truly an Incomplete Royal Armament.”

“Demon-level character, the legendary perfect demon-level character. This Chu Feng is a perfect demon-level character.” When they saw that the two elders were praising Chu Feng, the surrounding disciples started to burst into praises and cheers. They were truly awed by Chu Feng.

“Liu Bingqi, is there anything else you wish to say?” Chu Feng toyed with the Incomplete Royal Armament in his hand and looked at Liu Bingqi with a beaming smile.

At this moment, Liu Bingqi’s expression was even uglier than someone

who had eaten earwax. That was because he knew that he had lost.

If he had lost in some other aspect, then it would have been fine. However, he had lost in his speciality. Moreover, he had utterly and completely lost.

“Putong.” Suddenly, Liu Bingqi bent his knees. Surprisingly, he actually knelt before Zhao Xiang. Then, he said, “I was wrong.” After that, he immediately got back up and, without even turning his head back, started to walk away. He no longer had the face to continue to stay in this place.

Seeing this, all the members of Bingqi’s Division turned to the two elders to bid their farewells, and then hurriedly left to follow Liu Bingqi.

“Haha. Chu Feng, marvelous. Truly marvelous. Never did I expect that you’re actually this proficient in weaponry refinement techniques.”

After Liu Bingqi admitted his defeat, Elder Wei walked over with a brilliant smile on his face. He was truly happy to obtain a genius like Chu Feng.

“Little friend Chu Feng, your weaponry refinement technique is a bit special. May I know where you learned it?” At the same time, Elder Xiahou also walked over. He truly wanted to know how it was possible for Chu Feng to, at his young age, grasp such a profound weaponry refinement technique without delaying his cultivation.

“That’s right. Chu Feng, where did you learn your weaponry refinement technique? It’s completely different from the weaponry refinement technique of this old freak here. Yet, it is also extremely extraordinary,” Elder Wei also asked curiously.

Even though he specialized in medicine concocting techniques and not weaponry refinement techniques, he was a gold-cloaked world spiritist. Thus, not only did he know weaponry refinement techniques, he could even be considered to be proficient in them.

However, even if it was him, it was not necessarily possible for him to refine an Incomplete Royal Armament in such a short period of time. Thus, he felt an even higher level of respect for Chu Feng than Elder

Xiahou.

Faced with the questioning from the two elders, Chu Feng scratched his head awkwardly. Then, in a somewhat embarrassed manner, he said, "Elders, truth be told, I am actually self-taught."

"What? Self-taught?" Hearing those words, the two elders' mouths were immediately wide open. That was because this was truly too inconceivable.

As Chu Feng looked at the stunned expressions of the two elders and the surrounding disciples, he felt very helpless. That was because he was indeed self-taught.

Chu Feng would always occupy himself with martial cultivation. However, he would also frequently ponder about the usage of world spirit techniques and spirit power. Due to the fact that Chu Feng possessed a very high comprehension, his world spirit techniques ended up progressing rapidly the entire time.

Especially after he learned the Heaven's Eyes from Eggy, Chu Feng started to have his own understanding of world spirit techniques. For example, that so-called Spirit Winged Insect. It was something that Chu Feng had comprehended by himself. Thus, Chu Feng would most definitely be considered to be self-taught in the field of world spirit techniques.

In truth, Chu Feng had been pondering about how to refine Royal Armaments in recent days, and had already managed to have some ideas on how to do so. It was likely that in the near future, when he has enough materials, what Chu Feng would be able to refine would not be limited to only Incomplete Royal Armaments, but actual Royal Armaments.

Although this was extremely inconceivable with Chu Feng's age and cultivation, it remained that Chu Feng really possessed this potential.

Chapter 1207: This Kindness

At the beginning, the two elders truly did not dare to believe this to be real, that such a complicated weaponry refinement technique was something that a young man in his early twenties had comprehended by himself. Anyone would feel it to be unbelievable upon hearing it. It was simply too extraordinary a feat.

However, when the two management elders carefully inspected Chu Feng, they discovered that he did not appear to be lying. It was as if anything that occurred with Chu Feng would be things that they would believe.

That was because there had been numerous unbelievable things that Chu Feng had accomplished. As of now, they realized that it was not that the things that Chu Feng had done were unbelievable. Instead, Chu Feng was an unfathomable person to begin with.

“To reach such a level with only self-teaching, if someone was to give you pointers, then wouldn’t little friend Chu Feng be even more amazing?”

“Little friend Chu Feng, since you have this potential, you must not waste this talent.”

“Although you are not a member of our Weaponry Refinement Department, if you were to have anything regarding weaponry refinement techniques that you are puzzled by, you can find me at any time. This old man will definitely give his all to teach and assist you.”

The gaze with which Elder Xiahou looked at Chu Feng was filled with kindness, love and respect. He truly wanted to help nurture Chu Feng. After all, if Chu Feng was to become a worthy individual in the future, it would not only be his pride, it would also be the entire Cyanwood Mountain’s pride.

“Elder Xiahou, thank you for your kindness. Actually, if it wasn’t for your Weaponry Refinement Cauldron here, Chu Feng might not necessarily have been able to successfully refine an Incomplete Royal Armament.

Thus, Elder Xiahou, you have truly helped me enormously. Chu Feng will remember the grace that you've shown me today." As Chu Feng said those words, he returned the Weaponry Refinement Cauldron to Elder Xiahou.

What Chu Feng said was not only sweet-talk. Instead, he was extremely sincere, because the aid that the usage of this Weaponry Refinement Cauldron had rendered was truly enormous.

Although Chu Feng might still have been able to refine an Incomplete Royal Armament without this Weaponry Refinement Cauldron, the amount of time he would have needed would have been a lot longer. At the very least, he would have needed another day or more to accomplish it.

For him to be able to refine an Incomplete Royal Armament in merely twenty-four hours, it must all be thanks to this Weaponry Refinement Cauldron.

"Chu Feng, a treasured cauldron is fitted for a hero. This Weaponry Refinement Cauldron here, you can just keep it. This old man shall give it to you as a gift." However, Elder Xiahou pushed the Weaponry Refinement Cauldron back into Chu Feng's hand.

"Elder Xiahou, this gift is too extravagant. Chu Feng cannot accept it." Chu Feng hurriedly pushed the cauldron back. He was able to sense that this Weaponry Refinement Cauldron was a priceless treasure.

However, right when Chu Feng was planning to forcibly push the Weaponry Refinement Cauldron back into Elder Xiahou's hand, he was surprised to discover that Elder Xiahou, who was standing in front of him, had disappeared.

Elder Xiahou's voice gradually sounded from over the horizon. "Little friend Chu Feng, accept it. This is this old man's regard for you."

Chu Feng was relatively calm as he heard Elder Xiahou's voice in the sky. However, the other disciples were incapable of remaining calm at all.

Elder Xiahou gifted the Weaponry Refinement Cauldron that he carried along with him to Chu Feng. Without mentioning the value of that Weaponry Refinement Cauldron, merely this action was enough to show

people how deeply fond of Chu Feng he was.

Truly, the onlookers were all so envious that they were stunned.

After this matter was over, Chu Feng had originally planned to invite Elder Wei to his palace so that he could entertain him.

However, to his surprise, Elder Wei insisted on inviting him over to their Medicine Concocting Department, saying that there was something that he needed to tell Chu Feng.

Upon thinking that he also had things that he wished to talk to Elder Wei about, Chu Feng accepted Elder Wei's invitation and followed him to the Medicine Concocting Department.

The Medicine Concocting Department was built deep in the mountains. Not only was there very pleasant scenery, the smell of the medicines was also very charming.

The smell of the medicines here did not have a flavor that caused one to feel sick and disgusted. Instead, it contained a light amount of fragrance. As the fragrance was not overly strong, it was extremely pleasant to smell.

Most importantly, when one smelled the smell of the medicines, one would feel comfortably refreshed.

After their arrival at the Medicine Concocting Department, Elder Wei called for a gathering of the other elders, and declared to them that Chu Feng had joined their Medicine Concocting Department, becoming a part of them.

Furthermore, in order to make sure that everyone was fine with Chu Feng, Elder Wei deliberately talked about the contest and results of Chu Feng's competition with Liu Bingqi in weaponry refinement techniques.

As Chu Feng's fame had already spread far and wide, many elders were curious about him. After hearing Elder Wei's narration of what had happened, many elders felt a whole new level of respect for Chu Feng.

If Chu Feng were to defeat Liu Bingqi through only his battle power, then it would not amount to much. However, he won against a member of

the Weaponry Refinement Department through world spirit techniques. This truly brought forth light to the faces of their Medicine Concocting Department. 1

At this moment, Chu Feng was able to sense countless appreciative gazes that thought highly of him. Yet, at the same time, he was able to sense an extremely ill-intentioned gaze.

This gaze did not originate from an elder. Instead, it was a gaze from a disciple. To his surprise, this disciple was also a member of the Medicine Concocting Department.

His cultivation was the same as Liu Bingqi, a rank six Martial King. However, his gaze was even more sinister than Liu Bingqi's. At the very least, it was one filled with envy and hatred.

"You are Chu Feng?" At the moment when everyone started to leave, a voice transmission suddenly sounded in Chu Feng's ear. It was from that disciple.

"Elder Wei already introduced me earlier, did you not hear it?" Chu Feng replied through voice transmission. However, his tone was not at all courteous.

This was precisely the sort of person that Chu Feng was. If anyone was to come at him with ill intent, he would most definitely not act courteously toward them.

"Humph. Remember this, the boss among the Medicine Concocting Department's disciples is always going to be me. Don't you dare think you can compete against me." Those words were spoken with a very overbearing tone; it was as if it did not accept any disagreement at all. After he sent those words, he turned around and left.

"Elder Wei, how many disciples are there in the Medicine Concocting Department?" Chu Feng asked Elder Wei. He was very curious to how many disciples there were in the Medicine Concocting Department.

"There's only two, including you," Elder Wei replied truthfully. However, he was an experienced individual with deep foresight. Thus, he soon

seemed to have thought of something. His expression changed and he turned to Chu Feng to ask, "Did Ye Qing say something to you?"

"Who is Ye Qing?" Chu Feng asked.

"He's that disciple who was here earlier," Elder Wei said.

"Oh, no, he didn't say anything." Chu Feng shook his head. He did not wish to involve elders in grievances like these, as he was fond of settling them himself.

Even though he did not say anything to Elder Wei, Chu Feng was sneering in his heart. "Only two disciples? In that case, it's destined that you cannot be the boss."

"Ha, very well then, follow me. I truly wanted to chat with you." Seeing that Ye Qing did not make things difficult for Chu Feng, Elder Wei laughed in a relieved manner. After that, he led Chu Feng into a palace.

Although this palace was not very luxurious, it was still a relatively good palace in the entirety of the Medicine Concocting Department. This was a palace that Elder Wei had prepared for Chu Feng. Not only did he arrange a place to live for Chu Feng, he had also prepared beautiful servant girls for him as well.

His intentions were clear; he wanted to tell Chu Feng that the Medicine Concocting Department was his home. As long as he was willing, he could come and live here at any time.

After everything was situated, Chu Feng took out the Weaponry Refinement Cauldron. "Elder Wei, please help me return this Weaponry Refinement Cauldron to Elder Xiahou. This item is too precious, it is not something that I can accept."

"

Elder Wei looked at the Weaponry Refinement Cauldron in Chu Feng's hand. After a period of silence, he said, "Do you know of the origins of this Weaponry Refinement Cauldron?"

"I do not." Chu Feng shook his head.

“This Weaponry Refinement Cauldron is called the Golden Dragon Cauldron. There is a golden dragon inside the cauldron. When a weapon is being refined, the dragon will appear to take in and sent out a large quantity of energy to assist with the weapon refinement. It would not be an exaggeration to say that this Golden Dragon Cauldron would be an excellent quality cauldron when compared against any other other in the entire Holy Land of Martialism.”

“Back then, in order to obtain this cauldron, Elder Xiahou paid quite considerable price. Over half of his body was crippled. He lost both his hands and legs and even injured his soul, causing him to have to spend half a year to recover.”

“However, this is not the most important point. The most important point is that he is willing to gift this cauldron to you. While his kind intentions are extremely heavy, you should not reject it, for it will only hurt his heart,” Elder Wei said.

After hearing what Elder Wei said, Chu Feng’s expression turned serious. He did not say anything anymore. Instead, silently, he took back the Golden Dragon Cauldron.

1. Brought them honor.

Chapter 1208: Who Did This?

“Elder Wei, there’s actually a matter that Chu Feng wishes to inquire of you,” Chu Feng said.

“Speak away, there is no harm in asking,” Elder Wei replied with a smile.

“I have received a Martial Skill from the Martial Skills Department. This Martial Skill’s name is the Earthen Taboo: Firmament Shield. According to Elder Shi, this Earthen Taboo: Firmament Shield requires Firmament Energy in order to train it, and that it just so happens that one can extract Firmament Energy from Firmament Medicinal Herbs.”

“Thus, Elder Wei, I wanted to ask you why the Firmament Medicinal Herbs would be related to a Martial Skill. Could it be that the Firmament Medicinal Herbs possess extraordinary origins?” Chu Feng asked curiously.

However, after Elder Wei heard what Chu Feng said, he started to frown, and worry was written all over his face. “Chu Feng, you truly want to learn that Martial Skill?”

“This Chu Feng has already made a firm resolution to learn this Martial Skill. However, Elder, please rest assured, Chu Feng also knows about how difficult this Martial Skill is. If Chu Feng is unable to grasping it in a short period of time, Chu Feng will definitely not waste time. If necessary, I will give up on it,” Chu Feng said.

“Mn, since this is the case, then go ahead and give it a try.”

“If you truly want to learn the Earthen Taboo: Firmament Shield, then you would really need the Firmament Energy from the Firmament Medicinal Herbs. As for that Firmament Energy, I have an abundant amount of it here.”

“Here, take these. However, you can only use three pellets a day at the very most when training, so definitely do not take too many. Otherwise, the Firmament Energy will intrude on your body and cause harm to it.” As Elder Wei spoke, he took out a jade bottle and handed it over to Chu Feng.

When Chu Feng opened the bottle, he discovered that it was filled with sparkling and translucent medicinal pellets that were emitting a very strong and familiar aura; the Firmament Energy.

“Thank you Elder Wei.” Chu Feng courteously expressed his thanks with a salute. He could imagine that it must’ve taken Elder Wei quite a bit of time to concoct all of these medicinal pellets.

“Why are you still acting so courteous toward me? There’s no need for that. After you’re done using these, come back to me to get some more.” Elder Wei casually waved his hand. However, immediately afterward, he said, “Earlier, you had asked me about the origins of the Firmament Medicinal Herb. I cannot be certain about its origins. However, I have heard that the Firmament Medicinal Herb is also called the Demon Herb.”

“According to legend, the Demon Herbs originated from the Ancient Era. As for the rest, I am uncertain about it. Essentially, the Firmament Medicinal Herbs are extremely unusual. Although they are great for concocting medicines and refining weapons, they are filled with a demonic nature.”

“Many years ago, there was an elder from the Weaponry Refinement Department who would use Firmament Energy to assist in weaponry refinement every single time. Furthermore, the amount that he would use was extremely enormous.”

“Over time, the Firmament Energy entered his body and caused his mind to go berserk. With that, he turned mad, started killing fellow disciples, and no one was able to stop him at all.”

“In the end, with no other choice, Lord Headmaster personally acted and beheaded him.”

“Because of this, there were people who guessed that because the Earthen Taboo: Firmament Shield possessed Firmament Energy, it was very possible that it was not something created by someone from the righteous path,” Elder Wei said.

“So that was the case.” Hearing those words, Chu Feng nodded. It would appear that Elder Wei unfortunately did not know a lot about the

Firmament Medicinal Herbs.

However, this was fine. After all, Chu Feng had already determined in his heart that the Earthen Taboo: Firmament Shield was related to the Earthen Taboo: Firmament Slash. Merely that was sufficient for him.

His purpose in coming to the Medicine Concocting Department was firstly to inquire about the Firmament Medicinal Herbs, as he was very curious about their usage ever since he saw Jiang Furong using them to train.

However, his main purpose was to obtain Firmament Energy from Elder Wei.

That was because the Earthen Taboo: Firmament Shield was different from the Earthen Taboo: Firmament Slash. Not only was the method of learning it much more complicated, it was much more difficult too. Thus, it was necessary to use Firmament Energy from the Firmament Medicinal Herbs to assist him in training.

In fact, Chu Feng had once thought about using the Firmament Adamantine Metal to assist in training the Earthen Taboo: Firmament Shield.

That was because the Firmament Adamantine Metal also contained Firmament Energy. Furthermore, the energy in it was extremely dense.

However, upon thinking about it, he decided against it. After all, the Firmament Adamantine Metal he had was a true treasure and remnants of the Ascension Sect's ancestor.

If he was to truly use the Firmament Adamantine Metal to train, then it might lead to the Firmament Energy within the Firmament Adamantine Metal becoming impure. Thus, after much consideration, Chu Feng decided to use the Firmament Medicinal Herbs to train.

After this matter regarding the Firmament Medicinal Herbs, Chu Feng chatted with Elder Wei for a long time. While chatting, Chu Feng also inquired about the boundary energy.

The boundary energy is a kind of energy that separated the Holy Land of

Martialism into many different sections. It was very similar to a world spirit formation. Yet, it was also different from it.

Chu Feng came across boundary energy because he had wanted to go to the Fallen Leaves Bamboo Forest. While it was true that going to the Fallen Leaves Bamboo Forest or not was up to his decision, Chu Feng was not someone who would stay in the Cyanwood Domain the entire time. Thus, he was still interested in learning about what sort of methods there were to breaking apart the boundary energy.

“Boundary energy originated from the Ancient Era. No one knows if it was formed by nature or man-made.”

“In short, the boundary energy is no ordinary world spirit formation. While Martial Emperors and Royal-cloak World Spiritists could break apart it, no one else other than them could.” This was Elder Wei’s explanation.

However, from this, Chu Feng also realized some things. That was that there were different tiers of strength for Royal-cloak World Spiritists. As for the difference in strength, it was differentiated by their spirit power.

Reportedly, there were three different types of veined patterns to Royal-cloak World Spiritists. The first veined pattern was that of a little bug. The second was that of a little snake, and the third was a little dragon.

Thus, they ended up being known as Insect Mark, Snake Mark and Dragon Mark.

Undoubtedly, between the three, it was naturally the Insect Mark that was the weakest and the Dragon Mark that was the strongest.

However, according to Elder Wei, it was extremely difficult for one to link to royal spirit power. Not only did it require one to have powerful strength, one also had to be gifted.

He said that Elder Xiahou and he himself had trained for hundreds of years and specialized in world spirit techniques. Yet, even now, they were incapable of linking to royal spirit power, causing them to remain Gold-cloak World Spiritists.

However, they felt that Chu Feng's spirit power was extremely strong, and that he would most definitely be able to become a Royal-cloak World Spiritist in the future.

Furthermore, in order to express his high opinion toward Chu Feng, Elder Wei actually gifted Chu Feng a Medicine Concocting Cauldron. Just by looking at it, Chu Feng was able to tell that the Medicine Concocting Cauldron was a cauldron not inferior to the Golden Dragon Cauldron, a priceless treasure.

Originally, Chu Feng did not want to accept it. As it goes, one should not accept an undeserved reward. To be presented with such a precious gift truly caused him to feel that it was hard to accept.

However, Elder Wei insisted on giving it to him. Thus, it was unfitting for Chu Feng to reject it. In the end, he could only gladly accept the Medicine Refining Cauldron.

At the same time, Chu Feng made the firm decision in his mind to meticulously study medicine concocting techniques so as to not lose face for the Medicine Concocting Department.

After all, Elder Wei was the first person to make Chu Feng feel the warmth of home after he had come to the Cyanwood Mountain.

Chu Feng chatted with Elder Wei deep into the night. Due to the fact that it was too late and Elder Wei was insisting that he stay, Chu Feng did not return to his own territory and stayed the night in the Medicine Concocting Department.

Early morning the next day, Chu Feng returned to his territory. However, he never would've imagined that in less than a day since he had left, a major event occurred in the Asura Division.

All of the Southern Cyanwood Forest's disciples in the Asura Division were beaten up, and very severely on top of that.

This was not only limited to Fang Tuohai and the other old disciples, even Wang Wei and the other disciples who had joined the Cyanwood Mountain alongside Chu Feng were beaten.

Chu Feng was still able to bear it as he saw the battered and bloodied appearances of the male disciples. However, when he saw that Wang Wei and the female disciples were actually badly battered too, Chu Feng was incapable of enduring it.

“Who did this? Who did this?!” Chu Feng’s anger was overflowing and his killing intent was surging. At this moment, he was truly capable of killing someone.

“It’s, it’s, it’s...” Fang Tuohai, Wang Wei and the others hesitated over and over again. They did not dare to answer Chu Feng.

They were afraid. For one, they were afraid of the opponent, afraid that the opponent was too powerful, so powerful that Chu Feng would not be able to handle them.

Secondly, they were afraid of Chu Feng. Due to Chu Feng’s extremely hot-blooded nature, they feared that he would do something drastic.

After all, as things had reached this point, they had, to a greater or lesser degree, understood Chu Feng’s character. If Chu Feng was truly enraged, he would truly kill someone. After all, he had already previously killed elders in the Southern Cyanwood Forest.

Chapter 1209: Pay The Price

“It was the Three Cyanwood Forests Division.” Right at the moment when the crowd was afraid of answering Chu Feng, Bai Ruochen spoke.

“Three Cyanwood Forests Division? They actually dared to attack members of our Asura Division?” After knowing that it was done by the Three Cyanwood Forests Department, Chu Feng was surprised.

While Chu Feng had thought about many different types of possibilities, he had never thought that it would be the Three Cyanwood Forests Division.

Even though the Three Cyanwood Forests Division was very large, its strength was still limited. Their head, Wang Haoxuan, was merely a rank six Martial King. Regardless of how strong of battle power he might possess, Chu Feng was still certain that he would be able to defeat him.

Furthermore, if they were to not mention any of these, it remained that Chu Feng was now under the wing of a management elder. Even though their Three Cyanwood Forests Division had quite a deep standing in the Cyanwood Mountain, a management elder had never emerged from them.

Logically, as long as Wang Haoxuan was no fool, he would not provoke the Asura Division for no reason or cause. And now, not only did he provoke the Asura Division, his actions were also excessive. It could be said that the grievances between them were firmly seated. As for this matter, it was extremely fishy.

“Whether or not they dared to do such a thing is not important anymore, what is important is that they’ve done it.”

“Furthermore, Wang Haoxuan even began to spread the news that the Southern Cyanwood Forest would forever be incapable of comparing with their Three Cyanwood Forests, and that the disciples of the Southern Cyanwood Forest would forever remain as trash in their eyes. As for you, Chu Feng, you are no exception,” Bai Ruochen said.

“Hah, he is truly ruthless. To stand out at this sort of time, it is clear that

he's trying to dispel our Asura Division's flames."

"However, this Wang Haoxuan should've thought about whether he is even qualified to oppose our Asura Division," Chu Feng sneered. However, the flames of anger in his eyes became even more and more intense.

"Chu Feng, we have been waiting for you to return the entire time. Now that you've returned, what do you plan to do? Go ahead and give the orders." Although Bai Ruochen's current expression was very calm, faint traces of anger could be seen in her beautiful eyes.

Regardless of what it was that made her a member of the Asura Division, it remained that this girl was an individual who was extremely protective of her fellows. As such, she would not allow anyone to bully members of the Asura Division.

"What to do? Is there even a need to ask?" Chu Feng squinted his eyes, and the coldness in them grew denser and denser. In the end, he opened his mouth and said, "I am going to extinguish their Three Cyanwood Forests Division."

"Woosh." Once he said those words, Chu Feng immediately started to act. He rushed out of his palace and soared into the sky like an enraged male lion or a furious fierce tiger. The frightening aura emitted by Chu Feng was something that everyone could sense.

At this moment, practically all of the members of the Asura Division had gathered in the Asura Division's territory. When they saw Chu Feng soaring into the sky, they all raised their heads up to look.

"Let's go. Follow me, we shall slaughter our way into the Three Cyanwood Forests Division." After Chu Feng appeared, he did not waste time on speaking any superfluous words at all. He pointed his finger in the direction of the Three Cyanwood Forests Division, spoke those words and immediately charged over.

"Kill~~~~~" As for the members of the Asura Division, after they heard Chu Feng's command, their blood started to boiled and their killing intent started to soar. One by one, they flew into the sky and began to majestically follow Chu Feng in his charge toward the Three Cyanwood

Forests Division.

Actually, there were many branch power organizations gathered outside of Chu Feng's Asura Division. Among them was the Ascension Division. When he saw Chu Feng leading the large group of Asura Division members into battle, Long Chenfu turned to Long Chenyi and asked, "Big brother, Chu Feng and the others have truly started their attack. What do we do? Should we help?"

"Chu Feng should be able to handle this matter. It would be fine for us to only watch from the sidelines. If he is truly unable to handle this matter, we can step in then." As Long Chenyi said those words, he began to lead the members of the Ascension Division to follow Chu Feng.

Following them, many more countless numbers of disciples began to follow the Asura Division. None of them wanted to miss the excitement that was sure to follow.

Although the Three Cyanwood Forests Division was only a rank higher than the Ascension Division in the Cyanwood Mountain, due to the fact that they were composed of disciples from the Three Cyanwood Forests, their members numbered extremely great; they had over three times that of the Ascension Division.

At this moment, people were densely packed into the Three Cyanwood Forests Division's territory. They were all members of the Three Cyanwood Forests Division. They were standing in an orderly manner in the Three Cyanwood Forests Division's territory, like an army of soldiers awaiting orders, completely prepared for war.

It was evident that the Three Cyanwood Forests Division knew that Chu Feng would not leave the matter at that. Thus, they had already prepared for his arrival.

However, compared to the Three Cyanwood Forests Division's army of tens of thousands, it was actually the ten people standing in the sky that caught everyone's attention the most. They were the heads of the Three Cyanwood Forests Division.

Although the Northern Cyanwood Forest, Western Cyanwood Forest and

Eastern Cyanwood Forest were known as five first-rate subsidiary powers alongside the Orion Monastery and the Ascension Sect, any one of the first three was actually more powerful than either the Orion Monastery or the Ascension Sect.

Thus, with the disciples of the Three Cyanwood Forests being in the same branch power organization, not only would this cause their members to be numerous, but their overall strength would also be very strong.

For example, in terms of heads, they had ten. Furthermore, all ten heads were extraordinary people; they were all rank six Martial Kings.

At this moment, these ten heads were headed by Wang Haoxuan, standing in the air and quietly looking in the direction of the Asura Division.

Finally, they saw the arrival of the vast troops from the Asura Division that were flying over with dense killing intent.

However, even with this, none of these ten heads were afraid. Instead, anticipatory smiles emerged on their faces.

When he saw Chu Feng, Wang Haoxuan, who was still very far away from him, shouted, "Chu Feng, to muster such a grand force to come to our Three Cyanwood Forests Division, what sort of matter might you have?"

"What sort of matter? Could it be that you do not know what you've done?" When he arrived at the Three Cyanwood Forests Division, the anger in Chu Feng's eyes was still there. However, not all of his anger was shown. Thus, he appeared rather calm.

"Oh, I remember. Wasn't it merely that we taught your Southern Cyanwood Forest's disciples a bit of a lesson last night?"

"You cannot blame me on this matter. It truly is that your Southern Cyanwood Forest's disciples are too uneducated in their upbringing. They actually spoke such boasting words, that their Southern Cyanwood Forest would, sooner or later, surpass our Three Cyanwood Forests."

“Faced with those sorts of shameless words, we were naturally incapable of enduring. Thus, there was naturally a need for us to discipline them a bit.” Wang Haoxuan described what had happened without the slightest trace of remorse. It was as if beating up the Southern Cyanwood Forest’s disciples was something that was natural and ought to happen.

“Something’s wrong. Something’s definitely wrong. I know about Wang Haoxuan’s character. Although he is a haughty individual, he is definitely not someone who is excessively arrogant like this. For him to dare to provoke Chu Feng like so today, I fear...” At this moment, Long Chenyi started to mutter.

“Chu Feng currently possesses enormous publicity, and also possesses the support of a management elder. Not even elders would dare to provoke Chu Feng. Yet, for Wang Haoxuan to provoke him like this, could it be that he had been instigated by the Punishment Department?” Long Chenfu asked in a low voice.

“Although that might sound extremely unimaginable, I cannot think of anything else that Wang Haoxuan would be relying on other than the Punishment Department. After all, the only colossus that Chu Feng has offended is the Punishment Department,” Long Chenyi said.

“What do we do then? For Wang Haoxuan to act in such a confident manner, it is clear that the Punishment Department has promised him something. If Chu Feng were to truly do something to Wang Haoxuan, I fear that a huge calamity would befall him. No matter how I look at this, this still seems like a trap,” Long Chenfu said.

“Chu Feng is already an arrow that has left the bow. It is impossible for him to back down. Furthermore, it is the time for the Asura Division’s emergence. If their dignity is to be infringed upon at such a moment, he must retrieve it. Otherwise, everything that he has accomplished would be in vain,” Long Chenyi said.

“Big brother, in that case, are we still going to help Chu Feng?” Long Chenfu asked.

“While Chu Feng has a management elder behind him, we do not. Since

the matter concerns the Punishment Department, we cannot do anything rashly. I believe Chu Feng is able to understand our standing.” Long Chenyi shook his head. At the same time, he secretly gave the order for all of the Ascension Division’s members to gradually step back and not meddle in the affairs of the Asura Division and the Three Cyanwood Forests Division.

“Wang Haoxuan, since you’ve admitted to what you’ve done, I will not waste time speaking superfluous words with you.”

“I will merely leave you one sentence; my Asura Division’s members are not people that you can discipline as you wish.”

“Since you’ve done it, then you must pay the price for your actions,” Chu Feng said as he pointed at Wang Haoxuan.

Chapter 1210: Fierce Battle

“Haha, pay the price? Very well, I wish to see how your mere Asura Division is going to make our Three Cyanwood Forests Division pay the price.” When Wang Haoxuan finished saying those words, he raised his hand toward the sky.

In an instant, the tens of thousands of members of the Three Cyanwood Forests Division soared into the sky. Their battle formation was truly frightening. At the very least, in terms of their numbers, they were over several times more than that of the Asura Division.

“Humph.” Chu Feng did not bother to speak any more superfluous words. His Thunder Armor and Thunder Wings instantly appeared on him raising his cultivation to that of a rank five Martial King. Then, Chu Feng raised his hand and struck down with a palm. With a ‘boom,’ the sky changed color as his martial power surged forth.

Chu Feng’s frantic battle power was like that of severe floods and fierce beasts; they were demons without form. Under Chu Feng’s control, his battle power turned into an enormous heaven-reaching hand.

This hand was truly enormous. Not only was it flickering with golden light, it also appeared as if it were capable of crushing all of the people of the Three Cyanwood Forests Division.

“Insignificant talent, you actually dare to show such disgrace before me?”
